Littleport horticultural show was being held, and during the afternoon Mr. Spencer had taken passengers for flights.

He went up with Mr. Hopkins and at a height of 500 feet Mr. Hopkins left his seat for a parachute jump.

Part of the parachute appeared to become entangled in the elevator of the aeroplane and Mr. Hopkins hung suspended from the tail of the machine, the balance of which was upset by the weight.

The pilot tried to get the machine under control and had partly succeeded when, within 100 feet of the ground it nose-dived and crashed.

SAILS 109 DAYS AND SINKS JUST OFF PORT

Grain Racer Ending Voyage From Australia Meets Disaster Near Cork Harbor

Queenstown, Ireland.—Eleven men were drowned when the Finnish barque Melbourne, one of the "grain-racing" fleet of sailing ships, sank almost within sight of Cork harbor.

The vessel came in collision in high seas and murky weather with the oil tanker Seminole. Her crew of twenty-six made desperate efforts to escape, and fifteen got aboard the Seminole and were landed at Queenstown.

The men who were lost include the captain and the first and third officers.

Seaman S. J. A. Theobald, of Leatherhead, the only Englishman aboard, said: "We hardly had time to jump overboard when our vessel dived nose first and sank within four minutes."

The Melbourne left Port Victoria, Australia, with 4,200 tons of wheat. Every year twenty or more similar vessels sail from Australia to Falmouth or Queenstown, and these annual voyages have developed into a "race" between the big wind-jammers.

Seventeen ships of the grain fleet fly the Finnish flag, several are training ships, and nearly all are manned by crews whose average age is seventeen or eighteen.

Last year the Melbourne reached Queenstown after a voyage lasting 109 days. She was built in Glasgow in 1892, and was a steel four-masted barque with a gross tonnage of 2,691.

ISLAND TO HIMSELF

Lone Farmer of Mingulay in Hebrides Never Uses Money

London. — Eighteen hours from Charing Cross there lives a really happy man.

He has solved all economic problems. He never uses money, and deaths, he never hears of them. He is a farmer named Russell who lives alone on the mile square island of Mingulay in the outer Hebrides, 100 miles from the Scottish coast.

Everything he needs he finds on his island, growing his own food and making his own clothes.

Girl Fasts Nine Days in a Barrel But Disappoints Blackpool Crowds

Blackpool, Eng.—"I am anxious to try again. I have suffered no ill effects from my fasting," said Miss Joan Heather, the Blackpool girl, who was presented with a cheque for £200 following her attempt at a ten-days' fast in a barrel. She had to quit after nine days.

A large crowd of holiday-makers gathered on the Blackpool promenade on a Saturday in anticipation of the finish of Miss Heather's endurance feat.

When she did not appear they smashed the exhibition booth and rolled the empty barrel across the promenade.

With only nine hours to go to complete the ten-day fast, Miss Heather had almost collapsed, it was later explained, and had been removed from the barrel during the night.

The girl was wheeled into the South Shore Stadium in an invalid's chair to receive the £200 cheque. She looked pale and ill.

"She was almost toppling over late on Friday night," the promoter of the fast informed a newspaper correspondent. "I dared not risk her staying in the barrel any longer."

"I had a gallon of water when I started," she explained, "but the water ran out and after that I began to feel faint."

WATCH GOES BACKWARDS ON MAN KILLED BY LIGHTNING

Amazing Trail of Damage Left by Freakish Storm in London

COAST WATERSPOUT

London.—A thunderstorm has left a remarkable trail of death, injury and damage here. It killed one man, injured a number of other people, tore the roof off one house and badly damaged another, blew out fireplaces, and scattered furniture.

Lightning stripped off the clothes of the man who was killed—Reginald John Mortimer, aged 21, of Harlesden, employed by a firm of builders in Pinner. He died immediately.

He had entered a tarpaulin shelter to cover some tools during the rain, when he was struck.

His watch stopped at 4.20 p.m., but to the amazement of the police officer who removed his body to the mortuary, it suddenly began to go again—backwards!

Dense smoke, choking sulphur fumes, and tiles crashing from the roof terrified residents in Village Rd., Bush Hill Park, Enfield, where a pair of semi-detached houses were struck.

Although Mr. Frank Higham, with his wife and two small children, were at home in one of them, they escaped injury, but the houses were badly damaged.

Minor damage was done to a number of houses, and small boats were violently blown about.

An immense waterspout was seen off the south coast. Mr. R. G. Abbot, a beach inspector at Bournemouth, said: "It arose from the sea between Hengistbury Head and the Needles. I had seen similiar phenomena abroad, and I watched it through my glasses. It was a huge column, and it travelled southwards across the western end of the Isle of Wight and out into the channel."

A YOUTH PARTY

Will Run Candidates in Next Municipal Election in Liverpool

Liverpool, Eng.—A Young Men's Party has been formed to contest three wards at the next municipal elections.

It calls itself the Progressive Party, and is made up of young Conservatives, Socialists and Liberals.

The leader, Mr. L. P. Taylor, is 24, and the executive are all in the twenties.

AN EARL'S BIG GIFT

A £50,000 gift by the Earl of Iveagh enabled Southend's new General hospital to be opened free of debt. This brings the Earl's contributions to the new hospital up to £97,000. When he opened the institution six years ago he gave the site and £20,000.

SOUTHAMPTON MAKES A SHIPPING RECORD

15 Ships Totalling 376,162 Tons Sail Same Day

Southampton, Eng.—Shipping history was made here one day recently, when, between 7.40 a.m. and 6 p.m. 15 ships totalling 376,162 tons, and including six of the biggest in the world, steamed out of Southampton docks—a record for the port.

Six of them began holiday cruises and carried 4,500 passengers. Others were on regular trans-Atlantic voyages.

Twenty-four special trains left Waterloo for Southampton on that day and seventeen the day before. During the two days between 10,000 and 15,000 passengers left the port in vessels whose total tonnage is 600,000 tons.

LONDON TO HAVE NEW TOWER OF LEARNING

Great University Buildings Will Rise in Bloomsbury Near Museum

London.—A great new block of buildings, with a high, stepped tower dominating the landscape, has been planned for the new home of the University of London.

A model, prepared by the architect, has been approved by the court and senate, and it is hoped that when the university celebrates its centenary in a few years the buildings will be ready.

It is proposed to create the new university centre on a site in Bloomsbury, at the rear of the British Museum, covering—with open spaces—ten and a half acres. The site has been acquired largely through the aid of the Rockefeller Foundation.

Work may be begun next year.

Accommodation will be provided for the administrative offices of the university and the library. Adjacent to these will be a number of other university institutions, such as the institute of historical research, the Courtauld Institute of Art, the School of Oriental Studies, the School of Slavonic Studies, the London Day Training College and Birkbeck College.

The base of the tower will serve as the main entrance to the buildings—the administrative buildings being to the south and the library and scholastic to the north.

These entrances will be approached from Malet St., on the west, and from Russell Sq., on the east.

PAY UNIQUE TRIBUTE TO BLIND COMPOSER

Bradford Mayor Takes Freedom of City to Frederick Delius in France

Bradford, Eng.—To honor Frederick Delius, blind British genius of music, with the freedom of the city, the lord mayor of Bradford, George Walker, and Mr. N. L. Fleming, the town clerk, journeyed to the musician's home in the tiny hamlet of Greze-sur-Loing in France because Mr. Delius was too infirm to undertake the journey to England.

The composer said that the dearest wish in his heart is to be once again in his native country and his native Yorkshire uplands.

"How I should love a whiff of air on the moors once more before I die!" he exclaimed.

The mayor called upon Mr. Delius to take the oath by which all freemen swear to be faithful to the King and obedient to the lord mayor. Then the town clerk placed the huge crimson-lettered scroll of honor upon the knees of the musician.

Placing a pen in her husband's fingers, Mrs. Delius gently guided his hand while he subscribed his name to the scroll.

"Oh, how I wish I could see it," cried Delius, stroking the treasured scroll gently with his finger tips. "How I wish I could see it!"

HELPLESS ON HIGH LEDGE OF MOUNTAIN

Difficult Rescue of Man and Woman at Barmouth

Barmouth, Eng.—A man and woman, stranded on a 200-foot precipice on the Cader Idris mountain, were rescued by the daring of a search party.

Mr. H. B. Passey, a visitor from Greenaway Rd., Widnes, Lancashire, and a woman companion encountered a thick mist while descending the mountain, and took the wrong path, which led to a precipice.

The woman slipped down the mountain side, and Mr. Passey, in trying to assist her, dropped fifty feet to a narrow ledge, where any movement on his part would have meant another drop of 200 feet.

A party of Barmouth visitors, hearing cries for help, organized a search party. They found the woman climber, but owing to the perilous position of Mr. Passey they were unable to assist him.

A messenger was sent for further assistance, and a rope was secured by which Mr. D. Rowlands was lowered down the precipice.

By this time Mr. Passey was numb and exhausted, and his clothes were torn to ribbons, but the rope was wound round him and he was raised to safety.

DEAN URGES MEN TO WEAR SHORTS AND SPORT SHIRTS

Canterbury Cleric Would Like to Give Up His Gaiters

DISCARD COLLARS

Canterbury, Eng.—"I should like to see every British boy and man wearing open-necked sports shirts, shorts, and in the cities, golf socks and shoes, in the country—sandals.

"In this way we would build up great physical fitness and stamina."

With this, Dr. Hewlett Johnson, Dean of Canterbury cathedral, enlarged on his previously stated convictions that the dress of Englishmen is wrong.

An interviewer met him in the vestry of the cathedral, and in his first words he expressed the basis of his health creed.

"Let us go out into the sunshine," and out we went to the quiet beauty of his garden.

"Up there"—pointing to a balcony —"I sleep when the weather is kind, look up at the stars.

"I am hoping that if the people lose self-consciousness about their necks and knees, we poor deans, in 500 years' time, will be able to discard our collars.

"Look at me dressed in an eighteenth century costume, riding gaiters and all!

"When I was in Manchester I created a sensation by dressing my choir boys in sports shirts and shorts. After a while opinion became sympathetic, and they are still wearing that uniform."

I asked him what he thought of the nudist cult. He does not think it practicable.

"I do not like the idea, chiefly from an aesthetic view point. Most people do not look beautiful without anything on."

He deplored the return of long skirts.

"It is not a matter of grace with women," he said, "but of the desire for change.

"Why do we men not wear brighter colors? I should like to see the uniform I suggest in gay shades, but with the clergy always in black. It would form an artistic contrast.

"Color affects one's mental attitude so much that in the heat the other day even I, dean as I am, nearly went into a light shade of gray."

LEGACIES TO EMPLOYEES

By the will of Sir Frederick Hall, Bt., Conservative M.P. for Dulwich, who died leaving £208,025, the sum of £2,500 has been left to his secretary, Miss Sibyl Mary Wood; £500 to his housekeeper, Annie Eames Charlton, and £25 for each completed year of service to every other person in his service at his death.

212,237 MOTOR CASES IN YEAR IN BRITAIN

And £205,300 Was Collected in Fines

London.—Motorists paid £205,312 in fines last year in Britain. The courts dealt with 212,237 cases.

These figures are contained in a return issued by the home office which shows that, in 1931, 172,969 motorists were convicted.

Apart from these 228 were sentenced to jail without the option of a fine, 172,709 were fined, and 241 committed for trial.

There were 64 charges of manslaughter, 18 of which were withdrawn or dismissed.

In addition 80,456 persons were cautioned by the police.

KILTS AND TARTANS TO BE STANDARDIZED

Highland Societies Take Action to Have Them Made and Worn Correctly

Oban, Scotland.—A Kilt Society has been formed to promulgate the proper way the kilt should be made and the right way to wear it. A booklet is to be published to illustrate the requirements. Mackintosh of Mackintosh is president of the society, and Lord Lovat, Lochiel, and Mackinnon of Mackinnon are honorary presidents.

Under the presidency of the Marquis of Bute, the ancient Highland Society of London is to undertake the task of standardising all the clan tartans. It has been discovered that many new tartans have been designed which are at variance with the traditional patterns of the Highland clans.

The society has in its library a pattern-book of all the clan tartans in vogue in the early years of last century. It is proposed to test the authenticity of the tartans in use to-day. Those that do not correspond with the original patterns will be registered as unorthodox and disclaimed officially by the society.

SLOT MACHINES FOR BIRMINGHAM BETTORS

Process Now Entirely Automatic at Races There

Birmingham, Eng. — Racegoers at the Birmingham meeting dropped their money into slot machines instead of handing it over to a tote clerk.

The slot machines are considered to be fraud proof, and work automatically on the insertion of two-shilling pieces.

As the coin drops into the mechanism it is tested for weight and milling before it can set in motion the electric control. This registers that the bet has been accepted, and automatically prints the ticket on a miniature rotary machine. Thence it is ejected into a slot from which it can be collected by the purchaser.

There are separate win and place slots on each machine.

FUN IN THE COURTS

Southend woman: "She pulled off my coat and left me standing in next week's washing."

Reveller at Kingston-on-Thames: "I am sorry, but I should have been sorry before it happened."

Essex husband: "I rejoice when I hear the lodgers give my wife a telling-off, because it is more than I dare do."

Westcliff witness: "I stepped out into the road to avoid walking under a ladder and was knocked down by a motor car."

A Tottenham husband, summoned by his wife: "She has only brought me here to-day because the last time we came one of her wisecracks got into the newspapers."

PRINCESS IS FIRST LEEDS LADY FREEMAN

Also First Member of Royal Family to Receive This Honor

Leeds, Eng.—The Princess Royal has become the first member of the royal family to be made a freeman of the city of Leeds. She has, too, become the first woman to be honored by having the freedom of the city conferred on her.

The ceremony took place in Victoria Hall immediately before the ordinary monthly meeting of the city council. There had been an unusual demand for tickets, and every seat in the hall was occupied. Half a dozen floodlights—three on either side of the dais immediately at the foot of the orchestra—added to the brilliance of the scene, and gave the spectators in the gallery a much better view of the principal figures in the ceremony.

The members of the city council, in their robes, entered the hall in procession and took their places in the front seats of the area.

Then followed the Princess Royal, who was accompanied by the Earl of Harewood, Lord Mayor Simpson and Mrs. Simpson.

The scroll, containing the formal resolution passed by the city council, was engrossed on vellum, and there were three water color drawings in miniature of the town hall, city square and Kirkstall Abbey.

The casket in which the scroll was placed was a departure from the usual type, in that it is upright. On the sides are views in enamel of Goldsborough Hall, Harewood House, Leeds town hall and Kirkstall Abbey.

A NEW DISCOVERY AT OBAN SERPENT MOUND

Ancient Hammer is of Great Antiquarian Interest

Oban, Scotland.—What is conjectured to be of great interest to antiquarians all over Scotland has just been unearthed at Serpent Mound, Loch Nell, near Oban. It is a curiously wrought stone, resembling a hammer head.

The Serpent Mound was quite accidentally located by Professor Phene 60 years ago. He declared it to be the most perfect serpent mound in the world. Measuring about 310 feet in length it resembles a huge snake.

The purpose of the serpent mund, which is believed to have been in existence for at least 2,000 years, appears to have been connected with some kind of religious rites.

GUILDFORD TO HAVE FINE NEW CATHEDRAL

Design by Edward Maufe Has Been Chosen

Guildford, Eng. — This city is to have a cathedral, which has been designed by Mr. Edward Maufe, architect, whose plans have been chosen from those of more than 200 competitors. The cathedral, which is to be 365 feet long, with the central tower 160 feet high, will be erected on the site at Stagg Hill. The ideal of the architect has been to produce a design definitely of our time, yet in the line of the great English cathedrals.

BORSTAL BOYS CAUGHT

First to Escape to Mainland From Isle of Wight Institution

Ringwood, Eng.—After an exciting chase through the New Forest the two Borstal boy escapees were recaptured by police in Brodie Wood, near Ringwood.

They are Hugh Roberts and Joseph Reed. They made history (by escaping to the mainland from the Borstal institution at Camp Hill, Isle of Wight. Nobody in a similar institution had done so before.

"King of Lundy Island" Contests An Action Against Him in London

London.—A receiving order has been made on Mr. Martin Coles Harman, the London financier, on a creditor's petition.

Mr. Harmon, the "King of Lundy Island," and until recently one of the most spectacular figures in the financial world here, began his career as a junior clerk, and at one time more than £12,000,000 was entrusted to the companies affiliated with the group he controlled.

His interests covered a wide range —cement, rubber, water, gas, goldfields, distilleries, artificial silk, and provisions were included in his operations.

A man with a square-set jaw, piercing eyes, and an amazing calmness, some seven years ago he purchased Lundy Island, a bleak, wind-swept block of granite in the Bristol channel, for £16,000, and it became his stronghold.

He issued his own coinage and postage stamps until a judgment of the courts made this illegal. Mr. Harman maintained that Lundy was a "vest-pocket, self-governing dominion," and that he was its sovereign.

Mr. Harman appealed from the receiving order.

Judgment for £145,563 had been entered against Mr. Harman at the instance of Morris and Jones, [illegible] Liverpool, [illegible]

British Brevities from the Counties and Shires

ENGLAND AND WALES

Welwyn Garden City, in Hertfordshire, has at last succeeded in persuading the L.N.E.R. to give it its heart's desire—a goods station.

Good-By, Steel! Professor Sees New Age With Rubber Houses

Cambridge, Eng.—"Though it may appear strange and even illusory, I believe it may be true that, just as we have passed through the stone age and the bronze age, we may now be nearing the end of the iron and steel age."

So says Professor Charles Ingils, professor of Mechanism and Applied Mechanics at Cambridge University.

"Iron, of course, has the important property of magnetism and, consequently, for electrical purposes it will continue to have its uses. But for many other purposes I can see the probability of it being replaced by synthetic materials which are not crystalline or corrosive.

"The rapidity with which these materials are being discovered is an obvious indication of the belief I have expressed. I mean from such as coal, for instance, chemists are discovering every day new materials.

"I do believe that the time will come when the country which has the best and greatest supply of coal will once again become the richest and most prosperous country in the world."

"A house built of hardened rubber, for instance, may some day be quite a possibility. It probably is to-day, but the cost of production would make it uneconomical.

"It is quite possible that even sooner than you or I imagine our wants will be provided for synthetically in the big and important things just as already the lesser things are being supplied."

Cubs Lose Two Games and Lead is Reduced

BOSTON BRAVES HAND LEADERS DOUBLE DEFEAT

Pirates Gain Full Game on Cubs By Splitting Double Bill With Dodgers.

PHILLIES DOWN CARDS.

(By Hugh S. Fullerton, Associated Press Sports Writer.)

Even though the Cubs and the Pirates are keeping the National League pennant race steamed up so that they almost monopolize the fan's attention, there still is time to consider the case of Charles Fred (Red) Lucas of Cincinnati.

In his seventh season with the Reds, Lucas appears to have reverted to the days when a pitcher was expected to play almost as often as an outfielder and there were no big crops of relief boxmen waiting around the bullpen ready to go in the minute he showed signs of faltering.

The husky redhead, who has fallen below the .500 mark in games won and lost, only once in his six seasons with a unusually weak club, may repeat in that respect again this year but he seemed certain to lead them all in the matter of finishing what he starts.

Lucas has started 29 games so far and he has been in there at the end of 27 of them. He ran up a string of 18 complete games in a row, failed twice in a short time in mid-July and since then has made a new string of eight. Unfortunately for his record, he has won only 13 games and lost 15.

Falls Before Giants.

Lucas took it on the chin again yesterday, although he hurled a fairly good game against the Giants. He had a 5-3 margin in the seventh inning, then ran into a home run assault that brought three runs and cost him the decision. Joe Moore, who made five straight hits, started the frame with with a homer and Mel Ott gave the Giants the lead with his 32nd of the season.

The woes that usually greet the leading clubs of the west when they start their final eastern trip of the season turned up on schedule time. Chicago's league-leading Cubs ran into grief in Boston and took a double defeat from the Braves, 11 to 4 and 2 to 0. Fred Frankhouse and Ben Cantwell gave Boston some fair pitching while Pat Malone withered under a fine run assault in the seventh inning of the opener and Guy Bush wasn't quite good enough to hold the tribesmen in the nightcap.

Clip Cubs' Lead.

The Pirates clipped one game off Chicago's lead by splitting a two-ply program with Brooklyn. They had no trouble winning their 11th straight game, 8 to 3 as they drove Van Mungo to cover in the first inning of the opener. Freddy Heimach's portside hurling proved a bit too much in the nightcap and Brooklyn won 4 to 2. Heimach gave only seven hits, six of them divided between Pie Traynor and Tony Piet.

Dizzy Dean, who had won his last four games for St. Louis, also felt the effects of going on the road and lost a 6 to 5 encounter to the Phillies. The Cards made more hits, but homers by Bottomley and Mancuso were their only effective blows off Jim Elliott.

There were no American League games scheduled.

HAMMOND GOING TO ASSIE

Walter Hammond is definitely going to Australia with the M.C.C. side, in spite of reports to the contrary. He gave a point-blank denial to the rumor that he would not go, but he declined to make any further comment or reply to other questions.

Batting—Foxx, Athletics, .356; Alexander, Red Sox, .360.

Runs—Foxx, Athletics, 137; Simmons, Athletics, 130.

Hits—Simmons, Athletics, 191; Foxx, Athletics, 189.

Runs batted in—Foxx, Athletics, 146; Simmons, Athletics, 140.

Doubles — Gehringer, Tigers, 40; Porter, Indians, 39.

Triples — Cronin, Senators, 18; Myer, Senators, 15.

Home runs—Foxx, Athletics, 51; Ruth, Yankees, 40.

Stolen bases—Chapman, Yankees, 34; Walker, Tigers, 20.

Pitching—Allen, Yankees, 16-2; Gomez, Yankees, 23-6.

Bath Ruth, Yankee slugger, has a hard time remembering names and frequently doesn't know the name of the pitcher he is batting against.

Red Wings Sweep Series from Toronto Leafs

FIGHTS LAST NIGHT

SAN RAFAEL, Cal. — Kermit Thompson, (Oakland, Cal. stopped Bobby Cox, Jacksonville, Fla., (4); Rinaldo Marinez, Nicaragua, stopped Pedro Luna, Santa Rosa, (4).

SAN FRANCISCO—Qearl Whithead, Santa Monica, outpointed Milletti, Omaha (10).

SEATTLE— Freddie Steele, Tacoma, outpointed David Velasco, Mexico City (6).

CLELAND WINS SEA-FLEA TITLE

Hamilton Driver Takes Two Features of C.N.E. Power Boat Regatta.

CANADIAN IS THIRD.

(By Jack Hambleton—C.P. Staff Writer).

TORONTO, Sept. 8.—All is quiet along Toronto's waterfront to-day, and it seems strange somehow. For just yesterday the waters of Lake Ontario were churned to a froth and the roar of countless motors rang in thousands of ears. To-day, too, Andy Cleland of Hamilton rests on his laurels. For Andy is the new king of speedboat pilots.

Squatting in the cockpit of a bouncing, roaring sea flea, Cleland yesterday took both features of the Canadian National Exhibition's power-boat regatta, defeating the finest drivers in Canada and the United States, and annexing both the British Empire and International titles for outboards.

The Lord Wakefield is open to British Empire drivers only, while the Sir Thomas Lipton is open to amateur drivers the world over. There were strong fields in both events, but the strongest man on the course was Cleland. He tore around the turns in breakneck style, laughing at injury and death, and held his roaring motor wide open until he had crossed the finish line. It was a thrilling performance, and veteran pilots admitted it.

Several hundred yards behind Cleland in the Lipton race was Horace Tennes, Eagle River, Wis., outstanding United States driver. In the Wakefield, Art Heavens, Oakville, Ont., took second place, well back of the flying Hamiltonian.

PERRY ELIMINATED THRILLING MATCH

Seven U. S. Players and Henri Cochet Remain in Contentions.

FOREST HILLS, N.Y., Sept. 8.—Tennis forces from the United Kingdom were eliminated from the United States tennis championships yesterday, leaving seven domestics to fight it out with France's one-man team, Henri Cochet, for the crown held by Ellsworth Vines, Jr.

The wholesale elimination of the British contingent saw the great H. W. ('Bunny') Austin bow to Clifford Sutter of New Orleans, intercollegiate champion of the United States, and Frederick Perry lose a bitterly fought decision to Sidney Wood, Jr., the former Davis Cupper, while Edward Avory and John Olliff went out before Wilmer Allison and Frank Shields, respectively.

ROCHESTER CLUB COPS WIN BILL BY ONE-SIDED SCORES

Royals Take Bisons For Double in Final Games of Series.

BEARS BREAK EVEN.

(By The Associated Press)

Too late to hope for anything better than second place in the International League pennant race, the Rochester Redwings have started a belated rush that has turned the battle for runner-up honors into a three-club affair.

Boasting a six-game winning streak, five of them at the expense of the Toronto Leafs, the Redwings moved into Buffalo to-day for an all-important three-game series. Trailing the Bisons by two games, the 1928-31 champions need a clean sweep to remain in the contest, which also includes Baltimore.

The Redwings were outhit in the first game of a double header with the Leafs yesterday but won 17 to 9 and then came back to take the abbreviated nightcap 6 to 1. The Leafs connected with 18 safeties in the curtain raiser but the wings put together five hits, five bases on balls, a hit batsman and a wild pitch to score nine runs in the third inning. Tony Kauffmann outpitched Ray Walker in the second game to give Rochester clean sweep of the series.

Bears Again Win

Pete Jablonowski won his ninth game in 10 starts as the Newark Bears defeated Jersey City in the first game of a doubleheader 3 to 2. The Skeeters won the sesond, however getting to Meadows and Manager Al Mamaux for all of their runs in the first inning. The score was 7 to 4. Mamaux gave only four hits after relieving Meadows in the first frame but one of the blows was a double with the bases loaded.

The Buffalo Bisons lost their hold on second place, losing two games to Montreal, 6-5, and 5-2, the latter in five innings. The opener was a 10-inning affair with the Royals putting over the winning run when Pomorski bunted with the bases loaded. The nightcap was cut short to allow the teams to catch a train.

Orioles Leading

Baltimore moved in a half game ahead of the Bisons by capturing a slipshod night game from the Albany Senators, 7 to 6.

GREAT WELCOMES AWAIT SWIMMERS

Unsuccessful Candidates In Marathon Swim Consoled by Receptions in Home Towns.

TORONTO, Sept. 8 (C.P.).—The "boy wonders" are returning home. To a round of feasts and celebrations, many unsuccessful contestants in the Canadian National Exhibition's 15-mile marathon swim are going back whence they came. And the hometowns are giving them all a great welcome.

It's one of the features of Canada's greatest natatorial spectacle, this return of Jim Jones of Podunk or Sam Smith of Bird's-Eye Centre. Each year, Tim, or Sam, or Joe, or Tom makes his appearance in the marathon. Just as regularly, he swims for hours and gets practically nowhere, so far as the prize money is concerned. Meanwhile, anxious supporters back in the old home town follow his progress with tremendous interest.

On the day of the big swim, news associations are swamped with requests from the home town newspapers. "Please rush standing Jim Jones in marathon"; "appreciate special coverage Sam Smith"; "please flash final standing Tom Brown"; that is how the messages run.

On the waterfront, reporters receive these messages. Fast boats slide around the various legs of the course, and field glasses sweep the distances, looking for Jim, Tom, Sam or Joe. In 90 per cent. of the cases, the lost ones are still plugging along, hoping against hope the leaders will be removed from the water, thus giving them a chance to finish in the money.

But the hometown laddie has little chance. Although nearly 200 entered this year's swim, not more than 50 were conceded a real chance to finish among the first six. The better-trained, more experienced swimmers have the marathon fairly well sewed up.

When it is all over, the hometown boy returns. In most cases he is given practically a civic reception. Often his supporters provide him with a consolation prize to make up for the time lost and his gallant effort.

And Jim, Tom, Joe or Sam have something to talk about until the next year's swim rolls along.

Argyle's Refusal

Plymouth Argyle recently received a substantial offer for their inside forward, Raymond Bowden, but have re-engaged the player for another season.

Regatta Results At Curve Lake

The following are the results of the Curve Lake Regatta:

Men's single canoe race — 1 Don Taylor, paddle, donated by Canadian Canoe Company; 2 L. Taylor, trolling bat, donated by Campbell and Best; F. Jopling, T. Highland, P. Knott.

Ladies' single canoe race — 1 Mrs. Clate McClue, 24 lbs. flour, donated by R. H. Hunter; 2 P. Patterson, bottle of perfume, donated by P. Gosseline; Kathleen Smoke.

Men's double canoe race—1 C. Taylor and H. Taylor, 2 paddles, donated by the Peterborough Canoe Company; 2 J. Tobico and Z. Smoke 2 neck ties, donated by A. E. Burnstein; R. and P. Jopling; F. David and C. Knott; F. Jopling and T. Highland; R. Taylor and G. Taylor; J. David and P. Knott.

Ladies' double canoe race—1 Mrs. H. Irons and Mrs. M. Howard, 50 lbs. flour, donated by Peterborough Cereal; 2 P. Patterson and Verta Crowe, vanity cases; Mrs. Clate McClue, Kathleen Smoke.

Men's crab race — 1 P. Knott, 1 ham, donated by Crawford Bros., of Lakefield; 2 C. Knott, 1 paddle, donated by Copping Marine Sales; J. Knott, C. Whetung, H. Whetung, Dick Taylor.

Ladies' crab race — 1 Mrs. Clate McCue, dress donated by A. E. Burnstein; 2 P. Patterson, sweater, donated by A. E. Burnstein; Mrs. W. Jacobs, Miss K. Smoke, Miss V. Crowe.

Men's four pie plate race—1 T. David, P. Knott, J. Knott, J. David, box cigars donated by A. T. Johnston; 2 F. Jopling, R. Jopling, P. Jopling, T. Highland, pipes; Rollie Taylor, Cecil Knott, Dick Taylor, Gordon Taylor; Lorne Taylor, S. McCue, Clate McCue El. Coppaway; C. Jacobs, H. Taylor, G. Irons, C. Taylor; Wood, Shearer, Tobico, Fulton; S. Taylor, S. Irons, H. Whetung and C. Whetung.

Men's gunwale race — 1 C. Knott, dress and sweater; 2 Claburn, Taylor, sweater, prizes donated by A. E. Burnstein; C. Whetung, T. Highland, P. Knott, J. Tobico, Rollie Taylor.

Ladies' four pie plate race — 1 Mrs. C. McCue, K. Smoke, Freda Jacobs, Mrs. L. Jacobs, dresses donated by A. E. Burnstein; 2 Nancy Taylor, Willena Taylor, Marion Sawyer, Ruby Jacobs, prizes donated by A. E. Burnstein.

Men's professional canoe race—1 prize, $5, Hiram Taylor; 2 prize $3, Zack Smoke; 3, prize $1, Elwood Coppaway.

Baseball game—Curve Lake — G. McCue ss; C. McCue 2b; P. Knott 1b; R. Taylor 3b; D. Taylor lf; A. McCue c; F. Whetung cf; S. Taylor lf; E. Coppaway p; M. Taylor p.

Lakefield—Junkins p; Asher 1b; Morrison ss; Wingett lf; McManus c; Wannamaker 3b; Leonard 2b; White cf; Blewett lf.

The result was a score of 19-4 in favor of Curve Lake.

Standing Unchanged In Chess Tourney

HAILEYBURY, Ont., Sept. 8. — (CP)—Standing of competitors today remained unchanged in the Canadian Chess Congress tournament to decide the Dominion titlebearer, as a result of yesterday's seventh round matches.

M. Fox, of Montreal and his fellow citizen, L. Richard, clashed in the most interesting battle of the seventh round and adjourned on even terms. Richards leads the field of eight with the loss of only half a point.

The jinx that seems to pursue J. S. Morrison, former champion, st. held him as he lost to B. Freedman, Toronto, and adjourning for the third time his long-drawn out third-round match with R. E. Martin, Toronto. The Blumin-Shenkman game also was adjourned.

Opsahl defeated Whitfield and Belson won from Schneider in other matches in the seventh round while Fox took a valuable point when he beat Belson in a resumed third round match.

John Hennie Leads Senior Golf Lead

TORONTO, Sept. 8 (C.P.). — Closely beset, John Hennie, Toronto, to-day enters the final 18 of the 36-hole Canadian Seniors' Golf Association championship leading the field of 141 by virtue of his consistent 79 in the first 18 holes.

Within three strokes of the leader are eleven other players. Frank James of Hamilton and L. A. Lewis, Vancouver, each were one stroke behind Rennie with 80's. Bunched together with 81's were F. A. Parker, Lambton; S. Temple Blackwood, Toronto; J. Dix Fraser, Toronto, defending champion, and D. J. O'Brien of Ottawa.

George S. Lyon, ten times winner of the event; W. H. Despard, Toronto; A. G. Donaldson, Mississauga, and T. F. Matthews, Lambton, were right behind with 83's, while S. F. McKay of Barnia was still in the running with an 83.

YESTERDAY'S STARS

Baxter Jordan, Braves, Hit double with bases full in rally that won first game from Cubs and contributed a homer to second victory.

Bill Swift, Pirates, and Freddy Heimach, Dodgers— Swift held Brooklyn to six hits to win first game of double-header 8-3; Heimach won second for Dodgers 4-2, with seven hit pitching.

Joe Moore, Giants — Clouted homer, double and three singles in five times up against Cincinnati.

Jim Elliott, Phillies—His tight pitching in pinches enabled Phils to take 6-5 decision from Cardinals.

VETERAN OFFICIAL DEAD

News has been received of the death recently in Durban, South Africa, of Mr. Jack Henderson of Belfast, in his 88th year.

For many years Mr. Henderson was the official handicapper of the Old Irish Amateur Athletic Association.

In his early days he was a fine footballer, and kept goal for Ireland on several occasions. In addition he was an excellent all-round cricketer.

CHANGE MOOTED IN RACE COURSE

U. S. Harmsworth Official Suggests Detroit River and Mid-August.

DON ON WAY HOME.

DETROIT, Mich., Sept. 8. (CP)—A defeated British challenger for the Harmsworth trophy—Miss England III and herp lict, Kaye Don—sped eastward to-day while race officials here discussed proposals of changes in the date, time and course for next year's race.

The disabled British hydroplane is enroute by rail to Montreal where she will be put aboard the Duchess of York. Sailing September 9. Don leaves by aeroplane at 8.30 a.m. for Toronto. He expects to sail from New York Sept. 16.

The changes for next year's race are proposed by Otto F. Bartel, United States member of the Harmsworth commission, who said he would endeavor to have the race run in mid-August, instead of early September, in late afternoon, instead of early morning, and on the Detroit River, instead of Lake St. Clair.

Concurrence of British members of the commission would be necessary to move the course, he explained, but the Gold Cup Race committee has exclusive jurisdiction over the time.

MEMORIES ARE SHORT

Americans would appear to have short memories, especially when anything great is done outside the U.S.A. For instance, they are under the impression that Eddie Tolan's success in 31 15 sec., when winning the 200 metres is a world best for the distance running round two bends. Far from it. Billy Applegarth won the A.A.A. 220 yards championship in 1914 in 21 15 sec. at Stamford Bridge, also round two bends. Of the two the former British champion's performance is the better.

Three Days Commencing Monday

An Announcement

Al. Sharpe takes pleasure in announcing to his many patrons that Mr. Hugh Blair, well-known local young man, will be associated with him in future. Mr. Blair has had a wide experience with men's and young men's clothing and furnishings, all of which will be an added asset to this popular men's store.

Hornsby, The Man Without a Team

Rogers Hornsby was a St. Louis Card from 1915 to 1926, and then he was traded to the New York Giants in a deal from Frankie Frisch the year after he managed St. Louis' first pennant winner. New York aamzed the baseball world a year later by trading Hornsby to Boston where, a few weeks after the 1928 season began, Rogers succeeded Jack Slattery as manager. Rogers had lasted just a year with the Braves when the Boston club sold him to the Chicago Cubs. Manager Joe McCarthy was let out in 1930 to make room for Rogers. Now, the Cubs have fired him. The baseball world wonders what Hornsby will do next. Will he play next season for Cincinnati, Brooklyn, Pittsburgh or Philadelphia Nationals? Or will he take a crack at the American League? Well, what is your guess

WINNERS SCORE THREE WINS AND PLUS OF 46 VICTORY

Oke Rink Has Three Wins and Plus of 44 to Take Second Place Honors.

STRONG COMPETITION.

In the open mixed bowling tournament held here yesterday, G. Coleman Jr. and his rink of Miss Archibald, C. Williamson and Mrs. Wright, captured first prize and the Ovaltine Trophy. Strong rinks from all over Central Ontario took part and the competition was keen. The winners had three wins and a plus of 46, to shade the second place rink of Mrs. Oke, E. Wall, Mrs. Deyman and W. Oke, who had three wins and 44.

Third place was taken by the Port Hope quartette of Miss Lawrence, F. Floor, Mrs. Clarke and H. Rosevear, with two wins and 43. George Cairns' rink of Mrs. Hendry, R. Hendry and Mrs. Hepburn, came next with two wins and a plus of 40; while the fifth prize went to Mrs. Cullen, R. F. Downey, Mrs. DeLong and T. McDonald, with one win and 20.

It was the last open tourney of the season here, a mixed one, and what it lacked in quantity more than made up for in quality. Some of the most successful skips of the district were present, including Sturgess of Whitby who has skipped his rink to win three tournaments; Freeman of Peterborough, who has also won three cups this season; Mayneord, also of this city, who will skip the local rink in the Central Ontario playoffs next week; Cairns, winner of the Port Hope tourney; Ernie Wall, Hank Rosevear, Oke, Sedgewick and a score of others.

Play Starts at One o'Clock

President Fitzpatrick made a short, snappy speech of welcome, and after reading the rules and announcing that the winning team would have the new Ovaltine Cup for one year, started the play at two o'clock. The draw was made and handled by Fred Brown, who is an outstanding authority on this part of bowling. Prizes were: First, Ovaltine Cup and blankets; second, blankets and silverware; third, blankets and silverware; fourth, blankets and silverware; fifth, blankets and silverware. They were presented by R. Hendry and Ald. McNabb.

The regular scheduled club doubles will be played on the local greens this evening; and also the first round of the Central Ontario singles must be played to-night or be defaulted.

Random shots by a spectator at yesterday's tournament: "Some rinks have all the luck—and others just four players.... Benny must have thought the eclipse was yesterday.... Commodore Oke looked striking in his new outfit.... Alderman McNabb talked a beautiful game.... Looking over the prizes, one would think that the club had gone into the woollen business.... It was a great 'kith and kin' contest, and some of the women saw more of their husbands yesterday than they have all summer.... That Coleman versus Coleman one was a family affair, anyhow."

THEATRES

AT THE REGENT
"THE TRIAL OF VIVIENNE WARE"

This is an electrifying sort of talkie that never lets the action down for a single minute. It is full of movement and fast action and dialogue and it has a new technique that brings into play, not one, but many different angles, of the scene in the courtroom, where Vivienne Ware is tried for the murder of Damon Penwick.

It is notable also in regard to its cast, which includes many outstanding units. One little man who always makes a hit and who has all too brief appearances on the screen, for one sees him only at very infrequent intervals, is Herbert Mundin, in the role of William Boggs, the butler. It seems strange that an actor capable of so many different expressions with a very commonplace sort of face, should be on so seldom.

Joan Bennett, featured player, does not seem quite as good as the male actors in the drama. In fact, "The Trial of Vivienne Ware" is remarkable for the good acting of many, rather than one, of its players.

Donald Cook is John Sutherland, defense lawyer, and Allan Dinehart is an extremely fine Prosecutor for the state. ZaSu Pitts is rich in the role of the sob sister who wants to broadcast the details of feminine apparel in the court-room, rather than the facts of the trial. There is "Skeets" Gallagher as the announcer. Graham McNally, and Lillian Bond is Dolores Divine, brunette dancer. Noel Madison is Parone, the villain of the piece, and Jameson Thomas is Damon Penwick.

"The Trial of Vivienne Ware," with its vitality and sustained interest, must be seen to be fully appreciated and enjoyed. It handles a mystery murder in a new and vivid style and is remarkably good entertainment.

One of the short reels portrays the stars of yesteryear, in roles that thrilled and delighted audiences of a quarter of a century back. See Blanche Sweet and Henry Walthall in an old-time romance, and marvel over the stamina of movie audiences of another era.—Jeanette.

Baseball Results

Amateur baseball games played yesterday resulted as follows:

O.B.A.A. Senior

*St. George, 8; Niagara Falls, 1.
*—St. George's win round.

O.B.A.A. Intermediate

North Bay 8, Burke's Falls, 1.

O.B.A.A. Junior

*Galt, 7; Niagara Falls, 6.
*—Galt wins round.

Intercounty Intermediate.

Stratford, 5; Brantford 3.

Norfolk County

Forest Rangers 5, Port Dover 4.

BRINTONS GAIN SECOND POSITION

Carpet Makers Take 7-5 Decision in Box Lacrosse Game.

The Brinton lacrosse team moved into second place in the City League standing last night by beating C.G.E., 7 to 5, at the Brock. It was a close, hard-fought though clean game in every period, both squads fighting hard to keep out of the cellar. Great network by LeBarr had considerable to do with Brinton's win, while Red Creighton on defence worked well and assisted in five goals.

E. Creighton scored four, Rothwell got two, and Hatton one for the Carpetmakers, while Magee shoved in a brace, and Meagher, McGillen and Fisher one apiece for C.G.E. Reynolds, Collins, Howarth, Hatton and E. Creighton all showed their best lacrosse of the season, while the rest also went good. For C.G.E., Dundas saved many close ones in the net, and Meagher, Jones, Fisher and Magee were particularly effective; Foley, Price, McGillen and Swanger fitting in nicely. The teams:—

C.G.E.—Goal, Dundas; defence, McGillen and Swanger; rover, Magee; centre Jones; wings, Meagher and Price; subs, Foley and Fisher.

Brintons. — Goal, LeBarr; defence, R. Creighton and Reynolds; rover, Staunt; centre, Creighton; wings, Hatton and Rothwell; subs., Miller, Howarth and Collins.

Referee—Goodfellow.

Play Opens To-Day In Globe Doubles

VICTORIA CLUB Toronto, Sept. 8. (CP)—Preliminary play in the 27th annual Globe Scotch Doubles bowling tournament began to-day on six of the city's lawns with 174 couples entered. From outlying parts of the province came 92 pairs of bowlers, and there were also representatives from Montreal Buffalo, N.Y., and St. Petersburg, Fla.

This is the largest entry ever received since the inception of the tournament.

Ideal weather conditions prevailed and the completition is expected to reach the end of the third round to-day with finial games scheduled for to-morrow evening.

RUTH IMPROVING

BUFFALO, N.Y., Sept. 8 (C.P.)—Babe Ruth, returning hurriedly to New York from Detroit where he was taken suddenly ill yesterday, was reported resting comfortably when his train passed through Buffalo early this morning.

He was expected to report to the Yankees' physician upon his arrival to-day in New York.

SPORTS Day by Day

Baseball — Softball — Lacrosse
Boxing — Wrestling — Acquatic

(BY C. J. P.)

The second game of the Girls' Softball League play-offs takes place this evening, weather permitting, at 5.30 sharp over in the Ashburnham Bowl. Keene trounced the Maple Leafs handily in the first game and will doubtless try hard to repeat to-night. The third game is billed Saturday evening, and if a fourth and fifth game are necessary, they'll likely be held Monday and Wednesday next week.

* * * * * * *

Then later this eve, a mixed double-header will be staged in the Brock as the second four teams in the Indoor Softball League swing into action. It's C.G.E. vs. Brintons in the girls' game at 7.15, with C.N.R. and Daily Stars of the men's section tangling at 8.45 o'clock. The play-off game at the Bowl will be over in plenty of time for fans to take in the two tussles at the Brock.

* * * * * * *

The pro rasslin' show at the Brock to-morrow night is due to start at 8.30 instead of at nine, as has been the case recently. Poggi, the tough Italian, and Casey Berger meet in the main bout, it's Bert Rubenstein, the big Jewish grappler from Henryfordstown, against podgy Jack Kogut in the semi-final; while Young Szabo—name it and you can have it—of Hungary meets Frankie Hart in the prelim. Sounds like a good card again.

* * * * * * *

President Bob Colling, of Belleville, head of the C.O.B.L., gets some odd ideas every once in a while. He at times acts as if he were the Central League himself and had the complete running of it. For instance, he and Art Twigg had some sort of argument during or after one of the Belleville-Kingston play-off games in Kingston. Art wasn't umpiring in this series and probably dared to speak up to Bob as one man to another, and not as an umpire to his president.

* * * * * * *

At any rate, Twigg was suspended by the president who apparently forgot that it was a matter for the league to decide upon, and not just the prexy. We hold no brief for Twigg, nor do we feel in accord with either Kingston or Belleville when they put so much bitterness and such unsportsmanlike tricks into their games. Every one of their play-off contests was marked by the hard feelings clearly shown by the opposition. Bob, as president of the loop, should forget he is a Belleville man.

* * * * * * *

Another point against Mr. Colling. He called a meeting of the league executive a few weeks back in Belleville and had Max Swanston and Vic Hamilton notified. They went there and found the business had been cleared up without a meeting However, Bob assured them their expenses would be paid. Since then, they have been notified that they weren't officially asked to go down there and anyway their expense account was too large. Of course, the local representatives aren't worrying. Their expenses will be paid all right, despite all the squawking.

* * * * * * *

The thing is: What's Bob's idea, who and what does he think he is? He's been a great old baseball man, but is he getting a bit too old and autocratic for the job? Peterborough baseball men have always stood solidly behind him, but a very little bit of the stuff he's been pulling lately goes a long, long way....

* * * * * * *

Our two last O.B.A.A. hopes swing into action again this Saturday, the Maple Leaf Juveniles going to Toronto to meet St. Andrew's in the first game of their semi-final play-off series, the return one to be held here next Saturday. And the local Kiwanis Bantams meet the Hamilton champs at three o'clock in Stevenson Park, it being the first of the final play-offs for the Ontario title. The second one will be held in Hamilton the following Saturday.

* * * * * * *

The game here should draw a capacity crowd as the local kids go into their final round. If they can win this game, their chances of annexing another Provincial championship for Peterborough are very bright. The Kiwan's, under the management of Herb. Ralph, have been playing great ball this season, surprising everyone by turning back the strong Toronto winners in two straight games. They should receive plenty of support at Stevenson Park day after to-morrow, and deservedly.

* * * * * * *

Don Wood, of Peterborough, won the five-mile consolation race yesterday in the power boat competitions in Toronto. The local racer had tough luck all day, but came through nicely in this event to finish ahead of Art Monty, New York. Plenty of thrills and close finishes marked the different events.

* * * * * * *

In the Canadian Seniors' Golf Association play in Toronto yesterday, T. F. Matthews, formerly of here, finished fourth in Class B, having a net score of 68, and going around in 82. W. G. Morrow of this city made the course in 98 for a net of 79. Both he and F. M. DelaFosse are drawn to start in the final eighteen holes of the tourney to-day around noon.

* * * * * * *

The last open mixed bowling tournament was held here yesterday with some very close play being seen in an outstanding field bowlers from the district. First prize and possession of the new

Special race— (non bettting) — Steeple-chase will be run after the third race.

x—AAC. Clear fast.

Gorman Named Buyer Of Ottawa Senators

MONTREAL, Sept. 8. (CP) — Redmond Quain, Ottawa lawyer representing the present owners of the Ottawa Senators National Hockey League franchise, went into conference here to-day with Tommy Gorman, prominent Ottawa sportsman and former pilot of the capital club, who is negotiating for the purchase of the franchise.

Quain said the Ottawa team would be back in the National Hockey League campaign this year no matter who the owners were.

Indoor Twin Bill At Brock To-Night

The second double-header, a mixed one, of the Indoor Softball League, takes place at the Brock to-night. The girls' teams, C.G.E. and Brintons start it off at 7.15, followed at 8.45 by the men's outfits, C.N.R. and Daily Stars. With summer sports dying out rapidly, these games this evening should attract another good crowd after the girls' playoff game at the Bowl is over.

C.G.E. girls won their first game over Westclox last Tuesday evening, in a close and classy contest. They hope to repeat against the Brintons. Both C.N.R. and Stars have been strengthened over their City League lineups, and will trot out two strong outfits. Admission for these double-headers is only ten and five cents.

LEAVES FOR TORONTO

WINDSOR, Ont., Sept. 8 (C.P.) — Kaye Don, British challenger for the Harmsworth speed boat trophy, left here to-day by air for Toronto at 9.45 (D.S.T.).

JOHNNY CHUCK DISCOVERS A GREAT TRUTH

Whoever's honest with himself
With others will be honest too.
Remember this where'er you go
And whatsoever you may do.

When Johnny Chuck reached home he was so tired that for a while he even forgot that he was hungry. You know it was a long way from the other side of the Old Orchard down to that far corner for one so fat and stiff and sore as Johnny Chuck.

At first Polly Chuck would have nothing to do with him. But when after a nap Johnny came out to get something to eat she saw how stiff and lame he was and she saw how he had been torn by the teeth of Reddy Fox. She had heard all about that fight from Sammy Jay and down deep in her heart she was proud of Johnny Chuck. Now as she saw his wounds she was filled with pity. Very softly she sidled up to Johnny and gently licked his wounds. She didn't say a word, just licked and licked, oh, so tenderly.

With every touch of her tongue, Johnny Chuck felt his anger because she had refused to go away with him melt away. At last there wasn't a bit left. Never had clover tasted so sweet and delicious. Never had the rustle of leaves in the trees sounded so pleasant. Never had the sky looked so blue or the fleecy clouds so white. Johnny sighed. It was a sigh of happiness and contentment.

"I'm glad I'm home," said he.

"So am I," replied Polly Chuck softly.

"Home is the very best place in all the world," continued Johnny Chuck.

"Of course," replied Polly. "I've known that ever since we had a home."

"And this home of ours is the safest and best home that ever was," said Johnny. "I wouldn't trade it for any other home anywhere in all the Great World."

Polly Chuck smiled wisely, but she said nothing and after a minute or two, Johnny continued. "You mustn't believe, my dear, all that is told you of the wonderful things of the Great World," said he. "It has nothing, nothing at all to equal the peace and comfort and safety of our own home here."

"Home is the very best place in all the Great World," continued Johnny Chuck.

Once more Johnny sighed and as before it was a sigh of pure happiness. He had made a great discovery. He had discovered that the secret of happiness is contentment, and that contentment is to be found within, and without one's self. So despite his stiffness and lameness and soreness, Johnny Chuck was happy, and being happy, there was no room for bad temper. Suddenly it came over him that he was glad that Polly Chuck had refused to go away with him when he had insisted on looking for a new home, and he told her so.

Polly made no reply, but went right on licking Johnny Chuck's wounds, and in every touch of her tongue was love, and Johnny knew it. Presently when he had satisfied his hunger he lay down for another nap and beside him Polly Chuck sat up very straight and kept watch. And when Johnny Chuck awoke they rubbed noses, which is the Chuck way of kissing, and each knew that the old home between the roots of the old apple tree in the far corner of the Old Orchard was twice as dear as it had been before Johnny Chuck went away to seek a new home.

MUST WOMEN SUFFER?

Is it their lot to suffer cramps and backaches every month? Certainly not. The tonic effect of Lydia E. Pinkham's Vegetable Compound has ended all that for many thousands of women.

Mrs. Schnepper's case is typical. She was always sickly. Tired. Gloomy. "Now," she says, "everywhere I go people tell me how much better I look. I feel like dancing for joy all the time."

Try Lydia E. Pinkham's VEGETABLE COMPOUND

Bethany

Mr. and Mrs. F. Moatt of Toronto were guests of Mr. and Mrs. R. W. Price for the week-end.

Mr. Harvard McMullen of Sunderland, was the guest of his aunt, Mrs. Arnott.

Mr. and Mrs. William J. Mullen of Lindsay, were week-end guests of Mrs. Arnott.

Miss Laura Morton of Delora spent the holiday week-end at her home here.

Miss Mae Magrath of Toronto grandmother, Mrs. J. Morton.

Mr. and Mrs. Jos. Stanley of Toronto, were week-end guests of Mr. and Mrs. David Cairns.

Mr. George Webb of Allandale, spent the holiday week-end, the guest of Rev. and Mrs. Holden, at the rectory.

Mr. J. J. Hamilton and son Frank, returned to their home in the village from Greenhurst, where they have spent three months at their cottage.

Mr. Aubrey McCartney of North Bay, was a visitor over the holiday week-end.

Proud to show visitors our spotless factories

YOU like to know that the foods you eat are made under sanitary conditions. That's why we are always delighted to have people see "where Kellogg's Corn Flakes are made."

We have thousands of visitors, every year, who take home with them a picture of sunlit kitchens, gleaming machinery, employees in fresh white uniforms . . . of cleanliness and care for quality. If you ever come to London, Ontario, we hope you'll stop and see us.

You'll know then why W. K. Kellogg makes this unconditional guarantee: "If you don't think Kellogg's the best and freshest corn flakes you ever tasted, return the empty red-and-green package and we will cheerfully refund your money."

Obituary

N. DAWSON TIMLIN

ROSENEATH, Sept. 8 (Examiner Correspondence)—The funeral of the late Nixon Dawson Timlin was held on Wednesday afternoon from the family residence, in Alnwick township, under the auspices of the L.O.L. No. 261, of which deceased was an honorary member.

Notwithstanding the extreme hot weather, a large number of friends and neighbors, many of them from distant places, turned out to pay their last tribute to one, who was a very highly respected resident of this community.

Deceased, who had been ill only a short time was well and favorably known, having been a resident of the township for over forty years. He was in his 70th year, and was born near Grafton, Ont., and was the son of the late John Timlin and Ann Nixon, pioneers of Haldimand township.

A short service at the house was conducted by the Rev. R. W. Paton, M.A., of the United Church, who spoke words of sympathy and comfort to those in sorrow and trouble. One favorite hymn "Lead Kindly Light" was softly sung, followed with prayers from Rev. F. H. Battersby of St. James' Anglican Church, after which the remains were conveyed to Centenery cemetery for interment. Immediately after the casket was lowered, the sacred and impressive ritualistic service of the Orange Order was conducted by Brothers C. W. Varcoe, William Murphy and other members of the Lodge. Following Rev. F. H. Battersby delivered a deep and powerful sermon leaving with his hearers an advice and a thought for future remembrance to prepare for eternity.

The late Mr. Timlin served the municipality as councillor for several years and had been a director of the Alnwick Rural Telephone Co. since 1914.

A profusion of floral tributes, including wreaths and other set piecrs from the family; Alnwick Rural Telephone Co; St. James' Anglican congregation; L.O.L., No. 261; St. James' Women's Auxiliary and many others, all bearing evidence of regret and sympathy.

He is survived by his widow, formerly Catherine Wilson, four sons, Dawson, Ernest, James and Bruce of Alnwick Township; one daughter (Annie) Mrs. Charles Burrison, Gore's Landing and one adopted daughter, (Edna), Mrs. Eric Kelly, of Harwood. Also three brothers, James of Grafton, John of Centreton and Thomas who resided with the deceased, and one sister, Mrs. Anthony Sherwin of Harwood.

The bearers were his four sons and two son-in-laws.

Among those noticed from a distance were Mr. and Mrs. Shalm Pacey, Messrs. Roy, Calvin and William Pacey and Mrs. Norman Henderson, all of New Liskeard; Mrs. William Pacey, Mr. and Mrs. Mervin Pacey, of Trenton; Mr. and Mrs. Frank McCulloch and daughters, Misses Dorothy and Marjorie McCulloch, Harwood; Mr. and Mrs. Fred Lean and sons, Oshawa; Mrs. Ellen Sherwin, Harwood; Mr. Dawson Sherwin and son, Bowmanville; Mr. John Timlin and Mrs. Philips, Centreton; Mrs. Fred Irish, Cobourg; Mr. and Mrs. Thomas Timlin; Mr. and Mrs. John Timlin and family, Plainville; Mr. and Mrs. William Davey, Baltimore; Mrs. M. Coone, Trenton; Mr. J. Timlin, Grafton.

J. J. RICHARDSON

PONTYPOOL, Sept. 8. (Examiner Correspondence).—The largest funeral ever held in this locality took place on Thursday afternoon when hundreds of citizens from far and near came to pay their last respects to the late James Richardson.

The deceased was born in Cavan some fifty-two years ago and was one of a family of nine, three brothers and one sister having predeceased him. His father, the late Joseph Richardson, passed away about forty years ago, while his mother died some ten years ago.

Four brothers, William of Peterborough; Harry, Percy and Bert all of Pontypool, survive him.

He received his education at Bethany Public School and moved to this village in 1900 and some six years later started in the bakery business.

In 1911 he was married to Lillian McMullen and has resided here until his unexpected death. After a short illness of ten days he passed away at Nicholls Hospital, Peterborough.

Probably no citizen will be more missed than the deceased because he was an active worker in everything that was required of him. He had a wonderfully kind disposition and no worthwhile charity ever was forgotten by him.

In the sporting world he had been very active, being keenly interested in football and lacrosse but of late years had devoted his spare time to horseshoe pitching.

He was a steward of the United Church here and also was envelope steward for several years.

In the fraternal world he was a member of Scottish Rites Lodge, Peterborough; A.F. and A.M. 325, Orono. He was W. Preceptor of Sir Sam Hughes R.B.P. No. 1063 which he instituted in 1922 and a charter member of L.O.L. 82 and had been financial secretary for 20 years. He was also a member of I.O.O.F 296 and a Past District Master of Manvers District Lodge. It was through his efforts that L.O.L 82 erected its hall and was very active in the recent purchase of a new banner for the lodge. He was president of the Park Committee and Fire Association of this village. In politics he was a very staunch Conservative and took a great interest in municipal politics.

The funeral was held from the home of his brother Harry on Thursday and was under Masonic auspices. After a short service in the house the remains were brought to the United Church. Two former pastors were present and took part in the service namely, Rev. Andrews of Newmarket and Rev. M. E. Wilson of Havelock both speaking highly of the character of the deceased. The pastor, Rev. Adamson and Rev. McMullen of Kingston, also took part in the service. Mr. Mitchell, Orono, rendered a beautiful solo.

After the service the funeral cortege, followed by scores of motor cars, made its way to the local graveyard for interment. The floral bouquets were very numerous and beautiful.

The pallbearers were all Masons, namely, William Rennie and William Miller, Pontypool, E. Patterson, R. M. Waddell, Adolph Henry, Ernest Hamon of Orono.

What To-Day Means To You

"VIRGO"

If September 8th is your birthday, the best hours for you on this date are from 10.15 a.m. to noon, from 4 p.m. to 6.20 p.m. and from 9.05 p.m. to 10.40 p.m. The danger hours are from 12.20 p.m. to 2.10 p.m. and from 7 p.m. to 8.40 p.m.

The Planetary aspects of September 8th promise a day replete with activity and acomplishment. Stimulating influences will be much in evidence, and lethargy will be replaced by industry. In the world of business, good ground work can be made that will conduce to comfort and economy.

A child born on this September 8th will be full of devilment, but free from malice. It will be largely irresponsible, and care-free; in other words, no matter what age it may attain, it will never become a real grown-up. Its horoscope does not indicate much material success. On the other hand, a cheerful and sympathetic disposition will create for it a large circle of friends.

Consistency and courage distinguish you from your fellows, if you were born on September 8th. You possess many foibles, have many hobbies and, in your speech and action, reveal many peculiar individual idiosyncrasies. These, however, are all tolerated by your intimates, as they do not detract from you many outstanding character assets.

You have strong beliefs, and never change, while you always champion them. Although your words and ideas are often acrimonious, you are respected for your innate fairness and humanity. You may have to wait longer than those who are less resolute for reward, but you will win out in the long run and, in the meantime carry on good humor, fortitude and patience.

Your prejudices are strong and you are articulate in the expression of them. You shrug your shoulders at criticism and push on your way, even though the path be strewn with obstacle. You never go round, but go over them.

There is a strong strain of old-fashioned Puritanism in your "make-up" and you do your utmost to live up to the teachings of your youth. You have much faith, and never entertain in your mind either doubt or unbelief. Keenly alive to your obligations, you will make a correct husband or wife, although unemotional.

Health for You!

ADVERTISE IN THE EXAMINER

NEW SASKATCHEWAN LEADER WOULD SCRAP PROFIT SYSTEM

Head of Farm Labor Forces Once Tory, Has Radical Ideas.

COLDWELL A TEACHER.

MELVILLE, Sask., Sept. 8 (Special to The Examiner)—The day I reached Regina, "M.J." Coldwell, the newly elected leader of the combined forces of Farmer and Labor in this province, was away at Edmonton. When I got to Edmonton he was somewhere "up in northern Saskatchewan." A day or two later I, too, was "up in northern Saskatchewan" visiting the Doukhobors, but by this time the rapidly moving Farm-Labor chieftaintain was at Nipawin, which shares with Meadow Lake the doubtful honor of being Saskatchewan's "farthest north" railway station.

I would probably have given up the chase at this point had not a veteran newspaperman well versed in western politics told me confidentially a couple of weeks ago that "Coldwell would be the next premier of Saskatchewan." This will probably come as a great surprise to Dr. J. T. Anderson, and to plenty of other westerners as well, but there is nothing like being well in advance of actual events. So I reached "M.J." by telephone at Nipawin and found out that that he would be at Melville to-day, and then timed my own schedule to coincide.

His friends all call him "M.J." and very few know what the initials stand for. When I asked him point blank, he admitted that he always tried to leave it at that. He gave in, though and told me. It's not at all bad. I had expected some fearful and wonderful combination bestowed by fond parents. His name is "Major James—the Major part of it being his mother's family name. Being an anti-militarist, he doesn't like the army flavor of it.

Province of Movements

Saskatchewan has a reputation for breeding fantastic and erratic political movements, stirred up by long-haired wild-eyed revolutionaries. The sedate Alberta farmers under "Bob" Gardiner shake their heads and talk of Saskatchewan as being 'without leaders' or 'most unwisely led.' It was in Saskatchewan that the 'Secession' move flared up briefly; that the Ku Klux Klan dominated a provincial election; that the Farmers' Unity League (a communist movement) got under way. George H. Williams, then president of the Saskatchewan Farmers, soberly advocated the complete abolition of interest. The Non-Partisan league also had a brief sway here. It was in Saskatchewan that the 100 per cent compulsory pool movement was most feverish.

But the choice of Coldwell, I think, at a time like this, shows that the masses of Saskatchewan farmers and workers are neither fanatics or red revolutionaries. Anyone who finds a dangerous demagog or firebrand about this school principal of Regina will have to follow him around the province a lot longer than I did. The lasting impression after an interview which continued for two hours and touched on half a hundred subjects, was that of a thoughtful student of affairs, solid, steady, a keen debater, modest and capable, with a grasp of practical affairs stretching miles beyond the classroom, a mathematical mind, a love of economics and a sincere desire to contribute something to the welfare of humanity.

Makes Wider Appeal

He lacks the picturesque ardor of Woodsworth or the brilliant eloquence of Garland. Nor is he dour and dogged like Gardiner. But perhaps his sane lucidity along a course somewhere between these two manners will make a wider appeal than either. During the past week, addressing small country points during the harvest season, he brought out 1,800 listeners at five meetings—packed halls at every point.

"You were born in England, I understand?" "Yes, Devonshire."

"Educated there?" "Yes, I graduated from Exeter University College."

"You were a teacher when you came out here?" "Yes, I wrote Normal exams at Edmonton shortly after arriving in this country. Coming to Saskatchewan, I taught before the war at Sedley (about 30 miles from Regina). During the war I was teaching at North Regina. I also read services at the Anglican Church there."

Mr. Coldwell, with one break, has now been for ten years an alderman of the city of Regina. When I asked if his people objected to a teacher taking part in politics he gave me an answer that every election but one he has headed the polls, being second that time, and that at the latest election he received over 6,000 out of a possible 8,000 votes.

Converted in Debates

"M.J." became a radical in an odd way. He was brought up in an ultra conservative home, and when he began debating at college, he always took the reactionary side. But the more he heard of radicalisms from his debating opponents the more interested he grew, until finally, coming to investigate socialism and kindred subjects closely, he abandoned entirely his old position and became a convert to the new.

"You and your party are advocates of scrapping our present 'production for profit' system and substituting one based on 'production for use'?" "We are," he replied.

"Why?" "Because we see that the present system has failed and we are seeking one which will work. There are two features of the present state of affairs which trouble me deeply. One is the absence of opportunity for youth. Hundreds of young men and women are being graduated from our schools in Regina every year. But there is nothing for them to do. They are denied the right to take part in the world's work—denied the right to live, in a broad sense.

Calls It Cruel Tragedy

"Then there are the men and women of 50 and over, who have been discharged. How will they ever find a place again? They will never be taken back where they have been. It is a cruel tragedy, this rejection of the youth and the old."

"We see the spectacle of people starving, and bins bursting with food. We say that this is the fault of the system. That it could be reorganized along other lines—production for human use and need, not for private profit."

"Then you don't think Canada would have to wait the restoration of the rest of the world to prosperity, before she could put all our people back to work?" "No. International trade is important. I am a believer in free trade. But we have all the food, clothing and shelter in Canada needed for a small population of ten millions. Quite independent of the rest of the world, we could distribute those things among ourselves."

TARZAN AT THE EARTH'S CORE No. 4

(Metropolitan Newspaper Service, Inc.)

By Edgar Rice Burroughs

Four days later, Tarzan with Jason Gridley's party, reached the Urambi country. Here, they were welcomed by the young scientist, Eric von Harben. It developed that his experiments with the remarkable new metal known as "Harbenite" proved all that the Ape-Man had hoped. It remained only to discover and work the natives' mine containing the precious ore. This task alone took several months and was filled with adventure and excitement.

While Tarzan and his Waziri warriors toiled, getting the ore out of the discovered mine and transported to the seacoast, Jason Gridley went to Germany. There, he consulted with the engineers of the company who were to build the specially designed airship. Steadily the details for organization and equipment of the Pellucidarian expedition went forward. By the time the ore shipment had arrived, everything was in readiness to commence immediate construction.

© 1931, by Edgar Rice Burroughs, Inc. All rights reserved.

Six months later, the O-220, as it was officially known, was ready to take the air. The great cigar-shaped craft was generally considered to be nothing more than a new design about to travel the numerous European airways. Absolutely fireproof, she was 997 feet long and 150 feet in diameter. Equipped with landing gear in the form of six large wheels, she also carried a machine gun and a small scout monoplane that could be lowered through the bottom of the ship and launched while the O-220 was in flight.

Her great engines were capable of driving the ship at a speed of 105 miles per hour. Owing to the extreme lightness of "Harbenite" the total weight of the O-220 was but 75 tons. At last all was in readiness. Dressed in civilization's garments, it was a different appearing Tarzan who came by private airplane from his African estates. With his arrival just before daybreak on a clear June morning, the O-220 moved slowly from its hangar bound for the north polar entrance of the inner world.

DENY SHELVING OF GAME REPORT

Hon. W. D. Black States it Has Never Been Submitted to Legislature.

STILL BEING PREPARED.

KINGSTON, Ont., Sept. 8.—Denial that the report of the special game committee has been sent to the Ontario government, was made to-day by Hon. W. D. Black, M.P., chairman of the committee, who is at his home at Barham. The denial was made following a charge by W. J. Moody, of London, past president of the Ontario Hunters' Game and Fish Association that the Black report had been shelved by Hon. G. H. Challies, provincial secretary and head of the Department of Fish and Game. Mr. Moody also charged that the legislation banning the use of dogs in hunting deer was a one-man law.

The report has not been made yet, said Hon. W. D. Black, and therefore certainly could not have been shelved. It is still being prepared and will not be submitted until the next session of the Legislature.

Hon. Mr. McCrea is handling the matter and will continue to do so. The report itself will be sent to the Legislature when it meets.

Hon. Mr. Black would not comment on the report itself, saying that it would be published when the Legislature deemed fit.

JAPS MAY QUIT LEAGUE NATIONS

Threaten Move if Report on Far Eastern Trouble Unfavorable to Her.

HOPES FOR BEST.

MONTREAL, Sept. 8. (CP)—Japan will feel impelled to break away from the League of Nations if the Lord Lytton report on the far eastern troucle is unfavorable to her, according to Dr. Inazo Nitobe, member of the Japanese House of Peers, Dr. Nitobe will address the Canadian Club to-day and soon will attend a meeting of the Institute of Pacific Relations in New York. He is president of the Japanese section of the institute.

While expressing the highest opinion for the League of Nations, Dr. Nitobe said in an interview I hope, however, the League will not make the blunder of passing judgment on Japan.

From the standpoint of its natural resources and as a field for investment of capital, Manchuria is the lifeline of Japan, he said. Further more it provided national security against Russian encroachment. Because the climate was not attractive, however, Manchuria would never prove an outlet for Japanese population.

Obituary

MRS. EVERETT CROWTHERS.
The death occurred at St. Joseph's Hospital on Wednesday of Mrs. Everett Crowthers of Kingston and formerly of this city, after an illness of four weeks' duration.
The deceased, a daughter of Mr. and Mrs. Louis Taylor, was a native of Watertown, N.Y., and formerly resided at 54 Olive avenue, Peterborough. She was educated at St. Vincent's Academy, Kingston.
Surving her are her parents and husband, Everett "Buddy" Crowthers, and eighteen months old daughter June, also sisters Rose of Deseronto, Alberta of Kingston, and one brother, Carl in Kingston.
The funeral is to be held on Friday at 8.45 a.m. from Cain Bros.' Funeral Home, 178 Hunter street west, for a service at St. Peter's Cathedral at 9 o'clock. Interment at St. Peter's cemetery.

WILLIAM HENRY WHITE
William Henry White died at his residence, 668 Aylmer street, on Thursday at the age of 76 years, following an illness of six months' duration.
The deceased had resided in this city for the past half century and was well known and respected among a number of friends and relatives. He was born in Mariposa Township, a son of the late Mr. and Mrs. William Henry White.
Surviving him are four sons, Robert James of Hamilton, Wilbert of South Boston, Harold of Windsor, and Albert Bennett of Peterborough, also two daughters, Mrs. Frank Manley, Wolsley street, and Mrs. Russell Lee of 636 Armour road, and three brothers, Robert, Samuel and Richard.
The funeral will be held on Saturday from the family residence, 668 Aylmer street, at 2 p.m. Services will be conducted by Rev. J. E. J. Millyard, pastor of George Street United Church of which Mr. White was a member. Interment, Little Lake Cemetery.

ESSEX COUNTY CHANGES ITS AIR DERBY COURSE

WINDSOR, Ont., Sept. 8 (C.P.)—Plans for the Essex County Air Derby, local aviation classic, have been changed this year. Instead of flying around the county on a 100-mile course, the contestants will cover a 50-mile triangular course, with the local airport as its centre and finishing point.
A two-day air meet opens here Saturday, with the Derby scheduled for Saturday afternoon.

FIVE FIRMS TENDERING
With tenders for the construction of a concrete dam at the old Otonabee Power House site at Nassau, four miles north of here, being received by the Department of Railways and Canals until noon on September 20, the following five contractors are known to be tendering: T. A. Brown Co., Ltd., of Peterborough and Toronto; A. Lothian, Alexandria; Randolph Macdonald Company Limited; McNamara Construction Company Limited; and Chambers, McQuigge and McCaffrey Company Limited all of Toronto.

ROBBERS ENTER HOME
During the absence of Mr. and Mrs. Robert Leeming, who are holidaying at Stoney Lake, their residence at 202 Park Hill road was entered by sneak thieves early this week and a quantity of small articles were stolen. The robbery is being investigated by city police.

TYPOGRAPHICAL ERROR STIRS COMMENT ON PACT

OTTAWA, Sept. 8 (C.P.)—Typographical error of one letter in the first official release of the Imperial Conference agreement between Canada and the United Kingdom, has aroused some discussion. In the Canada-U. K. agreement, as originally issued, Article One, which provides for continuatnce of free entry of Empire goods after November 15, limits that is "Good consigned from any port of the British Empire." It develops, however, that this should have read "Goods consigned from any part of the British Empire."

WOMAN IS BEST JUDGE OF BEEF

Mrs. A. Ironsides, Belleville, Heads Amateurs at Toronto Exhibition.

EIGHT AWARDS.

TORONTO, September 8 (C.P.).—A woman from an urban community proved best of the amateur judges of beef on the hoof at the Canadian National Exhibition, thereby winning $75.
The woman was Mrs. A. Ironsides of Belleville, victor in the slaughter competition open to anybody.
Live steers were slaughtered at an abattoir, and then the dressed carcasses were officially judged. Mrs. Ironsides' placings coincided nearest of all with those of the official judges.
Eight prizes, in order of merit, were awarded to owners of steers entered in the competition. Winners were: Howard Fraleigh, Forest; Robeson Bros, St. Mary's; O'Neil Bros., Denfield; Robert McEwen & Son, London; J. P. Henderson & Son, Guelph; Lloyd Hunsberger, of Petersburg; John D. Patterson, of Richmond Hill.
Fraleigh took two of the prizes.

STRYCHNINE IN BODY.
TORONTO— Dr. H. L. Rogers, Provincial analyst, reported to-day he had found strychnine in the body of Mrs. Hilda Nirva. The dead woman was discovered in the woods near Sudbury last week.

STEAMER BLOWS UP -- SCORES PERISH

NEWS IN BRIEF

SHORT ITEMS RECEIVED OVER C. P. WIRE

DISAPPEARS.

SAN FRANCISCO, Sept. 9.—Dorothy Millette, possibly the woman prominently named in the Paul Bern suicide, disappeared on Tuesday night from a river steamer between here and Sacramento, leaving her luggage in her cabin, police were told to-day by P. J. Oliva, jr., Oakland, ticket agent for

Second Race — $400, claiming 3

LAST WALK IN HIS SLEEP

CHICAGO, Ill., Sept. 9 (C.P.) — The tragedy of Frank Roski was that he walked in his sleep. Fishing from the Navy Pier in Lake Michigan, he fell asleep. An hour later Coastguards recovered his body.

HOLD CONVENTION AT MOOSONEE

HAMILTON.—The Ontario Magistrates' Association to-day decided to hold its next annual convention at Moosonee on the shores of James Bay if arrangements can be made for accommodation.

Invitation to Moosonee was extended by Magistrate E. R. Tucker of Cochrane and accepted unanimously.

CHILD DIES OF BURNS.

WINDSOR.—Shirley McConnell, 5, died in hospital to-day from burns suffered when she set her clothing on fire playing with matches.

Her mother, Mrs. Ray McConnell, was severely burned about the hands and arms in an attempt to beat out the flames which enveloped her child.

MISS ENGLAND ON WAY HOME.

MONTREAL.—The liner Duchess of York sailed for England to-day with Kaye Don's record-breaking speedboat, Miss England III. on board. Three mechanics accompanied the unsuccessful English challenger for the Harmsworth Trophy which Gar Wood, veteran Detroit speedster, retained by two victories last week-end.

DIES IN CRASH

AGINCOURT. — William Travis, 35, died here to-day, shortly after his automobile had overturned two miles north of this village.

REMANDED

LONDON, Ont.—Wm. J. Johnston, 17, was charged in police court to-day with criminal negligence in connection with the death Sunday of Miss Olive Coonan of Stratford, killed in an automobile accident. He was remanded till Sept. 12, on $5,000 bail.

Johnston was arrested after a four-day search as an alleged hit-and-run driver.

2 MONTHS FOR FORGERY.

HAMILTON—Harry Keckler, native of the United States, to-day was sentenced to two months in jail for forgery.

Keckler was originally sentenced by Deputy-magistrate James McKay to 30 days, but the sentence was lengthened at the request of Crown Attorney George Ballard.

NEW CIRCULARS DESCRIBING MAN ARE SENT OUT

Young American With Southern Drawl Wanted in Murder Case.

MATERIAL WITNESS.

"The Yank" Fairly Well Dressed, Bears Mark of Good Breeding.

While Henry Reid alias the "Michigan Kid" alias "Campbellford Shorty" was charged formally in police court to-day with the murder of Harry Thomas, the search for "Yank" who, according to the "Kid's" story was present in the boathouse when Thomas was stabbed, is being pressed with renewed energy.

This young American youth with his Southern drawl can prove or disprove the "Kid's" story that it was Thomas who attacked him and that the knifing was in self-defence.

New circulars describing "Yank"—the only name by which his "jungle" pals know him—were sent out to-day from the local police office. Chief Newhall said "Yank" is wanted as a material witness of the crime.

Description of Man

His description, gathered from more than 35 habitues of the "jungle" is given as follows:

"An American, called Yank, 24 or 25 years old, 5 feet 7 or 8 inches tall complexion and hair fair, thin face, very white teeth, two missing centre of lower jaw; dressed in navy blue suit, brown fedora hat, very clean appearance; speaks with Southern accent; has apparently been well brought up."

Chief Newhall stressed the fact that "Yank" is far different in appearance from the usual run of hobos. He bears the mark of good breeding, is cleanly and neat in appearance. Born in West Virginia, he speaks fine English with a noticeable drawl.

Description of "Yank" is now in the hands of police throughout Canada. Chief Newhall stated that he had taken special care that the circulars should reach every town and village along the border, since it is thought that "Yank" will endeavour to re-enter the States.

Unable to Extradite

"If he reaches the States we can not extradite him," said the Chief, "since he is wanted only as a material witness."

Great credit for the untiring work of officers throughout the district in the search for "Yank" was voiced by Chief Newhall. He named Provincial Constable F. Hill of Madoc, Provincial Constable Percy Gray of Marmora, Provincial Constable D. P. Morris, of Bancroft, Constable Jack Evans of the C.P.R. police and village Constable Roberts

(Turn to Page 5)

Discover Marriage is No Sedative As Far as Nerve Cases Are Concerned

ITHACA, N. Y., Sept. 9.— (By Howard W. Blakeslee, A. P. Science Editor). —So far as its effects on cases of "nerves" is concerned, marriage is no sedative.

Instead, it speeds up the pace so much that 152 married couples described to the American Phychological Association meeting here, rate distinctly more nerves than collegiate boys and girls.

The effect of having children is peculiar. The arrival of the first baby has a "calming" effect on the husband and just the reverse on the wife. But couples with three or more children both seemed to have conquered their nerves more effectively than other married groups.

This report is made by Raymond Royce Willoughby, of Clark University, under the heading neuroticism in marriage. Neuroticism means any nervous maladjustment not caused by organic troubles.

Worn and Haggard "Shorty" Appears On Murder Charge

Harry Reid Appears In Police Court Before Two Justices Of the Peace And Is Formally Charged With Murder Of Harry Thomas.

PRISONER SOBS AS HE IS LED FROM DOCK IS REMANDED WITHOUT PLEA OR ELECTION.

A wizened little man, with a haggard, pitiful look of tiredness on his face, in Police Court this morning was charged with murder.

He was Harry Reid, alias the "Michigan Kid" alias "Campbellford Shorty." Great sobs shook him and tears rolled down his face as he was led from the court room after the brief ceremony in which he was charged formally with the murder of his "jungle" pal, Harry Thomas.

He only said five words to the court. These were: "My name is Harry Reid."

On the information charging him with the slaying he was referred to as "Campbellford Shorty." Vincent Eastwood read the charge as follows:

"That on or about Sunday, September 4, 'Campbellford Shorty' did murder Harry Thomas."

It was then that little prisoner in the dock peered up at the two J.P.'s, Mr. Eastwood and Mayor Denne, and stated his name. However, the information was not altered. That will have to wait until Magistrate Langley returns to take over the duties of the court.

Remanded One Week

Reid was remanded without plea or election until Friday, September 16. "Without bail" stated Crown Attorney V. J. McElderry, K.C.

The small, bald-headed man shook his head sorrowfully as he stepped from the dock to return to his cell. He bowed his head as he passed the corner of the magistrate's bench. Then a muffled sob escaped him. He put his hands to his face as the tears stained his cheeks. He continued sobbing until the iron door clanked upon him and he was back in the privacy of his cell.

There's nothing of the villain or the desperado about this strange little man, who it is said had so often boasted of his fighting ability to his jungle mates. The fearsome reputation that he had built up for himself seemed nothing less than ludricous in the comparison with the impression gained by his appearance in court. He seemed nothing but a little man, borne down with a heavy weariness, mortified, not quite understanding it all.

ed his face until he was being led away. Then he broke down and the tears coursed down his face.

$60.00 IN CASH ARE LOST IN FIRE

Mr. and Mrs. Thomas Tyers Lost Much of Household Furnishings.

ONLY KITCHEN LEFT.

The fire Tuesday morning that destroyed the farmhouse on the Eighth Concession of Smith, occupied by Mr. and Mrs. Thomas Tyers, also wiped out about two-thirds of the furnishings and other contents, including sixty dollars in cash and about the same amount in the home grocery supply. The family appreciates the assistance of neighbors whose prompt arrival succeeded in saving various articles of furniture. There was no insurance on the contents. Mrs. Tyers was awakened after three o'clock by the smell of smoke which had blown in the window and almost suffocated her. The family had a rather narrow escape from the flames, which had by that time made extensive progress. The owners of the property intimated that the house might not be rebuilt. It was wiped out entirely except a small rear kitchen.

Harry Thomas Spent 7 Years At Border

WINDSOR, Sept. 9 (Special).—Harry Thomas, who was knifed, to death in a "hobo jungle" at Peterborough on Sunday, came to the Border from his home in Belleville about seven years ago, local investigation reveals. He was a butcher by trade and was employed in various shops throughout the Border Cities.

He had for about two years been a branch manager for the Sanderson Meat Company here. Last spring, Thomas opened a business of his own. The enterprise failed in three or four months and he left the city. When he left here he did not tell any of his acquaintances of his destination.

Royal Commission To Probe Shortage

WINNIPEG. Sept. 9. — A Royal Commission composed of three High Court Judges was favored by Provincial Cabinet Ministers to-day to investigate shortages in University of Manitoba endowment funds. Appointments will be given final consideration when Premier John Bracken returns from the east. J. A. Machray, K.C., former University bursar, yesterday was remanded on a new charge involving thefts of $901,175.30 of University trust funds.

BEER PARLOURS NOT FOR ONTARIO HENRY STATES

Says System Serving Wine, Beer in Hotels Might Be Worked Out.

MEETS HOTEL-KEEPERS.

Promises Legislation on Tourist Houses to Eliminate Unfair Competition.

TORONTO, Sept. 9. (CP)—There will be no beer parlors in Ontario, but a system of serving wine and beer in hotels might be worked out, Premier George S. Henry of Ontario told a deputation of hotel operators to-day.

Speaking frankly and definitely, the Premier stated the government would not accede to requests for permission to establish beer and wine parlors. At two elections, he said, the people of the province had given a verdict in favor of government control and were not prepared to make the hotel-keepers their agents for selling liquor.

"I agree with quite a lot of what you have said," Premier Henry said in reference to the condition of the hotel business "and with what you are seeking to do, but I fail to appreciate the argument that because you are losing business you should be engaged by the province to sell liquor."

"Legislation would be brought down affecting tourist houses in order to eliminate unfair competition, he said. "The question had been studied by the attorney-general and the government was looking forward to the possibility of licensing and controlling all accommodation provided for the traveller. The Department of Health who has favored sanitary inspection of such places, he continued.

So far as competition between standard hotels and other classes of accommodation, the premier said the government purposed giving something in the way of legislation that would relieve the situation.

ROBBER CAUGHT AFTER 11 YEARS

Prisoner Wanted for Part in $388,000 Mail Theft April 6, 1921.

REST IN JAIL.

CHICAGO, Ill., Sept. 9 (C.P.).—Hunted for 11 years for the $388,000 mail robbery at the Dearborn Street Railway Station, Harold Watkins was under arrest to-day.

Long ago he was indicted with the the "Big Tim" Murphy, Vincenso Cosmano, "Handsome Jack" Barry and Peter Gusenberg, but Watkins was never apprehended and in the intervening years the indictment was dismissed. Yesterday, however, he was found living on the south side, and Benjamin Landis, assistant United States District Attorney, said he would ask the Grand Jury to reindict him.

It was on April 8, 1921, that bandits staged a sensational raid on the postal section of the Dearborn Street depot and escaped with $59,000 cash and Liberty bonds worth $329,000.

The rest of the robbers indicted were convicted and sent to prison.

Cricket Results

LONDON, Sept. 9 (C.P. Cable).—The M.C.C.-Australian eleven at Folkestone to-day defeated a team representing the Rest of England, by 241 runs. The winners scored 213 and 401 runs for five wickets, declared, to their opponents' 264 and 129.

With only two days' play possible owing to rain yesterday, the match at Scarborough between the All India touring team and H. D. Leveson-Gower's Eleven was drawn. The English side compiled 305 for five wickets, declared, and 99 for none, the tourists replying with 290.

37 Bodies Found, Dozens Missing Of 165 On Board

Boiler Explodes As Ferry Pulls From New York Pier, Leaving Load Of Iron Workers Dead Or Injured Amidst Mass Of Floating Wreckage.

POLICE FEAR DEATH LIST WILL GO OVER 100; CAPTAIN AMONG MOST CRITICALLY INJURED.

NEW YORK, September 9 (C.P.). — An old wooden steamboat exploded in the East River near Hell Gate to-day, and 165 iron workers on they way to build prison cells on Riker's Island were hurled into the air, many dead and practically all the rest injured.

Twenty-four bodies were brought during the morning to the ferry house, where 28 years ago the dead of the Slocum disaster, in which more than 1,000 died, were laid. The contracting company which employed the men, reported the number of known dead at the ferry house and in hospitals was 37.

Scores were missing, and it was feared by police on the scene that the final death list might well reach 100. Among those unreported but considered surely dead by his associate was Harry Hires of Matteawan, the boat's engineer, who was in the engine room when the boiler exploded and the craft was torn apart.

When the explosion occurred the body of one workman was tossed 50 feet into the air and landed on the roof of a building near the waterfront. Another body was buried a similar distance to the roof of a building of the New York Edison Company.

Three divers were despatched from the Brooklyn Navy Yard to assist in the search for bodies.

The ferry, the 92-foot wooden steamer "Observation" had already made one trip to the island from the 138th street dock and had just started with its second load when the explosion occurred.

The Observation, which was built in 1888, was about 25 feet from the pier when people ashore were stunned by a terrific roar. The ferry disappeared in a dense cloud of smoke from which catapulated bodies and fragments of wood and iron.

When the smoke cleared there was nothing left of the boat but debris floating on the oily water.

Police, coastguard and commercial boats flocked to the scene and joined in saving the injured and transporting the dead to shore.

Priests came to the ferry house and, kneeling among the rows of dead, administered last rites to the dying.

Police Commissioner Edward P. Mulrooney and Bronx District Attorney Charles McLaughlin were early on the scene and directed the rescue work.

Saved By Tardiness.

One workman, Ted Maureau, was saved by tardiness. He arrived at the dock just a minute too late to make the ferry, and was standing watching it when it exploded. He helped in the rescue of his fellow-workers.

It was the worst river tragedy here since 1926, when 56 men were drowned as a work launch was crushed in the ice-chocked Hudson. The launch was the Linseed King and it was carrying a load of newly employed men to their first day's work in New Jersey.

Captain Joseph Rogers of the municipal ferry, Greenwich Village, gave a graphic account of the explosion.

"I heard a blast and saw the boat blown to smithereens," he said. "When the clouds of smoke and steam had cleared away we could see the passengers struggling in the water over a large area. Our ferryboat was in its slip at East 134th Street at the time, just two blocks from the pier where the "Observation" had backed out into the water.

"We lowered the lifeboats on our ferry and cruised about among the wreckage. We picked up four bodies and 10 injured persons. Other people were putting out in small boats and they also picked up bodies and the injured."

Commissioner Mulrooney commented that it was at this same ferry dock that in 1904 he arrested the captain of the excursion steamer General Slocum, which sank in Hell Gate with a loss of 1,021 lives.

Witnesses Held.

All witnesses of the explosion of the "Observation" were taken to nearby police stations for questioning. Among them was George Forsythe, captain of the ferry and son of its owner.

"The boilers exploded," he repeated over and over, and that was the only explanation he had to offer.

PLANE STRIKES MOUNTAIN SIDE 3 DIE IN FLAMES

Tightening of Safety Belt By Nervous Passenger Saves His Life.

ONLY SURVIVOR.

EL PASO, Tex., Sept. 9. (CP) Tightening of his safety belt saved George A. Davidson's life while his three companions on an aeroplane trip were burned to death when the ship struck the side of a mountain.

Pilot W. J. Bryant Robbins of the American Airways, his co-pilot, Francis W. Briggs, and Victor Ellman of St. Louis, a passenger as was Davidson, were killed. The plane, wrecked yesterday morning, was found early to-day by two other American airways pilots.

No Serious Injuries

Davidson was burned on his hands and face but suffered no serious injuries. The searchers found him about two miles from the plane.

He said he was nervous as Robbins tried to pilot the plane over the Guadalupe chain in foggy weather. As a precaution, he tightened his safety belt. When the plane hit the mountainside, the other three were thrown forward and probably stunned. Davidson's belt kept him in his seat and permitted him to leap from the plane an instant before it took fire. Almost in a moment, the other men were burned to death before his eyes.

POLICE SEEKING "OTHER WOMAN" IN BERN'S LIFE

Trail Dorothy Millette, Known Years as Director's Wife, to Los Angeles.

CORONER'S VERDICT TERSE

No Motive Found For Suicide —Estate Left to Mystery Woman.

LOS ANGELES, Cal., Sept. 9. — The "other woman" in the life of Paul Bern, brilliant film studio executive and husband of blonde Jean Harlow of the screen, was sought to-day by police, in hope she might throw some light on his suicide.

Authorities expressed belief the "mystery woman" is in Southern California and may have figured in events immediately preceding the death of Bern last week-end when he shot himself to death in the Benedict Canyon home he occupied during his two months of marriage to the actress.

Miss D. Millette, identified by The Los Angeles Examiner as the "other woman," checked out of a San Francisco hotel Tuesday, the day after Bern's body was found. She had been registered at the hotel since May 4.

For years the "mystery woman" was known as "Mrs. Paul Bern." She received a cheque regularly from the director; the last cheque, according to officials of the film studio where he worked, being mailed to her in San Francisco.

Police were eager to locate her, as all other attempts to clear the mystery of Bern's death have failed.

An inquest yesterday failed to reveal a motive for the suicide, although several witnesses testified the 42-year-old film producer was subject to melancholia resulting from a physical state which would tend to prevent a happy marriage.

Gloomy Genius

HOLLYWOOD, Sept. 9.—A picture of Paul Bern as a gloomy genius, brooding over his marriage to Jean Harlow, platinum blonde screen beauty, was outlined to a coroner's jury yesterday, as the law sought vainly to solve the mystery of his suicide.

Fleeting references were made to the possible motives behind Bern's

SEEK TO END STRIKE

MANCHESTER, Eng.—F. W. Leggett, assistant secretary of the Ministry of Labor, arrived here today and began negotiations between the employers and strikers with a view to settling the textile strike in Lancashire.

He sought to arrange a date and place for a meeting of both factions.

OSHAWA LEGION CONDEMNS WARRIORS DAY PARADE AT EX.

Claims Veterans' Suffering Exploited for Purpose of Boosting Attendance.

PATHETIC SIGHT.

OSHAWA, Ont., Sept. 9.—(C.P.) —The Oshawa branch of the Canadian Legion to-day strongly condemned the recent warriors day parade at the Canadian National Exhibition in Toronto as exploitation of war veterans for the purpose of boosting attendance at the Exhibition.

The Legion branch passed a resolution at its meeting last night strongly censuring the parade.

Pathetic Sight.

Speakers said the parade was a pathetic sight, revealing the suffering of men who had served their country and were now down and out as result of depressed economic conditions and lack of employment.

The resolution read:

That this Branch of the Canadian Legion express condemnation of the exploitation of veterans in the Warriors Day parade at the Canadian National Exhibition, which in the opinion of this branch, serves no useful purpose, and has as its basis only the enlarging of attendance records at the said exhibition, and we further suggest that in future the Canadian Legion do not associate itself with this parade.

Lakefield Lady, 91, Takes Plane Ride

TORONTO, Sept. 9 (C.P.)—All her life, Miss Annie Gow of Lakefield, has been delicate. At 91 she reads without glasses, goes for daily walks and travels alone by bus and by train. Today she went for an airplane ride and got a great kick out of it. Miss Gow, celebrating her birthday, is visiting relatives in Toronto.

Legless Man Wanted By The Examiner

A legless man who sells shoelaces can obtain information that may be of value to him by communicating with The Peterborough Daily Examiner.

He spent part of the summer in Peterborough, and left there late in August. He is about forty years old, dark complexion and he walks on the stumps of both legs which were amputated above the knees. Apparently he makes a living by selling shoelaces in the streets.

Aviation in all its forms is popular in Germany this year.

Urge Gridiron Star's Rescues Be Rewarded

ST. THOMAS, Ont., Sept. 9 (CP). —Mayor John A. Jagoe to-day will recommend to the Royal Canadian Humane Society that suitable recognition be made of the bravery displayed by Dr. Angus ("Janty") McLachlin and his brother Allan in connection with their work in rescuing eight persons whose lives were endangered in the undertow at the Port Stanley bathing beach last Monday afternoon.

Mayor Jagoe said: "From reports that I have heard, I feel that these two young men, and Dr. McLachlin particularly, are richly deserving of recognition, and, I consider it my duty to bring the matter to the attention of the Royal Canadian Humane Society."

MAGISTRATES FAVOR WHIPPING FOR OFFENDERS UNDER 21 YEARS

Would Be New Duty For Sheriff—O. A. Langley Outliner Contempt of Court.

AMEND CRIMINAL CODE.

HAMILTON, Ont., Sept. 9. —(C.P.)—Ontario Magistrates in convention here to-day passed a resolution urging amendment of the criminal code to permit whipping in dealing with offenders under the age of 21 years.

Text of the resolution which will be forwarded to the department of justice at Ottawa, read:

That section 68 of the criminal code which allows a parent, guardian or master to use reasonable force be amended by adding the following clause: "In dealing with offenders under the age of 21 years of age, notwithstanding any existing penalty it shall be lawful for any court to order whipping by means of a strap and such punishment may be in addition to or in substitution of any other existing penalty.

The question then arose who should administer the spanking of juvenile offenders. It was agreed the duty belonged to the office of the sheriff.

Address by O. A. Langley, K.C.

Outlining what constituted contempt of court, Magistrate O. A. Langley, K. C., Peterborough, addressed gathering at noon. It was not safe, he said, for a magistrate to deal with a case of contempt outside of his own court room as he was not in the same position as a judge. He told of a case of contempt in the year 1539 where a prisoner so

(Turn to Page 5 Please).

Two-Pound Potato Is Grown in City

Monarch of the potato world, a specimen tipping the scales at two pounds, was recently brought to The Examiner office from the garden of John Richardson, 561 Homewood avenue. It is a perfectly formed new potato, and is large enough in itself to provide vegetable for two at one meal.

Another potato, noteworthy because of its curious shape, was also brought to the attention of this journal by D. Greenwood of Mark street. It is a seven-in-one variety, with six smaller potatoes growing from the large parent "spud."

Postpone Wage Cut Strike Tension Eases

MANCHESTER, Eng., Sept. 9. — (A.P.). —The labour tension in the cotton industry eased somewhat today when employers in the spinning mills postponed a wage cut which was to have taken effect September 17, and agreed to resume negotiations with the spinners Tuesday.

As the result of a visit here by W. P. Leggett, assistant secretary in the Ministry of Labor, it was expected that the ministry would issue invitations to-night for a conference of workers and employers in the weaving mills, with Mr. Leggett representing the government.

URGE JAP INFLUENCE CONTINUE IN MANCHURIA IN ADVISORY STATE

League Nations Inquiry Commission Suggests China's Sovereignty to be Recognized.

REPORT READY.

(By Glenn Babb, A.P. Staff Correspondent.)

TOKYO, September 9. — Continuation of the Japanese influence in Manchuria, in an advisory capacity, has been recommended by the League of Nations Inquiry Commission in its report to the League, official sources here said to-day.

The information, they said, came from Japanese representatives at Peipingli, where the report was signed last week.

These advices, which contained a purported summary of the Commission's findings, said, however, the report recommended an arrangement recognising China's sovereignty in Manchuria, but establishing the autonomy of the territory under Japanese advisors.

This, it said, should be worked out by negotiations between China and Japan, with representatives of Manchuria and observers representing the League.

The purported summary received here quoted one member of the Commission as saying in effect that Japan "won almost every point" in the finding as finally framed, and that it was revised several times to take into consideration the Japanese contentions.

Japan's Answer.

The Foreign Office spokesman here said to-day, however, that Japan's recognition of the government of Manchukuo next week would be her answer to any proposals to restore Chinese sovereignty in Manchuria. The Foreign Office instructed its representatives at Geneva to ask that publication of the report be delayed until Japan could study it and prepare a reply and some observations.

If this request is accepted by the League it would mean publication would not be likely before late October. The Foreign Office said the study would require from four to six weeks.

According to the purported summary, the Commission's recommendation also included complete demilitarization of Manchuria and the establishment of a native police force under foreign supervision.

Australian theatres are showing more American talkies than a year ago.

Exchange

BELLEVILLE, Ont., Sept. 9.—(C.P.). —Gas station proprietors and others have cheerfully been making a neat profit on American tourists tendering United States money in purchases. With the "no exchange given" sign up they have been benefiting to the extent of the exchange.

James Clare, gas station proprietor, to-day struck a snag. "Fill 'er up," said a tourist, tendering an United States $10 bill but when the Canadian change was handed over to him without regard to the exchange rate he became irate. Clare merely pointed to the sign.

Ten minutes later, however, the tourist was back with a Canadian $10 bill demanded his original proffer back in exchange for it. Clare complied with the request but now he is wondering if he had to.

BEAR IN GARAGE GREETS HUNTERS

Cobourg Men Find Bear Occupying Garage at Hunt Camp.

BECOMES FRIENDLY.

COBOURG, Sept. 9.—A party of Cobourg hunters who had motored to their hunting cabin north of Coehill to inspect it for the fall outing, returned home yesterday to report that as they drove their automobile up to the cabin, a large brown bear appeared in the garage door and demonstrated she was ready for a fight.

The hunters remained quiet, and the bear returned to the garage. In a few minutes, she came out with her two young bruins and started for the tall timber. Then the party opened up the cabin, but when they were at dinner they were surprised to see the old bear looking in the open window and sniffing at the cooking. She made no further attempt to bother the party, however. The supper over, all scraps were thrown out, and mammy bear cleaned up on the food.

Two days were spent at the cabin, and before the owners left, Mrs. Bear and family would come to the open door for bits of food.

Woman, 102, Smoked Pipe For 87 Years

LINCOLN, Kan., September 9. — Lady Nicotine is an old pal of Mrs. Abbie Holman, a pioneer. Placidly puffing her pipe, Mrs. Holman celebrated what she announced was her 102nd birthday. She has smoked since she was 15.

FIRE DESTROYED GASOLINE TRUCK

Driver John Larmer Of Millbrook Had Narrow Escape.

RAN INTO DITCH.

Failing to make the bend on Murray's Curve, Highway 28 about six miles out of the city last evening, a loaded gasoline truck owned by John Douglas of the Power Oil Company, Fraserville and resident at 591 Water street, city took to the ditch, crashed into a tree and then burst into flames.

Not insured, the truck and its load of 500-gallons of gasoline was completely destroyed, while the driver John Larmer of Millbrook miraculously escaped with minor injuries to his right leg. He was conveyed to the Standard Medical and Surgical Clinic at Peterborough and was attended by Dr. J. H. Eastwood.

"I don't know how it happened. The truck just wouldn't make the turn," was all that Larmer had to say when interviewed by The Examiner as he sat on the steps of the Clinic nursing his injured leg and awaited the arrival of a car to convey him to his home.

In its crash into the ditch, the heavy truck which had been travelling towards Fraserville, ripped out five guard poles and about a hundred feet of wire cable. It came to rest against a tall tree, the violence of the impact causing the tank to be sundered from the chassis. Fire resulted and huge jets of flame from the various pipe connections on the tank flared up and created an eerie spectacle in the gathering twilight of the early evening.

Provincial Highway Patrol Officer Ted Hornick and Provincial Constables D. Silvester and W. Warren were called to the scene and kept the gathering crowd of curious motorists on the move to prevent a blockage of traffic.

Auto bandits are active in Scotland.

HEALTHY BABIES

must have healthy skin

The answer lies in "Vaseline" Petroleum Jelly. Mothers need have no fear of using it freely even on the very young baby. Absolutely pure. Prevents chafing, skin irritations; scaly scalp. Eases snuffles. Keep a jar handy, and use it whenever a lubricant or an emollient is needed.

Refuse imitations. Insist on the genuine. Look for the trade mark Vaseline on every tube or jar that you buy. At all Drug Stores.

HELD IN SWINDLE

LOS ANGELES—Williamson S. Summers, 70, Glendale, Calif., real estate broker and identified by federal authorities as a former United States attorney and assistant attorney-general of Nebraska, has been arrested for alleged participation in a plot in which 1,500 persons were defrauded of $750,000.

NO INQUEST

WINDSOR.—No inquest will be held into the death of Joseph Kucia, 36, whose body was found in the Detroit River, it was decided by Dr. C. V. Mills, coroner, to-day. Kucia's death was accidental, Dr. Mills decided.

COALITION IDEA RECEIVES FAVOR

Saskatchewan's Premier Strengthens Long Standing Rumors by Endorsation.

LIBERAL CHIEF MUM.

REGINA, Sept. 9 (C.P.).—Long-standing rumors of the formation of a coalition government in Saskatchewan were strengthened last night as a result of the endorsation of the coalition idea by Premier J. T. M. Anderson in an interview at Winnipeg. Dr. Anderson was commenting on the recent announcement of Premier S. F. Tolmie of British Columbia favoring a union government in that province.

The Premier's statement set political circles buzzing with speculation but J. G. Gardiner, leader of the Liberal Party and former Premier, from his farm at Lemberg, said no union proposals of any kind had been made to him. Until he heard from Premier Anderson he did not want to say anything as to the merits of a merger of political parties.

From M. J. Coldwell leader of the newly-formed Farmer-Labor Party, came a declaration his party could not collaborate with either of the old parties whose aim was to save the "financial interests which have placed mankind in its present poverty."

ENDS HIS LIFE WITH ARMY GUN

Salesman Learns Mother, He Had Not Seen Since Youth, is Dead.

WAS TO WED IN OCTOBER.

HALIFAX, Sept. 8. —(C P). —A bullet from a heavy army rifle today ended the earthly troubles of John Ross, a brush salesman, whose pathetic story was scribbled over eight pages of a note book found beside his body on a waterfront pier.

This was the John Ross who recently wrote to the police of Hamilton, Ontario, to learn the whereabout of his mother, Mrs. Gordon Pickle. He had not seen her since his mother's death was sufficient to marry in Oct. and wished her to be present at the wedding. His letter brought the news that his mother was dead.

Added to his financial worries his mother's death was sufficient to deprive him of desire to live, according to the note book.

"I got the news that my mother was dead and I'm taking the shortest way to meet her. I couldn't get a smaller gun without a license to leave this world.

Mount Pleasant

Mr. and Mrs. Wood of Oswego, U.S. were guests at the home of Mr. and Mrs. F. H. Gardiner during the past week.

Miss C. Rogers returned to Toronto on Sunday after spending the past week at the home of Mr. and Mrs. E. McLean.

Mr. J. Mollison of Toronto spent the week-end over the holiday at the home of Mr. and Mrs. T. C. Morden.

Mr. and Mrs. W. H. Foord and Mrs. Duncan Sharpe of Toronto were visitors at the home of Mr. and Mrs. Ira Lowe on Friday.

Mrs. Nellie Mitchell of Omemee is visiting her sister, Mrs. R. J. Hayes.

Mr. Gordon McLean returned to Toronto on Sunday after spending a week's vacation with his brother, Mr. E. McLean.

Miss Evelyn Bland of Toronto spent the holiday week-end with Mr. and Mrs. H. Bland.

Mr. and Mrs. Lloyd Sutton, Miss Audrey Keen and Mr. Stanley Theobald of Cavan were visitors at the home of Mr. and Mrs. E. McLean on Sunday.

Mr. and Mrs. Garnet Shield and daughter Miss Juan and Miss Annie Graham enjoyed a motor trip to Hamilton during the past week and en route attended the Canadian National Exhibition.

Mr. John Kerr of Toronto was a guest at the home of Mr. and Mrs. Harry Bland over the week-end.

Mr. J. Gibson of Toronto spent the week-end with Mr. and Mrs. E. McLean.

Mr. and Mrs. Thomas Tellford of Rochester attended the funeral of the late Mrs. J. H. Lowe and were guests of Mr. and Mrs. Ira Lowe during their stay.

Mr. Herman McLean of Toronto spent the week-end with friends here.

Mrs. M. Howden and Miss L. Stoneham of Peterborough are guests of Mr. and Mrs. W. H. Lowes in town this week.

Winter Relief Plans Are Being Drawn Up

TORONTO, Sept. 9. —(C.P.). — "The government is now considering what it can do with regard to relief," declared Hon. William Finlayson, Minister of Lands and Forests in the Ontario Government, to-day. "The fall and winter programme has not yet been completed, but is being drawn up," he said. Mr. Finlayson was commenting on reports from Sudbury to the effect unemployed who are on relief there will be paid during this month at the old rate effective before Sept. 1.

After Her Cash

LOS ANGELES, Sept. 9. (CP) Asserting "I'll sit until I collect' Mrs. Viola Casady, film actress, sat to-day in the lobby of a bank in full view of her husband, Wayne A. Casady, bank cashier, who she claims owes her $2,698.65 on an unpaid $3 400 balance of a property settlement.

A few minutes after the bank opened Mrs. Casady, who was divorced from Casady in Reno, Nev., November 18, 1929, made herself comfortable with a book.

TORONTO PRODUCE

TORONTO, Sept. 9 (C.P.)—The following quotations on produce, delivered at Toronto, as supplied by the United Farmers Co-operative Co.:—

Eggs, extras, doz., 23c; firsts, doz., 18c; seconds, doz. (cracked), 12c. Cream, No. 1 (f.o.b.), 18c; No. 1 (off truck), 18c. Butter, No. 1, solids, lb. 22c. Potatoes, bag, 55c to 57c.

Export beef cattle are not selling.

NOBLES TO LOSE SPANISH LANDS

Assembly Passes Bill Aimed as Experiment in Community Farming.

52,000,000 ACRES SEIZED.

MADRID, Sept. 9 (A.P.)—Spain's projected experiment in community farming and the distribution among the laboring people of large estates of the nobles and the former crown lands, was approved by the National Assembly to-day, when the Deputies voted upon the final chapter of the long-discussed "agrarian reform."

The measure still has to go through the formality of a final vote on the bill as a whole, which was expected to be taken later in the day.

It provides for the parcelling of an estimated 52,000,000 acres of land said to be valued at more than $5,-500,000,000.

At the same time the Assembly approved the Catalonian Partial Independence Bill, which has been a centre of much contention since the establishment of the Republic a year ago last April.

Premier Azana said the measure eventually would convert Spain into a union of federated provinces, patterned along the lines of the Dominion of Canada.

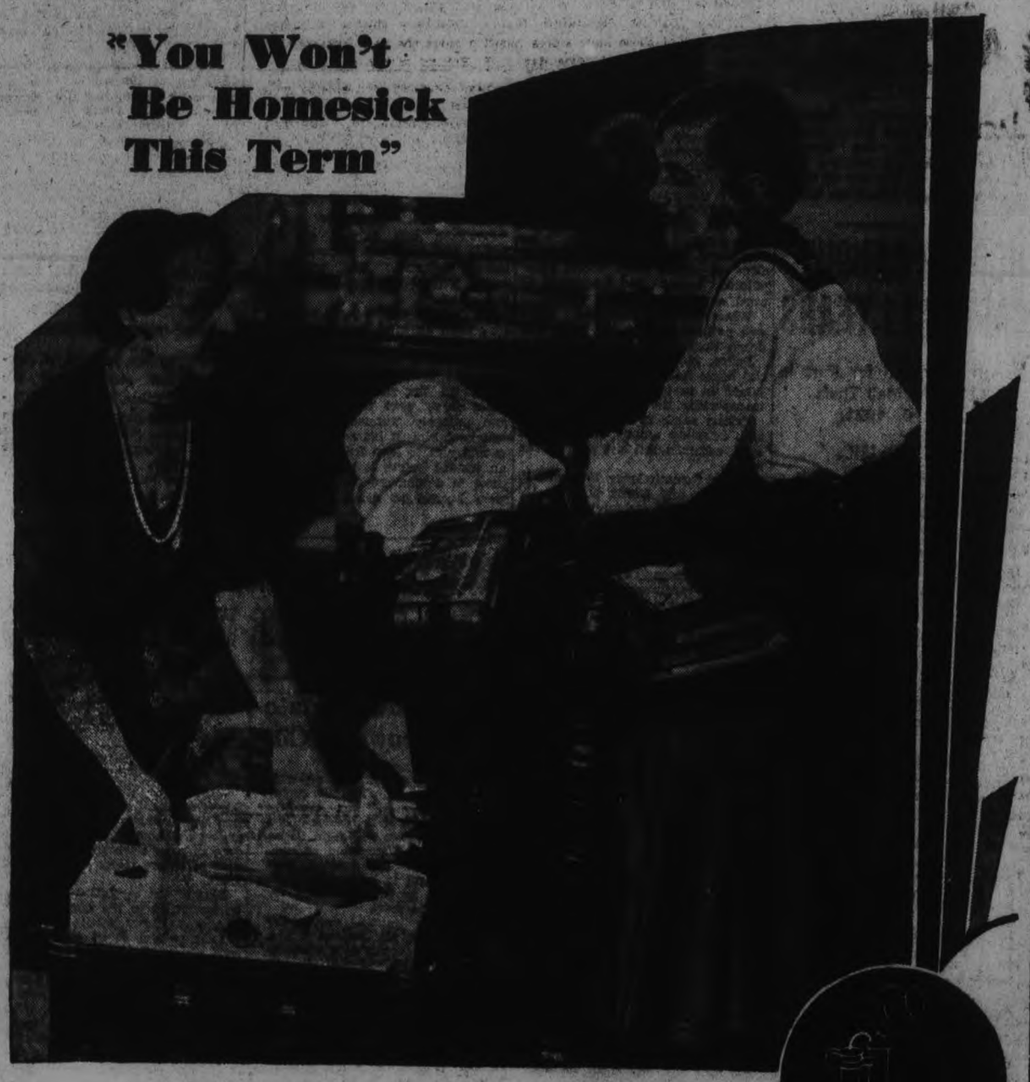
DISPUTE OVER DAUGHTER IS SETTLED BY TOM MIX

LOS ANGELES, Sept. 9 (C.P.) — The troubles of Tom Mix, cowboy film star, and his former wife, over the custody of their 10-year-old daughter, Thomsina, have been ironed out by an unexpected agreement in the midst of court proceedings. Shortly after Superior Judge Clement Shinn had taken the child into his chambers for a "private talk," counsel for the couple said an agreement had been reached by which each would share custody of Thomasina.

ON JOB 44 YEARS

INGERSOLL, Ont.—Appointed in 1888, Town Clerk W .R. Smith of Ingersoll has entered his 44th year of continuous service. With the exception of three months' leave, granted two years ago, he has been at his post almost without interruption.

As the result of a boost in pork prices in Ireland the largest number of pigs in over 20 years were sold in Portatown on a recent Saturday.



Peggy had such a sinking feeling when the time came to pack her trunk for boarding school again. Then Mother gave her a happy surprise:

"Every Friday night at 8.30," she said, "Dad and I are going to telephone and have a little visit with you. It will be something nice to look forward to all week, won't it?"

So Peggy went back to school feeling quite cheerful and her Mother and Dad feel better too. The weekly telephone visit costs less than a movie and is worth many times that to all of them.

H. H. P. JOHNSTON
Manager

For 30 cents you can telephone about **100 miles** by calling "station-to-station" after 8.30 p.m. local time. See list of rates in front of directory. (Evening rates begin at 7 p.m.)

He need never have suffered for all those years

His headaches, poor appetite, low vitality could have been corrected by eating a delicious cereal containing "bulk" and Vitamin B

HIS poor health resulted from constipation. It brought dull headaches to cloud his days, sleeplessness to break his nights. Office hours were handicapped. Ambition blunted.

He tried to correct his condition—with pills and drugs. He found he had to keep increasing dosage to get results. Then, one lucky day, he heard about Kellogg's ALL-BRAN.

He put this tempting cereal on his daily menu. In a month, it seemed hard to believe he was the same man. A new spring to his step. A new light in his eyes. A new outlook on life.

What makes Kellogg's ALL-BRAN so good for you? It furnishes two things needed to overcome common constipation: "Bulk" to exercise the intestines; Vitamin B to help tone the intestinal tract. In addition, ALL-BRAN supplies twice as much blood-building iron as an equal amount by weight of beef liver.

The "bulk" in ALL-BRAN is similar to that of lettuce. Inside the body it absorbs moisture, and forms a soft mass, which gently clears the intestines of wastes. Two tablespoonfuls daily are usually sufficient. In severe cases, use ALL-BRAN with each meal. If your intestinal trouble is not relieved this way, see your doctor.

Special cooking processes make ALL-BRAN finer, softer, more palatable. Enjoy as a cereal or use in cooking. In the red-and-green package. Sold by all grocers. Made by Kellogg in London, Ontario.

The gentle, natural way to relieve common CONSTIPATION

PETERBORO PRESBYTERY W.M.S. HOLDS SUCCESSFUL GATHERING

Mrs. W. H. Morton, Delegate at Whitby Mission School, Reads Interesting Report.

SPECIAL MUSIC.

A splendid W.M.S. rally was held yesterday afternoon under the leadership of Mrs. William Watt, fourth vice-president of Peterborough Presbyterial.

The rally included Peterborough section, which embraces the six United Churches of the city, together with Keene, Bensfort and Stewart Hall, auxiliaries and was held in Keene United Church.

Mrs. Watt presided throughout the session and was supported on the platform by Mrs. A. I. Brown, president of the Presbyterial.

A short service of song opened the meeting, with Mrs. D. Edwards as organist.

In the absence of Mrs. B. L. Barnes, the secretary, Mrs. J. F. Allin acted in this capacity.

The scripture lesson was read by Mrs. A. E. Moorhouse of St. James Auxiliary who chose Paul's letter to the Ephesians as found in the third chapter of Ephesians from the 14th verse to the end.

Prayer was offered on behalf of W.M.S. work in general and of this section in particular by Mrs. Coon of George Street Auxiliary and Mrs. E. Wand of Mark Street. These were preceded by silent prayer by the whole congregation.

The roll was called and in response the eight auxiliaries stood as follows: Stewart Hall, 6; Bensfort, 2; Keene, 23; Knox, 13; St. James, 9; Trinity, 6; George Street 12; Mark Street, 8; St. Andrew's being the only Auxiliary not represented.

Reports Read

Mrs. Wm. Stevens gave a very encouraging report of her department as Associate Helpers' Sec'y.

Words of greeting were extended the rally by Mrs. A. I. Brown, who congratulated the vice-president upon her work, this year being the first in which all arrangements for the rallies were made by the vice-presidents.

The music interspersing the business items on the program contributed largely to the success of the convention. "The Garden of Prayer" sung in duett by Mesdames Easson and Bryce of Keene Auxiliary and the solo "I Gave My Life for Thee" by Mrs. Ernest Johnson, were beautifully rendered.

Mrs. W. H. Morton, delegate from Peterborough Presbyterial to the School of Missions held in Whitby Ladies' College, brought a wonderfully inspiring report of the school.

Considering that the staff of this school is composed entirely of missionaries and officials of the United Church, the work is authoratively a school of missions. In undertaking to report it, Mrs. Morton confined herself to addresses of the Rev. Walter Brown, principal of Emmanuel College, and Rev. Jesse Wilson, general secretary of the student volunteer movement of the United States and Canada. The themes chosen by these two workers in missions were respectively "The Bible as the Background for Missions" and "The remaking of the Missionary Enterprise." The testimony of these men was the same "that the Spirit of Christ in our hearts" is the great need of to-day.

In the second part of her report Mrs. Morton summarized the lectures given by the various workers, both at home and in the foreign field, bringing forward some startling facts and figures about each of our missionaries at first hand. In Africa last year $1,000 was raised by Christians for missions by men whose wage amounted to only ten and fifteen cents a day. Here a missionary must indeed be a linguist since there are 600 languages.

In "All People's Mission" in Montreal the pastor told that 90 percent. of his congregation is out of work, and that there are seventy different nationalities in our country building Canada.

If our missionary work is to be kept going, 1,064 new missionaries must be sent every year and there is no money to send them. Missions is simply giving all people in the world a chance to know God. Jesus not only loved us but gave Himself for us. He is our guide in this as in every thing else.

Reports as to methods of prayer groups in auxiliaries were given and followed by discussion. Stressing the lectures given at the school by Mrs. Craw, the speaker gave some very interesting high lights. Prayer was one of the chief factors in her work.

The finance secretary, Mrs. M. A. Morrison brought a challenge to the ladies that they measure up in their finances this year. She maintained that there has been no real depression felt in our section and asked them to carry away the truth that our wants may be many but our needs are really few.

A vote of thanks was tendered Mrs. Morton for her splendid report which was heartily endorsed by the meeting.

The benediction pronounced by Mrs. Brown brought the rally to a successful conclusion.

The Keene ladies provided a sumptuous repast for the delegates and visitors and a delightful social hour was enjoyed. Mrs. Morrison thanked the hostesses for their kindly hospitality, throughout the convention and on behalf of his home auxiliary Rev. Mr. J. V. McNeeley responded to the vote of thanks.

ASSOCIATION PLANS FOR FOWL SUPPER

George Street Women Start Their Autumn Season Activities.

The Women's Association of George Street United Church held their first meeting for the autumn season in the Board Room yesterday afternoon, with the President, Mrs. W. P. Hetherington, in the chair.

After the opening exercises the devotional part of the program was taken by Mrs. C. W. Coon. The Scripture reading was given by Mrs. McHoull, followed by prayer by Mrs. Morrow.

Splendid reports were submitted by the standing committees, showing that they had not neglected their work during the holiday season. Mrs. P. Hagerman, convenor of the Sick and Visiting Committee, reported 149 calls made since the last meeting. Miss Morrow reported a large number of bouquets sent out, and the corresponding secretary, Miss Mary Elliott, read numerous letters of thanks for flowers and letters of sympathy tendered by the association. Miss Isobel Wadell contributed two pleasing solos, accompanied by Mrs. D. Howat.

The business part of the meeting consisted chiefly in arranging plans for coming activities. It was decided to hold the annual anniversary fowl supper on October 25, following immediately after the anniversary service. Further arrangements were left over until the next meeting.

a—Ryland R. New-Ridgewood Farms entry. b—W. E. Bulmer entry.

Second race—The Plains of Abraham purse $800, for 2-year-olds, 5½ furlongs (12-2): Pole Pass 110; Jack Knife 113; Royal Guard 118; Dark War 115; Tractable 113; Wooly West 118; Espinetta 115; Rattlesnake Tom 113; aRock Lad 110; Grimace 115; Trickeys Son 111; Sixty Ninth 110. Also: Rome Vennie 118; aStormer 110.

a—George M. Hendrie entry.

Third race—Purse $800, The Queenston Heights, claiming for 3-year-olds and up, 6 furlongs (9): Prometheus 116; Phil R 108; xJoe Datch 103; Spey Crest 104; Finger Tips 110; Dark Mission 106; Paddock 110; Princely Attention 113; Bubbling Out 112.

Fourth race—Purse $800, The General Brock, claiming for 3-year-olds and up, foaled in Canada, mile 1-16 (7): Gay Parisian 114; xLindsay 107; Refiner 110; Thunderlight 100; Miss Gormley 100; Marie Gaiety 110; Mr. Gaiety 113.

Fifth race—Purse $1,500, The Francis Nelson Memorial Handicap, 3-year-olds and up, mile 1-16 (6): Khorasan 115; Broadway Lights 113; Deedie 116; Boscobel 106; Omareen 108; Aymond 107.

Sixth race—Purse $800, The Eddie Peabody, claiming for 3-year-olds and up, mile and a furlong (9): Fire Brigade 115; Mainsheet 110; Make Believe 112; Lion Hearted 110; Tryon 115; Arundel 110; Entrap 110; Rejuvenation 118; Rustic Flirt 104.

Seventh race—$700, The General Montcalm, claiming for 3-year-olds and up, mile and a furlong (10): Carylon 1099; Kybo 112; Fair Aris 110; Tuffy G. 109; Hayfire 112; Blanket Bay 109; Huraway 109; Long Run 113; Tea Green 113; The Doctor 110.

CONCEALED POLICE SHOOT MAN TO DEATH

After housing a plot to rob the Shubenacadie branch of the Royal Bank of Canada, five officers of the Royal Canadian Mounted Police were concealed on the premises and Gerald Freckelton was shot to death when he attempted to carry out the robbery. It is alleged the police furnished the car for the attempted hold-up. (1) W. R. MacNeill, bank clerk, who hid with Sidney Rafuse (who is being held on a charge of robbery while armed), behind the vault door in the bank when the shooting took place. (2) The Shubenacadie branch of the Royal Bank where the concealed officers shot Freckelton to death. (3) Chief of Police Wm. Palmer, of Halifax. (4) C. J. Lawlor, teller at the bank. (5) Edison Boutillier, one of the men overheard plotting the attempted robbery.

SCREEN ODDITIES
by Captain Roscoe Fawcett

The fact that Greta Garbo likes the comfort and ease of trousers, sweaters, and other apparel with a masculine treatment is well-known in Hollywood where often, on her infrequent appearance in public, she is seen wearing this dress. When she prepared for her visit in Sweden this summer the masculine garb was given typical prominence in her wardrobe Off-screen she also dislikes to use cosmetics. These idiosyncrasies seemingly are a way of relief from the very feminine roles she portrays on the screen.

* * * * * * *

An actor's height on the screen can be varied more than a foot through scientific use of makeup and camera angles. If an actor is to be made to appear shorter the cameraman shoots down on him from a point slightly higher than usual. If the height is to be increased the camera is focused from a point several inches below the normal position. Exceptionally low or high heels and sometime a low platform or a slight depression are utilized in completing the illusion.

* * * * * * *

Ann Harding, according to Percy Westmore, makeup artist, is the only true blonde in Hollywood. A true blonde, he says in explaining this statement, is one who is entirely blonde in the color of the pigment in hair, skin and eyes.

* * * * * * *

DID YOU KNOW THAT

Edward G. Robinson's real name is Emanuel Goldberg?

* * * * * * *

Will Rogers traveled more than 100,000 miles and starred in three movies during the past twelve months?

* * * * * * *

Charlie Chaplin wears grey suede top shoes especially made for him by a London bootmaker?

ALLISON LEADS FIELD.

FOREST HILLS, N.Y., Sept. 8.—(C.P.).—Wilmer Allison of Austin, Texas, United States Davis Cup star, led the field into the semi-finals of the United States tennis championships to-day by defeating Sidney Wood, Jr., of New York. 5-7, 6-3, 6-2, 6-4.

PRINCETON, N. J. — Two young girls were killed and four other persons injured, one critically, in a collision between an automobile and an empty produce truck near here early to-day.

The dead are Marian and Dorothy Smeed, sisters, aged nine and five, respectively, of Passaic, N. J.

ADVERTISE IN THE DAILY EXAMINER

BURNED HOME LAURA SECORD

One Youth Given Year's Probation—Second Remanded for Sentence.

DID IT JUST FOR PRANK.

CHIPPAWA, Ont., Sept. 9 (C.P.).—Two young men were convicted to-day of burning the historic home of Laura Secord here last year as a "prank."

The two youths, Eddy Kolychinski, 17, and Eugene Cote, 21, both of this village, pleaded guilty in Police Court to charges of arson in connection with the fire that destroyed the home of the heroine of the war of 1812.

Kolychinski was put on probation for a year and Cote was remanded for a week for sentence.

Laura Secord's house, preserved as an historic monument in memory of her all-night tramp through the woods to inform the British commander at Beaver Dams that American forces were about to surprise his troops, was destroyed by fire last November.

The two young men confessed at the time of their arrest they had soaked old flour bags with oil, set them afire and placed them in the drawer of an old dresser in the house.

They had previously pleaded not guilty, but changed their plea after their confession was read in court.

Martin Enters Uncrowned Hall Of Fame By Scoring An Eight-End On Toronto Rink

In the same category of luck or outstanding skill are golf's hole-in-one and lawn bowling's eight-end. Possibly the elements of accident and proficiency are about fifty-fifty. On the other hand the percentage may be 99 to 1 against mere chance.

At any rate, Herb. Martin recently qualified for bowling's uncrowded Hall of Fame by hanging an eight-end on Doc Brereton of the Toronto Strathcona Club. Incidentally this is only the second of those limit scores reported since the new Peterborough greens were opened. One day J. T. Braund picked off a victim, and did the deed, and since then no one else had been able to even "J.T.'s" picking on his bowling. But Herb. Martin recently achieved this distinction; and he is telling the world about it? Well, this is passing on the information to about 50,000 more or less interested readers. If they all knew Herb. they would be more interested than less.

Well, there he is, sharing the spotlight with "J.T." whose splendid isolation has suffered an intrusion that is still re-echoing across the greens.

4,016 Motor Vehicles In Collision In 1931

Eighty three deaths and injuries to 3,278 persons resulted from collisions between motor vehicles in Ontario last year.

This information is furnished by. J. P. Bickell, Registrar of Motor Vehicles, Ontario Department of Highways. The figures are therefore, official. And surely they are a sad commentary upon the driving habits of the men and women motorists of the province.

Occasionally, perhaps, there may be a legitimate excuse for the collision of two automobiles, but according to official information the great majority of accidents occur in broad daylight, on straight roads and the cars involved are almost always in good mechanical condition.

It may be as some people claim, that the average motorist has little or no regard for the rights of the other fellow. Still it should not be difficult for the habitually careless driver to see that sooner or later he is bound to be "the other fellow" himself.

HOLD FINLAND AND RUSSIA UNFAIR IN LUMBER DEALS

TORONTO, Sept. 9 (C.P.)—"Both Finland and Russia are very serious competitors in the British market for lower grades of building lumber, and most of our lumbermen regard the competition as unfair," declared Hon. William Finlayson, Minister of Lands and Forests in the Ontario Government, to-day. Mr. Finlayson was commenting on statements made by Major S. I. Harris, British expert, who attended the Imperial Conference, who last night at Vancouver declared Finland could double her output of lower grade lumber at any time.

Ford's Recovery

Newcastle United had three players injured last season to such an extent that operations were necessary, but all three, Jack Allen, Joe Ford (centre forwards) and Dave Bell (half-back), have recovered to such a marked degree that they are likely to be seen in active service at the opening of the season.

Ford was the most seriously injured of the trio—a fractured leg last January in his first game for the seniors—and such has been his wonderful recovery that when he "reported" at St. James' Park he was able to intimate that, in order to be satisfied that all was well with the limb, he had already indulged in football practice.

SAYS NATION'S HALL OF FAME IS IN HALIFAX

Canadian Historians Find Much Of Interest In Nova Scotia.

100,000 BURIED THERE.

HALIFAX, N. S., September 9. — (By Canadian Press). — Declaring that "the necrology of Halifax cemeteries is the Canadian Hall of Fame" insofar as events leading up to the Dominion's founding are concerned, a local historian writing under the name "Junius" appeals for interest in the ancient cemeteries where the city's pioneers lie buried.

He estimates the number of dead in city burial grounds at 100,000—just over the number of people in Halifax city and county to-day.

"At this empire port and ancient military and naval station. God's Acres are more numerous than ordinaryily because of extra official reservations for naval and military interments. Some of the old Halifax burying grounds cover stirring times of long ago, where the fate of the North America and the future of half the world hung in balance, while great nations battled for the mastery of a new continent, and Nova Scotia was the centre and cockpit of the bloody arbitrament of war."

Thus writes Junius, holding that "Halifax citizens of the past are deserving of being kept in grateful remembrance by British kinsmen everywhere for the spirit and bulldog tenacity with which they held this Empire outpost and base of operations through the years when Nova Scotia and Hudson's Bay were the only portions of the present Dominion acknowedging British sovereignty.

Cradle of the Dominion.

"Impartial history will admittedly give Nova Scotia and Halifax the credit of being the cradle of the Dominion and the birth-place of the theory of Dominion status which has become the flexible constitution of the empire."

"Headstones and monuments mark the resting place here of military governors, soldiers, sailors, colonial statesmen, merchants, sea captains, administrators, judges, prelates, historians, artists, teachers, printers, doctors, divines, and women of wit, character and beauty."

According to estimates, there are 20,000 interments in Holy Cross cemetery, 12,000 in Mount Olivet, 60,000 in Camp Hill, 6,000 in St. John's, 4,000 in Fairview, 2,000 in Fort Massey military cemetery, 200 in the naval cemetery at the dockyard, and 1,000 in old St. Paul's.

Warden's of St. Paul's are now giving attention to putting the grounds in better shape, and considerable work has been done this year. Correspondence is being carried on with federal departments at Ottawa with a view to permanent care.

The first interment in St. Paul's according to the register, was that of a sailor, on the day Hon. Edward Cornwallis' ship arrived in Chebucto Bay in June, 1749.

For the graves of the prominent people buried in Camp Hill, sums have been deposited with the city or trustees for perpetual care. Not so for the spot of earth in which lies Joseph Howe. The grave of Nova Scotia's elder statesman lies untended.

FRIDAY, SEPTEMBER 9, 1932

FEWER INDUSTRIAL ACCIDENTS.

There were 3,483 accidents reported to The Workmen's Compensation Board during the month of August, as compared with 3,313 in July. The fatal accidents during August numbered 20, as against 19 in July.

The total benefits awarded during August amounted to $429,765.99, $368,901.53 of this being for compensation and $60,864.46 for medical aid, as compared with $409,647.17 awarded in benefits during July.

This year's record to date shows 28,673 reported accidents, as compared with 35,472 for the same period of 1931, and total benefits awarded $3,508,151.29, as against $3,960,267.88 to the end of August, 1931.

This decrease in accidents compared with last year may be due partly to increased precaution against accidents in Ontario's industrial plants but it is probable that the improvement noted is better explained by the fact that fewer persons have been employed on industrial work and that the working hours in many plants have been less.

THE SCHOOL BANK RETURN.

Figures issued by the Ontario Penny Bank and covering the last two months of the school term ending in May show that there was a wide difference as between local schools in the number of pupils making regular monthly deposits during May and June.

The average for all the local public schools for the period was 47 percent., which put Peterborough fairly well up in the provincial list, but while the pupils of the King Edward School registered an 81 percent. average for the two months, only 24 percent. of those at the Prince of Wales School made regular deposits.

The other local schools registered as follows: Queen Alexandra, 50 percent.; King George, 55 percent.; South Central, 56 percent.; Central, 35 percent.; Queen Mary, 34 percent.

Economic conditions are reflected in the fact that the total amount on deposit to the credit of Peterborough school pupils at the end of June this year was $15,875.32 while a year ago at the same time the total was $15,920.75, so that the deposits for the period did not keep pace with the withdrawals.

Probably, however, the fact that the two were fairly even must be regarded as a satisfactory showing, in view of the general conditions.

WORK WOULD HAVE SAVED BOTH.

A feature of the arrest of a transient on a murder charge yesterday was that it revealed the fact that within little more than two days after he had fled from the scene of the crime the man had succeeded in finding himself a job; in fact he was at work when he was taken by the police.

For months this unemployed wanderer had been satisfied apparently to eke out an existence without working for it, content to live in the jungle and depend upon the generosity of the public for food.

But when the pinch came, however, and a job was necessary to give him a chance to keep out of sight, he was not long in locating work.

The moral is obvious.

Had this unfortunate man been as eager a few weeks ago to find employment as he became after Sunday he would not be in jail to-day and the victim of the boathouse killing would be alive and well.

The tragedy and its sequence should drive home to other wandering unemployed the wisdom of earnestly seeking employment of one sort or another instead of becoming drifters, satisfied with jungle life and preferring to panhandle a living rather than to earn one.

It only took this man a little more than 48 hours to get work when he really sought it—but through the irony of fate the job was a few days too late in being located.

THE NEED OF FOOTPATHS.

The Brockville Recorder and Times is not certain that sidewalks or footpaths alongside provincial highways would be effective in saving lives.

Is there any assurance that if such footpaths were built, the pedestrians would make use of them, asks the Brockville Journal, pointing out just outside the town limits there is a stretch of good foopath and yet many people persist in walking on the highway, despite the fact that it is narrow at this point.

There will always be such people, of course, people who will ignore every precaution that has been provided to protest them and will blithely walk in the path of danger no matter how society tries to save them from their own folly.

That fact, however, does not absolve the state from responsibility for protecting the public generally.

Because some persons are criminally negligent in regard to their own safety, governments should not throw up their hands and declare that nothing should be done to improve conditions.

And certainly, along many of the main highways, there is vital need of foothpaths; children who have to travel along such roads to school, and the many other persons who are compelled to walk on these arteries of traffic, have a right to ask that their safety should be provided for.

We have not hesitated to spend millions to make better roads for motorists; we can surely afford to pay the much smaller sums needed to provide safe walking conditions.

MOLLISON'S COURAGE.

Captain "Jim" Mollison has demonstrated that he is a man of courage. He has undertaken some of the most hazardous long-distance flights on record and accomplished them successfully. His latest, a solo flight east to west across the Atlantic Ocean, he described as his "toughest flight" yet. The physical effect on him was serious, it is obvious, and his medical adviser has been successful in persuading him that he is not in a condition to attempt what aviators are all agreed is the much easier flight, from west to east. Captain Mollison's wife, the amiable "Amy" who has captivated the world by her own achievements in aviation and by her romantic marriage, joined her plea with that of the doctor, and the intrepid aviator has listened to reason.

It was not an easy thing for him to decide to abandon his project of becoming a double first—the first to fly east to west, and the first to make the round trip by air. But too many gallant aviators have paid a heavy price for their legitimate ambitions. Even now the world is hoping almost against hope that some word may come of two men who left this side a few days ago and have not been heard of since.

Captain Mollison is to be commended, therefore, for exercising judgment instead of essaying bravado in face of great odds. In that he has displayed perhaps as much moral courage as if he had gone ahead with his project. All the world loves a lover, and we don't want a break in the happy relations of two of Britain's most noted aviators.—Ottawa Journal.

ENGLAND ASSAYS OTTAWA.

The British public is disposed to suspect its judgment on the value of the results attained by the Imperial Conference at Ottawa. Protectionist journals have for the most part expressed a modified approval; free trade journals a modified disapproval. While it is clear to everyone that Great Britain, turning her back on free trade, has committeed herself to a policy of tariffs in order to give preference to the Dominions, and has further undertaken to limit importations of foreign meat and to check Russian dumping, it will not be made known for some weeks exactly what preferences the Dominions have given in return.

There is one paradoxical aspect of the whole affair the understanding of which is of first-rate importance. The British delegates went to Ottawa with the full approval of British protectionists because it was assumed that it was their purpose to confirm the policy of tariffs on foreign imports. Yet throughout the negotiations it fell to them to defend free trade. They found themselves in the position of reversing the free trade policy of Britain by imposing duties on a wide variety of articles, including food, while pressing upon the Dominions a program of granting preferences without raising their tariffs to foreigners.

It is not surprising that many Englishmen should be somewhat bewildered by the turn of events. They observed that though personal good will at Ottawa was maintained between the delegates, there was some wrangling about details, and lobbying by the agents of vested interests. Here, it is pointed out, are some of the evils inseparable from tariff negotiations, which may not end with the conference itself.

Great Britain has had to impose or increase duties on foreign goods in order to give imperial preference, thus initiating new restrictions in order that Empire trade may be freer. Already there has been some outcry against the new taxes on food. Even some Conservatives are uneasy at the tax on wheat, and the restriction of foreign meat in the interest of Empire producers can hardly fail to increase the price.

But this adding up of the pros and cons is the least satisfactory way of judging the results. It is of no small importance that the representatives of Great Britain should have insisted on the importance of freer trade and have gained acceptance for their view. If the price of meat is likely to be sent up for the British consumer, this may be counted as the cost of averting excessive production and the evil of underpaying the prime producer. The agreements provide for the systematic regulation of supply in accordance with remand. How vast a reform this would be if it could be done not for meat only and not the Empire only, but for other prime necessities and for the whole world!

Moreover, the agreements go some way toward asserting the doctrine that each country should produce what it is best fitted to make, and supply it to the countries less fitted to make it; for the Dominions undertake to "give United Kingdom producers full opportunity of reasonable competition on the basis of the relative cost of economical and efficient production."

If full effect is given to this clause, British manufacturers, who are peculiarly efficient in producing certain articles, will find British markets opened to them. These terms may not quickly or easily be translated into fact. But it is no small thing that the great doctrine of reciprocal needs should have been laid down as the groundwork of interimperial agreement.—Christian Science Monitor.

EDITORIAL NOTES AND COMMENT.

Premier Tolmie, of British Columbia proposes a union government for that province. It, however, takes two parties to make a bargain.

If tramps are forbidden to ride on trains, as Premier Bennett predicts, the movement will soon be practically unanimous.

Drastic reduction in the C.N.R. personnel may cut down the overhead, but it will not materially help the unemployment situation.

Jail terms for vagrants found sleeping in box cars may help to convince transients that Peterborough is not exactly a tramps' paradise.

The increase in the rate of Federal relief to war pensioners announced by Premier Bennett will be appreciated by those whom it benefits. It does not, however, take care of unemployed who are not pensioners.

The school bell will soon supplant the curfew bell as the world's greatest evil in juvenile eyes.—Kitchener Record.

The trouble is that nobody seems to know what to do about things something ought to be done about.—Quebec Chronicle-Telegraph.

THE FAMILY ALBUM—PICNIC START

By GLUYAS WILLIAMS

(Copyright, 1932, by The Bell Syndicate, Inc.)

IN DAYS GONE BY

Items Taken From Old Fyles of The Examiner.

SEPTEMBER 9, 1922.

A local man in Police Court this morning charged another with obtaining $190 from him under false pretences, and produced a sack of 42 colored whisky-labelled bottles containing water, which he claimed he had purchased under the impression they contained whisky.

SEPTEMBER 9, 1912.

Rev. Patrick J. Murphy, noted temperance orator from Texas and a native of Peterborough, is visiting here. . . . A former stage actress, now elderly and unsuccessful, was arrested here yesterday on a charge of intoxication.

SEPTEMBER 9, 1902.

The famous band of the 48th Highlanders of Toronto, here for the Central Fair, will give a concert to-morrow night in the Market Hall, admission being 25 cents. . . . The Public School teachers of the County will convene in Peterborough next Friday and Saturday.

In Lighter Vein

Long Distance.

Albert D. Lasker's pet story of the week is about the colored maid in the home of a friend who answered an imperative ring of the telephone.

"Yas'm," her mistress heard her say. And a second time.

"Yas'm." Then she added:

"It sho is," and hung up.

The telephone rang again immediately and the girl made identically the same replies, then disconnected.

"What kind of conversation was that, Lucy?" she was asked. "What did they want?"

"Well, they asked if this was the Blank house, and I said yas'm, and then they asked if Mrs. Blank was home, and I told 'em yas," the girl answered. "Then they said, 'Long distance from Washington,' and I said 'It sho was'."—Chicago News.

The Wrong Man.

Hotel Proprietor: "Now, over there is the sea."

Advertisement Writer: "Where? I can't see it."

Hotel Proprietor: "You can't? My dear sir, I'm afraid you're not the man we want to write our advertisements."—Philadelphia Ledger.

Madoc

The ever-popular Canadian Chautauqua is being put on in the Empire Theatre in Madoc this week. The program opened on Tuesday evening with the play, "New Brooms," which took well with a very representative audience.

On Wednesday last, an enjoyable afternoon and evening was spent by Madoc's local bowlers in a tournament. Three games were played of twelve ends each, with two play-offs at the last. The winning team having the highest score for the day was headed by H. Kellar, skip, A. Cochran, Mrs. C. Moon and Mrs. Nickle.

Quotations For To-Day

We judge ourselves by what we feel capable of doing, while others judge us by what we have already done.—Longfellow.

GRAIN AND PRODUCE REVIEWS

MONTREAL PRODUCE

MONTREAL, Sept. 9. — Demand for cheese was again high yesterday on the Montreal wholesale market. Last week shipments to the United Kingdom were only 14,263 boxes, but exports this week promise to be three times as large.

Prices continued firmer for the third straight day, being quoted 10¼c to 10⅝c for Ontarios, and 10¼c to 10⅝c for Quebecs. Receipts were 5,560 boxes; same day last week, 3,265; same day last year, u2,407.

Butter Prices Firm

The butter market continued steady at 22c per lb. for current make, No. 1, in cartons, or 1c.l lots. Wholesale jobbing houses advanced their quotations on small lots to retailers 1c per lb. to 24c for solids and 25c for prints. Receipts, 24 boxes; same day last week, 162; same day last week, 162; same day last year, 257.

A feature of the egg market just now is the wide spreads between the price of extras and the prices of firsts and seconds. Despite this, and the alleged depression prevailing, however, extras are in keenest demand. Extras were put up 1c per dozen for small lots, as quoted by jobbing houses. Others held unchanged. Ontario graded fresh eggs in cartons, or l.c.l. lots, were 26c to 29c for extras, 19c to 20c for firsts, and 14c for seconds. Prairies were 26c to 28c for extras, 18½c to 19½c for firsts, and 13c to 13½c for seconds. Receipts were heavier, 3,639 cases; same day last week, 2,212; same day last year, 947.

The potato market held unchanged at 30c to 40c for 80-lb bags of new Montreal potatoes.

CHICAGO GRAIN

CHICAGO, Sept. 9.—Jolted by cotton market tumbles and by heavy rural deliveries of wheat in Canada, grain values suffered material setbacks yesterday.

Rallies in wheat because of evening-up for the Government grain crop report, due to-day, failed to hold. The downturns carried wheat to 3¼c a bushel under Tuesday's high point.

Wheat closed nervous, ⅝c to 1c below Wednesday's finish; corn ⅝c to ¾c down; oats, 1¼c to 1½c off; and provisions varying from 12c decline to a rise of 12c.

Hedging Pressure in Evidence

Late weakness of securities contributed to unsettlement of wheat. The day's best prices were associated with early bulges in stocks, but wheat advances soon began to give way in the face of reported heavy hedging pressure at Winnipeg.

WINNIPEG GRAIN.

WINNIPEG, September 9. — Dominated by heavy shipments of new crop wheat to country elevators with consistent hedging pressure, wheat yielded fractional ground again yesterday. Closing prices revealed losses of ⅝c a bushel for the day.

October closed at 54⅞c, December at 56½c, and May at 61¼c to 61¾c.

There was a good export trade worked overnight and during the session with estimates running close to 1,000,000 bushels.

Early Support Wanes.

Early session support, credited to export and seaboard houses brought the market out of an opening slump into higher ground. Toward midsession, however, heavy hedging pressure was encountered and the market quickly slipped to lower levels. It was estimated 7,000,000 bushels of new crop wheat was moved to country elevators on Wednesday, a record movement for the season.

This was the second successive day on which 1,000,000 bushels were reported sold abroad, and cables from abroad confirmed a good demand for Canadian wheat, with practically no other wheats competing.

Russia Ships Wheat.

Russia shipped a small quantity of wheat again this week from the Black Sea ports, but advices from that quarter were pronouncedly bullish, and offerings restricted.

Top grades of cash wheat were favored by exporters, with closing spreads on the Northerns fractionally better. Coarse grain trading was routine.

PETERBOROUGH MARKET QUOTATIONS

RETAIL.

Fruits.

Oranges, 32-50c doz.; grapefruit, 2 to 5 for 25c; bananas, 4 lbs. 25c; lemons, 35c doz.; cocoanuts, 5-10c each; strawberries, 10c quart box; cooking apples, 4 lbs. 27c; eating apples, 3 lbs. 25c; rhubarb, 6 bunches, 25c; pears, 35 cents a basket; pineapples, 2 for 25c; watermelons, 30-60c ea.; cantaloupes, 50c 20-qt. bkt.; apricots, 20c doz.; gooseberries, 10c qt.; table cherries, 20c qt.; blueberries, 11-qt. basket, $1.45; Montmorencies, 11-qt. basket, 40c; black cherries, 6 qts., 60; black currants, 11-qt. basket, $1.75; peaches, 6-qt. basket, 35-40c; 11-qt., 95; red currants, 2 qts. 25c; plums, 35c; 6-qt. basket grapes, 35c basket.

Vegetables.

Potatoes, 90-lb. bag, 45c; new potatoes, 10 cents a peck; sweet potatoes, 3 lbs. 25c; carrots, 3 bun. 25c; cabbage, 3 for 10c; lettuce, 5c bun.; head lettuce, 5-10c each; spinach, 2 lbs., 15c; cucumbers, 6-qt. bkt. 25-50c; cauliflower, 10-20c ea.; parsnips 25c pk.; asparagus, 3 bunches, 25c; cooking onions, 25c a peck; green onions, 5c bunch; Spanish onions, 4 lbs., 25c; parsley, 5c bunch; tomatoes, 25c, 11-qt. bkt.; celery, 10c bunch; turnips, 3, 10c; beets, 5c a bunch; vegetable marrow, 10c each; radishes, 5c a bunch; wax beans, 2 lbs., 25c; green peas, 4 qts., 25c; corn, 10c dozen; red peppers, 3 for 10c; green peppers, 30c doz.

Nuts.

Mixed, 25c lb.; broken walnuts, 25c lb.; peanuts, 15-25c lb.; almonds, 25c lb.

Dairy Produce.

Creamery butter, 19-21c lb.; dairy butter, 16-19c lb.; lard, 10-13c lb.; shortening, 10c lb.; eggs, 13-20c doz; new cheese, 13-15c lb.; old cheese, 19c lb.; clover honey, 5-lb. pail 44c; section, 30c.

Fish.

Salmon, 15-25c lb.; whitefish, 10c pound; fresh and smoked fillet, 17-20c lb.; halibut, 23c lb.; trout, 20c lb.; pickerel, 19c lb.; fresh cod, 19c lb., mackerel, 2 lbs. 25c; sea herring, 5c lb.; finnan haddie, 15c lb.

Meats.

Beef, 5-25c lb.; veals, 7-22c lb.; lamb, 9-25c lb.; spring lamb, 8-25c; lb.; mutton, 20c lb.; pork, 9-25c lb.; sausage, 2 lbs., 25c.

Flour.

Bread flour, 24-lb. bag, 69-75c; pastry flour, 24-lb. bag, 44-63c; 98-lb. sack bread flour, $2.19-$2.89.

WHOLESALE.

Grain.

Fall wheat, 45c a bushel; spring wheat, 43c; oats, 30c; barley, 39c; rye, 40c; buckwheat, 35c bushel.

Hogs.

Live hogs, bacon, $4.40 cwt.; select graded, $1 over per cwt.; head on, $9.50 cwt.; head off, $10.50 cwt.

Hay, Bran, Etc.

Hay, $10-$12 per ton; straw, $7; bran, $20; shorts, $20 ton.

Hides and Wool.

Cow hides, 1c lb.; horse hides, 50c each; veal skins, 2c lb.; lamb skins, 5-10c each.

Wool, fine, coarse, medium, 4c lb.

Dairy Produce.

Butter fat for No. 1 cream, 19c lb.; delivered at plant, 20c lb.; creamery butter, 24c lb.

STATION L-O-V-E

BY CRAIG CARROLL

(Continued from yesterday.)

She studied Dick Mason's face closely. No. He wasn't asking for compliments. He honestly didn't know. He didn't think of his voice and of what his voice did, going over the radio into all the rooms where girls sit listening.

About you. She thinks you're very handsome. And every night she listens for your voice."

"Gee!"

Like a small boy. Flattered, of course; but not hiding it. Not conceited. Not sure of his power. Not like Elton Day.

"I've got to hurry. Ill see you in the morning, Dick?"

"Not until you get to the station, I'm afraid. I've got to take an early morning program."

"Oh! But at the station?"

"Of course."

"Then—"

* * *

She opened the door, stepped out. She knew she didn't want to leave the car; she knew she wanted to hear Dick Mason say "Judy!" again in the way that made her heart jump. But story books don't happen.

"Good night, Dick. And thank you."

"Good night, Judy. And thank you."

He started the motor.

"I've got to put the car in the garage upon Rush street. And after that—there ought to be—on a night like this."

The same words, she had heard him say over the radio. In the same voice. You couldn't tell when Dick Mason was a voice and when he was Dick Mason.

"Good night," she said quickly. And did not look back. But she knew, she knew very well, that Dick Mason watched her as she went up the steps, that he still sat watching the door after she had closed it. And, parting the curtains on the door, looking back, she saw him in the car; she remembered the young smile; she gasped.

* * *

Such a long day! Such a strange day!

She hummed a little as she went up the stairs. "Mandalay." Of all things to be humming! "Mandalay."

"Elsie! You waited up for me?" Elsie was standing in Judy's doorway.

"Yes. I thought I'd better."

"Why——" Judy, entering her room, stared at Elsie.

"Something wrong! Elsie wasn't smiling at all. She looked worried afraid, sad about something.

"Elsie, I wish I could have taken you along. We had a marvelous time. Dick knows everybody. And he had a boy sing a song so my mother could hear it. And I met Ben Bernie. And Paul Whiteman. And Mr. Whiteman gave me his diet, and maybe you'd like to try it, Elsie. And——"

"Judy. There was a telegram for you. Came about an hour and a half ago. Here."

Elsie handed Judy the thin yellow envelope. Judy took it. Suddenly, her hands were trmebling.

A telegram. Back in Hlawatha, people sent telegrams only when something terrible happened. Death. Or needing money in a hurry. Or—Mother! She'd been—she had had a bad time with her heart, a while ago. Mother!

"I can't open it, Elsie. I—"

"It's already open, Judy. I opened it."

"Why—"

"You told me about your mother not being very well. And I thought if there was anything I could do, I'd better let you know right away. But when I saw what it said—"

Judy's eyes widened.

"What is said?"

"Yes. Better read it, Judy. Here."

Judy stared at the yellow paper and its smudged lines. The words danced. The words seemed to move.

"Miss Judy Allison," it said at the top.

"Don't report for rehearsal tomorrow. Had to give the part to somebody else. Sorry." It was signed "Elton Day."

INSTALMENT 12

Judy read the telegram from Elton Day again. The words did not change. "Don't report." And "Had to give the part to somebody else. Sorry."

"Elsie! It— It—" Judy turned to Elsie.

"I know, Judy. Somebody else got the job. You haven't got a job on the radio after all. I know."

"But—it can't be right. There's a mistake."

"Doesn't sound like a mistake, Judy. Sounds like the truth."

Of course. Like the truth. Elton Day talking. "I'm a liar, but I want you to believe me now." Elton Day saying, "You've got the job. You're just right for it." Elton Day hurrying her out of the office, looking worried, waiting until she was gone so he could telephone somebody who had called him.

She dropped the telegram. She stared at herself in the mirror.

A cheap little powder blue dress. Cheap shoes with scuffed marks showing already. Just ordinary hair. Just ordinary eyes.

"Judy," Elsie said. Then quietly, she turned away, went out of the room, closing the door softly.

Judy took off the powder blue dress and the little blue shoes. She looked at the telegram from Elton Day. And she took from her handbag the telegram from her father.

Very quietly, like a little girl, Judy Allison lay down on her bed and began to cry.

* * *

Judy heard the light tap at her door. She buried her face deeper in the pillow, not moving, not answering.

Then the door opened. Elsie had returned. And somehow the appearance of Elsie, just at this moment, made Judy want to cry harder than ever. She buried her nose in the pillow and sobbed.

Ontario's 1931 Record

38 Killed
105 Injured
walking on rural highways!

These are tragic figures!

They are especially deplorable because every death and injury was a needless sacrifice to human error.

A TOTAL OF 525 PERSONS were killed by carelessness on the streets and highways of Ontario last year.

It is time the people of Ontario realized the necessity for thoughtful co-operation between walkers and drivers.

Burnt River Boy Dies Of Poison

LINDSAY, Sept. 9 (Examiner Correspondence) — Carman, the ten-year-old son of Stewart Pocock, of Burnt River, died at his home Saturday from poisoning. The little boy while playing put a quantity of sand in its mouth which contained poison.

Weir Preceptory, Royal Black Knights of Ireland, Peterborough, paid a fraternal visit to Lindsay Preceptory last night on the occasion of the visit of Rt. Wor. Sir Knight C. Devitt, of Blackstock. Two degrees were exemplified.

Dobson West of Gamebridge was fined $18.30 by Police Magistrate Bick, of Cannington, this week for assaulting Mrs. Duncan McDougald, of that village.

Market Closing On All Exchanges

MONTREAL EXCHANGE.

MONTREAL, Sept. 9 (C.P.).—The Montreal Stock Market was irregular at the close to-day. Gains and losses were fairly evenly distributed with leaders mixed. Volume was considerably below that of yesterday.

Brazilian Traction, International Nickel, Montreal Power, Canadian Pacific and Shawinigan Power furnished the bulk of trading. After a slight improvement in leaders around midday, they again tended to ease in the last few minutes of trading. Brazilian managed to hold a gain, however, closing up 1-8 at 12 3-8, and Montreal Power was unchanged at 38. C.P.R. closed at 20⅜, off ¼; Nickel at 11⅝, off 5-8, and Shawinigan at 19½, unchanged.

Consolidated Smelters dropped to 87 in the first two hours, then advanced to 92, and finally closed at 90, unchanged.

STANDARD EXCHANGE.

TORONTO, Sept. 9.— (C.P.) — Prices moved irregularly lower in somewhat reduced turnover on the standard stock and mining exchange market to-day. Base metals sustained the most significant recessions, with gold and oil groups merely mixed in their movements.

Noranda dropped through $22 for a 50-cent recession. Nickel lost 30 and base metals and Amulet were down a few cents apiece. Sudbury Basin managed to sell up a couple but ventures was off 4 and Sheritt Gordon 3. Eldorado dropedp 6 in the forenoon and failed to recover.

Though Lake Shore, Premier and Central Manitoba displayed small gains losses predominated in the balance of the gold section. Howey fell 5, Mining Corporation 6.

Peninsular Pete featured the Oil group, touching a high of 15 in heavy volume and closing with a net gain of 3.

TORONTO EXCHANGE

TORONTO, Sept. 9. —(C.P.)— Price fluctuations followed an erratic course on the Toronto Stock Exchange to-day. Opening steady, the list sold off somewhat about noon, rallied in the early afternoon and dipped slightly before the close. The varied price trends were due to the local market acting cautiously and following the moods of Wall Street.

The close was highly irregular with volume below that of preceding sessions.

Leaders mixed at mid-day were mostly off fractions on end. Brazilian managed to hold a fractional advance, but C. P. R. up to 22 at one time, closed around 20½ for a small loss and International Nickel

Consolidated Smelters reversed Thursday's trend and recovered to barely held its own.

95 only to drop back to 89 at the close, a net gain of 1 point. Abitibi preferred was up 1 7-8 to 7 and the common firm.

HEAVY RAINS STOP THRESHING

Four Hour Rain Soaks Stooks in Heaviest Crop Area

BEEN WET SEASON.

SASKATOON, Sept. 9 (C.P.). — Rain, arch enemy of farmers once the wheat is in stook, has returned to the central and northern areas of Saskatchewan, where the crop is heaviest and threshing just getting underway.

Starting about nine o'clock last night in this district, the rain fell steadily for four hours. It was preceded by heavy lightning and thunder, and in the Reathern and Hague sections, 36 miles north of here, hail fell for several minutes, but damage was believed slight.

Northern Saskatchewan this year has experienced a surfeit of rain, particularly in those regions north of the North Saskatchewan. It rained there on St. Swithin's Day and while no accurate statistics are immediately available, it would be a safe bet that it has rained in many districts on 40 days since that occasion.

DIVIDENDS POSTED TODAY

Fanny Farmer, preferred, 60 cents payable Oct. 1 to shareholders of record Sept. 1.

TORONTO LIST IS IRREGULAR

Leaders Show Fractional Changes at Mid-day—Brazilian Traction Active.

OILS IRREGULAR.

TORONTO, Sept. 9 (C.P.).—The morning session of the Toronto Stock Exchange lacked something of the spectacle that featured Thursday's opening. With the exception of Brazilian volume was considerably lower and the trend was distinctly irregular.

Leaders showed fractional changes only at midday. International Nickel was off 1-8; Brazilian Traction up 3-8; C.P.R. up 5-8, and Ford of Canada off 5-8. Consolidated Smelters recovered two points of previous loss at 90.

Oils were irregularly lower, with one gain and three fractional losses. Utilities showed losses of 2 points by Bell Telephone and 1 by B.C. Power A.

The most striking incident in the forenoon session was a gain of 1½ by Abitibi Preferred, following application for a receiver for the company.

FRESH MYSTERY ENTERS SUICIDE

Police Learn Woman, Victim Thought Mother, Was Year Younger Than He.

SEEK REAL IDENTITY.

HAMILTON, Sept. 9 (C.P.).—New mystery entered to-day into the amazing case of John Ross, self-slain brush salesman, who shot himself to death in Halifax after he heard his mother in Hamilton was dead. It was revealed to-day the Mrs. Gordon Pickley, whom Ross is said to have believed his mother, was a year younger than he.

Tangled inconsistencies still cloaked the identity of Ross, who took his life with a heavy army rifle after scribbling a pathetic story of his worries into eight pages of a note-book found lying beside his body on a water-front pier. Ross had wanted, he wrote, to have his mother at his wedding planned for October. A Hamilton woman wrote his mother was dead. So Ross shot himself after writing:

"I got the news my mother was dead and I'm taking the shortest way to meet her. I couldn't get a smaller gun without a license to leave this world."

In the midst of a scribbled, garbled paragraph were the words: "Thank you Mrs. Sheild, Hamilton."

Her son?

HALIFAX—Mrs. Phillip Delormie, of Sydney, N. S., wrote police here to-day she believed John Ross, brush salesman who blew his brains out with an army rifle here, yesterday, was her son.

World Series Will Open September 28

NEW YORK, Sept. 9.—The World Series, under present prospects of a battle between the Yankees and either the Cubs or Pirates, will open in New York on Wednesday, Sept. 28, baseball officials decided to-day at a meeting with Commissioner Landis.

There will be no change in the price scale, ranging from $1.10 for the bleachers to $5.50 for reserved, and $6.60 for box seats, including tax.

The first two games, Sept. 28-29, will be played at the Yankee Stadium, whether the Cubs or the Pirates furnish the National League opposition.

The next three, scheduled in the National League City, would be Oct. 1, 2, 3 at Chicago, or Sept. 30, Oct. 1 and 3 at Pittsburgh.

With the Yankee and Cubs competing, the sixth and seventh games, if necessary, would be played here Oct. 5, 6. If the Pirates get in, the dates for the last two games would be Oct. 4 and 5.

CHICAGO GRAIN

CHICAGO, Ill. Sept. 9. (CP) — Grain prices here lacked aggressive support and averaged lower early to-day, despite relative firmness of wheat quotations at Liverpool. Argentine and Australian crop reports were less favorable, but selling here by houses with connections northwest was more than a counterbalance. Opening unchanged to ⅝ off, Chicago wheat futures held near the initial limits. Corn started at ⅛ decline to ⅛ advance and subsequently sagged.

WINNIPEG GRAIN EXCHANGE

WINNIPEG, Sept. 9 (C.P.)—Firm overseas cables, together with early reports that a moderate export business was worked in Canadian wheat since the close yesterday, accounted for the fractional gains in wheat prices to-day. At the opening considerably heavy pressure was in evidence, but most of the offerings were well absorbed by continental interests and prices during the initial hour never dropped below the previous close.

Liverpool wheat moved within a narrow range, and at the close of trading was ¼d higher to ¼d lower for 100 pounds. Wheat shipments at the Arcentine for the week totalled 750,000 bushels, while clearances from Australia amounted to slightly over 800,000 bushels.

Quarrel Forgotten

Rudy the Crooner Vallee and his blue-eyed bride have patched up their differences and Mrs. Vallee is on her way home from Reno where she rushed divorce-minded a short while ago. Quoth Mrs. Vallee: 'What was the quarrel about? Oh, some silly thing—I've forgotten."

MAGISTRATES FAVOR WHIPPING

(Continued from Page 1)

convicted suffered the loss of his right arm as punishment.

Passing to the rights of the press as laid down in the criminal code, he outlined the provisions of law.

A statement to a magistrae "that is a most unjust remark," has been held to be contempt. Anything that reflects upon the honesty or dignity of the court may be held to be so. In many cases it is wiser to have the offender removed from the court room than to take further action. Magistrates are given statutory power to enforce order, just as in any other court. Such removal orders he said, should always be written and handed to the constable under seal.

Drunken Drivers.

Magistrate J. H. Campbell, K. C., of St. Catharines, dicussed the subject of drunken drivers.

I will not allow a constable to say " this man was drunk," the speaker said. This is a statement of fact. All that an officer should say is regarding the circumstances. A lot depends on an officer's evidence. Whether a magistrate believes him or not depends upon how well the magistrate knows the officer. Some are very keen to get promition and they think that the number of convictions they get has some bearing on this.

NEW CIRCULARS

(Continued from Page 1.)

of Havelock, as giving great service in their rounding-up of transients and constant questioning in the hunt for "Yank".

Chief Newhall stated his belief that "Yank's" whereabouts will be learned soon and his testimony secured for the trial of Harry Reid on the murder charge.

WESTERN ONTARIO RINKS IN RUNNING

Play Reaches Semi-finals of the Globe Scotch Doubles at Toronto.

VICTORIA CLUB, TORONTO, Sept. 9 (C.P.)—Play in the semi-final round of the 27th Annual Globe Scotch Bowling Doubles began late to-day, after pairs from Woodstock, London Thistles, Kitchener and St. Petersburg, Fla., had been eliminated in the quarter final.

The final round was expected to start about six o'clock this evening and officials feared completion of games would become a race against darkness, as there is no official artificial lighting at this club.

In the semi-finals W. Hogarth and W. Mack, St. Matthew's, opposed C. Downey and Lorne Reburn, Runnymede, while George Nelson and James Dougheny, Scugog, played W. J. Hutchinson and A. E. Walton, Royal Canadian Bicycle Club, Toronto.

Close contest developed in the quarter-final between London Thistles and the Bicycle Club, and the Cyclists won by two points, with Thistles catching up as play progressed. The quarter-final results were:

St. Matthew's.—W. Hogarth, W. Mack, 19. St. Petersburg.—C. D. Gordon, H. G. Salisbury, 6,

Runnymede.—C. Downey, Lorne Reburn, 17. R.C.Y.C.—Col. D. Donald, Dr. A. C. Gilchirst, 9.

Washburn Island (Scugog).— G. Nelson, Jim Dougheny, 19. Kitchener.—L. H. Dahmer, W. G. Cleghorn, 12.

R.C.B.C—W. J. Hutchinson, A. E. Walton, 18. London Thistles.—W. Kilpatrick, Fe C. Wilson, 16.

LEAH RILEY LEADS FIELD

EXHIBITION PARK, TORONTO, Sept. 9 (C.P.)—Leah Riley, of Keansburg, N.J., to-day rounded the two-mile mark of the Canadian National Exhibition three-mile women's swim in 57 minues and 45 seconds, to hold a 20-yard lead over Ruth Downing of Toronto.

In The Automotive World
WEEK-BY-WEEK

Wheat and Motor Cars

The tremendous influence of a good wheat crop on Canada's morale, beginning now to be felt as the golden stream starts to flow from the Prairies, is easily understood from a study of economic effects. First of all, a man who grows a "section" of wheat at 25 bushels to the acre has 16,000 bushels of wheat, which is a very tidy fortune and an important factor in local business revival. Then the effects of the crop extend down through railway, storage and harbor organizations, and ultimately to industries generally throughout the country. The handling of the wheat crop is a big item both for domestic use and for export. Exports of Canadian wheat in the month of July this year were nearly 20,000,000 bushels, compared with 12,000,000 bushels in July, 1931.

Every cent added to the price of grain means several million dollars additional for the revival of Canadian business. Automobile manufacturers are confident that this year's good crop will mean increased demand for cars, especially in the Western Provinces.

Demand Filing Up

C. E. McTavish, general sales manager, General Motors Products of Canada, Limited, estimates that the demand for replacements of passenger cars in Canada has been dammed up by conditions, and, in a recent statement, gave it as his belief that there would be an inevitable reaction on the market. It is a fact, he said, that more and more cars which were due to be scrapped, have been retained in service. Normally, seven per cent. of the number of licenses issued in any year are withdrawn from use the following year. At this rate, withdrawals in the current year would be 71,000 cars. If registration totals are to remain at their present level, or climb higher as one might expect, then it simply means a wonderful opportunity for automobile salesmen when the upturn takes place.

The Car of the Future

The part that chemistry and research play in the development of the most advanced automobiles is astonishingly great. Scientists are busier than ever before with laboratory work destined to produce automotive wonders. Perhaps no laboratory in the world is so active on motor problems as the General Motors Research laboratory in Detroit, where the famed C. F. Kettering presides over research into power plants, fuels, lubricants and materials. Not greatly interested is Mr. Kettering in the cars of to-day, or even those of next year, but he and his staff of scientists are intensely concerned about what cars will be like a few years from now. In the discovery of secrets of power and design, this laboratory can claim a considerable measure of success. When the "cars of the future" finally arrive, it is a good chance that they will be General Motors cars.

Craftsman's Guild to Continue.

Fourteen Canadian boys have returned from the International Convention of the Fisher Body Craftsman's Guild, held in Detroit, and report having had the time of their lives along with boys from all parts of the United States. While Canadians did not win any of the four University scholarships, which were the capital prizes for craftsmanship, yet they made a creditable showing any many of them will compete again. It was announced at Detroit that the Guild would continue, and next year's convention and final judging will be held at the Century of Progress Exposition in Chicago.

Service Test of Chevrolet

Consumer tests of fuel economy sometimes have an advantage over official figures, inasmuch as they tell what a car will do under driving conditions imposed by the owner. Dr. C. M. Eaton, of East Hastings street, Vancouver, B.C., gives the result of a test made with his Chevrolet 1932 sedan. The car had travelled 4,300 miles. The distance covered in the test was 560 miles, involving all kinds of traffic conditions, and Dr. Eaton chalked up 21.2 miles per gallon.

Cars Get "Daylight" Inspection

It has been the goal of lighting engineers for many years actually to duplicate daylight, to reproduce at will, regardless of weather conditions, the clear white light of the mid-summer sun. This because summer sunlight reaches the highest lighting efficiency in revealing the details and colors of all objects.

Lighting that thus rivals sunshine in its purity and illuminating quality has recently been installed at the Buick Motor Company's plant at Flint, Mich. The lighting was developed in connection with a new system of final inspection for Buick cars, and in some respects it is even superior to sunshine for inspection purposes.

The new Buick lighting consists of batteries of "daylight" bulbs, mounted in groups in special reflectors designed to give proper diffusion of the light and at the same time eliminate the glare produced by ordinary lighting, behind which defects might hide. Large areas of clear white light—practically synthetic sunlight—are thus provided, through which the cars pass under the keen eyes of trained inspectors. The entire car is illuminated in these areas.

The daylight bulbs, each of 200-watt capacity, are made of blue glass. This glass filters out the excess of red and yellow present in ordinary electric light, and produces a light that is close to that of the sun in quality.

Livestock-Produce Quotations

TORONTO LIVE STOCK.

TORONTO, September 9 (C.P.). —Trading on the Toronto Live Stock Market during the week was moderate, with prices generally a shade lower than last week's close. Cattle trade was dull, calves steady, hogs weak, sheep and lambs unsettled.

Receipts for the week were: Cattle 5,400, calves 1,700, hogs 3,200, sheep and lambs 4,700.

Heavy steers were down 25c at $4.00 to $5.75, according to quality. Choice butchers brought $5.25 to $5.60 with common downward to $3.00. Good butcher cows sold at $3.00 to $3.25, with a few tops making $3.50. Bulls brought $1.50 to $2.50, according to quality. Fed calves sold steady at $5.75 to $6.00 with a few making $6.25. Stores were a heavy supply ,but sold steady at $2.50 to $4.00, with a few picked feeders up to $4.45. Milkers and springers were dull at $20.00 to $45.00 each.

Calves brought $3.50 to $7.00 for vealers with an odd top at $7.50. Grassers sold at $2.00 to $3.00.

Hog receipts dropped 400 compared with last week. Bids were down to $4.25 but sales generally brought $4.40 f.o.b. for bacon, $4.60 to $4.65 off truck, and at $4.90 off car.

Sheep and lambs also showed a decrease of $5.50, a gain to $5.75 on Wednesday, and a close of $5.50. Culls and bucks sold generally at $4.00 to $4.50. Sheep brought $1.00 to $2.50, according to quality.

Rescues Seven

Dr. Angus McLachlin, rugby captain at the University of Western Ontario, London, who saved seven persons from drowning when an undertown developed at Port Stanley. He swam out eight times despite the peril to himself and in danger to shore.

Losses Are Confined In Standard Trading

TORONTO, Sept. 9. (CP) — Though price trend was downward on the standard stock and mining exchange market in the forenoon to-day the list was accorded some good buying support and losses were confined to a narrow range and a small portion of the list. Volume was somewhat below yesterdays rate, 279,000 shares changing hands in the first two hours.

International Nickel slipped 30 to $12.30, Noranda 25 to $21.75 and Amulet 3 to 28. Lindsleys were all easy, Sherritt Gordon and Falconbridge dropping 5 each to 65 and $2.20 respectively.

Higher-priced golds were unusually quiet and unchanged. Siscoe and Big Missouri were off a cent each but Sylvanite managed to firm 3.

CHEESE PRICES.

MONTREAL, September 9 (C.P.). —The cheese market was dull here to-day. Nominal prices were higher however, 10¾c to 11c a pound being asked for Ontario No. 1, but no sales were reported. Quotations for Quebec cheese at 10¾c to 10½c a pound were als onominal.

NEW YORK, Sept. 9. —(C.P. — Stocks ran into profit-taking this afternoon and earlier gains of 1 to 3 points in most active shares were either sharply modified or entirely lost. Some leaders finished lower. U. S. Steel and American backed up substantially after a 3 point rise. National Biscuit, Westing house and several coppers were heavy, losing 1 to 2. Rails, which had moved forward briskly, yielded much of their gains. Transactions approximated 3,900,000 shares.

TOP AND LAST STONE PLACED UPON VIMY RIDGE MEMORIAL

False Unveiling Rumors Bring Many French Notables to Scene Friday.

REAL DATE END 1934.

OTTAWA, Sept. 9. —(C.P.).— The top, and last, stone of the vimy ridge memorial, weighing nine tons, was set in place to-day. This is the tenor of the cablegram received this forenoon by Col. H. C. Osborne, hon. secretary of the Canadian Battlefields memorial commission, from the chairman, Brig. General H. T. Hughes. The cable was sent from Arras, France.

Officals here were at a loss to explain the circumstances reported in to-day's newspapers regarding the Vimy Memorial. According to despatches from Arras some Canadian having to do with the monument circulated the report that the unveiling would take place yesterday. The result was the assembling of a large crowd of people from the surrounding towns, together with many Mayors and other notables. The memorial, as a matter of fact will not be ready for unveiling before the latter part of 1934.

The placing of the last 9-ton stone, Col. Osborne said to-day, marked the completion of the main structure.

Physicist Holds Key To Cosmic Ray Secret

THE PAS, Man., Sept. 9 (C.P.).— Dr. Robert Millikan, distinguished American physicist, left for Winnipeg to-day after completing a three-day aerial search for data on the cosmic ray. He was accompanied by Dr. A. Victor Meher, of the California Institute of Technology, who assisted him with experiments at Cormorant Lake. They will arrive at the Manitoba capital Saturday night.

Locked in three small tin boxes lies the secret of the form of the cosmic ray. Dr. Millikan will take further tests during the next three weeks, but in the motion picture records of the readings of the instruments that went up to four miles in the air will be the answer to the problem, has the earth's magnetic field any effect on the cosmic ray, and, if so, how much?

ECLIPSE SHOWN ON MOVIE FILM

Hamilton Astronomers' Efforts With Home-made Telescope Attatchment, Success.

UNIQUE RECORD.

HAMILTON, Ont., Sept. 9 (C.P.). —Adaptation of a home-made telescope attachment to an amateur movie camera rewarded the Royal Astronomical Society's Hamilton eclipse expedition with a unique record of totality as seen at Actonvale, Que., officials revealed to-day.

While the expedition was being organized, W. G. Milne, an amateur movie fan, suggested to John A. Marsh, son of the Norwich astronomer, that an attempt be made to obtain consecutive photographic data on totality.

After watching their movie film being run in a tiny dark room, the scientists were jubilant in announcing they apparently had obtained the first motion picture record of totality taken in Canada.

The animated record thrown on the screen by the tiny projector shows the sun in crescent, partially eclipsed by the moon. Swiftly the crescent grows smaller until, with a sudden dive, it is obscured by the moon. Totality is shown clearly. Coronal streamers shoot into the heavens. Then an effect like a shower of light from a roman candle is shown, and with explosive suddenness, the sun's crescent re-appears.

JURY TO PROBE DOUBLE DEATH

Police Stick to Theory Girl Shot Lover Then Herself.

MORE NOTES FOUND.

GLACE BAY, N. S., Sept. 9. — (C.P.). — Tonight a coroner's jury will seek to answer the question of who killed Joyce Roberts and William Roznek. There were three possibilites: murder and suicide; double suicide; or double murder by " a perso nor persons unknown." The two were found fatally wounded by a brook side in Table Head, Tuesday night.

Scanning letters written by the dead girl, the suicide note found in her purse, and anonymous defamatory epistoles addressed to Roznek and his sister. Police are sticking to the theory that she shot Roznek and then herself. A note found in the dead man's pocket read:

"Billy Dear, won't you please see me to-night. It would be better to see you in the store than not at all if you have to stay home. Please don't say that we are all through. Give me one more chance. If I fail it will be the end. You can forgive but you can't forget. Joyce."

"Tight buttoned"

Have You, The "Can't Afford It" Habit ?

THE use of that phrase does not suggest the inability to buy so much as the desire to practice rigid economy . . . . to save . . . to deny yourself needed and necessary commodities.

But Man, oh Man, and you, too, Madam, how better and more effectively can you practice economy and thrift than to buy when prices are at their lowest ebb in years? How more certainly can you insure economy than to replace worn or out-of-date furniture than when new is selling for one-third of what it sold for 15 years ago? Or to stock up on food products when they are 40% less than at any time since the war? Or clothing when $53 to-day will buy you what you paid $100 for in 1912?

What you really cannot afford to do is not buy because you cannot afford to miss to-day's low levels . . . prices that are an actual boon to reduced incomes . . . to the practice of sensible, far-sighted economy.

HAVELOCK TAX RATE CLIMBING

Councillors at Special Session Decide on 48 Mills, Two Upon on 1931.

$3578 DEFICIT LAST YEAR.

HAVELOCK, Sept. 9. —(Examiner Correspondence). — The village tax rate for 1932 was struck at a special meeting of the council when all the members were present. The rate of forty eight mills is an increase over last year's forty-six mill rate, the additional tow mills being necessitated by a deficit of $3578 in last year's rate.

Following are the details of the rate:

County rate $3327	8.53 mills
School rate $7410	19.00 mills
Debentures $1570	4.05 mills
Street light $1640	4.20 mills
Park board $390	1.00 mills
Board of health $390	1.00 mills
Village rate $3965	10.22 mills

Sam Clarke Trophy Play-Offs Saturday

BAILIEBORO, Sept. 9. — The play-offs for the Sam Clarke Cup starts Saturday, Sept. 10th, with Colborne playing the local baseball team here at 3.00 p.m. The series will be decided by home and home games. Colborne won the Eastern League by defeating Brighton on two straight games, while Bailieboro conquered Baltimore in the west section of the Northumberland League after three hard-fought games. The Sam Clark Cup was won last year by the Alderville Indians.

H. Dodds Defeats L. E. Kelly 10 To 6

HASTINGS, Sept. 9. (Examiner Correspondence).— Before one of the biggest galleries of the season on the local bowling greens H. Dodds' rink won from L. E. Kelly 10 to 6. This was a challenge game and caused considerable interest to get stirred up. The bowling was also on par with the best of the season.

Time Is Extended For Tax Collection

The Douro Council met on Tuesday with Reeve F. D. Leahy and Councillors W. Hayes, H. A. Quinn and J. Mahoney present, when a communication was received from the Department of Labour re direct relief for unemployed.

Mahoney-Hayes: That those persons not having 1931 taxes paid be given until September 24. If not paid by that date, collector to take legal proceedings to collect. "yeas", J. Mahoney, W. Hayes, H. A. Quinn.

Hayes-Quinn: That John Garvey be appointed collector of rates for current year salary to be $90

Hayes-Quinn: That the following accounts be paid: G. Condon, $3.80; V. Kennedy, $3.80; John Wilbbs, $3.20; Percy Watson, $4; John Callaghan, $1; H. Cranley, $6; Donald Forsythe, $1.20; John O'Brien, $3.50; Robert Heffernan, $2; V. Cranley, $1.

By-laws 1038 to borrow $2,000 for current expenditure received its several readings and was passed.

The council adjourned to meet at the call of the reeve.

Let's Go To See The Midway Next Week

Night view of Conklin's All-Canadian Shows, Canada's premier outdoor amusement organization — which opens for a full week at Peterborough Exhibition next Monday, and will furnish all Midway entertainment.

POLICE SEEKING

(Continued from Page 1.)

act—references to the man's gentle and delicate nature, and the great love he bore for his bride.

This was not enough for the jury of four doctors, a health officer and an automobile dealer, in establishing a definite cause.

Their verdict was terse. "We, the jury, find Paul Bern came to his death September 5 from a gunshot wound in the head, inflicted with suicidal intent," it read. "Motive undetermined."

Jean Harlow was too ill to attend the hearing, and Henry Bern, brother of Paul, who flew here from New York, was also absent through illness.

Servants in the Bern home, business associates of Bern and Miss Harlow, at Metro-Goldwyn-Mayer studios, police officials and others were questioned by Coroner Frank Nance. Most of them had heard Bern discuss suicide at one time or another. None knew why he took his life.

Found No Second Note.

Other witnesses were Irving Thalberg, husband of Norma Shearer and an executive of M.G.M.; M. E. Greenwood, another studio official; John Carmichael and his wife, the Bern family servants; Clifton Davis, negro gardner for Bern; Police Lieutenants Frank Condaffer and Joseph Whitehead and Marino Belio, step-father of Miss Harlow.

Thalberg, Greenwood and Whitehead, first to arrive at the scene after Carmichael discovered the body last Monday, all testified they found no second suicide note.

Thalberg, visibly nervous and speaking in a barely audible voice, denied there was any undue delay in summoning police.

Leaves Estate to "Dorothy Bern"

NEW YORK, Sept. 9.—Paul Bern left most of his estate to "Dorothy Bern," under terms of a will disclosed yesterday in New York.

Dorothy Bern probably is Dorothy Millette, Henry Uttal, an attorney and friend of Bern, said. The will was deposited with Uttal 12 years ago, shortly after it was drawn up.

Miss Millette lived for 12 years at a New York hotel as Mrs. Paul Bern and was known to most of their friends as Bern's wife. She was blonde and quiet, and described as very intelligent. Several months ago she left New York, telling friends she was going to Los Angeles.

Obituary

E. D. ORDE.

E. D. Orde, a former barrister of Lindsay, and for the last thirty years a resident of Vancouver, passed away in the Pacific Coast city on Labor Day, September 5th, following a brief illness, at the age of 85 years. The deceased was a nephew of E. L. Orde, caretaker of Jackson Park, this city.

The remains will arrive here on either Sunday or Monday noon. Funeral announcements will be made later.

AVIATOR EQUALS ALTITUDE MARK

R.A.F. Pilot Carries Sensitive Electroscopes to 22,000 Feet in Northland.

AFTER COSMIC RAY DATA.

CORMORANT LAKE, Man., Sept. 9.—(By R. K. Taylor, C. P. special correspondent).—After scouring the skies of Northern Manitoba in his search for data on the cosmic ray, Dr. Robert A. Millikan, world-famed physicist, packed his delicate instruments this morning and made ready to leave for the south. His next observations will be made shortly at Tacoma, Wash.

He will follow the same method there as here. Sending his sensitive elec-troscopes and recording cameras into the upper atmosphere in aeroplanes. Flying Officer C. A. Gordon who command, the Royal Canadian Air Force station here, made two flights for Dr. Millikan. The second yesterday carried him to a height of 22,000 feet where he equalled the Canadian altitude record set last year at Montreal by Captain Roy Parkinson. His first flight, Tuesday, carried him to 21,000 feet and he landed 300 miles from his base, out of gasoline.

Millikan Pleased.

Highly pleased with the assistance given him by the Canadian airman, Dr. Millikan will go south and stop in Winnepeg where he will deliver a lecture Sunday on "Science and Religion," in one of the city's leading churches.

The purpose of his observations is to ascertain the effect of the earths' magnetic forces on the cosmic ray.

Scientist are not agreed as to the nature or origin of this phenomenon beyond a general admission it comes from some source beyond the earth, other planets or fixed stars outside the solar system.

District Farmers Exhibition Winners

In the grain and roots section of the Junior Farmers Judging Competitions recently concluded at the Canadian National Exhibition, Charles M. Heath, of Campbellford; and Percy Honey, of Dartford, Northumberland are placed among the winners.

Laura Webster, of Warsaw, is also named among the winners in the High School Girls Nutrition Class

Cordova

CORDOVA MINES, September 9. —Miss Margaret Bowen, of Campbellford, is spending a vacation with her parents, Mr. and Mrs. Edward Bowen.

Mr. P. J. Fitzpatrick, of Sudbury, was a recent visitor with relatives here.

Mrs. Davis O'Grady and daughter Beatrice of Peterboro visited Mrs. John E. Maloney, over the week-end.

Miss Leah Hardy of Belleville is visiting her friend, Miss Edith Hay.

Mr. and Mrs. Thos. Vansickle and son, Randall, of Timmins are visiting relatives here and at Havelock.

Mr. Harry Bowen of Picton was a recent visitor with his parents, Mr. and Mrs. Edward Bowen.

Mr. Gilbert Steenburgh and a party of young men from here, are at Vansickle harvesting the marsh hay.

MORE TEXTILE TROUBLE.

MANCHESTER, England—Possible extension of labour trouble in cotton industry was seen to-day in a vote by union spinners, who balloted 38,991 to 1,518 in favor of stopping work rather than to accept a wage cut proposed by the mill owners.

Demand for cheaper footwear is lowering the quality of Germany's output.

MANY ISSUES BEFORE COUNCIL

United Church General Council Will Meet at Hamilon on Sept. 28th.

WIDE VARIETY REPORTS.

TORONTO, Sept. 1. (CP)—Issues associated with the fundamentals of church and national life are to be brought before the United Church's General Council, which meets at Hahilton, Ontario, beginning on Sept. 28th. Memorials and overtures from the pastoral charges presbyteries and conferences will be presented in a wide variety. Reports on remits to the presbyteries by the last General Council are also to be considered.

A number of memorials concern the settlement of ministers. The Vancouver Presbytery has a memorial which is intended to restrict the admission of ministers from communions until the temporary overcrowding of the canadian ministry is passed. From another angle the Board of Home Missions is recommending "that one year's continuous service on a mission field be made compulsory for any candidate for the ministry before he is given ordination."

Among the remits the question of women and eldership will doubtless arouse considerable interest. The decisions of prebyteries on matters remitted to them will be referred to a manual committee which has to consider the best methods of incorporating the Church's constitutional decisions into the rules and regulations for government.

Present economic conditions are the subject of resolutions of a more or less radical nature from the Quebec-Sherbrooke, Belleville and Toronto West Presbyteries, as well as the Maritime Conference. Almost every Conference has prepared a memorial to urge that General Council make evangelism the dominant note in the Church's life. In addition, the report of the Commission on Evangelism named by the last council will be received.

Council will probably be called upon to decide as to the duty of official boards, trustee boards, committees of stewards and other bodies within congregations as to repairs and rebuilding of organs, appointments of organists, etc. Procedure is for all such matters to be referred to a committee for report, followed by discussion of the report in Council.

Many other proposals having to to with administration and an effective ministry are being received at the General Council's office from various church courts in anticipation of the Councils biennial meeting.

COURT SENDS CALL FOR POLICE HELP

Unemployed Rioters Halt Trial in Carbonear, Newfoundland.

ST. JOHN'S, Flld., Sept. 9. — (C.P. Cable).—Virtually the entire police force of St. John's arrived at the town of Carbonear last night to find that the word of their coming had stayed the hands of unemployed rioters.

The trial of a riotor, interrupted when sympathizers threatened court officers, was allowed to proceed after Magistrate John Casey had caused the Riot Act to be read. Thirty police remained in Carbonear overnight, fearing disturbances.

The trouble began last week when a crowd of 600, protesting against a cut in the dole ration to unemployed, put on a demonstration at the Court House. One of their number, W. Clarke, was charged with assaulting a police sergeant.

On Tuesday police went to Perry's Cove with a warrant for Clarke's arrest, but his friends refused to turn him over to the court. They promised to deliver him yesterday, but threatened that he would be released by force if punishment was meted out on the assault charge.

Yesterday a crowd of about 200 from Victoria Village and Perry's Cove, near-by settlements, interrupted the court proceedings. Magistrate Casey was unable to give judgment, and an emergency call was sent to St. John's.

Magistrate Casey found Clarke guilty and suspended sentence.

"Listen to me on HEADACHES"

Get rid of the cause . . take Fruit-a-tives

"I always felt miserable and tired as I was troubled with constant headaches for years. A lady recommended Fruit-a-tives and I gave them a trial and in less than a week was feeling like a new person."
—Mrs. A. M., Wiarton, Ont.

There is something to Fruit-a-tives. Created after 15 years' research by a brilliant physician, Fruit-a-tives is not to be confused with ordinary pills, oil, roughage, which act upon only one organ or possibly two. Fruit-a-tives stimulate five vital organs to function naturally and thereby assures good health. Try them. 25c and 50c.

E. M. HESS IS WINNER GENERAL MOTORS PRIZE

HASTINGS, Sept. 9 (Examiner Correspondence). — E. M. Hess, credit man at the J. H. Hess & Sons' Garage, received word on Thursday morning that he had won the electric clokk given away by the General Motors of Oshawa as the first prize to the man who collected the best percentage of his accounts. The clock is valued at fifty dollars and the winner is receiving the congratulations of the citizens on his success. The contest was very keenly fought out by the different credit men in the Province.

Mrs. L. Elliott, former resident of this village, is visiting at the home of Mr. and Mrs. John Fairman.

Mr. and Mrs. J. J. Cooney of Detroit, Mich., are vacationing at the home of the latters sister, Mrs. E. J. Lynch.

Miss Hazel Way is visiting relatives in Toronto this week.

Mr. J. J. Collins of Detroit is visiting friends and relatives in Hastings and vicinity.

Miss Georgina Beavis of Norwood visited friends in town on Thursday.

Mr. William Adams spent a few days in Toronto recently.

Mr. Paul Bailey of Montreal is visiting at the home of his parents, Mr. and Mrs. A. U. Bailey.

Mr. and Mrs. Aubrey Clapper are spending a few days in Toronto.

Mrs. Donaldson of Toronto is visiting her sister, Miss Sara Adams.

Mrs. J. O'Connor has returned after spending a vacation in Rochester.

Mr. T. A. Coughlin spent Thursday in Toronto.

Miss Dorothy Johnston, nurse-in-training of Nicholls Hospital, has resumed her duties after a two-weeks' vacation.

Mrs. Joyce Knight of Peterborough visited friends in town this week.

Miss McCabe of Peterborough was a Wednesday visitor at the home of Mr. and Mrs. J. J. Collins.

Mrs. William Laking and children of Kearney, former residents of the village, were guests this week at the home of Mr. and Mrs. D. E. Scriver.

Mrs. R. Pearson has returned to her home in Mimico after spending her vacation at the home of her parents, Mr. and Mrs. J. B. Scriver, Sr.

Mr. J. Deck is spending a few holidays with his son, at Cache Bay.

Mrs. L. J. Elliott of Colborne, a former resident of the village, is a guest at the home of Mr. and Mrs. Fairman.

Mr. and Mrs. J. A. Brown have as their guest, Mr. A. W. Spiers of Vancouver.

Mr. and Mrs. A. Fleming are exhibition visitors to Toronto this week.

Mrs. P. O'Connor and son Eddie of Campbellford called on Hastings friends on Thursday.

HASTINGS, Sept. 9. — Mr. A. W. Spiers of Vancouver, B. C., is a guest of Mr. and Mrs. J. A. Brown.

Guests at the home of Mr. and Mrs. H. Orr on Monday were Mr. and Mrs. Robert Fairman and son, Irwin, of Fergus, Ontario; and Mr. and Mrs. Dave Fairman, of Wilson's settlement.

Mr. and Mrs. Gordon Brown and children, of Detroit, who have been visiting friends around Hastings and Roseneath returned home on Monday.

Mr and Mrs. T. McCracken, of Roseneath, visited friends near Hastings, Tuesday.

Misses Ella and Mary Patterson, also Mr. N. Redpath, of Toronto, were recent guests at the home of Mr. and Mrs. J. A. Brown.

Miss Myrtle Pulfer is attending High School in Campbellford.

Miss Margaret Dunlay left for her home in Rochester, after spending all her holidays with her grand-parents, Mr. and Mrs. John Gorman.

Mrs. H. Bolster, of Toronto, was a guest of Mrs. Wm. Gillespie and Mrs. Jas. Yule, of Godolphin.

Miss Mary Torpey has again returned as teacher of the Cobourg Road school, which commenced on Thursday.

WHEN SKIN ITCHES

Don't give up or become discouraged—others may fail—but when skin is fiery and itchy and eczema tortures your body, Peterson's Ointment is sure to give instant relief and quickly heal.

It never disappoints. 50 cents a big box at any drug store.

Havelock

HAVELOCK, Sept. 9. — The list of voters for 1932 is now posted, and a copy is in the post office for the benefit of all who wish to scan the same. Those entitled to vote will do well to see the list before September 24th, as that is the last day for appeal against any omission that may have occurred.

The engagement has been announced of Mr. Lynn Anderson, of Toronto, son of Mrs. Alex. Anderson of this village and Norma Haig also of Toronto, daughter of Mr. and Mrs. Peter Haig of Havelock, the wedding to take place at Havelock on Saturday, September 17th.

The engagement has also been announced of Mr. Harry Anderson son of Mr. and Mrs. Robert Anderson, of this village, and Isabel Gibson, daughter of Mr. and Mrs. Bertram Gibson, of Belmont, the wedding to take place on Wednesday, September 14th.

Bethany

Mrs. Jones of Peterborough is the guest of Mr. and Mrs. Reg Palmer.

Miss E. Ball of Franklin, is staying for a few days with Mrs. A. Thorndyke, who is confined to her home through illness.

Mrs. L. Patterson of Brunswick, was a visitor to Peterborough, on Wednesday.

Mr. William Davis and Miss Lila Davis left on Tuesday evening to attend the Canadian National Exhibition.

Miss Iolene Holden was a visitor to Port Perry on Wednesday.

Mr. Webb of Allandale, a guest of Rev. Mr. and Mrs. Holden has been putting both the church organs of St. Paul's and St. Mary's into better playing condition, which is greatly appreciated by both congregations.

Mr. Charles McMullen was able to return to his home on Tuesday, after having been a patient for the past two weeks at the Nicholls Hospital.

Mrs. D. Hughes and friend of Toronto, are guests of Mrs. Carscadden, Wilson street.

Mr. and Mrs. Robinson of Montreal, are guests of Mrs. Hopwood and Mr. J. Haddon.

Mr. Reg Palmer was a visitor to the Canadian National Exhibition on Thursday; also Mr. and Mrs. Leonard Driver.

The harvest festival in connection with St. Mary's church, Lifford, will be held on Sunday morning at 11 o'clock, when the Rev. Mr. Blagrave, of Peterborough, will be the speaker. The harvest festival of St. Paul's will be held on Sunday, Sept. 11, at 7 o'clock, when special music will be given, and Rev. Canon Sawyer of Toronto, will be the speaker for the evening.

Miss Nellie Fallis, R.N., of Toronto is visiting her brother, Mr. Ernest Fallis, South Line, for a few days.

Skin Covered With Eczema—Now Clear and Healthy

Marvellous Healing by Well Known Remedy

There is nothing so simple in its origin and afterwards so difficult to get rid of as skin disease. On the first sign of irritation, roughness, or eruption, anoint the place with Zam-Buk. This herbal ointment will speedily banish all trouble.

When the skin is already aflame with eczema, or poisoned or ulcerated, Zam-Buk is the one external application powerful enough to get to the root of the disease. It quickly replaces unhealthy tissue by new clear skin. You will be astounded at the quick soothing and healing of Zam-Buk.

MEDICAL TREATMENT BRINGS NO RELIEF

"My daughter's face and neck were covered with a mass of sores, which our doctor diagnosed as eczema. He prescribed treatment which we tried for two months without relief. Her poor child's face had to be swathed in bandages and she was confined to the house. I was about to call in a skin specialist, when I heard how Zam-Buk had healed many sufferers from this dread disease. So I purchased a box of ointment and tablet of soap. After a few days treatment there was a great improvement; day by day the sores disappeared and within a month my daughter's face was entirely cleared of any sign of the terrible disease, without a single scar. I can't say too much of the wonderful healing power of Zam-Buk."—Mrs. H. A., Toronto, Ont.

IF YOU have a sore inflamed or blotchy skin, or suffer from skin rheum, scalp troubles, poisoned wounds, or piles, you will find Zam-Buk quickly soothing and healing. It is also a marvellous first-aid for cuts, burns, etc. Zam-Buk Ointment 50c. box, Zam-Buk Medicinal Soap 25c. cake.

Don't miss these.

RICHARD HALL, Limited

HISTORIC BAND FORMED IN 1850 COMING TO "EX"

Besses-o'-th'-Barn Coming To Peterborough From Toronto.

THREE PROGRAMMES.

Famous Band Been Acclaimed In All Parts Of The World.

With an historic background dating back one hundred and fifty years to the time when it was first organized as a reed band composed of a dozen players, Besses-o'-th'-Barn Band now a superb brass band of twenty-five instrumentalists under the direction of Fred Royle, Mus. Bac., F.R.C.O., is to be the premier attraction at Peterborough Industrial Exhibition on opening night next Monday and also on the afternoon and evening of the day following.

The band will come to this city direct from a most successful engagement at the Canadian National Exhibition where it held huge crowds under its spell, by the sheer beauty of tone, its incredible mellowness, as well as its dazzling brilliance, bording on the marvellous.

Famous Conductor

Formed as a reed band a century and a half ago, "Besses" became a brass band in the year 1850. Many years later it secured in Alec Owens a very remarkable man as its conductor, and during his reign it made its great name. After his death it was feared he could never be replaced and it was not until 1927 that the right man was found in the person of Fred Royle. It is he who, after a few years association with the Besses-o'-th'-Barn, has so imposed his sound and sensitive musical principles on his forces, that he has turned them into the finest musical instrument, of its order, in the world.

"He had already proved himself with the Halle and other orchestras, a conductor of rare personality," states The Hastings and St. Leonards Observer, "but it remained for "Besses" to reveal the uncanny genius which can make "brass" sound now like an organ, and again like a refined orchestra. Both Mr. Royle and his gifted colleagues are natives of the place which is world-famed because of its band. All are Lancastrians, and there has been no scouring of Europe for crack players as in certain other cases."

Loudly Acclaimed

Wherever this famous band has appeared it has been all over the [illegible] performances have been [illegible] Peterborough [illegible] and it is doubtful if any real lovers of music [illegible] the opportunity to hear [illegible] which has been [illegible] directorate of the Exhibition Board.

Origin of the Name

A word as to the origin of the name Besses-o'-th'-Barn, as supplied by The Examiner's Bethany correspondent: Bessie was the daughter of an innkeeper in the hamlet of Barn a few miles north of the great weaving centre of Manchester. The weavers journeyed to and fro on way to market their products, thus patronizing the hospitality dispensed by the good innkeeper and his spouse.

Bessie the daughter was noted as a sweet singer and travellers were evidently attracted by the quality of her voice. In the course of time a band was established in the neighborhood meeting each week for practice at "Bessie's place," hence the name Besses-o'-th'-Barn.

The soap that makes 50% *more* suds—richer, longer-lasting suds that *soak* clothes snowy white without rubbing, without harm to hands or dainty things. Never balls up, rinses clean, softens water. Great for dishes, too.

THE COMPLETE HOUSEHOLD SOAP

BAPTISMAL FONT TO BE DEDICATED

Knox Church This Year Celebrates Its 60th Anniversary.

Sixty years ago early this summer a group of interested members from St. Paul's Church organized a Sunday School south of Charlotte in a small frame building on Aylmer street. The intention was to care for the religious training of children who found it too far to go to the older schools farther north. From humble beginnings there has developed the present congregation of Knox Church. This among others was found necessary to keep pace with the growth of the city southwards. To mark the Diamond Jubilee of the origin of this successful mission the session of Knox has installed this week a marble baptismal font which on Sunday next will be dedicated as a memorial to the original workers in this good cause.

This font has been constructed in the local plant of the Ontario Marble Works. The material is Vermont clouded marble of beautiful shades and the design is one of chaste simplicity, making an appropriate addition to the church furnishings. The placing of the font in a prominent position near to the communion table makes it a fitting tribute to the memory of those devoted servants of the Lord who laid good foundations in faith many years ago.

A rather remarkable coincidence in connection with this Diamond Jubilee is that one of the original teachers in the school, Miss Charlotte Dickson, and two of the first scholars, Mrs. Robert Mulligan and Miss Kate Menzies are still members of Knox and actively interested in all the services.

The dedication service on Sunday morning will be of a special nature and will include the sacrament of baptism bestowed on the infant son of parents who have both grown up within the congregation. It is expected that Mrs. Westington, of Chicago, formerly Miss Daisy Murray, will contribute the sacred solos suitable to the event. Every friend of Knox will find a cordial welcome to the church that day.

Young Newly Weds Honored By Friends

BONARLAW, Sept. 9 (Examiner Correspondence)—On Friday evening of last week about thre hundred friends and neighbors gathered at the home of Mr and Mrs. Lindsay Mumby.

The occasion was a shower for Hiram Mumby, eldest son and his newly taken wife, nee Hazel Bateman of Springbrook. Many and valuable presents were received which attested to the popularity of the young couple.

Rev. H. A. Bunt acted as chairman and called the gathering to order and Miss Kathleen McComb read an address which was in verse.

Both Mr. and Mrs. Mumby gave short addresses thanking the guests for the many gifts and inviting all to visit them. Mention was made by some of the speakers to the useful lives by both Mr. and Mrs. Mumby in the community, in Sunday School and social work and trusted that since their marriage they will continue the good work. Mrs. Mumby is a Departmental Superintendent in the Township Religious Education Council and Mr. Mumby is Noble Grand of Springbrook Lodge I.O.O.F. No. 429.

A tasty lunch was served by the ladies, and with Miss Elsie Small at the piano, Mr. Baker led in community singing.

WARSAW

Dr. and Mrs. Munro and Miss Jean went to Tilsonburg for a few days last Friday.

Miss Wilson returned to the Fourth Line School.

Mr. Higgins begins his term in the Forsythe School.

Allan L. Payne with his two sons and five other young fellows went in his truck to Toronto to the Exhibition on Saturday morning and returned late that night.

TRENT RIVER

Miss Geraldine O'Connell and Miss Louise Lockheart of Peterborough and Mr. Clarence Christie of Toronto were week-end guests at Lucky Strike Lodge.

NAME THIS PICTURE AND WIN $100.00 FOR THE BEST TITLE!

$250.00 in Cash — 53 Prizes
$100.00 First Prize — $40.00 Second Prize
$10.00 Third Prize — 50 Prizes of $2 Each

THIS CONTEST CLOSES SEPT. 16, 1932

WINNERS OF CONTEST No. 7

1st PRIZE—$100—Leonard J. Coleman, 234 Doure St., Stratford, Ont.
2nd PRIZE— $40—C. E. Davidson, Glencoe, Ontario.
3rd PRIZE— $10—Miss M. MacDonald, Box 285, New Glasgow, N.S.
Cheques for $2 each have also been mailed to 50 other contestants.

Twice a month these pictures are published, so if you do not win a prize this time, try again—you may win the next contest or the one after that. These generous cash prizes are worth trying for again and again.

HAVE NO EXCUSE SAYS KAY DON

States Boat Had Best of Care —Engines Not to Blame For Breakdowns.

SPEAKS AT EX. LUNCHEON.

TORONTO, Sept. 8 (C.P.). — "I don't propose to make excuses—I have none to make," said Kaye Don to-day of his second failure to take the Harmsworth Trophy away from Gar Wood of the United States.

Speaking at a directors' luncheon of the Canadian National Ehibition shortly after his arrival by plane from Windsor Don declared his Miss England III. had received the best of care from her mechanics and that the two great Rolls Royce engines were not responsible for the breakdowns of Saturday and Monday on Lake St. Clair.

"It was this same boat, Don reminded his audience, which proved her worth by doing more than 119 miles an hour on Loch Lomond, Scotland, and actually did the fastest lap of this year's Harmsworth racing. But that's poor consolation," he added.

Soviet Russia now has the largest army, with 1,180,000 soldiers. France has 340,637, Italy 241,886, and Japan 233,786.

Great Britain and Ireland are building 30 per cent of the world's ships.

The best thing you can buy for BILIOUSNESS and SICK HEADACHES

Sold everywhere in 25c and 75c red pkgs.

CARTER'S LITTLE LIVER PILLS

Trent River

Mr. and Mrs. James Cousins and daughter, Patty Lou, have returned to Detroit, Mich., after visting the latter's sister, Mrs. Thos. J. Brown, of Trent River and parents, Mr. and Mrs. Hendren, of Norwood.

Miss Ruby Dunham, Messrs George Armstrong and Gerald Buchanan leave next week for Peterborough to attend Normal School.

Seymour West Institute meet on Thursday, September 15th, at the home of Mrs. John Armstrong.

Trent River Institute meeting was postponed this week owing to the Special Cheese Board meeting held at "Whitehall Gardens" Pavilion.

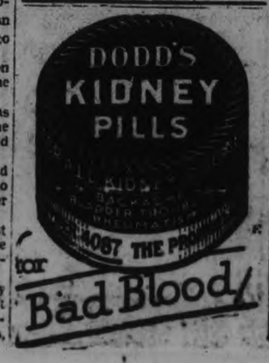
Mr. and Mrs. Harold Cotton and daughter "Marlyn" have returned to Toronto, after spending the summer at "Marlyn."

Messrs Leo McNicholl, Jack Spratt and Mr. Legros of Toronto, were over the holiday visitors at "Sumer-Inn."

Mr. and Mrs. J. Doupe and family of St. John, New Brunswick, left Thursday for their home after holidaying with the former's parents, Mr. and Mrs. Joseph Doupe.

Mr. Bruce Doupe, of Peterborough, was a visitor this week with Mr. and Mrs. Joseph Doupe.

Knocked down by a mechanically propelled invalid chair containing a patient, Albert J. Tooley was killed at Southend, England, recently.



TRENT RIVER L.A. June Patchen Wins In Lennox Fair Race

Ladies Spend Social Evening at Home of President Mrs. G. Shearer.

TRENT RIVER, Sept. 9 (Examiner Correspondence).—The September meeting of the Ladies' Aid of the United Church was held Wednesday night, September 7, at the home of the president, Mrs. Gordon Shearer, with an attendance of 26 members, in addition with the members' families and a number of Seymour West Institute members, there was a total attendance of about one hundred. Mrs. Shearer threw open her home for the occasion and a very happy evening was spent. The Ladies' Aid members assembled first part of the evening for their regular business meeting, with the president in charge.

The Deaconess, Mrs. H. R. Wood, reported that there was no illness throughout the congregation that had reached her notice. The chief business was in regards to plans concerning the annual fowl supper, to be held Monday, October 10th. The program committee decided to report later about talent for the event.

After the business was completed the following program was given: Reading, "The Master's Coming," by Mrs. George Longmuir; piano duet, Mrs. Gordon Shearer and Mrs. Tom Brown (West Seymour); reading, "Ma and the Auto," Miss Dorothy Waters. The ladies served dainty refreshments for which a silver collection was taken up and over seven dollars was handed to the treasurer for the society.

Among railway workers who have served in the English Parliament are two locomotive engineers, a brakeman and a "number taker."

A Full Week's Activities at the Peterborough Industrial Exhibition

Commencing Next Monday, September 12th, and Continuing Until Saturday Night, Sept. 17th

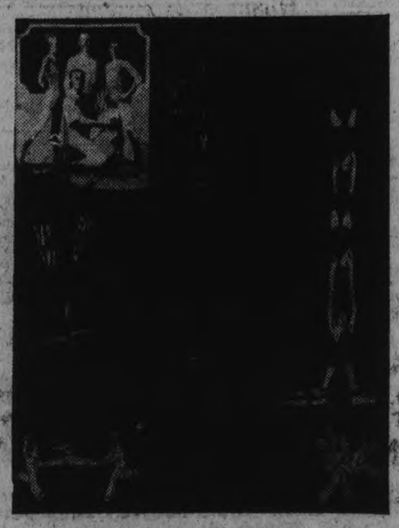
The Hard Work, Enthusiasm, and Optimism of the President and Directors of the Peterborough Industrial Exhibition for the past year will culminate next week in presenting one of the Finest Exhibitions the Central Ontario District has ever seen. The Peterborough Exhibition is not a local affair, but one that the Rural and Urban Population in this whole district, within a radius of 60 miles, is interested in seeing that it is a success.

The Gates of the Fair will be open to the public on Monday, September 12th, when the Besses-o'-th'-Barn Band, Great Britain's most famous band, this year will present its first of three wonderful programs on Monday evening at eight o'clock.

This band will give further programs on Tuesday afternoon, September 13th, and Tuesday evening, and its reception by the public should be an excellent one.

SOME OF THE GRAND STAND ATTRACTIONS

All Clean and Up-to-Date.



SENSATIONAL DEVILS
The Super-Sensation of the Century.

PEARL DIAMOND AND COMPANY
In an Act that Radiates Class, Pep, Speed and Thrills

MELINO TROUPE
The Laugh Sensation of Every Exhibition.

ROYAL CANADIAN DRAGOONS

Composed of 34 Men and Horses, will execute their Wonderful Manoeuvres in front of the Grand Stand, Wednesday, Thursday, Friday and Saturday afternoon and evening. This is one of the Most Expensive and Finest Attracitons to be seen at any Fair.

Clean and Up-to-Date

MIDWAY

CONKLIN'S ALL-CANADIAN SHOWS will be the Midway Attraction This Year—Six Rides, 10 Shows—an Eighteen-Car organization well conducted. Now playing Eastern Fairs and giving entire satisfaction.

SPECIAL HORSE RACES

THURSDAY, Sept. 15
2.28 Class and 2.18 Class
FRIDAY, Sept. 16
2.25 Class and 1.16 Class
SATURDAY, Sept. 17
2.22 Class and 2.14 Class

JUDGING OF STOCK

In Judging Ring in front of the Grand Stand. It is predicted that there will be a larger and finer entry list than last year, which was a record breaker. Exhibits of Cattle, Horses, Sheep, Swine, Poultry, Agricultural and Dairy Products, Ladies Work. Don't miss the Horticultural Exhibit this year; it is receivng specal attention. The Vegetable Exhibt is another attraction worth spending some time on.

$10,000 IN PRIZES TO EXHIBITORS

Insuring the Greatest of Competition. See the parade of Prize-Winning Stock Saturday afternoon. It is a marvellous sight.

The Fair Board has prepared in a big way for this year's Exhibition, and are confidently looking for the support, co-operation and good-will of every one in this important Central Ontario District to make the Fair the complete success it should be. Your attendance is what will count now.

The General Admission, afternoon and evening is only 25c; children 15c. The Grand Stand in the afternoon is 50c; children 25c. The Grand Stand in the evening is 25c.

Wednesday Afternoon, September 14th, is Children's Day when children will be admitted at gate for 5c, and grand stand for 5c in the afternoon and up to 7 o'clock. On Children's Day the Midway has reduced prices for the Kiddies.

In spite of some adverse conditions over other years, but which are now beginning to right themselves, forget your troubles, and spend one or more days at the Peterborough Fair. It will be an inspiration to every one who attends .

ROLAND DENNE President.

F. J. A. HALL Secretary

$50,000 GONE STAGE BEAUTY GOES TO WORK

Anne Caldwell Loses Balm In Market, Back To Broadway.

LEARNED LOT IN YEAR.

NEW YORK, Sept. 9. — Anne Caldwell, raven-haired Broadway actress, who received $50,000 for her five years of love with John W. Hubbard, Pittsburgh "shovel king" —a rate of $10,000 a year—has taken just that long again to lose every cent of it.

"And I'm coming back to Broadway to begin all over again," she said when found in Pennsylvania, where she took a train back to the home of her parents in Avon, Pa., after a business trip to New York. She said:

"No, I am not going to begin all over again with any millionaires. A year of being stony broke has done me a lot of good. I have finished a play, and I am hoping to see it produced."

The home in Avon, where Miss Caldwell said she has "been marooned" for the past year, is the old farm for which she paid off the mortgage five years ago when Jack Hubbard lost a $50,000 breach of promise verdict.

At the time of the settlement, Miss Caldwell announced that she was through with Broadway and that she was going to salt away a sizeable portion of the settlement to insure an income.

Her good intentions went astray to some extent when she opened a gown shop on Sixty-second st. However, the business prospered until she caught the speculative fever in 1929. She added:

"I have been working very hard to make a come-back financially. This time it will be because I have something to offer, and not through any man."

P. BLACK OPENS RE-MODELED STORE TO-DAY TO PUBLIC

Former Premises at Corner of George and King Streets Modernized in Every Respect.

SALE NOW ON.

Once again The Examiner finds pleasure in extending hearty congratulations to another of Peterborough's business men whose faith in this city's future remains unshaken, despite adverse trade conditions the world over. We refer to P. Black, who has just completed extensive alterations to and enlargement of his ladies' and men's wear store at the corner of George and King Streets. This extension brings beneath one roof a business formerly conducted in two stores, with resulting less operation overhead and consequent lower prices.

The remodelled premises present a bright and cheerful interior, the major color scheme of which is cream, white and ivory, with a touch of mauve showing in the delicately decorated wallpaper. The ceiling of the front section of the store is ornate metal. The new section in the rear is devoted to evening and party gowns and millinery, with comfy fitting rooms on the north, the floors of which are covered with handsome blue Brinton rugs. An alteration department completes this new annex.

The entrance opens into the main department, replete with the newest models of coats, suits, and dresses for milady and miss, together with complete ranges of children's and ladies' more intimate wear. Here also select lines of men's and boys' clothing find their appointed place. Modern wardrobes and fittings lend themselves admirably to effective display and acceptable service; and altogether, Mr. and Mrs. Black have now a business house of which they may well be proud.

As customary on such occasions, the re-opening of this practically new store is being featured to-day, Saturday, and next week with a sale of new 1932 merchandise of high quality, and at prices which to say the least, are economic and advantageous to patrons. See the advertisement in Thursday's Examiner.

From the incipiency of this business, Mr. Black's policy has been to strain every effort that the customer be satisfied—in quality and value—and that policy has won for him a wide clientage, not only in this city, but extending for many miles into Peterborough County.

BLAME JUVENILE CRIME ON LACK HOME TRAINING

HAMILTON, Ont., Sept. 9.—(C.P.)—Juvenile crime and lawlessness were chiefly caused by lack of home training, too much dependence on legislation, too many paternalistic laws and automobiles, in the opinion of Magistrate W. C. Mikel, of Belleville, attending the meeting of the Ontario Police Magistrates' Association.

He did not consider the present generation any worse or better than its predecessors, but declared the young people of to-day did not receive the same religious training in the home as their parents and the automobile offered more opportunities for crime.

READ THE WANT ADS.

FASHION SERVICE

Here's a ravishing fashion cut along exceedingly slender lines.

You'll love it! It has long slim lines, suggestive of Princess styling. Shirring nips either side of this one-piece model to accent the natural waistline. The skirt is given graceful fulness through godets at either side, whose curved seaming minimizes the width through the hips.

Style No. 2794 is designed for sizes 14, 16, 18, 20 years, 36, 38, 40, 42, 44 and 46 inch bust.

Size 36 requires 4 7-8 yards of 39-inch material with ¼ yard of 39-inch contrasting.

A wine red silk rough crepe made the original.

Black crepe satin would be stunning for late summer and early fall.

Be sure to fill in the size of your pattern.

Send stamps or coin (coin preferred.)

Price of pattern 15 cents.

That Body of Yours

By James W. Barton, M.D

THE RATE OF THE HEART BEAT

As a youngster I was very much interested in a little instrument called a "pedometer" which measured the distance walked. It could be adjusted to the length of the stride taken with each step.

Dr. Ernest P. Boas tells of the use of an instrument known as a "cardiotachometer" which measures the rate at which the heart beats. By the use of this instrument he studied the effect of exhausing exercise on the heart rates of 27 boys from 9 to 15 years of age. The exercise consisted of having them run back and forth in a long corridor until they were nearly exhausted and then up a flight of stairs and down again. The average duration of the exercise was two and three quarter minutes. Immediately after the exercise the boys lay down on a bed.

The striking feature was the very high heart rate shown by most of the boys. During the second minute of the exercise the average rate was 182, about two and one half times the rate of the heart when at rest—76 78. In three cases the highest rate was over 200. In adults doing severe work the highest rate is usually about 180 to 170.

Just as soon as the exercise began, the heart began to beat faster, to supply the extra blood needed by the muscles to do the exercise.

Almost an hour after the exercise was taken, the average rate was still about 12 points higher than before the exercise was taken, but there was a great drop in the rate at the end of the first minute after the exercise was completed.

These figures teach us that the heart is capable of doing a great amount of work whenever there is any need for it. It increases its rate immediately and when the work is done, the rate returns almost to normal within one or two minutes. This returning to normal within a short time is the usual "army test" as to the ability of the heart to do the heavy work required of it in warfare.

When you have an ailment, even a slight one, the heart rate increases in order to do the extra work needed to fight off the ailment. And even after the ailment has passed over, the heart will continue to beat a little more rapidly for a few days afterwards.

The thought then is that your heart is capable of doing two to three times its regular amount of work, and that, although it returns to nearly normal in one or two minutes, there is always the need of a little extra rest after work or an ailment, until the normal rate returns.

CULBERTSON on CONTRACT

by Ely Culbertson

World's Champion Player and Greatest Card Analyst

283

PROVIDING FOR A DISCARD

An unusual situation, not generally appreciated by Bridge players, occurred in a recent Contract tournament in Cleveland, in which only one of the contesting pairs reached the correct game declaration. This situation is presented in the hand shown below. The problem involved was one of finding a discard for a losing trick in a side suit, in order to realise the full trick-taking power of the combined hands. More than adequate trump support for both of South's suits was held by North, but only one pair realized the necessity of having a long side suit in the Declaring Hand in order to gain the vital tenth trick. This situation occurs occasionally and, through correct bidding methods, can be correctly appraised.

The players who had the satisfaction of making game, while others fell 1 trick short of that, were Mr. Russell J. Baldwin, Secretary of the Cleveland Whist Club, playing the South hand, and Mr. A. G. Schuman, former President of the club, who held the North hand.

The hand and bidding were:

South—Dealer.

Both sides vulnerable.

	♠ K J 3 2 ♡ K 10 6 5 ◇ 10 2 ♣ 10 4 3	
♠ 9 8 ♡ J 2 ◇ A Q 9 4 3 ♣ A K 9 5	N W E S	♠ 7 6 5 ♡ 8 7 ◇ J 7 6 5 ♣ J 8 7 6
	♠ A Q 10 4 ♡ A Q 9 4 3 ◇ K 8 ♣ Q 2	

The Bidding:

(Figures after bids in table refer to numbered explanatory paragraphs.)

South	West	North	East
1♡(1)	2◇	2♡(2)	Pass
2♠(3)	Pass	3♠(4)	Pass
4♠(5)	Pass	Pass	Pass

1—Of course, bidding the longer of two biddable suits first.

2—The hand contains 4 tricks in support of the heart bid.

3—Correctly showing the second biddable suit.

4—Unsure of game, but willing to have partner make the choice of the final declaration.

5—South correctly grasps the situation. He realizes that if hearts are trump, no losers in the North hand can be discarded on the heart suit. However, if, as he believes, the heart suit is solid and his partner holds such support for spades that no tricks are lost in the trump suit, a discard of a loser in one of the side suits may be found on the fifth heart.

South's holding of the King of diamonds indicates that the Opening lead will be a club, as West, vulnerable, probably holds the major tenace in the suit which he has bid. West's bid has probably made valueless the diamond King.

In the play, West opened the King of clubs and continued with three rounds of that suit, the third round being ruffed by the Declarer. The adverse trumps were then drawn and, as planned, Mr. Baldwin found a discard of one of the Dummy's losing diamonds on the fifth heart, thereby losing only two clubs and one diamond and scoring game. The bidding of North and South showed a keen appreciation of the trick-taking possibilities of the combined hands and South's bid of four spades, after his partner had supported both suits, was absolutely correct. When partner has shown support, a four-card suit may be bid as freely as a five-card suit, and the nature of partner's bidding had quite clearly indicated the kind of support he held for the South hand.

Game, of course, would have been equally safe if the King of clubs had been located in the North hand. The fact that East had refused to support West's Overcall strongly indicated that practically all the opposing strength was held by West.

TODAY'S POINTER

Possible unusual playing situations can frequently be recognized by the players during the bidding. Bidding is mental play, and inferences should be drawn as to playing situations, as well as honor and playing-tricks.

Tomorrow's Hand

The bidding and play of the hand printed below will be discussed tomorrow:

South—Dealer.

Both sides vulnerable.

	♠ Q 9 4 3 ♡ A 6 3 ◇ Q 10 9 7 4 2 ♣ —	
♠ J 8 7 5 ♡ Q 10 8 ◇ J 6 5 ♣ J 7 5	N W E S	♠ K 10 2 ♡ J 9 2 ◇ — ♣ A Q 10 8 6 4 3
	♠ A 6 ♡ K 7 5 4 ◇ A K 8 2 ♣ K 9 2	

Study the hand, decide how you would bid and play it and then compare the results you obtain with those shown in tomorrow's article.

Copyright 1932, Ely Culbertson

East Emily

Messrs. Joseph Hunter and Walter Moncrief spent Wednesday attending the C.N.E. in Toronto.

Miss Francis Fee spent the week-end in Toronto.

The annual harvest home service was held in St. James' Anglican Church on Sunday evening. Rev. Douglas Patterson of All Saints' Church, Peterborough conducted the service. The church was beautifully decorated for the occasion with a profusion of beautiful flowers and vegetables.

Mr. and Mrs. William Cook and son Billie and the latter's father, Mr. William McNickle of Cleveland, Ohio are visiting with the latter's sister, Mr. and Mrs. William Kerr.

Mrs. William Morrison of South Monaghan spent this week visiting with friends in this district.

Miss Irene Fee, R.N., of Quincy, Ill. is the guest of her brother, Mr. Wilbert Fee at Fee's Inn.

Mr. and Mrs. Milton Fallis and son of Fallis Line spent Sunday with Mr. and Mrs. Sayward Switzer.

Miss May Fee of Peterborough spent the week-end with her mother, Mrs. Annie Fee.

Mr. and Mrs. Herb Choate of Belleville spent the holiday with Mr. and Mrs. Walter Moncrief.

Born—To Mr. and Mrs. Andrew Irwin on Saturday, September 3rd, twins, a son and daughter.

Mr. and Mrs. Wilfred Jackson spent Sunday visiting friends at Midland.

Mr. and Mrs. Walter Wheeler and two daughters of Toronto spent the week-end with friends in this district.

Mr. and Mrs. Frank Morrison and daughter Eleanor of South Monaghan spent Sunday visiting with Mr. and Mrs. Walter Moncrief.

Mr. and Mrs. Norman Edmunson and family of Smith spent Sunday with Mr. and Mrs. Milton Clark.

Miss Mary De Forge has returned home to Peterborough after visiting with Mr. and Mrs. Wilfred Carroll.

The ladies of St. James' Anglican Church held their regular Guild meeting in the parish hall on Wednesday afternoon with the president, Mrs. Milton Clark in the chair.

The meeting opened with hymns and prayer after which Mrs. Howard Clark gave a splendid reading.

After this part of the meeting the ladies were very busy sewing, and then the hostess for this meeting were Mrs. Vincent Franks and Mrs Milton Clark served dainty lunch.

The meeting was brought to a close with prayer.

Mr. and Mrs. Lorne Wilson and children of Peterborough spent Monday with Mr. and Mrs. Vincent Fee.

The schools throughout this district have reopened after the summer vacation with all the teachers in their same schools as last year.

Mrs. Klinch of Stouffville is visiting with her daughter, Mrs. Milton Clark.

TENDER DATE SET FOR BRIDGE WORK

Several Accounts Approved At Meeting of Percy Township Council.

WARKWORTH, Sept. 9 (Examiner Correspondence).—The municipal council of the Township of Percy met in the town hall here on Tuesday.

Alfred Merril, reeve, in the chair. Other members present: James Lamey, deputy reeve; C. J. Boyce, U. E. Wartman and Ray R. Mallory, councillors.

Communications.—Ontario Bridge Co., Ltd.; Canadian Legion; S. R. Hart and Co., Ltd., E. L. MacNachtan, re Dolman; Tenders for cedar and position of collector.

Moved by R. L. Mallory, seconded by C. J. Boyce, that the council advertise for tenders for the Dugan Cedar Bridge and the railway, also the approaches; date of closing tenders, 12 o'clock noon September 15. Details are available at the clerk's office, Warkworth.

Councillor Boyce objected to paying T. Lamey, trucker, stating that he believed he was holding up the job causing the cost of gravelling to be unreasonable compared with such work elsewhere. Moved by R. Mallory, seconded by U. E. Wartman, that the reeve, clerk and treasurer sign cheques on the Royal Bank of Canada in favor of the following parties, namely:—

For Police Village.—Hydro Commission, street lights for August, $54; William Duncan, cutting weeds, 50c; R. W. Kelly, street lights, $2.80; R. Dudley, one load gravel, $1.00. Total $58.30.

For the Township of Percy — Harry Crossen, cedar account, $17.50; Harry Crossen, work on road, $6; Fred Morrow, work on road, $5.70; Pat Smith, work on road, $3.75; Leslie Leland, work on road, $6; Chas. Vansickle, work on road, $6; Dr. F. S. Lawson, half Wm. Dolman account, $6.60; Chas. E. Bowen, book for auditors, $3; James A. Sykes, Percy Municipal Telephone System, $250.00; James A. Sykes, cedar account, $3; Alfred O. Cliffe, S.S. No. 1 Percy and Cramahe, $125; H. Beswetherick, S.S. No. 4, Percy, $150; N. A. Hardy, S.S. No. 10, Percy, $100; John McCubbin, salary as road superintendent, $87.50; F. H. Moore, plow point, 70c; P. S. Ewing, hall lights and postage, $12.28; Earl Potter, work on road, $211.50; Tom Lamey, work on road, $308.80; Fred Laporte, work on road, $15.45; John Zuefelt, work on road, $36; Don Weatherson, work on road, $34.65; Ezra Cornelius, work on road, $18.41; Frank Boyce, order Ezra Cornelius, $1.60; Chas. Vansicklan, work on road, $28.50; Chas. Cobbledick, work on road, $14.70; William Taylor, Jr., work on road, $1.20; P. S. Ewing, action Tom Lamey, $45.76; P. S. Ewing, action Glenn Allen, $45.76; Earl Potter, work on road, balance May account, $40.50; Stanley Knight, work on road, balance May account, $6.75; Harry Helson, work on road, balance May account, $6.75; Don Weatherson, work on road, balance May account, $6.75; John Zuefelt, work on road, balance May account, $6.75; G. R. Mitchell, cartage road drags, $5; Ontario Bridge Co., road drags, $50; A. O. Cliffe, work on culvert, $1.85; Albert Clarke, painting community hall, $15; B. Buchanan, paint account, $10.72; John McCubbin, balance salary, May account, $12.25; Maurice Ames, community hall contract, $350; Fred Laporte, work on road, $10.50; Amos Smith, work on road, $1.50; Ezra Cornelius, work on road, $2.25; Gerard Jollie, work on road, $8.25; Gordon Thompson, work on road, $6.15; Andrew Dugan, work on road, $2.50. Total, $1,988.82.

Moved by R. Mallory, seconded by U. E. Wartman, that the account of work to truck men and shovellers for work on road east of Hastings be paid, and that the road superintendent be also paid for the three and one-half days withheld subject to suit for recovery.

Moved by C. J. Boyce, seconded by R. Mallory, that we pay the Ontario Bridge Co., for the five road drags, and Gordon Mitchell for cartage account on them.

Moved by James Lamey, seconded by U. E. Wartman, that the application of F. H. Meneilley for tax collector at $150 for tax roll 1932, be accepted, satisfactory bonds to be furnished on or before Sept. 15, 1932.

Moved by C. J. Boyce, seconded by R. Mallory, that we accept Mr. Dugan's tender for sound cedar for bridge near his farm, to be delivered promptly after this date at the bridge site.

Moved by James Lamey, seconded by U. E. Wartman, that this council do now adjourn, to meet again on Tuesday, Oct. 4, 1932.

Bankers of the Irish Free State report that they are able to show clean and satisfactory balance sheets this year and that any reduction in dividends has been due mostly to higher taxes.

Men Now Using Many Cosmetics

"Joe, lend me your compact."

"Sure Bill. Want my lipstick, too?"

Such a conversation between two robust males is not at all impossible, says Mrs. Ruth D. Mauer. Mrs. Maurer is chairman of the thirteenth annual convention of the American Cosmeticians' Association, which recently convened in Chicago.

"Men in increasing numbers," she observed, 'are becoming cosmetics conscious. You'd be surprised to know how many carry lipsticks and blending brushes."

BEST LOVED OF PERFUMES

England sends you this

THE Lovable Fragrance of the Yardley Lavender has been a very part of Fashion's life since 1770. Other, exotic perfumes have lived their fleeting days, but this devotion to the Yardley Lavender is unchangeable. The Lovable Fragrance is such a fascinating, refreshing companion. In stoppered bottles at 35c.—and gift cases from 85c. to $10.00—at all good drug and department stores.

NEIGHBORLY NOTES

Please phone items to 1600 or 1601

Mr. and Mrs. W. H. Snowden announce the engagement of their daughter, Ann Olive Merrell, to Mr. Frederick Robert Lindsay, North Bay, son of Mr. S. E. Lindsay, K.C., and Mrs. Lindsay, of Hagersville, Ontario—the marriage to take place quietly early in October.

• • •

Mr. and Mrs. W. G. Scott, of Seymour, announce the engagement of their only daughter, Sarah Beaven Helen, to Mr. Harold Frederick Van Volkenburg, second son of Mr. and Mrs. G. Van Volkenburg, of Seymour — the marriage to take place the twenty-first of September at their home, "Maple Valley," Seymour.

• • •

Miss Jessie Pattison was successful in winning second place in the Contralto section of the Musical Competitions held yesterday at the Canadian National Exhibition, Toronto. The awards were won as follows: Miss Jean Hargreaves of Brantford, 84 per cent; Miss Jessie Pattison, 82 per cent; Miss Helen Whitfield of Toronto, 79 per cent.

• • •

Mr. and Mrs. C. P. Borland and family have returned to the city after spending the summer at Chemony Park.

• • •

Friends in the city of Mrs. Henry Huff of Chicago, sister of Mr. Joseph Primeau and Mr. John Primeau of Ashburnham, will regret to learn of the sudden death of her husband at his home in Chicago, this week.

• • •

Ferdy Mowry and his band, who are at present in Toronto on a month's trial engagement at the Embassy Club, are broadcasting four nights a week over Station CFCA.

• • •

Mrs. C. J. Rutherford and Mr. and Mrs. F. J. Overend and family have returned to the city after spending the summer at Chemong Park.

• • •

Miss Margaret D. Whittaker left this week to commence her duties as teacher of S.S. No. 2 Apsley.

• • •

Mr. and Mrs. James Long have returned to the city from Chemong Park.

• • •

Elsie Jones of Gordon Avenue entertained a number of her little friends on Tuesday afternoon at her home in honor of her seventh birthday. A jolly time was spent in playing games on the lawn and in house, followed by a dainty tea which included an iced birthday cake with pink candles. The guests included the following: Marguerite Hawthorn, Audrey Doig, Marguerite Welch, Aileen Hughes, Isobel Bettes, Queenie Holden, Patricia McGarrity, Joyce Dorrell, Ethel Gibson, Dorothy Chamberlain, Colleen Gilbert, Garry Jones, Wilfred Jones, Jack Dinsdale.

• • •

Mr. and Mrs. E. J. Pilon, Mr. and Mrs. Leo Hand, Mr. and Mrs. Elden Harris and Mr. Jack Teft, all of Detroit, were visitors this week at the home of Mr. and Mrs. Fred Papineau, in Cavan.

• • •

Master Noe T. de LaPlante, son of Mr. and Mrs. J. O. de LaPlante, left this week to enter as a resident student the preparatory school at Oaklands, Toronto, conducted by the DeLaSalle Christian Brothers.

• • •

Mr. and Mrs. W. T. Belleghem and family have returned to the city from Chemong Park.

• • •

Mr. and Mrs. V. R. Henry, Dennistoun Avenue, have return home from Sydenham, Ontario.

• • •

Mr. and Mrs. J. W. Kelly and family, McDonnel Street, have returned to the city from their summer home at Bridgenorth.

• • •

Mr. and Mrs. A. W. Nelson and Master Billy, of 364 Park Hill Road, were registered at the King Edward Hotel, Toronto, over the week-end.

• • •

Mr. and Mrs. R. T. E. Hicks-Lyne have returned to the city from Stoney Lake.

• • •

Mr. and Mrs. W. Allen of 199 Perry Street, and friends, have returned home after a pleasant motor trip to Toronto.

• • •

Mr. Robert Waterman of 590 Lock Street celebrates to-day the eighty-fourth anniversary of his birth.

• • •

Mr. and Mrs. Dunn of Nakina, Ontario, are guests of the latter's parents, Mr. and Mrs. E. B. Edey, 85 Aylmer Street.

• • •

Mr. and Mrs. L. J. Leclair have returned from their summer home at Belmont Lake.

• • •

Mr. and Mrs. J. E. Lillico have returned to their home on Water Street from Juniper Island, Stoney Lake.

• • •

Mr. and Mrs. John Davidson of 634 Gilmour Street are home from Stoney Lake.

• • •

Mrs. Fred Papineau and daughter Claudia have returned to their home in Cavan after spending the past three weeks with friends in Detroit.

• • •

Mrs. R. Higgins of Perry Street is celebrating a birthday anniversary to-day.

• • •

Mr. and Mrs. Joseph Moore of Stittsville, Mr. and Mrs. Everett Paden of North Gower, and Mrs. James Helmer and daughter, Beryl, of Ottawa, motored to the city to spend the week-end with Mr. Harry Nugent, London Street.

• • •

Miss Marcelle O'Toole has returned to Newark, N.J., after spending the past two months with her parents, Mr. and Mrs. Denis O'Toole of Otonabee.

• • •

Mrs. W. Denston has returned to the city from Stoney Lake.

• • •

Mr. and Mrs. T. H. Hooper have returned to their home in the city from their summer place at Rice Lake.

• • •

Mr. and Mrs. T. H. Glover, Mark Street, have returned to the city from their summer home at Stoney Lake.

• • •

Mrs. H. Ballard of Homewood Avenue has returned home from Windsor and Detroit, where she visited relatives and friends.

If He Sends Roses, He Means Business

The boy friend is beginning to get serious when he sends roses in the opinion of Mrs. Bert Schiller McDonald, Chicago florist. Mrs. McDonald said chrysanthemums mean the sender likes the company of the addressee.

Pretty Farmerettes Hold Spotlight At Fair

Agriculturists' Day at the Canadian National Exhibition saw the cows, the sheep, the horses and the pigs come into their own. But not all the interest was focused on the live stock. Fair farmerettes held their share of the spotlight. And why not? In (1) we have the Misses Cummings, Ross and Moore from Oxford county, while in (2) Miss Helen Baker of South Simcoe, one of the champion judges, smiles for the camera.

HATS ARE HIGHER IN THE BACK AND LOWER IN FRONT FOR FALL

Weddings

TURNBULL—TOMLINSON

Isobel, only daughter of Mr. and Mrs. Charles Wesley Tomlinson Sr., and William Alexander Turnbull, youngest son of Mr. William Turnbull of Belfast, Ireland, and the late Mrs. Turnbull, and brother of Mr. James Turnbull of this city, were married in Trinity Church, King Street East, Toronto, the Rev. R. F. Widdow, officiating. Palms, ferns, and early autumn flowers decorated the church. The wedding music was played by Mrs. Walter Haufschilds, organist of the church, and during the signing of the register, Miss Olive Grainger sang. The bride, given in marriage by her father, was gracefully gowned in white satin, and wore a tulle veil held in place by orange blossoms, and carried an arm bouquet of lily-of-the valley and orchids. She was attended by Miss Rosamund Deller, who was wearing point d'esprit lace over pink taffeta, with accessories to match, and carrying pink roses. Little Miss Bernice Sharples and Miss Lorraine Christie acted as flower girls, dressed in long yellow and green organdy, with hats to match, and carrying nosegays. Mr. Arthur Squire was groomsman, and the ushers were Mr. Clinton Tomlinson and Mr. Charles Tomlinson. A reception was held at the home of the bride's parents, Herbert Avenue, where Mrs. Tomlinson received in a gown of mauve georgette, and wearing a corsage of tea roses and lily-of-the-valley. The couple left on a motor trip down East. They will reside in Toronto.

Three were given diplomas, and two granted special prizes at the recent anual graduation exercises at Royal College of Organists at Belfast, Ireland.

For New Mode A Lovely Coiffure Is Absolutely Necessary.

AUTUMN HAT STYLES.

(Chicago American).

New things keep happening to hats all the time. There isn't anything we of the feminine gender wear that changes quite as quickly or as radically as hats. And this autumn season is no exception.

They rise deeper and taller at the back on the left side—down to the right in front with a divine sidepitch ending very flat and exceedingly shallow over the right eye.

As you try on these new hats you'll find out that a lovely coiffure is absolutely essential—for the left side of the head is very much exposed.

There are any number of types from which you may choose—the most outstanding for the first days of fall being what is popularly known as the "Rag-of-a-Hat," a simple small draped hat made of some smart fall fabric; the 'Boater,' a very tailored hat something like a sailor only the crown is shallow and rounding and the medium size brim sits aigh on the head; the "Tilted Boater," the same type except that the brim parks up at a ridiculous angle on the right side; the "Butterfly or Bow Turban," which may be of felt or fabric with a big bow and flying ends placed smack in front; the "Square Crown Sailor," with its brim upon the left side, down on the right; the hat with the pleated brim, the rolled brim and the fly-away brim.

Felts and Soleils.

There are felts and soleils in all the millinery shops and sections in Chicago. There are velvets in black and all the ravishing dark colors. There are broadcloths and fabrics of all kinds and descriptions. You don't necessarily have to have your hat of the same fabric as your suit this season, although it would be very smart if it should match.

According to all the information we've been able to gather, black will be the most important color from point of chic as well as volume. All of which makes us very happy because we don't think there's anything quite as flattering or smart as black. This year you'll be the last word in fashion if you dress in black from top to toe with nary the sign of white or any color.

In the charming photographs at the right, Mrs. Ernest Byfield wears two little hats that are lovely with afternoon clothes.

One is a tiny, tiny black velvet with two white wings front and centre. Beautiful on her—don't you think? This hat would be something grand with a black velvet afternoon dress or a black velvet suit for fall weddings, important teas, the matinee and such things.

White Feathers.

The other hat Mrs. Byfield wears is also little and it's bound all round with a band of white feathers that are an exquisite frame for her face.

In the accompanying sketch, two felt hats are pictured. One is a brown felt Suzanne Talbot sailor, distinguished by cut felt bands running around the crown with bows placed at precarious but smart angles. The merest wisp of a veil holds the left side of the coiffure very much in place when Fall winds begin to blow.

Agnes—who also produces some of the most sensational as well as successful hats of any season—is responsible for the cunning black felt tricorne beret with the big felt bow at the front and a little to the right.

Stylist Tells Of Fashion's Trend

NEW YORK, Sept. 9—Hard times are putting clothes "in their place," according to Kathleen Howard, fashion editor of Harper's Bazaar, who returned from the Paris style shows in the French liner Ile de France.

Miss Howard said that, except for a lavish use of furs, the latest styles are not characterized by excessive luxury. She added:

"This, of course, is in keeping with the times. Clothes, I am glad to say, are taking their proper place in life and are not of that paramount importance which some people would have them."

Miss Howard visited thirty-one collections in Paris in twelve days. The biggest sensation, she thought, was Patou's introduction of the long waist, which she described as "perfectly charming" and very easy to wear.

She found Paris "more Parisen" than she had seen it in years.

Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

THE PERSON who has become so tired during a long winter and early summer of hard work and who has but two weeks in which to recuperate often feels enough strength has not been gathered in this little interim to do the needed good.

• • • • • • •

The return to work is with physically hurrying steps and mentally lagging footsteps. If only one could afford to prolong the fourteen days to double their number or increase them by half!

• • • • • • •

Perhaps you will be surprised to learn that the benefits which accrue seldom show themselves to their full immediately a vacation has come to a close.

• • • • • • •

As the routine of customary occupation proceeds, one begins to feel more adequate for the task. A new strength shows itself in lack of fatigue at the close of a day's work, and in pleasant anticipation of entertainment after hours, which previously made one tired to just think about.

• • • • • • •

Unless a person has so overdrawn the bank account of physical reserve that actual ill-health results, it is amazing what a few days of relaxation under changed environment can do to restore body and mind to normal conditions.

• • • • • • •

If these few days are prolonged into two weeks' time these benefits are increased in greater proportions than the gain in the first few days.

• • • • • • •

Rest is essential, whether this consists of utter relaxation and seclusion or whether it consists of change of occupation which is sometimes termed rest.

• • • • • • •

When a person is fond of sports and has a sedentary vocation, there is an inclination to plunge too violently into physical activities during the first week of vacation.

• • • • • • •

Vacation days should be happy play days as well as rest days, and those who have yet to enjoy their holidays should bear this fact in mind.

• • • • • • •

There is that attitude of mind about activity apart from necessary work which transforms the exertion into pleasure. Unless strenuous play is entered into with too much vigor, it is beneficial as well as a pleasure.

• • • • • • •

It will be found that in order to return to work with an aftermath of renewed vigor, and renewed interest in the usual occupation and the customary entertainments, one must have change, which is decided in both work and play.

JESSIE PATTISON WINS SILVER MEDAL

Local Singer is in First Three for Three Years in Succession.

For two years in succession Miss Jessie Pattison of this city has won the silver medal, emblematic of second place in the contralto solo division of the music competition at the Canadian National Exhibition.

She won the award yesterday afternoon with 82 points—only two points below those of Gene Hargreaves of Brantford, who won the gold medal and first place.

A local singer of note, Miss Pattison has been a member of St. Paul's Presbyterian Church Choir here for over five years, and has studied voice control under Martin B. Chenhall, A.R.C.O.

Three years ago at the C.N.E. Miss Pattison won the bronze medal which means that for the past three years she has featured in the foreground in the solo contralto contests. Competition is keen and it is a well-known fact that it is getting keener each year. The achievement of this popular local vocalist is considered by musicians here as an outstanding performance.

Famed Astor-Dick Romance On Rocks

NEW YORK, Sept. 9—The famous romance of Mrs. Madeleine Force Astor Dick, former widow of John Jacob Astor, and her childhood sweetheart, William K. Dick, is ended.

It should have endured forever. But it didn't. And now Mrs. Dick is preparing to file suit for divorce in Paris, according to word from there.

For several years society has been wondering if the Dick marriage would hold, but no definite rift was ever seen. Recently, however, Mrs. Dick established herself in Beekman terrace, while her husband moved up to E. Eighty-fourth street.

News Leaks Out

Soon afterwards she went abroad, whence has come the news of her divorce intention.

The Dick marriage was the culmination of a childhood romance. They had known and loved each other in the days when Mrs. Dick was Madeleine Force, before her spectacular marriage to John Jacob Astor.

Honeymoon Ends

Then came the tragic end of her honeymoon, when Astor sacrificed his life in the sinking of the Titanic to permit women and children first chance at lifeboats.

His bride returned to New York a widow and soon afterwards bore his son, John Jacob Astor, who is now on a world tour.

The young widow now found herself the most envied woman in society. The vast Astor fortune was hers, together with tremendous prestige. And then she married Dick.

MAGISTRATES CONSIDER SENTENCE UNIFORMITY

HAMILTON, Sept. 9. (CP)—Ontario police Magistrates' Association were to-day considering recommendations for uniformity of sentences for the same type of offences and consolidation of municipal and rural police under provincial supervision.

William Morrison, K.C., M.L.A. for East Hamilton, in an address to the association, urged the same sentences be meted out for the same type of offences citing as a basis, the disparity shown in case on record.

Leafs and Keene Battle to 15-All Deadlock

BRUINS SPLIT DOUBLE WHILE PIRATES LOSE

Chicago's Lead Increases By Half Game as a Result.

YANKEES ALSO WIN.

Defeat Tigers in Fourteen Innings But Darkness Ends Nightcap.

By HUGH S. FULLERTON, Jr.
(Associated Press Sports Writer)

Back in the long lean years, those four seasons from 1927 through 1930 when the National League champions couldn't win a world series and seldom could win a game in the great October classic, the explanation was often advanced that the close races in the senior circuit took too much out of the winners and left them easy prey for the American Leaguers, who won by big margins.

The same contrast comes up again this year as the National League race goes down the home stretch with seven teams still mathematically in the running while only three are left in the American, two of them with only the slimmest kind of a chance to overtake the New York Yankees.

After checking in with a 14 inning victory and a seven inning tie in a long duel with Detroit yesterday, the Yankees reached the point where they need only four victories for themselves, four defeats for Philadelphia and Washington or any combination within that figure will clinch the pennant. At the same time the Chicago Cubs, leading Pittsburgh by 5½ games with 18 to go, have to work on a 13 game basis to make it a certainty.

The perils of the season's last road trip affected the leaders in both circuits yesterday. The Yanks had to go five extra innings in the first game before they put over two runs to defeat the Tigers 6 to 4 and darkness stopped them in the seventh inning of the second clash with the score tied at seven-all.

Philadelphia's Athletics lost a precious game as Clint Brown held them to four hits to get a 2 to 1 decision over Lefty Grove. Another four hit performance, with Monte Weaver doing the flinging to ring up his 20th victory of the season, enabled Washington to turn back the St. Louis Browns, 3 to 1 and keep pace with the Yanks.

In the fourth American League contest, Ted Lyons, Chicago veteran, pitched a fine 10-inning game and then scored the winning run himself for a 4-3 victory over the Boston Red Sox.

Cubs Divide Pair

A divided doubleheader with Boston added a half game to the Cub's lead as Pittsburg took another one on the chin from Brooklyn. Charley Root's six-hit hurling and a big eighth inning gave Chicago a 4-1 victory in the opener, but Bob Brown duplicated the six-hit feat for Boston in the nightcap and a homer by Wally Berger led to a 3 to 2 triumph.

NINTH-INNING RALLY TIES COUNT FOR PETERBORO TEAM

Both Nines Collect Sixteen Clouts Off the Opposing Hurler.

EVENLY-FOUGHT CONTEST.

A ninth-inning rally that netted Maple Leafs three runs tied up the score at the Bowl last night to deadlock the second Leafs-Keene girls' play-off game at 15-all, darkness preventing the contest continuing. Another huge crowd was on hand and saw an exciting see-saw battle, the Leafs showing marked improvement after dropping the first game to hold the out-of-towners to a draw.

It was an evenly-fought contest throughout, both sides collecting 16 hits off the opposing hurlers, Mary McCarthy and Elsie Gates. The former pitcher fanned seven, but was a trifle wilder than her opponent on the mound. The fielding was also practically on a par, good and bad defensive work being dished up. Three homers, a triple and three two base blows kept the crowd on edge during the fray.

Leafs Start Scoring.

The Leafs started the ball rolling with one in the first on a single and E. Gates' double. Keene balanced it in the second on a walk, fielder's choice, passed ball and error. The third saw some tall gunning, Keene getting four markers on three singles and I. Short's homer; and the home team retaliating with six runs on seven clean flingles, a wild pitch, a boot and D. Ferguson's double.

One more came the Leafs' way in the next stanza, a walk, a steal and a bingle doing the trick. Keene got one in the fifth on two errors with a stolen sack; and the Leafs moved further ahead in their half on an error and E. Gates' homer to deep right. Keene took the lead, 11 to 10, in the sixth when they shoved across five counters on a walk, three singles, M. McCarthy's triple and a four-base blow by H. Nelson. Both sides got one each in the seventh and eighth innings, errors and wild pitches figuring in them. In the Keene half of the ninth, two runs were chalked up on four singles; and then the Leafs tied it up in their half on a walk, a miscue, two singles and K. Rowland's double.

Stars of Game.

G. McCarthy, I. Short and M. McCarthy had three hits each for the visitors, with R. Gainor getting two. K. Rowland and E. Gates crashed out four apiece for the Leafs, E. Austin and G. Mann getting two. M. Ballantyne was brilliant at short for the Leafs, while H. Mann, G. Mann, M. Brown and H. Nelson also looked good in the field.

YESTERDAY'S STARS

Sammy Byrd, Yankees.—Battered Tiger pitching for five hits, including two home runs, in first game of double-header.

Charley Root, Cubs, and Bob Brown, Braves—Former stopped Braves in first game with six hits; latter allowed only six hits in second and fanned seven.

Frank O'Doul, Dodgers.—Collected two home runs and two singles against Pirates.

Ray Benge, Phillies. — Beat Cardinals on three hits and struck out eight.

Clint Brown, Indians.—Outpitched Bob Grove, holding Athletics to four hits and winning, 2-1.

Ted Lyons, White Sox.—Held Red Sox to six hits and scored winning run after singling in 10th.

Monte Weaver and Carl Reynolds, Senators.—Former held Browns to four hits; latter collected triple, double and two singles.

Rowland; double-play, M. Brown to I. Short; hits, off M. McCarthy 16, off E. Gates 16; struck out, by M. McCarthy 7; bases on balls, off M. McCarthy 6, off E. Gates 5; wild pitches, M. McCarthy 4, E. Gates 1; passed ball, D. Gainor 1; time of game, 1.10; umpires, Coursey at plate, Maudsley on bases.

Pittsburgh couldn't approach Brooklyn's hitting feats and was buried under a 12 to 2 score. The Bucs touched Watson Clark only eight times while the Dodgers made 17 blows, including two homers and two singles by Frank O'Doul.

A circuit drive by Don Hurst with two on base in the fifth inning gave the Phillies a 3 to 0 victory over the Cardinals in the remaining National League game as Ray Benge Limited the 1391 champions to three hits. New York and Cincinnati decided the weather was too cold for a meeting of the tail-enders and postponed it.

Hastings May Have 9-Hole Golf Course

HASTINGS, Sept. 9 (Examiner Correspondence).—The prospects of Hastings taking up the game of golf seriously are getting brighter each week. Rev. Father P. J. Kelley, an ardent golfer, has laid out a nine-hole course on the Callahan estate recently purchased by J. Gorman, a mile south of the village. No work has been done on the course in the way of construction as yet, only keeping the grass cut. Father Kelley is looking forward to a big membership next season.

THE TURF

NAPANEE, Sept. 9.—The second day of the Lennox Fair was favored with a good crowd. There were three races, the results of which were as follows:

2.19 class—
June Patchen, Toronto....2 2 1 1 1
June Time, Kingston 1 1 2 2 2
Furi Mildred, Peterboro ..4 3 3 3
Country Lass, Centreville ..3 4 4 4
Best time, 2.13½.

2.30 class—
W. J. Gratton, Belleville ..1 1 1
Peter K., Napanee 2 4 4
Peter H., Belleville 3 3 5
Riodale, Roseneath 5 1 1 2
Lady Penalty, Napanee 6 2 1 0
The following horses also started: Peter Olive, Primdale, Guy Unco, Teddy Hal and Major Penalty.
Best time, 2.18½.

County race—
Dolly Patch, Enterprise 1 1 1
Peter Abdella, Kingsford 2 2 5
Riverside Dan, Tamworth 4 5 2
Fifty Fifty, Morven 5 3 3
Lady Eitawa, Odessa 3 4 4
Best time, 2.29¼.

Victory of Top Flight in the Alabama Stakes at Saratoga, N.Y., raised the earnings of C. V. Whitney's three-year-old to $173,125, the largest amount ever won by a filly.

Bowling Notes

AT HASTINGS

HASTINGS, Sept. 9 (Examiner Correspondence). — The scheduled games in the local schedule of the bowling league were keenly fought on Wednesday night. H. Dodd won from Jones, 14 to 6, to still keep in the running for the second half. Dodd has won four and lost one, while Rivard has won five and lost one. Dodd has a game with Huycke which he must win to be on even terms for his last game with Rivard. Dr. Campbell won the first half and will meet the winner of the second half for the Tip Top Cup.

Rawdon Riflemen Close Good Season

BONARLAW, Sept. 9 (Examiner Correspondence)—The last regular shoot of the Rawdon Rifle Association was held on the ranges at Bonarlaw on Labor Day. A good attendance turned out and all three ranges, viz, 200 yards, 500 yards and 600 yards were fired. The members making the highest aggregate score on the three ranges was Percy Downey with a total of 82. The second and third men were John Wellman and Geo. Wellman with an aggregate of 77 and 76 respectively.

This finishes a very successful season for this association and the boys look forward to next season with pleasure.

BIRDS CLINCH INTERNATIONAL CIRCUIT HONORS

Buzz Arlott Connects for Fifty-two of Baltimore's Homers.

BEAT SKEETERS 15-10.

Royals Hold Fifth Position by Winning From Toronto Leafs 7-6.

(By Associated Press.)

Although the best they can hope for is second place in the final standings, the Baltimore Orioles have clinched International League home run honors for the fourth year in succession.

In 156 games, including one tied contest, they have smashed out 215 homers, 29 more than their nearest rivals the Buffalo Bisons. Not only have the Orioles piled up a lead in this department that can not be overcome, but they are threatening their own league record, set at 231 in 1930, when Joe Hauser clouted 63 himself. Baltimore has 13 games in which to smack the 17 homers they need to break the record.

Buzz Arlett's big bat has been responsible for 52 of Baltimore's homers, but the former Phillies' outfielder has had valuable assistance from McGowan, who has 35 round-trippers to his credit; Packard with 28, Regan with 24, Heffner with 14, and Sand with 13.

McGowan, Regan, and Bill Akers all clouted homers yesterday as the Orioles walloped Jersey City 15-10. The Orioles collected 16 hits all told. Sugar Cain pitched effectively for six innings, but Jersey City flogged him for four runs in the seventh, and then drove him to cover in the eighth when three more runs filtered across the plate.

Stretches Lead.

The victory stretched Baltimore's lead over third place Buffalo to a game and a half, for the Bisons were beaten in a night game by the Rochester Red Wings, 8-2. Jim Winford gave the Bisons only four singles and struck out 73 men. Two passes and two singles in the eighth saved Buffalo from a shutout. Buffalo not only lost ground to Baltimore, but now leads fourth place Rochester by only one game.

Wins From Leafs 7-6.

Montreal maintained its position in fifth place, a game and a half behind Rochester, by handling the Toronto Maple Leafs their seventh successive defeat, 7-6. The Royals clubbed Charlie Sullivan for 12 hits and all their runs in five and one-third innings, but Guy Cantrell held them to three hits the rest of the way. Toronto rallied for five runs in the seventh within ons of a tie, but Leo Mangum tightened up just in time.

Newark's champion Bears dropped a 2-1 decision to the Albany Senators, who thereby move up to within a game and a half of sixth place Jersey City. Harry Holsclaw of the Bears gave up only three hits but two of these, a base on balls and an infield out gave the Senators both their runs in the second inning. Campbell allowed the Bears seven hits, three of which were bunched for one run in the third frame.

Wrestling Last Night.

WASHINGTON.—Sandor Szabo, 205, Hungary, won in straight falls from Mike Romano, 207, New York.

KANSAS CITY—Jim Londos, 200, Greece, won in straight falls from Abe Coleman, 205, Los Angeles.

TORONTO. — Ed. (Strangler) Lewis, 258, Los Angeles, won in straight falls from Howard Canowine, 240, Iowa.

BALTIMORE.—Dick Shikat, 218, Philadelphia, threw Matros Kirienko, 216, Russia, 34.50.

16 Pairs Are Left In Globe Doubles

TORONTO, Sept. 9. —(C.P.). — Field cut to 16 pairs made up of nine Toronto rinks and seven from other parts of the province to-day will reach the finals of the 27th annual tournament of the Globe Scotch Doubles, one of the seasons premier events first day's play produced an unusual number of upsets and many hard-fought games where extra-ends were necessary before a decision could be reached. Some lop-sided scores were also registered as more than 300 bowlers started the preliminary round.

The competition reached the third round yesterday.

London, Kitchener and Woodstock strong pairs from western Ontario showed great form to successfully survive third-round plays and were strong contenders for the honors. Lawrence Park and Toronto St. Matthews, however, are expected to put up strong battles before the title leaves Toronto.

Major League Leaders

(Including yesterday's games.)

NATIONAL LEAGUE

Batting.—O'Doul, Dodgers, .370; V. Davis, Phillies, .348.

TULANE STAR MEETS VINES

Sutter Conceded of Having Slight Chance to Beat 20-year Old Pasadena Ace.

SEMI-FINAL MATCH.

FOREST HILLS, N.Y., Sept. 9 (C.P.)—The headlines have been going to other stars, but Cliff Sutter, Tulane University youngster, has been playing spectacular tennis in the United States National Championships, now in the semi-final round.

Sutter's rivals in the round before the final were Ellsworth Vines, defending champion; Wilmer Allison and Henri Cochet of France, all of them holding a much higher ranking in the world's tennis lists.

But the Southerner had earned one distinction the other three all lacked. He had progressed to the semi-finals without losing a set. In succession he had bowled over Frank Fiala of Philadelphia; Carl Fischer of Woodbury, N.J.; Eddie Jacobs of Baltimore; Henry W. Austin of England, and George M. Lott of Chicago. Not one of them succeeded in giving him a battle.

Vines was to play the Tulane star to-day, but despite Sutter's brilliant play, there were few who conceded him a chance of beating the 20-year-old Pasadena ace. Vines trouced Lester Stoffen in the semi-finals yesterday, 6—3, 7—5, 6—4.

The other semi-finalists, Cochet and Allison, also had dropped only one set in gaining the round before the finals, and both saw their records of straight-set triumphs cracked yesterday. Sidney Wood took the opening set from Allison before bowing 5—7, 6—3, 6—2, 6—4, and Frank Shields accomplished the same feat against Cochet, but the Frenchman won handily, 4—6, 6—3, 6—4, 6—0.

PLENTY OF ACTION IN THE FINAL BOUT

Spectacular Grappling of Poggi and Berger Should Provide Thrill for Fans.

When Nazzarino Poggi of Italy enters the ring to oppose Casey Berger of San Francisco in the feature of the Queensbury Club show at the Brock Street Rink to-night, the Italian star will be ready for his seventh Peterborough bout. He has won four of his six matches here to date and in the opinion of many was unlucky to lose the other two, although the fact that he is very unpopular permitted of no regret when he was beaten. He lost a close main bout to "Whitey" Hewitt on the occasion of his first Peterborough appearance. Then he threw Arthur Dick, Chicago, Jack Smith and Alex. Kasaboski in that order. His next bout here was a return engagement with Kasaboski, a finish affair, in which Poggi won two out of three falls. On August 26 he scored the first fall over Doctor Ralph Wilson but lost the second two to the "flying surgeon."

Berger has only been here once but he showed such good form that many favor him to beat the peppery Poggi when they clash to-night. Whichever man wins, it should be a sensational battle for both are aggressive and versatile in their mat work.

Jack Kogut, Toronto flying tackle expert, is looking for main bouts here, and his semi-final with Bert Rubenstein will be somewhat of a test for him. Rubenstein is not a champion but it takes a really good man to beat him, and a victory for Kogut will enhance the latter's chances of earning promotion on future programs.

Young Szabo of Hungary should be very acceptable if he is even half as good as his uncle, Sandor Szabo, the Hungarian champion. He will meet Frankie Hart of Holland in the opening bout. The complete card is:

Preliminary.

Frankie Hart, Holland, vs. Young Szabo, Hungary, one fall, 30 minutes' time limit.

Semi-Final.

Bert Rubenstein, Detroit, vs. Jack Kogut, Toronto, one fall, 45 minutes' time limit.

Main Bout.

Casey Berger, San Francisco, vs. Nazzarino Poggi, Italy, best two out of three falls, two hours' time limit.

Geo. Robinson Wins Shaughnessy Trophy

TORONTO, Sept. 9. —(By the Canadian Press). — Shaughnessy trophy and Canadian senior golf title to-day rested in the capable hands of George L. Robinson, of Toronto. Crushing a field of 141 entries with a second 18-hole round of 79 Robinson finished the 36-hole grind witha total of 163, one stroke ahead of George S. Lyon, Toronto, who won the Nesbitt trophy for runner-up.

Starting the second 18-holes, Robinson trailed the leader, J. Rennie, Toronto, by four strokes. A splendid 38 on his first nine sent him on the way to the title and a steady 41 on the home nine cinched it.

L. A. Lewis, Vancouver, finished in third place with 86-85—165 and J. Dix Fraser, Toronto, defending champion, shot 81-85 for a total of 766. Rennie, leader at the halfway mark could do no better than 92 in his second round which, with his first-round 79 left him with 171.

SPORT TAPIS

Packers in Port Hope, (Peck Cup).

ELECTRIC GIRLS BEAT BRINTONS

Take 13-12 Victory in First Game of Indoor Softball Double-header.

STARS LOSE OUT 12-6.

Two fast, exciting games marked the second double-header of the indoor Softball League at the Brock, last night, before a fair crowd. The girls' game went to C. G. E. over Brintons, 13 to 12, when the Electrics pushed across two runs in the ninth. In the men's game, C. N. R. finished stronger to win over Daily Stars, 12-6, Chuck Butcher helping them with his wildness on the mound, though he fanned a flock.

The two girl pitchers, M. Self and M. Snowden ,turned in a nice hurling job and they had fair support. Both sides got two runs in the first, but C. G. E. were then blanked till the fifth as Brintons got two more in the second one in the fourth and another in the fifth. The winners got one in their half and two each in the sixth and seventh. It was tied up in the seventh by Brintons. C. G. E. got four in the eighth, with the Carpetmakers shoving ahead with five, but a two-run rally in the ninth gave Electrics the game. The teams:

C.G.E.: Hallihan, rf; Creighton, cf; Todd, 2b; Connors, 3b; Miller, c; Ashmore, 1b; Self, p; Amyotte, lf; Bosley, ss; Peryer, rf; Coursey, lf.

Britons: Sturgeon, 1b; Snowden, p; Field, 3b; Prest, rf; Hodson, rf; White, c; Snowden, ss; Heffernan, 2b; Curtis, lf; Pilling, cf; Whitelf.

C. G. E. .....300 120 042—13
Brintons ..... 221 101 000—12

Stars lose Out 12-6.

C. N. R. pulled ahead to defeat Daily Stars, 12-6, showing more punch in the late innings of the men's game, after a close and classy start. Both Butcher and Elliott showed a world of speed on the opposite slabs, Chuck fanning fourteen and allowing just four hits. But he was very wild and walked seventeen, with C. N. R. taking advantage of this. Elliott fanned nine, walked two and gave just eight hits. Good fielding and base running marked the contest. It was 3-1 for C. N. R. until the sixth when they got three and Stars scored swo. The latter got three more in the ninth, after the Railwaymen went across with four in the seventh and two in the eighth. The teams:

Daily Stars: Gray, c; C. Clark, 1b; O'Toole, rf; Cowan, cf; Wylie, 2b; Miller, 3b; Wright, lf; R. Clark, ss; Butcher, p.

C. N. R.; Hartley, ss; Batten, 2b; Sweetman, cf; Chambers, 3b; Gardner, 1b; Elliott, p; Board, rf; Delahaye, c; Wolfe, lf.

Score by innings:

	R	H	E
Stars ..... 010 002 003—6	6	3	
C. N. R. .....102 003 42x—12	4	3	

Umpires, Batley at plate; Johnston on bases.

BANTAM FINALS OPEN SATURDAY

Local Kiwanis Team Meets Hamilton in First Game of Series.

PETES FAVORED TO WIN.

The Bantam finals for the Ontario baseball title opens in Stevenson Park tomorrow afternoon at three o'clock, Kiwanis playing Hamilton. It is the first of their three-game series for the O.B.A.A. championship; the second to be held in Hamilton next week, and a third if necessary being staged on neutral grounds. The Peterborough team has a good chance of bringing another baseball pennant here, and should get hearty support by a huge crowd at the local park to-morrow.

With Anderson, Phelan and Field ready for mound duty, it is uncertain which one will start, but all three have proven themselves as ranking with the best Bantam hurlers anywhere. Eddie Starr is an experienced catcher who has been right through to an Ontario title before, as have some of the other Kiwanis players. The infield consists of Thorburn, Kingdon, Dunkley, and A. Clark; with G. Clark, O'Leary and Todd in the outfield, although other players may be put in at any time.

Manager Herb Ralph, with the assistance of Ken Baker of the Kiwanis Sports Committee, has rounded up a classy Bantam team and they look good afield and at bat —as well as in pitching. They should cop to-morrow's game, but will likely have a fight against the strong Hamilton champs who took Guelph in fairly easy manner. Fans are promised a fine ball game at Riverside Saturday, at three.

NEW BOWLING CHAMPION

E. P. Baker (Poole Park, Dorset) is the new singles bowls champion of England. In the final of the A.B.A. championship at Paddington he defeated E. W. Fortune (Somerset) after a very fine game by 21 shots to 14.

Baker played plendidly at the start and at the fifth end led Fortune by 5 shots to 2.

From that point Fortune began to find the green better, and the match became more evenly contested. In the seventh end Fortune scored two beautiful drawing shots, and another in the next, and he took the lead by 7-6 at the ninth end.

Jack Murphy, New York swimmer, won an underwater event by traveling 58 yards.

SPORTS Day by Day

Baseball — Softball — Lacrosse
Boxing — Wrestling — Acquatic

(BY C. J. P.)

Don't forget that rasslin' show at the Brock tonight at 8.30 as it should be worth seeing. The pro grapplers have been putting on some good bouts here all summer, not one being disappointing. The Poggi-Berger headliner is sure to be good tonight, and that semi-final between Rubenstein and Kogut ought to be pretty fair, too. Hart and Szabo meet in the preliminary, and if the latter is a good as his advance notices, the flashy Frankie will need all his agility.

* * * * * *

The Keen girls' gallop toward their second straight softball title was slowed down to a walk rather abruptly last night. Maple Leafs—who looked worse than somewhat in the first game—came to life and smacked Mary McCarthy's offerings hither and yon. And we don't mean "yawn," as it was highly exciting all the time. The Leafs put on a three-run splurge in the last of the ninth to give them a 13-15 tie just when it seemed Keene was about to pull out a close win.

* * * * * *

And the crowd loved it! Both outfits have their supporters, but the fans like to see a close contest in a playoff series, and if the uproar in the heetic ninth wasn't deafening, it was so close to it that we wouldn't argue the point. Some right healthy socks were taken at the pellet, including three clean-cut homers. And the fielding wasn't half bad last night, at times being downright good.

* * * * * *

The tie game will count as a regular playoff game, as it doesn't make any difference one way or another. The teams must play until one side has won three game, that's all. The next game will be this Saturday, the fourth probably being Monday. Keene won the first game, 17 to 6, Tuesday and will still prove tought to keep from retaining their title and the Bond Trophy won last year. However, the Leafs have a very good chance yet.

* * * * * *

Thoughts while scoring the game: These gals take the game seriously....That ham that's always bawling out the players must be a hen-pecked hubby away from the missus....If there weren't two kinds of luck, little Jean Nelson wouldn't have any....Catchers should wear masks in this game same as the men players....Doesn't the ump kno wthat a ball is fair if it rolls onto the diamond before it reaches third or first?....Whata racket, whata racket, but if only the one who paid yelled, we'd be able to hear ourselves think, if possible.

* * * * * *

Civic pride will be more or less on trial in the O.B.A.A. final series that opens in Stevenson Park tomorrow at three between the provincial bantam finalists. The local Kiwanis have an excellent chance of winning an Ontario title for Peterborough this year, their last trial being against the Hamilton champs who play here Saturday. They need plenty of support, financial and vocal, as they must play a return game in Hamilton next week, and that costs dough.

* * * * * *

The kids have been playing great ball, winning from McMurrichs of Toronto in two straight, and they should win tomorrow. Kiwanians, baseball fans and citizens who believe in encouraging clean sports for youth, should take in a good game and be of great help at the same time.

* * * * * *

Pat Calladine takes his Maple Leaf Juveniles to Toronto tomorrow where they play St. Andrew's at 2.30 in Willowvale Park. It is the first game of the semi-final O.B.A.A. series, and probably the old twirling rivals, Bill Calladine and Salsberg, will oppose each other. The return game will be here next Saturday, probably. The Leafs have had a long lay-off, but looked smooth in a workout last night.

* * * * * *

Getting back to the local games here on Saturday, the girls' play-off game at the Bowl at two o'clock will not interfere with that bantam one in Stevenson Park, which is at three. The girls seldom play over an hour, and the crowd can take in both tussles, which promise to be filled with smart play and plenty of excitement. Why not go to both and get a load of first-hand dope to discuss over the week-end?

* * * * * *

Two runs in the ninth inning gave C.G.E. girls a 13-12 victory in the Brock last night over Brintons. It was a swell battle, and the good-sized crowd got a kick out of it. Both teams went classy all the way, with some pretty fair pitching dished up by M. Self and M. Snowden. Louise Heffernan turned in a spectacular game in the field for the losers. The four gals' teams are all real good and well matched. The next games will be next Tuesday p.m.

* * * * * *

C.N.R. grabbed a 12-6 victory from Daily Stars in a neat men's argument up there, too. It was only in the last three frames that they pulled ahead, and both sides turned in great performances the first half of the contest. Chuck Butcher for Stars fanned fourteen, but walked seventeen as he gave four hits. Elliott, on the other mound, struck out nine, walked two, and was touched for eight hits. The men's section of the indoor loop appears well balanced, too.

* * * * * *

Sixteen of the Lindsay rugby players worked out the other night under Coach Bill Breese, who took a course this summer at U. of T., where Warren Stevens, forward pass star, was one of the lecturers. L.C.I. doesn't know yet whether to play intermediate or senior this fall. The local gridders will be starting to work out before long.

CONTRACTS SIGNED FOR TITULAR BOUT

Brown and Pladner Post Forfeits for 15-round Bout on September 19.

MONTREAL, Sept. 9. — Emile "Spider" Pladner of Paris will fight Panama Al Brown, bantamweight champion of the world, 15 rounds to a decision for the title at Maple Leaf Gardens, Toronto, on Monday, Sept. 19, it was definitely decided here yesterday.

Armand Vincent, promoter of the titular contest, conferred here yesterday with Conny Smythe and W. A. Hewitt of the Maple Leaf Gardens, representatives of the Ontario Athletic Commission and the National Boxing Association. All difculties were ironed out, climaxing many days of argument as to whether the fight was to take place in Toronto or Montreal.

Neither Paul nor Lloyd Waner, Pittsburg outfielders, has ever batted under .300 in the majors.

Morrison Likely To Retain Honors

HALEYBURY, Ont., Sept. 9 (By the Canadian Press).—The race for first place in the Canadian Chess Congress tightened to-day as J. S. Morrison, Toronto, holder of the title for many years, staged a comeback in his match with L. Richard, Montreal, and appeared in a position to win at adjournment, defeat would drop Richard into third place with M. Fox, temporary leader running second.

Fox appeared doomed to a draw in his adjourned game with Boris Blumin, Montreal, who uncorked unexpected resources to turn back what looked like defeat earlier in the game.

Results in the ninth round were: Belsan 1; Seymour 0; Martin 1; Freedman 0; K. H. Whitfield, Galt, 1; W. Schneider, Montreal, 0, Fox and Blumin, Morrison and Richard, Shenkman and Opsahl, all adjourned.

LARRY GAINS MATCHED

LONDON, Sept. 9 (C.P. Cable).—Larry Gains, British Empire heavyweight champion and a native of Toronto, has been matched to fight the Italian heavyweight contender, Salvatore Ruggierello, in a 12-round bout at the Albert Hall, September 29.

Ruggirello recently knocked out Stanley Poreda after five rounds.

Lewis Todd Favored For $3,000 Futurity

TORONTO, Sept. 9 (C.P.)—Lewis Todd, fast trotter from Lydden, Sask., was firmly established as favorite for the Canadian National Exhibition three-year-old Futurity for horses owned, bred and trained in Canada to-day. Owned by R. T. Skuce, the Western horse has been in Toronto for some days, and was reported to-day in excellent condition for the local classic. The purse amounts to $3,000.

A second Futurity for three-year-old pacers, with the prize money also reaching $3,000 is also scheduled for this afternoon. Baldwin, owned by R. T. Payne of Toronto, is expected to make things interesting for the opposition.

Curve Lake Defeats Alderville 10 To 4

The baseball championship of the Indian villages was settled in Stevenson Park yesterday afternoon, Curve Lake defeating Alderville, 10 to 4. It was the third and deciding game played on neutral grounds, with a fair crowd of their followers on hand. Some smart baseball fielding and twirling was served up, but the Curve Lake braves showed an edge most of the way to cop the local Indian title.

Peden-Rush Drop To Fifth Position

VANCOUVER, Sept. 9. (CP)—The United States-Vancouver team of L. Vanslambrouck and Elliott were leading at the start of the fourth day of Vancouver's six-day bicycle race with 1,621 miles behind them, and 275 points to their credit.

Owing to the accident of Stonewall Jackson of Victoria who crashed and is suffering from a broken collar bone, Freddie Each, Switzerland, has teamed up with Harold Davies, whose partner, Jim Davies, dropped out.

Teams	Miles	Laps	Pts.
Vanslambrouck-Elliott	1,621	0	275
Davies-Zach	1,620	9	303
Baggio-Defilippo	1,620	5	357
Horder-Parrott	1,620	5	202
Peden-Rush	1,620	4	428
Crossley-Cadou	1,620	4	289
McNamara-Fielding	1,620	3	354

Practices

BRINTON LACROSSE TEAM.

The Brinton lacrosse team will practice this evening from 5.30 to 6.30 at the Brinton Grounds, and all players are asked to be out.

Ruth May Finish Baseball Season

NEW YORK, Sept. 9 (C.P.)—All's not well with Babe Ruth's appendix, but baseball's only $75,000-a-year performer probably will be able to steer clear of the operating table until after the World Series at least.

An examination revealed symptoms of appendicitis, but the Babe's personal physician, Dr. Edward A. King, said his preliminary diagnosis indicated there was no necessity for an immediate operation.

As a precaution, however, Dr. King ordered Ruth to bed for 24 hours preliminary to another and more conclusive examination, when definite decision will be reached on the question of an operation.

FOXHUNTER LEADS FIELD

DONCASTER, Eng., Sept. 9. (C. P. Cable).—E. Esmond's Foxhunter, three year old Chestnut colt by Foxlaw out of Trimestrial, won the Doncaster Cup this afternoon by four lengths over Lord Roseberry's Sandwich. A short head behind Sandwich was Sir Harold Wernher's eight year-old Brown Jack.

BURGESS BEDTIME STORIES

PETER RABBIT FINDS HE HAS SOMETHING TO LEARN

Don't ever get the foolish habit
Of knowing all, like Peter Rabbit.

It is a bad habit, this habit of thinking you know all there is to know. It is a bad habit because it is almost sure to get you into trouble, or to make you appear foolish in the eyes of your neighbors, or something like that. Peter Rabbit is very apt to think that because he runs about so much he is a very wise person and knows about all there is worth knowing; which is, of course, a silly idea. Nobody knows all there is to know, or a millionth part of all there is to know. So you'll find that those who really know the most say the least about it.

It just happened that Peter had run over to the Green Forest just in time to overhear Happy Jack Squirrel say something to his cousin, Striped Chipmunk, about the quickest tempered person of his acquaintance. "For his size he has the biggest and worst temper of anyone I know of," declared Happy Jack. "And did you ever in your life see any one eat as he does?"

Instantly Peter was all ears, as the saying is. "Who are you talking about?" he demanded.

"I don't know that it is any of your business, Peter," replied Happy Jack promptly. "However, if it will do you any real good I was speaking of Short-Tail the Shrew."

"Short-Tail the Shrew!" Peter said it over to himself in a puzzled way.

"That is what I said," snapped Happy Jack rather sharply.

"But there isn't any such person," said Peter. "I mean there isn't any such person around here."

Happy Jack stared at Peter with all his might. He stared so that it made Peter uncomfortable.

"What are you staring at me so for?" asked Peter, wriggling uneasily.

"Do you mean to say, Peter Rabbit, that you don't know Short-Tail the Shrew?" asked Happy Jack slowly as if he couldn't possibly believe it. "Do you mean to say that you don't know one of your nearest neighbors?"

"I guess I know everybody around here there is to know," said Peter. He too spoke sharply. "If there is anybody around here I don't know they must have just moved in. Short-Tail the Shrew, whoever that

"I don't know that it is any of your business, Peter," replied Happy Jack.

is, never has been a neighbor of mine. If anyone knows his neighbors I guess that one is me. I don't know anybody by that name. I guess you are talking just to hear yourself talk."

Now Happy Jack might have felt that he had reason to make a sharp reply, for Peter's way of speaking had been most provoking. I suspect that he meant it to be provoking. You see Peter wasn't quite sure as he pretended to be that Happy Jack didn't know what he was talking about. Yet he wouldn't admit, not even to himself, that he didn't know all there was to know about the things around him, and about his neighbors and their doings. He simply couldn't and wouldn't believe that there was anyone of whom he didn't know who lived near enough to be called neighbor.

But Happy Jack didn't get angry. He just laughed. He laughed and he laughed. And the more he laughed the more uncomfortable Peter felt. Peter suspected that beyond a doubt he had something to learn.

(Copyright, 1932, by T. W. Burgess)

What To-Day Means To You

"VIRGO"

If September 9th is your birthday, the best hours for you on this date are from 7.15 a.m. to 9.10 a.m., from 1 p.m. to 3 p.m. and from 8 p.m. to 10 p.m. The unfavorable hours are from 10 a.m. to 12.30 p.m. and from 5 p.m. to 7 p.m.

The Stars foretell for September 9th, a day full of little difficulties and worrying perplexities. It will be one of those trying days when nothing will seem to go right, and everything will be at sixes and sevens. Routine work only should be done and no effort made along new ideas, or changes of a drastic nature, effected. Above all, a due sense of values should be maintained.

Children born on this September 9th will be more studious than playful; more serious than childish. In their mature years, they will be reserved, possess a stock of valuable information and yet be unable to capitalize it to their practical advantage. Long on theory, short on practice. Their dispositions will be rather morose.

Born on September 9th, you are, if clever enough to restrain susceptibility and to curb infatuation, destined to be successful in life, gifted as you are with a keen intellect and an exceptionally retentive memory. The Stars denote that you, however, are strongly attracted by the opposite sex and this may be your undoing, if you allow the appeal of your emotions and impulses to deaden the warning of reason.

In all matters that are not related to love, you analyse things closely, question motives carefully, and weigh consequences judicially. Not only of yourself, but of others, you are unduly critical, and forget that an ounce of encouragement does more good, in many instances, than a pound of fault-finding.

If a woman, you always display excellent taste in dress and home. You have a place for everything, and like to see everything in its place. You, however, lack that confidence in others to do work efficiently, thereby forcing yourself to do more than your fair share. You have a tendency to "nag." If a man, you are not initiative and your success in business—if you achieve it—will be attributable to steady, industrious persistency. You are invariably self-possessed, and self-reliant; adaptable to environment. An unsatisfactory husband, albeit a good father.

Bonarlaw

Miss Olive Stiles left on Saturday for Toronto where she will train for a nurse in the Sick Children's Hospital.

Mr. and Mrs. Burkett and Mr. and Mrs. D. Wellman spent Saturday at Peterborough.

Mr. and Mrs. Alvin Seam of Buffalo, N.Y., are visiting friends in this vicinity.

Mr. and Mrs. Earnest Lathain of Lakefield spent Sunday at Mr. Russel Wilson's. Mr. Lathain conducted the services at the Gospel Hall on Sunday night.

Mr. Marcham of Havelock spent Sunday in this commuhity.

Miss Marjorie McKeown entertained a few of the girls on Saturday afternoon in honor of Miss Olive Stiles.

Mr. and Mrs. Thomas McKeown of Mount Pleasant were guests of Fred McKeown on Sunday.

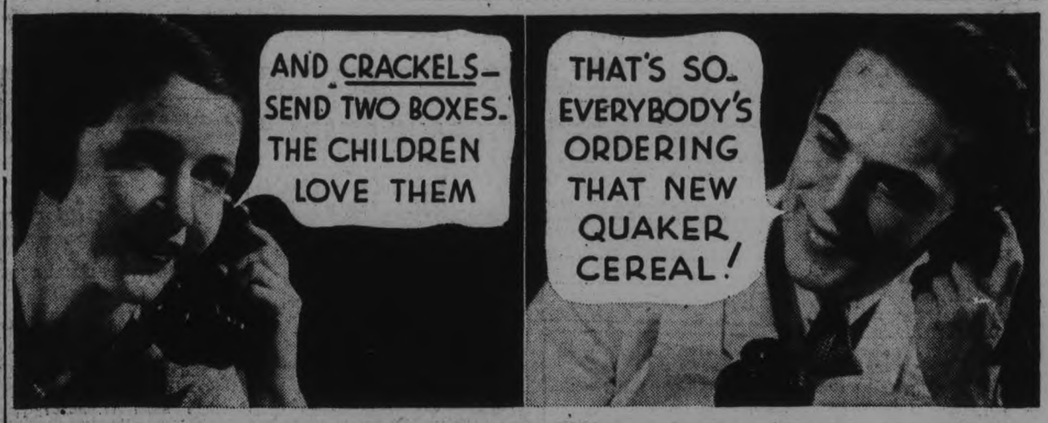
Mr. Thomas Burkett of Skiney visited at Mr. Arthur Burketts on Sunday.

Mr. Clarence Wellman returned home on Sunday after spending the summer at Arden where he was employed on the new highway.

10c WHY PAY MORE

Best of all fly killers. Clean, quick, sure, cheap. Ask your Druggist, Grocer or General Store.

THE WILSON FLY PAD CO., HAMILTON, ONT.



Made in Canada by The Quaker Oats Company, largest cereal millers in the Empire.

Everybody loves Crackels... NEW Crispest, Crunchiest of Cereals

CRACKELS! Crispest . . . crunchiest . . . most enticing cereal ever created! And the first really *all-new* cereal in years. Unlike any other in looks, in taste, in what it is. No wonder mothers say, "The children just love Crackels."

Tiny sun-coloured pillows . . . so light they float on top of your milk or cream . . . so crisp they stay crisp in milk till the last morsel is eaten . . . so good that children eat them by handfuls, like popcorn, right from the box.

Not just one cereal, but a novel blend of the best parts of different grains . . . wholesome, nourishing "Oven-blended" by our own process to give distinctive flavour.

Try Crackels at breakfast tomorrow. See how they entice drowsy morning appetites. Everyone will want more than one helping.

Serve Crackels at any meal or whenever something extra light or extra delicious is called for. There is no easier way to tempt children to take all the milk and cream they need.

Get a package of Crackels to-day. They're economical, for each package contains twelve big helpings.

QUAKER
CRACKELS

You'll notice an immediate improvement YOURSELF!

HIS morning cup of coffee will bring a new ray of sunshine to the breakfast table—the flavor is so wonderfully improved. His dinner at night will be something to look forward to. Rich creamy soup, as only St. Charles Milk can make it—a St. Charles entree fit for royalty. Then a cream pie—and what a pie—flaky pastry, light as a feather.

Tear out this coupon and we'll send you a wonderful cook book, in full colors, showing you just how to make these things—and make them far better than you ever dreamed possible.

It's better and You can Prove it

American Team Defeats Canadian Aggregation

SPLENDID PLAYING FEATURES EXHIBITION FIXTURE.

Boston Blues made a decided impression when the American League stalwarts handed Ulster United, the National League leaders, a 6 ame at Toronto when the Americans paid a visit to that city. The Bostonians were playing their first game prior to the opening of the fall season, and richly deserved their victory, although the score was a trifle heavy on the visitors' side. The Blues led at the interval by two goals to none, and at one stage in the final session had the Ulster men trailing on the short end of a 6 to 1 count, but the locals reduced the leeway by two goals before the close of an exciting half. The ABOVE picture is the Boston team, from LEFT to RIGHT, TOP ROW —Cahill, Priestly, Whalley, Adams, Aspden, O'Hare. BOTTOM ROW—Ritchie, H. Burness (captain), Gustavson, Ballantyre and G. Burness.

Close Contests In Quarter-Final Round

VICTORIA CLUB, TORONTO, Sept. 9 (C.P.)—Close contest in three matches in the sixteen of the 27th annual tournament of Globe Scotch Doubles feature to-day's progress to the quarter-final round. Three matches went beyond the stipulated 15 ends before winners could be decided.

Hutchinson and Walton, Royal Canadian Bicycle Club, had a hard struggle with Ness and Cumming, St. Lawrence Park, before downing them on the second end of extra play.

Hogarth and Mack of St. Matthew's, nosed their way into the quarter final by the one-shot route in their game against McIntosh and Furness of the Rosedale Club at the end of one extra end.

Results in the sixteen include:

London Thistles.—W. Fitzpatrick, F. C. Willson, 16. Kew Beach—J. Austin, G. Armstrong, 6.

Washburn Island.—Geo. Nelson, Jim Dougheny, 16. Woodstock.—Dr. W. Krupp, Dr. Jerry Laflamme, 14.

BARRISTERS AND SOLICITORS.

TARZAN AT THE EARTH'S CORE No. 5

(Metropolitan Newspaper Service, Inc.)

By Edgar Rice Burroughs

The huge airship rose slowly and gracefully into the air. Tarzan was commander of the expedition and Jason Gridley was his lieutenant. Besides her large crew, Tarzan had brought along 20 Waziri warriors to act as a fighting force. As the O-220 glided over the Rhine valley, Captain Zuppner, at the controls, could scarcely contain his enthusiasm. "She responds to the slightest touch," he said to Tarzan, "she can be handled as easily as an automobile. Why man, we've got twice the crew we need."

"Perhaps you are right, Captain," said Tarzan, "but we may need them. We are going into a strange world; we may be gone a long time. If we reach our destination, who knows what fighting we may have to do?" But as they gazed at the quiet peacefulness of the scene below the giant airship, danger and death seemed very remote. The great, shining ship, sailed majestically north, then out across the waters of the North Sea and headed for the frozen polar wastes.

For several days the O-220 nosed steadily toward the top of the world. Soon now, Jason Gridley's theory would be proved false or true. Excitement ran high when calculations showed they were directly over the north pole. At Tarzan's suggestion the ship circled slowly at an altitude of a few hundred feet above the snow-covered ice. The captain and his navigator eagerly and anxiously watched the various dials and instruments. Yet all that anyone saw was the ice-clad landscape.

Jason Gridley's belief was that the polar opening lay in the vicinity of 85 north latitude and 170 east longitude. Of all the instruments, the compass commanded his closest attention. For Gridley held a theory, upon whose correctness depended their success of finding the north pole opening. Five hours the ship flew steadily toward the south, when suddenly she developed a tendency to fall off toward the west. Even the captain was mystified. So great was the strain that for hours scarcely a word had been exchanged.

School Relay Race.—Four boys to a team, 220 yards each.
Bicycle race, 1 mile.—18 years and under.

Weddings

GUIRY—DUNCAN

The wedding was solemnized in St. Peter's Cathedral, London, Ontario, on Tuesday, September 6th, of Beatrice Mary Duncan, daughter of Mr. John W. Duncan of London, and Mr. Emmett D. Guiry of Chatham, son of Mr. and Mrs. James Guiry of Peterborough.

The bride, who was given in marriage by her father, was charmingly gowned in a dress of flesh Malline with watching accessories.

Attendants were Miss Madelyne Guiry and Mr. Gerald W. Henry, of Detroit.

Miss Guiry wore a frock of aquamarine mousseline de soie, with matching accessories.

After the ceremony, the wedding breakfast was served to the immediate relatives, at the Venetian Grill and a reception was held later at the home of the bride's sister.

Mr. and Mrs. Guiry left on a trip to eastern points. They will live at Kent Manor, Chatham.

The average retail price of all books published in Germany last year was $1.48.

KIWANIS HEARS DAVID MELTON

Processing of Wool is Subject of Interesting Address.

KIWANIS HEALTH CAMP.

"Do not let anyone tell you when buying a suit of clothes or an article of knitted wear, that you have to go across the Atlantic for quality. You do not."

This statement was made by Rotarian Dave Melton, manager of the Dominion Woollens and Worsteds (Bonner-Worth Mill) during the course of a luncheon address, as guest speakar before the local Kiwanis Club to-day noon.

He was introduced to the club by his colleague, Kiwanian Albert Barten, manager of Knitters Limited, and provided an interesting address in which he dealt with wool processing from the time it left the sheep's back until it was turned out as finished fabric.

The speaker contended that Canada would always find it necessary to import certain qualities of wool and would similarly always export wool. That was due to the fact that varying climatic conditions and different breeds of sheep in various parts of the world produced as many different kinds of wool.

Regarding the large spread between the price which the Canadian farmer was receiving for his raw wool and the price of the fabric itself when made up into suits of clothes for example, the speaker explained that was due to the labor costs, and the various costly processes through which the yarns had to go.

"Canadian farmers do not pay enough attention to the fleece of their sheep," he contended, in making suggestions by which the farmers of this country might improve the demand for raw Canadian wool.

At the conclusion of his address, the speaker was accorded a hearty vote of thanks by President H. J. Boyle on motion of Dr. C. B. Waite. The latter also reported briefly the results of the Kiwanis Health Camp at Jackson Park this year, stating, "The camp was a great success and we may congratulate ourselves on the work done this summer."

More children than ever had received the advantages offered at the camp this year, and while the average underweight in children last year was around five pounds, the figure this year was around eight to ten pounds. One child was eighteen pounds underweight, while of twelve children who were X-rayed seven were found to be suffering from incipient tuberculosis, and steps were being taken by the club to have those children receive proper care and attention.

Kiwanian A. B. Gates reported on the progress of the ticket sale for the Kiwanis Karnival, to be held on September 22. Arrangements it was revealed are progressing smoothly and the prospects are for a most successful effort on behalf of the Underprivileged Child Work.

Obituary

MRS. P. P. YOUNG

On the morning of Friday, September 2nd, in the village of Young's Point, there passed to her eternal reward, one of the community's oldest, most virtuous, and most revered members, in the person of Mrs. P. P. Young. Fortified by the last rites of the church of which she was a most devoted member, and surrounded in her last earthly moments with her entire family gathered about her bedside, this good Christian Mother went peacefully forth after a brief and painless illness, to meet her Creator and Judge, whom she served so faithfully upon earth.

On her death there is removed indeed a link between the past and the present. The late Mrs. Young, born in the City of Peterborough in the year 1854, as Ellen O'Connell, was married in the year 1875 to Patrick Young of Young's Point, now one of the oldest direct descendants of the Young family, who over a century ago, emigrated from Ireland and founded the little village of Young's Point on the Otonabee.

Of her seventy-eight years, she devoted fifty-seven years of happy married life to the arduous but God-given duty of bringing into this world a truly Christian family, her care and solicitude in her years of youth and strength, her solace and consolation in the evening of her life.

Prominent among her many church activities were her many years of unfailing service as member of the church choir in Young's Point. Her long life was one of exceptional faith and charity. In obeying and fulfilling the first and greatest of the Commandments, "Thou shalt love the Lord, thy God, and thy neighbor as thyself," she fulfilled all the Commandments. Her God, her church, her family, her home—these were her interests. In her passing a family has lost a well-nigh perfect Mother; the church, a loyal and active member; the village of Young's Point, a most kind and charitable friend and neighbor.

Solemn Requiem Mass was celebrated by Rev. J. V. McAuley, pastor of Ennismore, Ont., a life-long friend and connection of the family, assisted by Rev. J. J. O'Brien, pastor of the Sacred Heart Church, Peterborough, as Deacon, and Rev. C. J. Carroll of St. Peter's Cathedral staff, and cousin of the deceased as sub-Deacon. The Mass was sung by a special choir from Peterborough, with Miss Lillian Hurley at the organ.

The following were present in the Sanctuary: His Excellency, Right Reverend Denis O'Connor, D.D., Bishop of Peterborough; Rev. J. J. Garvey, Pastor of Lakefield and Young's Point; Rev. P. Cosiello, Rector of St. Peter's Cathedral, Peterborough; Rev. J. T. Finn of Rev. V. J. Corkery, Diocesan Chancellor.

The pastor, Rev. J. J. Garvey, in his sermon after the Mass, contrasted the death of the just with that of the sinner, and recalled the fact so obvious but so often overlooked that life was ordained by God, not to be the end-all of all things, but rather the means to, and of preparation for eternity. He referred feelingly to the exemplary Christian life of the deceased, a life replete with continued acts of faith and charity.

The deceased leaves to mourn her loss, her sorrowing husband, P. P. Young; four sons, Francis J. of Peterborough, Frederick M., Patrick J., and Harold J., all of Young's Point, all of whom including their Father form the executive of the Stoney Lake Navigation Company; also two daughters, Mrs. Joseph Foley of Toronto, and Miss Irene at home.

Friends from a distance who were present at the funeral included, Mr. and Mrs. Bert Herbert and son Stephen; Miss Catherine McAuley, Mrs. Conway, Misses Ruth and Lucy Murphy, all of Rochester, N.Y.; Honorable Edward Murphy, M.P.P.; Arthur Costello, State Deputy Knight of Columbus; Mr. Shepherd and daughter Mildred and Miss Kathleen Barf, all of Toronto.

MAN BURNS HOME DIES IN OWN GRAVE

Wearing Best Clothes, French-Canadian Kills Himself.

PORT ARTHUR, Sept. 9—Oswald Mosseau, aged 60, homesteader for more than twenty years in the Hurkett district, north-east of here, dug a grave four feet deep, dressed himself in his best clothes, set fire to his home, crawled into the grave and partly covered himself with earth before swallowing strychnine Tuesday night.

Provincial Police discovered his body Wednesday after being called from Hurkett to investigate reports that the homesteader's lonely cabin had been burned. The blaze could be seen from the village, two and a half miles distant.

Coroner Dr. Charles Powell investigated, and, under his supervision, the burial proceedings, started by Mousseau himself, were completed by police. Mousseau was a French-Canadian. He had been seen about the village only a few days before the finding of his body.

Youth Asks Officer's Aid in Burglary; Lies Near Death From Answering Shot

MONTREAL, Sept. 9. —(Canadian Press). — Leopold Leonard lies near death in hospital to-day as police officials scan a constables report, the young man was shot after having sought the aid in a burglary attempt. Constable C. Gagnon said he shot Leonard on the hip as he drove away after making the unexplained proposal.

Gagono reported Leonard and a companion drove up to him on his beat and asked him to aid them in breaking into a store. He refused, he said, stepped on the running board of the car and ordered the men to drive to the police station. When they drove the opposite way he fired. The car's jolting causing him to wound Leonard with what he meant as a warning shot.

Leonard's compaion escaped as the car was being halted.

BORN

WILLIAMS.—To Mr. and Mrs. Ken. Williams, at St. Joseph's Hospital, on Sept. 6th, a daughter. 1d, 59, 4902

Nearly 250,000,000 pounds of canned fruits were exported from the United States in the 12 months ending June 30.

Last year the age of bridegrooms in England averaged 29.04 years, and of brides 26.47, while 30 years ago the average groom was 28,38 and the bride 28.21.

Purchase of the South Manchurian Railway last year totalled nearly $10,000,000.

Man Charged With Murder Served Overseas With Royal Engineers

PROBABILITIES.
Moderate to fresh easterly to south-easterly winds; fair to-day and Sunday; not much change in temperature.

The Peterborough Examiner

HOME EDITION

VOL. LXIX., No. 59 — PETERBOROUGH, ONTARIO, CANADA, SATURDAY, SEPTEMBER 10, 1932 — PRICE THREE CENTS

TIDAL WAVE BRINGS DEATH TO BAHAMAS

MAN CHARGED WITH MURDER CAME TO CANADA AS HOME BOY FROM ENGLAND 20 YEARS AGO

First Worked on the Farm of John Junior, Brighton Township.

SERVED OVERSEAS.

Decent, Industrious Man, Handy About Farm, Says Old Employer.

CAMPBELLFORD, September 10. —(Examiner Staff Reporter).— "A decent, industrious man. Handy about the farm."

That remarked John Junior, bachelor farmer of Brighton Township, was the general impression he had of a former "hired man," whom he had first known over twenty years ago as a "home" boy newly arrived in this country from England.

Today the "home boy", now a man in his early forties is held in custody at Peterborough. He is Henry Reid, alias "Campbellford Shorty," alias "The Michigan Kid," who is charged with the murder of Henry Thomas, unemployed Belleville war veteran.

It is one of those strange coincidences of fate that both 'Shorty" and the dead man are associated with Belleville. It was to the old Marchmont Home in the Quinte City that accused came direct from his homeland and it was from there that he was "hired out" to Mr. Junior for whom he worked for three years.

As a boy "Shorty" attended Myersburg School and was a frequent worshipper at Sunday School also. But like most normal high spirited boys he occasionally played "hookey" and would wander off sometimes for tow or three days at a stretch.

It was for that one reason that his farmer employer, who was responsible to the Home authorities for the boy's conduct decided to let him go at the end of the first three years. "Shorty" returned to the Home, and it was some years before he was again seen in the Myersburg district.

Evidently mindful at the kindly treatment he had received while with Mr. Junior, "Shorty" returned. But it was a different "Shorty" "I hardly knew him. He was bald and looked a great deal older than his years," remarked the kindly old farmer as he leaned on his hay fork and paused at his labours to chat with an Examiner reporter.

In Ban'am Battalion.

The war period had intervened and "Shorty" like so many thousands of other men the world over, had answered the call to arms. He enlisted, so it is learned, with a Bantam Battalion of the Canadian Expeditionary Force. His diminutive stature, would not permit his entry into any other unit. Yet, he managed to get transferred while in England to the Royal Engineers Imperial Forces, and saw active service on the French and Russian fronts.

It is not definately known whether or not "Shorty" was wounded, but he has been heard to remark that he received a head injury when kicked by an army horse. At all events the man who had previously held a reputation as being of a mild inoffensive disposition had now become subject to periodic outbursts of violent temper, followed by long spells of sobbing.

Mr. Junior could not remember his old "hand" as having been anything but a quiet even-tempered fellow. "He had a first rate disposition. I never even heard him swear. You could jaw at him and he would never answer back. I would not imagine Henry doing anything like that," the farmer gasped expressing his surprise at hearing of Reid's arrest for murder.

Worked at Harvest.

Since "Shorty" left Mr. Junior to return to the Home at Belleville, now some seventeen years ago, he had been back the odd time or two to help at threshing. The last occasion on which he worked for Mr. Junior was about ten years back, when he stayed for a month at harvest time.

The farmer also recalled another titme when he had paid "Shorty" two dollars a day for threshing. That was the only time he had seen him dressed up, he smiled, as he recalled how "Shorty" had spent almost his entire pay on a mail order suit of clothes and other artfcles of wearing apparel.

Describing a more recent meeting with the little man now under arrest, Mr. Junior stated, "Henry came tothe farm one night last March. The snow was on the ground and he stayed overnight. The next morning I went to the barn and on my return Henry had prepared breakfast. Later he swept up around the house after which he left without saying where he was going."

Worked for Fred S. Keller.

It is probable that "Shorty's" visit to his old boss at the bache-

Crash Into Car Fatal for Wolf

SAULT STE. MARIE, Ont., Sept. 10 (C.P.)—Driving on the highway 35 miles from the Michigan Soo, Ivan Mickailoff, Toronto wrestling promoter, crashed into a large timber wolf with fatal results to the wolf.

John Spellman, Dartmouth football star, and two other wrestlers were passengers in the wolf-killing car.

VILLA BATTLES SCORELESS TIE WITH LIVERPOOL

Portsmouth Gains Undisputed Leadership of First Division.

ENGLISH SOCCER RESULTS.

Bradford City Retains Second League Lead by Defeating Bradford.

LONDON, Sept. 10.— (Canadian Press Cable). — Defeating Wolverhampton Wanderers 2 to 0 to-day, while Aston Villa played a scoreless draw with Liverpool, Portsmouth went into undisputed leadership of the first division of the English Football League.

The southern team brought its point total to nine. West Bromwich Albion, by virtue of a victory over their rivals, Derby County went into second place with eight points.

Bradford City retained second league leadership by defeating its neighbour Bradford. The City has played five games and won them all. Plymouth Argyle drew with Burnley while Oldham Athletic was held to a draw by Charlton Athletic.

In the southern section of the Third Division, Brentford forged to the top as Crystal Palace lost to Queen's Park Rangers. Torquay United provided the feature in this division by trouncing Southend 8 to 1. With Accrington Stanley badly beaten in the northern section, Gateshead who drew with Barnsley, are now tied for the leadership with Crewe Alexandra, Stockport County and Southport.

It was a gruelling struggle in Glasgow where Celtic and Rangers each scored one goal in their match at Celtic Park. The Rangers remain at the top of the Scottish League with 12 points to their credit.

CRIPPLE FINDS UNEXPECTED AID

Doctor and Wife Take Pity on Youthful Wanderer—Given New Start.

LUCKNOW, Ont., September 10 (C.P.). — From a life of wandering from place to place, begging food, sleeping in box cars, and attired in ragged clothing, to a new start with a good home, clean clothes, reads like a fairy tale But such is the good fortune of 19-year-old Jack Rivett, whose wanderings brought him here. With two companions he arrived in town and intended boarding the night train north, but a continued downpour of rain altered plans.

Rivett at one time was a sufferer from infantile paralysis, the ravages of which left him partially deformed.

He was seen by Mrs. H. B. Woods of Detroit, who was visiting here. She informed her husband, Dr. Woods, of the boy's condition. The couple were touched at the plight of the unfortunate Rivett.

They offered to take Rivett back to Detroit. He accepted. Attired in new, clean clothing, he left with the Woods family, and will be allowed into the United States for 30 days, by the end of which time the doctor hopes to be able to secure for him a home or position in Canada.

Rivett is an orphan, whose home was in Edmonton His mother died when he was 12. His father served overseas with the Canadian forces dying shortly after the war.

Britain Launches New Type Naval Craft

SHIP FLOATED AT CHATHAM NAVAL YARDS.

The H.M.S. Guardian, a new type net-layer and target-tower, as it was floated out of the Chatham, England, Naval Dockyards recently. Mrs. H. J. Clark, Mayoress of Chatham, sponsored the craft, which is the first of its kind to be built mainly for the duties she will perform.—Associated Press photo.

American Airman Comes by Airplane For Few Days' Fishing on Rice Lake

Hank Cowie of Hiawatha had a surprise visitor at his tourist camp yesterday when H. H. Greene, of Bradford, Pa., swooped down on Rice Lake in an airplane and announced that he had flown over for a few days' fishing. Mr. Greene was at Hiawatha earlier in the season, and decided to repeat the visit, using the air as the quickest method of reaching the fishing ground. By that route Rice Lake is, of course, only a matter of a couple of hours away from Bradford.

RECORD EXHIBITION EXPECTED MANY ENTRIES ARE STABLED AWAITING WEEK'S COMPETITIONS

One Cattle Barn is Already Filled and Other Half Filled.

RECORD ENTRY EXPECTED

Attraction Features Planned By Directors Merit Support of Public.

All the early augurles of success were flying this morning as preparations for Peterboroughs Exhibition were rapidly taking form in weather that seemed a glorious promise for next week.

One of the cattle barns was filled and another had half its stalls occupied with early arrivals direct from the Toronto Exhibition. J. Walter Jones of Prince Edward Island with a herd of Holsteins, and three of last year's exhibitors, Amos and Black with Shorthorns, Edwards Brothers of Watford with Aberdeen-Angus and W. E. Parker and Son of Watford with Shorthorns comprised a large group in the cattle class, and at that time this morning more Holsteins were coming through the Lock Street gate.

Record Number of Entries

From F. J. A. Hall, secretary of the Exhibition Board, informed the Examiner that there was no question about the number of entries for next week. In that particular the standard of quality and also numbers will be maintained at the peek of recent years, and in fact may reach a new record.

Attraction features have been planned on a scale that merits the warm support of the public of the city and district. Music lovers will have another treat this year in the engagement of the Besses-o'-th'-Barn Band, a famous British brass band whose first concert will be given Monday evening with two other programs on Tuesday afternoon and evening. The large crowds that heard St. Hilda's band here last year should be increased next week because of the outstanding reputation of the "Besses" whose present Canadian tour has been enthusiastically received in Montreal and Toronto.

Royal Canadian Dragoons

Another pleasing feature for the last three days will be the Royal Canadian Dragoons who come back to Peterborough after a long absence. Th's is always an unfailing grandstand hit. The Dragoons with their thirty-four horses, present a series of manoeuvres and drills and formations that are the

(Turn to Page 11, please)

Lads Have Hay Fever Mother Shoots Them

MILWAUKEE, Wis., Sept. 10. — Because her two small sons suffered from hay fever, Mrs. Edwin A. Jones, 40, shot them to death and then killed herself at her home in suburban Whitefish early to-day.

The children were Edwin Jr., 10, and James, 8.

A note addressed to "Daddy" read in part:—

"I hope you will understand this is the only solution of our problem with Sonny and Jimmy, and don't feel too badly about it. As you see, the treatment they have had is having less effect all the time and there doesn't seem to be anything else worth trying. You know how I wanted them and now that I know there is nothing but suffering and heartaches ahead for them, this is the only way I can square it."

JUVENILE BASEBALL.

See Page 3 for Juvenile Ball Game in Toronto.

British Columbia has established compulsory automobile insurance.

Many mine strikes have been reported in Scotland this year.

WIRE McDONALD UNDER ARREST AT HUNTSVILLE

"The Wire" Was Wanted During Early Part of Week By Police.

NOT WANTED NOW.

Early Arest of "The Yank" is Expected By Chief Newhall.

That "Yank", gentleman hobo, wanted here as a material witness in the trial of Henry Reid for murder and for whom police are scouring the country, will not long evade the police net flung out for him was indicated to-day with the apprehension of "Wire" McDonald.

McDonald—known in the "jungle" as "The Wire" because of his ability to fashion wire egg-lifters—was arrested early to-day at Huntsville in his flight from Peterborough.

In police circulars sent out Sunday by Chief Newhall "The Wire" was described as the third man wanted in connection with the murder. However, with the capture of Henry Reid alias "Campbellford Shorty" alias the "Michigan Kid" it was learned that "The Wire" had no connection with the slaying and knew little of it.

Search for "The Wire" a half-breed Indian was stopped locally

(Turn to Page 11, please.)

NO WIDOWS, ORP HANS TO SUFFER BY ENDOWMENT FUND SHORTAGES

Archbishop Stringer States Major Part Pension Monies Still Intact.

NO SPECIAL CALL FOR AID.

WINNIPEG, Sept. 10. (CP) — "Widows and orphans and superannuated clergy of ethe Church of England will not be allowed to suffer as the result of recent shortages in Church of England endowment funds" Rt. Rev. I. O. Stringer, Archbishop of the Diocese of Rupert's Land, stated here to-day.

"Only a part of the source of assistance came from funds here depleted" the Archbishop said. "A substantial part of the fund's assistance came from the General Synod pension funds, which is established in Toronto, and is still intact. This will continue.

"It has been stated that missionaries drawn from all parts of the country would have their incomes cut off," Archbishop Stringer said. "This statement is not true. Missionary clergy were not directly dependent on funds that were depleted."

Archbishop Stringer stated thirre had been no concerted effort made for subscriptions and donations toward a special fund to take care of distressed clergy and their dependents. He expressed the hope that "somehow help would come from other sources and funds would be made available to build up these shortages."

Tough on Robbers

CHICAGO, Ill., Sept. 10. — (C.P.).—The four robbers who were busy on the 19th floor of a La Salle Street skyscriper might well have chosen some place other than a law office to hold up.

As it was the lawyers—six of them—talked them out of most of their loot. All six lawyers were arguing at once and under such a barrage of words the robbers returned jewelry valued at $2,000 and $11 in cash. They fled with $50.

Patrolman's Action Saves Driver's Life

BALTIMORE, Md., Sept. 10 (C.P.) —Patrolman Joseph Flack is a hero to-day because he pulled a man from a parked automobile just before a derailed freight car crashed into it.

John S. Paswitowsky was sitting behind the steering wheel waiting for a train to pass. He did not see three cars jump the track but Flack did not wait to explain.

He dashed to the car, pulled Paswitowsky from the machine and to safety as one of the freight cars wrecked it.

$250,000 BLAZE HITS THESSALON LUMBER YARDS

All Men in District Summoned—Calls Sent to Blind, River, Sault.

NEW MILL SAVED.

Starting Near Railway Siding Flames Spread All Night —Worst in Years.

THESSALON, Ont., Sept. 10.— (C.P.).— More than 9,000,000 feet of lumber, valued at between $250,000 and $300,000, was destroyed today by fire which is still sweeping the yards of the Crane Lumber Company here.

After fighting for hours, weary lumbermen and forest rangers believed they had the fire under control shortly before noon to-day.

The fire started about 2.30 this morning from an unknown cause and is still burning. The Thessalon Fire Department members of the Ontario Forestry Department, stationed here, and a pumper from the Sault Ste. Marie department took part in the fight.

New Mill Safe.

A new mill constructed by the Crane Company recently is now believed to be safe from the spread of the flames, and officials believe it will also be possible to prevent the fire from reaching the rest of the lumber.

"The fire started in some of our best lumber," said C. W. Day, president of the Crane Company. "But it spread into the other classes and the logs will be pretty well mixed. It is impossible at this stage to make any accurate estimate of the value of the timber destroyed."

Most of the destroyed lumber was white pine. The fire, it is reported, started near a railway siding on which a locomotive had been standing for some time last night.

Shortly after the blaze was discovered, appeals for aid were sent to Blind River and Sault Ste. Marie, while all available men in this district were called in. Six men in charge of a pumper left the latter place and rushed to Thessalon immediately. From Blind River came members of the Ontario Forestry Department's forces.

50 Miles From Soo.

Thessalon is situated on the north shore of Lake Huron, about 50 miles south-east of Sault Ste. Marie. It has long been known for the excellence of its white pine lumber, and thousands of men have worked in the district in the lumber camps.

At the Crane yards, several hundred men have been preparing lumber for shipment, while numerous gangs have been back in the dense woods cutting the lumber. All were recalled to assist in fighting the fire, which is one of the most serious Northern Ontario has seen in years.

Buildings Razed On Abaco Island Seven Lives Lost

Relief Ship Rushed With Doctors And Food Supplies From Nassau, 100 Miles Distant—Scores Found To Be Injured.

ISLE COMPLETELY DENUDED OF VEGETATION; ONLY 12 HOUSES STANDING OF 60 IN GROUP.

NASSAU, BAHAMAS, September 10 (By the Bahamas News Service). — Rushing relief and medical aid to storm sufferers in the Abaco Group of the Bahamas, the relief ship Lady Cordeaux reached Green Turtle Bay to-day, and found the town on the island devastated.

The relief ship steamed the 110 miles from Nassau at full speed, bearing Dr. H. A. Quackenbush, McGill University of Montreal graduate, and his party to the aid of the islanders. Major Hugh Bell, formerly of St. Catharines, Ont., was also in the party.

The Lady Cordeaux wirelessed there were seven people dead as far as they could ascertain. All of the dead were mariners. Many others were injured.

The terrific storm denuded the siland of all vegetation. Only 12 homes were left standing in the wake of the storm. Over 60 homes were levelled. An Irish family named Keough, the only foreigners on the island, escaped injury.

As soon as they were taken ashore in small boats to the scene of death and desolation the doctors and nurses under Dr. Quackenbush went to work to alleviate the suffering of the injured while others in the party collected the bodies of the dead and distributed food and clothing to those left hungry and homeless by the fury of the tropical storm.

Survey Scene in Plane.

Yesterday, Hon. B. E. H. Clifford, Governor of the Bahamas, made an aeroplane flight to the Abaco group with his wife and a party of government officials. They did what they could to help the survivors of the storm and then returned to Nassau for more aid

JAPANESE TAKE SERIOUS VIEW OF BANK PHOTOS

Snaps of Tokyo Buildings B U.S. Concern Leads to Diplomatic Action.

DEMONSTRATIONS STAGED.

Press Hints United States Making Preparations for Possible War.

(By Glenn Babb, C.P. Staff Correspondent.)

TOKYO, September 10. — The storm of protest which has developed during the last two days over the photographing of a number of Japanese business and industrial buildings by the National City Bank of New York, assumed a more serious aspect to-day, and led to diplomatic action.

Delegations from several Japanese patriotic societies visited the branch of the bank at Osaka and attempted to intimidate its Japanese employees. Osaka newspapers came out again with full pages devoted to protests against the photographing, and printed a number of other reports to hint the United States was making other preparations for possible war.

Ambassador Acts.

Ambassador Joseph C. Grew immediately arranged for an interview with the Japanese Foreign Minister, Count Uchida, and called on him at the Foreign Office this afternoon.

The newspaper charges, which included a long list of activities, such as the presence of the United States Fleet in the Pacific, an alleged cruise of three airplane carriers along the Kurile Islands, and establishment of new air bases on the Aleutian Islands, also were broadcast over the semi-official station at Osaka.

The charge that the bank's photographs might get into the hands of the United States War Department for use in mapping targets for air bombing raids was reiterated.

The newspaper Kokumin, Shumbum, which led the criticism, said there were many "manifestations of serious intentions of America against Japan."

Mysterious Visit.

An American woman, whose name was not given," paid a mysterious visit to the Kuile Islands, a month ago," the newspaper said, and added that many United States air bases "which cannot be considered purely commercial" are established in the Aleutian Isands. It admitted, however, that Japanese naval officials said all these reports were unconfirmed.

Officials of the branch bank explained that the photographs, which were taken in accordance with instructions from the bank in New York, were to be used in promotion matter illustrating business and industrial developments in the Far East.

Exhibition in Last Day; Attendance Down 231,000

TORONTO, Sept. 10 (C.P.).—The Canadian National Exhibition closes to-night. At the end of "Citizens' and public utilities day" as the final day has been named, the annual closing ceremonies will climax the two weeks of the great fair.

Total attendance figures to date show a decrease from last year of 231,000. Comparative figures are: 1931, 1,511,000, and 1932, 1,280,000. Yesterday showed a 1,000 increase in attendance for the day and Thursday an increase of 5,000.

21 DAYS IN JAIL FOR ALDERMAN

East Windsor Official Found Guilty of Speaking at Meeting Refused Permit.

OPTION OF $50 FINE.

WINDSOR, Ont., Sept. 10. (CP) Alderman Thomas Raycraft of East Windsor went to Essex county jail to-day to serve a 21-day term.

Raycraft was found guilty on a charge of breaking a Windsor Parks Commission by-law when he spoke at a meeting on Government Dock Park for which a permit had not been secured. He was sentenced to a fine of $50 or 21 days and took the jail term. The meeting was under auspices of the Workers' Ex-servicemens League.

The defendant is the recognized representative of the United Front Conference in the East Windsor council.

Five men who spoke at another meeting a couple of weeks ago after a permit had been denied are serving terms for breaking the same by-law. That meeting was under ausices of the Canadian Labor defense League.

Wood Will Attempt Mark Next Saturday

PORT HURON, Mich., September 10 (C.P.). — Gar Wood, who successfully defended the Harmsworth Trophy this week from Kaye Don, announced to-day that he will attempt next Saturday, September 17, to break the world's straightaway motorboat record of 119.81 miles per hour held by Don.

The attempt will be made early in the day in St. Clair River between here and Algonac.

Wood's latest Harmsworth defender, Miss America X., is now in Wood's boat works in Algonac being prepared for the speed run.

Don's record was made in Loch Lomond, Scotland, this summer.

ELEVEN DEAD, MANY INJURED DELAYED REPORTS DISCLOSE OWING TO DISRUPTED WIRES

Tragedy Discovered at Abaco Island by Gov't Officials in Plane.

BUILDING WRECKED.

Six Settlements Wiped Out—Food, Water, Medical Care Needed.

NASSAU, Bahamas, Sept. 10. — Eleven are dead and many injured on Abaco Island, of the Bahamas group, following a storm and tidal wave earlier in the week. Communications were disrupted, and word from Abaco reached here only yesterday, after Government officials visited the island by aeroplane.

Six settlements on small cays were struck by the hurricane on Monday, and almost all buildings were wrecked. The only shelter for the survivors in one settlement is a house with a roof blown off. There is great need for food, water and medical supplies to relieve distress.

Relief on Way.

A relief expedition is now on the way to Abaco. In the expedition are Dr. H. A. Quackenbush, a graduate of McGill University; Major Hugh Bell, formerly Industrial Commissioner of St. Catharines, Ont., and several members of the Bahamas Legislature from Abaco.

At Green Turtle Caye, six were killed and a number injured.

At Hopetown, four houses were left standing and eighty were destroyed. No dead or injured were reported from there, however.

At Elbow Caye, the radio station was put out of commission.

Property damage is unestimated.

A Government tender left Nassau last night for the Abaco district, when efforts at communication failed since Monday. It carried medical workers, medical supplies and three members of the Nassau Assembly.

C.N.E. Exhibitor Tells of Island.

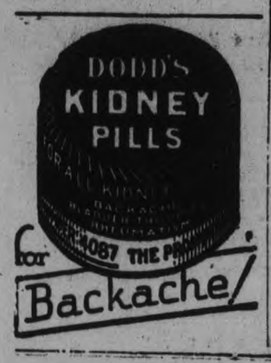
News of the tidal-wave disaster on the Island of Abaco, which lies about sixty miles north of Nassau, Bahamas, was received yesterday by H. N. Shipman, a Bahaman, who is in charge of the Bahamas booth in the British Section of the Canadian National Exhibition.

Mr. Shipman recalled that the island suffered severely in the 1926 and 1928 hurricans. It is a long, flat strip of land, well cultivated, not particularly patronized by tourists. Its inhabitants are retired fishermen and seamen, turned planters, and the majority of them are white. The population is about 3,500.

"Canadians who visit the Bahamas may recall it as the first island you see before you get to Nassau from New York," said Mr. Shipman.

REFUSES RANSOM.

DAIREN, Manchuria.—The British Consul here refused to pay a ransom of $60,000 demanded by Chinese bandits for two British subjects kidnapped near Mukden last week.



Nickle Needed

NEW YORK, Sept. 10 (C.P.)—These are almost, but not quite, quipless days at City Hall. Joseph V. McKee, who succeeded James J. Walker, as mayor, was reminded that the city's new $191,000,000 subway line was to open early to-day.

"Now, all we need is a nickel," he said.

It was the first recorded wisecrack from the mayor's office under the new regime.

TANGLE DEEPENS IN ROSS DEATH

Sydney Woman Writes to State Belief She is Man's Mother.

NOTES ADD CONFUSION.

HALIFAX, N.S., Sept. 10 (C.P.)—Believing his mother was dead, John Ross, a local brush salesman, killed himself with a large army rifle to take "the shortest way to meet her."

His body was found on the waterfront on Thursday.

To-day police were inclined to think his mother was alive, and that the woman he thought was his mother was no relation to him.

They pondered over a notebook containing the pathetic story of John Ross' troubled life. Found beside his body, it contained the scribblings in which he had tried to express his last thoughts before he faced death.

He had planned to marry in October and desired to have his mother, whom he had not seen since childhood, attend the wedding.

Enquiries had brought word from Hamilton, Ont., that Mrs. Gordon Finkley, whom he believed to be his mother, was dead.

Yesterday a Hamilton despatch stated Mrs. Finkley was a year younger than Ross, and Halifax police received a letter from Mrs. Philip Delormie, Sydney, expressing the belief that she was his mother.

Called 12 Years Ago

Mrs. Delormie stated she believes Ross was the boy she placed in an infants' home years ago, when her name was Mrs. Gladys Fabey. Twevie years ago she called at the home and was told the child had been adopted and that it was not advisable she should know his whereabouts.

Police believed Ross confused the two names, Fabey and Finkley, and made the false deduction that his mother was dead, when a Mrs. Shields of Hamilton answered his letter to Mrs. Finkley and said she was dead.

"Thank you, Mrs. Shields, Hamilton," was scribbled in Ross' notebook.

Another phase of the man's story is confusing. Among Ross' notes is this: "I lost some of the company's money, but no one would believe that."

According to the manager of the company here, his accounts were in order.

LOWER SCHOOL SHOWING IN THE COUNTY SCHOOLS

In the lower school examination results for East Peterborough in June of this year, the following results are just announced: Grade A, 5th class: Thirty-seven papers were written and the candidates were successful in obtaining thirty-one of these. Grade C, 5th class (one room, rural schools): Two hundred and twenty-eight papers were written and candidates were successful in obtaining one hundred and thirty of them.

Aviation in all its forms is popular in Germany this year.

Famous Midway Is Coming To The Exhibition

The famous Conklin's All-Canadian Shows are coming to town, bringing a thousand and one laughs, thrills and wonders for the amusement of fans of all ages. "Canada's Premier Outdoor Amusement Organization" is celebrating its eighth annual tour by offering "the greatest entertainment value of all time. The big show opens a full weeks' engagement at the Peterborough Industrial Exhibition on Monday, September 12, to furnish all carnival attractions.

SECTIONAL RALLY AT FAIRMOUNT

Representatives From Bethany, Cavan and Springville Attend Gathering.

FAIRMOUNT, Sept. 10. — The sectional rally, including Springville, Fairmount, Cavan and Bethany, was held at Fairmount on Wednesday, commencing at 3 o'clock, when Mrs. S. H. Moyer of Springville, presided for the opening exercises, following which Mrs. R. C. Hanbidge, president of the Fairmount Auxiliary, took the chair.

The roll call was answered by six from Springville, ten from Fairmount; two from Cavan and six from Bethany. Reports were then received from each Auxiliary, Cavan reported 17 members, having reached their allocation of $80; Fairmount, with a membership of 18, gave $110; Springville, with a membership of 18, did not give their exact amount of givings; Bethany with a membership of 15, sent $91 to the treasurer.

An address was given by Mrs. Stevens, Associate Helpers' Secretary. The aim is to have every woman as helper in some way in the work of the Auxiliary. The object of the association is to meet the needs of those who cannot come to the meetings and to get them to study. Pray, give and encourage the reading of the Missionary Monthly.

A duet was sung by Mrs. Grandy and Miss Southam, "Dear Saviour, Lead me to the Saviour's Side."

Mrs. Morton of Peterborough, the main speaker for the day, was then called on to give a report of the Summer School at Whitby. Mrs. Morton divided her address into two parts, giving a most vivid and interesting report. The speaker told of Dr. Brown's work, a prominent leader and teacher. He spoke of willingness for work along the line of personal consecration. Service is the basic principal of religion. Experiences of God are aspiration, inspiration and courage. Jessie Wilson, another teacher, said there is no essential differences in races. Christianity is not for one race alone, but for all people.

Mrs. Brown of Peterborough, gave a short talk in which she stated that Paul laid down three great principals—Faith, Hope and Charity, "We have to have faith in our young people, and Love was the beginning of the W.M.S," Mrs. Brown closed with the hope that all would reach their allocation.

Mrs. Morton then gave the second part of her address, which consisted of the reports of the missionaries present at Whitby, and the address of Mrs. Crawe. She also showed a picture of the delegates and missionaries who attended the school. At the close of Mrs. Morton's most interesting and inspiring address, a vote of thanks was tendered her after which the offering was taken.

Discussion of reports then took place and Mrs. Moyer spoke a few words in appreciation of Mrs. Morton's address.

At the close of the meeting supper was served by the Fairmount ladies.

The Teeth Turn

NEW YORK, Sept. 10 (C.P.)—Ole Olson's teeth bit him on the right hip, thereby causing much ado. Olson, bearing his artificial crunchers in his hip pocket, entered a crowded elevated station, sat down heavily, got right up again and shrieked, "I'm stabbed!" Police reserves, radio cars and an ambulance got there in a twinkling. A doctor took three stitches in Olson.

Livestock-Produce Quotations

POULTRY PRICES.

TORONTO, Sept. 10 (C.P.).—The United Farmers Co-operative Co. to-day supplied the following poultry prices:

REGISTER JOBLESS

HAILEYBURY. — Town Council here has requested registration of Haileybury's unemployed. Intimation has been made that any who refuse to register and accept work to be arranged on the streets, will not be given relief.

BONDHOLDERS GIVE ASSENT TO EXTENSION

Weston Shoe Company of Campbellford Granted Extension in Bonds.

TRUSTEES APPOINTED.

Committee Named to Bring About Full Co-operation With Management.

CAMPBELLFORD, Sept. 10—With a majority of the bondholders of the Weston Shoe Company present at a meeting with the management Thursday night, assent to an extension of the period of the bonds issued four years ago was virtually unanimous.

N. A. McColl was appointed trustee for the bondholders, who also named a committee composed of A. J. Meyers, John O'Sullivan and A. J. Armour, to act for them in bringing about full co-operation with the management in the present accommodation that is desired. It is understood that recent new orders, part of which will be supplied from stock, together with the satisfactory condition of the company in regard to its substantial assets, left a definite feeling of assurance that operations will not be delayed beyond the present month's holiday.

So many other industries have been working on part time, that the Weston vacation was not unexpected. It was learned that the sentiment of the bondholders toward the company remains as confident as ever, and it is the general hope that this old Campbellford industry which has been conducted on sound and careful lines will have all its employees back in October.

30 Extra Policemen Rushed To Carbonear

ST. JOHN'S, Nfld., September 10 (C.P.). — A squad of 30 policemen of this city's forces were standing by in the fishing town of Carbonear to-day to guard against a recurrence of unemployed rioting. Trouble came to a head there yesterday when residents of nearby villages interrupted a magistrate's trial and became tractable only when the Riot Act had been read and reports of imminent police action reached their ears.

With 115 policemen on the way to Carbonear in a special train, Magistrate John Casey went on with the trial. He convicted the offender, who had been charged with assaulting a police sergeant, and suspended sentence.

Colic and Cramps Pains in the Stomach

has been on the market for the past eighty years; its action is pleasant rapid, reliable, and effective, and relief from cholera, colic, cramps, and pains in the stomach comes promptly

Price, 50c a bottle, at all druggists or dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

FRENCH REPLY NOW COMPLETE

Point Out German Calls For Versailles Pact Revision Up to League.

COURTEOUS IN TONE.

PARIS, Sept. 10 (A.P.)—The Council of Ministers, with President LeBrun presiding, approved unanimously to-day the text of the French reply to Germany's aide memoire demanding equality of armaments.

The reply, among other things, points out that the German demand calls for a revision of the Versailles Treaty, and that such a procedure could not be taken by France and Germany, but should be proposed to the League of Nations.

The reply will be delivered tomorrow to the German Government by the French Ambassador at Berlin..

The text will be taken to Berlin by a member of Premier Herriot's staff, who will deliver it to the French Ambassador there tomorrow.

The Premier said it probably will not be published here until Monday evening.

The note was described as extremely courteous in tone, dealing separately with the points raised by Germany but emphasizing that the proper place to discuss this matter is Geneva, where Germany is a member of the League of Nations Council.

Gurgle—Gurgle

OKANOGAN, Wash., Sept. 10 (C.P.).—Deputy Sheriffs found Bob Gurgle with 10 gallons of moonshine just about the time he saw them. Gurgle started gurgling evidence out of bottles, but Gurgle couldn't gurgle fast enough and went to jail for liquor possession.

ONTARIO GRAIN

TORONTO, Sept. 10.—Approximate prices track shipping point:—Wheat, 44c to 46c; oats, 24c to 26c; barley, 38c to 40c; corn, 48c to 50c; rye, 35c to 38c; buckwheat, 35c to 38c.

American, German, Italian and French talkies are being shown in Greece.

Norwood

Miss Lena Dewart of Peterborough is spending a few days with friends here

Mr Jack Kempt who have been spending the past month with his parents, Mr. and Mrs. A. Kempt returned to Oshawa to take up his work in the General Motors.

Miss William of Toronto who has been spending a few days with Miss P. Weir has returned.

OPPORTUNITY
BY HARLOWE R. HOYT

When the first year of the exodus drew to a close, Moses found himself at Mount Sinai with the horde of Israelites prepared to push on toward the fair fields of Canaan. With him was Hobab, his brother-in-law, who had joined in welcoming the newcomers. A native of Midian and son of Reuel, its priestly-king, Hobab was needed by the wanderers as a guide and counsellor. So, after some persuasion, he followed them in their journey to the promised land.

"Come with us and we will do thee good," Moses said to Hobab; and with the promise of Jehovah before him, the Midianite joined in the pilgrimage. He seized his opportunity

Not a day passes but opportunity knocks at our door. "Opportunity knocks but once," the old adage says. True it is that after signal. Opportunity passes on for that time; but we hear the summons again and again, each time for a different reason. It is a Christian sense, it is the opportunity of doing a good deed. In a family sense, it is the opportunity of bettering the conditions of our household. In a business sense, it is the opportunity of advancing our foundations in a wordly sense. But opportunity plays a part in each instance.

"None is so deaf as he who will not hear," another maxim runs. It behooves us to keep eyes and ears open for the opportunity which comes when we least expect it. Often we fail to recognize it. But we can not fail all of the time. As a matter of averages, we are bound to seize it occasionally; and once recognized, let us make the most of it.

As the Boy Scout does his good deed each day, let us seize the opportunity to better our surroundings by recognizing the opportunity.

(Copyright 1932)

OUR CHAT
ON THE SUNDAY SCHOOL LESSON FOR SEPT. 18

The trouble with ten of those twelve spies sent out to give Canaan the once-over was that they looked through the wrong end of the Telescope of Faith. Consequently mole hills looked like mountains, and ordinary enemies like giants. But Caleb and Joshua were different. I think I can hear Caleb saying, "Well, suppose the are big fellows we've got to fight The bigger they are, the harder they'll fall." And forty years after when the ten cowards have long since passed out of the picture, all old Joshua had to do was blow his trumpets to capture the strongest city, and old Caleb was asking for a plot where the giants were thickest. Faith in God is like this; the more you use it, the bigger it grows, and the less you use it, the smaller it shrinks.

What a story of opportunity lost! I once saw a queer picture, but there was lots of sense in it. The fellow who drew it called it "Opportunity." He had a picture of a runner with long hair in front, but bald at the back of his head. You get the idea! You could grab the runner by the forelock as he passed by if you were on the lookout, but if you missed him at first you were out of luck. Opportunity doesn't knock at anyone's door twice. The Israelites found that out to their cost. Well there's one opportunity that some of us miss a good deal. That's time. You've just got one chance to live and the Scripture says we are to "redeem the time because the days are evil." How about this for an ad in the "Lost and Found column? "Lost between sunrise and sunset, one golden hour studded with sixty jewelled minutes. No reward will be paid as it can never be recovered." Remember now thy Creator in the days of thy youth and then keep on buying up the opportunities that time brings you as it passes by.

QUESTIONS and ANSWERS

QUESTIONS

1—How far did the Israelites advance at this stage of their journeying?
2—What was their situation?
3—What did Jehovah command?
4—Who were included in the spies chosen by Moses?
5—What did they do?
6—Tell about their return.
7—What report did they make?
8—Who took issue with the report of the spies?
9—How did the Israelites receive the report?
10—What did Jehovah do to punish them?

ANSWERS

1—The Israelites after leaving Mount Sinai continued through the wilderness of Paran until they came to Kadesh-barnea.

2—They were not fitted to combat with the Canaanites, who were a sturdy race, while Moses' followers still suffered from years of slavery, were worn with travel, and were not properly trained or equipped for warfare.

3—Jehovah commanded Moses to send forward spies, a prince from each tribe, to scout the country and bring back reports.

4—Included among the spies were Caleb and Joshua, who was to succeed Moses as a leader of the people.

5—The spies went into Canaan, where they remained for forty days. During that time, they scouted both the north and the south, and when they returned they brought with them fruits and vegetables, to prove the fertility of the country.

6—The Israelites remained encamped at Kadesh until the spies returned. Then they gathered together while the venturers reported to Moses and Aaron of what they had seen.

7—The spies reported that they could not combat the Canaanites with any hope of victory. They were a race of giants, they said, with fortified cities and great armies. They advised against attempting to occupy the country.

8—Caleb, backed by Joshua, took exception to this report. He urged that the Israelites accepted the report of the cowardly spies. Some urged that Moses be deposed and a new leader appointed. Others declared the attempt should be abandoned and that they should return to the safety of Egyptian slavery.

10—So angered was Jehovah with the action of the Israelites that he decreed they must wander through the wilderness for forty years before they could hope to enter the promised land.

Miss Rita Steenburgh Entertains Friends

HAVELOCK, Sept. 10.—(Examiner Correspondent). — A jolly party of young people from this district were entertained on Thursday evening by Mr. and Mrs. Christie F. Steenburgh, Rockdale farm, Belmont on the shore of Crowe river.

The happy occassion was in honour of their oldest daughter, Miss Rita Steenburgh who leaves here in the near future to take a post graduate course in nursing at a Chicago hospital. The evening started off with all the young people going for a hike in the moonlight which on this occassion was almosts as bright as day and enhanced the beauty of the scenery on both sides of the river. Hot dogs, corn on the cob and toasted marshmallows were then partaken of at the shore after which all repaired to "Les cottages sur la rive." The remainder of the evening was spent in cards and dancing at the summer homes of Wesley Steenburgh.

Radio listeners in the Highlands of Scotland are complaining that they cannot hear broadcasts from Falkirk and those in the rest of the country protest because they cannot cut Falkirk out.

Portable typewriters imported into Germany from the United States in the first half of this year had a total value nine times that of those received in the same period of 1931.

ADVERTISE IN THE DAILY EXAMINER

Journeying on to Canaan and the Return of the Spies

By Harlowe R, Hoyt
Walter Scott

One year after they left the boundaries of Egypt, the Israelites were encamped on the site of Monnt Sinai. They had set up a place of worship, received the ten commandments from God, and were forming into a nation of their own. So the time came for them to set forth, and the pillar of smoke, which hovered over the sacred precincts of the tabernacle, led them on to the wilderness of Paran.

It was an orderly march. The Israelites were separated into four divisions which surrounded the central group bearing the tabernacle. Each division consisted of three tribes, and each tribe had a standard and commander. Six wagons transported the materials of the tabernacle in charge of the Levites. The ark of the convenant was borne upon projecting poles, screened from profane eyes.

Before they departed from Sinai, Moses urged his brother-in-law, Hobab, the son of Reuel, the Midianite to go with them. "We are journeying to a place which Jehovah has given to us," Moses said. "Come with us and we will do thee good, for Jehovah has spoken concerning Israel." "I will not go," Hobab replied. But Moses urged their need of his guidance and he finally consented to accompany them.

When a day's journey was ended, the tabernacle was set us as the spot at which camp should be located for the night. There the pillar of smoke rested, turning to fire as darkness came on that the Israelites might know Jehovah was with them always. The wilderness they traveled was a bare limestone plateau with low hills, dry water courses, and patches of sand and gravel—a veritable wilderness, indeed.

Canaan, the land towards which the Israelites were traveling, was people by a sturdy race with whom the Israelites, worn with years of servitude and the strain of journeying, were little fitted to cope. As Moses pondered, Jehovah commanded him to send spies into the territory, choosing a prince from every tribe. Moses made his selection and the royal spies went ahead into the promised land.

At the end of forty days, the spies returned from their investigation, bringing with them huge grape clusters, pomegranates, figs, and spoils of the countryside, to prove its fruitfulness. They assembled before Moses and Aaron, and all the children of Israel came to hear what they had to report. During this time, the encampment had been station at Kadesh, in Paran, awaiting their return.

The report of the spies was not promising. It was a wonderful land, they said, flowing with milk and honey. But it was peopled by a race of tremendous strength and stature The cities were fortified, and they feared the Israelites stood no chance in combat Caleb and Joshua refused to agree with them and urged action. "Let us go up at once," Caleb urged, "for we are well able to overcome them and triumph."

But Caleb and Joshua pleaded in vain. The Israelites were afraid. Their confidence in Jehovah's promise was wavering. Some urged that another leader be chosen to succeed Moses and others that they give up the attempt and return to their Egyptian bondage. Jehovah now threatened to destroy them all, but Moses again interceded. Prayers prevailed but Jehovah doomed them to the wilderness for forty years.

SATURDAY, SEPTEMBER 10, 1932.

A FAMOUS BAND.

The Besses o' th' Barn band which will visit the Peterborough Industrial Exhibition during the first two days of next week and contribute three characteristic programs was the outstanding musical attractions at the Canadian National Exhibition and its masterly playing has delighted thousands of music-lovers during the Toronto engagement.

This all-brass organization is one of the best known and most popular bands in Great Britain and to residents of this district who hail from the Mother County will need no introduction; for their benefit it is only necessary to say that the present band is perhaps the finest that has ever borne the historic name "Besses o' th' Barn" and that the programs they will present here will demonstrate fully the all-round excellence of this wonderful ensemble.

Those who were delighted last year with the delightful music provided at the Peterborough Exhibition by the St. Hilda's Band are looking forward to another series of treats on this occasion, and it is safe to predict that they will not be disappointed.

The band's first performance will be given on Monday night and the great organization should be greeted with a large and enthusiastic audience for its initial concert in Peterborough.

WHERE TEAMWORK COUNTS

Police departments are sometimes inclined to exercise a rather strict censorship over the news of their activities they give out to the Press and newspapers are often, as a result, hampered in presenting a timely and accurate picture of events of public interest.

It should not escape attention therefore that the direct cause of the arrest of the man wanted this week in connection with a local killing was the publicity given the affair by The Examiner and the alertness of a Dummer resident in linking the description published by this newspaper with the appearance of a stronger in the district.

The quarry sought by the police was never more than 25 miles away from the local police station during the four days of the hunt and had a full description of him been made available to The Examiner on Tuesday it is morally certain that there would have been an earlier arrest.

Newspapers and police departments are often enabled to work in co-operation in the public interest and the great value of publicity in a good many cases cannot be denied.

A recognition of that fact should lead to a still more effective teamwork between these two agencies under an arrangement that would give the press timely and accurate information on all police stories that could safely be published and on the other hand would make available to the police the widespread publicity that renders escape difficult for a wanted man.

PETERBOROUGH'S EXHIBITION

There is every reason to feel confident that with favorable weather Peterborough's Industrial Exhibition next week will be given record patronage by the people of this city and district.

With the Besses o' th' Barn Band as a special attraction for the first two days and a full program of special features for the balance of the week there will be something distinctly worthwhile for each of the six days and nights of the Exhibition and a good many people will make it a point to visit Peterborough's big fair at least two or three times, in order to take full advantage of the many unusual attractions that have been booked.

It is scarcely necessary to say that while the entertainment side of the Exhibition has been built up and expanded on this occasion there has been no sacrificing of the agricultural departments and this year's show will prove a revelation in the number and quality of the live stock entries on view, surpassing its already high reputation in that respect.

The directors of the Peterborough Industrial have courageously and enthusiastically staged their biggest Exhibition in a year when most organizations have trimmed their sails and they are confident that the city and this entire district will respond to this challenge by according the annual fair a record patronage.

The Peterborough Industrial has long since ceased to be a local institution; it belongs to this whole district and should have the support of the whole countryside.

AN IMPOSSIBLE SCHEME.

A very modest little relief program has been drawn up by the Ottawa unemployed council which suggests that "for the betterment of the conditions of the unemployed" the following plan should be adopted:

Unemployment insurance at full wages at the expense of the state; immediate cash relief for all unemployed workers over 16 at the minimum rate of $2 per week plus $2 for each dependent; free medical care; no evictions for non-payment of rent due to unemployment; no turning off of gas, light or water for that reason; free books and milk and one free meal each day for children of the unemployed; $10 per week for six weeks before and six weeks after childbirth to wives of unemployed workers; the six-hour day and the five-day week without reduction in pay.

Reading over that program the wonder is that its utter impracticability did not impress itself upon those who have sponsored it.

Where on earth do the persons who drafted this plan think the city of Ottawa or any other municipality would get the money necessary to carry out such an elaborate relief schema?

Most certainly what is asked by the unemployed council would, as the Ottawa Journal points out, double the civic expenditure, double the assessment on all who pay taxes and raise civic levies to a level which would be prohibitive in great many cases.

A municipality that tried to borrow funds for any such wild plan would get a crude awakening, indeed.

BRITAIN BUYS CANNED GOODS.

It is not so very many years since housewives on this continent were quite unfamiliar with canned goods or, if familiar with them, viewed them with a certain amount of suspicion. Rarely was it considered that the fruits and vegetables produced in Canadian canneries were equal to the home-made article and, although canned goods rapidly attained favor with the proprietors of hotels and eating houses a large proportion of the housewives continued to regard them with disfavor and to insist upon producing their own jams, preserves, marmalade and similar articles.

With the rise of another generation, the prejudice against canned goods has, however, almost completely vanished and more and more housewives, even of the older school, have learned that it is folly to waste time, money and fuel laboring over the production of home-made jams and preserves when canned articles, almost equally good and produced under approved conditions, are obtainable at most reasonable prices. Indeed, so heavily does the modern housewive lean upon the canneries for her food supply that there is danger of the domestic production of these articles becoming a lost art in the course of another generation or two. The development of the modern cannery, with its insistence upon the production of quality goods capable of being kept indefinitely, has brought emancipation to women from the back-breaking task of laboring in a stifling kitchen over the preparation of articles of food supply which may now be purchased just as cheaply and just as well in any corner grocery establishment.

Slow to grasp the advantages of canned articles, the British housewife is now well on the way to following the example of her North American sister. The rapid rise of the canning industry in the United Kingdom is one of the romances of modern British business. Five years ago, such canneries as were established in the Old Country produced a negligible quantity of articles. For her requirements of canned foodstuffs, the British housewife was almost wholly dependent upon imported goods. Within that period, however, cannery after cannery has made its appearance in centres adjacent to farming areas with the result that to-day the industry is turning out at least 100,000,000 cans of foodstuffs annually. The industry has provided work for makers of canning machinery, producers of tin-plate, farmers and salesmen. It has encouraged production where there was formerly little incentive to effort and although many canneries are now in existence further establishments are constantly being founded. What is more, the British housewife is declaring that the canned fruits and vegetables straight from the reclaimed lands of Lincoln, the fertile vale of Evesham and the gardens of Kent are superior in flavor to those of other countries and is buying them in increasing quantities.

There are few housewives in at least the urban centres of this country who do not almost daily resort to the products of Canadian canneries. They have learned that there is nothing to fear from them, that they are carefully prepared and that it is much easier and cheaper to buy canned goods than to attempt to produce them in the home kitchen. British housewives are learning the same lesson and the development of the Canadian canning industry is being duplicated in the Old Country with corresponding profit to farmers who previously lacked a market for their output.—Brockville Recorder and Times.

EDITORIAL NOTES AND COMMENT.

As if agriculture had not enough troubles along comes a doctor to say that cabbage is a cause of goitre.

The Hydro probe has been adjourned until the commissioners learn just what they are investigating. Perhaps Mr. Nixon or Mr. Hepburn might inform them.

It is reported that Peter Veregin, Doukhobor leader, is to be reported. That will be all right if all Peter's clan are to go with him.

Good prices for Ontario tobacco are predicted and the tobacco growing countries of Western Ontario are rejoicing accordingly.

Remember the Besses o' Th' Barn band is only at the Peterborough Industrial Exhibition on Monday and Tuesday. Don't fail to hear one of the world's greatest brass ensembles.

A good many people would not be pained to hear that some of our radio croppers were suffering from the same complaint as crippled Kay Don's boat—that is a disabled throttle.

A blot was made on Kentuck's fair name by those two Rowan County men who shot at each other thirty-five times without either being hit.—Cynthiana (Ky.) Democrat.

Manitoba golfer who lost his plus-fours in a race with an angry bull was, the class in elementary paragraphing will recognize, nonplussed.

"Few Potato Bugs Appear This Season," says an agricultural headline. However, let us refrain from counting our potatoes before they are mashed.

One thing Mr. Bennett has overlooked. He has made absolutely no arrangement for exporting our roadhogs to England.—Toronto Star.

Port Stanley forbids dancing in beach pyjamas, but you can probably still go in swimming there—if you have a horse blanket.—Border Cities Star.

With the appointment of Roy D. Chapin, automotive industrialist, as secretary of commerce, may we look for business to "step on the gas"?—Christian Science Monitor.

A correspondent says that his wife gossips with her neighbors all day, and in consequence is too tired to talk to him during the evening. He merely states a fact; he is not complaining.—Humorist.

SNAPSHOTS OF A MAN GETTING A PRESCRIPTION FILLED

By GLUYAS WILLIAMS

(Copyright, 1932, by The Bell Syndicate, Inc.)

News of Our Own Village

Sandy MacTavish wants to know when they'll be a repeat performance of the eclipse in these parts. It was the best free show he remembers, Sandy sez.

The fair grounds is all slicked up for Rolly Denne's fall fair next week and as the circus bills sez, she's going to be bigger, better and grander than ever.

Schools opened here this week and Harry Kenner had so many pupils up in the Confederation Sq. educational foundry he can sympathize with the old dame who lived in the shoe.

K. Don of Great Britain, east of here, lost the motor boat races at Detroit, west of us, Labor Day, but many folks figger he'd of been all right if he had a couple Hughie Campbell's pin-wheel engines in reserve.

Horse soldiers from Toronto, west of here, is going to take part in the fall fair program so Bill Peryer and his band better brush up on "Horses, Horses" for the occasion.

Geo. Morrow and Fred Dela Fosse has been in Toronto, west of here, most of the week, playing golf with a lot of other old-timers from far and near. Boys will be boys, as the saying goes.

O. A. Langley, our busy cadi, has been in Hamilton, west of here, this week, attending the convention of Ontario beaks. Meanwhile justice has been dispensed by R. Denne, our worthy Mayor, and other J.P.'s.

A cool dip hit this berg during the middle of the week and swimming wasn't as popular as usual, except in the family bath tub, we hope.

A brass band from England, well east of us, will perform at the village fall fair, Mon. and Tues. All our musick lovers and others is expected to be on hand for the same.

—F. D. C.

Japan Disturbed About Concentration American Fleet In Pacific, That And More

By H. W. L. MAHOOD

The attitude of Japan towards China has not changed for more than forty years. That long ago, her statesmen laid down a root principle. It was far reaching. This principle became as sacred to the Japanese people as the Monroe Doctrine is to the United States. Consider this root principle. "Japan must dominate all Asia washed by the Pacific." To understand Japan in all her moves since 1890 this cardinal principle must be kept in mind.

This is the reason why Japanese newspapers are protesting against the continued presence of the American navy in Pacific waters. Japanese statesmen are not less disturbed than the Japanese newspapers. The presence of the American fleet in the Pacific is saying to Japan, "Watch your step."

China became aware of this deep rooted and determined policy of Japan. She turned her back to the East, and in 1911 declared she wished to enter the Western family of nations, as a republic. Japan was rudely jarred by this alert move of China. Now, when Europe is absorbed in her tragic drama, and the United States in her domestic perplexities, China is seemingly left alone, with the threads of destiny being twisted about her to wrestle as she may, for the present. But she has not been left alone. Out there on the ocean, stands by her side, the American fleet. The secretary of the navy has explained why the fleet is in the waters of the Pacific. They are there for manoeuvring purposes. Yes, for manoeuvring, but with Japan in mind. Japan is the one nation in the world to be charged with falsehood in dealing with other nations. Japan in four treaties since 1900 has accepted the policy of the open door and the integrity of China. Japan thus far won the confidence of the western world. How has she kept her treaty obligation? Let events speak.

Japanese history, like the history of other nations, has moved more or less unconsciously in certain directions; and only after the events do the lines become clear.

In 1894-95 Japan precipitated war with China over the suzerainty of Korea. Japan had adopted Western civilization on its material side, and with a modern army and navy she soon won a brilliant victory. A treaty was signed at Shimonoseki, April 17, 1895, declaring the absolute independence of Korea. In 1904-05 came Japan's war with Russia. Before entering upon that war Japan wrote the most solemn declarations to Korea, China and the world proclaiming that her sole purpose was to drive Russia out of China, where she was a menace, to both China and Japan, and that she would not annex a foot of Korean or Chinese territory. Japan's brilliant victory over Russia startled the world. It was the first great victory of the yellow race over the white race. This victory thrilled the Orient into new life. Japan at once took her place as one of the great nations of the world.

During the war with Russia, the movement of Japanese troops through Manchuria, on their way to the battle fields, amazed the leaders with the wealth of that vast Chinese province. This discovery became a new incentive to the whole Japanese people to magnify their nation by enlarging her borders. This splendid territory across the straits invited colonization and development. The Japanese soldiers carried back home stories of the fertility of immense plains. There came over the people of the homeland an awareness that China was not strong enough to protect her own. Manchuria embraces a territory of three hundred and sixty thousand square miles as rich in resources, for nation building, as any part of the world.

Hitherto Japan had posed as the champion of the open door in the East and of China's territorial integrity. The Great War made possible the aggression of Japan on Manchuria. Europe was over engrossed with her own affairs. Japan took advantage of the situation. With her it was now, or never. But she blundered. She misjudged the United States. Thought, all that nation will do, will be in the form of a protest. The War Party in Japan argued that it was now possible to take possession of Manchuria and to dominate the whole of China. Whatever might happen she would entrench herself in Asia as a great continental power. She has taken the steps to realize her ambition. She is on the way. But out there on the Pacific ocean lies a fleet.

GRAIN AND PRODUCE REVIEWS

MONTREAL PRODUCE

MONTREAL, Sept. 10.—For the four consecutive day, cheese prices advanced on the Montreal wholesale market, being generally quoted at 10¾c to 10¾c for Ontarios and 10¾c to 10½c for Quebecs, up ½c for the day. Receipts were 6,521 boxes; week ago 1,449; year ago, 8,497.

The butter market was again mostly quoted at the 22c line for car lots or l.c.l lots of No. 1 current make. The market was described as active, more than on recent days. Receipts were 1,055 boxes; week ago, 1,734; year ago, 2,085. Small lots to retailers were quoted by jobbing houses at 24c for solids and 25c for prints.

Eggs Hold Firm

The egg market held about the same, although owing to dull demand extras were, if anything, a shade easier in order to obtain sales. Ontarios, graded, were mostly 28c for extras, while firsts ranged from 19c to 20c and seconds were 14c. Prairies were mostly 26c for extras, 18½c to 19c for firsts, and 13c to 13½c for seconds. Receipts were 415 cases; week ago, 2,050; year ago, 504.

The potato market was again unchanged, bags of new Montreal potatoes selling at 30c to 40c for 80-pound bags.

CHICAGO GRAIN

CHICAGO, Sept. 10. — It was a nip-and-tuck struggle in grains yesterday, ending in a draw.

Evening up to prepare for any surprise in the Government crop report, due after the close, had a late strengthening effect, but selling poured into the wheat pit on all advances. Rural marketings of wheat in Canada this week were estimated at 20,000,000 bushels, an amount more than double that for the same period last year.

Close Is Unsettled

Wheat closed irregular, ¼c off to ¼c up, compared with Thursday's finish; corn, unchanged to ¼c-¼c lower; oats, unchanged to ¼c-⅝c down, and provisions unchanged to a decline of 2c.

WINNIPEG GRAIN.

WINNIPEG, September 10. — Steady purchases of Canadian wheat for export account and good support in outside markets more than offset continuance of heavy hedging sales in the pit yesterday. Closing prices were ¼c a bushel higher in all three wheat futures.

October closed at 55c, December at 56⅝c, and May at 61⅝c.

Spreading in Evidence.

Export sales were estimated in some quarters as more than 1,000,000 bushels. In addition, there was good buying of Winnipeg May wheat against sales of the May future at Chicago, this being done by Southern traders engaged in spreading operations.

Hedging sales were quite heavy, with deliveries in the country on Thursday exceeding 6,500,000 bushels, but they were absorbed in a surprisingly good manner.

Russian Offerings Small.

Lack of offerings from Russia appears to be disappointing importers who have little choice now with Argentina and Australia about cleaned up, and United States prices out of line. Wheat shipments from Argentina this week totalled only 725,000 bushels, while Australia shipped 536,000 bushels.

Trading in cash wheat and coarse grains was indifferent, with little change in spreads.

Futures:

Wheat—	Open	High	Low	Close	Prev. Close
Oct.	.56¼	.56½	.54½	.55	.54¼
Dec.	.57	.57	.55½	.56¼	.56¼
May	.61¾	.61¾	.61¼	.61¾	.61¾
Oats—					
Oct.	.25¾	.26¼	.25¾	.26¼	.23½
Dec.	.25	.25¾	.25	.25	.24½
May	.28¼	.28½	.28¼	.28¾	.27¾

Quotations For To-Day

Anyone must be mainly ignorant or thoughtless, who is surprised at everything he sees; or wonderfully conceited who expects everything to conform to his standard of propriety.

—Wm. Hazlett.

STATION L-O-V-E

BY CRAIG CARROLL

(Continued from yesterday.)

INSTALLMENT 12

Elsie said nothing. She simply sat down in the chintz-covered chair at the foot of the bed and waited. Then, finally, she put out a tentative, clumsy hand, patting Judy on the shoulder.

"Poor kid," she said. "Poor little kid."

There was a long silence.

Then Elsie said, tentatively again, "Judy."

"Yes?" Judy managed.

"Judy, you mustn't take it that way."

Judy sat up suddenly, digging at her wet eyes.

"And how else could I take it?"

"But—"

"It means I've been fooling myself all along. It means I've got to tell my folks I'm coming home after all. I've got to go home tomorrow. Nothing to stay in Chicago for. Not now."

"Oh—" Elsie waved her large hands helplessly.

"Don't you see?" Judy demanded almost fiercely "I—I told my father I'd stay now because I had a good job I even wrote to tell them how much I was going to earn. And now I've got to say it was a mistake. I've got to let them send me money to get home with."

She got up.

"Where are you going?" Elsie asked.

"To send a telegram. To my father." She went through the coins, the few wrinkled bills in her purse.

"Oh! I've got enough. Just enough. Only—" she made herself giggle, and the giggle seemed strained. "Only I'll have to—sit up. Haven't got enough for a Pullman. So—"

She began to take things from the closet. The powder-blue dress. The little blue shoes. She caught her breath, stood with the dress in her hands, droped it suddenly, buried her face in her hands.

* * *

"Judy! Judy! It's not that bad!" Elsie said. And now she put her arm around Judy's shoulders, held her, patting her awkwardly, trying to make her voice soothing. "Nothing in the world's bad enough to make you cry like this."

"You don't know," Judy insisted, "It—it's the end of everything. I've got to be a failure. And my father's the kind who'll never let me forget it. Oh, he loves me. But he'll never get over saying, 'I told you so.' And I'll be home to stay. I'll never get away again."

Elsie, who had not had a home since she could remember, knew the answer to this. The old, pat answer out of the books.

"A home," she said slowly, "a home must be a pretty good thing to have. It wouldn't be so bad, having folks to go home to. It—"

"You don't understand," Judy insisted. "It isn't home that I hate. I love my people and I'd like to be there with them. But, to stay forever. They'll tell me I ought to marry some nice boy there. And play in the church on Sundays, and maybe play in the amateur show. In the First Church basement. And—"

* * *

She squared her shoulders, dug at her eyes with an absurd handkerchief. Going to the dressing table, she picked up her powder puff, dabbed at her face. The hard light of the single globe glared. She wasn't pretty. Not a bit. Just another girl from the country. Just — A new tear appeared in one corner of her left eye.

She threw the powder puff on the floor, kicked it viciously, turned around sharply. And saw tears in Elsie's eyes too.

"Elsie!"

"Ahhh—" Elsie moved her hand. A funny, heart-breaking, awkward movement.

"Elsie, you shouldn't be sorry. It's all right. It's—" Judy squared her shoulders again. It's all for the best, m'dear. Yes, sir. Our little Nell's comin' home again, Sal. Yeah." The comedy wasn't funny. Not a bit. She gave it up. Elsie, it's honestly a lot better. I'd be an awful flop, anyhow, trying to talk on the radio. Don't know how to recite, or act, or talk to people, or anything like it. And couldn't learn. It's not my job. My job's playing I know music, all right, but nobody wants music. Not the kind I know, anyhow. And it's better. I guess it's better to get it over with right now, instead of staying around and getting my heart smashed just twice as hard later. Don't you see?"

"Yeah," said Elsie. "I see. Sure. Judy. Only—"

"Only what?"

"Only how come? How come you've got a job one minute and the next minute you haven-t? It's not right. There's something wrong when things happen like that, Judy. Something funny, I tell you."

Something wrong. Of course, Judy told herself. Of course.

* * *

"Didn't this Day fellow tell you the job was all yous? Didn't he?"

"Why, yes!"

"And then he sends you a telegram that it's not yours after all! Isn't he the boss? Isn't it up to him who gets the job?"

"I—he said so. But I don't know, Elsie. Maybe—"

"Maybe nothing!" Elsie exploded, bouncing up from the chair, swinging across the room. "Listen, Judy. There's something spoiled in Spitzbergen. I'm telling you. There's a lot more to this than this Day person said. And I wouldn't move a step without finding out the rest of it, if I were you."

"Finding out the rest of it, Elsie?"

"Just that!" Elsie snapped. "Look! He puts you through a rehearsal for the job. And then he doesn't even call up to tell you why it's out. He just sends a telegram. What kind of an egg is he, anyhow?"

That was a question, which had no answer. Judy, thinking of Elton Day, knew two things only: He was strangely charming, even when she didn't want to admit his charm; he was involved in things she knew nothing about. The telephone call, the way he hurried her out of the office—the—the girl! Lona Burdette!

* * *

"Elsie!"

"What?"

"The girl—Lona—that's the girl I didn't like! She said she'd do something about my getting the job. She said it was supposed to be her job."

"Ahhhhh!" Elsie nodded significantly. "So there's a woman in it, huh?"

"Why, didn't I tell you about her?"

"No."

"Her name's Burdette. A girl told me she's dangerous. And I didn't like her the minute I saw her.

"She's so sure about herself and what she knows and what she can do, and she acted as if Elton Day had cheated her. I said if the job was supposed to be her's I didn't want it. And she just laughed at me and walked away. And then, when I was in Day's office, he got a telephone call. He seemed to change in just a second. He got me out of the office in a hurry."

"He goes for you, eh?"

"I don't—"

"Don't fool yourself, Judy," Elsie said, suddenly like a world-weary woman of knowledge. "There'll be a lot of men crazy about you. Bound to be."

"Why—" Judy tried to tell herself it was a silly thing to say. But far down in her mind a voice whispered, "She's right. No use being stupid about it. Two men in one day!" But she said insistently, "That's not so Elsie. And you know it isn't."

* * *

"Huh!" Elsie waved eloquently at the mirror. "Give yourself a look, Judy. You'll get mash notes even if they only hear you on the radio. And when they see you—Well, what do you think? A girl's got a job all fixed for herself and along comes a better looking girl and—"

"I'm not better looking," Judy said.

"I'll take the bet!"

"Well—"

"Along comes a better looking girl," Elsie continued remorselessly, "and right in a minute old man Day forgets all about the other girl and says the job is yours, and he talks to you a lot longer than he needs to, if it's just simply business. Don't you get it? Don't you? Your nice little friend Lona has been working at the studios a lot longer than you have. She pulled some wires and the first thing Day knew he was in wrong—and so you got dropped overboard. That's the picture!"

SEPTEMBER 10, 1922

A team of oxen, driven by Frank Harding of Dummer, proved an interesting sight as the heavy beasts sauntered leisurely down George street last night....Two carloads of the wood ordered for the municipal fuel yard arrived yesterday from Stoney Lake.

SEPTEMBER 10, 1912

The Newark Grocers and Merchants Association, 200 strong, arrived here this morning on their 15th annual tour, to see this district....Sir Wilfred Laurier will include Peterborough on his forthcoming tour, and will speak at the Opera House.

SEPTEMBER 10, 1902

A heavy downpour of rain marked the opening of the Central Fair to-day, keeping down the attendance....R. J. Waller, of Peterborough, writes from his farm in Manitoba telling how he harvested 276 acres of wheat in nine days, using six men and two binders.

In Lighter Vein

Real Efficiency.

The police had photographed the convict in six positions and sent the pictures throughout the country, asking the authorities to apprehend him. Promptly came the reply from the marshal of Hicksville Corners, which read as follows:

"Received the pictures of criminals. Have captured five of them and am on the trail of the sixth."—American Girl.

Education Neglected.

"Dad, what is a polyglot?"

My boy your father had to leave school and go to work long before he ever got as far as geometry."

Another Howler.

School boy's essay: "The defendant's lawyer made a motion for a change of menu."—Boston Transcript.

More than 40,000,000 eggs in the shell were shipped from this country in the last 12 months.

NORANDA CLOSES UNCHANGED TO-DAY

Losses Predominate in Both Base Metals and Gold Sections on Standard.

TORONTO, Sept. 10. —(C.P.). — Trend was downward in to-day's short session on the Standard stock and mining exchange market, losses predominating in both base, metal and gold sections at noon. Volume of turnover was fairly heavy and showed a tendency to increase when a late rally reduced some of the early recessions.

Nickel and Noranda recovered ground lost in th first hour to finish unchanged. Hudson Bay was off 25 and Amulet 4, while the Lindsleys, Falconbridge, Sherritt Gordon and Ventures dropped upwards of 5 cents each. Eldorada was firm throughout.

Wright-Hargreaves featured the gold group, establishing a gain of 10 at $3 in brisk trading. Howey regained 5 and Brett and Bobjo were a cent higher. Mining corporation fell 10, Dome 5.

Toronto List Leaders Show Minor Declines

TORONTO, Sept. 10 (C.P.)—Price movements were irregular in to-day's short session of the market. Outstanding leaders dipped fractionally to start the day, while the general list was firm. Later the entire list turned irregular with an inclination to firm slightly just before the close. Volume was fairly heavy for a Saturday.

Leaders for the most part were fractionally higher, C.P.R., Brazilian and Ford showing small gains on end. International nickel closed with a minimum two points at the start and recovered to above 90 for a net gain of more than a point.

Utilities were irregularly lower, Bell Telephone and United Fuel recording advances, and Shawinigan, B.C. Power and International Utilities losses.

Grain Reviews

(By John P. Boughan—A.P. Market Editor).

CHICAGO, Sept. 10.—Cutting of the United States 1932 corn crop is now widely in progress, and traders are scanning the horizon for signs of an expected overseas demand.

One leading authority says chartering of Danubian corn will likely provoke delay to European call for United States corn, but the demand is inevitable. Already, a limited outlet abroad exists for American white corn, though yellow is at present out of line.

With the United States corn visible supply exhibiting a tendency to increase, corn values this morning compared to one week back showed ½-1 1-8 cents decline. Simultaneously, wheat was 5-8 off to ¼ up, oats 3-8 to 1¼ down, and provisions 2 cents to 42 cents lower.

A striking aspect of the wheat market is that Chicago prices have worked into an evident healthier position compared with Winnipeg and Liverpool. Oats arrivals are still liberal.

In the provision pit, lard offerings find ready acceptance, but meats a good deal less so.

Home Burns Down While Family Away

AYLMER, Ont., Sept. 10—(C.P.)—While John Porter and family were absent from their farm southwest of here attending Aylmer Fair, neighbors discovered their house on fire.

The blaze had gained such headway that nothing could be saved. The large frame house burned to the ground and is a total loss.

A neighbor phoned for Mr. Porter to come home at once, but after he was found it was too late to save even any household furnishings.

IT PAYS TO ADVERTISE

MANY STOCK GROUPS COMPETE FOR LEADERSHIP IN ADVANCE

Canadian Pacific Railway is Outstanding With Advance to 22 1-4.

WHEAT TRADE HIGHER.

(By Thomas C. Thompson, written for the Canadian Press.)

TORONTO, Sept. 10. — Erratic movements on Canadian stock markets were subordinate this week to the dominant position acquired by Canada as dictator of world wheat prices.

Exports of Canadian wheat in quantities that amazed even the most optimistic observers, flowed through Eastern and Western seaports to create records unequalled in years and at the same time the Winnipeg Grain Market assumed an importance that regulated current quotations for wheat at Chicago.

Responsible authorities at Toronto and other market centres were agreed on the reason for the sudden prestige of the Western Canadian grain centre, since it was obvious that Canada's wheat supply, released at profitable prices, may mean the difference between starvation and comfort to Eastern Europe. Reliable reports were to the effect that current crop damage in Eastern Europe may shortly impair supplies on hand in those districts.

Continue Recovery

Meanwhile, stock markets continued their swift recovery and far outdistanced any corresponding revival in basic trade and industry. The recovery was not limited to any single group; oils, steels, utilities, and industrial issues competing for leadership in the advance.

Of the recognized leaders, Canadian Pacific Railway was outstanding with an advance to 22¼ at a moment when speculative enthusiasm for rails was at its height in Wall Street. The reason for C.P.R. advance lay in the announcement that the railway had experienced an increase in gross earnings for the first time in nearly a year and too, the market learned that the higher rail earnings were due to a heavier movement of wheat from Western Canada. Brazilian Traction, which usually remains within conservative trading limits, provided a striking exception in its rise to approximately $14 a share, despite the news of lower earnings in July.

Industrial Revival

The market was chiefly concerned with increasing indications of industrial revival. Favorable dividend decisions were numerous; factories announced the return of former employees who were thrown out of work months ago, and above all was the advance in basic commodity prices.

That, perhaps, was the chief incentive for Canadian speculative operations in stocks, although it was significant that interlisted issues including oils, and utilities fluctuated in close conformity with day to day movements in Wall Street.

Mining issues displayed buoyant price tendencies but they, too, were sensitive to Wall Street and its contemporary reactions to pool and professional stock market operations.

Jersey Heifer Given De Laval Salesman

Mr. Nellist, one of the travelling representatives of the De Laval Company, has just received a very valuable present from one of his satisfied customers.

Mr. Bower Henry of Producer's Dairy, Ottawa, who is the owner of a large Jersey farm at Britannia Bay, has presented Mr. Nellist with a nine months old registered Jersey heifer. The sir is Fern's Oxford Cavalier, a noted Jersey bull that in eight years' time has never been beaten in the show ring and has just been sold by Mr. Henry to a large Jersey breeder across the line.

Mr. Nellis intends to show this beautiful Jersey heifer at the Peterborough Exhibition. Needless to say he is highly delighted at receiving such a handsome gift.

ADJOURNS HEARINGS.

SIMCOE. — Magistrate R. E. Gunton to-day adjourned hearing of charges laid against the Bixel Brewing Company, F. G. Bixel, and six other men as a result of seizure on September 1 of trucks and beer at Port Rowan, Ont.

Hearing of the charges, laid under the Ontario Liquor Control Act. will be resumed on September 16.

C. P. R. EARNINGS.

MONTREAL, Sept. 10. —(C.P.). — Earnings of the Canadian Pacific Railway Company for the week ended Sept. 7 amounted to $2,611,000 as compared with $2,560,000 for the corresponding period last year. A decrease of $143,000.

Montreal Close Firm After Easy Opening

MONTREAL, September 10 (C. P.). — The Montreal Stock Market was slightly firmer at the close to-day after a weak opening. Trading was limited and price changes mostly limited to fractions.

Canadian Pacific, Montreal Power, International Nickel, and Shawinigaw Power recovered early losses. C.P.R. sold at 20¾, unchanged at the close. Nickel gained ⅜ to 12½ and Shawinigan gained ¼ to 19¾ Montreal Power was unchanged at 38.

Brazilian Traction closed at 12¾, up ⅜.

BIGAMIST GIVEN 3-MONTH TERM

Magistrate Favors Probation Claiming Action Vindictive on First Wife's Part.

CROWN ATTORNEY DIFFERS

HAMILTON, Sept. 10. (CP) Two alleged bigamists appeared in police court to-day. One was remanded and the other sentenced to three months determinate and nine months indeterminate in the Ontario reformatory.

Gordon Matson, the man sentenced, would have been placed on probation had not Crown Attorney George Ballard refused his consent. The court was told Matson's second wife heard of his first marriage two months after the second ceremony but had taken no steps for a long time. Magistrate Burbidge described her complaint as vindictive.

William Ludlam, Windsor, who pleaded guilty, was remanded till next Friday. He was said to have married in 1916 and 1918, and to have had children by both wives.

DOUBLE FLARES IN BRACEBRIDGE

Fires Break Out 5 Hours Apart in Three Section Building.

$9,000 DAMAGE.

BRACEBRIDGE, Ont., Sept. 10—(C.P.).—Fire to-day broke out in two of the three sections of a two-storey brick building at the end of Bracebridge's main street, causing damage estimated at $9,000 before it was brought under control.

Almost five hours apart, outbreaks occurred in the Muskoka garage basement and the upstairs of the Dodge show-room, each of which is a separate part of the three-section building. Damage to the garage was estimated at $5,000 and to the show-rooms at $1,000. Loss of $3,000 due to water and smoke is estimated to have been suffered by John Keeler, whose restaurant is in the third section of the building.

The entire force of the Bracebridge fire department rushed to the scene when the alarm was sounded from the garage, operated by Earl Rosewarne, also two hours after midnight.

Thorncliffe Results

FIRST RACE

SHIP GROUNDS—FIFTY MEN ABOARD.

GLACE BAY, N. S., Sept. 10. —(C.P.)—Wallowing in a heavy sea kicked up by north-east winds of gale velocity, the collier Watford, inbound for Sydney from Quebec, grounded off Cape Percy this morning. The steamer, believed to have about 50 men aboard, was pounding heavily and according to distress messages broadcast from her wireless, was taking water.

SINGER DIVIDEND.

NEW YORK, Sept. 10. —(C.P.)— The Singer manufacturing company to-day declared a dividend of $2 a share, similar to the payments made in th past three quarters. It is payable Sept. 30 to stock of record Sept. 10.

PETES BEATEN BY ST. ANDREW'S

Scoring Four In Fourth And Three In Sixth Toronto Boys Win.

PETES SCORE FIRST.

WILLOWDALE PARK, Toronto, Sept. 10.— Peterborough and Toronto St. Andrew's met here to-day in the first game of their home and home series in the Ontario Baseball Amateur Association semi-finals, Niagara Falls and Ingersoll being the other two clubs that are left. The batteries for the visitors were Lesurf and Mowery with Verage and Axsmith taking the heavy part for St. Andrew's. The second game will be next Saturday in Peterborough. About 1,000 were in the stands at game time.

Peterborough—Begley, 2b.; Williamson, c.f.; Peel, 1b.; Calladine, r.f.; Mowery, c.; Burton, l.f.; Murdock s.s.; Gardner, 3b.; Lesurf, p.

St. Andrew's—Jaffe, c.f.; Sonosky, 2b.; Salsberg, r.f.; Locke, 3b.; Axsmith, c.; Greenberg, s.s.; Pollock, 1b.; Comar l.f.; Versage, p.

Umpires — Glenny behind the plate, Spring on the bases.

First Inning

Peterborough—Begley hopped to Greenberg. Williamson rolled to Versage. Peel walked and went to third on Calladine's single to right. Calladine stole. Mowery fanned. 0 runs, 1 hit, 0 errors.

St. Andrew's — Jaffe whiffed. Sonosky cut bunting. Salsberg singled to right and went to third when Calladine let it get away. Locke fanned.

No runs, no hits, no errors.

Second Inning

Peterborough—Burton skied to Locke. Murdock was hit. Gardiner cut, Sonosky to Pollock, Murdock safe at second and Lesurf singled, Murdock crossing the plate. Begley grounded to second.

One run, one hit, no errors.

St. Andrew's—Axsmith gingled to left and stole. Greenberg fanned and Axsmith went to third when Lesurf threw to centre. Pollock struck out. Comar bunted to pitcher.

No runs, one hit, no errors.

Third Innings.

Peterborough — Greenberg tossed out Williamson. Peel struck out. Calladine was hit. Mowery was called out on strikes.

No runs, no hits, no errors.

St. Andrew's—Versage grounded to short. Jaffe tripled to deep right but was out coming in on Sonosky's bunt. Sonosky safe on the play. Salsberg singled, Sonosky going to third, but was out for failing to touch second.

No runs, two hits, no errors.

Fourth Innings.

Peterborough—Burton flied to Jaffe. Murdock was hit. Gardiner whiffed. Lesurf grounded to Versage.

No runs, no hits, no errors.

St. Andrew's—Locke walked. A. Smith singled to left, Locke stopping at second. Greenberg strolled to fill the bases. Pollock out on an infield fly, Locke scoring. Comar singled to right, A. Smith and Greenberg crossing the plate. Versage raised to left and Comar stole and scored on Jaffe's grounder which was messed up by Gardner. Sonosky out on a nice catch by Murdock.

Four runs, two hits, two errors.

Fifth Innings.

Peterborough — Begley fanned. Williamson grounded to Greenberg. Peel bunted safely. Calladine doubled to centre. Mowry bounced to Locke.

No runs, two hits, no errors.

St. Andrew's—Salsberg bounded to second. Locke flied to Williamson. Axsmith was safe on a slow roller along first base-line. Greenberg flied out to Calladine.

No runs, one hit, no errors.

Sixth Innings.

Peterborough—Burton grounded to Locke. Murdock bounced to Versage. Gardner out, Sonosky to Pollock.

No runs, no hits, no errors.

St. Andrew's—Pollock bounded to Gardner. Comar grounded to short. Versage singled to left. Jaffe hit over first. Sonosky singled to right, Versage scoring and Jaffe going to third. Salsberg cracked out his third hit to score Jaffe and Sonosky. Locke bounded safely to right. Salsberg and Locke pulled a double steal. Axsmith struck out.

Three runs, five hits, no errors.

Seventh Innings.

Peterborough—Lesurf flied out to Greenberg, a nice catch. Begley grounded to Sonosky. Williamson cracked a safety to left. Peel out, Greenberg to Pollock.

No runs, one hit, no errors.

St. Andrew's—Greenberg lofted to Williamson. Pollock was hit and stole. Comar singled through third and went to second on the throw to third. Pollock safe at third Versage out, Lesurf to Peel. Jaffe grounded to Begley.

No runs, one hit, no errors.

Eighth Innings.

Peterborough—Calladine got his third hit, a single to left. Mowry's looper over second was good for a hit. Burton's loft to right was dropped by Sonosky, but Calladine was forced at third and Mowry was doubled off at second. Murdock singled to centre. Gardner flied to Locke.

No runs, three hits, no errors.

St. Andrew's—Sonosky flied to left. Salsberg grounded to Begley. Locke raised to Calladine.

No runs, no hits, no errors.

Ninth Innings.

Peterborough — Lesurf strolled. Begley single to centre. Lesurf out trying to make third, Begley going to second on the play. Begley went to third on a passed ball by Axsmith. Williamson walked. Begley scored on Peel's out, Greenberg to Pollock. Calladine's long fly was taken by Jaffe, a nice catch.

One run, one hit, no errors.

Score by innings:

C.N.E. Track Results

EXHIBITION PARK, Toronto, September 10 (C.P.). — Under brilliant skies, 225 young athletes are here to-day for the Canadian National Exhibition junior track meet.

Joe Duffey, Osborne Allison, and Bob Hodginson all of Toronto, captured first, second and third places in the 100 yards event for boys under 12.

RUTH'S CONDITION WORSE.

NEW YORK, Sept. 10. —(C.P.)— The condition of Babe Ruth, ailing with an inflamed appendix, was not so promising this morning as a fever came back to add to his discomfort and the pain in his side continued.

Mrs. Ruth said his temperature was up to 101½ with a pulse of 85 and that the babe had spent a rather uncomfortabe night.

WINS AMATEUR SWIM.

TORONTO, Sept. 10. —(By Canadian Press). — Bob Pirie, Toronto, to-day won the Canadian National Exhibition one-mile amateur swimming race.

Pirie took the lead at the start and finished 50 yards ahead of George Burleigh, Toronto. Tom Brook, of Toronto, slipped in third by inches.

EXCHANGE RATE.

(By Canadian Press).

Exchange rates at the close today were:

Pound sterling in Montreal 3.85.

U. S. Dollar in Montreal 1.10 5-16.

Pound Sterling in New York 3.40 1-8.

Canadian Dollar in New York .90 5-8-3-4.

British Columbia's first apple tree was planted near Victoria, Vancouver Island, in 1851, by Sir James Douglas.

The harbour of Saint John, N.B., was first constituted as a port of entry in 1762, with a record of 11 vessels totalling 144 tons.

Over 234 million acres were sown to wheat in the world last year.

CANADIAN NATIONAL

Peterboro' Industrial Exhibition

OPENS
MONDAY NIGHT, SEPT. 12TH, AT 8.00 O'CLOCK

When President Denne will introduce to the audience the World Famous

Besses o' th' Barn Band

(OF GREAT BRITAIN)

and its distinguished leader, Mr. Fred Royle, after which the Band will give its opening program of the 1932 Exhibition.

The appearance in Peterborough of this wonderful musical organization is an opportunity to hear a world famous Band at very moderate cost, and it is expected that large audiences will be present on each occasion as follows:

MONDAY EVENING
OPENING PROGRAM, 8 O'CLOCK

TUESDAY AFTERNOON
SECOND PROGRAM, 2 O'CLOCK

TUESDAY EVENING
FAREWELL PROGRAM BY BESSES O' TH' BARN BAND AT 8 O'CLOCK

The Directors feel they have an exceptionally well-balanced Exhibition this year, and confidently look forward to the whole-hearted support of every citizen in this district.

NEIGHBORLY NOTES

Please phone items to 1900 or 1001

Mrs. Percy Maybee, Miss Addie Hurl and Miss Eileen Sophie of Rossmount spent the day in the city.

• • •

Mr. James W. Field celebrates a birthday anniversary to-day.

• • •

Mr. R. J. McLaughlin of Toronto, whose death occurred suddenly this week, was connected with two of the prominent families of the city. His son married Miss Jean Neill, daughter of Mrs. Robert Neill, and his daughter, Miss Elsie McLaughlin, is married to Mr. Robert Breyfogle of Barcelona, Spain, son of Mr. and Mrs. W. R. Breyfogle of this city.

• • •

Mr. and Mrs. J. J. Duffus and family have returned to the city after spending the summer at Chemong Park.

• • •

Dr. and Mrs. J. T. O'Neill have returned to their home in Ottawa, Illinois, after visiting Mr. and Mrs. M. Kernaghan, 207 Parkhill Road.

• • •

Mr. and Mrs. Fred Walsh and little son, Kenneth, of Toronto, formerly of Peterborough, motored to the city last night to spend the day with friends.

• • •

Lieutenant Bernard E. Park, assistant adjutant of the Peterborough Rangers, has returned to the city from his summer residence at Lake Simcoe, after an extended vacation of three months. He will recume his official duties on Monday.

• • •

Miss Jessie Glover of Rochester, N.Y., has returned to her home after spending the summer with relatives in the city.

• • •

Mr. and Mrs. F. B. DeBrock and small daughter, Nancy Lou, have returned to New York City after spending their vacation with Mr. and Mrs. C. D. MacFarlane of 426 Donegal Street. They were accompanied by Mr. Ed. Morphey and Mr. Walter DeBrock, of Clifton Springs.

• • •

Mr. Arthur W. Blade celebrates a birthday anniversary to-day.

• • •

Mr. and Mrs. Gordon Matthews and family have returned to the city from their summer home at Chemong Park.

• • •

Mr. and Mrs. Emmet Guiry of Chatham are spending part of their honeymoon in the city, visiting the former's parents, Mr. and Mrs. James Guiry, of the Annex Hotel.

• • •

Mr. and Mrs. H. J. Archambault announce the engagement of their third eldest daughter, Mildred Ann, to Mr. Victor Stephen Rutherford, youngest son of Mrs. C. J. Rutherford and the late Mr. Rutherford. The marriage to take place early in October.

• • •

Dr. and Mrs. F. P. McNulty and family have returned to the city after spending the season at their summer home at Chemong Park.

• • •

Mr. and Mrs. W. Nugent and Miss Elva Nugent, of 774 Water Street, have returned to the city after a week's visit with friends at Pembroke and Ottawa.

• • •

Mr. E. A. Peck, M.P., has a birthday anniversary to-morrow.

• • •

Miss Fanny Dixon has returned to the city from Stoney Lake.

• • •

Mr. Charlie Harden of Owen Sound was a visitor this week at the home of Mr. George Mein, Stewart Street.

• • •

Master Jim Fowler has returned home after spending his holidays with his grandparents, Mr. and Mrs. Frank Fowler.

• • •

Mr. and Mrs. J. P. Pulkinghorn have returned to the city from Chemong Park.

• • •

Miss Hazel Houlihan of Homewood Avenue has returned home after spending a pleasant holiday with Mrs. E. C. Hall in Montreal.

• • •

Miss F. Dench and Masters Roger and Rodney Blackwell spent the past week in Toronto with friends and attended the Canadian National Exhibition.

• • •

Mr. and Mrs. Joseph Meagher returned home last night after spending a few days at the Toronto Exhibition.

• • •

Mrs. T. A. Jenkins (formerly Miss Helen MacFarlane) and children, of Hamilton, are visiting Mr. and Mrs. C. D. MacFarlane, Donegal Street, for a few days.

• • •

The friends of Mr. George Chandler of Bolivar Street, who was injured recently in Port Hope when the staging of a scaffold collapsed while he was engaged in construction of a sign for the J. J. Turner Company, will be glad to know that he returned home yesterday from the Port Hope Hospital.

• • •

Mr. Spiro Yeotes, son of Mr. and Mrs. Louis Yeotes, has gone to Toronto to study law at St. Andrew's College, University of Toronto.

• • •

Mr. George Mein of Owen Sound was a visitor this week with his family at 368 Stewart Street.

• • •

Miss Olga Fowler of Toronto has been visiting her parents, Mr. and Mrs. Frank Fowler, at Best's Station.

• • •

Members of the Ladies' Golf Club entertained a group of ladies from the Ladies' Golf Club yesterday at the golf links. The local players were victorious in the match which was played, and tea was served later in the clubhouse, where the rooms were decorated attractively with mountain ash berries. Arrangements for tea were in charge of Mrs. J. W. Gravestock and Mrs. H. Steggles, assisted by Mrs. C. Elliott. Tea was poured by Mrs. Reg. Turner at a table done charmingly with a cloth of Italian lace, a silver bowl filled with American Beauty phlox, and moss green candles in silver holders. Members of the local club who played yesterday were Mrs. H. C. Scotheran, Mrs. F. L. Roy, Mrs. Gerald Wood, Mrs. B. D. Hall, Mrs. O. DeGraw, Mrs. J. A. Aylmer, Miss Maude Rush, Miss Lahring Parsons, Miss Lenore Lyle and Miss Claire Mason.

• • •

During their stay in the city this week, Mr. and Mrs. George H. Peacock of Bellevue, Ohio, spent several days with Mr. and Mrs. George C. Barrett of 492 Murray Street.

• • •

Mr. George Tucker of Warsaw, who has attained to-day the eighty-ninth anniversary of his birth, is spending a few days with his son-in-law and daughter, Mr. and Mrs. Thomas Rose of Eastgate, Peterborough.

• • •

Mrs. Fred Fowler was a visitor this week at the home of Mr. and Mrs. Frank Fowler, Best's Station.

• • •

John Birdgenaw, son of Mr. and Mrs. John Birdgenaw of Morrow Street, left this week to study at St. Jerome's College, Kitchener. His many friends will regret to learn that he broke his ankle before leaving.

• • •

Mr. and Mrs. George H. Peacock returned to their home in Bellevue, Ohio, after visiting the former's brother, Mr. Jack Peacock, and his mother, Mrs. Joseph Peacock of 436 George Street.

• • •

Miss Margaret Mein of 358 Stewart Street has returned home after spending a fortnight's holiday with her father in Owen Sound.

• • •

Miss Ella Meagher entertained about seventeen of her girl friends at Long Point this week. The afternoon was spent in games and swimming, followed by a jolly corn and weiner roast.

• • •

Mr. and Mrs. E. E. Lord of Dalhousie Street, with their two sons, Mr. Donald and Mr. Albion Lord, are in Toronto to-day, attending the wedding of their son, Mr. George Ross Lord, to Miss Catherine Nancy Wilson, daughter of the Rev. Dr. and Mrs. R. J. Wilson, of Toronto. The ceremony took place at three o'clock this afternoon, at College Street United Church, and was followed by a reception at the home of the bride's parents, on Maple Avenue. The attendants were Miss Isabel Wilson, sister of the bride, as maid of honor; and Miss Helen Pidgeon, Miss Elsie Williamson of Kingston, Miss Roma Wilson, cousin of the bride, and Miss Florence Wilson, her sister, as bridesmaids. The bridegroom was attended by Mr. Ralph Ramsay, and ushers were his two brothers, Mr. Donald Lord and Mr Albion Lord, of Peterborough, Mr. John R. Wilson and Mr. Kenneth M. Thompson. Both Mr. Lord and his bride are graduates of the University of Toronto. Mr. Lord, who spent last year at the Massachusetts Institute of Technology, has the distinction of being the first Canadian ever to win the Freeman Travelling Scholarship, available to members of the American Society of Mechanical Engineers, securing it on the basis of his work at the Massachusetts Institute last year. The award is sponsored by John R. Freeman, hydraulic engineer of Providence, Rhode Island, and covers a year's travel in European countries for the purpose of studying water-power projects. In 1925, Mr. Lord graduated from the Peterborough Collegiate Institute and entered the University of Toronto, winning distinction as an honor student in each year of his course and achieving the medal award of the British Association for the Advancement of Science in his final year, and graduating in the Applied Science class in 1929. After serving as an instructor in the Engineering Department of Toronto University he took a post-graduate course at the Massachusetts Institute of Technology last year on a scholarship and secured a Master's degree in Engineering. The travelling scholarship he has just been awarded will lead to a Doctor of Science degree. Mr. Lord and his bride will sail on September 15th on the Bremen, from New York, to spend the next fifteen months at Karlsruhe, Germany, according to the Travelling Scholarship award.

Steamer Asks Aid; Lies Off Glace Bay

HALIFAX, Sept. 10.—(C.P.). — A wireless message from the steamer Watford, reporting "position two miles off Glace Bay. Very dangerous position. No. 2 hold flooding," was picked up by the East Coast radio signal service shortly after 9 o'clock, a.s.t., to-day.

The Watford, a steel steamer of 5,421 gross tons, was believed to be enroute from Quebec to Sydney. She is owned by the Britain Steamship Company of London.

No details of her predicament were learned immediately.

WIVES OF MISSING WATCH AS DEATH TOLL MOUNTS

NEW YORK, Sept. 10.—Wives and children of the missing watched sadly from the shore to-day as divers searched the floor of the East River for victims of the explosion of the labor ferry Observation."

By mid-morning another body had been found on the muddy river bottom and another of the injured died in a hospital. Police figures at that time read: Dead, 39. Missing, 11; injured, 60.

Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

THERE ARE REASONS why a room furnished in antiques has a peculiarly homelike and cosy air without sacrificing its dignity.

• • • • • • •

This same quality can be present in rooms containing new furniture, but more difficulties have to be overcome to instill a like appearance. Where antiques are used they are selected piece by piece.

• • • • • • •

Seldom are sets of furniture acquired although dining-room sets and sets of chairs for this room or for a living-room are found, more often the former.

• • • • • • •

Articles of furniture were originally made piece by piece to suit personal needs. They were given dignity through beauty of line and excellence of craftsmanship.

• • • • • • •

They were treasured to such a degree that they were loved. Whether it is possible for inanimate things to catch and hold affection is something for scientists to contend about now and to determine later, if at all, so we will not discuss this point.

• • • • • • •

Nevertheless, there remains about old furniture and other cherished antiques a certain atmosphere which can best be expressed in the familiar expression applied to them, "one feels they have been loved."

• • • • • • •

Couple this with the other qualities mentioned, and an added element of dignity is gained. To have about one and collected in a room, articles which create an impression of having been loved, sets a stamp of cosiness, and gives a homelike quality to decoration without in any way detracting from dignity.

• • • • • • •

In this era when one must be a little careful, this purchasing of individual pieces which has so many points in its favor should be well pondered upon:

• • • • • • •

Cherish each thing and acquire piece by piece of equal worth, and of a style which will assimilate well with what is already bought. In this way one makes acquaintances with furniture and learns about it very gradually at first, and more quickly as each piece is purchased.

• • • • • • •

Modern furniture so bought has its own atmosphere of high quality and grace which it imparts to rooms in much the same way that antiques do. It is seldom that much-sought-for element of cosiness is lacking in such interiors and dignity is present.

CULBERTSON on CONTRACT

by Ely Culbertson

World's Champion Player and Greatest Card Analyst

334

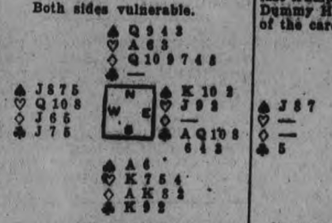
PERFECT GAME TECHNIQUE

While Duplicate play lacks the color that goes with the hardly fought rubber, there is no doubt that play of Bridge at Duplicate does have a strong tendency to perfect the technique of those participating in it. Hands at Duplicate are more apt to stand out in the minds of those participating in the game because of the fact that the same cards are played again and again and the post-mortem discloses the differences in treatment and frequently points out to players the way in which a lost contract might have been made.

Recently, in a Duplicate game in Philadelphia, the cards were dealt as follows:

South—Dealer.

Both sides vulnerable.



The Bidding:

(Figures after bids in table refer to numbered explanatory paragraphs.)

South	West	North	East
1◇	Pass	3◇(1)	4♣(2)
Dbl.(3)	Pass	5◇(4)	Pass
6◇(5)	Pass	Pass	Pass

1—North holds further Raises for his partner's bid in reserve. He does not wish to shut out a further bid by South, which an immediate Raise to five diamonds might possibly do.

2—A rather daring Overcall, vulnerable, although East holds a hand with which he does not wish to be entirely foreclosed.

3—South's holding suggests that a Penalty Double may be the best eventual declaration. It gives a better picture of the hand than would a Rebid of the diamonds at this time.

4—North, with an extremely freakish distribution, prefers what appears like a sure game to a rather doubtful Penalty Double. North still envisions possibility of Slam and this possibility is not decreased by the fact that South has made a Penalty Double of East's Overcall.

5—South's hand is considerably stronger in honor-tricks than his Opening bid indicated. His bid of six diamonds is entirely sound.

Mr. Levis R. Ayres played South at the table where the bidding followed the course indicated above. The Knave of clubs was opened by West and Mr. Ayres discarded a heart from Dummy. It was, of course, at once apparent that the hand could only be made through a squeeze, as to use Dummy's trumps to ruff the losing clubs would thus leave the Declarer with one loser in hearts and one in spades. Instead of ruffing, Mr. Ayres discarded a heart from Dummy in order to safeguard himself against a loss of a trick in that suit.

With the cards in the Dummy and those in his own hand, it seemed certain that East's vulnerable Overcall of four clubs indicated possession of the spade King, as well as a long club suit. If this were true, a squeeze might be developed and the contract made; if not, then nothing South could do could avoid the loss of 2 tricks on the hand. East won the club trick with the Ace and led a heart. This was won with the Ace in Dummy and two rounds of diamonds taken, South retaining one of the high diamonds in his own hand. The King of hearts was then cashed and the third round of hearts was trumped in Dummy. South now returned to his own hand with a trump to lead the thirteenth heart and then led his last trump which was won in the Dummy Hand. The distribution of the cards then was:

Upon the lead of the diamond 9, East was hopelessly squeezed. If he parted with a spade, South, discarding after him, would discard the nine of clubs. If he parted with a club, South would discard the spade 6. By careful planning, South had forced East's defense against the Slam contract to tumble.

TODAY'S POINTER

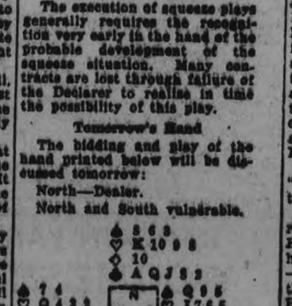
The execution of squeeze plays generally requires the recognition very early in the hand of the probable development of the squeeze situation. Many contracts are lost through failure of the Declarer to realize in time the possibility of this play.

Tomorrow's Hand

The bidding and play of the hand printed below will be discussed tomorrow:

North—Dealer.

North and South vulnerable.



Study the hand, decide how you would bid and play it and then compare the results you obtain with those shown in tomorrow's article.

Clam canning is an old and well-established industry in New Brunswick particularly along the Bay of Fundy shore south of Saint John.

Sylvr-Tone Snapshot Winners

The first prize this week in the Sylvr-Tone Snapshot contest conducted by Lewis R. Parks goes to Nancy Elizabeth Burch (upper left), daughter of Mrs H. L. Burch, Winnipeg, Manitoba, and is awarded through the Nugent Drug Company; second prize (upper right) is awarded through C. M. Moncur to Miss Kathleen Lacey, 232 McDonnel street; third (lower picture)—In the Tub—to Mrs. N. Halliday, 292 Dalhousie street, with the compliments of Lewis R. Parks.

THE GRAPPLE AND GRUNT GAME FROM FEMININE POINT OF VIEW

(By Jeanette).

We went to the wrestling match last night. It takes quite a lot of courage of two persons of the supposedly gentler sex to crash the gate for a wrestling bout, but Mr. LaPlante smiled so encouragingly and Mr. Phelan looked so solid sitting beside the timepiece, and the familiar figure of Mr. Scates loomed so pleasantly in the foreground that we made a bashful procession, the two of us, and "viewed" with alarm and pointed with pride," as the politicians put it, the proceedings of the evening.

Knowing that we will immediately raise a storm of protest, we must admit candidly that we liked the bout between Mr. Rubenstein and Mr. Kogut the of all. It was so spectacular. Mr. Kogut is so very calm. Even when Mr. Rubenstein (not the gentleman who wrote all the music, and when Mr. R. gave him the boot, he merely grunted and came back for more. And then, he was so stylish. He wore a lovely wine-red (the latest colour for Fall) dressing gown. Although Mr. Berger's white scarf and his wel-kept hair, which got slightly mussed in the proceedings with Mr. Poggi, were very swell also, in the last bout of the evening.

Not knowing anything about flying mares or full or even half Nelsons or the aeroplane swing, or knee lock or gouging or the hammer hold, we can't write up the evening in a professional manner, sut we must say that a fine time was had to all. To hear the customers giving away advice absolutely free to those men, was to hear an earful.

Ringside Wisdom

"Make him like it"; "break his bank"; "wring his neck"; "give him the boots" were some of the encouraging bits of ringside wisdom hurled into the ring in the heat of the fray, or frays, to be exact.

Speaking musically, it was a fortissimo, crescendo, apposiomata sort of evening, with animato as the main method in use.

Mr. Frankie Hart, who appeared to be a great favorite with the crowd, mixed it up plenty with Mr. Szabo. Mr. Hart was tastefully attired in a pair of red tights, while Mr. Szabo (from Hungary), wore blue unmentionables.

This pair did a lot of deep breathing exercises. In fact, all of the wrestlers went in for deep breathing and chest expansion, and Mr. Berger demonstrated some of Dr. Locke's methods when he kept manipulating Mr Poggi's toes. Talk about the heel of Achilles, as the tender spot of that famous personage. Mr. Poggi centainly has tender feet. "Tickle his toes, Casey," rang repeatedly through the arena, as the crowd spurred Mr. Berger on to renewed effort.

What we would like to know is: "Why doesn't Mr. Poggi of the ticklish feet, wear shoes?

They say that a trick rider in a rodeo knows how to throw his steer. He merely leans forward and inserts his fingers in the brute's nostrils—and the animal obeys. Anyway, the referee had a busy time of it. He had to watch for casual bites and a lot of hair-pulling and the use of the boot, which was very frequent, and trick holds under the ropes which had to be broken immediately. In the excitement of the moment, the referee, who chose to wear a white suit, got a good poke from Mr. Poggi and was knocked down in the melee.

(Before we forget it, we wish to mention the sportsmanlike demeanor Mr. Al. Spencely, who took occasion to applaud loudly all the losers of the evening).

Mr. Rubenstein had bare feet and a peculiar knee action. He seemed to be quite annoyed about something all the time, and kept making faces at the reposeful Mr. Kogut, and muttering complimentary remarks at the referee. We liked him immensely. He spent a long time massaging Mr. Kogut's ear, as they sat close together on the mat, and he went in for "furioso" methods, to speak musically once more.

Sense of Humor

And he had quite a sense of humour. During a particularly trying moment for Mr. Kogut, when he was face down with Mr. Rubenstein astride his legs. Mr. R. relieved the tension by snapping Mr. K's elastic waist band. And he made great use of his feet and his knees, introducing them repeatedly to Mr. Kofgut's middle. And when they played the game of "turn about is on the mat until the air shook, it was Mr. Rubenstein who ceased battling first and sought the shelter of the ropes. Of course, the crowd seemed to like Mr. Kogut, but this is strictly unbiased version of the affair, and we must say that we liked Mr. Rubensteein and Mr. Szabo and Mr. Poggi quite the best, perhaps because Mr. Scates' accusatory finger didn't point at them when he announced the winners of the three bouts.

BOMBS WRECK MOVIE HOUSES

Police Suspect Friction Between Operators' Unions Behind Affairs.

NONE INJURED.

NEW YORK, Sept. 10—(C.P.). — Terrific bomb explosions wrecked the entrances to two movie houses early to-day, tossed sleeping people from their beds and spread terror through two widely separated neighborhoods.

Hundreds of panes of glass crashed to sidewalks as a blast in front of Loew's, 46th Street Theatre in Brooklyn was followed quickly by another explosion in the entrance to Loew's Canal Street Theatre on Manhattan Street, lower East side.

Detectives said there has been conflict between two unions of motion picture operators, but no evidence was made public connecting this dispute with bomb plot. Three men in a sedan were seen speeding away from the Brooklyn Theatre about the time of the blast.

Shook East Side.

The blast that shook the lower east side tossed the ticket booth into the street, twisted heavy doors open, and shattered glass in many stores and tenement houses. The Brooklyn explosion tore a hole in the theatre's tiled entrance, wrecked its glass work, and ruined windows in buildings nearby. Huge crowds gathered as sleepy people tumbled out of their houses in fright.

The theatres were empty at the time and no one was injured. Edward Brown, night watchman in the Canal Street Theatre, was thrown down a flight of stairs by the explosion, but escaped injury.

Slugs and metal fragments found in the neighbourhood were turned over to explosive experts who began an attempt to reconstruct the bombs.

Donaldson Wins $100 In Old Chum Contest

One hundred dollars for naming a picture in the eighth Old Chum Picture Title Contest is the prize just won by William Donaldson, 174 Stewart Street. The title given the picture by Mr. Donaldson gained first prize from the many thousands of titles entered.

In the same contest Miss Grace Burrows, 251 Park Street North, won two dollars.

Peterborough citizens have been among the prize-winners in all the Old Chum contests run in recent months.

WILL OPEN UP CHEST CLINIC IN PETERBORO

Regulation Are Set Out Regarding Important Organization.

TWO DAYS A MONTH.

Clinic Is Being Formed By The Health Association.

At a meeting of the executive of the Health Association held in June last, it was decided to organize a chest clinic in the city to provide chest examinations for all those who are unable to secure such service because of economic distress. Chest clinics are held in mostly all centres of population to-day and in some instances the service has been extended to include smaller towns and villages. For various reasons we have been somewhat tardy in organizing such a clinic in Peterborough. The number of children attending our Summer Camp who have potential chest trouble has, however, compelled us to take immediate steps to provide a clinical service competent to follow these cases through the succeeding months or until they are thoroughly re-established in good health. Besides the service for the children, the Clinic will be open to all adults desiring a chest examination but who, for financial reasons, are unable themselves to secure it.

For 20 years, the Health Association has provided nursing care for any chest case requiring such service. The Association has also provided comfort of various kinds—tents, cots, porches, porch curtains and screens as well as eggs and milk for all approved cases. The service about to be inaugurated is an attempt to compete another link in the chain of assistance which we are glad to offer to our less fortunate fellow citizens.

We are delighted to announce at this time that the mayor, Mr. Roland Denne, the Medical Officer of Health, Col. Young, together with the Board of Health, have given hearty approval to the step. The District Officer of Health, Dr. Sutton, and the Peterborough Medical Society view with favor the organization of such a clinic. May we express the hope that the citizens generally will give the same cordial substantial support to this branch of our work as they have given to the established work of our association in this city.

Appended to this announcement are the regulations governing the operation of the chest clinic. May we suggest that two points be particularly noticed. First, only patients of any age, who are unable to secure the medical service offered by us will be accepted. Secondly this is a diagnostic clinic; consequently no responsibility for treatment will be assumed by the medical directors, excepting those patients who are able to report at the clinic.

As some little time may be necessary in working out the details of this new work, we feel sure we may rely, in the meantime, on the whole-hearted support of the citizens in general.

The personnel of the special committee of the Health Association that will have supervision of this work is as follows: W. R. Breyfogle (chairman), E. F. Mason, Mrs. R. R. Hall, Mrs. Taylor, J. J. Turner, Drs. Neal and Waite, and G. Stewart Cameron (secretary). E. Stewart Cameron, Hon. Sec'y Health Association; J. J. Turner, President Health Association.

Chest Clinic Regulation

1. Patients coming to the Chest Clinic must bring with them a note from a doctor stating: (a) That the patient is believed to have a tuberculous or pre-tuberculous condition; (b) That the patient is unable to provide the means to secure a complete physical examination including X-ray.

2. Patients having no medical adviser may be sponsored by the nurse of the Association provided reason able care is exercised in ascertaining all the facts in connection with the case.

3. In an extreme case, the name of a patient may be presented by any layman. Before action can be taken, however, the name together with some particulars must come from one of the medical directors of the Chest Clinic, who, if satisfied the case is a worthy one, shall direct the visiting nurse to make full enquiry, particularly with reference to the last or any medical supervision which the patient has had. The nurse shall then make her report to the medical director and if he deems it satisfactory, arrangements can be made to have the patient brought to the Clinic.

4. The Chest Clinic will be open from 4 to 6 p.m. on the first and second Tuesdays of the month at the City Laboratory, City Hall.

5. The medical directors, Drs. Waite and Neale, will both be present at the hours mentioned. The nurse of the association will also be present during the whole of the clinic to render such service as may be expected from a nurse.

6. As far as possible, patients must secure their appointment for consultation in advance of clinic day. These appointments may be made through the office of Dr. Waite in the City Laboratory.

7. As the physicians are giving their services gratuitously, patients are urged to keep their appointments promptly, so as not to waste the time of the medical men and so prevent some needy person securing the benefits which their tardiness has made impossible.

8. Patients will be examined in the order in which their appointments are registered in the Chest Clinic's appointment book. The Health Association will provide a book for registration of patients, their address, their physician or sponsor and also the record of appointments for consultation.

9. The medical directors will see patients only at the clinic.

10. No responsibility will be assumed for treating patients in their homes, either by the Health Association or the medical directors.

11. Patients who are well enough to come to the Chest Clinic in a conveyance but are unable to secure the transportation necessary, may arrange with the nurse of the association for the use of a car to bring them to the Clinic and later return them to their homes at the associations' expense.

12. To make successful any plan for the treatment and control of tuberculosis it is necessary that all contacts with active cases be examined and their present physical condition properly appraised. To do this, it will be necessary for each active case to give to the medical directors the names of the members of his family, and of any others who could be considered as contacts. These will be asked to report to the Clinic for examination.

13. Patients who are believed to be contacts and refuse to report for examination will be reported to the Board of Health.

14. When patients come under the care of the Chest Clinic, it will be necessary for them to permit the nurse of the Association to visit their home for the purpose of ascertaining the living conditions of the family.

15. Where necessary changes are suggested by the the medical directors, the patient and family must see that the changes become effective so that the results of present day treatment and supervision may become a reality as soon as possible.

16. Where necessary changes in a home are beyond the means of the family to make, appeal may be made to the Health Association and that body will give assistance as far as possible.

Rinks Break Even In League Bowling

HASTINGS, Sept. 10. —(Examiner Correspondence. — Hastings and Havelock broke even in the scheduled games of the Trent Valley Bowling League on the local greens Friday night. Three out of the four games were very evenly fought out and held the interest of another large gallery. A wonderful improvement has been made in the lighting of the greens and many good comments were heard on Friday night by the visitors. In the first games, Lynch won a close one from Mathieson, 9 to 8, while Jones dropped a hard game to Simons, 12 to 10, Simons getting his winning two on the last end.

Havelock—R. Williams, lead; J. Moore, second; F. Hooper, vice; H. Mathieson, skip—9.

Hastings—K. Kennedy, lead; Rev. Father Kelly, second; H. Dodds vice; G. Lynch, skip—8.

Mathieson .. ..2122x x1xxx—8
Lynch .. ..xxxx4 1x121—9

Havelock—L. Hooper, lead; A. MacDonald, second; A. Armstrong, vice; J. Simons, skip.—12.

Hastings—J. B. Scriver, lead; L. T. Huycke, second; A. Wilson, vice; C. E. Jones, skip—10.

Simons .. ..x1x43 2xxx2—12
Jones .. .. 1x3xx x31x—10

The closing games proved to be disastrous for Jones rink. Mathieson whitewashing them 16 to 0, from the first end on the breaks went entirely aginst the Jones rink, no matter, how hard they tried, luck went against them. The other game was close all the way through, Simons was one up, starting the last end. Lynch made a perfect draw to get two in the last won out 8 to 7.

Havelock—R. Williams, lead; J. Moore, second; F. Hooper, vice; H. Mathieson, skip—16.

ROUSING CHEESE MAKERS RALLY DRAWS 400 TO TRENT RIVER

W. A. Fraser, F. J. McArthur, Mayor Belford, T. P. Lancaster Among Speakers.

MANY POINTS DISCUSSED.

TRENT RIVER, Sept. 10. (Examiner Correspondence)—Over four hundred interested in the dairy industry attended the Cheesemakers' Association meeting held Thursday night at Whitehall Gardens Pavilion under the auspices of W. V. Drewry, president of Campbellford district of Cheese Makers Association. Mr. Drewry was chairman for the splendid feature programme. W. A. Fraser, M.P., Trenton, federal member, was the guest speaker. Other prominent speakers included F. J. McArthur, M.L.A., Cobourg; Major Belford, ex-M.L.A., Codrington; T. P. Lancaster, M.L.A. of Havelock; C. F. Tim of Stirling; Mr. Davies of Toronto and Harold B. Wood of Trent River.

Potter's orchestra of Warkworth, consisting of Miss Mary Potter, piano, R. M. Potter violin, Vance Pomeroy banjo, delighted the vast assembly with their musical numbers. J. A. Murray, district inspector for Campbellford district was active in arranging details throughout the evening.

Welcomes Speakers

Mr. Harold B. Wood, President of Trent Bridge Cheese Factory, was called upon first to speak and welcome all the speakers and patrons present referring humorously to the number of parcels brought by the ladies for lunch when the 4th degree would be given.

Mr. C. F. Linn, dairy instructor of Stirling district congratulated this section for their seasons report. Less undergrade cheese, not the case in his district and related causes that make undergrade cheese; some patrons put salt in milk, thus causing difficulties for the cheese maker. He hoped to see in the near future a cold storage in Belleville where cheese could be assembled and hoped every factory would tie up to their organization. Advised patrons to take advice from their cheese maker. We should be getting more for our cheese.

Mr. Drewry advocated better shipping facilities. The Government was not to blame for shipping conditions. Eight hundred and some odd factories in Central Ontario had no chief over each district and that organization would remedy this condition.

Mrs. Frank Little of Seymour East recited "The Bachelor's sale" in an efficient manner.

Major Belford

Major Belford, M.L.A. interested in agriculture, one who has stood by the organization faithfully, thought this was the farthest north district and hoped the missionary work would extend further. None of us is making a living out of cows at present and cheese making business should get back to a paying basis. Cheese makers of Central Ontario are doing second to none but hoped for better times. Farmers are doing their part and is just as much entitled to his profit as the white collared man. He should have a certain cash return that's only breaking even. What's the reason we are not getting it? We have no organization. We don't want any political screechers coming into this thing, but we want a fair price for production. We have to send a steady percentage of cheese going all the time—continuity—we farmers have an inferiority complex. The very first profession ever organized in the world was a farmer. We all in a few years, will look upon the depression with thankful heart. And when good times come again let's hang on to what we have earned.

Fred McArthur

Fred McArthur, M.L.A., Cobourg, was called upon next. He said he had learned much in the last few months of cheese and agriculture. This was a wonderful gathering interested in the cheese industry. Talent is one of the greatest things. The management had brought the very best talent. Born in Toronto his play ground was Yonge street, didn't know much about farming. He now was deeply interested in agriculture and learned about the cheese industry to keep cans steamed. When the farmer has to go along in a haphazard way other men are busily engaged in considering costs. Shipping of cheese has not been handled as it should and advocated cold storage. The farmer has not had profits of commodity they should have. He believed that channels of trade had been opened. All the statesman can do is to arrange for market. If we avail ourselves of the opportunity we must have distributing plants placed. By selling a good article you can create a demand. Are we going to stand aside? It's a question of selling good goods in the markets of the world. Speculation is not the best way to build up a country. Let us all be content with reasonable profits, great opportunities are before us be saving and careful, let us be good sensible, honest Canadian people and mortgages on the farms will be quickly paid.

W. A. Fraser

W. A. Fraser, M.P., Trenton, guest speaker, was the next speaker, introducing his address that there was no question that the farming industry throughout the world was a basic industry. Canada has an unlimited market in Great Britain. Cheese makers in Canada have no limit in the production of cheese. When you consider National balances, trade balance is made up of individual balances. Prior to breaking of stock market in 1929, Canada was working on a basis to extent of 26 per cent. After the war in enlarging the gold standard which is now obsolete. The speaker dealt with gold from a monetary standpoint. Our present minister of trade and commerce is an advocate of by-metalism. We are dealing with countries that are on the gold standard. Britain's gold reserves will be depleted when her obligations to other countries had to be met. We in Canada are a producing people. Raw material as lumber—we export horticultural products, we must export sufficient. We are only able as a country to pay a certain amount of gold. It's impossible to reckon invisible assets of the country; for instance it is impossible to estimate the amount of money spent by American tourists. How much money comes into Canada for her investments? As a young country we have a tremendous influx in our invisible revenues, eleven billion dollars of gold reserves. In Canada we have built up a financial fabric under our Canadian banking system. We are doing business in Canada to-day on legal tender. No Canadian chartered bank can fail. These facts show how the financial structure is maintained. When the country gets down to basis of uniform currency we will get back to basis of uniform dollars. We have not'f el't nations going off the Gold Standard unless we are exporters.

Third of Industry

Cheese makers are third of any branch of agriculture. We must take from any country something we don't produce in payment of exportable service. One reason for our present world condition is lack of monetary gold—is absolutely false—the monetary gold has kept pace with the expansion of world business. Our difficulties arise from the result of inflation of credit. Our difficulties have nothing to do with monetary gold in the world. There is too little use of publications of branch of industry, we are engaged. The speaker closed his address with appreciation of the honor of being present and hoped that Mr. Drewry and his colleagues would have success and any time he could be of service in Ottawa he would be only too pleased to be called upon.

Continuing the feature program a representation from Morganston factory a vocal duett, Messrs. Lorne Darlington and Frank Haines with Mrs. Lorne Darlington at the piano. They responded to a hearty encore and came back with the number "The Old Blue Ridge Mountain Home."

T P Lancaster

T. P. Lancaster, M.L.A. for East Peterborough, was the next one called upon. He hoped this organization would be extended to Peterborough county advocated organization, as it is the only way to accomplish anything—no government has time to listen to individual opinion but organization would bring action. He had the honor of belonging to an agricultural committee of the House of Parliament at Toronto. It looks as if the corner was turned and the lesson that depression has brought us would be of value to us in time to come.

Mr. Davies, butter grader in city of Toronto, was the last speaker—interested in creamery work said organization was half the battle. The way to have butter improved was to start on the farm. Last year there wasn't so many first graders, had to close the grading station, some factories have serious results with mold. You men are particular about your cheese and we should carry that idea about butter. New Zealand butter is very uniform—good butter. We should give consideration to sanitation. Another inducement to butter makers is to make a wider spread regarding butter fat. Keep grades separately. If our quality is to be improved we cannot do so if unsanitary conditions exist. Mr. Davies is from the Ontario Department of Agriculture.

Closing Events

Mr. J. D. Meachern of Campbellford gave a reading "Levinsky at a Wedding" and was heartily applauded for his efficient rendering of a Jewish wedding. Orchestra selection brought the evening's program to a close, after which the ladies served hot coffee, sandwiches and cake and square dancing was participated by lovers of the light fantastic.

VARICOSE VEINS NEARLY ALL HIS LIFE

New Getting Relief With Elasto

Mr. Jas. Rimmer, Rogers Road, Ont., says: "I must tell you that the enlargement and swelling of the veins from one of my legs is almost gone, and I believe your ELASTO is responsible for the great improvement taking place in my case. I have had varicose veins nearly all my life. I have suffered an operation for them, but they only come back again. So I cannot praise your treatment strong enough. I will recommend it to all sufferers of bad legs, that I know."

If you suffer from varicose veins, varicose ulcers, swollen legs, running sores, and other leg ailments, try ELASTO. It is a vital cell-food in tablet form—and so easy to take—just place a few of the tiny tablets on the tongue. They dissolve immediately and are absorbed directly into the blood—getting at the source of the trouble in the natural way. Write 53-day for free sample and interesting booklet. New Era Treatment Co. Ltd. Dept. 140-28, 455 Craig Street W., Montreal.

C.D.S. Monday 2 o'Clock EXHIBITION SPECIALS

Exhibition Features

Fabric Gloves

Women's chamo-suede (fabric) gloves in pull-on styles. Colors, navy, grey, brown, sand and black. Sizes 6 to 7½. Reg. pair 49c. Monday 2 p.m. Special, pair **35c**
—Main Floor, C.D.S.

Boys' Bloomers

Boys' assorted tweed bloomers in medium, light and dark shades. An excellent pant for school wear. Sizes 24 to 32. 2 p.m. Special, pair **69c**
—Main Floor, C.D.S

Cotton Jersey Dresses

Useful little frocks for the school girl. Nicely made with long sleeves and belt and trimmed with colored buttons and pipings. Shades include brown, blue, dark red, and green. Sizes 7 to 14 years. 2 p.m. Special each **98c**
—Third Floor, C.D.S.

Electric Toasters

REG. 3.75

Well finished, guaranteed toasters of better quality. Supported by 4 shaped legs. Durable wiring. Complete with cord and plugs. Monday 2 p.m. Special, each **1.98**
—Fourth Floor, C.D.S.

BIG CLEARANCE OF WASH FABRICS AND SILKS

An exceptional opportunity to save on wash fabrics and silks that were regularly priced at, yard, 89c, 1.25 and 1.59. In the group are printed rayon crepes, Japanese silks, rayon taffeta, wash satin and English voiles. 2 p.m. Special, yard **59c**
—Second Floor, C.D.S

Boys' Blouses

Boys' cotton broadcloth blouses in fancy or plain shades. Collar attached style finished with breast pocket and draw string at waist. Sizes 11 to 13½. 2 p.m. Special, each **29c**
—Main Floor, C.D.S.

Women's Gowns

Women's white flannelette gowns in slip-over style. Bound around neck and sleeves in colors of peach, pink, blue or orchid. Medium size. 2 p.m. Special each **55c**
—Main Floor, C.D.S.

FULL-FASHIONED REAL SILK CHIFFON HOSE

Women's full-fashioned real silk chiffon hose, silk to picot top with panel heels. Sizes 8½ to 10. "Substandards". Shades, pepper, smoketone, fawn, sunbeige, pine. Monday 2 p.m. Special, pair **59c**
—Main Floor, C.D.S.

Basement Specials

CREAM AND SUGAR SETS
Of neatly shaped amber glass. Decorative and useful. The two **29c**

CLOTHES BASKETS
Of splint with veneer bottoms. Reg. 69c, Monday **39c**

WHITE ENAMEL PAILS
10-quart size, each **69c**

FLOOR PAINT
Golden brown and medium grey for kitchen or bedroom floors. Dries with hard, gloss surface. ½ gallon **93c**

BROOMS
Well made, 4-string corn brooms. Special, each **19c**
—Basement C.D.S.

Infant's Delight Soap ..... 3 cakes **20c**
2 pkgs. Kotex, regular size, 1 pkg. Kleenex, large size, the 3 for **79c**
Paramount Blades, pkg. of 5 for **19c**
—Main Floor, C.D.S.

Broadcloth Bloomers

Women's cotton broadcloth bloomers with elastic at waist and knee. In colors peach and pink. Sizes, large and extra large. 2 p.m. Special, pair **39c**
—Third Floor, C.D.S.

Celanese Dresses

Women's and misses' inexpensive fall frocks in new fall shades, neat styles with trimmings of buttons, pipings and some contrasting colored collars and cuffs. Sizes 14 to 20, 38 to 42. 2 p.m. Special, each **2.89**
—Third Floor, C.D.S.

Women's and Children's Shoes

Women's and children's shoes of black kid with leather soles and rubber heels. In strap and tie styles. Women's sizes, 3 to 7. Children's sizes, 2 to 8 in the lot. 2.30 30 Special, pair **79c**
—Second Floor, C.D.S.

Wild Ducks Arrive; Sign Early Winter

BELLEVILLE, Sept. 10.—Over a dozen black ducks were seen in the Bay of Quinte near Zwick's Island yesterday. Several others have been seen this week, and old timers state that this is the earliest in years that the wild ducks have arrived. They state that this is a sure sign of an early Winter. Canada Geese have also been seen near the cornfields of Prince Edward County.

BOYS AND GIRLS ENJOY THE MIDWAY

A Great Collection of Rides And Shows—Children's Day a Feature.

Ever see a living woman sawn in two? Or fourteen monkeys in an auto race? Or a guillotine execution? Or a white Mahatma? Or two brothers with one head—alive?

These are but a few of the thousand-and-one thrills and wonders, which outdoor amusement fans will experience when Conklin's all Canadian Shows come to town on Monday, September 12th. Opening a six days' engagement on that date at the Exhibition grounds, "Canada's Premier Outdoor Amusement Organization," will furnish all the carnival attractions of the Peterborough Industrial Exhibition, and will celebrate its eighth triumphal annual tour by presenting the "greatest entertainment value of all times."

Soon the big show train will roll into town with its cargo of cures for depressionitis. Soon the song of the calliope will be heard in the land; and the lights, flags, music, glamor, wonder and thrills of Canada's largest tented city will beckon to one and all, young and old, to join in the fun of the fair.

Wednesday will be children's day, when each and every attraction will be open to the kiddies at specially reduced prices.

APSLEY FAIR HUGE SUCCESS

Event Creates Record As Far As Quality And Quantity of Exhibits Concerned.

KEEN HORSE RACES.

APSLEY, Sept. 10 (Examiner Correspondence). — Fine weather prevailed for the Apsley Fair on Wednesday and Thursday, and the event created a record as far as the quality and quantity of exhibits was concerned, there being nearly double the amount of entries of last year; the accommodation being severely taxed in consequence. The attendance while good was not so large, and this was accounted for by the fact that the date was changed to a week earlier than previously fixed, because of Coe Hill Fair being set for the same date, and a great many people did not know of the change. However, more than 500 paid for admission at the gate, and the directors are well pleased with the result of their fifth annual exhibition. The Free-for-all trials of speed brought four entries, viz.: Ella Todd, owner Walter Tucker; Black Mac, owner E. M. Emmal, driven by V. Windsor; Mac Dale, also owned by E. M. Emmal, driven by A. Wilson; and The Limit owned and driven by B. Vader, Bancroft. The three heats resulted as follows:—

Ella Todd	1	1	1
Black Mac	2	2	2
The Limit	3	3	3
Mac Dale	4	4	4

Time 2.19, 2.22, 2.24.

The saddle horse race produced five entries, resulting as follows: 1st, Arthur Earnshaw; 2nd, Miss E. Tanner; 3rd, Gordon Earnshaw, after running three heats. In the horseshoe pitching for President C. A. G. Spence's silver cup, in the final game, Roland Tucker beat Charles Smith by one point, winning the trophy after an exciting struggle. Mr. M. J. Duffus, Peterborough, very kindly conducted the tournament.

The full prize list will be published later.

MAN CHARGED WITH MURDER

(Continued from Page 1)

lor farmstead followed upon his leaving the employ of Fred S. Keller proprietor of Healy Falls summer resort, where he had worked all last winter and in the late summer of the year previous.

Mr. Keller, former proprietor of the Gibson Hotel, Campbellford, stated that Reid had worked intermittently for him for the past twelve years. He was employed as handyman at the hotel for the three years immediately prior to Mr. Keller's retirement from the business nine or ten years ago. Since then Reid had occasionally worked at Healy Falls resort.

Theare was no doubt at all that the man held by Peterborough City Police on the capital charge, is Mr. Keller's old employee. He described him to The Examiner exactly, as being an insignificant-looking little man, who was going bald His age would be about 30 years, he judged.

Of Reid's temperment and disposition Mr. Keller, spoke of him as being "handy around the house." He stated that Reid knew how to keep things clean and was generally industrious.

There was one failing, however, to which Mr. Keller referred as being the reason why he had to let Reid go last March. That was the little man's violent temper.

Mrs. Keller also spoke of Reid's periodic outburst of temper and described the fits of sobbing that would invariably follow. "He was hard to get along with at such times," Mrs. Keller stated, "and it often led us to believe that he was not in his right mind on occasions. He used to tell us that he had received an injury to his head. I believe he was kicked by a horse at some time."

"Henry worked for us off and on for twelve or thirteen years," Mrs. Keller also remarked, "and I am sorry to hear he has ended up like this."

Known as "Hank"

While seeking the way to Mr. Junior's farm which is located at lot 34, concession 10 Brighton Township, The Examiner reporter called at Myersburg general store, kept by Mrs. Sarah Runciman.

Mrs. Runciman who is a sister of Mr. Junior's in answer to a question said, "I knew "Hank" Reid he used to work for my brother." She had just been reading of the man's arrest in The Examiner she stated. Asked wha sort of a man she regarded Reid as having been, Mrs. Runciman replied, "he was a good little fellow—a smart little fellow to work and do chores."

"Did you regard him as normal?" she was asked. "Not after he came from overseas," was the reply.

AGED LAKEFIELD RESIDENT TAKES TRIP IN AIRPLANE

Miss Annie Gow, Aged 91 Plays Bridge and Goes to Parties.

HAS MODERN OUTLOOK.

TORONTO, Sept. 10 (Examiner Correspondence).—All her life, Miss Annie Gow of Lakefield has been delicate. She was the invalid member of her family, always, and yet at the age of 91 she reads without glasses, goes for daily walks by herself and travels alone by bus and by train. To-day she is going for an aeroplane ride.

She plays euchre, goes to parties, and thinks the modern generation is great. She thinks that anyone who yearns for the "good old days" has something wrong with him.

"There's never been anything like 1932; not in my 91 years, anyway," she said.

Miss Gow was born in Peterborough, and has spent most of her life there. She can recall when that city of 23,000 was a mere hamlet, but she prefers to live in the present. Miss Gow has two obsessions, as she put it; she likes to read and she likes to travel, and manages to do a good deal of both.

Took Trip At 70.

When she was about 70 she fulfilled a lifelong desire and took a trip, all by herself, to Europe; spent five months there and saw most of the points of interest.

"I wanted to travel, and when I anounced that I was going to the Old Country, my relatives were all horrified. Just like people are now when I say I want to go up in an aeroplane," Miss Gow said.

"I had been sick a great deal. I've been under an anaesthetic 26 times, and so my doctor didn't want me to go. However, I did. I went over on the Teutonic, as it was then called. I saw England, stayed in London a month, and went sightseeing every day. Then I went to Scotland, and travelled all over. I even went to the part of the Highlands my people came from, and I discovered that the name Gow means Smith in Gaelic."

Travelled To Coast.

Miss Gow's next notable trip was across Canada and along the Pacific coast in 1920. She made this trip by herself and saw Vancouver, Victoria, Seattle and other ocean ports. It could not, she declares, compare with her trip to Britain.

All this "young" lady's brothers and sisters have long since passed on; only she, the sick one of the family, remains.

"Yes, I think the young people of to-day are great. If there is anything wrong with them it is because the parents are too indulgent. But then that isn't to be wondered at, because our parents were far too strict with us."

BOYHOOD HAUNTS CHANGE

IRONTON, O., Sept. 10 (C.P.) — Dr. E. J. Rose of Washington, Chief of the United States Veterans' Hospitals, was fined $25 and costs yesterday for fishing without a license. Rose, the guest here of Congressman T. A. Jenkins, was arrested while fishing on the same creek banks he used to frequent as a youth.

Berger Throws Poggi Twice to Win Final Match

FRANKIE HART TOSSES SZABO FOR VICTORY IN PRELIMINARY WHILE KOGUT BEATS RUBENSTEIN

Hollander and Hungarian Put Up Interesting Show in Curtain Raiser.

CARD WELL RECEIVED.

Poggi and Berger Keep Crowd in Uproar With Their Rough Grappling Tactics.

Sigor Poggi, from the land of Mussolini, didn't have any luck at all in the main bout of the wrestling show at the Brock last night. He did get in one fall over Berger, but made two mistakes—two too many—to lose out. He was caught flatfooted at the bell once with his back to his opponent while he raked the ringsiders thusly: "You never satisfied, anyhow!" And that was too bad for him. Again, he kicked Berger in the stomach (for the umpteenth time) and Mr. Casey—not the famous one who struck out—grabbed the leg and turned it back on Poggi to make it too bad for him once again.

The show, as a whole, was pretty fair, judging from the uproar maintained most of the time. A good-sized crowd took in the three bouts, Frankie Hart tossing Szabo in the prelim, while Jack Kogut outslammed the naughty Bert Rubenstein in the semi-final. Jack Forbes refereed, with Announcer Fred Scates again doing the explaining.

Interesting Session

Young Szabo, 175, put on an interesting session against Hart, two pounds lighter. They were both fast, the agile Frankie having an edge on speed, but lacking the other's strength. It was smart matwork most of the time, and the fans—so long used to witness the trimming—could hardly get used to the real thing. Hart had the other missing tackles by a block and a half, but did a bit of dental-groaning when the Hungarian took his arm and gave it the works.

Toe-holds, Nelsons and straight legit, grappling holds came thick and fast for a space, with the crowd hollering for both boys. Then Szabo conked Hart in the breadbasket with a flyng tackle off the ropes, but missed another one when Hart went flat. Szabo banged his head aganst Hart and the floor, and Frankie turned over to pin him in 19 minutes, and draw a hand.

Given Rough Passage

Bert Rubenstein went only 185 but he gave the 207-pound Kogut a rough old passage for 27 minutes. They showed a lot of action and Bert was downright nasty, pulling a flock of dirty tricks that got him the "rawsberry" early. He preferred jabbing his knees into Jack's aldermanic stomach, but every once in a while Kogut evidently figured that had gone far enough and tossed the Detroiter about quite carelessly.

It soon developed into a body-slamming contest, and both husky wrestlers as well as the floor suffered from the ring-shaking thuds. Bert got the Canuck once between the ropes and nearly strangled him, which apparently peeved Jack considerably as he chased him lumberingly around and around. Rubenstein was warned monotonously for hair-pulling, biting, kicking, and what have you. And they continued to slam away, picking 'em up and bouncing them back on the canvas. Kogut was thrown hard out of the ring for a 7-count and seemed weak coming back, but he turned on him (as even worms will do) and winded the Yank with a bee-uty of a flyng tackle, followed by four hard slams to paste his shoulders to the floor. He got plenty of applause.

Final Opens Rough

And then came the maestro of "tricks that are vain and ways peculiar" Nazzarino Poggi, tipping the scales at 201, against the husky Casey Berger going 217. They started slow, but Nazzy didn't disappoint the crowd. They got their 'boos working shortly as the dark mat villain began his questionable tactics—gentle tricks like gouging, biting, twisting fingers, jerking out leg-hairs, and the like. It was exciting enough for anyone with both behemoths mixing it up, first Poggi having it all his way, but later the Coast grappler having an edge.

When the Italian took a bite out of his leg, Casey trampled around hard on his toes and the Signor protested in broken English and many gestures to the ref, and crowd, Forbes more than once jerked Poggi off for fouling Berger. Body slams and tosses out of the ring followed in quick order to the accompaniment of jeers and cheers. The crowd was angered once at Poggi's tactics and yelled "Throw him out" but still the war went on. Poggi had a handful of sand once, when he returned to the ring after being thrown through the ropes, but it was spotted in time. Nice people, these wrestlers.

The bulldog grips of Poggi were weakening Casey right along and when the man from sunny Italy clutched his right leg with a hard leglock it was nearly over. He finally rolled under the ropes, but came back and let him get the identical grip and eventually had to concede the fall in 45 minutes.

The second fall came with startling suddeness, about ten seconds completing it. They were in their corners, Poggi criticising some of the ringsiders and Casey watching the timekeeper. As he saw the latters hand move toward the bell, Berger streaked across the ring. He reached Poggi as the gong sounded, picked him up with a crotch-hold and slammed him for the fall, before Poggi or the crowd realized what was happening. What a hand he got!

The chagrined Italian tried the same stunt on their return, only before the bell had sounded, but it didn't work. They mixed it up hard again, Nazzy trying for that leglock all the time, and never forgetting his illegal tricks. He was the aggressor and looked in a fair way to winning, with the fans booing heartily as he kicked Casey Continually in the pantry. As they grappled on their feet, Poggi kicked twice and tried it again. But this time, Berger grabbed the leg in the air to turn it back quickly for the hold known as the "back leg pull" and the ferocious Latin was glued helplessly in the resin for the fall in 11 minutes. A cheering throng began jostling its way toward the exits.

FIGHTS LAST NIGHT

Boston— Lou Brouillard, Worcester, Mass., outpointed Ad Zachow, Dover, N.H. (10).

Paris— Jose Arilla, Spain, and Maurice Huguenin, France, drew, (10).

Springfield, Ohio — Ralphy (Smoky) Maggard, Covington, Ky., outpointed Pete La Cross, Fort Wayne, Ind. (10); Tommy Glynn, Springfield, knocked out George Coleman, Indianaoplis (2-.

Yanks Drop Double Decision to Tigers

Inside Sportin' Dope—By A. Wise Cracker

Mister Sporting Editor:

Well, Mac, we aint been doing quite so well in the provincial playoffs since my last, our jrs. and our intermediate entry having hung up their unies until next season, leaving us with the younger fry to carry on. The happy note in this week's chorus is the fact that the Kiwanis bantams dropped into Toronto last Sat. and the kids playing before a strange crowd performed like seasoned veterans, giving the Toronto lads a artistic shellacking right on their own ball cushion and taking the serious in 2 straight, which, neighbors, I claim is playing ball. The K Kids tackle the western winners next and they got a royal chance to bring the title home.

The C.G.E. boys entirely crumpled up in the Orono serious and Doc Gamsby's selects hadn't no trouble whatever in taking both games, the 2nd 1 in Newcastle last Sat. being a worse mess than the fixture here, which was bad enough to suit anybody. The Electricians just didn't do nothing right in either game and the ball they played wouldn't of win the E.P. title.

As for the jrs. it must be admitted that in the second game with the McCormick Jrs. they was outclassed by the Toronto lads and they blew high wide and handsome before the home fans. It was a sad cup of tea all round, that game.

Well, Mac, the Harmsworth trophy races is over and once more Gar Wood is riding the wave and boss of the competition. A lotta folks, including many of Mister Wood's countrymen, had picked Mister K. Don to cop the silverware this time, but whether you got a speed boat or a powered punt they aint nothing you can do with it in the way of racing when the engine conks—and that's just what happened to Miss England. It was a bitter pill for the thousands that were pulling for a Don win and it sure was tough on all them folks that travelled to Detroit expecting to see the race of the century and got little or nothing in the way of a competition for their trouble. That's the way with them eccentric speed freaks, they wont work just when you need them the most.

The big league race, so far as the American is concerned, is over, Mac, with the Yanks "in" and already top heavy favorites for the world's serious. In the National, however, the Cubs, which have started their last road trip disastrously, aint out of the woods yet and today (Thursday) they are only five games ahead of the Pirates, who are coming along at top speed and may catch the Chicago gang at the tape. The Nat. has been a rare old race all season and in spite of slump conditions the moguls musta tucked plenty away in the old socks.

It won't be long before the big serious, Mac, and Graham McNamee will be handing out the wrong dope as usual.

See you at Rolly Denne's big fall fair next week, old-timer.

Sportfully yours,

A. WISE CRACKER.

Major League Leaders

(Including yesterday's games.)

NATIONAL LEAGUE

Batting.—O'Doul, Dodgers, .370; V. Davis, Phillies, .348.

Runs.—Klein, Phillies, 142; O'Doul, Dodgers, 113.

RIFLE SHOOT RESULTS

SILVER SALVER SHOOTS

LAKEFIELD, Sept. 10 (Examiner Correspondence).—The last of the Silver Salver shoots of the season was held on Thursday; Walter Trude is the winner of the Silver Salver this year; it was won last year by his brother, William. The following are the scores of the shoot:—

	Yards. 200	500	600	
B. Q. Dench	29	25	28	—82
J. H. Payne	22	25	22	—69
Walter Trude	23	24	22	—69
P. Spence	24	23	21	—68
D. H. Charlton	19	26	22	—67
G. Spence	19	24	22	—65
William Trude	23	25	16	—64
W. Bickell	24	25	13	—62
J. Brown	20	26	15	—61
S. Spence	19	10	31	—60
C. Stenner	16	20	20	—56
W. A. Payne	18	22	15	—55
W. Hawthorne	20	23	9	—52
R. Payne	20	20	6	—46
Dr. Lingwood	14	18	7	—39
G. Scriver	20	9	9	—38

The Silver Salver is never given twice to the same man, and is awarded to the high man of the club who has not previously won it. D. H. Charlton and Walter Trude ran neck and neck all through, as they were tied in the totals of the first three shoots and there was a great deal of interest taken by all the members of the club.

The following are the total in the four shoots:—

	Shoot 1	2	3	4	
Wm. Trude	84	80	74	64	—302
J. H. Payne	79	74	79	69	—301
Walt. Trude	63	82	80	69	—294
D. H. Charlton	74	78	73	67	—292
B. Dench	50	74	77	82	—283
P. Spence	58	72	75	68	—273
G. Spence	73	59	66	65	—263
W. A. Payne	64	69	75	55	—263
S. Spence	54	46	71	60	—231
W. Bickell	49	63	52	62	—226
G. Nicholls	54	73	71	..	—198
Dr. Lingwood	43	59	50	38	—190
F. Webster	58	55	75	..	—183
C. Stenner	58	65	..	56	—179
J. Brown	..	31	51	61	—143
G. Scriver	54	48	..	38	—140
W. Murduff	68	..	65	..	—133
B. Charlton	47	47	34	0	—128
E. Bickell	..	71	47	..	—118
W. Hawthorne	..	..	62	52	—114
A. Burrows	..	48	61	..	—109
M. Duffus	..	..	70	..	— 70
J. Earnshaw	47	..	18	..	— 65
W. Telford	..	64	..	..	— 64
U. A. Moore	55	8	..	..	— 63
R. Payne	..	..	..	46	— 46
F. Payne	42	..	..	..	— 42
G. Bell	..	..	16	..	— 16

The following are the results of the shoot with Bonarlaw on Wednesday, when a team from Lakefield motored down for their return shoot:—

L=Lakefield. B=Bonarlaw.

	Yards. 200	500	600	
J. H. Payne, L.	28	26	25	—79
Wellman, B.	29	30	25	—84
Walt. Trude, L.	24	21	25	—70
W. Foley, B.	18	26	26	—70
B. Dench, L.	22	28	23	—73
W. Bateman, B.	27	22	22	—71
Wm. Trude, L.	16	30	28	—74
G. Wellman, B.	26	28	18	—72
W. Murduff, L.	22	18	23	—63
P. Downey, B.	26	20	22	—68
P. Spence, L.	29	28	24	—81
R. Naylor, B.	16	25	18	—59

	Points.
Lakefield's total	440
Bonarlaw's total	424
Lakefield's win	16

WASHINGTON CLUB HAS CHANCE TO GAIN SECOND POSITION

Senators Within Two and Half Games of Macks in Present Streak.

YANKS DROP PAIR.

By HERBERT W. BARKER
(Associated Press Sports Writer)

While the New York Yankees and Chicago Cubs proceeded leisurely to share the victories that bring them closer and closer to the major league's two championships, Walter Johnston's Washington Senator are roaring along at a terriffic clip that may yet earn them second place in the American League.

Twenty victories in their last 24 games to-day had carried the Senators to within a game and a half of the Philadelphia Athletics and in excellent position to move into the runner-up post should the A's continue to falter.

The streak of Washington's has been featured by excellent pitching, especially from Fred Marberry, Bill McAffee and Alvin Crowder but it was the Senators' bats that beat back the St. Louis Browns, 6-4, yesterday. The Senators scored their six runs in the first four innings and held a 6-1 lead as the Browns came to bat in the last half of the seventh. Then Crowder weakened and before the frame was over the Browns had scored three runs and were very much in the game. Marberry stopped that rally and Lloyd Brown pitched the ninth and held the Browns scoreless.

Yanks Drop Pair

The Yanks, needing four victories to clinch the pennant, got absolutely nowhere, dropping two games to the Detroit Tigers, 14-13 in 14 innings and 4-1 in five frames. The first game was a wild affair marked by 25 walks, 14 by Yankee pitchers, and five errors. Sam Byrd's error in the 14th allowed Gerald Walker to reach second base, thus putting the fleet Tiger outfielder in a position to score the winning run on Heinie Schuble's single. MacFayden walked four men in the nightcap, forcing in one run in the second inning, Arndt Jorgens' error permitted two more to cross the plate.

The Boston Red Sox overcame a six-run lead and whipped the Chicago White Sox, 9-6 in 10 innings.

Cubs Move Closer

The Cubs moved one game closer to the National League pennant by beating the Boston Braves, 5-2 as Lonnie Warneke scattered nine hits and hung up his 21st victory of the season against only five defeats. Twelve more Cub victories automatically will give Charley Grimm's club the pennant.

Don Hurst's single in the 12th drove in the run that enabled the Phillies to trim the St. Louis Cardinals, 3-2 and make a clean sweep of the series. The New York Giants split two games with the Cincinnati Reds, dropping the first 10-4 and winning the second 11-1. Mel Ott hit a hame run in each game to boost his season's total to 34, only one behind the National League leader, Chuck Klein, of the Phillies.

YESTERDAY'S STARS

Don Hurst, Phillies—Singled in 12th to drive in run that beat Cardinals.

Lon Warneke, Cubs—Scattered Braves' nine hits and won 21st victory of season.

Dale Alexander, Red Sox—Drove in winning run against White Sox with double in 10th.

Joe Kuhel, Senators— Led attack on Brown's pitching with double and two singles.

Gerald Walker and Buck Marrow, Tigers— Former's five hits helped beat Yankees in first game; latter allowed only two hits in five inning nightcap.

Bill Walker, Giants — Held Reds to four hits and won 11-1.

Wrestling Last Night.

CHICAGO.—Jim McMillen, 210, Chicago, won on a foul from Rudy Dusek, 215, Omaha, 34.25.

PHILADELPHIA.—Ed. (Strangler) Lewis, Los Angeles, threw Roland Kirchmeyer, Oklahoma, 19.48.

Baseball Results

INTERNATIONAL LEAGUE

Games to-morrow—St. Louis at New York; Chicago at Brooklyn; Cincinnati at Boston. Only games scheduled.

MURPHY HURLS NEWARK BEARS FOR 13 TO 1 WIN

Former Fordham University Pitcher Now One of International Champs' Regulars.

DEFEAT ALBANY SENATORS

(By the Associated Press)

Johnny Murphy, who won his first important pitching laurels at Fordham University and then put in a stiff apprenticeship with the Newark Bears as one of the flingers who went in there for an inning or two when changes were being made at their fastest, has blossomed out as a regular hurler with the International League champions, and a good one.

Murphy may not cut much of a figure in the approaching Little World series, with such rivals for honors as Don Brennan, league leading hurler, Big Jim Weaver, Pete Jablonowski and Rufen Eadows, but he looks like a good bet for next season.

Johnny's record so far shows six victories and six defeats, but five of the triumphs have been scored in his last seven games. One of them was a one-hit feat and last night he turned back the Albany Senators with six safeties and 11 strikeouts to even his record for the season. He allowed only one run in the first seven innings while the Bears piled up a 13-1 advantage, then eased up and finished with a 13 to 3 decision.

Onlyone other game was on last night's program after a complete blank in the daylight hours, but it turned out to be a real thriller. The Buffalo Bisons, after submitting to Del Etherell for eight innings, arose in the ninth and scored six runs off three Rochester hurlers to defeat the Red Wings 8 to 7. The rally ended the Wings' winning streak after seven straight triumphs and cost them a chance to tie the Bisons for third place.

The other four clubs in the circuit were not scheduled.

"I like to Smoke any kind of Pipe" said Mr. Picobac

WHEN MR. PICOBAC reached into his hip pocket for his tin of Picobac tobacco he found that he had left it at home on the kitchen window sill.

"Who's got some tobacco?" he asked the company at large; "who's got Picobac?"

"When I say Tobacco," said he firmly, "I mean *Picobac* Tobacco. I like to smoke any kind of a pipe, mind you, but only one kind of tobacco. And that's the kind they make from choice Burley—grown right here in our own counties of Essex and Kent . . . down here on sunny Lake Erie."

• • •

If *you* smoke a pipe just try Picobac. A graded Burley tobacco grown from select Kentucky seed in Canadian soil . . . cultivated by up-to-date methods . . . cured and matured to fragrant perfection—Picobac gives you a particularly mild . . . cool . . . sweet smoke. Try it.

—and don't forget, you get more tobacco for your money.

Good for making cigarettes, too.

Stenhousemuir 2, King's Park 2

CULLEN BOWLERS COP SECOND POSITION IN THE STANDING

Howden's Rink Are Victors With Score of Three Wins Plus 18.

GREENS COMMENT.

With eighteen rinks competing in the Friday night bowling tournament on the local greens last night J. J. Howden's four won first prize, barely pulling out ahead of J. Cullens second-place rink of three. George Coleman, Sr. skipped his quartet to third prize, with Benny Chesler's getting fourth. The special hard luck prize went to E. Walls team.

The first-place rink, which had three wins and a plus of 18, consisted of J. Patterson, D. Fleming, H. Wood and J. J. Howden. T. McDonald, J. Macdonald and Skip J. Cullen finished with three wins and a 17 plus. The third rink, consisting of J. Bennett, F. Skinner, R. F. Downey and G. Coleman, Sr., won three and had a plus of 11 while the fourth finishing rink, made up of L. Burnstein, Dr. Long, M. Chenhall and B. Chesler, took one win with a plus of 15. Ernie Walls hard luck winners, G. East, H. Coleman and W. Petric, had three losses and a 4 plus.

Play in this tournament was close and exciting most of the game. Andy Brown, vice-president, presented the club with three fine sets of prizes for the competition last night, while Frank Wise gave the hard luck token. Fourth prize was presented by the club.

The singles competition for the Central Ontario club representative was reduced to four semi-finals) last night, with Chas. Seymour being drawn against Joe Bennett and R. F. Downey against H. Coleman, the winner to be declared Monday night, as the Central Ontario play opens next Wednesday. The regular club doubles will also be held here Monday, starting at 7.30.

The club singles' entries close at eight o'clock to-night, and the draw will be announced next week. Any member may still enter but no later than eight this evening. It will be the last club competition of the season. The game is 21 points, with a handicap of two points for each rank. That is: A lead gets two points playing against a second, four points against a vice, and six against a skip. It will follow along th's line throughout. As it is an elimination play, the losers drop out and the winners continue to the finals. Two prizes are given, one for the winners and one for the runners-up.

U.S. AMATEUR GOLF OPENS ON MONDAY

Sandy Somerville, Former Canadian Titleholder, to Take Part in Tourney.

BALTIMORE, Md., Sept. 10 (C.P.)—Five farms, treacherous contours and glossy greens were tested to-day for the next-to-last time by scores of golfers who Monday will open their bid for the United States amateur golf championship.

This suburban layout, situated in the fox hunt country of Maryland, has been mastered by only three players since the pre-tournament pratice began.

T. A. "Tony" Torrance, captain of the British Walker Cup team, scored a 68, two under par, late yesterday afternoon, while earlier in the day, playing against a stiff wind, Chandler Egan of Del Monte, Calif., had a 69, and Frank Dolp of Portland, Ore., had an even par 70. Sandy Somerville, former Canadian amateur title holder, of London, Ont., has not tested the course yet.

Three exhibition matches were scheduled. Torrance and Francis Ouimet, the defending champion from Boston, will play against Eric Fiddian and Eric McRuvie, the 21-year-old British youngsters. A three-way brother match includes Rex and Lester Hartley of England, Watts Gunn of Pittsburgh and Will Gunn of Philadelphia, and Dave and Howard Crook of Baltimore. Harrison Johnston, the former champion; Charles Seaver, young Walker Cup star; Cyril Tolley, British player, and Pat Sawyer, Minneapolis youth, form another foursome engagement.

R.C.B.C. Rink Wins In Globe Tournament

TORONTO, Sept. 10 (C.P.)—Sensational finishing gave the Royal Canadian Bicycle club the margin which to-day set them in first place in the 27th annual Globe Scotch Doubles lawn bowling tournament.

W. Hutchinson and A. E. Walton, the successful pair, entered the last end with the score 11 to 7 against them, compiled by smooth work on the part of "Chuck" Downey and Lorne Reburn, representing the Runnymede Bowling Club. Rising to the heights, the "Cyclists" made the game—winning five points for the most surprising victory in the history of the tournament.

The Washburn Island pair of G. Nelson and J. Dougheny, captured the consolation final from W. Mack and W. Hogarth of Toronto St. Matthew's. The final games were played in semi-twilight.

Toronto Leafs May Train At Belleville

TORONTO, Sept. 10. (CP)—No definite decision has been reached by the Toronto Maple Leafs, Stanley Cup hockey titlists, as to the locale of their training quarters this year. Conny Smythe, director of the team, informed the Canadian Press to-day it had not yet been decided whether the team would train at Belleville or Kingston. The Leafs planned to leave Toronto about Oct. 20, and about 30 would be in the party.

YOUNG-NELSON MEET TO-DAY

Feud Between "Catalina Kid" and Fort Dodge Youth Comes to Head for $500 Prize.

C.N.E. ACQUATIC BILL.

TORONTO, Sept. 10 (C.P.)—Three swimming contests—a match race at five miles; an amateur one-mile event, and a three-mile professional invitation events feature the aquatic program at the Canadian National Exhibition to-day.

Headlining the bill is the George Young—Marvin Nelson match swim for $500; winner take all. Reports of a feud between Toronto's "Catalina Kid" and the Fort Dodge, Iowa, youth, have steamed up interest.

A close second in point of favor is the three-mile event. Entrance of Evelyn Armstrong, Detroit matron, in this men's event, has stimulated public interest, and she is expected to give such stars as George Blagden, Clarence Ross, Frank Pritchard and Isador Sponder a real battle at the shorter distance.

Yesterday two veterans of marathon swimming took three-mile swim prizes. Leah Riley, 20-year-old Keansburg, N.J., girl, led Ruth Downing, Toronto, to the finish in the women's event, and Stanley Pritchard, Buffalo, had a 40-yard margin over Eli Radakovitch, Duquesne, Pa., in the men's event.

Young Jack May, speedy natator from Honolulu, led in the men's event for the first mile and a quarter, but the cold water of Lake Ontario proved too much for him, and he had to be taken out.

Cliff Sutters Gives Vines a Great Battle

FOREST HILLS, N.Y., Sept. 10 (C.P.)—Ellsworth Vines stood in the final round of the national tennis championship to-day, just as well satisfied perhaps that there are no more Cliff Sutters to conquer.

The tall Pasadena youngster, defending champion, battled Sutters through two and one-half hours of torrid tennis in the semi-finals yesterday; four times stood within two points of elimination, and finally survived the gruelling 75-game struggle by scores of 4—6, 8—10, 12—10, 10—8, 6—1.

Vines' opponent in the finals awaited the outcome of a duel between Henri Cochet of France and Wilmer Allison of Texas, four sets of which were played before darkness forced postponement last evening. Cochet won the first set, 6—1, and the fourth, 6—3; the other two going to Allison by 12—10, and 6—4 counts. The fifth and deciding set was to be played at 11 o'clock this morning; the winner to face Vines later in the day.

Eleven Girls Start In Miniature Swim

EXHIBITION PARK, Toronto, Sept. 10 (C.P.).—Eleven mermaids braved the chily waters of Lake Ontario when the starting gun sent them on their way yesterday a first prize waiting at the other end of a three-mile course.

Among the leading contenders were Leah Riley, smiling Irish girl from Keansburg, N.J., Lillian Copplestone, Christchuroh, New Zealand; May Looney, Warren, Ohio school teacher and Ruth Tower Corson of Toronto. Jessie Barnes, London Ont., and Daisy King Shaw Montreal, were also entered.

LOTTERY TICKET PLANS BROKEN UP IN RAIDS

TORONTO, Sept. 10 (C.P.)—Three men are under arrest, and police claim they have broken up alleged plans to sell thousands of lottery tickets on the National Hockey League. A large quantity of dies, tupe and blocks and more than 2,000 tickets were seized in a series of raids carried out yesterday and last night.

Alexander Yuill was arrested and held on a charge of having lottery tickets, while George Jose and Norman Soole were charged with printing the tickets.

The tickets, according to the police, were to have sold at 25 cents each, and the lottery was based on the scores and standings of the teams in the N.H.L.

GOLF NOTES

PETERBOROUGH GOLF AND COUNTRY CLUB.

Draws for Club Championship and Macdonald Trophy.

Club Championship Draw. (Match Play, no handicap.)

All games must be played on or before Friday, September 16th. Symles must be played. Loser's name must be crossed off, or both names eliminated from next draw.

All players with handicaps of 20 or less have been placed in the championship draw.

Association To Form Carpet Ball League

The Queen Alexandra Home and School Association held its first meeting this week since the holidays and there was a large attendance. It was decided that a carpet bowling league will be organized in the near future.

Entrance diplomas will be presented to this year's graduating classes on Friday evening, September 23. Principal Munro's room won the picture for best attendance.

Drilling For Water Fails In Lindsay

LINDSAY, Sept. 10 (Examiner Correspondence).—Hope of the local Water Commissioners securing a copious supply of water for domestic use is almost abandoned. The Brantford Drilling Company, which has the contract for drilling for wells, have again failed in locating a supply. Recently they shifted their plant to a new location, and after drilling to a depth of 400 feet, struck a sandstone layer, but no water. To date five holes and six test holes have been sunk, and the results have been very discouraging.

William Everson, a resident of Glenarm, appeared in the local court yesterday morning charged with the theft of an automobile at Fenelon Falls. He was remanded until Thursday next after admitting the offence.

ABANDONS CHANNEL ATTEMPT

DEAL, England, Sept. 10 (A.P.)—After bobbing about in the Channel all night in choppy seas whipped up by a rising wind, Charles Zimmy, legless professional swimmer of Long Beach, Cal., abandoned an attempt to swim to France. He was taken out of the water at 12.45 a.m.

(BY C. J. P.)

Strangler Lewis got smart, but other old-time rasslers must turn over in their graves—if they've kicked the bucket—or turn green with envy, if they're still around, to see the modern grappler in action. Lewis is about the only outstanding old matman who can pull hair, knee, gouge, etc. with the best of the present-day boys. Straight rasslin' is now taboo on this continent. Fans want action and thrills, and the customer is always right.

* * * * * * *

They got it in sizeable chunks at the Brock last night, and the folks, about a thousand of 'em, gals included, went away satisfied. They wouldn't have been so pleased only the unpopular Poggi was beaten in the main bout, so all was well with the world once more. How they dislike the Italian mat villian, and how he thrives on it! He's a good grappler when he tries to, and then he clamps on a hold it's like trying to take a steak away from a hungry bulldog to break it.

* * * * * * *

After Nazzy—as his friends, if any, call him—had forced Casey Berger to concede the first fall with a bad leglock, the big Yank pulled a fast one to win the second before Mr. Poggi was through telling some of the crowd how dumb they were. Casey tore over and caught him flatfooted, and of course barefooted, in his corner facing the crowd, and that was that. He took the last fall by crossing the other up while he was using his stomach for a football. Berger just caught his leg as he kicked and twisted it back. And that was another that.

* * * * * * *

It would take four or five smart detectives to keep tab on the Italian in a bout, seeing that he grappled fairly.. And it wouldn't hurt to have a strong-arm squad on hand to make him break clean. Mr. Jack Forbes is not four or five dicks nor is he a strong-arm squad, so must content himself with twenty or thirty "absolutely final warnings" every time he referees a Poggi match. Oh, well.....

* * * * * * *

Young Szabo gave Hart a good tussle, but again the Dutchman came through with a win here. And Kogut won a popular and decisive victory over Rubenstein, who was inclined to be dirty throughout, but must have hung his head in shame when he saw Poggi perform. Not a bad show taken all around.

* * * * * * *

Our two O.B.A.A. teams are playing to-day, the juveniles in the first semi-final game in Toronto, and the bantams in the opening of the final series here against Hamilton. And then there's a girls' softball play-off game between Keene and Maple Leafs taking place this afternoon at the Bowl. The gals play their next contest over there on Monday evening at 5.30 sharp.

* * * * * * *

Next Monday night, Brintons and Orde's tangle in a box lacrosse game at the Brock. The Carpetmakers are in second place three points back of the Barbers, and can pull up to practically even terms with the leaders by taking this tilt. The next softball mixed double-header in the Brock is billed for Tuesday eve.

* * * * * * *

The Belleville sports writer said the other day: "We heard a rumor, while attending the Gananoque-Victoria game in Napanee on Tuesday, to the effect that Reg. Dorey, ace hurler of the Island Town team, is thinking of moving to Peterborough. Reg. is an electrician by trade and may procure employment in the C.G.E in the Lift Lock City. Personally, we'd like to see the nervous left-hander throwing to Belleville's own Peeney Mills. (Shades of Freddie Goyer and Jack Williams)."

* * * * * * *

We haven't heard anything of Dorey being sought after for here, and it is quite unlikely. We certainly could use a good southpaw to round out the local seniors' pitching staff, but nobody around here seems to know much about this Reg. Dorey. He may be good, but it's doubtful if any of the Peterborough moguls are chasing after him and offering jobs in these times. Just an idle rumor, probably.

* * * * * * *

Most athletes, amateurs and pros., clip every press notice in which they are mentioned at all favorably. This is well known, and reminds us of that funny crack Knute Rockne once pulled on one of the famous Four Horsemen of Notre Dame. The star couldn't get going at all in a game with a Western team, and at half-time, Knute remarked: "Hey, that guy's stopping you dead in your tracks. He mustn't know who you are. Why don't you show him some of your clippings?" It burned the freshman up, and he couldn't be held the rest of the game.

ADVERTISE IN THE DAILY EXAMINER

BURGESS BEDTIME STORIES

PETER'S LONG TIME MISTAKE

The more Happy Jack laughed the more uncomfortable Peter Rabbit felt. He knew that Happy Jack was laughing at him. Of course. And he didn't like being laughed at, especially when he couldn't see the joke. It is bad enough to be laughed at when you can see the joke, but when you cannot see a single thing in the least funny, being laughed at is about as hard to bear as anything I know of.

"When you get through laughing perhaps you will be kind enough to tell me what you are laughing at," said Peter, with a great deal of dignity.

At this Happy Jack laughed harder than ever, and Striped Chipmunk joined in the laughter. Now it was bad enough to be laughed at by Happy Jack, but to be laughed at by a "striped pinch of nothing," as Peter sometimes called Striped Chipmunk, was more than Peter could bear. He started to leave, intending to go straight back to the dear Old Briar Patch.

"Don't be mad, Peter," called Happy Jack. "If you will wait a little I think perhaps we can introduce you to Short Tail. He was around here a few minutes ago and I guess he'll be back again soon. Better wait."

Peter waited. Of course, Peter waited. He had to. Curiosity wouldn't let him go. So Peter waited and the longer he waited the greater became his curiosity. It seemed to him as if time never had moved so slowly. He waited and waited, but no one appeared and Peter at last began to wonder if this was some trick or joke on the part of Happy Jack. He was beginning to get suspicious.

A faint rustle in the dry leaves on the ground caught Peter's attention. At once he turned to see

"Don't be mad, Peter" called Happy Jack.

who or what had made that rustle, for a rustle of the leaves may mean almost anything, and never should go unheeded. It may be made of a friend or it may be made by an enemy.

And so Peter turned toward the sound. Close by an old log he saw a leaf turn and a second later he caught a glimpse of a dark gray form, as it disappeared under the log. Then he looked up at Happy Jack.

"Did you see him?" asked Happy Jack.

"Who, that fellow under the log?" replied Peter. "Of course I saw him. It was one of Miner the Mole's family. I often see one of them over here. I guess it is one of Miner's half-grown children. Now what are you laughing at?"

"What did I tell you?" cried Happy Jack, jumping around merrily. "I said you had seen him often. That was Short-Tail the Shrew."

"It was not," contradicted Peter, very impolitely. "That was a Mole or I never saw one in my life. I guess I know a member of Miner's family when I see one."

Striped Chipmunk fairly hugged himself with glee. Happy Jack laughed harder than ever. In the midst of it a sharp squeaky voice demanded, "What's all this fuss about? Tell me so that I may laugh, too?"

That voice came from under the old log where Peter had seen that dark grey form disappear a couple of moments before.

"We are laughing at Peter's long-time mistake," replied Happy Jack.

What To-Day Means To You

"VIRGO"

If September 10th is your birthday, the best hours for you on this date are from 9.10 a.m. to 11 a.m. from 3 p.m. to 5 p.m. and from 8.10 p.m. to 10.15 p.m. The danger hours are from noon to 2 p.m. and from 5.30 p.m. to 7.50 p.m.

The planetary influences of September 10th will produce a reflective, rather than an "up-and-doing" mood, contemptiative thought and not aggressive action, will insure to your benefit. Worries will be dissipated or minimised. Plans will be bettered. Trouble is foretold among engaged couples and dissention is indicated among relatives.

A child born on this September 10th will, in its early years be a source of unceasing trouble and worry to its parents. They need not despair, however, as adolescence will be the time when it will take a tumble to itself, and mend its ways and change its disposition. In spite of early drawbacks, this child's horoscope is distinctly favorable.

You, if born on this September 10th, are extremely sensitive to your surroundings, and the equability of your disposition depends on a harmonious and pleasant environment. To do the best of which you are capable, whether in the home, the office, or the factory, you must count on perfect order and a liberal supply of the right sort of tools. You are a dead failure when called upon to "make-shift."

You are imaginative to an unfortunate extent. Even when enjoying excellent health, you are always auspicioning the existence in your system of some terrible malady. Patent medicine vendors thrive on people of your type. You are more than ordinarily keen about making or marrying money, which is not, by itself, a source of real happiness and is often the root of evil. If your desire to amass riches is not properly curbed it may lead you to do things which had better be left undone, sour your disposition, and affect your whole outlook on life.

You are endowed with good, generous impulses, and a clean mind. These, unless you allow them to be distorted by baneful influences, will provide you with your just need of contentment. Your nature is affectionate, and craves a full measure of reciprocity.

"VIRGO"

If September 11th is your birthday, the best hours for you on this date are from 11 a.m. to 1 p.m. from 5 p.m. to 6.30 p.m. and from 9 p.m. to 10.45 p.m. The danger hours are from 2 p.m. to 4 p.m. and from 6.35 p.m. to 8.10 p.m.

Sunday, September 11th will be according to astrological indications, a day "made to order" for rest, companionship, and nothing of an unexpected character will occur to mar its quiet happiness. Lovers are especially favored and many troths will be plighted.

Children born on this September 11th will, as a result of gaucherie, be frequently misunderstood. Their efforts to do good turns to others will be misconstrued, and their motives—even though they be disinterested—will be called into question. This will have, in course of time, an unfavorable influence on their disposition, and they will draw into, and keep inside their shell.

You, if born on September 11th, are bull-headed, and frequently jeopardise your chances by sticking to an idea, just because you are not strong enough to admit that you have made a mistake. You think that this is a proof of your strength and resoluteness of character. On the contrary only weaklings never err: "to err is human." In a business undertaking, you never voluntarily cut your losses and a total, rather than a partial, loss is the inevitable result. In affairs of the heart, you often persist, to your own immediate disadvantage, in pursuing the unattainable.

Lacking versatility, and opposed to change, you find it increasingly difficult to hold your own in a world that, in these hectic times, is kaleidoscopic. You are so sure that you fail to accommodate yourself to any alteration of conditions. The same pertinacity is shown in your treatment of friends and associates. Once you have made up your mind that a person is "O.K.", nothing, except flagrant dereliction will ever convince you that you were wrong. Even when this stage is reached, you will blame circumstances, but never your own poor judgment. Your horoscope indicates much self-satisfaction, but little gratification.

Crowe Lake Yields 28-Pound Muskie

MARMORA, Sept. 10 (Examiner Correspondence).—The largest fish to be caught in Crowe Lake waters for some years was secured on Friday by Mr. J. A. Andrews of Cleveland, Ohio., who was fishing in company of Robert Nayler, local guide. The maskinonge tipped the scales at 28½ pounds. It measured 52 inches and was taken on a steel rod after putting up a great fight. Its head was one of the largest ever seen here.

FAVOR CO-ORDINATION OF WORK IN FOUR WESTERN UNIVERSITIES

Aim is to Maintain Efficiency of Higher Education With Cut in Expenses.

BROWNLEE STARTS ACTION

EDMONTON, Sept. 10 (C.P.) — Steps to co-ordinate the work of the four Provincial Universities of Western Canada with a view to maintaining the efficiency of higher education in the West and at the same time cutting down expenses are in contemplation. Premier J. E. Brownlee, of Alberta, has invited the Governments of Manitoba, Saskatchewan and British Columbia to go into the question with him, and early action is expected.

The step marks the first time in the history of Canada that any form of education has been taken out of the purely Provincial sphere of Government. Under the constitution, the control of education is vested in the Provincial Governments, and hitherto each Province has dealt with it in its own way without regard to the action of the others.

The proposal from the Alberta Premier is that the heads of the four universities be asked to get together and study the matter. They would then recommend any action they think advisable to their governments.

PATHETIC LETTER DAYS TOO LATE

Hamilton Police Receive Note From Woman Who Believes Suicide, Her Son.

SOUGHT BOY, YEARS.

HAMILTON, Sept. 10. —(C.P.)— A pathetic letter was in the hands of the police to-day. The message was from Mrs. Phillip Delormie, of Sydney, Nova Scotia, who believes John Ross, who committed suicide in Halifax, was her son.

The letter was written before she knew of Ross death.

"I have a clipping out of a Halifax paper and I think it is my boy that is trying to locate his mother," the letter read. "I have tried to locate him for the past twelve years. He was adopted at the age of two years and I haven't seen him since, only there is a mistake in the spelling of my name that has caused myself and relatives to overlook it at first. My maiden name was Gladys Carter and my married name wa Mrs. Gordon Fahey.

"I would like to see my son, Johnnie. I hope and pray that it is him—if we don't meet before his wedding, he has a mother's blessing and prayer to follow him and the bride to be whether he is my son or someone elses."

Vacant land in Lewisham, London, having no known owners has a total value of $25,000, and the local council is wondering where it may collect $10,000 spent in paving in front of the lots.

Schooner Thebaud Loses Two Sailors

GLOUCESTER, Mass., Sept. 10 — (C.P.). — The schooner Gertrude L. Thebaud, sailing champion of the Gloucester fishing fleet, returned to port to-day with her flag at half mast for two men who were washed overboard during the height of the storm early yesterday morning. The schooner had been stripped of canvas by the force of the gale and her skipper, Captain James Abbott, had difficulty in saving her from being driven ashore on Cape Cod.

NIXON EXPECTED MOVE BY HENRY

Sees Hotel Wine Sale Plan as Dodge to Divert Attention From Record.

PREPARING FOR ELECTION.

BRANTFORD, Ont., Sept. 10. — (C.P.).—Hon. N. C. Nixon, leader of the Ontario Progressive Party, today told the Canadian Press Premier George S. Henry's announcement yesterday that a plan to permit sale of light wine and beer in hotel dining-rooms might be evolved did not surprise him.

"Premier Henry was previously most emphatic there should be no loosening up of the Control Act," Mr. Nixon said, "but personally I have been expecting the Government to announce some such policy before the next election for the purpose of diverting public attention and discussion from the record of extravagance and inefficiency in the expenditures of the present administration, as well as from the astounding incompetence in Hydro administration."

The Progressive leader said he personally was opposed to any relaxation of the present liquor laws of Ontario.

PREMIER FACING NEW LABOR MAN

Minister Mines in Macdonald's First Ministry Running in Durham.

SUCCEEDS COXAN.

LONDON, Sept. 10 (C.P. Cable)— Emanuel Shinwell, Minister of Mines in the first Labor Government headed by Rt. Hon. Ramsay MacDonald, has been adopted as Labor candidate in the Durham constituency of Seaham, succeeding William Coxon, the country schoolmaster, who gave the Prime Minister a hard battle in the riding last year.

Mr. Shinwell, who represented the Scottish constituency of Linlithgow in the House of Commons for some years, has long been prominent in the Labor movement. He was president of the Glasgow Trades Council from 1912 to 1913, and again from 1916 to 1919.

He first represented Linlithgow in 1922, losing the seat in 1924. He was again elected in a by-election in 1928. Last year he was defeated by Sir Adrian Baillie, National Government candidate.

The Prime Minister's majority over Mr. Coxon in Seaham last year was 5,951.

LIGHT KEEPER FOILS BURGLARS

Woman Awakens — Brother Investigates and is Attacked by Three Men.

ESCAPE MINUS LOOT.

HAMILTON, Ont., Sept. 10 (C.P.) Police to-day sought three unidentified men said to have attempted burglary of a Hamilton Beach house and to have escaped pursuit in a powerful motor boat.

Mrs. Norman Baillie said she was awakened by sound of footsteps on the lower floor of her house. She awakened her brother, George Penton, who immediately investigated.

Penton claimed he was rushed by three men as he reached the bottom of the stairs and was forced to return to the top where he planned to defend himself by hurling furniture at the burglars.

He had no sooner taken up his position, however, he said, than he heard the men flee from the house. The roar of a powerful motor coming from the lake led him to believe the intruders escaped in a boat. It was the second time this summer the house was entered. Nothing was stolen.

YOUNG GOODERHAM GIRL DROWNS IN PINE LAKE

LINDSAY, Sept. 10.—A sad accident occurred in Pine Lake, Gooderham, when 11-year-old Helen Margaret Stoughton, daughter of Mr. and Mrs. James Stoughton, was drowned. She had been bathing with some smaller children about her own age, when she stepped over a drop-off into about 14 feet of water. Her smaller sister ran home for her father, but by the time her body was recovered from the water, life was extinct. Coroner C. E. Frain from Haliburton was called, but declared that life was extinct.

LABOR WOULD IMPEACH MANITOBA GOVERNMENT

WINNIPEG, Sept. 10.—(C.P.) — Possibility of political repercussions resulting from the tangled affairs of the University of Manitoba from whose endowment funds nearly a million dollars is missing arose to-day. Significance was attached to the declaration of Thomas Flye, Labor member of the city council, that the Manitoba Government and the governors of the University should be impeached for "flagrant dereliction of duty."

GERMANY FACES NEW ELECTION WITH DEPLETED WAR CHESTS

Financial Snags Have Cooling Effect on Chief Von Papen Opponents.

CHANCELLOR SEEKS TIME.

BERLIN, Sept. 9 (A.P.)—Germany's major political parties, particularly the Centrists and Socialists, looked ruefully into their depleted campaign war chests to-day as they faced the prospect of a fifth major election this year.

Other financial considerations raised by the prospect of the dissolution of the Reichstag by the Von Papen Government next week were those of the newly-elected members of the legislative body, whose pay cheques would be cut off by a dissolution almost before they had begun to receive them.

All these consideration, it was said in some political quarters, were having a somewhat cooling effect on some of the most active opponents of the Van Papen regime. It was added that the Chancellor's tactics would probably be to delay the election as long as possible with the hope his new employment program would win him support as soon as it begins to function.

Adolf Hitler's National Socialists, however, who constitute the greatest single threat to the Chancellor, were represented as delighted with the prospect of a new campaign, and confident that in another election they would extend the wide gains which they registered in the last voting.

Deaf Mute Beggar, Suspected Imposter

BRANTFORD, Ont. Sept. 9 (CP) George Taylor, picked up last night as a deaf mute beggar, was remanded for sentence in police court to-day while police investigated whether or not he was an imposter.

The man, who gave his address as London, Ont., was unable to speak sign language when confronted by Howard Lloyd, former president of the Ontario Society for the Deaf and Dumb. He had $60 in his pockets.

WARSAW INSTITUTE WILL ERECT BOARD

Society Decides To Have Booth At School Fair On September 26th.

WARSAW, Sept. 10 (Examiner Correspondence). — The regular meeting of the Warsaw Women's Institute was held in the W.I. rooms on Thursday afternoon, with Mrs. T. H. Crowe, president, in the chair. In absence of the pianist, Mrs. Wilkinson kindly played for the opening and closing.

W. Dunford's price for a billboard was satisfactory, and he is to be asked to have one made.

The branch appreciate very much the donation of the funds of the junior branch, which on their dissolution they kindly handed to the senior branch.

Report of the field-day booth was read. Mrs. George Weller will give current events at next meeting.

It was decided to serve hot dogs and tea at the school fair on Sept. 26.

Lakefield ladies will give a program at the October meeting, Oct. 13.

Mrs. Charlotte Cooper, for the current events of past month read notes on the ladies of a party of Imperial delegates on the S.S. Rapids Prince, as it shot the seven St. Lawrence River rapids; doctors denouncing permanent waves; liquor control, a curse; Victoria, B.C. cherries selling at Convent Gardens Market, London, Eng.; a dollar tax on bridegrooms added to present fees in Victoria, Australia; a memorial playground in Montreal; Renell native girls being sold at $40 each by their chief, and the Cantonese orange grove owners providing bridges for ants, which keep injurious insects from injuring the trees.

Mrs. J. W. Wilkinson, on very short notice, gave a very interesting and comprehensive story of the recent Ottawa Empire Conference.

Mrs. Crowe thanked all those who had helped with the work on the field day, especially those who worked on the preceding afternoon.

Most of the motorcycles being sold in Rumania are for government use.

Waits Six Months Chief Gets His Man

COBALT, Ont., Sept. 10 (C.P.).—Reading in a newspaper that Harold Killoran had been sentenced to six months in Michigan Jail for illegal entry to the United States, set Chief Constable Aaron Parcher to work here. Killoran is alleged to have passed worthless cheques in this district.

Constable Parcher arranged with Provincial Police district headquarters to have the men arrested at Windsor when he was deported from Detroit. Killoran is expected back here to-day in charge of Constable William Hocken, of the Provincial post at Temagami.

THREATENS BENEFACTOR YOUTH GOES TO PRISON

CHICAGO, Sept. 10 (C.P.). — A former University student who allegedly attempted to extort $5,000 from the man who paid for his education by threatening to bomb his home and poison his children, was under a one to 20-year reformatory sentence to-day.

He is William P. Brand, 21-year-old former employee of Charles F. Gray, real estate broker, who paid for the boy's two years in the University and then gave him a position in his brokerage office.

Brand had pleaded he was innocent, but the evidence showed Gray received a printed letter last May demanding $5,000 and containing threats if the money was not forthcoming.

Variety Puzzle

HORIZONTAL

1 To carry.
5 Backward (prefix).
10 Dress fastener.

COCHET-VINES MEET TO-DAY TENNIS FINALS

French Star Ttriumphs Over Wilmer Allison in Fifth Match.

BY 7-5 SCORE.

Qualifies to Meet Ellsworth Vines in Final Five-set Match This Afternoon.

Ellsworth Vines, Jr., defeats Henri Cochet of France in the final set, for National tennis championship.

FOREST HILLS, N. Y., Sept. 10 (C.P.). — Henri Cochet, of France, defeated Wilmer Allison, of Austin, Texas, 7-5, in the fifth and deciding set of their semi-final match in the national tennis championship to-day to win the interrupted match by scores of 6-1, 10-12, 4-6, 6-3, 7-5.

Allison, playing inspired tennis held his own with the French champion until the score reached 5-all where he suddenly slumped making a series of disastrous errors, permitting Cochet to run off the two decisive games with the loss of but four points. Tw double-faults in the 11th game cost Allison dearly.

As a result of his victory postponed when darkness halted play aftes four sets had been played yesterday, Cochet qualified to meet Ellsworth Vines, jr., of Pasadena, Calif., defending champion, in the final five-set match this afternoon. Vines yesterday eliminiated Clifford Sutter of New Orleans, intercollegiate champion, in a gruelling match 4-6, 8-10, 12-10, 10-8, 6-1.

HIGH SPEEDS OF TO-DAY COMMON IN FEW YEARS

TORONTO, Sept. 10.— (C.P.) — The children in the nurseries will take for granted the speed which we think is high, declared Flight Lieutenant R. L. R. Atcherly, Cup pilot who in 1929 established a world's record of 332 miles per hour. Unable to see while his plane was travelling at top speed, Atcherly declared he was disqualified when he missed a turn.

One of the most curious features of high speed flying, he said, was in making a turn, and it frequently produced a queer sensation. The centrifugal force when the turn was being made often caused the blood to leave the eye and the brain and caused piloth to temporarily lose their sight. It is not that you lose consciousness, but merely you go black, he said.

WIRE McDONALD UNDER ARREST

(Continued from Page 1.)

immediately, and in the new circulars sent out yesterday his description was not listed.

Picked Off Freight

However, Chief Watson, of Huntsville, acting on the information in the first circular, picked up "The Wire" from a freight train early to-day. He called Chief Newhall to tell of his capture, but was informed that "The Wire" was no longer wanted here and that this information had been forwarded to him.

This illustrates the close manner in which police throughout the province are checking up on transients in the effort to secure the missing "Yank". This man, whose testimony would prove so important at the murder trial here, is superior in many ways to the ordinary hobo. He is neat and dressy, particular in his habits. Born in West Virginia, he speaks as an educated man in a soft Southern drawl.

Soon Apprehend "The Yank"

Chief Newhall said to-day that there was little doubt that "Yank" would be apprehended soon. "I certainly think we'll have him for the trial" he declared.

Thorncliffe Entries

Entries for Sept. 12)

FIRST RACE.—$800, The Confederation, claiming, 3-year-olds and up, foaled in Canada, seven furlongs (12 and 6):—

Sphere of Beauty 108, Rock Crest 108, x-Clarry 100, Easter Dandy 109, Airport 106, Skygazer 114, Kebbie 105, Manotocks 110, Milestone 106, Sea Kale 117, Toe Dance 115, Sherwood 108. Also: Rose Lady 110, Anoka 102, Varsity 113, Granite Rock 110, Hayloft 110, Tabeon 102.

Mrs. Fred Shurety, 697 Water street, 1 guest ticket.

Mr. Joseph Brown, 132 Maude street, 1 guest ticket.

Joseph Maurice O'Brien, 560 Water street, 1 guest ticket.

ABOVE WINNERS CALL AT EXAMINER FOR TICKETS

Record Exhibition Already Expected

(Continued from Page 1.)

essence of equine grace and coordination, and will be welcomed back a a major attraction. They will be seen both in the afternoon and at night.

On Thursday, Friday and Saturday afternoon the followers of harness "gee-gees" will have their innings with two races each afternoon. Horses that have been running at Ottawa and Belleville are among those expected to join the line-up for the starts before the grandstand. For Thursday the card is a 2.28 race followed by 2.18; Friday's offering is the 2.25 and 2.16 classes, and Saturday's windup is a 2.22 race and 2.14.

No Backing Up

So far the directors have refused to back up from the depression, and just to help in the good work of adding some fun to the opening of fall their grandstand vaudeville attractions emphasize the comic note. Sensations are provided by high-class acrobats including the "Sensational Devils", "Pearl Diamond and Company" and the Melino Troupe will add a big share of laughs.

Conklin's Midway

Then there is Conklin's Midway with six rides and ten shows, an eighteen car organization which has been carefully investigated by the directors and comes to Peterborough with the approval of the eastern circuit where they have given entire satisfaction.

Entertainment and Instruction

The variety of this year's program is a guarantee of entertainment for everybody. Everybody in the city and district should actively support this year's Exhibition. You can do so by inviting friends to be your guests for a day or two. With all the good roads leading into Peterborough visitors can come fifty or sixty miles at least in comfort and a comparatively short time. Some of them need only a little reminder and an invitation to come to Peterborough next week, and public co-operation in this way would be a substantial aid to the directors, who, after all, promote the Exhibition in the interest of agriculture in this district.

MORTGAGE SALE OF SUITABLE FARM PROPERTY EAST HALF LOT 13, CONCESSION 13, HARVEY TOWNSHIP.

UNDER AND BY VIRTUE of the Powers contained in a certain Mortgage, which will be produced at the time of Sale, there will be offered for Sale, by Public Auction, on THURSDAY, SEPTEMBER TWENTY-NINTH, at the Hour of Two o'clock in the Afternoon, at HANCOCK'S AUCTION ROOMS, 494 GEORGE STREET, PETERBOROUGH, the following Property, consisting of 100 Acres more or less (between 50 and 60 Acres tillable), with Frame Dwelling-house and Outbuildings and some Standing Mixed Timber, and being Lot 13, in the Thirteenth Concession, Harvey Township, County of Peterborough.

THE SALE WILL BE SUBJECT TO A RESERVED BID.

TERMS: 10 per cent. of the purchase price to be paid down at the time of Sale, balance to be paid within Twenty Days.

For further particulars and Conditions of Sale, apply to GORDON & ELLIOTT, 395 and 397 George Street, Peterborough, Ontario, Solicitors for the Mortgagee.

TARZAN AT THE EARTH'S CORE No. 6
(Metropolitan Newspaper Service, Inc.)
By Edgar Rice Burroughs

"Hold her steady, Captain!" cautioned Gridley, "I believe we are now going over the lip of the Polar opening. The deviation is in the compass only, and not in our course. The needle may even spin erratically in a circle. Now we are on the eastern verge of the opening. If whatever deviation from the present course you make is to starboard, we shall slowly spiral down into Pellucidar." Captain Zuppner shook his head, dubiously "You know I have been skpetical about this ever since you explained it to me," he remarked.

"Look!" cried Gridley suddenly. "If you have been watching the sun for the last few hours, you will note there must be a great depression in the earth's crust at this point, even though it is not the polar opening. We have certainly gone down into it for a considerable distance. You will notice that the midnight sun is much lower than it should be. The further we continue on this course, the lower it drops—eventually it will set completely, and unless I am mighty mistaken, we shall soon see the eternal noonday sun of Pellucidar."

© 1931, by Edgar Rice Burroughs, Inc. All rights reserved.

A weird sort of twilight, like a luminous fog had settled over the open waters now below the airship. Faint rays of colored lights played about the horizon. Several hours this continued as they glided on. Came now an effect on sky and sea as of early dawn. Amazed, Tarzan noted that the temperature had risen to twenty degrees above zero. Fahrenheit. Then suddenly the lookout cried: "Land, dead ahead!" "Land!" exclaimed Capt. Zuppner. "The only land our chart shows is in the direction of Siberia."

"Siberia lies over a thousand miles south of 85," said Gridley, "and we are only a hundred miles south of 85." "Then we have either discovered a new arctic land, or we are approaching the northern frontiers of your fabled Pellucidar, sir," exclaimed the first officer. Land was now plainly visible, desolate it appeared, but only patched with snow. Like wildfire, word spread about the ship that the land was Pellucidar. Excitement ran high as officers and men scrambled to catch a glimpse of the new-found world.

On Household Effects.—Cash.

Joseph Coulson, Auctioneer.
Newcastle, Ontario.

FERRY TRAGEDY TAKES 37 LIVES ELEVEN MISSING

Re-check By Police Shows Sixty-four Injured, 37 Still in Hospital.

PROBE UNDER WAY.

Guard Stands at Cot of Captain, at Present Too Ill For Questioning.

NEW YORK, Sept. 10 (C.P.). — They counted at 37 to-day the dead of the little wooden steamer, "Observation," the 44-year-old "Observation" which "went up like a firecracker" in the East River yesterday.

Eleven are missing. Marine police grappled in the waters off 134th Street throughout the night for their bodies.

The injured numbered 64 in the re-check by police. Thirty-six of them remained in hospitals, their injuries in some cases critical. A guard stood at the hospital cot of one victim—Alexander Forsythe, captain of the boat. He was too seriously hurt to permit questioning. All he could say was:

"I cannot account for it. We were just backing out when the boiler blew."

Sinks In Minute.

The "Observation" sank in a minute and a half just as it pulled from its Bronx pier in the East River yesterday morning, carrying its load of workmen to Riker's Island, where they were employed on the new penitentiary.

Floodlights played on the waters through the night, affording a view of grim drama to the curious. They watched silently as five police boats moved slowly back and forth grappling for bodies.

Half the interior of the dingy ferry house was blocked off as a morgue.

Piled against one wall were nine rough coffins.

There was no explanation of the explosion, but four investigations hunted its cause to-day.

May Have Been Dynamite.

"It might have been dynamite for all we know about it yet," said John Crone, supervising inspector of the U.S. Bureau of Navigation and Steamship Inspection. This bureau opened its investigation today, examining survivors.

United States District Attorney Medalie, conducting a separate investigation, subpoenaed for questioning the inspectors who examined the boilers of the "Observation" last April and who reported them satisfactory.

A third inquiry was being conducted jointly by police and fire departments, and a fourth was in charge of District Attorney McLaughlin of the Bronx, who sought to determine if there were circumstances connected with the explosion which should be called to the attention of the grand jury.

Up by an Examiner Reporter.

TABLE REQUIRED

We are very anxious to get a table for a family unable to purchase one. Please telephone The Examiner and we will call.

SING TEST PIECE.

Miss Jessie Pattison who won the silver medal this week at the Canadian National Exhibition will sing the test piece in St. Paul's Presbyterian Church to-morrow, Miss Pattison has been a winner at C. N. E. for the past three years.

STAMPED BY NATURE.

A horticultural freak shown to the Examiner to-day by P. Maloney, of Douro, is a small wealthy apple bearing the letters "M.W." on its surface. They are nearly an inch in length and show a green color on the red back ground of the outer skin. These letters are as finely cut as if they had been made by printers' type, but the cause of their appearance on the apple is beyond Mr. Moloney's imagination.

SUB CONTRACTS AWARDED

Announcement is made that sub-contracts on construction of additions to the Canadian Raybestos Company's plant here have recently been awarded as follows: Purdy Mansell and Company Toronto, sprinklers; Miller-Powell Company of Peterborough, electrical.

T. A. Brown Company of Toronto and this city, holders of the general contract, are reported to be making good progress on the building, and it is learned that the brickwork will be commenced on Monday.

BIRTHS

McCARTHY—On Sunday, Sept. 4, 1932, at St. Joseph's Hospital, to Mr. and Mrs. T. McCarthy, Carlisle Ave., (nee Mae Guerin) a daughter.

ANDERSON—At Nicholls Hospital, on Thursday, September 8, 1932, to Mr. and Mrs. A. A. Anderson, Water street, a daughter.

FOLEY—On September 9, 1932, to Mr. and Mrs. Keith Foley, (nee Annie Whitworth) a son.

READ THE WANT ADS.

Ideal Residential Funeral Home Here

The Nisbett Burial Co., of Lindsay and Bobcaygeon, have quite recently established a branch of their business in Peterborough, at the south west corner of Charlotte and Reid Streets. This news will have peculiar interest to many of the younger generation here, with whom Mr. Norman Nisbett, the local manager, was educated in Peterborough schools. Mr. Nisbett is a member of the Ontario Funeral Service Asen., Toronto, and a graduate of the Renord College of Embalming, New York city. These new mortuary premises at Charlotte and Reid Streets have been readily converted into an ideal residential funeral home where an atmosphere of privacy and home sympathy abound. Although originally a private residence, the house lends itself admirable to the purpose to which it is now devoted, with plenty of room for acceptable casket and service accommodation.

Guards Rush To Aid Sinking Schooner

SEATTLE, Wash., Sept. 10 (C.P.). —The coastguard cutter Snohomish was speeding to-day to the aid of the sailing schooner, Sophie Christenson, reported leaking badly in heavy seas 184 miles off the coast.

"We can keep afloat as long as the ship doesn't open up any more," Captain John Grotley messaged.

Another message said that the crew of 43 men was at work over the pumps, to stop the rising water.

The vessel had been on the fishing banks off the Alaskan coast and was returning with 500 tons of codfish.

IN MEMORIAM

FLEETWOOD.—In loving memory of Helen Fleetwood, who passed away Sept. 11, 1919.
If all the world belonged to me
I'd give it, yes and more,
To see her loving smile again
To greet us at the door.
How often she has come before us,
Her dear face kind and true,
For death can never take away
Sweet memories, Helen, of you.
—Sadly missed by her sisters, Madeline and Belle.

PROBABILITIES.
Light to moderate easterly winds; fair and moderately warm. Tuesday — South-easterly winds; becoming unsettled; probably some showers.

The Peterborough Examiner

HOME EDITION

VOL. LXIX., No. 60 — PETERBOROUGH, ONTARIO, CANADA, MONDAY, SEPTEMBER 12, 1932 — PRICE THREE CENTS

FLYING HUTCHINSONS MISSING AT SEA

NEWS IN BRIEF

SHORT ITEMS RECEIVED OVER C. P. WIRE

TWO AMBULANCES CRASH

LOS ANGELES— Attempting to avoid a motorist who apparently was confused by screeching sirens, two ambulances, speeding to emergency calls, crashed head-on in the downtown district, killing a physician in one ambulance and a pedestrian. The motorist, whose car escaped the wreck, disappeared later.

BREAKS NECK IN FALL.

GALT.—William McNulty, Cleveland, O., lay in hospital here today with a broken neck when he fell down stairs in his boarding house at Preston yesterday.

Doctors said while his condition is serious he will probably live.

BARN IS RAZED.

MOUNT BRYDGES, Ont. — One of the largest barns in Caradoc Township, owned by John McRoberts, is to-day completely destroyed as a result of fire of unknown origin. The entire season's hay crop and 1,100 bushels of grain were lost in the blaze, which occurred yesterday.

BOMB WRECKS CLUB.

CAMDEN, N.J. — A bomb tossed from a speeding automobile today wrecked the two-storey building of the Rest-a-While Club, damaged adjoining houses and shattered windows in a half-mile radius. Nobody was in the club at the time.

LONDON FAIR OPENS.

LONDON, Ont. — Western Ontario Exhibition opened to-day with record entries in live stock and horse shows.

Fair weather brought large crowds, and raised the hopes of the directors that attendance records might be broken. To-day was Children's Day, and 20,000 youngsters were expected before evening.

OFFICER BEATEN LEFT IN RIVER

Found Wandering Dazed On Streets—Struck Trailing Rum-Runner.

TAKEN TO HOSPITAL.

SAULT STE. MARIE, Ont., Sept. 12 (C.P.).—Constable W. Cairney lay in hospital to-day, suffering from concussion of the brain after being struck on the head by an unidentified man in a boat thought to have been a rum-runner.

Cairney was found wandering about the streets in a dazed condition by Constables Rowsell and Linklater after he was discovered missing from his regular beat.

Cairney told a confused story of having followed a man whose conduct he thought was suspicious to a small boat lying in a slip near the Algoma Central Railway Station.

He approached the boat, he said, and was knocked unconscious by a blow delivered from behind. He fell in the water, he added, and partially recovered consciousness, dragging himself from the river.

Besses-o'-th'-Barn At Fair To-Night

Attend To-night's Performance When You Are Sure of Good Weather.

The first program by the Besses o' the' Barn Band will be given at the Exhibition Grounds to-night. The weather is ideal, and to hear the band under best of conditions, attend the Opening Concert to-night.

Drinks Of Moonshine Send Two To Prison

SIMCOE, Ont., Sept. 12.—(C.P.)—Henry W. Denges was sentenced to two months in jail to-day for permitting drunkeness on his premises and Charles Maitland, a boarder in Denges' house, was sentenced to three months for having liquor in an unauthorized place.

Denges' house was termed a public place last April when he was convicted for a previous infraction of the Ontario Liquor Control Act.

Charles Womack, another occupant of the house, was fined $10 and costs for being drunk, and John McKinnon, native of Southern United States, was held on a technical charge of vagrancy pending investigation of a charge he had a bottle of moonshine in his pocket at the time he was arrested.

GOLD THIEVES ENTER OFFICES OF 3 DENTISTS

Burglars' Haul of Gold in All Three Offices Was Small.

DOORS JIMMIED.

Thieves Missed Finding Gold in Laboratory of F. O. Phillips.

Gold thieves burglarized three dental offices in the city over the week-end in a determined effort to secure the precious metal.

The offices of Dr. J. B. Pentland, 384½ George Street; Dr. A. M. Weldon, 408½ George Street, and the dental laboratory of F. O. Phillips, also at 408½ George Street, were entered and ransacked.

However, the burglars' haul of gold was very small. It would not total more than $25 in value. Both Dr. Weldon and Dr. Pentland had sold recently their large supply of scrap gold — old crowns and bridges—and at Phillips' laboratory the thieves missed finding the gold which was locked in an old iron box.

Doors All Jimmied.

The doors of all three offices were jimmied open and the thieves went through all drawers and other possible places of concealment. About five dollars worth of filling gold was stolen from Dr. Pentland's office, and somewhere between $15 and $20 in gold from Dr. Weldon's. The thieves failed to look in the iron box, near the window, at Phillips' laboratory and so missed securing about $100 in gold.

It is thought that Dr. Weldon's office and Phillips' dental laboratory were burglarized Saturday night and Dr. Pentland's on Sunday night.

Police are investigating.

FAMOUS BAND IS BIG FEATURE AT EXHIBITION

Besses o' th' Barn Will Be Heard To-night and Twice Tuesday.

CARNIVAL ARRIVES.

Exhibition Park was the proverbial hive of industry this morning as the finishing touches were being made to the preparations for Peterborough's Exhibition which continues until Saturday night.

Today's entertainment feature will be the concert this evening by the Besses o'th'Barn band under the leadership of its distinguished conductor Fred Royle. These musicians are coming to Peterborough direct from Toronto, and there only other engagements since arriving in Canada were played at Montreal.

The compliments of musical critics in both these cities should be a sufficient guarantee to music lovers of the city and district to bring out a big crowd this evening. Their two other programs here are Tuesday afternoon and night, and their repertoire is so extensive that complete changes will be arranged for each concert.

Conklin's Carnival Show

In the east section of the Exhibition Park Conklin's carnival shows with numerous rides and midway attractions were setting up their apparatus this morning. This midway will compare very favorably with the best that have ever been seen in Peterborough, and in coming to Peterborough they bring the approval of the directors of other Exhibitions where they appeared this summer. They occupy most of the east half of the grounds, and will be all set for tonight's opening.

The tented community is apparently going to be as large as ever, and from the secretary's office it was learned that the list of entries will be as heavy as usual, and may set up a record. F. J. A. Hall's rush of business this morning prevented him from opening all the correspondence before 11 o'clock, but the prospects all pointed to overflowing cattle and horse barns.

CRIB WANTED

A mother with a pair of twins, just a few months old, both with pneumonia is desirous of securing a crib, so that both the children may be placed in the fresh air. Please call The Examiner.

Lord Wakefield, Owner Miss England, Abandons Part in Speed Boat Contests

LONDON, September 12 (C.P. Cable). — Lord Wakefield, owner of Miss England III., fastest speed boat in the world, announced to-day he would take no further part in motor boat speed contests.

British sport circles viewed the announcement with keen disappointment in view of the determination of Gar Wood, American holder of the Harmsworth Trophy, to go after the world speed record held by Kaye Don, British driving ace, who failed in his challenge against Wood at Detroit last week.

Lord Wakefield has for years acted as "angel" for British mechanical speed sports, and has sponsored numerous record attempts for automobiles and motor boats, and has also backed several long distance airplane flights.

Lord Wakefield said his reasons for withdrawing his support from the sport were purely personal.

YACHT YIELDS $250,000 HAUL HIDDEN LIQUOR

Elaborately Equipped Craft Seized And Put Under Heavy Guard.

CAPTAIN, 7 CREW HELD.

Customs Men Accidently Touch Cord Which Reveals Secret Passage.

BOSTON, Mass., September 12.—The largest liquor seizure made in New England on a boat took place in Dorchester Bay yesterday as the customs men uncovered 1,500 barrels and sacks of contraband in the 122-foot yacht Prudence, and arrested its captain and crew of seven.

The vessel, registered to Mason Dilloway, of New York, was elaborately equipped. The craft, customs men said, left the Bay of Fundy last Wednesday, stopped a day later at Booth Bay Harbor, Me., and put into Boston last night. It was about to depart for New York when customs men discovered the liquor.

First Search Fails.

At first, a thorough search of the vessel revealed nothing. When the customs men had about given up examination of the craft, one of their number found a peculiar electric light fixture in the main saloon. When he touched it, the bulb fell in his hand and disclosed two cords inside.

A tug at the cords, officers said, caused a panel eight by five feet, to open on a hatchway. The customs men entered the secret passage, which, they said, led them to forward holds where they found the liquor, valued at $250,000. A similar valuation was placed on the boat.

Captain Norman McWilliams, of Boston, was held in $10,000, while members of the crew were held in $5,000 each. The yacht was escorted to the appraisers' stores, where a heavy guard was placed over her cargo.

CANNON BASES BEING REPAIRED

Concrete Bases Are Being Built for Two Crimean War Cannons.

Agitation which was raised last Fall by the Board of Education regarding the dangerous condition of the foundations of the Crimean cannon that stand in Victoria Park outside the County Buildings, has resulted in action at least.

Under contract from the County Property committee, of which Reeve C. S. Tanner of Lakefield is chairman, W. J. Webster is at present engaged in removing the rotted timbers which he is replacing with concrete bases. It is understood that the amount of the contract which also includes minor repairs to a wall and a step at the County Biuldings, is $110.

It will be recalled that the question as to whose responsibility it was for the repairing of the guns was first raised at a meeting of the local Board of Education, after which a communication was sent to the County Council asking them to give their attention to the matter. Claiming that the guns were the property of the city, although admittedly on County property, the County legislators referred the matter to the City Council. The City fathers declined to assume any responsibility for the safety of the guns, and accordingly tenders for the repair of the foundations were called by the County Council.

The work when completed within the course of a few days, promises to improve the approaches to the County Biuldings.

Two-Year-Old Boy Lost in Barn Fire

SUDBURY, Ont., Sept. 12 (C.P.)—The two-year-old son of Malcolm Ainsley was burned to death at Markstay, about 30 miles from here, it was learned to-day.

The child was playing in the barn with several other youngsters when one of them lighted a match and set the hay mow on fire. The other children ran from the building and were afraid to tell their parents the child was caught in the blaze.

The barn was totally destroyed.

The body was found in the ruins.

MEMORIAL FONT IS DEDICATED AT KNOX CHURCH

Efforts Of Early Band Of Workers Are Recalled At Ceremony.

60 YEARS OLD.

Knox United Church looked back sixty years yesterday upon its earliest beginning as a Sunday School mission of St. Pauls Presbyterian Church. Service yesterday were given over wholly to the celebrating of the Sunday School's diamond jubilee, from Knox Church has grown.

A beautiful memorial baptismal font, recalling the Christian efforts of that early band of Sunday School workers who laid the foundation of Knox Church, was dedicated in the morning service. Rev. Wm. McDonald, pastor, dedicated the font, assisted by J. E. Morrison, senior elder of the church, and Alex Gillies, Sunday School superintendent. The infant children of Mr. and Mrs. George Wallace and Mr. and Mrs. George Hutchinson were baptized at the font.

Rev. Mr. McDonald spoke in praise of the work of Miss Charlotte Dickson, one of the earliest teachers in the Sunday School, who is still an active member of Knox Church. Miss Kate Menzies and Mrs. Robert Mulligan were scholars in Miss Dickson's class sixty years and are still active in the church. A picture of these three ladies, a living link with the church's earliest history, has been hung in the church.

In a short sermon, Rev. Mr. McDonald drew attention to the purpose of the font in the church and its symbolism. In the evening the service took the form of an illustrated historical sketch of sixty years, showing the activities of the workers and portraying the work accomplished in laying the foundations of the church.

An added feature of the services was the singing of Mrs. Daisy Westington, who was the visiting soloist.

Man and Wife Rest In a Single Grave

A single grave in Mount Hope Cemetery, Rochester, formed the final resting place for Thomas W. Spilsbury, aged 66, formerly of this district, and his wife, Dorothy, aged 58, following a double funeral Saturday.

Heart trouble caused the death of Spilsbury as he was returning from work, Tuesday night. He died on a lawn near his home. His wife, running from the porch of the Spilsburg house, saw him fall. After calling for aid, she collapsed and died within a few minutes.

Spilsbury is survived by two sisters, Mrs. Harry Faulkner, Havelock; Mrs. Katherine Stewart, Hubbard, Oregon. A brother was the late George B. Spilsbury, this city.

2 SAILORS DIE WRECK VICTIMS AS SHIP STRIKES

Captain And 37 Of Crew Reach Shore In Breeches Buoy.

OFFICER HERO.

Collier Caught In 80-Mile Gale Is Driven Past Sydney Harbor.

SYDNEY, N. S., Sept. 12.—(CP)—The broken hull of the 5,000-ton collier Watford lay today on a ledge 100 yds. from shore off Cape Percy. Around her torn plate swirled quiet water. On Saturday it swept in bridge-high cascades before an 80-mile gale, swept the Watford past her Haven at Sydney and down the coast to the Cape, wedged her tight on the talons of jagged rocks.

In the Watford's chartroom lay John Johnson, fireman, who died of shock and exposure when the steamer struck. Ashore in the hushed back room of a Glace Bay morgue was the body of First Officer William Knight, broken by the sea. His foot had slipped as he tried to secure himself in a breeches buoy.

38 Saved

But in Sydney, Captain E. H. Penrud and 37 others were safe, recuperating from hours spent on a tossing deck and a bitter journey in the bosun's chair.

The Watford, inbound for Sydney in light ballast, after discharging coal at Montreal, was near her home port when Saturday's storm reached hurricane proportions. Her propellor whirled in open air as towering seas tossed the ship. Water was let into the after hold to steady her, but at 9 o'clock she had been carried past the mouth of Sydney Harbour. Her wireless operator signalled "a very dangerous position." An hour later she struck. The aerial came tumbling down and further communication was impossible.

Carries Line To Shore

Lifeboats could not live in the sea. But Second Officer Herbert Mann lived in it. He carried a line through the surf, only to find that when he had reached shore the cord had been swept away from the ship.

Two rockets were shot across the 50-foot cliff, were rescuers unable to stand against the wind, lay and made the rope fast. One by one the crew came ashore in the breeches buoy. First Officer Knight was second last to start. He was swept away, grabbed at a floating hatch, disappeared.

Trawler Answers Frantic S.O.S. Call But Finds No Trace

Distress Signals Continue For Hour But When British Ship Reaches Spot 4 Hours Later, Off South Greenland, Only Grinding Ice Floes Are Found.

ANGMAGSALIK, Greenland, September 12 (C.P.).—Amid ice floes that gnashed ominously, rescue vessels searched without much hope to-day for six adults and two small girls—the "Flying Family" of George R. Hutchinson.

Their flight from New York toward Europe culminated yesterday in frantic SOS calls—and then silence. Hutchinson reported his plane had been forced down off Eastern Greenland on its way here from Julianehaab, near the southern tip of Greenland. It was feared all eight perished in the ice water.

The Hutchinson family, father, mother, and two daughters, with a crew of four, left New York on August 23 on a flight by easy stages over the northern transatlantic route to Europe. They hoped to be the first family to cross the Atlantic in a plane.

The British steam trawler, Lord Talbot, was 25 miles away when she picked up the SOS signal about 10 a.m. (Eastern Standard Time). She raced for the location given, but when she got there four hours later found nothing but ice in sight. The signals kept coming for about an hour as she sped through the floes. Then they ceased.

Fleet of Boats Out.

The Governor of Greenland, Knud Oldendow, sent rescue forces to work immediately, and the Lord Talbot played her searchlight over the ice for several hours, but could see nothing of the plane. A fleet of boats was sent out from here during the night with orders to search the coastline area.

Governor Oldendow said that everything possible would be done to rescue the fliers. The Danish cruiser which usually is in Greenland waters is now at Reykjavik, Iceland, however, and two other cruisers are off the west coast of Greenland, too far away to be of use. The efforts had to be limited to motorboats and the kayaks of the Eskimos.

Seek Expert's Aid.

COPENHAGEN, Sept. 12 (C.P.).—Danish officials to-day were endeavoring to obtain the assistance of Knud Rasmussen, who has had varied experience in East Greenland waters, to search for the flying Hutchinsons, whose plane was forced down in the ice floes of the ocean a short distance from Angmagsalik yesterday.

HON. W. GORDON HANDS DIRECT WARNING TO ORGANIZED LABOR

Urges Ignoring Those Who Would Overthrow Governments, Destroy Civilization.

48TH ANNUAL RALLY.

By Jack Hambleton, C. P. Staff Writer

With a direct warning to organized labor not to waste the work of years by listening to the hysterical outbursts of those who seek to overthrow of governments and the destruction of civilization Hon. Wesley Gordon, Dominion Minister of Labor and Hon. J. D. Monteith, Ontario Minister, today addressed the Trades and Labor Congress of Canada here.

Both federal and provincial governments were heartily in support of labor's requests and aims, the ministers agreed, even though at this time some of the requests could not be fulfilled.

In difficult times, such as those through which Canada was now passing, Mr. Gordon said, there was a common tendency to attack governments and civilization. In the past, the Trades and Labor Congress had strenuously opposed communism and radicalism. This was the proper course, he maintained, inasmuch as all the good that had been done would be undone by rapid attacks on the present system.

The 48th annual convention of the Congress opened with a lengthy programme this morning. More than 300 delegates from all parts of Canada were present. William J. Burr, president of the District Trades and Labor Council, officiated, later turning the gavel over to Tom Moore, of Ottawa, veteran president of the organization.

Mayor John Peebles welcomed the delegates to the city and in-

(Turn to Page 5)

Two Cars Wrecked In Crossing Smash

Two cars were badly wrecked—one being hauled away to the wreckers—in a crash Saturday evening at the corner of Charlotte and Bethune streets. George W. Mongraw, 314 Dalhousie street, was driving east on Charlotte and F. J. Toomey of Ennismore was driving west on Charlotte street. Toomey turned south on Bethune street right in front of Mongraw's car, it is alleged, and the crash resulted. Toomey's car had both front wheels broken and other damage along the front, while Mongraw's car was so badly wrecked that it will not be driven again.

PUT OUT FLAGS FOR EXHIBITION

Give The City a Gala Appearance For The Week—Grounds Swarming With Life.

President Denne is making the request that all the factories business houses and homes display their flags all Exhibition Week. It gives the city a bright appearance and helps dress us up for the occasion.

The Fair Grounds and Buildings were teeming with life this morning and all reports are to the effect that exhibits will be greater than ever.

The Midway is in full swing tonight, and don't fail to hear Britain's Best Brass Band, the Besses o' th' Barn Band, to-night, to-morrow afternoon or evening.

FARMERS GREAT NEED OF TO-DAY IS EDUCATION

More Facilities for Teaching Agriculture Says Hon. Duncan Marshall.

THE CONFERENCE.

Benefits Will Come Slowly Declares Speaker in Addressing Rotary.

That what Canadian agriculture chiefly needs is the providing of more facilities for agricultural education so that rural boys and girls can learn the scientific principles of farming was the declaration of Hon. Duncan Marshall in a rousing address before the Peterborough Rotary Club at its weekly luncheon to-day.

The former Minister of Agriculture for Alberta and one of Canada's best known live stock enthusiasts, Mr. Marshall made a stirring plea for agriculture as Canada's basic industry, stressing the fact that unless the Canadian farmer had good crops and received adequate prices for his products, prosperity could not be expected. That would be the first indication of better times, he declared, pointing out that good prices for the farmer would mean good times for business generally.

The farmer, Mr. Marshall remarked, was not suffering from lack of advice, and just at the present time he was not in the frame of mind to receive such advice without resentment. Western wheat farmers were being told that they should go in for diversified farming, but the speaker deprecated such advice, declaring that it was idle to expect a man who only knew wheat farming to make a success in other branches of agriculture. He predicted that long after he and his audience had passed off the scene there would still be many farmers in Western Canada growing nothing but wheat and making money at it, too.

All governments in this country, Mr. Marshall charged, had been derelict in not spending enough money in providing agricultural education.

The speaker devoted some time to discussing the Imperial Economic Conference, arguing that it was a mistake to think that what had happened there would immediately raise prices and restore prosperity. There would be beneficial results but they would come slowly in his opinion, and it was foolish to think that the British people would pay more than the world price for any particular product. The development of better trade relations would come in time and would raise Canadian agriculture out of the slough of despond.

"Go down to your exhibition this week," advised Mr. Marshall, "and view the live stock on display there, and take your children and show them the splendid exhibits."

In conclusion, Hon. Mr. Marshall declared that he had no fear for the future of Canadian wheat. It was popular throughout the world, and when the rush of high tariffs was over, Canada's wheat would be in demand everywhere.

The speaker was introduced by Rotarian Roy Goring, while the thanks of the club were extended to Hon. Mr. Marshall by Rotarian Allan B. Mann.

President Juby explained that it had been intended to have the directors of the Peterborough Industrial Exhibition attend, but they were too busy to-day to be present.

Egypt's stamp taxes are increasing.

VON PAPEN HAS POWER SHAKEN BY OPPOSITION

Caught Napping When Communists Pass Non-confidence Motion.

VOTE GOES 513 TO 32.

Speaker Refuses to Consider Chancellor's Dissolution Decree—Up to Couprt.

BERLIN, Sept. 12.—(AP)—Caught napping by the Reichstag opposition which passed a motion of non-confidence before he could promulgate a decree of dissolution, Chancellor von Papen found himself in a position of great uncertainty.

He will remain in charge of the government for at least several weeks longer, however, for the supreme court will be asked to decide the constitutionality of the events which made today's session of the Reichstag one of the most dramatic in a long time.

A single dissenting voice could have forestalled consideration of a communist motion coupling a declaration of non-confidence with a demand that the government's last emergency decree be rescinded. But the government had not expected this turn of events and there was no objection to the motion.

Acts Too Late

Realizing too late what was going on, the chancellor sprang to the rostrum with his decree of dissolution, but the speaker waved him aside, asserting that the vote would be completed before anything else was taken up. It carried by 513 to 32, with 50 members abstaining.

The chancellor maintained that the vote was the act of a parliament already dissolved, and therefore ineffective. Herman Goering, the National Socialist speaker, said the decree would be ignored and the Reichstag would be summoned for tomorrow.

Then he reconsidered and agreed to submit the issue to the supreme court.

J. A. O'BRIEN WILL DEFEND HARRY REID

Local Lawyer Saw His Client for the First Time Sunday.

"YANK" STILL AT LARGE.

Defence of Harry Reid, at his trial on a charge of murdering his "jungle" pal, Harry Thomas, will be conducted by J. A. O'Brien, well-known local criminal lawyer.

Mr. O'Brien was closeted for a short time yesterday with the "Kid." This is the first time that anyone, except Chief Newhall, talked with the prisoner since he was placed in his cell following his being charged formally with the murder.

Police throughout the Province and further east to Nova Scotia are still keeping a careful watch in the hope of apprehending the "Yank," gentleman hobo, wanted as a material witness in the trial. No word has reached police here concerning the "Yank's" movements since he hurried away from the boathouse in which Thomas lay dying with a knife-wound near his heart.

Conklin's Canadian Midway Is a Treat

Will Be In Full Operation To-night—Rides, Games and Shows.

One of the directors of the exhibition was speaking to Paddy Conklin of Conklin's All-Canadian Shows this morning on the difficulties experienced by fairs in this district with midways during the past few years. Mr. Conklin stated that his midway was different, that the patrons of his shows, rides and games would be treated honestly and fairly and that his midway was really educational and entertaining with none of the objectional features found in some others. It is an all - Canadian organization. Mr. Conklin urges those attending the fair to visit the educational features of his midway.

Montreal harbor handled 7,727,203 tons of commodities in 1931, exclusive of grain.

BANDITS WRECK HARBIN TRAINS 24 DEAD, 70 HURT

Six Hundred Passengers Robbed In Three Smashes Within 24 Hours.

MANY KIDNAPPED.

British, U.S. Golfers Attacked —Japs Rush Troops To Scene.

HARBIN, Manchuria, Sept. 12. (CP)— Twenty-four persons were killed, upwards of 10 injured, and an undetermined number kidnapped and 600 robbed in a series of three combination bandit raids and train wrecks near here within 24 hours.

In addition to these casualties more than 200 were killed and several wounded in a battle between Japanese troops and Chinese bandits 60 miles farther south near Tahsing. The Japanese clashed with 700 bandits who were raiding along the Chinese eastern railway on which the three wrecks occurred.

Twelve passengers were killed, 47 injured and 600 robbed in the first wreck when the bandits derailed the regular Changchun - Harbin train at Shwangcheng. The train left Harbin late Saturday night.

100 Kidnapped

Six passengers were killed, 14 injured and 100 kidnapped in a second wreck of a passenger train bound for Harbin in the neighborhood of Chengkaotze, on the eastern Chinese Eastern Railway.

Six Japanese were killed, several wounded, and several others missing following the detrailment and wreck by bandits of a Japanese hospital train near Schwangcheng, a short distance away from the spot where the first train was wrecked. This train was carrying 50 Japanese passengers and a number of sick Japanese soldiers who were being taken to a hospital.

In another bandit raid on a golf course here, a party of British and United States players fought their way out to safety with golf clubs. Two of the British members of the party were wounded seriously.

N. A. McColl Is Head of Zone 23

Meeting Of Legion Branches Decide To Send Only Two Delegates To Convention.

CAMPBELLFORD, Sept. 12 (By Examiner Staff Correspondent). — Comrade N. Alex MacColl of Campbellford was again elected zone representative of Zone 23, Ontario Provincial Command, Canadian Legion B.E.S.L. at a meeting held in the Armouries, Cobourg, and at which he presided. The meeting was attended by officers of the six branches comprising the zone, and was called to discuss matters relative to the work of the Legion in this section of the Province. This is the second year that Mr. MacColl has been elected to this office, which automatically makes him a member of the Provincial Executive of the Legion.

In place of delegates attending the annual Provincial Convention to be held this month at Saulte Ste. Marie, from every branch in the zone, it was decided that two members from the whole district represent the zone at this gathering.

This policy was adopted as an economy measure, for it was felt that many branches could not afford to send one or more delegates, the distance to this, the extreme end of the command, being a determining factor. A delegate from the Oshawa and Brighton branches were therefore appointed to represent the six branches comprising the zone, the expense for these delegates being evenly distributed over the whole zone.

Cities of Scotland have formed an organization to study civic economy.

Conklin's Shows Here For Exhibition

Conklin's All Canadian Shows is in town! Bringing a thousand and one laughs, thrills and wonders, the huge tented fun city will open tonight a six day's run, furnishing all the mid-way entertainment for the Peterborough Industrial Exhibition. Don't miss the event of the year!

PARAGUAYANS MAKE ADVANCE

Bolivian Infantry Regiment Is Wiped Out In Three-Day Battle.

HIGH OFFICERS SLAIN.

ASUNCION, Paraguay, Sept. 12.— (CP)—Paraguayan forces fighting a three-day battle with Bolivians at Fort Boqueron in the Chaco region completely annihilated the 14th Bolivian infantry regiment and were meeting with further successes as the fierce battle continued, the government announced today.

The Bolivian commander, Major Adolfo Lairana, was taken prisoner, the official bulletin said, and bodies of several other high officers were identified on the battlefield.

The cabinet met last night and it was understood it decided to send notes to the neutral countries and to League of Nations some time today.

The Paraguayans claimed they occupied Fort Boqueron late Friday afternoon. Since then the battle has been going on outside the fort, they said. Government officials considered it the most important engagement in recent weeks. Both sides were rushing reinforcements into the wild region, they said.

Pritchard Wins Invitation Swim

Clarence Ross Second And Gianni Gambe Third At Toronto.

TORONTO, Sept. 12.—Outspeeding six of the fastest male swimmers in the world and one woman, Frank Pritchard of Buffalo captured the three-mile invitation swim held at the Canadian National Exhibition Saturday afternoon. The lone woman contestant was Evelyn Armstrong of Detroit, who remained out of the women's open swim and was allowed a 14-minute handicap in the men's race.

Considerable argument arose over the handicap allowed the Detroit nalad, the male contestants opposing the idea; that all the swimmers start at the same time, and that Miss Armstrong's handicap be deducted from her total elapsed time. They contended that if they had to make pace throughout that allowance granted Mrs. Armstrong should be lessened. However, it was decided that the Detroit nalad would be sent away first, and the men follow 14 minutes later.

Queen Of Pageant

Miss Johnetta Woods of Monterey was chosen queen of the pageant at the Mexico City Country Club.

Corn Huskers Play At Campbellford

Will Play Under Auspices Of Seymour Agricultural Society On September 22.

CAMPBELLFORD, Sept. 12 (By Examiner Staff Correspondent). — George Wade and his Corn Huskers will be heard in Campbellford, it having been decided by the Seymour Agricultural Society to engage that popular and entertaining programs in town on the evening of Thursday, September 22, just one week before the big day of the annual Campbellford Fall Fair.

The meeting at which this was decided was held on Friday in the Campbellford Public Library and was presided over by W. J. Abernethy, this year's fair board president. The committee appointed to handle this entertainment comprises the president; W. Duncan, Dr. S. L. O'Hara, and Councillor A. D. Bennett.

Reporting as chairman of the Sports Committee, T. J. Horkins stated that arrangements had been made for two ball games to be featured for the annual fair, which is scheduled for September 28 and 29. One of these is a men's game between Campbellford and Warkworth, the other will see the ladies in action, East and West Seymour girls' teams clashing in a softball tangle.

Grounds for the occasion will be in first class shape; the three committees—Grounds, Sports and Property—being given charge of this portion of the work, which includes the preparation of the ball diamond and the race track.

A crime film being shown in London has the title "M."

Sunday Night Thief Enters Lindsay Homs

(Special to The Examiner)

LINDSAY, Ont., Sept. 12.—Sunday night at 8 o'clock a burglar entered the residence of F. R. Wilford while the family was absent at church and stole a number of articles. The thief then stole a Chrysler car, the property of W. E. Baker, which was parked in front of St. Mary's church. He drove out to the residence of Mrs. Frank Curtin, just south of the town and effected an entrance. He was disturbed by the family returning from church and made his escape through an upstairs window. Mr. Baker's car was found in the ditch, a complete wreck. In the car was found a gun, a number of shells, a bottle of liquor and a knife. The thief later attempted to steal another car from the Robertson residence opposite the Curtin home, but was frightened away.

FRUITS AND VEGETABLES

TORONTO, Sept. 12. (CP)—The following wholesale prices on fruits and vegetables were supplied by White and Co.:

Thimbleberries, per pint, 5c to 6c.
Duchess apples, No. 2 per bushel 40c to 50c.
Blueberries, 11 qt. basket, 75c to $1.25.
Leono peaches No. 1, 6 qt. basket 40c to 50c.
Leono peaches No. 1, 11 qt. basket, 75c to 90c.
Leono peaches, No. 2, 6 qt. basket 25c to 35c.
Leono peaches No. 2, 11 qt. basket, 45c to 55c.
New beets, per doz. 15c.
Green onions, per doz. 15c.
Carrots, per doz. 15c.
Radishes, per doz. 15c.
New cabbage, per doz. 40c.
Wax beans, 6 qt. basket, 12½ to 15c.
Wax beans, 11 qt. basket, 25c to 30c.
Green beans, 11 qt. basket, 25c to 30c.
Tomatoes 6 qt. basket, 10c to 15c.
Tomatoes, 11 qt. basket, 15c to 25c.
Canteloupe 20 qt. basket, 30c to 50c.
Rhubarb per bunch, 15c.

TORONTO PRODUCE

TORONTO, Sept. 12. (CP)—The following quotations on produce, delivered at Toronto, as supplied by the United Farmers' Co-operative Co.: Eggs, extras, doz. 23c; eggs, firsts, doz. 18c; eggs seconds, doz. (cracked) 12c; cream No. 1, lb. (off truck) 18c cream, No. 1 (f.o.b.) 18c; butter, No. 1 solids, lb. 22c. New Potatoes per bag, 55c to 57c. Export beef cattle are not selling.

Lions Invade Town Afraid of Fire

OJAI, Calif., September 12 (C.P.). — Driven from their haunts by the worst timber and brush fire in this vicinity in 15 years, scores of mountain lions, deer, and other wild animals have wandered into the outskirts of Ojai seeking safety from the flames and smoke. After burning over nearly 100,000 acres of watershed, the fire to-day spread over an ever widening front and forest rangers prepared to add to the force of more than 800 men on the fire lines.

Seymour West W.I. Grandmother's Day

(By Examiner Staff Correspondent)

CAMPBELLFORD, Sept. 12.—The annual grandmothers' day, staged by the Women's Institute of Seymour West will be held on Sept. 15 at the home of Mrs. John Armstrong. A special feature of this meeting will be a display of old bridal costumes, which will prove more than an interesting event. There will also be prizes for the best bouquets of flowers.

Jack's Lake Cottage Is Destroyed by Fire

Fire of unknown origin early on Saturday morning destroyed the summer cottage of Vernal Windsor, Reeve of Burleigh and Anstruther, at Jack's Lake. The cottage had not been inhabited, according to its owner's knowledge, for five days previous to the fire. It was covered partially by insurance.

RUINED BY STARLINGS MINER'S PINES ARE CUT.

KINGSVILLE, Ont., Sept. 12.—CP). Five men were busy to-day cutting down the centre portion of a white pine and Scotch fir grove on the bird sanctuary of Jack Miner, Canadian naturalist.

The trees, chosen as the roosting place of thousands of starlings died after the birds' guano coated the needles and deprived them of sunlight necessary to their existence.

SEEKS $25,000 DAMAGES

SARNIA, Ont., Sept. 12 (C.P.) — Before Mr. Justice Jeffrey at the opening of the Lambton Supreme Court to-day, Joseph Craven Maw, Enniskillen Township, claimed $25,000 damages from the Canadian National Railway. The action is the result of the death of Mr. and Mrs. A. W. Maw from injuries when their car crashed through the crosisng gates of the railway at Wyoming Ont., on Oct. 25. The claimant is the administrator of the Maw estate.

400 RETURN TO WORK.

SAULT STE. MARIE, Ont., Sept. 12 (C.P.).—Four hundred men went back to work to-day in the mills of the Algoma Steel Corporation, after being idle most of the summer.

Relief Officer Harold Tolley said he expected re-hiring of the men dropped during the summer layoff, would mean reduction in relief expenditures by the city in October after the men draw their first pay.

He Didn't Know It Was Loaded

TORONTO, September 12 (C.P.). — Frank Rorke fought in the Great War, and to-day the enemy had caught up with him.

Rorke was found by an old German automatic pistol he picked up in No Man's Land. He released the safety catch and played with the trigger. The pistol discharged and shot him through the hand. He didn't know it was loaded, he said.

FARM PICKETS BACK UPON JOB

Men Blockade Highways While Leaders Plan To Extend Movement.

WORK IN 12 STATES.

SIOUX CITY, Ia., Sept. 12. — Pickets in the farm "war" for higher produce prices resumed their attempts to blockade the highways in this section today while their leaders discussed plans to extend the movement.

They fixed September 18 as a date for formation of a marketing association designed to further their purpose, and said they hoped to operate in Iowa, Minnesota, Wisconsin, North Dakota, South Dakota, Illinois, Kansas, Montana, Wyoming, Nebraska, Indiana and Oklahoma.

Meanwhile other strike leaders were scanning a conference report of four midwestern governors and representatives of five others, directed specifically to the president and congress and recommending plans for agricultural relief.

The conference report, issued after the executives and their representatives had debated for two days the problems of midwestern farmers, suggested:

That a sound expansion of currency would do justice between debtors and creditors and enhance commodity prices.

That the national agricultural credit system should be reorganized to refinance the American farmer at a lower rate of interest, and that the reconstruction finance corporation extend its credit facilities to the farmer.

25-Pound 'Lunge, Trent Bridge Bag

CAMPBELLFORD, Sept. 12. (By Examiner Staff Correspondent). — They are still catching them despite the end of vacation days. This fact was evidenced when Paul Rice and George Downer, both of Cleveland, Ohio, landed a twenty-five pound lunge while trolling in Snake Channel near Trent Bridge. This beautful catch, which measured forty-seven inches in length and was caught on a double Buffalo spoon bait, put up a stiff fight before being overcome by superior weight and wisdom. These two visitors are staying at Mrs. Geo. Dickson's cottage at the Bridge.

CHILD STRUCK BY AUTO SUCCUMBS TO INJURIES.

RIDGETOWN, Ont., Sept. 12.—(CP) — Lottie Corneillie, 9-year-old daughter of Mr. and Mrs. Marin Corneillie, Howard, Ont., is dead today as result of injuries received when struck by a motor car on the Howard-Harwich town line. The child died in hospital at Chatham.

The mishap occurred yesterday in front of the home of Otto Halfk, brother of Mrs. Corneillie. The child had been sent into the house on an errand and was struck as she was about to re-enter her father's car. Victor McRitchie of Windsor was the driver of the automobile.

An inquest will be held.

B.C. ENCOURAGES SALE OF FLASKS TO FIT HIP POCKETS

Government No Longer Frowns On Traffic—Times Have Changed.

MUST MAKE MONEY.

(Special to The Examiner.)

VANCOUVER, B. C., September 12 — The government liquor stores hit by the depression are trying to coax business by encouraging the sale of hip-pocket flasks, a trade which until recently, was officially frowned upon.

Some months ago the Attorney-General's Department issued orders forbidding the government stores to sell flasks.

"The attitude of the government is not to encourage liquor consumption but merely to meet the public's reasonable demands," said the order.

But times have changed and the government no longer sees harm in selling paraphernalia to assist the sales. After all business is business.

One shipment of British gin some years ago came in curved flasks, that caused great indignation in government circles, and the dealers were told to discontinue this practice. But now such a shipment would be welcomed.

The shelves of the government stores are now piled with the greatest variety of tiny, handy, pocket mickeys, ever seen in this part of the world.

There are tiny 13-ounce distillery flasks—flat as flasks should be—and they carry the imprint "Made in B.C."

Also the commission has brands of "Crown" Scotch and rums, Demerara and Jamaica, but those in 16-ounce bottles.

"They save wrapping paper," is the ingenious explanation of one veteran store manager.

Prune Holds Its Age Well

WOODSTOCK, Ont., September 12 (C.P.). — Back in 1860, John Simpson picked a prune from a tree in Los Angeles, fitted it in a little wooden box or jar that he had turned from a piece of Cyprus wood, and sent it to his mother in Woodstock as a souvenir.

To-day James Simpson brought the self-same prune, still in its little receptacle in to a Woodstock newspaper office, and the prune looked just about the same as it must have looked when it was first placed there nearly three-quarters of a century ago.

Mr. Simpson did not offer to let anyone sample it; but then, no one asked for the privilege.

Woman Bank Sitter Obtains Cash Results

LOS ANGELES, Calif., Sept. 12.—(CP)—Mrs. Viora D. Casady, former actress, who seated herself in a bank where her former husband, Wayne A. Casady, is cashier and declared she would sit until I collect, has got results. Casady agreed to a conference and said he gave her a reasonable amount of money. Mrs. Casady, who for several days made herself comfortable with a book in the bank lobby where she could glance at Casady occasionally charged her former husband owes her $2600 and interest under a property settlement.

WARNING TO PARENTS.

GODERICH. — Warnings to the parents against contaminating influence of child life of doubtful reading and amusements have been issued by Rev. J. T. Kidd, D.D., LL.D., Bishop of London. The warning was voiced during the course of a Confirmation service at St. Peter's Church yesterday.

DON IN MUSKOKA.

GRAVENHURST, Ont., September 12 (C.P.). — Kaye Don, British speed boat driver and fastest human on water, to-day was slowly cruising the Muskoka Lakes aboard the yacht Condoy, owned by Harry Greening of Hamilton.

Greening is a noted speed boat racer himself.

CANADA'S
Permanent Character

Head Office Montreal

There is iron and rock in the veins of Canada, as well as gold and silver. The stern and heroic qualities that conquered a wilderness and built a Dominion, united from Ocean to Ocean, still predominate in Canadian character. There is a permanency in this country that grows out of that character. It is expressed in institutions as well as individual craftsmanship and frugal industry.

The Bank of Montreal was the first permanent Bank in Canada. Having successfully co-operated with this country's people and business through the ups and downs of 115 years, the Bank today faces the future firm in its faith in the permanency of Canada's progress and the character and resourcefulness of the Canadian people.

BANK OF MONTREAL

Mr. Louis Chesler, who leaves shortly to study law at the University of Toronto, was guest of honor last evening at a very enjoyable gathering of members of the Young Judea Club, at the home of Miss Ruth Black, Charlotte Street. Mr. Chesler, who is vice-president of the club, was presented by Mr. Reuben Bernstein, Master of Ceremonies for the evening, with a handsome leather club bag, the gift of the club, while several individual gifts were also presented. Mr. Chesler made an appropriate reply, expressing his thanks for the remembrance of his associates. Bridge games were played later, the prizes going to Miss Adeline Rogow and Mr. Benny Swartz. A program of brief speeches and musical numbers was also enjoyed, followed by the service of dainty refreshments from a table attractively decorated with a lace cloth, a silver basket filled with flowers and blue candles in silver holders. Those present were the Misses Ruth Black, Adeline Rogow, Sadie Levine, Katie Cherney, Hannah Botnick, Esther Rogow, Sylvia Zacks, and Messrs. Louis Chesler, Louis Zacks, Benny Swartz, Max Swartz, Reuben Bernstein, Meyer Levine, Meyer Cherney, Isadore Black, Harold Botnick, and Morton Kagen and Doc Fox, of Oshawa.

• • •

Dr. and Mrs. B. Boucher of Vancouver, B.C., have returned from a trip to Europe and are spending some time with Mrs. G. Boucher, Senior, Water Street.

• • •

Mr. and Mrs. Dryland of Hunter Street West have returned home from their summer cottage at Rice Lake.

• • •

Mrs. Croner and son Ford motored from Toronto to spend the week-end with their uncle, Mr. Ed. Murphy of Aylmer Street.

• • •

Miss Elizabeth Graham, Hunter Street, is spending some time at Stoney Lake.

• • •

Mrs. S. D. Hall was the guest last week of her brother, Mr. S. Rush of Gravenhurst.

• • •

The many friends in the city of Miss Lina Drechsler Adamson of Toronto, former teacher in the staff of the local Conservatory of Music, will be glad to know that she is convalescing satisfactorily after a recent accident.

• • •

Mr. W. McMillan, Division Street, is visiting in Port Granby, Ontario.

• • •

Miss Catherine Best of Chicago is visiting her aunt, Mrs. W. J. Young, Water Street, and is leaving later in the week to visit her father, Mr. William Best of Lindsay.

• • •

Mr. and Mrs. J. A. Dewart have returned to the city from Chemong Park.

• • •

Miss Merle Nicols of Toronto is spending the week with her uncle, Mr. Reg. Farthing, of George Street.

• • •

The many friends of Mr. George B. Boucher will be pleased to learn that he is convalescing satisfactorily after his recent operation and expects to leave Nicholls Hospital this week.

• • •

Mr. and Mrs. H. J. Boyle and family have returned to the city from their summer home at Chemong Park.

• • •

Little Helen Riley of 467 Water Street entertained a few of her small friends on Saturday afternoon at a jolly birthday party.

• • •

Mr. H. H. Grubbe of Toronto and Stoney Lake is spending some time in the city with friends.

• • •

Albion and Donald Lord of Dalhousie Street, who acted as ushers on Saturday at the wedding in Toronto of their brother, Mr. Ross Lord, to Miss Nancy Wilson, attended the bachelor dinner given on Thursday evening in honor of Mr. Lord by a number of his classmates of the University of Toronto. Friends from here who were in Toronto for the wedding were Mrs. W. A. Greenslade and Mrs. Noftall and the latter's guest, Miss Noftall of Newfoundland.

• • •

Mrs. Oliver Taylor of George Street and her brother, Mr. Lorne Weaver, have birthdays to-day.

Seeks Divorce

Princess Imeretinsky, daughter of Sir John Mullens, president of the London Stock Exchange, who has filed suit for divorce from her husband, Prince George Imertinsky, one time officer in the Russian army, whom she maried in 1925. She is a sister of Mrs. Elvira Delores Barney, recently acquitted of murder after a sensational trial.

FASHION SERVICE

2933

Small folk of 2, 4, 6, and 8 years are wearing quaint bertha collars these days.

The one sketched in Style No 2933 is just precious.

The fulness in skirt falls from the shoulder yokes and swishes about so prettily in the breeze.

It's an opportunity not to be overlooked. Make it in an hour! The small cost will amaze you.

Interesting ideas for its development are red and white dimity with white organdie collar and nile green linen with buttercup yellow collar.

Handkerchief linen in pale pink, in candy stripes with plain pink collar, blue dotted swiss, yellow organdie, and pink pique are cunning ideas.

Size 4 requires 1½ yards of 35-inch material with ½ yard of 27-inch contrasting and 1½ yards of ruffling.

Be sure to fill in size of the pattern.

Send stamps or coin (coin preferred).

Price of pattern, 15 cents.

Bethany

A successful meeting of the members of the Women's Guild of St. Mary's Church, Lifford, was held at the home of Mrs. R. Vance, of Brunswick, on Thursday, with twelve members presente and th president in the chair.

Much unfinished business was transacted but the principal part of the meeting was taken up with arrangements for the bazaar to be held in Lifford Hall on October 12. Committees were formed for each part, booths were arranged for. The ladies were pleased to have with them Rev. Mr. and Mrs. Holden who gave efficient suggestions for the bazaar. At the close of the meeting, the hostess, assisted by Mrs. Henderson and Mrs. O. H. Magill provided refreshments and a delightful hour was spent.

Mrs. A. Lang invited the ladies to meet at her home for the meeting on October 20. Those present included Mrs. Vance, Mrs. Earchman, Mrs. A. Lang, Mrs. C. Staples, Mae Mulligan, Mrs. Hannah, Mrs. O. H. Magill, Mr. and Mrs. Holden, Miss Holden, Miss Mae Magill and Mr. Webb, of Allandale.

British Parliament Likely Open Oct. 18

LONDON, Sept. 12 (C.P. Cable).—Date for the re-assembly of Parliament is almost certain to be advanced to October 18. Originally October 27 had been decided upon, but the change was necessitated mainly on account of legislation to implement the decisions arrived at Ottawa.

Prime Minister Ramsay MacDonald has been closely engaged in studying conference documents. He is consulting Parliamentary authorities on procedure and draughtsmen who are already preparing the bill to give effect to the Ottawa agreements.

Long debates are expected, as it is understood the Opposition intends to resist and criticize the measure at every step.

STOP USING SODA! BAD FOR STOMACH

Much soda disturbs digestion. For sour stomach and gas, Adlerika is far better. One dose will rid you of bowel poisons which cause gas and bad sleep. McDermid & Jury, E. L. Payne, and McDermid Drug Co.

American talkies are becoming very popular in Spain.

Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

BAGS ARE A CONTINUAL SOURCE of interest to women. Styles may be new or they may be favorites that cannot boast novelty.

• • • • • • •

A threaded needle work bag is just the thing to please a woman who is taking a trip.

• • • • • • •

It can be so small that it will fit into a handbag without taking up more room than can be spared it.

• • • • • • •

Use a strip of ribbon three and a half or four inches wide and twelve inches long. Fold the ribbon or silk in half and overcast sides to within one inch of ends. Fold this over to make a helm half an inch wide.

• • • • • • •

Run a line of stitches to divide this in half, one part for a narrow ribbon drawstring and the other for a heading. Cover a piece of cardboard three inches by two and a half inches with the ribbon on one side and flannel on the other. To the flannel side sew a pinked strip of the flannel seven inches long and three inches wide.

• • • • • • •

Sew this so that it falls over the flannel-covered side, yet is loose from it except at the top.

• • • • • • •

Thread different needles with black and white silk and cotton and such other colors besides as you may prefer. Have all thread double length and just long enough to come to the end of the flannel strip when the needles are run through it.

• • • • • • •

Fold the flannel around the covered cardboard and put it in the bag with thimble, small scissors (with tips thrust into a bit of cork), and a bit of fancy wax.

• • • • • • •

Slip in also some of the very small spools of silk and cotton which come for little bags, and pull up the draw strings. And here you have a work bag to delight a traveller.

• • • • • • •

A Cherry Tree school bag would delight any school child who has books to carry to and from school. Applique a cherry tree on to a piece of heavy cloth the size wanted for the bag.

• • • • • • •

Cover a length of clothes line with one of the textiles in the applique and sew to such lengths to the sides of the bag for handles. Seam up bag and fell a lining inside. And it is ready for use.

CULBERTSON on CONTRACT

by Ely Culbertson

World's Champion Player and Greatest Card Analyst

225

BRILLIANT DEFENSE VERSUS BRILLIANT ATTACK

When playing against a Slam contract, it is generally a good rule to take a trick when you find it, but in a recent national event, in which some of the strongest players in the world were pitting their wits against each other, one of the world's ranking players elected to refuse to win a trick and thereby set a trap for the opposing player, which almost brought about the defeat of the Slam. The hand was played a few months ago in the annual contest for the city of Asbury Park challenge trophy. One of the critical deals in the final round was the following:

North—Dealer.

North and South vulnerable.

North: ♠ 8 6 3 ♡ K 10 9 8 ◇ 10 ♣ A Q J 8 2

West: ♠ 7 4 ♡ Q 4 3 2 ◇ Q J 4 3 2 ♣ 10 3

East: ♠ Q 9 5 ♡ J 7 6 5 ◇ K 6 5 ♣ K 7 6

South: ♠ A K J 10 2 ♡ A ◇ A 9 8 7 ♣ 9 5 4

The Bidding:

North	East	South	West
1♣	Pass	2♠	Pass
3♣	Pass	3♠	Pass
4♣	Pass	6♠	Pass
Pass	Pass		

The bidding of the hand follows accepted principles. South's Forcing Takeout (holding 4 honor-tricks) is, of course, obvious, as is South's Raise to the Slam contract after his partner has shown that he can support a twice bid trump suit.

West opened the Queen of diamonds, South won with the Ace and immediately took the club finesse. At most tables East won this trick immediately and then, after South had taken the necessary finesse in trumps, East and West were compelled to concede defeat. At two tables, however, East refused to win the first club trick with his King and at one this ruse resulted in the defeat of the contract, as the Declarer, wrongly placing the club King in the West hand, then took the spade finesse, which held, and after drawing the adverse trumps, finessed the club suit the second time and lost a diamond trick as well.

At the other table, where East elected to decline the club trick, the Declarer proceeded with more caution. While the play probably indicated that West held the club King, South could see no harm in making assurance doubly sure. After winning the second trick with the club Knave, he returned to his own hand with the Ace of hearts and led one of his diamonds to trump in the Dummy. A trump was then led and the Ten finessed, and when this held, South led the third round of diamonds, trumping with Dummy's last trump. The King of hearts was then led and the last diamond discarded. South now led a small heart, trumping with the Knave of spades and laid down the Ace and King of trumps, drawing the adverse trumps. South then led his last trump and it was only on the twelfth trick, when West, who had discarded his remaining club on the trump lead, failed to follow suit, that South realized the trap that East had set for him through his brilliant refusal to win the first club trick.

Brilliant defense had been met by equally brilliant attacking measures and, as is usually the case when the strategy is equally efficient, success had perched on the banners of the army having the heaviest battalions.

TODAY'S POINTER

From the standpoint of the defending players, the essential trick to be won is the trick which will defeat the contract, whether it is for Slam, game or a lesser goal. Unusual and brilliant defense will sometimes accomplish the apparently impossible.

Tomorrow's Hand

The bidding and play of the hand printed below will be discussed tomorrow:

South—Dealer.

East and West vulnerable.

North: ♠ A 3 ♡ Q J 4 3 ◇ K Q 9 5 ♣ 9 8 2

West: ♠ Q 8 7 2 ♡ A K 10 2 ◇ J 4 ♣ A 7 4

East: ♠ K J 4 ♡ 8 5 ◇ A 10 7 3 ♣ Q J 6 5

South: ♠ 10 9 6 5 ♡ 9 7 6 ◇ 8 6 2 ♣ K 10 3

Study the hand, decide how you would bid and play it and then compare the results that you obtain with those shown in tomorrow's article.

OLD MASON PASSES.

ST. THOMAS.—James Fiddler, retired railway engineer, with railroad experience dating from 1860, is dead here to-day, aged 96. Mr. Fiddler, oldest Mason in this district, died Sunday.

He was born n England and came to Canada on a sailing vessel in 1857, taking 32 days to make the passage.

Edinburgh, Scotland, has announced that even if the price of of gasoline is boosted eight cents a gallon, fares on municipal bus lines will not be increased.

That Body of Yours

By James W. Barton, M.D

REGULAR AND IRREGULAR DOCTORS

On one hand we have a man who has attended public or grammar school, high or preparatory school, two to four years at college getting a trained mind, who then studies medicine for six years acquiring a knowledge of physics and chemistry; anatomy—the study of the body, tissues and organs; physiology—the study of the workings of the body; pathology—the study of the "sick" body; therapeutics or the application of treatment to the sick body; surgery, the use of the knife to prevent death; hygiene and sanitation. He is graduated as a physician and is called "doctor."

On the other hand we have a man who has not passed all the grades of the public or grammar school, no high school, university, or medical college training, attends or may not attend some special school of treatment for a short time, and he is called or at least calls himself "doctor."

Is it any wonder that the physician who by years of study and the application of this study has equipped himself to treat human ailments and give advice on preventive medicine loses patience with this other "doctor" who has not had the training that would make his treatment safe or helpful. The regular doctor cannot understand how intelligent people can consult one of these "irregular" doctors.

However Dr. Dietrich Klemptner, Chicago, suggests that research workers in colleges should study these other non-medical forms of healing and treatment and find out how much, if any, good there is in them. There is some good in them or there is not. If there is any good in them, that good, however small, should not be swept aside, but should be brought to light, and made use of by the medical profession.

If the medical students were taught what these irregular forms of healing consisted of, then they could quietly and with full knowledge of the facts tell their patients about them and the patients could use their own judgment as to whether or not to consult these "irregulars."

When the regular physician gets so annoyed about these irregulars that he uses very harsh language in denouncing them, it may as some one has well said, seem like "sour grapes."

The best plan would be to find out what the irregular physician is using in treatment. If it is good it should be used, and if not its uselessness or harmfulness can be readily pointed out to the patient if the regular physician has properly investigated the matter.

Bethel

Miss Lepna Edwards returned home Saturday after spending the past week in Peterborough visiting relatives.

Miss Copperthwaite of Dartford has been engaged as teacher for Lang S.S. No. 2.

The Misses Lillian, Olive and Bessie Morrison were the guests of Miss Doris Fife recently.

Miss Effie Reid has resumed her duties as teacher near Marmora.

Born—To Mr. and Mrs. Allen Hayes in St. Joseph's Hospital, Friday, Sept. 2, a daughter.

Miss Isabel Graham of Villiers has commenced her duties as techer of Sixth Line School.

"CHILDREN LIKE CERTO-MADE JAM MUCH BETTER"

"I USE CERTO in all my jams and jellies," writes Mrs. F. Fentiman, Ottawa West, Ont., "and find it very good. Too, the children like jam made the Certo way much better."

Acts Like Magic

Certo—the easy, modern, "short-boil" method has many advantages. You boil for just a few minutes and if directions are carefully followed you can always rely on a perfect set, 50% more jam or jelly from a given amount of fruit—no failure—no waste.

Think of the variety Certo provides. Use *any* fruit you like—fresh, canned or dried—or fruit juice. Results are always perfect.

The Certo recipe booklet is under the label of every Certo bottle. These home-tested recipes show how to use any fruit with sure success including fruits that *never before would jell.*

Don't be perplexed by any problem of jam or jelly making. Should you desire any information whatsoever, write to the Consumer Service Department, General Foods, Ltd., Cobourg, Ontario.

CERTO

Made in Canada

CERTO

—Is fruit pectin.

—The natural jellying substance extracted from fruit.

—Jells the juice that would have boiled away by the old (long-boil) method.

—Makes 50% more jam or jelly at less cost per jar.

—Saves ⅔ the time. Saves the fruit flavour. Saves the fruit colour.

TO-NIGHTS CONCERT.

It is up to the public to give Peterborough's Industrial Exhibition a good start by according to-night's opening concert of the celebrated Besses-o'-th'-Barn Band an enthusiastic patronage.

This organization, one of the world's finest all-brass ensembles, has delighted many thousands at the Canadian National Exhibition during the past two weeks, and the opportunity to hear such a band in our own city should be embraced by everybody who enjoys fine music.

ONTARIO PRODUCTS BEST.

The civic development committee of St. Catharines is doing the fruit and vegetable growers of the Province a valuable service in calling attention to the superior quality of Ontario products and the necessity of greater use of them by the people of the Province.

Present reports would indicate, the committee points out, that in practically the whole area of this Province the yield will be particularly heavy in all the various fruits and vegetables.

Under the circumstances, Ontario people should see to it that during the season imported fruit should be dropped in favor of the Canadian product.

This policy will not only react to the benefit of Ontario fruit and vegetable growers but it will ensure fine quality and freshness in the products purchased.

Many shoppers, unfortunately, fail to consider the source of the fruit they buy or take the trouble to analyze the virtues of articles picked fresh from the tree or vine yesterday, and not brought two or three thousand miles by train after being picked quite green and allowed to ripen en route.

Ontario fruits and vegetables stand comparison with the best grown anywhere. Ontario tomatoes, for example, contain more vitamins than do oranges, and their juice should be made part of the daily diet, while as to our celery, it sweeps the board in international competitions.

THE PREMIER'S IDEA.

Premier Henry's statement to the deputation of Ontario hotelmen who waited upon him the other day that public opinion did not favor the return of hotel bars or the sale of liquor by private individuals, and that the Government had no intention of giving hotel proprietors the right to sell alcoholic beverages, was excellent if it had been confined to that.

When the Premier, however, went on to say that some arrangement might be possible by which hotel guests might be allowed to partake of wine and beer in hotel dining-rooms he was getting on shaky ground, and must realize by this time that he was hinting at a policy that would please no one.

Temperance people will look upon such a change as a relaxation of the present liquor laws; hotelmen, not given the right to sell, can be excused for not being enthusiastic over a plan that would entail additional labor and responsibility without a corresponding profit, and tourists who already are permitted to consume liquor in their hotel rooms are not likely to regard the suggestion as an important one.

Premier Henry had better let well enough alone; he'll not make any friends for his administration by proposing such an impracticable policy which in its nature will be sure to remind the people of the Province of the futility of that other noble experiment, the introduction of 4.4 beer.

FARM STATISTICS.

Some very interesting figures in regard to Canadian farms have been issued by the Dominion Bureau of Statistics in a preliminary report on the census of agriculture taken last year.

The bulletin shows that in the ten years between 1921 and 1931 there was an increase of 2.47 per cent. in the number of farms in Canada, the gain as might be expected being shown in the four Western Provinces, while Eastern Canada reported a decrease.

There were 728,664 farms in Canada last year, as compared with 711,090 ten years ago, an increase of 17,574.

The tables dealing with farm expenditure should be of especial interest.

In the census of 1921 every farm owner in Canada was asked for the first time to state the total mortgage on his farm. The mortgage debt to be reported under his inquiry included not only the debt secured by an instrument called a "mortgage," but also debts protected by deeds of trust, judgment or any legal instrument that partakes of the nature of a mortgage and has the usual legal effect. The answer to this question was not, however, to include debts covered by crop liens nor debts secured by loans on implements or machinery or livestock.

The inquiry did not apply to farms or parts of farms rented.

The tabulated results show 244,201 farms or 33.51 per cent. of the total reported mortgages to the value of $677,564,100, or 16.75 per cent. of the value of all farms and 49.97 per cent. of the value of owned farms to which the inquiry was restricted.

The taxes "paid or to be paid" on farms for the whole of Canada in 1930 amounted to $54,360,600, or 43 cents per acre of occupied land or 80 cents per acre, of improved land in farms. The highest taxes per acre for all farm land are paid in Ontario where it is 88 cents, and the lowest in Prince Edward Island where it is 17 cents. British Columbia pays the highest taxes ($2.43) per acre of improved land and Prince Edward Island the lowest (27 cents).

In 1930, 355,349 farms reported an expenditure of $47,304,820 for feed or an average of $141.06 per farm reporting. The highest expenditure ($353.71 per farm) was in British Columbia and the lowest ($57.09 per farm) in Prince Edward Island.

The Province of Ontario led in cash outlay for fertilizers, contributing $2,987,060 of the total of $8,111,950 for the whole of Canada. The lowest were Manitoba and Saskatchewan with $16,950 each. The average expenditure per farm reporting was $54.86 for Canada. Saskatchewan was the highest with $112.37 and Quebec the lowest with $42.72; 342,866 farms paid $15,968,700 for seed, making an average of $46.57 per farm reporting. Saskatchewan was the highest with $83.67 and Nova Scotia the lowest with $21.52.

The sum of $2,375,670 was expended for the purchase of light and power in Canada, making an average of $40.07 for each farm reporting. Alberta led with $61.12 and Quebec was the lowest with $24.63.

Of the total number of farms (728,664) 282,076 reported the employment of hired labor and paid $100,501,340 in cash and board equivalent in money for 7,371,614 weeks of labor, or $356.29 per farm, at an average wage of $13.63 per week for time employed.

"ON THE RODS."

The Prime Minister announced in Calgary that after September 30 some definite steps will be taken to end the practice which has grown up despite efforts of railway police of unemployed transients riding free on Canadian freight trains. Presumably this notice is given so that transients en route from somewhere to somewhere else may have time and opportunity to get back to their home towns or the place of most recent regular employment.

Mr. Bennett described this movement of transients as "one of the greatest evils the country has ever seen." The unfortunate consequences of the practice are obvious, apparent to everyone. It tends to develop in young men the habit of aimless wandering, to unfit them for the more serious business of life, to expose them to moral contamination through the agency of the criminal and the lawless.

Furthermore, the existence of a large class of floating unemployed complicates the problems of relief which every municipality has had to face and which unquestionably will continue to demand serious attention in the coming winter. Ottawa, for example, has been obliged to house and feed transients from all parts of Canada, through no binding obligation but from the dictates of common humanity. Every town and city in the Dominion has experienced the difficulties this situation has put upon relief officials, and probably all of them will welcome the announcement of Mr. Bennett.

As a matter of fact the man, single or married, who is so unfortunate as to be unemployed is better off in his own community than among strangers. The hope of a job in the next city or Province almost invariably proves a delusion, and the man acquires nothing but disappointment and added hardship if he is permitted to travel up and down the land on freight trains.

Professional tramps who ride "on the rods" we have had with us always, but only recently has the practice grown to anything like serious proportions. Unfortunately, there is for a while at least to the young man unemployed and with no encumbrances a certain glamor about it that appeals to the adventurous spirit of youth. Mr. Bennett has done well in drawing attention to evils for the whole community that follow in the trail of a custom that has hitherto been viewed with too much indifference.—Ottawa Journal.

HOW B.C.'S MONEY WAS SPENT.

Details of the report made by a committee of business men on provincial finances in British Columbia are illuminating. A succession of governments, Liberal and Conservative, spent the people's money as if it grew on trees, and nothing but an economic miracle could have averted the emergency which now faces that province.

For instance, the Department of Public Works spent $4,000,000 in 1922 on roads, bridges, ferries, buildings, etc. By 1929 the expenditure on these items had double and last year the total had mounted to $13,500,000. Most of this money was spent in rural districts where, the report points out, population increased but from 277,070 in 1921 to 299,524 in '31. "During this period," it is added, "3,540 miles of new roads were constructed, making a total in unorganised territories of 18,667 miles."

Specific cases are not lacking. On a section six and one-quarter miles long of the Dewdney trunk road there was spent $631,778 on right of way, highway construction and protection, during the years 1929-1931. With four "classified" highways running east from Vancouver the department built a fifth to Pitt River at a cost of $348,326, with half a million still to be spent on it. A bridge crossed on the average day by 35 vehicles cost the province $176,000. A court house at Prince Rupert cost nine times a court house at Kamloops, "although the population tributary to Kamloops is much greater than that tributary to Prince Rupert."

"It is apparent," declares the report, "that political expediency has for many years been the guiding principle of this department of public works." We should not like to say British Columbia is alone in this respect; but that isn't much consolation to the people of the Pacific province in their predicament.

That the situation of British Columbia is one of considerable gravity is shown by figures compiled by the Dominion Bureau of Statistics. In the fiscal year of 1930-31 the per capital expenditures of that province were $40.23 and per capita revenue $34.55. Both figures were far higher than those of any other province. Ontario, for instance, took in $15.85 per head and spent $15.98, Quebec 14.48 and $14.21, Alberta $21.47 and $24.63. In fact British Columbia took just twice as much in taxes per head of population as the average for the nine provinces, and spent more than twice the average expenditure.

The wonder is that this present emergency has been so long delayed.—Ottawa Journal.

EDITORIAL NOTES AND COMMENT.

This week's task is to put the Peterborough Industrial Exhibition over the top. And it's everybody's job.

Give the Besssa-o'-th'-Barn Band a royal welcome to-night. Their playing will be a revelation to all music-lovers.

George Young won the five-mile challenge swim at the Canadian National Exhibition. Or don't you care?

Hon. Duncan Marshall was a visitor in town today. That used to be a sign that there was an election not far off, but it's different now.

DISTRICT MARKETS.

WARSAW, Sept. 12.—Following are the week-end retail market prices:—

Butter, creamery, 23c; dairy, 19c; eggs, fresh, 13c, 15c, 19c. Chickens, 25c; potatoes 60c bag.

Wheat, 60c a bushel.

Tomatoes, 25c, 11-qt. basket; grapes, 50c small basket; peaches, heaped 6-qt. basket, 45c, 50c, 60c; pears, 70c 11-qt basket; plums, 60c 11-qt. basket; celery, 3 bunches 25c.

AT MARMORA

MARMORA, Sept. 12.—Following are the week-end retail market prices:—

Beef, sirlint, 20c; round, 15c; roast, 13 to 18c; stew, 9c; veal, 18c to 20c; pork, 13c to 15c; lamb, 18c to 22c; breakfast bacon, 20c; butter, creamery, 28c; dairy, 20c; eggs, fresh, 13c; chickens, 20c; potatoes, 15c a peck.

Oats, 30c a bushel; wheat, 75c a bushel; barley, 45c a bushel. Hay, $14 a ton.

AT ENNISMORE

ENNISMORE, Sept. 12.—Following are the week-end retail market prices:—

Beef, sirloin, 20c; round, 18c; roast, 15c to 18c; stew, 10c; veal, 15c; pork, 12c; lamb, 25c; breakfast bacon 20c to 25c; butter, creamery, 20c; dairy, 18c; eggs, fresh, 20c; chickens, 25c stewing fowl, 20c; potatoes, 70c a bag.

Livestock and grain prices are:—Cattle, selects, 5¼c a pound; common butchers, 4¼c. Hogs, live, thick smooth, $4.25 cwt; select graded, $5.25 cwt; dressed, head on, $8.25 cwt; head off, $9.25 cwt.

Oats, 30c a bushel; wheat, 55c a bushel; barley, 40c a bushel. Hay, $12 a ton.

AT DOWNEYVILLE

DOWNEYVILLE, Sept. 12.—Following are the week-end retail market prices:—

Beef, sirloin, 30c; round, 27c; roast, 25c to 30c; stew, 10c to 15c; veal, 15c to 30c; pork, 17c; lamb, 10c to 25c; breakfast bacon, 17c; butter creamery, 20c; dairy, 18c; eggs, fresh, 22c; storage, 16c; chickens, 30c; stewing fowl, 25c; potatoes, 15c a peck; 90c a bag.

Livestock and grain prices are:—Cattle, selects, 6c a pound; common butchers, 3c to 4c. Hogs, live, thick smooth, $5.10 cwt; select graded, $6.10 cwt; dressed, head on, $10 cwt; head off, $11 cwt.

Oats, 30c a bushel; wheat, 50c a bushel; barley, 45c a bushel. Hay, $10 a ton. Buckwheat, 45c a bushel.

Little pigs, $7 pair. Apples, $1.50 bag. Honey, 10c lb. Tomatoes, 25c basket.

AT BAILIEBORO

BAILIEBORO, Sept. 12.—Following are the week-end retail market prices:—

Beef, sirloin, 20c; round, 18c; roast, 15c; stew, 12c; veal, 18c; pork, 15c; breakfast bacon, 15c; butter, creamery, 24c; dairy, 22c; eggs, fresh 15c; storage, 13c; chickens, 25c; stewing fowl, 20c; poatoes, 75c bag.

Livestock and grain prices are: Cattle, selects, 6c a pound; common butchers, 5c; hogs, live, thick smooth, $4.25 cwt; select graded, $4.75 cwt.

Oats, 27c a bushel; wheat, 50c a bushel; barley, 35c a bushel; hay, $7 a ton.

Small pigs, $2 each; tomatoes, 50c a bushel; plums, 5c a quart; apples, 60c a bushel.

AT MILLBROOK

MILLBROOK, Sept. 12.—Following are the week-end retail market prices:—

Beef, sirloin, 23c, 25c, 28c; round, 18c to 20c; roast, 25c to 28c; stew, 12c to 15c; veal, 22c to 25c; pork, chops, 20c; lamb, 25c to 30c; breakfast bacon, 20c, 25c, 35c; butter, creamy, 24c; dairy, 20c; eggs, fresh, 18c; chickens 18c 20c, 23c; stewing fowl, 15c to 18c; potatoes, 10c a peck; 50c a bag.

Livestock and grain prices are:—Cattle, selects, 4c, 4½c, 4¾c, pound; common butchers, 3¾c to 4¼c. Hogs, live, thick smooth, $5.50 cwt. select graded, $6 to $6.25 cwt; dressed, head on, $14 cwt.; head off, $15 cwt.

Oats, 28c to 30c a bushel; wheat, 40c to 45c a bushel; barley, 35c to 40c a bushel. Hay, $10 a ton.

Tomatoes, 15c a six-quart basket; peaches, 35c a six-quart basket; muskmelons, 10c each; lard, 2 lbs for 25c; apples, 25c a peck.

Quotations For To-Day

Turn, turn my wheel! Turn round and round
Without a pause, without a sound:
So spins the flying world away!
This clay, well mixed with marl and sand,
Follows the motions of my hand;
For some must follow, and some command,
Though all are made of clay!
—Longfellow.

GRAIN AND PRODUCE REVIEWS

MONTREAL PRODUCE

MONTREAL, Sept. 12.—Indicating the approaching close of the season, egg receipts fell off sharply last week on the Montreal wholesale market. Appearances were that this week or next storage eggs would be placed on the market. Receipts last week were 8,999 cases; week ago 12,618; year ago, 7,403.

Receipts of cheese and butter also declined. Cheese arrivals were 32,708 boxes; week ago, 36,398; year ago, 34,609. Butter receipts were 12,534 boxes; week ago, 12,725; year ago, 21,217.

Cheese Exports

Exports of cheese last week from Montreal to the United Kingdom reached the encouraging total of 56,509 boxes, which compared with 14,263 boxes in the previous week, practically four times as large. Shipments for the season to date now total 541,410 boxes, against 456,614 boxes at this time last year.

Much enlarged cheese export business was evident last week on a steadily rising market. Daily advances were made, and prices ended the week at 10¾c to 10¾c for Ontarios and 10½c to 10¾ for Quebecs, being ¾c higher than a week ago.

Butter Rises ¼c

Butter was ¼c higher last week, becoming generally 22c for current make No. 1 in cartots, or l.c.l. lots, with some storage stock slightly under the current make levels. Jobbing houses were quoting small lots to retailers at 24c for solids and 25c for prints.

On the egg market, extras grew in scarcity, and prices held about the same as a week ago. Cartots, or l.c.l. lots of Ontarios, graded, were mostly 28c for extras, 19c to 20c for firsts, and 14c for seconds. Prairies were mostly 26c for extras, 18½c to 19c for firsts, and 13c to 13½c for seconds.

New Montreal potatoes were quoted at 30c to 40c for 80-pound bags; unchanged.

ONTARIO GRAIN

TORONTO, Sept. 12.—Approximate prices track shipping point—Wheat, 44c to 45c; oats, 24c to 26c; barley, 38c to 40c; corn, 48c to 50c; rye, 35c to 38c; buckwheat, 35c to 38c.

CHICAGO GRAIN

CHICAGO, Sept. 12.—Wheat slid down a cent a bushel Saturday, making four cents loss in the last four days.

Official announcement that Canada's 1932 wheat crop was larger than looked for and had been equally resisted. No figure was placed on export sales, but there was undoubtedly a resumption of good buying by foreign houses, and bids were found in the market every fraction down. Advices from abroad indicated importers were keen to buy Canadian wheat at low levels.

Cash wheat trading was light, with spreads slightly higher to unchanged. There was some demand for Northerns for export. Cash interest in coarse grains was indifferent.

Futures:

	Open	High	Low	Close	Prev. Close
Wheat—					
Oct.	.54⅝	.55	.54¼	.54⅝	.55
Dec.	.56½	.56⅝	.56	.56	.56⅝
May	.61¼	.61½	.60⅝	.60⅝	.61⅝
Oats—					
Oct.	.25⅝	.26¼	.25⅝	.25⅝	.26¼
Dec.	.25¼	.25¼	.24⅝	.25	.25¼
May	.28½	.28½	.28¼	.28½	.28⅝

WINNIPEG GRAIN.

WINNIPEG, September 12—Large hedging sales laid a heavy hand on wheat values again yesterday. Despite excellent purchases of grain for overseas account, prices sagged fractionally to seasonal lows. Closing prices brought out losses of ⅝c a bushel in each future.

October closed at 54⅝c, December at 56c, and May at 60⅝c.

The low points were reached in the closing minutes when support appeared to have lessened and further hedging sales appeared, presumably in connection with heavy deliveries of new-crop wheat on Friday and anticipated movement in the country to-day.

October Futures.

October future dropped to its lowest point in the life of the current movement when it touched 54¼c, but the decline was stubbornly resisted. No figure was placed on export sales, but there was undoubtedly a resumption of good buying by foreign houses, and bids were found in the market every fraction down. Advices from abroad indicated importers were keen to buy Canadian wheat at low levels.

Cash wheat trading was light, with spreads slightly higher to unchanged. There was some demand for Northerns for export. Cash interest in coarse grains was indifferent.

Futures:

	Open	High	Low	Close	Prev. Close
Wheat—					
Oct.	.54⅝	.55	.54¼	.54⅝	.55
Dec.	.56½	.56⅝	.56	.56	.56⅝
May	.61¼	.61½	.60⅝	.60⅝	.61⅝
Oats—					
Oct.	.25⅝	.26¼	.25⅝	.25⅝	.26¼
Dec.	.25¼	.25¼	.24⅝	.25	.25¼
May	.28½	.28½	.28¼	.28½	.28⅝

Shipments of cement from Canadian mills last year totalled 10,161,658 barrels, of which Quebec mills produced 49 per cent and Ontario mills 34 per cent.

Figs have been successfully grown and ripened on Vancouver Island.

STATION L-O-V-E

BY CRAIG CARROLL

(Continued from Saturday.)

INSTALMENT 13

Judy thought about Lona. And about Elton Day. She'd been sure he was independent, absolutely in control. Suppose he had to take orders to save his own job? He'd do it. No doubt about that.

Judy nodded.

"I guess you're right, Elsie. Only it's hard to believe."

"Nothing's hard to believe, about men," said Elsie, sharply.

"You don't really mean that."

"You don't know how much I mean it."

"But—" Crimson, Judy held back the words. She was too frank; she was going to say, "But you don't know anything about men. Men never want to lie to you."

"But what?" Elsie stood up, facing her.

"I—nothing," Judy said quickly.

Elsie grinned, a forced sort of grin, but gallant, determined.

"Never mind," she said. "I know. Men never give me a tumble. All right. I'm sitting on the sidelines, then. But I've got eyes. And I've got ears. Haven't I heard plenty of 'em lying? Haven't I seen plenty? I've been in Chicago a lot longer than you have, Judy. And I'm telling you no man in the world will give you a break if it means losing anything himself. They're all alike."

She laughed at herself.

"Bet I read that in a book," she said. "Or saw it in a movie. Anyhow, it's so. And you—Well, you know it's so! Look what the dear Day boy did to you! And now—"

• • •

"Now I'm going to pack said Judy brightly. "Won't take long. And there's a train for Omaha first thing in the morning. I can be home by to-morrow night. There was a long pause.

Then, "Home!" Judy said. Nothing else. But she could see it. She could see her father, meeting her at the train, being nice, being glad to see her, hurrying her up to the house, throwing open the door, shouting "Mother! Judy's home!"

She could see the girls in the neighborhood coming over, throwing their arms around her saying, "Glad you're back, Judy!"

She knew what they'd be thinking. They wouldn't let her feel it, not at first. They'd listen while she talked about people she saw in Chicago, about going to shows; she'd have to make up stories about people, to satisfy the girls and the folks back home.

And dthen all at once the thing would wear thin, they'd begin to let her see what they'd been thinking all the time.

"You couldn't make it. You told everybody you'd do this and that. And your mother told people you were doing so well. And there was a piece in the paper about you getting that scholarship. And now—Well, you're home all right. You're home!"

Nervously Judy tossed the powder-blue dress into her suitcase.

• • •

"Here!" Elsie snapped, businesslike, energetic. "Want to ruin it, throwing it in like that?"

"I'll never wear it again anyhow," Judyd said.

"Huh?"

"I couldn't bear to wear it again."

"Huh!"

Elsie held the dress in front of her looking at her reflection in the mirror. "Looks pretty swell to me."

"Do you like it?"

"Of course, Judy."

"Then—won't you take it?"

"Huh?"

"I mean, I really don't want it any more. I'd be thinking about to-night, every time I put it on. And how elegant I thought I was. And then coming home, and—"

Elsie piroutted, holding the dress before her, doing an absurd pose, one leg back, one hand outstretched.

"I couldn't even get into it," she giggled. "Not with my lines."

"Of course, you could," Judy said. Tears were forgotten; there is something about trying on a dress, about seeing somebody else wear a dres you know looks well on you, that precludes tears. 'Here. Try it, Elsie. Try it."

"I couldn't." Elsie drew back, honestly embarrassed.

"Of course you could. Slip it on."

Elsie hand indicated her flapping pajamas. "Over these?"

"Why not?" Judy demanded, laughing a little. "Here. Hold still."

She tugged the dress over Elsie's wide, strong shoulders. It was tight. Too tight. If Elsie tried to move her strong arms in the powder blue dress—They struggled, both of them, until at last the dress was smooth and Judy stepped back to say, "Look. It fits beautifully, Elsie."

"Huh!" Elsie made a face at herself. "Doesn't look the way it looked on you, though. And—" She pointed at her feet. Beneath the hem of the skirt appeared eight inches of scarlet, flaring pajama legs. "Wouldn't that be a swell combination to wear down Michigan? Wouldn't that make 'em turn out the guard?"

• • •

Outside, on the stairs, Judy heard footsteps. "Quick!" She said. "The door—It's half open." She ran to the corner, seized her robe tugged it around her shoulders. "Elsie! The door!"

The footsteps were outside the door. And Elsie, closing the door, stopped, swung it open instead.

Dick stood outside, a little startled, a little amused. The pajama legs thrust out beneath the powder-blue dress, the expression on Elsie's wide face, Dick roared. And all at once Elsie roared, too, in that deep, honest laughter Judy envied so much. Then Dick, for the first time, saw Judy, standing near the dresser, the robe drawn tightly around her.

"Oh—" The smile was gone. He stepped back, stumbled, almost fell backward down the steps, caught himself. "I'm sorry. I didn't mean to— I was just going to my room."

"Wait a minute!" Elsie snapped. "You've got nothing to be sorry for. Come in here a minute! Hurry up, before we wake up the house!"

"Why—" he stammemred.

"Elsie!" Judy began. You shouldn't—"

"Come in!" said Elsie again, and her strong, capable hand jerked Dick Mason inside. She closed the door, turned her back against it, grinned.

• • •

"Sit Down, you!" She pushed Dick toward a chair.

"But—" Judy began.

"No words wanted," said Elsie, giggling. "I'm running this show, pardner. Listen, Dick. You know what's happened?"

"What?"

"Here."

She handed him Elton Day's telegram. And Judy, reaching for it, desperate, scarlet with embarrassment, was too late. For Dick's eyes had read the few words, had seen the signature. He was looking at her now. He seemed to struggle not to speak. Then, at last, he managed. "Oh?" And that, for the moment, was all anybody said.

Judy, raging, turned away from Elsie, looked here and there in the room. She wished the earth would open up and swallow her. she wished Elsie had never been born, she wished—

She felt Dick's hands on her shoulders. Stubbornly, she drew away. But his hands turned her round, slowly, until she looked up at his grave, earnest face, at his deep eyes.

"Judy! He dropped you off the program after all!"

"Yes," Judy said. Then with an effort, she laughed lightly. "So it's curtains for the big show. And—I'm going home in the morning."

"You're not!"

"I am!"

"I say you're not!"

"Why—" she began. "No man had any right to talk to Judy Allison like that. No man"

"You're not going home because Elton Day can't do this and get away with it. Because you're going to stay on that show and nothing my little pal says is going to change it. You hear me Judy?"

"I—"

"You're not going home, I say! Not if I have to turn that studio upside down. Not if—" Suddenly, he released her shouders. "Elsie!" he snapped.

• • •

Elsie, tiptoeing toward the door, stopped as though in midair.

"Huh?" she managed.

"Elsie, you're going to see to it that Judy stays right here. If she tries to pack up and get out of here you lock the door on her! You understand me, Elsie?"

Elsie clicked her heels, like an erratic wooden soldier. "Yep," she said. "Yep!"

"But—" Judy began again.

"Not a word out of you!" Dick Mason said now. His face was smiling, but there was no smile in his eyes. "Judy, listen to me! Elton Day can't do that to you, and he's not going to. I told you that job was yours, and it is! And you've got to stay! You've got to let me show that boy he can't get away with anything like this! You simply have to stay!"

"I can't."

"You can, and you must. Please! Please, Judy!"

• • •

She stepped back a little. Over his shoulder, she could see Elsie, nodding wildly, signaling, "Say Yes!" and unbelieving, she heard her own voice saying, "All right. I'll stay. I'll stay, then, Dick."

"You promise?"

"Yes, I promise!"

He smiled suddenly.

"Then everything's going to be all right. Judy you be at the studio at nine in the morning. Elsie you take a day off and see that she's there. And good night. Judy! You—you're wonderful!"

With that, he turned through the door, the door closed.

"Well," said Elsie, after a long moment. "Didn't I say men were swell guys? Didn't I?"

And Judy staring at the door, still seeing the look in Dick Mason's eyes, still hearing his deep voice, nodded.

"Yes," she said. "Yes, Elsie. I guess you did.

(To Be Continued)

Grain Reviews

WINNIPEG GRAIN EXCHANGE.

WINNIPEG, Sept. 10. —(By Canadian Press). — Called upon to withstand pressure of the heaviest country receipts and the greatest flood of hedging sales of the year, the Winnipeg grain market displayed strong resistance this week to hold wheat prices to within a cent of last week. Heavy export shipments enabled the market to absorb the deluge of selling.

With Westerna Canada's new crop arriving at country elevators in volume, this steady pressure, combined with selling from other sources, bore heavily on the market. More than 20,000,000 bushels of new crop wheat were received at the elevators this week, a large quantity of this requiring to be hedged.

Closing the six-day period, Friday at 55 and 56 6-8 cents, respectively, October and December futures lost only ⅞ of a cent for the week. May option eased 5-8 to ⅛ cent at 61⅝.

Export business was the main prop to the market. Holding a virtual monopoly on the European market at the present time Canada sold several millions of bushels of wheat for everseas shipment this week. Actual figures were not available, but it was known the total was large. Good buying by Chicago interests also was noted, mostly in connection with spreading operations between the two markets.

Prices were firm in the cash grain division, but offerings were rather light. Spreads closed the week practically unchanged from last week.

Little interest was seen in coarse grains. Pit trade was dull and prices strengthened fractionally in sympathy with the strength in wheat.

CASH SLEUTHS.

MONTREAL, September 12 (C. P.). — Three bandits who held up Mrs. Anthime Hamel in her husband's restaurant, last night spent 15 minutes searching for the cash, which was hidden in three places. They found it all—$175—and made their escape, meeting Hamel as he returned from delivering an order. He paid no attention to them, believing them to be customers.

Market Closing On All Exchanges

MONTREAL EXCHANGE

MONTREAL, Sept. 12. —(CP)— The Montreal Stock market suffered the first major setback in the recent upward swing in today's trading. In the late afternoon trading leaders were down from fractions to over two points, but a rally in the last fifteen minutes of trading brought closing prices above the worst levels of the day. Milling and agricultural implement stocks were the only bright spots in the list, showing gains for the day. Trading was dull in the morning hours, but as the selling wave developed volume increased.

Canadian Pacific Railway sold as low as 17⅛ during the day, but rose in the late rally to close at 18⅛, down 2¼. Brazilian Traction was down ⅛ at the close at 12¼ after having sold at 11⅝. Montreal Power rallied to 37¼, off⅛, after having sold at 36⅝. International Nickel closed at 11, off one point.

Power Corporation was off 2 points at 15, Consolidated Smelters, off 2¼ at 86 and Dominion Bridge, off 1¼ at 20.

TORONTO EXCHANGE

TORONTO, Sept. 12. — (CP) — Selling off at the start of the day and recovering slightly just before the close prices on the Toronto Stock Exchange closed above the extreme lows for the day but below the level at the week-end. Losses at the close outnumbered gains by 3 to 1. For the first time declines were in the majority for any day's session in two months. Popular stocks dipped fractions to as much as 5 points trading volume was reduced on the reaction.

Among the active leaders C. P. R. was a weak spot with a decline of more than 3 points at the bottom and more than 2 points at the close. International Nickel dipped 1-⅛ and recovered a half point or more of the loss. Ford was down a point and Brazilian Traction a fraction.

Pager Hersey was a weak spot dropping 4 points to 59. Directors of this company met today to consider the dividend for the quarter.

Consolidated Smelters was off 6½ points at one time and closed with a loss of 4½.

STANDARD EXCHANGE.

TORONTO, Sept. 12 (C.P.). — Though leaders showed a stronger tendency in the last hour losses were practically general among higher-priced stocks on the Standard Stock and Mining Exchange Market to-day. Trend was upward among lower-priced stocks from the opening, however, with a number of interesting gains in evidence at the close.

Noranda regained a large part of its early recession to finish only slightly below Saturday's close, but Nickel was off 90, Coast Copper 75, Base Metals 11 and Pend Oreille 5.

Teck-Hughes met renewed selling and was down 15, Wright-Hargreaves lost 10 and Mining Corporation 19. Among cheaper golds San Antonio and Sylvanite were up a couple each but Siscoe, Howey and Big Missouri lost some ground. Pennies were active and strong.

Peninsular Pete featured the oils, price advancing smartly to 20 on the opening and closed up 3.

WALL STREET.

NEW YORK, Sept. 12.—(C.P.) — The stock market began the week with a sweeping reaction to-day, but after leaders had lost 2 to more than 5 points, the list recovered 1 to more than 2 poins from the bottom. The latter tone was steadier, and trading was active, with a turnover of about 4,200,000 shares. Santa Fe dropped 6 and Union Pacific about 5, then recovered 2 points. U. S. Steel lost more than 3 points, then recovered about a point. American Telephone dropped 3, then regained half its loss. These movements were typical of many prominent issues.

TENNIS

KAWARTHA LEAGUE.

The Kawartha District Tennis League was brought to a successful conclusion Saturday, the Kawartha Club playing in Lakefield, while Quaker Oats dropped three of their five matches to Lindsay in the Scugog town. Following is the standing in this league at the close:

Clubs.	Points
Lakefield	21½
Quaker Oats..	21
Lindsay	20
Kawartha	19
Peterborough	17½

LOSSES SLIGHT IN LIGHT TRADE

International Nickel, Brazilian and Ford Are Off Fractions.

Farm Implements Steady.

TORONTO, Sept. 12.— (CP) — Prices went into reserve on the Toronto Stock Exchange in forenoon trading today for one of the very few times in the past two months. Losses for the most part were fractional and the local list simply acted in unison with Wall Street. Volume was light and well below that of the previous week.

Leaders were all soft in inactive trading. International Nickel, Brazilian Traction and Ford were off fractions. C. P. R. encountered selling to lose almost 1½ points at 19 3-8. Consolidated Smelters was the outstanding weak spot with a loss of 3½ to 87.

Farm implement issues had as a steadying influence the Canadian crop report estimating the wheat harvest for 1932 as the fourth largest in history.

Play Begins To-Day For Henry Trophy

PARKDALE CANOE CLUB, Toronto, Sept. 12 (C.P.)—Play began to-day in the second annual carnival week of the Ontario Lawn Bowling Association, under the group system, for the Premier George S. Henry Trophy and several sets of rink prizes.

There are 16 entrie representing ten city clubs and six out-of-town clubs from Fernleigh, Hamilton (1931 winners); London Rowing Club; Ottawa; Brampton, Newmarket and Port Credit, and these are divided into four groupings in which each team meets the other with the ultimate four winners playing by eliminating for the primary honors.

Groupings are divided as follows:

Group 1 — Toronto, Parkdale Canoe; Toronto, Lawrence Park; Hamilton, Fernleigh.

Group 2.—London Rowing Club; Toronto Thistles; Toronto St. Matthews, and Toronto Trinity.

Group 3.—Ottawa, Ottawa; Toronto Victoria; Brampton, and Newmarket.

Group 4.—Toronto, High Park; Toronto, Riverdale; Toronto, Moore Park; and Port Credit.

HON. W. GORDON

(Continued from Page 1)

cidentally outlined the problems which confronted Hamilton as a result of unemployment. Temporary patching up, of the present economic depression was not sufficient, he declared. Some permanent means of preventing such depressions must be sought.

Greater Than Government

The Trades and Labor Congress is greater than any government, declared Mr. Gordon and you people do not realize what progress you have made. In the past 50 years organized labor had been enabled to obtain, through their careful reasonable, demands increasing benefits for the working classes. But in times of depression and hardship, there was a possibility that many workers would be misled into unreasonable demands.

A sane labor movement is perhaps the soundest thing we have, he leclared. But dont be led away by those who in these times of depression, who seek to destroy all you have built up, he told the congress.

Dr. Monteith followed a similar trend in his address. He assured the congress of the Government's sympathy with their movement, and declared the courageous and reasonable presentation of resolutions to the Government was very helpful.

Ready to Co-operate

Tom Moore declared the willingness of the congress to co-operate with the Government or anyone else who will co-operate with members of the organization.

He believed perhaps the most effective method of abolishing unemployment would be the adoption of the six hour day, five day week, particularly on relief construction projects.

Drummond Wren, Hamilton, secretary of the Workers' Educational Association, addressed the Congress seeking its approval and assistance in the work of the association, which aims to educate workers who are unable to obtain suitable knowledge in other manners.

STRANGE SUICIDE NOTE

LEXINGTON, Ky. — Those who knew Miss Alice H. White, 36, stenographer, to-day pondered over a shorthand note she left when she committed suicide yesterday. She fired a pistol bullet into her heart. "One may be beaten by Fate," the note read, "with blows so heavy that at last he forgets fear, throws discretion to the winds, and says: 'Come on, do what you will..'"

TRIO REMANDED.

TORONTO.—Three young men arrested yesterday for alleged indecent assault on two Toronto girls, were remanded without hearing to-day in women's court.

Kenneth Williams, 22, Rochester, N.Y., and Howard Van Winklin, 23, Toronto, were remanded to jail, while bail of $5,000 was fixed for Manley Arbour, 33, Toronto.

Thomas And MacDonald See King

PAY VISIT TO HIS MAJESTY AT BALMORAL

Mr. J. H. Thomas is seen in the ABOVE picture with Prime Minister Ramsay MacDonald following the former's return from the Ottawa Conference. The picture was taken just before they left Downing St., London, for Balmoral to see the King.

Police Court

Sleep overcame Arthur Tucker, 106 McDonnel street, as he was driving across the lock's bridge last night. His car came to a stop dangerously near the edge of the swing porton of the bridge. Other vehicles could not get by and all traffic was held up.

Police arrested Tucker and to-day he pleaded guilty to operating a car while intoxicated Magistrate Langley sentenced him to ten days.

Previously in the evening, Tucker is alleged to have narrowly missed running down Constable Joe Wheeler, who is making his rounds on a bicycle. Police were looking for the man when the call came through of the traffic holdup on the bridge.

John Whaley pleaded guilty today to breaking into the shop of A. Preston on George st. south, on the night of August 2 and stealing cigarettes and tobacco. He was remanded one week for sentence.

Eight countries in Latin America are now producing petroleum.

Czechoslovakia shipped nearly nine times as many shoes to France in the first four months of this year as in the corresponding period of 1931.

Private Paddling

HAMILTON, Sept. 12. (CP)— **..'I looked down a sewer manhole and saw a man in a canoe paddle by" an excited man yelled to Constable Robson.**

Constable Robson eyed his informant with one of those cold glances and took a look himself. The informant was right. There was someone paddling a long way down in the sewer.

Constable Robson hauled off the cover and bellowed to the fleeting paddler below to make his way to the sewer outlet.

A crowd gathered at the outlet as James Demattee, 14, propelled his craft into the daylight on Hamilton Bay.

He had borrowed it, he said, without the owner's consent and for that reason preferred to paddle in the privacy of the sewer.

A perverid Nationalist in Scotland declares that all Scots should wear kilts.

Northern Ireland is warring on cattle smuggling from the Irish Free State.

Besses-o'-th'-Barn Programs

The following programs at the Exhibition Park will be played tonight and Tuesday afternoon by the Besses o' th' Barn Band, under the direction of Mr. Fred Royle:—

Monday Night's Program

March, Monarch.....Rimmer
Overture, Zampa .....Herold
Euphonium Solo, Old Folks at Home .....Hardman
(Soloist, B. Sullivan.)
Grand Selection, Faust .....Berlioz
Hymn Tune, Deep Harmony .....Handel-Parker
Interval
Selection, Chu Chin Chow..Norton
Cornet Duet, Humming Birds .....Sutton
(Soloists, E. Jackson and G. Taylor.)
Xylophone Solo, Beppo .....Byrne
(Soloist, W. Parkinson)
Miserere Scene from Il Trovatore .....Verdi
(Soloists, E. Jackson and G. Riley)
Selection, The Gondoliers, Sullivan
God Save The King.

Tuesday Afternoon's Program

March, Tannhauser .....Wagner
Overture, Ruy Blas....Mendelssohn
Cornet Solo, Belle Americaine .....Hardman
(Soloist, E. Jackson)
Grand Selection, Le Prophete .....Meyerbeer
Hymn Tune, Deep Harmony .....Handel-Parker
Interval.
Excerpts from Rose Marie.....Friml and Stothart
Euphonium Solo, Mermaid's Song .....Owen
(Soloist, B. Sullivan)
Eastern Sketch, In a Persian Market .....Ketlebey
Xylophone Solo, Crazy Sticks .....Bingham
(Soloist, W. Parkinson)
Grand Selection, Samson and Delilah ..... Saint-Saens
God Save the King

HUNTING IN CANADA

WIDE VARIETY OF BIG AND SMALL GAME

HUNTING GROUNDS EASILY REACHED

SEASONS OF GENEROUS LENGTH

DURING recent years there has been an exceptional increase in the number of people of this country who enjoy the sport of hunting and many thousands go afield yearly, with rifle or shotgun. No other section of the world can offer to the sportsman the same favourable conditions as prevail in Canada with its immense areas of virgin territory within rapid and comfortable means of access.

Vast Hunting Areas

This country possesses over 1,000,000 square miles of forest, which shelters game animals ranging from the timid rabbit to the huge and dangerous grizzly bear. Moose, caribou, elk, deer, bighorn sheep, mountain goat, timber wolf and bear are plentiful and may be hunted during open seasons of generous length.

Wild Fowl Abundant

The numerous lakes and ponds of northern Canada are the breeding places of the main waterfowl population of the American continent, consequently ducks, geese and other waterfowl are plentiful, in normal years. The ruffled grouse or partridge is the most important upland bird and is common to every province, while woodcock, prairie chicken, Hungarian partridge and ptarmigan provide good sport, in certain districts.

Hunting Grounds Easy of Access

Accessibility is an outstanding feature of much of Canada's hunting territory. The country is well served by roads, railways and steamboat lines, over which the sportsman may travel in comfort, to the "going in" point. Areas previously inaccessible may also now be reached by airplane in a few hours' flight. Detraining or "going in" points are numerous throughout game areas and at these will be found reliable outfitters and qualified guides, who are prepared to look after the sportsman's every need and guidance while in the hunting territory. In several of the provinces it is compulsory for the hunter to be accompanied by a guide but, even in those provinces where it is not compulsory, it is often advisable to engage guides. These men, being familiar with the territory in which they operate, are able to add greatly to the enjoyment and success of the trip.

Conservation of Game

In Canada a practical form of conservation is found in the setting aside of tracts of public lands, as game reserves, and in the rigid protection of game in its extensive national and provincial parks. In these areas the game multiplies rapidly, under protection, and spreads over into the surrounding country. This favourable condition, coupled with sound protective legislation regulating the open seasons, bag limits, issuing of licenses, etc., assures continuance of a supply of game animals and birds in their native habitat. Canada is thus able to offer the hunter exceptional opportunities for sport in season.

Hunting with Camera

To the camera-hunter and the student of wild life, the Canadian Provinces offer unusual opportunities for interesting experiences and records. There is no closed season on game, to the camera-hunter and, throughout the year, he will find favourable conditions to study the habits of game animals and birds and to photograph them in their natural surroundings.

Game Laws of the Provinces

The game laws of the different provinces are drafted by the provincial Governments with a view to meeting local conditions; consequently there is no uniform game law for the Dominion as a whole. As these game laws are subject to revision from year to year, persons contemplating a hunting trip are advised to obtain copies of the current game laws and regulations of the province in which they intend to hunt.

The National Development Bureau of the Department of the Interior at Ottawa will gladly supply information on hunting in Canada, by either complying with requests or referring same to other sources from which the particulars desired may be obtained.

Gandhi to Starve Self to Death

LONDON, Sept. 12.—(A.P.)—Mahatma Gandhi's intention to starve himself to death by a hunger strike which he plans to begin on Sept. 20 was revealed to-night by publication of correspondence between Gandhi, Prime Minister Ramsay MacDonald and Sir Samuel Hoare, Secretary for India.

The Mahatma's decision resulted from his objections to the Government's plan to provide a modified form of separate electorates for the untouchable caste.

It was impossble to learn from official sources what steps the government might take to plan, but it appeared probable prevent the realization of his that Gandhi would be released from prison when he starts the Hunger strike. Meantime the government was understood to offered no compromise.

RETURNS HOME FROM SCOTLAND

Mr. and Mrs. A. W. Archibald Spent Four Months at Their Old Home.

SOCIAL LIFE IMPROVED.

Mr. and Mrs. A. W. Archibald arrived home during the week-end from Scotland, after a visit of four months at their old home in Ayrshire.

Since his last trip five years ago, Mr. Archibald noticed many changes in both England and Scotland which impressed him as definite trend towards improvement in the living conditions of the working people.

"I went from one end of the country to the other," Mr. Archibald told The Examiner, "and really saw the Old Land for the first time. In that travel I did not once put foot on a train. It was all by automobile or motorbus. One very enjoyable ride was through North Wales with J. K. Costain, who used to live in Peterborough and was employed with the Henry Hope Company. He is a member of the construction company of J. K. Costain and Sons, Limited, of Liverpool, and the scale of their operations may be judged from the fact that in one block they are building four hundred and fifty houses. Mr. Costain has been very successful since returning to the Old Country.

There are many impressions that one could speak of in going back to Scotland and England, but one of them in a general way was the broad movement among the ordinary people for the ownership of their own homes.

Home building and home owning is noticeable everywhere, and it seems to be part of the determination to make conditions better for living. The Old Age Pensions and the Dole, which is not really understood in this country, are both helping toward that end. I could see the changes that have taken place. In one large area of Ayrshire where there are many communities, I was told there is not one jail. The people are sober and law abiding, and one of the influences in that improved state of affairs is the fact the Old Age Pension would be jeopardized by any offence that would be penalized by a term in jail. It is difficult to express in a few words the extent to which the social life of the people has been raised to a better level, but it was a very pleasing observation.

In both Scotland and England, the feeling is general that life must be made better for the people as a whole. Large estates that have been held for generations by wealthy people are being broken up into building lots, and the class of houses that are being constructed for working people is exceptionally good."

Mr. Archibald visited his mother while in Scotland, and met many old friends during his stay.

Short Session Held By Cabinet Council

OTTAWA, Sept. 12.—(C.P.)—Cabinet Council met early this afternoon on the return of Prime Minister R. B. Bennett from Western Canada. Several routine orders-in-council were passed. The remainder of the one hour sitting was given to a general discussion.

Naming of a date for the opening of parlament stands over for a day or two. Communications from one or two empire countries remain to be received before official action is taken towards synchronising of opening dates for parliaments in various parts of the Commonwealth. The middle of October continued to be the very probable date for convening the Canadian Houses, with October 20 or within the week preceding the likely choice.

AIR SERVICE IS SUSPENDED.

LONDON. — Canadian Airways to-day had suspended air passenger service between London and Windsor. Some doubt was expressed if the service would be resumed next year, as passenger traffic fell off during the summer.

The London-Toronto service remains in operation.

Viau Biscuit Corporation, Limited, preferred, 1¾ percent for quarter ending September 30, 1932, payable October 1 to record September 23.

Canadian Car and Foundry, preferred, regular 43 cents per share for quarter ending September 30, 1932, payable October 8 to record September 26.

STANDARD LIST WEAKENS AFTER FIRM OPENING

Interlisted Stocks Sustain Most Important Recessions During Morning Session.

NORANDA DROPS 75.

TORONTO, Sept. 12 (C.P.)—Influenced by softness on other boards Standard Stock and Mining Exchange market turned irregularly lower after a firm opening to-day. Interlisted stocks sustained the most important recessions, with specialties among lower-priced issues moving against the trend in heavy turnover.

Noranda and Internation Nickel lost 75 apiece at $21 and $11.25, respectively. Hudson Bay was off 20 to $4.50, and Amulet a cent to 26.

Teck-Hughes was soft and down 14 at $3.26 when taken. Wright-Hargreaves reacted 5 to $3.05, and Macassa a cent to 22. San Antonio sold up another 3 at 70, however.

Pen Pete featured the oils, touching a high of 20 and standing up a couple at 15 at noon.

WINNERS M. E. KNOX CONTEST

Diamond Ring Goes to Mrs. Werner of Burleigh Falls —Two Other Prizes.

The diamond ring contest, conducted by M. E. Knox, the George street jeweler, closed Saturday night, with Mayor Denne drawing the winning numbers. There were three prizes in all, and His Worship's blind drawing resulted as follows: The handsome $50 Lor-y-Lei diamond ring goes to Mrs. Werner of Burleigh Falls; Mrs. H. Waram, 224 Wescott street, city, won the second prize, a lady's green gold wrist watch and bracelet; Mr. John A. Playford, 158½ Hunter street, city, gets the third prize, an Eclipse fountain pen and pencil set.

This contest proved one of keen interest in both the city and county, some 1,200 contestants having registered in competition for prizes that were really worth while.

Friendly Bible Class Meets at St. John's

The monthly business meeting of the Women's Friendly Bible Class of St John's Church was held Thursday evening in the Parish Hall.

The meeting was opened with prayer by the president, Mrs. Pakenham, after which considerable business was discussed.

Among other busniess it was decided to hold a fall rally Tuesday evening for the members and also to have a country store and auction sale on Sept. 27.

After all busness was concluded the meetng was brought to a close with prayer by the president. Refreshments were then served by Mrs. A. Simmons and a social half hour spent.

Leading Teams Lose In Saturday's Tennis

The final games in the Kawartha District Tennis League were played Saturday, Lakefield and Quakers meeting Kawartha and Lindsay respectively. Both leading teams lost by the same scores, three matches to two.

Lakefield wins the title for the first year of the league's operation by the narrow margin of half a point over the Quaker Oats. That the five teams were very evently matched is evinced by the fact that only three points separated Lakefield in first place from Peterborough in last. The same teams, having so successfully finished their tennis schedule, may form an intermediate badminton league for the fall and winter months

TOT KILLED UNDER WAGON.

KAMSACK, Sask.—Falling beneath the wheel of a wagon loaded with wheat, and driven by her father, Effie Guschak, four, was instantly killed over the week-end on a farm near Pelly.

A Sacrifice Sale of

FIGURED DRESS CREPE

ALL BEAUTIFULLY PATTERNED AND OF PURE THREAD SILK

There's a story behind this offering. A silk manufacturer caught with an overstock through the bankruptcy of one of his customers sold this at a sacrifice price. The wholesale purchasers found the quantity too great for a normal demand and offered a remaining 900 yards for sale at an absurd figure. Three of our stores jointly bought the quantity. Our share goes ON SALE TUESDAY.

Worth Regularly **$1.98** *All About 39 in. wide*

The crepes are of beautiful quality, are heavy in weight and pure silk. All are patterned with attractive all-over designs on grounds colored in medium tints of blue, beige, green shades, buff, maize tones, etc. Your chance to secure a dress of really high quality silk at less than the price of a good cotton. Don't miss it .....

RICHARD HALL LIMITED

GREAT MUSICIAN IS AT THE HEAD OF FAMOUS BAND

Frederick Royle is Styled "Many-sided Musician."

JOINED BAND IN 1927.

Besses-o'th'-Barn Give First Program at "Ex" To-night.

Fred Royle, Mus. Bac., F.R.C.O. director of the world-famed Besses-o'-th'-Barn Band which is to be here for the opening of Peterborough Industrial Exhibition this evening and which will also be the premier attraction at the afternoon and evening performances on Tuesday, has been styled a "many-sided musician."

He received his primary musical education from his uncle John Dawson, an amateur organist, who at one time officiated at All Saint's Church, Stand, Whitefield, the native village of both individuals as well as the home of many of the earliest members of the Besses-o'-th'-Barn Band, according to the Musical Progress and Mail of October, 1931.

"Mr. Dawson was fortunate in having as one of his musical associates a Mr. Goodwin leader of the second violins when the late Sir Charles Halle' formed his Manchester Orchestra. Mr. Goodwin also played as organist at the Jewish Tabernacle on Saturdays, the Roman Catholic Church on Sunday mornings and the above Anglican Church on Sunday afternoons. Mr. Goodwin's daughter, Amina Goodwin, the celebrated pianist formerly known to London audiences, was a pupil of Liszt—Madam Schumann—Saint-Saens and a friend of Brahms and many other world-famed musicians."

"Fred Royle succeeded his uncle as organist when only fourteen years old and by the time he was seventeen he had full charge of the choir also. Whilst thus engaged he commenced his studies with William Mullineaux, F.R.C.O., organist of Bolton Town Hall, and gained under his direction both his A.R.C.O. and F.R.C.O. diplomas, the latter having been obtained at an age which gave him the honor of being the youngest fellow of that institution."

"From now onwards his services were sought by many musical organizations and his days were fully occupied both as conductor and teacher. Through his success with choral societies his teaching gradually drifted into the vocal branch, and it was as a specialist in vocal training that he became widely known. He was for an unbroken period of twenty years, Technical Lecturer under the Lancashire County Council on the Voice and Vocal Music."

His connection with the famous Besses-o'-th'-Barn Band only dates from the Spring of 1927, although he has lived within a stone's throw of their rehearsal room almost all his life.

"Being well versed in the orchestra and orchestral music, it has been one of Mr. Royle's aims without actually forcing it out of its own idiom, to assimilate more of the orchestral style in brass band playing, instead of that machine-gun choppiness which is born of the march rhythm and for which the brass band is so suited," states the Musical Progress and Mail.

"He realizes the great advance in this branch of music and if bandsmen would only study the art, more apart from its technique, we should have more aesthetic performances even than at present. It is knowledge of the medium both from a technical and scientific side by which he produces his effects is what one would anticipate from a musician of Mr. Royle's standing."

MIDWAY SHOW ARRIVES IN CITY

Ten Sideshows, Six of Latest and Best Rides.

Old Man Depression is dead. His funeral takes place Monday, Sept. 12th, at the Exhibition Grounds, when Conklin's All-Canadian Shows open their six big days and nights of fun and thrills. "Canada's premier outdoor amusement organization" is furnishing all the carnival attractions of the Peterborough Industrial Exhibition, and is celebrating its eighth triumphant tour by presenting the "greatest entertainment value of all time."

The genial "Pattie" Conklin, "mayor" of the tented city, states that he and his agents were unusually successful this year in their bookings. The world's entertainment centres were combed for the best material, and the result is a wonder aggregation of variety, magnificence, originality and sensationalism.

The ten astounding sideshows include the big Monkey Autodrome, with 14 ring-tailed racers; Bert York's Palace of Illusions, five shows in one, including "Sawing a Woman in Two"; Al Salvail's World Museum of Freaks, featuring Ernie and Len, two brothers with one head—alive; Signal's noted European Mystery Show; and Will Wright's world renowned "Death on the Guillotine."

Six of the latest and finest rides provide joyous thrills for the kids of all ages:—The Merry-Go-Round, the Ferris Wheel, the Tilt-a-Whirl, the Caterpillar, the Merry-Mix-Up, and that last word in thrillers, the Lindly Loop (the only one in Canada).

Wednesday, Sept. 14th, will be Children's Day, which means that each and every attraction will be open to the kiddies at specially reduced prices.

Suffering from Depressionitis? They go to the big show for the quick cure.

Weddings

VANCE — SHARP

TRENT RIVER, Sept. 12. (Examiner Correspondence).—A quiet but pretty wedding was solemnized at the parsonage, Belleville on Monday, Sept. 5th at 4.45 p.m., when Miss Bessie, youngest daughter of Mr. and Mrs. Adolph Sharpe, of Stockdale, was united in marriage to Mr. Clark, oldest son of Mr. and Mrs. George Vance of Seymour West, the Rev. Mr. Medd officiating. The wedding party drove to the home of the bride's parents where the wedding supper was served. Only the immediate relatives of the bridal couple were in attendance. The happy couple left for a short honeymoon and have taken up residence in Trenton.

Highway No. 16, in Eastern Ontario, is now connected to Highway No. 7 by the newly constructed road between Actinolite and Perth.

349 GEORGE WARNE BROS. PETERBORO

W.M.S. Meeting Held In Warsaw Church

WARSAW, Sept. 10 (Examiner Correspondence).—A large number of members and five visitors attended the United Church W.M.S. meeting held recently. The president, Mrs. G. G. Taylor, was in the chair. After the opening exercises it was decided to leave plans for the smaller articles for the bale with the groups. The larger articles, including the quilt are ready. Mesdames Wilkinson, David Taylor, and David Miller, and Rev. W. J. Wilkinson were appointed a committee to arrange for a social evening in the near future.

Mrs. D. Taylor, Group E convener, took the chair. "Tell Me the Old, Old Story," was sung, followed by prayer led by Mrs. Taylor. Mr. Wilkinson gave a lesson from the Study Book on "Better Health in Korea." Before taking the chapter, he spoke of how much better it would be if the members themselves did this, even if it did take time to prepare the lesson. Mrs. Taylor also spoke on the same line. When they made up their minds to do it, they would find they could.

Mrs. Stuart Clysdale and Mrs. James Hawthorne sang "I Shall Be Ready." Mrs. Wilkinson gave a piano selection. Mrs. Weller read "The Unfolding of the Flower." Mrs. Allan Taylor led a contest of words ending in "ty." Mrs. Wilkinson had the most correct.

The meeting closed by singing, "Behold a Stranger at the Door," and the Benediction.

Mrs. D. Taylor, assisted by Mesdames Stuart Clysdale, Wilkinson, A. Taylor and W. Darling, served refreshments. Mr. Wilkinson did not hesitate to make two trips to get some of the ladies there.

Backache is Sign of Kidney Trouble

Backache is Nature's warning that there is something wrong with your Kidneys. Never neglect it. Backache, if not corrected, is often followed by more serious forms of Kidney trouble such as Rheumatism, Dropsy or even Bright's Disease. At the first sign of Kidney trouble, such as Backache, turn unhesitatingly to Dodd's Kidney Pills—which for over three generations has been the favourite Kidney tonic and Remedy. 262

Dodd's Kidney Pills

Norwood

Mr. and Mrs. Thomas McConnell, Miss Ina and Mr. Charlie McConnell are spending a few days the guests of Mr. and Mrs. Ackerman of Belleville.

Mrs. W. Wildman and daughter Miss Frances Wildman of Toronto are the guests of Mr. and Mrs F. J. Stewart.

Miss Florence Brockies of Toronto who has spent the last week the guest of Mr. and Mrs. F. Pearce has returned to the city.

Miss Jean Buck of Peterborough spent the week-end with her parents, Mr. and Mrs. O. Buck.

Mr. and Mrs. Alex Weir and daughter Helen spent the week-end at the home of Mr. J. Weir.

Mr. and Mrs. Ralph Elliott spent a few days with relatives in town before leaving for their home in Montreal.

Mr. and Mrs. H. Robb, Mrs. R. Packenham and daughters Dorothy and Frances have returned home after spending the summer at their cottage at Stoney Lake.

Miss Freda Nelson of Campbellford spent the week-end with her brother, Mr. L. Nelson.

Mr. and Mrs. S. M. Ward of Peterborough spent the week-end at the home of the latter's parents, Mr. and Mrs. J. Humphries.

Messrs. D. Ennis, G. Campbell and Miss Grace Type of Toronto were the Sunday visitors at the home of Mr. and Mrs. F. J. Stewart.

Norwood appreciation of music is particularly demonstrated on Saturday evenings. Large crowds this summer have enjoyed Norwood Citizen's Band and its wide popularity has been established through the country. Mr. Charles Renaud, bandmaster, a musician of talent and organizing ability presented the final open air concert last evening. His program which was delightful consisted of the following numbers: When You and I Were Young Maggie, Gypsy Festival Overture, Rock of Ages, Lead Kindly Light, Military Escort March, Project March, Normal March, Norma's Dream Waltz, Little Grey Church Serenade, Ambition Overture, Zenith Overture, God Save The King.

Ennismore

Obituary

MRS. DAVID HUMBER

Mrs. David Humber (nee Verda Hetherington) passed away at Nicholls Hospital yesterday morning after a brief illness. Mrs. Humber, who was in her 26th year, is the daughter of Isaac Hetherington, Chemong Road.

She leaves to mourn her loss her sorrowing husband, two small children, one sister, Mrs. N. McFadden, Peterborough, three brothers, Orivile, Ray and Earl, Peterborough.

The funeral will be held on Tuesday September 13 at 2 p.m. from Comstock Funeral Home, with interment in Little Lake cemetery.

MRS. GEORGE WAREHAM.

SPRINGVILLE, September 12 (Examiner Correspondence). — Mrs. George Wareham died at her residence here suddenly, early this morning, at the age of 83 years. Born in Baltimore she was a daughter of the late Mr. and Mrs. James Gilmour, and had lived in this district all her life. She is survived by one son, W. G. Wareham of Brazil, and four daughters, Mrs. Harry Clark of Springville, Mrs. George Baird and Mrs. Fred C. Miller of Peterborough, Mrs. E. H. Wilson of Lethbridge, Alberta.

The funeral is to be held on Tuesday at 2.30 p.m. from the family residence to Little Lake Cemetery. Services will be conducted by the Rev. F. H. Moyer of Springville United Church.

(By Examiner Staff Correspondent)

GILBERT BEDFORD

CAMPBELLFORD, Sept. 12. — Pioneer of the community and one who held a warm place in the esteem and affections of all who knew him. Gilbert Bedford was laid to rest on Thursday afternoon after funeral service had been conducted in Christ church, Campbellford by the Rev. T. H. Floyd, assisted by two former rectors of the church who were intimate friends of the decease, the Rev. N. Clark Wallace and the Rev. C. E. Clark, both of Toronto. Interment was made in Christ Church Cemetery, the pall bearers being J. P. Archer, F. C. Bonnycastle, S. H. Neale, Major J. M. Bygott, A. T. Linton and J. R. Smith.

The late Mr. Bedford, who died at his Rannie street home on Tuesday last was born 74 years ago in the township of Seymour on the Bedford homestead.

Prominently associated with the Anglican cause, he was a staunch member of Christ church, Campbellford and despite the affliction of blindness was a regular communicant and one who held the esteem of his fellow worshipers.

Surviving are one brother and five sisters: Joseph V. Bedford of Campbellford, but at present visiting in the Old Land and Mrs. Robert Clough, Mrs. W. Thom and the Misses Thomasene, Mary and Annie Bedford.

The Montreal Harbour Bridge is two and one-eighth miles long.

Silica sand, technically known as silican dioxide, is being mined on Black Island, Lake Manitoba.

1832-1932

This advertisement is one of a series commemorating the hundredth anniversary of The Bank of Nova Scotia

In 1836, four years after the establishment of The Bank of Nova Scotia in Halifax, N.S., the first steam train ran in Canada.

When Trains were still Dreams of the Future

Today transportation facilities of all kinds have developed to an extent far beyond the dreams of the promoters of the first steam railroad. The facilities of The Bank of Nova Scotia have developed correspondingly. A small local bank one hundred years ago it now serves industry and enterprise with a Coast to Coast system of Branches in Canada, world-wide old established banking connections and ample resources to meet the needs of modern business.

A CENTURY OF BANKING SERVICE

The BANK of NOVA SCOTIA

The C.D.S. Features a Fine Array of

NEW FALL DRESSES

at Exceptionally Low Prices for Women and Misses

Dr. L. L. and Mrs. Vosper and son George, of Kingston, have returned home after holidaying at their summer cottage at Oak Lake. They visited friends in town when passing through.

No More Piles

How to End Painful Piles Without Salves or Cutting.

It takes only one bottle of Dr. J. S. Leonhardt's prescription — HEMROID, to prove how easy it is to end itching, bleeding, or protruding piles. This internal remedy acts quickly even in old, stubborn cases. HEMROID succeeds because it heals and restores the affected parts and drives out the thick impure blood in the lower bowel—the cause of piles. Only an internal medicine can do this, that's why salves and suppositories fail. McDermid & Jury and Rend's Drug Store and druggists everywhere sell HEM-ROID Tablets with guarantee of money back if they do not end all Pile misery.

Kiwanis Win First Game of Titular Series 5-4

"LEFTY" FIELD IS VICTOR IN TWIRLING DUEL

Petes Cut Off Tying Run is Ninth to Give Them 5-4 Victory.

SEVERAL STRIKEOUTS.

Both Teams Play Great Fielding Game—Al Clark Leads Home Stickers.

Kiwanis Bantams won the first game of the O.B.A.A. final series from Hamilton, 5 to 4, before a big crowd in Stevenson Park Saturday. The game was of championship calibre for boys under sixteen, and as keenly-contested as the score indicates. The tying run was cut off at third by the Petes in the ninth inning to give them the win. The second game of the series takes place in Hamilton next Saturday.

"Lefty" Field opposed the classy Clarke on the mound, and the local boy held his own in the twirling duel He struck out seven, allowed eight hits and walked two; while Clarke also gave eight hits, one a double by Al Clark, fanned eleven and handed out five free bases. Some nice hurling was shown by both boys in the pinches.

Kiwanis scored first in the opening stanza, G. Clark getting to first on an error, and coming in on hits by brother Al and Starr. Hamilton got two in the second on a walk, hit batsman, two outs and a couple of wild pitches. The local lads shoved one across in the third on hits by Kingdon and O'Leary, a fielder's choice and a stolen base. They got a brace of markers in the fourth, a walk, stolen sack, error, passed ball, and singles by A. Clark and Thorburn sending them in. Their last run was garnered in the sixth, a walk, Starr's single and Al Clark's double doing the trick.

Three singles by Hamilton in the seventh were good for but one counter. They got their fourth run in the eighth on two hits with a pilfered bag thrown in. The first one up in the ninth for the visitors was thrown out, the second one singled and stole second. The next one fanned, and then the player on second tried to steal third. He made it ahead of the throw but overslid the base and was tagged out to end the game.

Both sides fielded well, the Petes being fast and getting in a fine double play of Kingdon to A. Clark to Thorburn. These three boys had a flock of chances to handle and they looked smooth. The other boys also went well in the field for Kiwanis. Kellar at second and Russell on first for the Hamiltonians proved the best defensively.

Al Clark led the home stickers with two singles and a double in three trips, with Eddie Starr next with two in three times. Young and Krawczyk for the other outfit had two clouts apiece.

Clark; sacrifice hit, Starr; hits, off Clarke 8, off Field 8; struck out, by Clarke 11, by Field 7; bases on balls, off Clarke 5, off Field 2; wild pitches, by Clarke 1, by Field 2; hit batsmen, by Clarke (O'Leary), by Field (Krawczyk); passed ball, by Gourlay 1; double-plays, Gourlay to Kellar, Kingdon to A. Clark to Thorubrn; time of game, 1.35; umpires, Kay at plate, Lebarr on bases.

YESTERDAY'S STARS

Jimmie Foxx, Athletics—His 32nd homer with one on beat Tigers.

Wes Ferrell, Indians—Halted Yankees with eight hits and aided own cause with two singles.

Fred Marberry and Buddy Myer, Senators— Former held White Sox to six hits in opener; latter collected double and three singles in nightcap.

Dale Alexander, Red Sox—Clouted Brown pitching for home run with one on.

Carl Hubbell, Giants, and Gus Mancuso, Cardinals—Former allowed eight scattered hits in opener; latter's homer with one on won second game.

Wally Berger, Braves— Found Reds' pitching for four doubles and two singles in doubleheader.

Dale Alexander, Red Sox—Clouted Brown pitching for home run and 3 doubles in two games, drove in four runs and scored four.

Gabby Hartnett, Cubs—Beat Dodgers with home run with one on.

Phil Farley Wins Ontario Tourney

Forbes And Cranston Tie For Second Place At Lookout Point.

WELLAND, Sept. 12.—Phil Farley, young Toronto Cedar Brook Club golf wizard and amateur champion of Ontario, tonight had another tournament title hanging from his belt.

Battling strong winds and a classy field of competitors, Farley Saturday won the Ontario fall championship at Lookout Point Golf and Country Club, scoring a 76 (two over par) for the 18-hole medal play test.

Only a stroke behind came W. A. Cranston of Lookout and J. Forbes of Cedar Brook. Four players with 79's occupied next place—Don Carrick, Toronto Scarboro'; Gordon Taylor, Toronto Royal York; Jack Nash, London Hunt Club, and W. J. Thompson, Toronto.

A birdie four on the last hole, made after he had overshot the green gave Farley the championship. He had been out in 36, one under par, but coming home took a stroke more than perfect figures on the 11th and 15th holes and two more on the 16th. Going to the last tee with 72 and needing a birdie to win from Cranston, who had posted his 77 earlier, Nash drove perfectly, but overshot the carpet on his approach. A beautiful chip shot from 70 feet out landing a foot from the cup gave him the title.

Forbes, with a handicap of 6, had a net of 71 to take low-net honors. The club prize was won by the Lookout team of J. Heslop, W. Cranston, T. Bright, J. M. Burns and A. Turnbull.

KEENE GAINS 1-GAME LEAD FOR HONORS

Several Glaring Errors Dim Hopes Of Leafs In The Third Game.

HURLING NO MYSTERY.

Keene Girls climbed to within one game of the championship in the Girls' City and District League at the Bowl on Saturday afternoon, when they clashed in the third game of the play-offs with the Maple Leafs and won 14 to 11, to make it two wins in three games, the other tussle being a tie.

The biggest crowd of the season turned out to root the locals to a win, but the Leafs, although they out-hit their opponents 16 to 14, made several costly errors and failed to display much of the finished style of performing that has characterized some of their earlier performances. They made several glaring errors at critical periods, while the passed balls at the plate were a big help to the visitors, who sped around the bases like big-leaguers. Elsie Gates took over the hurling assignment for the losers, but the Rurals found her easy to hit, and together with this, four free trips to first made the win easier for the Keene team.

Mary McCarthy tossed them over for the winners, but failed to show anything that could be catalogued as a brilliant performance. The Leafs got to her early in the game and pounded out 16 safeties, as well as drawing three free passes to first, and with any kind of clever fielding should have taken the decision.

Box Score:

Maple Leafs:	AB	R	H	PO	A	E

LEAFS LOSE AGAIN.

(By the Associated Press)

A week from today the International League season will be over the 1932 championship has been in the hands of the Newark Bears for a week, and yet one of the warmest four-cornered races anyone could want still is going on within the circuit.

Second place is the objective of the struggle and Baltimore, Buffalo, Montreal and Rochester, running in that order, are separated by only 5½ games with mere half-game margin separating the first two contenders.

Toronto Loses Again

After being shoved down a couple of notches in the course of a couple of stiff struggles with its leading northern division enemies while Baltimore was making merry at the expense of Jersey City and Albany, Buffalo staged a quick comeback yesterday to reduce the margin again. The Bisons overwhelmed Toronto in both games of a doubleheader while the Orioles got only an even break with Newark's champions.

The pitching of Fred Fussell and Bill Gould made things easy for Buffalo. Fussell pitched a seven hit game in the opener to win 8 to 2 and Gould granted only five more safeties for a 9-1triumph in the second. Fussell's win was his 15th of the season.

Orioles Win First 8-5

Newark sent a rookie moundsman, Duke, against Baltimore in the first half of their twin bill and the Orioles slammed him around to win 8 to 5. Home runs by Akers and Regan were important factors in the triumph. It was a different matter, however, when the veteran Pete Jablonowski faced the Orioles and he sent them down with two hits to win 4 to 0, his 10th victory in 11 starts. A crowd of 14,000 saw the new champions play their first Sunday ball since they clinched the flag.

Wings Take Double Fall

Montreal turned back Rochester twice to stick with the other second-place contenders and drop the Red Wings three games into fourth. The Royals had to go 10 innings in the first before Conlan's homer gave them a 2-1 decision but a seven run outburst in the second inning settled the second clash, 7 to 0.

Jersey City tightened its hold on sixth place, moving three games ahead of Albany with a double victory over the Senators. The scores were 6 to 5 and 5 to 3.

BLAIRTON, Sept. 12.—The first meeting of the newly-formed Social and Athletic Club of this place was held at the school-house Wednesday evening with President Thomas B. Moffat in the chair.

The business dealt with mainly concerned arrangements for the dance which the club is sponsoring in the Belmont Township hall on Sept. 30. An advertising committee was appointed and instructed to supply and distribute a sufficient number of bills to fully advertise the dance.

C. Robertson, D. McQuaig and Alex Boyd were appointed a committee to arrange music for the evening. Arrangements re lunch were left to be made at the next meeting which will be held at the residence of Alex Boyd on Sept. 16.

The construction of the first hotel at Churchill, Manitoba, is expected to start this fall.

Exports of Canadian wheat through the port of Vancouver last year constituted 44 per cent of the total.

Campbellford Wins From Warkworth

CAMPBELLFORD, Sept. 12 (By Examiner Staff Correspondent). — In a lawn bowling tournament staged by the Warkworth club at that place on Friday evening, the Campbellford club took four straight games from their entertainers which proved more than interesting. Although scores were not close, play was even; the Warkworth rinks putting up a good fight for the honors. The games:—

Campbellford:	Warkworth:
W. S. Wiggins Skip.....12	J. E. Neill Skip..... 8
W. S. Wiggins Skip.....10	W. E. Baker Skip..... 6
C. P. Shepherd Skip.....16	W. Baker Skip..... 5
C. P. Shepherd Skip.....16	J. E. Neill Skip..... 8

BAILIEBORO WINS OUT 11-6

Highway Village Gains Advantage In First Game Of Northumberland League Play-Offs.

POOR FIELD SUPPORT.

(Examiner Correspondence)

BAILIEBORO, Sept. 12.—The initial game in the Northumberland league play-offs took place on Saturday afternoon on the local ball park, when Colborne the winners of the eastern section clashed with the locals who won out in the western league fixture, the locals winning out in a 11 to 6 victory.

The game throughout was a hectic exhibition of baseball, both teams playing a brand of ball far below their usual style and featured by several costly errors and overthrows.

Deyell and Woods who compose the local battery were the only members of the local squad who were in their usual form, and the hard working battery did not receive support from any section of the grounds except the large crowd of fans who backed the boys to perfection.

S. Purdy, the youthful Colborne twirler pitched a tantalizing curve, and held the Bailieboro boys down to 11 hits. The sturdy southpaw, however, also received poor support and altogether both teams turned in a game which did not hold the interest of the indignant fans.

J. Smith the visiting right fielder turned in a good game in that territory and made several spectacular catchesof difficult flies.

Clever Base-Running

The exhibition of base running given by the visitors showed much more form than did the locals exhibition. They also staged a rally in the eighth frame and threatened to take the game from the locals. Willoughby started in that inning and reached first on Johnston's error. S. Purdy's drive to right was dropped by Barker. Deyell fumbled Bilcox's bunt to let the bases fill and then set to work to redeem his error. He pitched twelve balls to retire the next three batters and allowed no runs in that inning.

Meet Again Wednesday

The second game of the play-offs will be staged on the Colborne diamond on Wednesday. The local squad will be sadly crippled by the loss of the first baseman Sayles who recently left for Kirkland Lake. J. Barnard, the third-base man will also be absent and K. Barnard the left fielder has returned to Toronto. E. Carl will in all probability be sent to do the twirling.

The box score:

Bailieboro:	AB	R	H	PO	E
E. Carl, 1b	5	1	2	6	1
J. Barnard, 3b	6	2	3	1	1
M. Wood, c	4	3	0	13	0
Johnston, 2b	5	0	0	4	1
A. Deyell, p	4	1	1	1	1
K. Barnard, rf	4	0	1	0	1
H. Dean, cf	5	1	1	0	0
Barker, cf	5	2	2	0	1
G. Dean, ss	4	1	1	2	0
	42	11	11	27	6

Colborne:	AB	R	H	PO	E
Willoughby, of	6	1	0	1	1
S. Purdy, p	6	1	1	1	0
Bilcox, 2b	5	0	0	3	1
D. Purdy, ss, 3b	5	1	2	1	2
J. Smith, rf	5	1	0	3	1
A. Grant, lf	5	1	1	1	0
G. Clarey, 1b	5	0	1	6	0
J. Seeds, ss	2	0	0	1	0
A. Turpin, c	5	1	0	7	1
F. Bilcox, 3b	3	0	0	0	0
	47	6	5	24	6

Summary: Struck out—By Deyell 15, by S. Purdy 8. Hit by pitcher—E. Carl and Deyell by Purdy. Bilcox by Deyell. Walks—Off Deyell 1, off Purdy 3. Stolen bases—Colborne 8, Bailieboro 7. Three-base hits—S. Purdy. Two base hits, Carl and Deyell. Wild pitches—Bailieboro 4, Colborne 6.

Score by innings:
Bailieboro .....050 500 01x—11
Colborne .....000 020 301— 6

FERRELL WINS OVER J. ALLEN FOR CLEVELAND

Suspended Star Marks Return to Game by Registering 21st Victory.

SENATORS WIN TWO MORE.

Simmons Twists Ankle While Making Shoe-string Stab—Browns Break Even.

(By Herbert W. Barker, Associated Press Sports Writer.)

The major league finish line still is 14 days away, but, with a little luck, both pennant races may be decided this week.

The New York Yankees are almost certain of clinching the American League flag within the next few days. They need only two victories to eliminate the sole remaining contenders, the Philadelphia Athletics and Washington Senators. In the National League, the Chicago Cubs are confronted with a sterner task. They need ten victories to eliminate the Pittsburgh Pirates, or any combination of victories which, coupled with Pittsburgh defeats, totals 10. The odds are against any definite decision in the National League this week, but it could be done if the Pirates hit the skids.

Cubs Strengthen Lead.

The Cubs stretched their lead over the idlea Pirates to six full games yesterday by trimming the Brooklyn Dodgers 3-1, behind Guy Bush's eight-hit pitching. Gabby Hartnett's home run with Manager Charley Grimm on the paths, gave the Cubs their winning margin in the fourth inning. The defeat all but eliminated the Dodgers from the race. They automatically will be out of it as soon as the Cubs win four games or when any combination of Cub victories and Dodger defeats totals four. The only other team with a mathematical chance to win are the Phillies, but they will go out as soon as the Cubs win three games.

The Boston Braves beat the Cincinnati Reds in both ends of a double-header, 13-3 and 10-1, and drew to within a game and a half of the fourth-place Phillies. Tom Zachary and Ben Cantwell pitched steady ball for the Braves and had the benefit of some high-powered hitting by Dutch Holland, Wally Berger and Randy Moore. The St. Louis Cardinals retained their hold on sixth place by beating the New York Giants, 3-2, in the second game of a double-header after taking a 7-3 beating in the opener.

Yanks Make No Progress.

The Yankees made no progress in their march to the American League flag for they were stopped by Wes Ferrell and the Cleveland Indians, 5-4. Ferrell, making his first appearance after a 10-day suspension, held the Yankees to eight hits and won his 21st game of the season.

Jimmie Foxx's 52nd homer with one on was the margin by which the Athletics beat the Detroit Tigers, 5-4. Washington made it 23 victories in 27 games by tripping the Chicago White Sox.

The St. Louis Browns, after breaking an eight-game losing streak in the first game, 7-1, dropped the second to the Boston Red Sox, 8-3. Dale Alexander poled a home run with the bases filled and two doubles in the second game.

Bowling Notes

NORWOOD, Sept. 12. (Examiner Correspondence).—Two rinks from Norwood motored on Friday evening to finish out a league fixture in the Trent Valley Bowling League. The games resulted in a 50-50 break, two wins and two losses.

The personal of the Norwood rinks were as follows:

D. B. Cutcliffe, D. Kirk, J. C. Riseborough, W. Bitten.

Dr. Carleton, A. Kempt, Chas. Miller, M. Grover.

Major League Leaders

PACKERS BEAT PORT IN PECK SOCCER TROPHY

Petes Were Out classed in First Half, but Used Same Tactics in Second Period.

PACKERS 5, PORT HOPE 3.

Port Hope were eliminated from the semi-final of the A. E. Peck cup, on Saturday afternoon at Port Hope by the score of five to three, by the Canada Packers, before a good attendance of spectators. The Petes were down two goals at the interval but Captain Buchan, of Packers carried an aggressive campaign in the second half to gain the benefit of playing the Canadian General in the final. Defeat of the Lakeshore team is attributed to the long grass on the playing pitch.

Port Hope Dominated

Captain Buchan, Packers, won the toss and used his usual strategy by selecting to play against the sun, along with the field incline. It was evident that the Petes were in for a grueling time as Port Hope dominated the entire activities by over-running the play against the half-backs that were run off their feet trying to stem the onslaught. On an individual effort by T. Boon, on a pass by Morrison, he beat along the wing to feint a move, instead he travelled to the outside which finally left him in an excellent position to open the scoring. Raid after raid continued, by the Port Hope forwards, to give Morrison the chance to further add to the score. The Petes full backs, along with the halves were in difficulties many times battling against the strong wind blowing straight down the field. After Ross had made an attempt to break down the barrier. Green and Watson still held the attacking force outside the shooting zone. From a scrimmage in front of the Port Hope goal, J. Black sent his right wing way to the other end where Morrison manouvered at centre until his wing men were in position. Ri Black accepting the pass, went right up through the centre to put his team ahead three goals. Just before the interval, Ross reduced the lead when he caught the re-bound off the cross-bar. Half time, Port Hope 3, Canada Packers 1.

Use Same Tactics

No changes were made in the teams on resuming. Port Hope reorganising their defense so as to hold the advantage. Jones went right half and Cameron in his place. Buchan, Packers, compelled his forwards to go right up into the shooting area. He instructed his wing halves to punt the ball upfield. This strategy proved successful for the forwards as they had no running to do but trap the ball and shoot at short range. Success came to them soon when Newt. Doyner's snap drive beat Curtis all the way. Ross followed with an individual score. But the crowning success was left to George Downer who took a corner kick. His drive went into the goal after travelling in the air at a peculiar angle. Curtis jumped up in below the bar to stop its progress, but not sufficient to prevent the Petes taking the lead. Green and Watson transferred places, from the defense to the attack, in an attempt to even up the count again but it proved their undoing when the Packers reverted to the long swinging passes to their forwards. Newt Downer, Ross and Evans working a triangle play upon the Port Hope full backs—Cameron and Jarvis—until the Packers centre shot the ball across to George Downer. He carried the ball down to the corner where the Port Hope men—three of them—tried to block him. The Packers wing man shot the ball across the goal to witness them miss the ball. Evans run up to meet it with his knee and finally touched it through for the fifth counter.

Canada Packers 5, Port Hope 3.

Goal scorers—Port Hope, T. Boon, C. Morrison and Roy Black. Packers—Ross (2), Newt Downer, George Downer, Dick Evans.

Port Hope—W. Curtis, goal; J. Watson and D. Green, full backs; J. Cameron, J. Black and J. Shaw, halves; J. Jarvis, C. Morrison, E. Jones, Roy Black and T. Boon, forwards. Subs, R. Cromley and J. New.

Canada Packers—L. Melrose, goal; A. Downer and E. Hakin, full backs; F. Nicholls, J. Buchan and A. Bromley, halves; N. Downer, A. Ross, D. Evans, T. Foster and G. George forwards. Subs, F. Dyer and A. Downer.

Referee—Ted Bartley.

Stanley Poreda, Jersey City heavyweight, who recently outpointed Ernie Schaaf, once was a piano salesman. He has been defeated only twice in three years.

SPORTS Day by Day

Baseball — Softball — Lacrosse
Boxing — Wrestling — Acquatic

(BY C. J. P.)

The fourth, and perhaps the final, game of the girls' softball play-offs is billed for this evening at 5.30 at the Bowl. As Keene took the third game Saturday, they are now sitting pretty with two wins and a tie in the five-game series. They just have to take one of the next two contests and it will be the '32 title and the Bond Trophy for them once more. The Maple Leafs had better do a shake-up or something right away or they'll be holding the bag.

* * * * * * *

They should have kept out in front Saturday, but errors and a couple of dumb plays gave Keene the edge. It was a nice battle for awhile, with smart fielding seen on both sides, and then, bloole for the Leafs. The battery on that team isn't clicking at its best now, a few of the fielders seem off-form, and the whole crew lacks real fight.

* * * * * * *

That's our opinion and if we're wrong, why sue us! It certainly doesn't look good when one team keeps winning game after game in the play-off series. A real old shakeup just might make a difference, although the same linsup is liable to step out and cop the game tonight easily—softball being what it is. Anyway, the teams are getting the crowds. And the last two tussles weren't too bad.

* * * * * * *

Our bantam baseballers, Kiwanis, grabbed off the first of the final series' games for the O.B.A.A. title Saturday, nosing out Hamilton here, 5 to 4. It was a fine ball game, witnessed by a swell crowd, and had a highly exciting finish. Fields threw good ball to have an edge on Clarke, the Hamilton ace, and he received excellent support offensively and defensively. They play in Hamilton the return game next Saturday. If they win, it's over. Otherwise a third game will be necessary on neutral grounds.

* * * * * * *

We liked the fielding of Kingdon and Thorburn, while the other boys all kicked in with their share of the work. The Clark brothers were medicine to Hamilton all afternoon, Al being bad news particularly, both with the willow and in the field. Manager Herb Ralph has a smart little ball team, and if Phelan or Anderson—whichever twirler he puts in—goes right in Hamilton, the kids may cop the title in two straight games.

* * * * * * *

Anyway, they can't kick at the local support given them. If Pat Calladine's juveniles just get as good a gate when they play St. Andrew's of Toronto here this coming Saturday, everything will be fine. The Maple Leaf Juveniles certainly need support, as they had to raise the dough to take them to Toronto Saturday after being idle a month, money going out all season for expenses, and not a cent brought in yet. And if they win this series, they may have to hop all the way to Niagara Falls for the finals.

* * * * * * *

They lost their first semi-final game 7-2, in Willowvale Park Saturday, two big innings giving the Saints all their runs. "Lefty" Lesurf had 'em fooled the rest of the way and got good support. Versage pitched nice ball for Toronto, with Salsberg, in the field, coming through with three hits, same as Bill Calladine. These two boys will hook up in what should be a great pitchers' battle in the game here, both being rated as about the best juvenile twirlers in Ontario.

* * * * * * *

Brintons play Orde's at 8.30 in the Brock tonight, a scheduled City Lacrosse League game. If Orde's win this tussle, they will be well out in front in the close race, but if the Carpetmakers come through as they have been doing lately, they will be right on the Barbers' heels in second place, after hurdling Millbrook. The fight is pretty close now, and the boys are battling hard every game. Tonight's box lacrosse fixture between the loop-leaders and the up-and-coming Brintons should be well worth seeing.

* * * * * * *

Why not a Peterborough intermediate rugby team in the O.R.F.U. this fall? We've spoken to several interested parties lately and they feel that a good intermediate team could be rounded up here in short order and grouped with Oshawa, and maybe Lindsay and Orillia. There must be plenty of material for such a team here, and probably quite a few local fans who want the game revived again. Those interested should get together and organize early and see what's what.

* * * * * * *

The third mixed double-header of the Indoor Fall League at the Brock is billed for tomorrow eve. The men's team, Red and White Stores and Daily Stars, clash in the first game at 7.15. They are followed at 8.45 by the gals' outfits Westclox and Maple Leafs. Both these contests should be very good, and those who think Westclox should have beaten the Leafs in the girls' playdowns lately will have another opportunity of seeing them battle it out. The Leafs will play in the Indoor League Tuesday, regardless of whether their playoff series with Keene at the Bowl is over or not.

CALEYS LOSE TO ELECTRICS THREE TO ONE

Four Goals Scored in Seven Minutes in the Second Half.

ERRATIC SHOOTING.

Extra time was not necessary, on Saturday afternoon, for the semi-final of the Peck soccer Cup when the Canadian General got the decision over the Caledonians by the score of three to one. This was the third time that the teams had met in the same cup games and now the winners meet the Packers in the final of the soccer competition.

Erratic Shooting

From the kick-off the Caledonians made straight for the C.G.E. citadel to find the defense running the attack to the corner. From the wing position, T. McPhate sent across a rocket drive that his team-mates failed to accept, Daynes running out of goal to clear up-field where Robb conceded a foul kick. Craig placed the ball into goal. Westwood slammed the ball towards goal but Burgess came in the way of it to lose his balance. A scrimmage ensued with T. McPhate landing a rocket drive in below the bar. Daynes jumped up in the air to give away a fruitless flag kick. Quickly the play was transferred to the Scotsmen area where they had a busy session holding out the dangerous attacks of the C.G.E. forwards. Two flag kicks brought nothing tangible except that Bolton was the master of the situation. Alhough he got a fright when the C.G.E. pivot man hit the corner of the upright to go over the bar. Erratic shooting continued in both attacking front lines and resulted in the half backs having a try at goal themselves which gave the custodians every chance to clear their goal. On one occasion, the Caleys hammered away at the C.G.E. goal to find that Daynes was unbeatable with long shots or efforts that went sailing over the bar. Before the interval, the Electrics took the upper hand of the play to keep up a continual attack that lacked the necessary finish. While the Scotsmen replied with well planned raids that was unproductive of any counter because they failed to accept the openings around the goal. As the whistle blew, Westwood was well set to score from a pass from T. McPhate but his first timer went skyward. Caledonian 0, Canadian General 0.

Mitchell's Smart Effort

On resuming, the Scots changed their line-up to include Rankin in place of Greer. The first note of interest came when Rankin broke through to leave his extreme man in possession but the opposing full backs, Clyde and Mitchell, blocked them or played an offside game to advantage. Clark sent Burgess along the wing who sent a stinging drive into goal. The C.G.E. players harassed the Scots' goal-keeper to make him drop the ball over the line and luck was with him as he gave a corner kick of no account. Then Craig carried the ball to the other end where McCracken beat three men on an individual effort. Daynes saved at the side of the post. He followed up the play but giving his centre-man a chance to score but he was a fraction too late to tally. Robb kicked clear on the mis-kick, A. Mitchell trapping the ball from the air, sent Burgess along the wing to be overwhelmed by Craig as he was set to shoot. But Anderson picked up the loose ball to send two attempts against Bolton who fisted clear over he bar.

Four Goals in Seven Minutes

From a scrimmage in front of the Scots' goal, the C.G.E. pivot man found the net through a sea of legs. Two minutes later, Anderson added number two from close range. A desperate rally by the Scots enlivened the proceedings when they reduced the lead through Westwood who bulged the net past Daynes. From the centre kick, Mitchell dribbled his way through until he was blocked but a timely pass back to McMaster and ended in him beating the Scots' custodian all the way. Thereafter, the attacking force of the Scots never dwindled against the stubborn defense of the Electrics who held on tenaciously to the lead they had. McCracken and T. McPhate opening and placing the inside men in possession to test out Daynes, in goal, who punted over the bar or jumped into the thick of the struggle to come out with the ball. After McCracken had sent a nice pass into goal, Rankin picked the corner of the post but instead it hit and rebounded back out again where A. McPhate lost a great chance to score. They came back for Craig to slam a shot over the goal line that Daynes kicked clear behind the goal line. The Scots appealed for a goal but the official judged otherwise. Until the finish, the Scots laid down a barrage of shots which compelled the C.G.E. forwards to drop back and aid their much harassed full backs and the Caleys were pressing as the whistle blew. Canadian General 3, Caledonians 1.

Goal scorers—C.G.E., B. McMaster (2) and Anderson. Caledonians, Westwood.

Caledonians—J. Bolton, goal; S. Agnew and T. Craig, halves; W. McCracken, R. Carmichael and T. Reid, halves; J. Greer, A. O'Halloran, T. Westwood, A. McPhate and T. McPhate, forwards; sub., W. Rankin.

C.G.E.—J. Daynes, goal; J. Mitchell and . Clyde, full backs; S. Clark, W. Robb and W. Bolam, halves; A. Burgess, J. Anderson, B. McMaster, A. Mitchell and H. Darling, forwards.

Referee—Alex. McKinley.

Linemen—D. McGregor and W. Harrington.

Ouimet Is Favored To Hold Golf Title

BALTIMORE, Sept. 12. (CP)—Amateur golf's big six day marathon started over five farms course here to-day with 159 challengers seeking qualifying positions for the United States championship.

Over this difficult, 6,600 yard layout, where par 70 has never been bettered in competition, the first 18 holes of the 36 hole qualification test was played. The 32 low scorers to-day and to-morrow will advance to Wednesday's match play rounds.

Picking favorites for this championship, the world series of golf, was risky but Francis Ouimet, the defending champion of Boston, who came back last summer at Beverly to regain the title he first won in 1914, was well liked.

Hull May Enter Team In Eastern Pro. Loop

OTTAWA, Sept. 12. — (By the Canadian Press.)—Possibility of the Ottawa Hockey Association being represented by a team from Hull in the Eastern Canada League, a minor circuit, has aroused interest here. Other teams in the loop are Quebec City, Three Rivers, Sherbrooke and Montreal.

Under the plan, the Hull team would constitute a farm for the Senators, of the Ottawa Hockey Association members of the National Hockey League. The surplus players of the Senators would be placed on the Hull squad.

Swimming Meet Is Held In Y.W. Pool

One of the largest swimming meets of the season was held at the Y.W.C.A. Pool Friday evening. Many new swimmers competed and all the events were very well contested. Swimmers lined the pool and the balcony was crowded with spectators who cheered the racers.

The Y.W.C.A. Pool is a centre of attraction these September days, when many swimmers are coming back to the pool and appreciating the warmer water, showers and hair dryers at the pool. Classes are being held for beginners and advanced pupils. The weekly sports hour will be held next Friday and the final Outdoor Club picnic to Chemong will be held Tuesday evening.

The results of last evening's contests were:

Senior speed — Hazel Bradley, first; Eileen Bowler, second.

Senior diving — Hazel Bradley, first; Elda Bradley, second.

Intermediate speed—Leon Comstock, first; Peggy Edmonds, second.

Diving—Leon Comstock, first; Frances Bestard, second.

Junior speed — Dora Doukas, first; Frederick Fowler, second. Diving—Dora Doukas, first; Lily Long, second.

Babies, speed—Jimmie Cummings, first; G. Schiarizza, second. Diving—J. Cummings, first; Grace Schiarizza, second.

Practices

INTERMEDIATE CLUB.

The intermediate lacrosse players will hold a workout to-night from 7.30 and 8.30 in the Brock, and every player is asked to be on hand.

Local Caddy Second In Provincial Golf

TORONTO, Sept. 12.—The first annual Ontario caddie championship, held at the Royal York club on Saturday, proved a decided success and more than fifty lads of sixteen years and under competion in the 18-hole medal round in the morning. Youngsters were present from as far west as Windsor, while many of the Western Ontario centres were represented. The provisions of the tourney called for the two leaders at the end of the medal round to meet in an 18-hole match for the title, the championship belt and other prizes. Andy Dudley of Brantford and Jack O'Donoghue of Peterborough tied for the lead with 82's, two strokes better than Howard Scaife of Lakeview and D. Wood of the Toronto Golf. In the afternoon O'Donoghue failed to match Dudley in steadiness and was defeated 8 to 7 while Scaife defeated Wood 7 and 6 for third prize. The prize list included the first ten lads.

Ralph Metcalfe Will Compete At Hamilton

HAMILTON, Sept. 12. (CP) — Officials of the Hamilton Olympic Club announced to-day Ralph Metcalfe, giant Negro sprinter from Marquette University, Madison, Wis., will compete in the 100-yard dash and the 220-yard race at the clubs track meet Saturday.

Metcalfe will be faced in both events by Bert Pearson, Hamilton school boy flash. Metcalfe holds world records for both century and furlong.

Soccer Notes

A special meeting of the Peterborough and District Football Association will be held this evening in the Chamber of Commerce rooms at eight o'clock prompt. Business important.

Before the second half of the game last Saturday, the Scotsmen had their picture taken and one enthusiastic Caley supporter was heard to remark: 'That is the jinks —they'll never win a match."

Nipioe, Kilmarnock, two toured Canada last season with the Scottish cup holders, has not signed yet for them, although Chelsea has offered $11,000 for his services. Nobloe held back his signature because he wanted a guaranteed "benfit." His team would not give him anything.

Current gossip in local soccer circles is that next season, Lindsay, Warsaw, Port Hope, Deloro, Bowmanville will make application to the Peterborough and District Football Association, along with the local events to make a complete two-game schedule.

Lindsay beat Janetville on Labor Day in Lindsay in the return visit. Port Hope trounced Bowmanvile last Caturday week in Port Hope. Canadian General were the only team to visit Warsaw his season.

At a recent soccer get-together of the Caledonians, they gave away two handsome cushions donated by Mrs. Leister and the lucky winner was your humble—S. L.

Roper-Metcalfe would like to have a return game with Peterborough again this season. They beat the league leaders last week and are making a desperate attempt to win the championship this season, to make it two in a row. Alex. Mair now plays with Royal York.

ADULTS 15c - CHILDREN 10c

PETER HAS TO LAUGH AT HIMSELF.

If ever in all his life Peter Rabbit was sure of a thing he was sure that that dark gray form he had seen vanish under an old log not far off was a Mole. It wasn't big enough for Miner himself but it might be one of his children, and Peter was certain, absolutely certain it was. That is why he had so flatly and impolitely contradicted Happy Jack Squirrel, when the latter had said that it was Short-Tail the Shrew. Not even when a sharp squeaky voice from under the log asked what Happy Jack and Striped Chipmunk were laughing at and Happy Jack replied that they were laughing at Peter's long-time mistake, did Peter believe he was wrong.

"They are laughing because I said that you are a member of Miner the Mole's family," cried Peter. "Come out and show yourself and then we'll laugh at them."

At that Happy Jack and Striped Chipmunk laughed harder than ever, and from under the old log came sounds which were suspiciously like high squeaky laughter.

"Yes, do come out," cried Happy Jack. "Do come out just for fun and see who will do the laughing."

"Is it perfectly safe out there?" asked the sharp squeaky voice.

"If it wasn't do you suppose I would be sitting out here in the open?" demanded Striped Chipmunk.

"It is pretty bright out there. You know I don't like the sun. I don't like it at all," complained the sharp squeaky voice.

"There isn't enough sun to hurt you," retorted Happy Jack. "You can keep in the shade. Come out and meet Peter Rabbit."

"I dont need to meet Peter Rabbit," squeaked the sharp voice under the log. "I know all I need to know about him. I've seen him so often that I had just as soon not see him again for a while."

"Huh!" exclaimed Peter. "I don't care anything about meeting you. You're nothing but a Mole anyway."

"I'm a Mole, am I?" squeaked the sharp voice angrily. 'I'm a Mole, am I? I'll have you to know I'm nothing of the kind. Miner's family may be all right but I'm thankful to say that I am not even a connection. It's time, Peter Rabbit, that you know the difference between a Mole and a Shrew. I would have you to know that there is no Mole about me!"

...or a ...ute ...er Sh...d.

With this, out darted the dark gray form Peter had seen vanish under the log. It darted out right in front of Peter and chattered angrily. Abruptly Peter sat up and his mouth dropped open so that he looked absolutely foolish. It was true that this wasn't a Mole. Now that he had a good look he could see that while the shape was somewhat like that of Miner the Mole, and the fur was very much like that of Miner, the head was different and there was a very great difference in the front feet. Plainly this was a stranger to Peter, and yet he knew that he had seen Short-Tail often. That is, he had had many just such glimpses as when Short-Tail had darted under the old log. The truth is he never had looked sharply enough to see that it wasn't a member of the Mole family.

For a long minute Peter stared. Then he did a wise thing: he joined in the laughter of Happy Jack Squirrel and Striped Chipmunk. "I have to laugh at myself," he confessed. "The joke is very much on me. I thought I knew everybody around here, but I find I didn't."

Then he stopped laughing and turning to Short-Tail the Shrew, he said very politely, "I hope you will excuse me, Neighbor Shrew, and I hope in the future I may become really acquainted with you."

Lakefield

Misses Ethel Blakely and Rosetta Frankish of the Lakefield Junior Institute, put on their demonstration of table setting and serving at the Toronto Exhibition on Wednesday of this week in the Woman's Building on the Agricultural Day program, which was under the direction of the Women's Institutes.

Chief R. J. Webster has been warmly congratulated by the police force in Peterborough for his part in helping capture the "Michigan Kid."

School re-opened for the fall term on Tuesday morning with the staff in both Public and High schools unchanged and with the usual autumn contingent of newcomers who are taking the first step in the halls of learning in the kindergarten primary class.

Mrs. Kelshorn of Toronto, is the guest of Mr. and Mrs. C. W. Garbutt at 'Cedar Lodge.'

Mr. John Blewett was in the village from Burleigh Falls on Tuesday.

Mrs. W. H. Bessey of Toronto, was the guest of Mr. and Mrs. C. W. Garbutt, 'Cedar Lodge,' for the week-end.

Mr. Edgar Stabler is in Toronto this week attending the Exhibition.

Mr. James Webster, who has returned from a month's trip to the coast, is visiting relatives in the village for a few days before going to his home in Peterborough.

Lakefield has a good contingent attending the Peterborough Collegiate Institute. Among them are Madeline Allen, Lilian Mason, Vera Moore, Edith Spence, Lulu Smith, Josephine White, Pearl Walker, Clayton Bullock, Roger Davis, Roy Dunford, Fred Hampton, Ralph Moore, Douglas Smith and Robert Spence.

Mr. Lorne Webster returned home from a month's trip to the coast, visiting friends in Vancouver and Seattle and other points.

Mrs. Charles Lauder of Mount Julian, was in the village on Thursday.

Mrs. George Woodhouse is visiting Mr. and Mrs. Charles Woodhouse in Montreal.

Misses Broker, Rinta and Stockwell, who have been spending their vacation at "Kanjewan," Lake Katchewanoonka, have returned to Cleveland.

Mr. and Mrs. Harold Usher of Toronto, and their son were week-end guests of Mr. and Mrs. H. Wannamaker.

Mr. and Mrs. J. H. Ryder and daughter Janet, were week-end guests of Rev. and Mrs. A. W. Mackenzie at The Grove.

Mr. and Mrs. N. S. Osborne are spending a week in Owen Sound.

Mrs. M. E. Church of Toronto, who is spending the summer at Mount Julian, was in the village on Wednesday.

Mr. and Mrs. D. H. Webster were in Toronto this week.

Mr. and Mrs. A. B. Burrows spent Wednesday in Toronto on business.

Mrs. D. A. Allen and children are visiting friends in Owen Sound.

Mr. John Hunter was in the village from McCracken's Landing on Tuesday.

Mr. and Mrs. James Beatty of Port Credit, were guests of Mr. and Mrs. C. W. Garbutt, 'Cedar Lodge" for the week-end.

What To-Day Means To You

"VIRGO"

If September 12th is your birthday, the best hours for you on this date are from 10.45 a.m. to 1 p.m., from 5 p.m. to 6.30 p.m., and from 10 p.m. to 11 p.m. The danger hours are from 8 a.m. to 10 a.m., and from 2.15 p.m. to 4.30 p.m.

The planetary aspects of September 12th are distinctly favorable, and promise much in the way of accomplishment to those who are engaged in commercial or professional pursuits. New ideas will occur; new plans will be put into execution. A chance meeting with an old, but nearly-forgotten friend will bring about many changes.

A child born on this September 12th will be petulant and, in many of its ways, worrying; well regulated and uniform discipline will be required to convert it into the successful and strong character that it is destined, according to the Stars, to become. Its nature will be transformed with the approach of maturity, and, instead of being avoided, it will be assiduously courted.

You, if born on September 12th, are original and exceptional; with you, the unexpected can always be expected. You subscribe to very few of the beliefs that prevail and you hold in scant respect convention and established custom. You "gang your ain gait," regardless of criticism and consequences. You possess moral and physical courage in a high degree, and fear nothing except the reproach of your own conscience.

You take no flattering function to your soul that you are better or wiser than others; you do claim, however, the right to independent thought and action. In the fullest sense of the term, you are Captain of your Soul. Your friends are not numerous, but the few you have are worth their weight in gold. You, to these, are loyal and faithful.

All hypocrisy, and make-believe, pretension or affectation in anathema to you. A sturdy ruggedness of character distinguishes you from your fellows, and although, at times, it may estrange, in the long run, it commands respect and admiration. You are capable of strong emotions, and never fight shy of showing them. You are sympathetic and generous, always willing, if they will only keep quiet about it, to help raise those who have fallen, or to assist those who need it.

School Fair Dates

The schedule of School Fairs to be held in Peterborough County this Fall have been announced by the Peterborough agricultural representative. The schedule is as follows:

Ennismore—Monday, Sept. 12.
Apsley—Tuesday, Sept. 13.
Bridgenorth—Tuesday, Sept. 20.
Douro—Wednesday, Sept. 21.
Young's Point—Thursday, Sept. 22.
Halls Bridge—Friday, Sept. 23.
Warsaw—Monday, Sept. 26.
Westwood—Tuesday, Sept. 27.
Havelock—Thursday, Sept. 29.
Keene—Friday, Sept. 30.
Peterborough—Monday, October 3.

Trent River

TRENT RIVER.

The Seymour West Women's Institute meeting will be held at the home of Mrs. John Armstrong, "Hill View" farm, on Thursday, Sept. 15th. This will be grandmother's day. The roll call will be, "Where you first met your husband." Also an exhibit of old time bridal costumes, and a prize for the best bouquet of flowers.

Mr. James Cook has a pumpkin in his garden at "Glendower" measuring 46 inches in circumference; also a mammoth cabbage measuring 54 inches in circumference.

Mr. Purdy Petty of Toronto was a visitor with Mr. Clarence Christie this week.

Mr. and Mrs. Tomlinson have returned to Toronto after spending a few weeks at "Pineview," Harper's Point.

Miss Ida McLaughlin of Buffalo, N.Y., is holidaying with her mother.

Mr. and Mrs. Herbert Endress of Toronto are guests at "Cook Cottage, Maple Inn."

Mr. Thos. Bennett left Thursday for Toronto to spend a few days.

Mrs. R. Campney, Havelock, was a recent visitor with her daughter, Mrs. Ross Pollock and family.

Mrs. Venters expects to go to Campbellford, where she has secured a position for the winter months.

Rev. S. A. Kemp and Mrs. Kemp have returned to Havelock after five weeks spent in Omemee exchanging with Rev. Dr. Reddick.

Messrs. Paul Rice and George Downer of Cleveland, Ohio, have spent a few days at Mrs. George Dickson's cottage.

Mrs. George Dickson has returned to Campbellford after a few weeks' holidays visiting relatives in Cleveland, Ohio.

Miss B. G. French received news of the death of her cousin, Mrs. W. W. Cumming, of Toronto, this week. Funeral held from her late residence, 113 Bedford Road, Wednesday, September 7. Mr. and Mrs. Cumming were recent visitors with Miss B. French, having holidayed at their summer home at Belmont Lake.

Recent gold discoveries in Swayze, Denyes, and Halcrow townships, Ontario, indicate that a new gold field may be opened up in the province.

Canes are again vogue in England.

A Popular, Congenial Hotelkeeper of Peterborough Speaks: Read What he Says--

DR. R. ELIOTT, Peterborough, Ontario, Saturday 27, 1932
Care of Harris' Drugstore, Peterborough Ontario.
Dear Sir:

Your suggestion to me of the advantage for the constant use of permanent glasses may be necessary but I desire to inform you that since you examinsd my eyes at Bond's Drugstore some four months ago and supplied me with a pair of your allvision lenses and frames that my eyes have so much improved that I am now able to read the newspaper and go without glasses entirely. This is a most remarkable truth I am pleased to state as an absolute fact. But I am taking your advice and will wear the rest glasses as you prescribe.

MICHAEL J. COSTELLO, Proprietor of the American Hotel, 189 Hunter St. West.

Note a few of the distinguished citizens who are Patrons of Dr. Elliott's

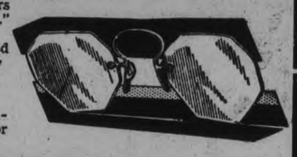
Testimonials. Notice—We have hundreds of these testimonials on file at our store—

"I can recommend any persons who are in need of glasses to seek his services."—W. A. Cameron, B.A., M.D., C.M., ex-Mayor of Arnprior.

"I can heartily recommend Dr. Elliott as an exceedingly capable optician to anyone requiring his services."—W. A. Hall, B.A., M.D., C.M., M.P., (House of Commons, Ottawa).

"It gives me pleasure to state that I have had several pairs of glasses from you and have found them very satisfactory." E. A. Stephens, Director Central Canada Exhibition.

"The pair I got from you suited me so well and improved my sight so much that I was anxious to know if you had my correction in case I should break or lose this pair."—Senator Dr. Wm. McKay.



"This is to certify that I obtained a pair of spectacles from your house and find them so entirely satisfactory that I take pleasure in recommending you to all comers who are looking for the best of service."—Thos. McMillan, M.P. (Dominion House, Huron S.).

SCREEN ODDITIES
by Captain Roscoe Fawcett

AN AVERAGE OF 3,000,000 LETTERS OFFERING EVERYTHING FROM HUMAN HAIR TO HEIRLOOMS ARE RECEIVED ANNUALLY BY HOLLYWOOD STUDIOS.

Dolores Del Rio faced an embarrasing predicament recently while on location in the Hawaiian Islands for "The Bird of Paradise." Had she accepted the compliments offered her by natives she would have returned to the States with rather a large family! The greatest compliment a native Hawaiian can pay is to give one of his children to a favored friend for rearing. Mothers of ten children gladly add two or three of their friends children to their families.

Director W. S. Van Dyke took a refrigerator with him to the Arctic Circle where he is filming "Eskimo," to keep his film warm. Insulated and equipped with a cold control, the box will maintain an even temperature above that of the outside air.

• • • • • • •

Nancy Carroll, when she was on the stage before entering pictures, drew unexpected laughter from the audience one night during a dramatic scene. In reproving the conduct of a girl friend, she was to say, "So you sold your soul for a trip to Coney Island, a hot dog, and a ride on a roller-coaster." Nancy, however, much to the delight of the audience, unconsciously said, "So you sold your soul for a trip to Coney Island, a roller-coaster, and a ride on a hot dog."

MANUFACTURERS BACK WATERWAY

Port Interests, However, Along New England Coast Voice Opposition.

BOSTON, Mass., Sept. 12—(CP)—Among business organizations in New England, the state manufacturers associations of Massachusetts and Connecticut are the leading supporters of the proposed development of the St. Lawrence river for power and navigation purposes, a treaty for which was recently signed by the United States and Canada and will be submitted to the United States senate for ratification next December. Port interests, on the other hand, in Maine, New Hampshire, and Massachusetts, tend to oppose the development of the St. Lawrence as a seaway to the great lakes.

These are the outstanding conclusions drawn from an inquiry by the New England Council, addressed to the Industrial Associations and leading Chambers of Commerce of the New England states, results of which were made public by the council today.

In Boston, the Chamber of Commerce studied the project intensively, but has never taken a position. The Maritime Association of the Boston Chamber of Commerce submitted a report in opposition to the St. Lawrence project. In New Hampshire, on the other hand, while the Manufacturer's Association conducted no organized study, opinion among industrialists is favorable to the project as a national improvement certain to be effected ultimately.

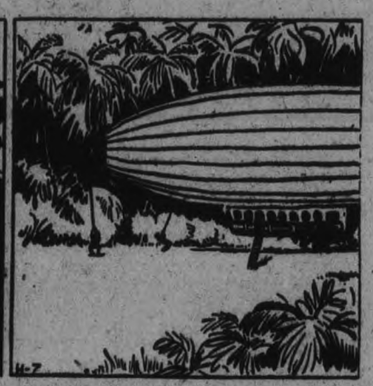
TARZAN AT THE EARTH'S CORE No. 7

(Metropolitan Newspaper Service, Inc.)

By Edgar Rice Burroughs



Steadily the G-220 forged southward. At length the glow of Pellucidar's central sun was plainly visible ahead. The nature of the landscape below was changing rapidly. The barren land had fallen astern. The ship had crossed a range of wooded hills and now before it lay a great forest. A forest that stretched on and on and which, strangely, seemed to curve upward until it was lost in thhe distant haze. This was indeed Pellucidar, the world within our world and Jason Gridley's dream had come true.

Numerous streams emptied into a large river and the well-watered plain was rich with vegetation. Nowhere was there sight of beast or man. "If this IS Pellucidar," said Tarzan of the Apes, "it looks good to me. I wonder if there is any game nearby? Let us land, Captain." Slowly the great ship came to earth as air was taken into her lower vacuum tanks. Ladders were let down but it was thought best that no one venture far from the ship, since they could only guess what sort of creatures inhabited this virgin continent.

Officers and men, with the exception of the watch, now turned in for much needed sleep. Every man had worked at high pitch for the last three days. But Tarzan could not close his eyes. The temptation to explore this strange land was strong within him. Perhaps there was wild game, different from his native jungle. At last he could not restrain his impatience to leave the ship. He told himself he would be gone but a few hours and his absence would never be noticed. Like a schoolboy on vacation, he proceeded to put his desire into action.

Discarding the clothes that had only annoyed him since he had joined the expedition, Tarzan came from his cabin and dropped to the ground below, an amost naked and primitive warrior. Armed with hunting knife, spear, bow and arrows, the ape-man also carried the long rope which since childhood he had preferred to the weapons of civilization. The officer on duty at the time, saw him depart and watched with genuine admiration as the black-haired jungle lord moved swiftly, with easy grace, across the open plain and disappeared in the forest.

BESSES LEAD IN HYMN TIME

Famous Band Are Supreme in Hymn Time Local Organist Says.

PRACTISED WITH ORGAN.

It is certainly a fact that Besses Band is now better than at any time during its long history.

Twenty years ago it was said, "No band in the world could play a hymn tune like Besses; it is just like a church organ," T. Phillips, organist and choirmaster of St. Andrew's Church, told The Examiner. "About that time I was appointed adviser at a Manchester Church, re the scrapping or rebuilding of an old organ; and when we consulted organ builders, one firm asked us to examine their organ at the Congregational Church, Whitefield."

"We found a very fine organ, and during our visit we also learned how the Bess o' th' Barn Band—whose practise room was only a few minutes' walk away—occasionally had rehearsals in this particular church; and how the old organist (who played beautifully) would play over a hymn tune, and the band would then imitate his efforts.

"So the organist and the beautiful organ in the Whitefield Congregational Church had a share in the making of the world-wide reputation of this wonderful band.

"I have been present at Heaton Park, Manchester, when this band was giving a Sunday afternoon concert and over 50,000 people present.

"The playing of the great classics was wonderful, and most highly appreciated; but for encore, a hymn was requested, and as the band played over "Rimington" or "Abide With Me," the great audience arose to their feet.

"Whatever remained in one's mind of the classics played, it was the beautiful playing of a hymn and reverent singing by the great audience, which one can never forget.

"It is hoped we may be favored with at least one hymn."

BLACK KNIGHTS ATTEND CHURCH

Order Stands For Religious And Civic Liberty, Says Preacher.

THE PRICE OF FREEDOM.

Reminding them that their Order stood for religious and civil liberty and the upholding of the British Constitution, Rt. Wor. Sir Knight Rev. (Captain) W. C. Riddiford, Grand Organizer for Ontario West, last evening addressed members of Weir Royal Black Preceptory, No. 261, and visiting members of the Order, who attended divine service at St. James' United Church.

Over fifty strong the Black Knights marched from the Orange Hall to the church, headed by the band of the Salvation Army. Visitors from Lindsay, Lakefield, Millbrook, and Omemee were present while among the officers of the Order were seen Creighton Devitt, Grand Master Grand Black Chapter of Ontario East; Robert Ritchie, Grand Lecturer, Grand Black Knights of Ontario East; A. G. Halliday, County Master Durham West of Bowmanville; George Porter, P.G.M., Ontario East, who marshalled last evening's parade; William Warren, P.G.M. Ontario East, and E. F. Reid, P.G.M. Ontario East.

A cordial welcome on behalf of himself and his congregation was extended to the members of the Order by the pastor, Rev. A. E Moorhouse

Fearlessly outspoken, and basing his sermon on the theme, "The Price of Freedom," the Rev. Riddiford stressed the various sacrifices that had been made down through the ages to the signing of the Magna Charta at Runnymede. He mentioned Trafalgar, Waterloo, Wolfe's victory at Quebec, and the famous Siege of Derry, besides numerous other historical events. He also touched briefly on the sufferings of outstanding personalities who had been martyred in the cause of religious liberty. These, he said, were some of the things that had been offered as the price of the freedom that was the heritage of the Britisher to-day. Nevertheless, the speaker believed, never in the history of the Dominion was there such necessity for Protestantism and the Royal Black Knights to uphold the constitution of the British Empire.

"One need have no apology to offer for being a Canadian or a member of any other part of the Empire," he said, "yet there is a certain class of people who think they own this country." He referred to the organization known as the Native Sons of Canada, who, he said, desired to have a distinctive flag. He would like to remind such people that when the First Division C.E.F. went overseas, it was composed of two-thirds of born Britons. Who were the real native sons? They were the people who now populate the various reserves, and he said, in all due respect to them, "There is no truer man to be found anywhere in Orange Lodges than those members of ours who are Indian brethren of the reserves."

He agreed with the Native Sons Order on one score in stating: "It is time we in Canada got rid of the riff-raff of Europe. It is time we told them to stay out. We don't want you." To go further, he suggested that any alien coming to this country should be bound to swear allegiance to the Union Jack after six months' residence here. In the alternative, he should be told to get out.

F. M. DENNEY, R.O.

Eyesight Specialist of Ottawa, who will be at Bond's Drug Store for one full week starting Monday, September 12, to Saturday, September 17th.

Mr. Denney needs no introduction to the people of Peterborough, as this is his fourteenth visit to our store.

He has fitted over a thousand people with glasses, and every one seems to be well pleased.

Denney has been specializing on eyes for 33 years and is one of the few who is practising optometry by Ontario Government examination, having passed prescribed examinations in 1926.

You can rest assured that your eyes are safe with him. A positive money-back guarantee goes with every pair of glasses sold.

Bond's Drug Store highly recommends him to the people of Peterborough.

Remember the dates, Monday, September 12 to Saturday, September 17. Evenings by appointment.

PEACHES IN SEVEN YEARS

Seven years ago Robert Ritchie planted a peach stone in the garden of his home at 120 Gladstone. Now he is picking peaches from the tree that grew up from the stone. The tree is twelve feet high and this Fall two six-quart baskets of peaches have been secured from it. The peaches are as fine as most grown in the Niagara Peninsula.

Obituary

One of the most popular men in the whole area," was the tribute paid by the wire chief of the Bell Telephone Company here this morning in speaking of his late colleague, George Frederick Elms, who died at Nicholls Hospital on Sunday in his fiftieth year.

Entering the service of the Bell Telephone Company in his native city of Hamilton as repair man at the age of sixteen years, Mr. Elms had completed thirty-four years of unbroken service, and at the time of his death held the responsible position of district plant superintendent here. He was transferred to Peterborough from Hamilton in 1927, after having held the various positions as repair man, tester, wire chief, and superintendent wire chief. Mr. Elms was also a member of the Telephone Pioneers' Association, which includes among its members employees of the Company who have completed twenty-one or more years' unbroken service.

Mr. Elms was a son of the late Mr. and Mrs. Abner Elms. He was born at Hamilton on October 28, 1882. Surviving him is his wife, Ethel Elms, of 355 Downie street, this city, and also brothers and sisters.

A funeral service is to be held at the residence of L. J. LeClair, 490 Gilmour street, this evening, at nine o'clock, conducted by the Rev. David Wren. The remains will be forwarded to Hamilton on Tuesday morning for interment in that city on Wednesday.

IN TROUBLE.

QUEBEC.—Three more municipalites in the province, two in Papineau County and one in Terrebone, have joined the ranks of those whose finances have become so involved that they have had to take refuge under the provision of the Quebec Municipal Act.

FALL RALLY HELD ON SUNDAY BY ST. JAMES' BROTHERHOOD

Rev. Mr. Riddiford, of Burlington, Ontario, is Special Speaker.

IN ST. JAMES' CHURCH.

The fall rally of the Men's Brotherhood of St. James' United church was held yesterday, when this organization was in charge of all three services. Rev. Mr. Riddiford of Burlington, Ontario was the special speaker and addressed the large congregation in the morning, taking as his theme "Eternal Newness".

The pastor and teacher of the men's class, Rev. A. E. Moorhouse conducted the devotional service and read the announcement for the week.

A committee had made beautiful the altar and platform with gladioli and other autumn flowers while special music under the direction of Frank Stevens the organist also added to the attractiveness of the day's services. Taking three texts referring to the past, the present and the prospects for the future, Rev. Mr. Riddiford spoke from first Ecclesiastes 1:9 "There is no new thing under the sun". (2) Romans 6:4 "Even so, we also should walk in newness of life", and (3) 2 Corinthians 5:17 "Therefore if any man be in Christ he is a new creature".

"In view of the recent discoveries in the world of science", said the speaker, "we may be a little suspicious of King Solomon's words that "there is nothing new under the sun". Our thought today is rather 'What will the next new thing be." In this mechanical age there is a danger of laying more emphasis upon machinery than upon men. We wonder if the mechanical minded man is the highest type of mentality. Are we any happier today than in the day of our grandfathers?

Paul writing to the church at Rome declared that we should walk in the newness of life now in the present. It is up to us in these strenuous days to fall on Paul's instructions, for if we ever hope to have a brotherhood worthwhile we must go out and live it right here. Jesus said "Ye must be born again". If any man would be a Christian he must become a new creature with new ideals, aspirations and inspiration. We should be reproducing Christ among other men and the more we love Him the better can we do this.

Eternal Newness

In the third place, we have the prospect of eternal newness of life. This will be a brotherhood which will sweep through eternity. There men will not only talk about the golden rule, but will practice it and there will be no sin, no heartache, no sighing and God will wipe away all tears. When life's little sands run down and we leave this old earth, we shall bask forever in the eternal newness of God's endless day.

"Labels and Libels" was the subject of the stirring appeal to the Brotherhood in their mass meeting of the afternoon by Rev. Mr. Riddiford. He averred that many of the "labels" that meet our eye in the world today are in reality nothing short of "libels" and emphasized the need for greater honesty in every man's life.

At the evening service the sermon was addressed especially to the Royal Black Preceptory No. 261 whose members filled the central part of the church auditorium. As provincial organizer for the Orange Order, Rev. Sir Knight W. C. Riddiford spoke with authority to his large audience on the subject "The Price of Freedom". The sermon was based upon the words of Paul to the chief captain when he boasted of the fact that he was free born. At this time Rome was a great nation and the apostle was not ashamed of his country. Our proudest boast next to allegiance to Jesus Christ, should be that we are free born British subjects. This freedom comes to every British subject because the Empire is founded upon the rock of the word of God, and the Orange Order is a firm believer in both. It is not organized to curtail any man's religious liberty. It is well that we should consider the price paid for this freedom that we enjoy.

The speaker continued by recalling some of the battles of British history which have contributed their quota to this price of freedom and in this respect he also noted the sacrifices made by the early Christian martyrs.

In conclusion he said "The price of liberty is one that we can never repay. Let us advance four square to keep flying the Union Jack, to keep open the word of God and let us live to keep men free.

A special feature of the afternoon and evening service was the male voice choir led by the St. James' male quartette in their splendid sacred numbers. At the evening service the quartette, Messrs Baldry, Worrall, Turner and Lee sang without accompaniment, "Where He Leads Me I Will Follow" and the Junior choir also assisted at both services.

Weddings

DELONG—REVOY

The wedding was solemnized on Saturday, Sept. 10 of Marguerite daughter of Mr. and Mrs. S. Revoy of Peterborough and Mr. Gordon G Delong, only son of the late Mr. and Mrs. Cecil G. Delong of Bethany.

The ceremony was performed by the Rev. A. E. Moorhouse.

Attendants were Miss Vicky Macnamee and Mr. Thomas Maudsley both of Peterborough.

Mr. and Mrs. Delong will reside in Bethany.

WILLIS—WALLIS

The marriage was solemnized quietly at eleven o'clock this morning by the Rev. D. Wren, at the Parsonage of Trinity United Church, of Kate ("Kay") Andersen Wallis, only daughter of Mrs. Bessie Wallis of Selkirk, Scotland, and the late Mr. James Wallis, to Reginald William Willis of Peterborough, only son of Mr. and Mrs. John Willis of Millbrook.

The bride wore a pretty dress of wine-colored crepe, with cape collar and trimming of eggshell pebble crepe. She wore a small, close-fitting hat of wine-colored felt and accessories in tan tones. Her bouquet was of white carnations and pale pink asters.

The bridesmaid, Miss Pearl Graham, was in Italian tile crepe, trimmed with eggshell, with tan accessories, matching hat and bouquet of pink carnations.

Mr. Ernest Horton attended the bridegroom.

A dainty wedding luncheon was served at the home of the bridegroom's parents in Millbrook. Later, Mr. Willis and his bride left for a trip to Toronto and Niagara Falls. They will reside on McDonnel street.

The gift of the bridegroom to the bridesmiad was a necklace and dinner ring, and to the best man a silver cigarette lighter.

LORD—WILSON

Miss Catherine Nancy Wilson, daughter of Rev. Dr. R. J. Wilson and Mrs. Wilson, Toronto, and Mr. George Ross Lord, son of Mr. and Mrs. Everett E. Lord of Peterborough, were married on Saturday in College Street United Church, Toronto. Tall standards of gladioli, lilies and delphinium in shades of blue and pink decorated the church. The father of the bride officiated, assisted by Rev. Dr. George C. Pidgeon. The wedding music was played by Mr. Ira D. Hubley, and Miss Lillian Borrett sang during the signing of the register. The bride was given in marriage by her uncle, Dr. Gilbert D. Wilson, and she wore a gown of cream satin made on classic lines, the long skirt lengthening into a train. The bodice was finished with a yoke and inserts of creamy Bruges lace from her mother's wedding gown, and her veil of double tulle was arranged in folds over her fair hair, and caught at the sides with orange blossoms. She carried a shower bouquet of white orchids, lily-of-the-valley and cream rosebuds. Miss Isabel Wilson, sister of the bride, was maid of honor, wearing a frock of pale boucle crepe, with velvet turan, and little velvet cape trimmed with ostrich feahers, and she carried pink carnations and delphiniums. The bridesmaids, Miss Helen Pidgeon, Miss Elsie Williamson of Kingston, Miss Roma Wilson, cousin of the brde, and Miss Florence Wilson, a sister, wore frocks of pale blue crepe, with ostrich-trimmed velvet capes to match. They wore blue hats and carried pink carnations and blue delphinium. The best man was Mr. Ralph Ramsay, and the ushers, Mr. John R. Wilson, brother of the bride; Mr. Kenneth M. Thompson, Mr. Donald and Mr. Albion Lord of Peterborough, brothers of the groom. The reception was held at the home of the brides parents, where Mrs. Wilson received wearing a gown of cornflower blue georgette, black hat with blue mount and corsage of orchids and lily-of-the-valley. Mrs. Lord, mother of the groom, was gowned in beige lace with matching hat and corsage of Talisman roses. The bride and groom left for New York to sail on Wednesday on the Bremen for Germany where they will spend a year. The bride travelled in a dress of green flecked wool, with white nun's collar, green hat and sand-colored travel coat. On their return, they will live in Toronto.

V. S. MILBURN RETURNS FROM EAST STATES TOUR

One of four representatives of the Ontario Whole Milk Producers' Association, V. S. Milburn, returned on Saturday after an extended canvass of the industry in the Eastern States.

This committee, which was appointed by the Ontario Department of Agriculture, visited Washington, D.C., Baltimore, Philadelphia, Hartford, Boston and Albany, interviewing officials of various associations of milk producers, and studying their methods of organization, education, marketing and other details of the business.

Mr. Milburn stated to-day that the committee is preparing a report to be presented to the Department of Agriculture for the guidance of the Whole Milk Producers' Association in this province. It will embody the observations and impressions which the Ontario committee garnered in their tour of enquiry.

You will find many things in the Classified Ads. of The Examiner.

Park Street Church Holds Special Service

About twenty-five elderly persons who do not attend public worship regularly were conveyed to the Park street Baptist church on Sunday morning.

The selections from the choir, including a solo by Maurice Dunkley, Sr., as well as the hymns were quite in keeping with the service.

Mrs. W. H. Barnes read the morning lesson and led in prayer. The pastor, Rev. G K Tyler, chose as his morning subject "The Second Coming of Christ."

The church was decorated with beautiful flowers.

HOME EDITION

VOL. LXIX., No. 61 — PETERBOROUGH, ONTARIO, CANADA, TUESDAY, SEPTEMBER 13, 1932 — PRICE THREE CENTS

FLYING HUTCHINSONS ARE FOUND SAFE

NEWS IN BRIEF

SHORT ITEMS RECEIVED OVER C. P. WIRE

SUICIDES.

CALGARY.—William A. Caffery, manager of the Provincial Hatcheries and widely known in Western Canada poultry affairs, took his own life by hanging himself with his necktie during a period of temporary insanity.

ENDS HIS LIFE.

CHICAGO.—After arranging for a meeting of the board of directors of the Calumet Foundry and Machine Company, William H. Keppinger, 49, president of the concern, shot and killed himself last night.

Keppinger, police learned, left $50,000 in insurance. His wife and his company was the beneficiary of a $100,000 policy.

FERGUSON OPENS FAIR

LONDON.—Hon. G. Howard Ferguson, Canadian High Commissioner to Great Britain, to-day declared the Western Ontario Exhibition open, in a speech at a director's luncheon.

HAS THROAT SLASHED.

HAMILTON.—The body of a man with slashed throat was picked up to-day on the Canadian National Railways' right of way by Sam Orr, steel company employee.

Police described the man as about 60 years of age, clean shaven, five feet, eight inches in height.

GORGULOFF TO DIE

PARIS.—The Paris Midi said today it learned from authoritative sources that President Albert Lebrun rejected the plea of Dr. Paul Gorguloff, slayer of former President Paul Doumer, for a commutation of the death sentence imposed upon him.

The execution probably will take place at dawn to-morrow or Thursday.

24 DROWN.

KURE, Japan, Sept. 13 (C.P.).—Twenty-four workers at the Kure Naval Arsenal, including several women, were drowned to-day when a ferry boat carrying 100 passengers, capsized in the backwash of a passing steamer.

COULDN'T STAND HEAT.

BUCHAREST.—For years Juon Oncescu's wife used the hand grenade he brought home from the war as a pestle with which to pulverize rock salt, until she put the egg-shaped metal on the kitchen stove instead of in its usual place on a shelf. It blew up, a 15-year-old daughter was killed, and she herself and three sons were critically injured.

STRATFORD CANCELS FAIR

STRATFORD.—Directors of the Stratford Fall Fair announced today they had cancelled arrangements for opening of this year's fair on September 23.

They said they felt economic conditions in the district did not warwant holding of the fair this year, but that they hoped to hold the exhibition next year.

SHIPBUILDING SUFFERS

BELFAST.—Harland and Wolff, famous shipbuilding firm, suffered a loss during the past year of £263,000, it is shown in the annual statement issued to-day. This sum does not allow for depreciation. It is stated there are no signs of improvement in the shipbuilding industry. At the present time nearly 20 per cent of the world's shipping is laid up.

Struck by Motor Car, Boy's Leg Fractured

Struck by a motor car as he was running across Burnham street at 6.30 last evening, Alfred Rose, six-year-old son of Mr. and Mrs. Howard T. Rose, 370½ Burnham street, suffered a severe fracture of his right thigh bone. Driver of the car was Hector Williams, 263 Engleburn Avenue.

The little lad, police say, ran out on the road between two cars and directly into the path of Williams' car. He was removed to St. Joseph's Hospital, where Dr. J. M. O'Brien attended. The injury may necessitate an open operation.

Small-Mouthed Bass Weighs 7½ Pounds

A small-mouthed black bass, weighing seven and one-half pounds, was caught last evening in Chemong Lake, opposite William Elliott's lodge by Walter Davidson. Mr. Davidson brought the fish into The Examiner this morning and it was by far the best bass of its kind to be shown in this office this year. The bass was 24 inches long and 18 inches in girth. It was caught with a Pikey Minnow plug and took about seven minutes to land. Mr. Davidson is entering it in the Star contest.

OCTOBER 6 SET AS OPENING DAY OF PARLIAMENT

Will Be Regular Session of Both Houses Bennett Emphasizes.

TRADE PACTS MAIN ITEM.

Government Getting Back to Original Desire in Picking Early Date.

OTTAWA, Sept. 13 (C.P.).—Parliament will assemble on Thursday, October 6. Official announcement to this effect was made early this afternoon by Prime Minister R. B. Bennett. The announcement came following a meeting of Cabinet Council.

The session will be a regular session of both Houses of Parliament, Premier Bennett emphasized. This statement by the Prime Minister definitely sets at rest a published report that the fall meeting would be a special session.

In choosing October 6 as the date for the convening of Parliament, the Government returns to its original proposal. Meeting early in October has always been the desire of the Dominion Government, but intra-Empire communications towards a synchronizing of dates of opening of Parliament in the various countries of the Commonwealth raised official doubt whether this could be accomplished.

British House Meets 18th.

Overnight communications from two of the Dominions and the decision of the British House to meet on October 18, rather than October 27, permitted the Government to carry out its first intention.

While no official intimation has been made, the likelihood is that Parliament will sit for five or six weeks and adjourn about the middle of November. Both Houses would probably re-assemble early in January.

The fall part of the session, it is suggested, would be devoted almost entirely to consideration and ratification of the trade agreements entered into by Canada at the Imperial Conference. Trade pacts were made by this country with the United Kingdom, South Africa, Southern Rhodesia and the Irish Free State. All these agreements are certain to be placed before Parliament as soon as it assembles.

Children's Day Program At "Ex."

CHILDREN'S DAY

Grand Stand, Afternoon.—Complete Vaudeville Program and Musical Ride by Royal Canadian Dragoons.

8 p.m.—Eight Acts of Vaudeville and the Musical Rides and Manoeuvres by the Royal Canadian Dragoons.

Judging Events

1.30 p.m. — Percheron horses, and Shorthorns, Herefords and Aberdeen-Angus Cattle.
2.00 p.m.—Carriage Horses.
3.00 p.m.—Belgian Horses.
3.15 p.m.—Shire Horses.
3.30 p.m.—Roadsters.

Junior Farmers' Section

9.30 a.m.—Houshold Science Judging for girls; Livestock Judging, Beef and Dairy Cattle, for young men.
1.30 p.m.—Livestock Judging, Heavy Horses, Sheep and Swine.
2 p.m.—Table Setting Competition for girls.
4 p.m.—Showmanship competition for young men.

NOTE.—Announcement of the day's winners will be made in the evening at the grand stand by W. E. Whitelock, assistant director of the Ontario Department of Agriculture.

British Anthracite Imports Soaring

OTTAWA, Sept. 13 (C.P.)—For the first eight months of the current calendar year, imports of British anthracite soared 50 per cent beyond the mark established for the same period last year, while importations from the United States declined by 27 per cent. This was indicated in figures given out to-day by the Dominion Fuel Board.

To the end of August, 1931, Canada imported a total of 1,475,775 tons of anthracite from the United States. For the same eight months this year, these imports had fallen to 1,089,113 tons.

With British anthracite the story was directly opposite. For the 8-month period last year importations totalled 543,589 tons; but at the end of August, 1932, these imports had been boosted to 834,111 tons.

Flying Hutchinsons and Crew Rescued by British Boat

The City of Richmond, trans-Atlantic airplane of George R. Hutchinson which carried eight passengers with his wife, two children and a crew of four men on an attempted flight across the ocean was forced down and wrecked on the coast of Greenland. The crew and passengers were rescued by a British trawler. Above is shown the entire party taken before the airplane hopped off from New York for Scotland.

NORMAL SCHOOL HAS OPENED UP

200 Students Are Enrolled at Peterborough Normal School.

NEW RECORD FOR MEN.

Approximately 200 future school teachers, enrolled at the Peterborough Normal School, launched out upon their serious studies to-day.

Seventy of them are men, setting a new all-time record for the number of male students attending the Normal School here.

Final enrolment at the school last year was 205 students. It is more than probable that it will be equalled this year, Dr. J. A. Bannister, principal, said, since there are always a few students who are late in enrolling. Last year there were 45 male students, which was a record; but this is far exceeded by the 70 men enrolled at the school for this year's term.

No changes since last year have taken place in the staff.

Two Eastview Girls Been Missing Week

OTTAWA, Sept. 13.—(C.P.)—Police to-day sought two girls, of Eastview, a suburb, who have been missing from their homes since Sept. 6. It was not until to-day that their disappearance was made public.

The girls are Leona Bergeron, 20, sister of Leo Bergeron, who met death at a farm at Rockland some months ago, and Irene Larocque, 16. Willam J. Larocque, awaiting trial in connection with the death of Bergeron, is not a relative of Irene.

The girls left their homes to go for a walk early in the evening of Sept. 6, and that was the last seen of them.

Tourist's Powerful Voice Saves Day As Peevish Bear Horns in on Fishing

LINDSAY, Ont., Sept. 13.—(CP)—Mason Hawkins, Mansfield, O., has a powerful voice and bears don't like it.

Hawkins was fishing near here today and was considerably alarmed when a bear appeared, sat down and watched him. He was unarmed and unnerved so he shouted as loud as he could to see if that would help.

It did. The bear got up and took to the bush, growling over its shoulder.

Hawkins took to the bush in the opposite direction.

Children's Day At "Ex" Wednesday

The day of all Fair days is Children's Day and it is tomorrow (Wednesday) afternoon at the Peterborough Industrial Exhibition. Great preparations are being made for this big event. All the vaudeville will be given before the grand stand afternoon and evening as well as field sports and bicycle races. The midway will reduce prices up to 7 o'clock and altogether the boys and girls should have a glorious day.

Two Murder Trials On Brantford Docket

BRANTFORD, Ont., Sept. 13.—(C.P.)—For the first time in more than a quarter of a century two murder cases are on the docket for the Brant County Fall Assizes over which Chief Justice Rose will preside next week.

R. Bruce Robertson, a Burford township farmer, is charged with the murder of his wife, and Joseph Bomberry, 38 year old Indian of the Six National Reserve, is charged with the murder of a 40 year old Indian woman.

To-Night's Program

The following program will be played by the Besses o' th' Barn Band at the Exhibition to-night, beginning at 8 o'clock:

March—Harlequin ..... Rimmer
Overture—Bohemian Girl ... Balfe
Cornet Solo—Louise ..... Hartman
Soloist, E. Jackson.

Trombone Solo—The Joker .. Moss
Soloist, G. Riley.
Xylophone Solo—L'Artiste. Gerloff
Soloist, W. Parkinson.
Tone Poem—Finlandia .... Sibelius
"God Save the King."

"Besses o' th' Barn" Concert

The "Besses-o'-th'-Barn" Band delighted a large audience at the Exhibition Park last night in the first of three programs which Mr. Fred Royle's musicians will play in Peterborough. Their brief stay ends to-night, and every music lover in the city should take advantage of this feature attraction of the opening days of the Exhibition to hear an all brass instrument, viewing the band as an entity, that merits all the encominus it has already won in its Canadian tour.

The Examiner heartily recommends to-night's concert to the local public as an entertainment that will be a pleasant memory and also as an addition to one's musical experience and education in the range of tonal and technical accomplishment by such a band as "Besses-o'-th'-Barn."

The opening night of the Exhibition was in a sense Lancashire night for the grandstand audience included many persons from the city and district whose former homes were in the English county from which Mr. Royle's talented company have come. Their obvious enthusiasm was warmed and accentuated by an old kinship and pride which the audience as a whole fully shared.

The setting of the concert enhanced its receptiveness, an ideal September evening with the harvest moon waxing to its fullest phase and the weather pleasurably cool, altogether a background that blended in its perfection with the beauty of the "Besses" music.

In this category also were the ensemble tone, and three of the numbers seemed to have been selected for the purpose of setting forth this tonal opulence and the beauties of harmony that were woven through it. These selections were the hymns "Deep Harmony" (Handel-Parker), the deeply moving "Remington" (Duckworth) and the same writer's arrangement of "Abide With Me."

The program opened with a sparkling march "Monarch" (Rimmer) and as its tribute to the classics especially of band repertoire included the overture to "Zaupa" (Herold) and the interpolated extra number, following "Chu Chin Chow," "Finlandia" by Sibelius.

Mr. Royle is not only an accomplished musician and conductor, but it may be observed in no sense of disparagement that he is also a good "show man." His program proved it in a breadth and variety of appeal that pleased everybody.

A euphonium solo "Old Folks at Home" arranged by Hardman calmly demonstrated the potent beauty of folk music. The soloist, Mr. B. Sullivan, played the old familiar melody with a depth of feeling that went straight to the heart. Its sentiment found a singularly accordant instrument in the euphonium and Mr. Sullivan's mastery of it. The variations of the theme were added to display a soloist's technical attainments. In this respect Mr. Sullivan excelled, but the more lasting memory will be the deep singing, brooding quality of the simple thematic tone.

In this category also were the

CLAIM GIRL WORKERS EXPLOITED IN TORONTO DRESSMAKING SHOPS

Conditions Positively Vicious Woman Delegate Tells Labor Congress.

DROP RED TRADE SCHEME.

By JACK HAMBLETON
(Canadian Press Staff Writer)

HAMILTON, Aug. 13.— Charging vicious conditions, existed in Toronto dressmaking shops, Mary McNab of that city, delegate to the Trades and Labor Congress in convention here, to-day told a tale of alleged exploitation of girl workers. Miss McNab was supported in her charges by John Noble and E. W. Woollen, both of Toronto and also delegates.

Girls were being paid on piece work in the dress shops, Miss McNab declared, but never knew just when work would be available. The managers of the shops would provide a girl with work for an hour, she said, and the girl was forced because of fear of unemployment.

(Turn to Page 5)

Sinclair, Ferguson Open Oshawa Fair

OSHAWA, Ont., September 13 (C.P.). — Hon. G. Howard Ferguson, Canadian High Commissioner to Great Britain, to-day opened the South Ontario Agricultural Society's Fair.

Mr. Ferguson was introduced to one of the largest first day crowds in the history of the Fair by his erstwhile political foe, W. E. N. Sinclair, Liberal Leader in the Ontario Legislature, who is president of the Society.

Mr. Sinclair said there was a time when he would have regarded a visit by the former Ontario Premier with fear and trembling, but to-day under changed circumstances he was delighted to welcome his former rival.

Previous to the opening, Mr. Ferguson addressed a luncheon of representatives of the city of Oshawa and the surrounding municipalities of Ontario and Durham Counties.

TRIO WINGING WAY TO ROME OVER ATLANTIC

Doctor, Pilot, Girl Parachute Jumper Leave New York at 6.16 A.M.

TRIP NON-STOP.

Nurse Plans 'Chute Jump Over Florence, Italy—Tribute to Florence Nightingale.

NEW YORK, September 13 (C.P.). — A doctor, a veteran pilot, a girl parachute jumper, and a woodchuck called "Tail Wind," hopped off at 6.16 a.m. (Eastern Standard Time) to-day on an announced attempt to fly non-stop to Rome.

Before taking off from the Floyd Bennett Field on the 4,200-mile jaunt, Dr. Leon M. Pisculli, of Yonkers, N.Y., commander of the expedition, said the plane would head out over the Atlantic at Cape Cod, and fly the southern route.

He said Miss Edna Newcomer, 28-year-old brunette from Williamsport, Pa., would step out of the plane with a parachute over Florence, Italy, as a tribute to Florence Nightingale, the Joan of Arc of the nursing profession. Miss Newcomer studied nursing before she turned to parachute jumping

"The American Nurse."

William Ulbrich of Mineola, N. Y., piloted the plane, named "The American Nurse," but Miss Newcomer expected to relieve him occasionally. Dr. Pisculli said he would make medical observations of the effect of a transatlantic flight on the plane's occupants, including "Tail Wind," the doctor's pet.

"Tail Wind," found by Dr. Pisculli on a Westchester roadway suffering from a broken leg and nursed back to health, is not going just for a ride. He is a carbon monoxide detector. Dr. Pisculli said he has a theory that some of the planes lost on trans-Atlantic flights fell because the cabins filled with deadly gas. If "Tail Wind" shows signs of unnatural sleepiness the doctor will figure danger is near.

Some Extras.

Besides 850 gallons of gasoline, the plane carried a hypodermic needle, a stethoscope, a shaving outfit, a signalling pistol, flare bombs, field glasses, smelling salts, tea tablets, honey to sweeten the tea, three chickens, tomatoes, fruit, two gallons of water, lambs wool and almond oil to stuff the ears and an aviation biscuit invented by the doctor.

There is no radio aboard the "American Nurse."

The blueberry responds well to cultivation, but requires an acid soil and proper fertilization

Crashed On Beach South Greenland Wrecking Plane

British Trawler Discovers Party At Eskimo Village After Leaking Gas Tank Forces Landing And Crack-Up In Fjord 40 Miles From Angmagsalik.

"FAMILY" MAY BE FORCED TO STAY WINTER UNLESS RESCUE SHIP AGREES TO PASSAGE.

ANGMAGSALIK, Greenland, September 13 (C.P.).—Wrecked on the beach less than 40 miles from here, George Hutchinson and the seven who were flying with him from New York to London, were rescued to-day by the British trawler Lord Talbot.

A leaking gasoline tank forced them down in the water of Itersak Fjord, but the plane was wrecked on one of the reefs which make navigation of the little bay perilous.

Hutchinson, his wife, their two children, and the crew of four men waded ashore and reached the tiny Eskimo settlement of Eker, whose few inhabitants would have abandoned the place and returned to Angmagsalik for the winter in a few more weeks.

Eskimo sealers assisted them in saving their instruments and most of their supplies.

The last boat of the season already has left Angmagsalik, and if the Lord Talbot could not carry them to Ireland or some European point, it would be necessary for them to spend the winter at Angmagsalik.

Hard on Natives.

That would not only be trying for the fliers, particularly for the two children, but actually might involve hardship for the inhabitants of Angmagsalik, who never have much more than enough food for their own needs during the long winter.

The Lord Talbot is one of the biggest and best equipped of Aberdeen trawler fleet, but accommodations aboard the vessel are restricted.

The Hutchinson family—father, mother, and two small daughters—with a crew of four, left New York August 23 on a flight by easy stages over the Northern trans-Atlantic route to Europe. They hoped to be the first family to cross the Atlantic in a plane.

Franic S.O.S. Calls

Their flight culminated Sunday in frantic S.O.S. calls—and then silence. By radio, Hutchinson reported his plane had been forced down off Eastern Greenland on its way to Angmagsalik from Julianehaab, and it was feared all eight perished in the icy waters.

Hutchinson's two little daughters, Catherine, 8, and Janet Lee, 6, who carried their dolls with them, were the first children to be passengers on a trans-Atlantic flight attempt.

SEES DOMINION ON THRESHOLD UPWARD SWING

President McGregor Gives Keynote of Optimism to Chamber Commerce Rally.

READJUSTMENT HELPFUL.

Warns Business Men to Face Facts and Voice Candid Opinions.

HALIFAX, Sept. 13.—(CP)—Declaring that Canada is on the threshold of the upswing, President W. L. McGregor of Windsor, Ont., gave a keynote of optimism to the seventh annual convention of the Canadian chamber of commerce, which opened here today.

"I am glad to be able to state that it is not only my opinion but the opinion of many leaders that we are on the threshold of the upswing, he said. My own reason for so thinking is that readjustments are beginning to be evident in many spheres and in others are being considered for immediate implementation.

Encouraging Readjustment

"It is this evidence of readjustment which is so encouraging in the world today and which is in almost striking contrast with the situation a year or so ago, when comparatively few had come to a realization that many far-reaching revisions were essential predecessors to any hoped-for recovery."

But Colonel McGregor wished to make it clear he was not suggesting the advent of recovery. He injected the warning counsel that business men were better advised to face the facts and voice candid opinions rather than to veer away deliberately from those "ghouls" of the night we prefer not to see.

14,000,000 Jobless

How could anybody seriously forward the idea of the advent of recovery with 14,000,000 unemployed on this continent alone? he asked, with many fundamental industries working at production ratios which approached standstill and others but slightly better off, with railroads hardly earning anything to resemble a decent dividend, with price-cutting below costs of production still very evident, with agriculture faced with continued low prices and moratoria being declared on farm mortgages and other mortgages too, and with our overseas trade so below normal that I would rather not refer it.

Col. McGregor spoke at a luncheon tendered by the city of Halifax and presided over by Mayor A. A. Thompson.

The president based his optimism on broad readjustments in agriculture, transportation, and the major industries of the country. He found a better atmosphere, too, in significant readjustment in international policy.

Attendance At "Ex."

	1932	1931
Monday	1,181	1,827

Decrease, 646.

In comparison with former exhibition attendance figures, the attendance at the opening of the Peterborough Exhibition yesterday was considered fair by officials, despite the fact that it represented a decrease of 646 from last year's opening night.

Fair weather with warm breezes prevailed a year ago.

READY TO CALL BRIDGE TENDERS

Tenders For New Highway Bridge Will Be Called This Week.

HOPE FOR HIGHWAY.

Work on the new high level bridge across the Otonabee River on Highway No. 7 should start early in October, J. P. Strickland, K.C., M.P.P., stated to-day, in announcing that the Highways Department would call for tenders at once.

Advertisements for tenders for the erection of the bridge will appear within a day or two, Mr. Strickland said he had been informed by Queen's Park.

The work will be pushed along with all speed, and men from the city and county will be employed upon the job. It is estimated that about $50,000 will be spent in wages for the erection of the bridge since its estimated cost is more than $100,000 without the additional cost of building approaches.

"The building of the dam and bridge this fall and winter will materially aid the city's unemployment problem," said Mayor Denne. He expressed the hope that the County Council would see its way clear to accept the Provincial Government's offer to complete this winter the stretch of No. 7 highway remaining in the county as an unemployment relief measure. "This would give work to city unemployed and farmers for many months," said the Mayor, "and the building of the road at this time would save the county money, since under the unemployment relief scheme the county's share would be decreased. The road will have to be built some time and there is no time like the present when the employment thus furnished would be so beneficial to all."

LIGHT BOARD CUTS SALARIES

All Employees of Campbellford W. & L. Commission Get Salary Cuts.

Power Shut-Offs Questioned.

(By Examiner Staff Correspondent)

CAMPBELLFORD, Sept. 13. — More salary reductions featured the regular meeting of the Campbellford Water and Light Commission Board held last Wednesday in the clerk's office and at which for the first time, the newly elected mayor, H. N. Carr took his place on the board. On motion of Mayor Carr and Commissioner J. Blue, Commissioner J. Benor was elected chairman of the board for the balance of 1932.

Bringing up the matter of salary reductions Commissioner Blue made the following reductions in employhereby make the suggestions that the following reductions inemployees' salaries be approved by the board on the first of September, 1932: That Miss Thomas' salary be reoduced from $80 per month to $65 per month; That Mr. McGregor's salary be reduced from $1,300 per year to $1,150 per year; That all employees with the exception of the manager receiving over $1,000 a year be reduced $6 a month and that Joseph Thain's salary be brought to the same rate as other power house operators."

This recommendation which was not accepted by the board, led the way for a lengthy discussion which resulted in the following resolution being presented and carried on motion of Commissioner Benor and Mayor Carr.

"That from and after September 15, 1932, the following changes be made in employees salaries of the Water and Light Commission. That Miss H. Thomas' salary be reduced to $75 per month; That the salary of J. F. McGregor as clerk remain the same but that his salary as collector be reduced to $90 per month; All power house operators to receive $110 a month; All linemen to receive $120 a month; That Joseph Thain's salary be increased to $110 a month the same as other operators; That the salary of A. Redden of the Water Works department be reduced to $95 a month.

Street Lighting

Commissioner Benor brought up the matter of street lighting on the west side of town which is operated by a clock and does not ensure the streets being illuminated according to the darkness of the evening. The following resolution was presented and passed "That the west side street lights be operated from the pump house providing the cost of alteration will not exceed $75".

A letter was read from the Weston Shoe Company regarding a meeting of the bondholders on September 8. Moved by Commissioner Blue and Mayor Carr that the letter be received and fyled and that the chairman of the Board represent the Water and Light Commission Board of the town of Campbellford at the said meeting, with power to act.

Mayor Carr brought to the board the complaint of the council regarding the electric power shut-offs at night without sufficient warning to citizens. This was discussed and on motion of Mayor Carr and Commissioner Benor the manager was requested whenever possible to notify the public, particularly the medical profession and manufacturers, when an electric power shut-off would take place.

All accounts were presented and passed, including an account from the town solicitor, D. J. Lynch for legal fees amounting to $5.

THREE CRIMINAL CASES IN SAULT

Two Men Come Up for Murder, One for Manslaughter, Fall Assizes.

OPEN OCTOBER 4.

SAULT STE. MARIE, Ont., Sept. 13 (C.P.)—Three criminal cases—two murder and one manslaughter—are slated for the Fall assizes opening October 4 before Mr. Justice W. H. Wright.

John Barejovenko will face a charge of murdering John Baturo in a trapper's shack back of mile 229 on the Algoma Central Railway, on the night of June 16. Barejovenko, it is charged, fired six shots into Baturo, following a quarrel over trapping arrangements.

Pasquale Alessio, of this city, will appear charged with the murder of Herman Smith on the night of June 5. Police allege Alessio fired upon Smith while he and others were walking along a lane adjoining Alessio's property.

Oswald Patterson will appear charged with manslaughter arising out of the death of Matti Mattson, 18, Bruce Mines, on Aug. 16. The handle of the door of a truck driven by Patterson, struck Mattson, riding a bicycle, it is charged.

NEVER HAS INDIGESTION

Fruit-a-tives make stomach like new

"I had always been in good health until I began having trouble with my stomach. I couldn't eat anything without discomfort and continually had heartburn, severe gas pains and headaches. I can truthfully say 'Fruit-a-tives' completely restored me to health."

Fruit-a-tives . . . all drug stores

Greatest Monkey Show In World

Known the show-world over as the greatest money show of them all, George Weeks' "Monkey Circus" is delighting and amazing thousands on its present Canadian tour. It is one of the many sensational attractions forming part of Conklin's All-Canadian Shows, now playing the Midway at the Peterborough Industrial Exhibition.

SWEEPSTAKES ARE FAVORED

Trades, Labor Congress Also Urges Beer Sale By Licensed Places in Ontario.

DISCUSS SOVIET TRADE.

(By Jack Hambleton, C.P. Staff Writer.)

HAMILTON, Ont., Sept. 13. — With preliminaries over, the Trades and Labor Congress of Canada swung into action to-day, in an effort to find out what was wrong with employment and how unemployment could be overcome. The convention opened yesterday with a number of speeches and the passing of resolutions favoring, among other things, the holding of sweepstakes in Canada and the sale of beer by licensed places in Ontario.

Shortly after the hearing of some minor reports to-day, the convention is again to devote its attention to resolutions. The majority of the 126 before the convention are still to be discussed. Prominent among these is one sponsored by North Bay Lodge, No. 413, Machinists, which urges the Dominion Government to resume trade relations with Soviet Russia.

Such relations were severed some years ago, and according to the North Bay measure, if it is economically sound for Britain, the United States and Germany to deal with the Soviet, then Canada should also be able to do so. The resolution, however, is expected to provoke lengthy discussion.

Both Hon. Wesley Gordon and Hon. J. D. Monteith, Dominion and Provincial Ministers of Labor, respectively, yesterday urged the Congress not to be misled by those who, in times of depression, urged the overthrow of Government as a means of alleviation.

Emily Council

OMEMEE, Sept. 13.—The Emily Municipal Council met in the Farmers' Club rooms, Omemee, on Tuesday, with members all present, Harry E. Endicott, reeve, in the chair.

Communications were read from Wm. Finlayson, Minister of Lands and Forests, re establishing settlers on Crown lands; from James W. Stone, J. A. Corbett and John F. Fox re taxes of 1931; from F. L. Weldon on behalf of J. E. C. Hannah asking to have Mr. Hannah assessed for a small portion of land at the extreme west end of Chemong Lake; from F. L. Weldon enclosing list of old age pensioners.

Requisitions were received for the annual school levy from all the school sections, except No. 12.

An application for the position of collector was received from Lloyd Boate. A sheep valuer's report was received from D. M. Costello. A trustee's order for $50 of school money was received from S. S. No. 3, M. J. Thurston secretary.

The clerk reported that he had received a fenceviewer's award from E. E. Chatten and Albert Sanderson, fenceviewers, in the matter of damages to D. J. Winn's crop by cattle belonging to Elias Calvert, and on motion, the clerk was instructed to return the said award to Mr. Winn and ask him to deal with Mr. Calvert himself.

The road accounts as presented by C. W. Mills were approved and ordered paid by the treasurer. Orders were drawn on the treasuirer as follows:

M. J. Thurston, secretary-treasurer S. S. No. 3, $50; William Scully, 3 sheep injured by dogs which have since died, $18; Dr. G. N. Earle, services re sanitary inspection and infectious diseases, $116.70; A. H. Veals, grant for use of road through concessions 1, 2 and 3, $10.

By-law number 615 was given its several readings and passed, levying rates and taxes for 1932 and providing that 3 per cent. be added to all taxes unpaid after the 15th of December.

By-law number 616 was given its several readings and passed, appointing Lloyd Boate collector for the current year at a salary of $100.

Council adjourned, to meet on Tuesday, October 4, at one o'clock.

CABINET RESIGNS.

SANTIAGO, Chile — The cabinet of Provisional President Carlos Davila, which went into power following a revolt, and two counter-revolts last July, resigned early today.

Woman 107 Keeps Up to Times

WINNIPEG, Sept. 13 (C.P.)—Although she is 107 years old, Mrs. Angelic Gooseiaw of St. Norbert believes in being modern. She took her first airplane ride over the week-end and thought flying a much better way of travelling than riding in an ox-cart.

The aged woman was born in St. Norbert and cherishes a vivid memory of travelling through the Rocky Mountains in an ox-cart in the early days. Still in full possession of her faculties, Mrs. Gooseiaw has 11 living children. The oldest is 82 and the youngest 52.

SEEKING SPEED EARTH SHOCKS

Three U. S. Geologists Take Tests in Rocks of Sudbury District.

Already Checked Granite.

SUDBURY, Ont., Sept. 13 (C.P.) —Three American geologists were here yesterday with portable seismographs seeking to learn the speed at which earth shocks pass through basic rock of the Sudbury district.

They men, L. D. Leet, in charge of the Harvard University seismograph station; Sr. W. M. Ewing and H. C. Kelley, both of Lehigh University, Pa., insisted they were not looking for mineral deposits.

The three scientists will remain for about two weeks conducting tests which they hope will be a basis for future work in exploration of ocean floors and other in accessible depths of the earth.

They have already studied granite and other sedimentary rocks in Massechusetts, they said, and planned to concentrate here on Norite, or, as it is known here, nickel eruptive rock.

Widespread research on the speed of vibrations through many kinds of rock formation will give them the basis upon which to discover the nature of unseen rock by measuring the speed of shocks through them and comparing the result with established standards, they said.

Bandits Continue Raiding Railroads

HARBIN, Manchuria, Sept. 13. — (AP)—Another outrage by bandits operating along the Chinese eastern railway occurred last night at almost the same spot where the Harbin - Ihangchun express was wrecked the night before.

At a point 40 miles south of Harbin the regular train from Changchun was wrecked and plundered. Nine Japanese soldiers were killed, 12 were seriously injured, a number of passengers kidnapped, and the countryside reduced to a state of panic.

The fate of a number of Europeans on this train could not be determined immediately.

The RIGHT Way to End GAS PAINS BLOAT

If you continue to suffer with stomach gas and acid—getting a little relief now and then by taking handy remedies around the house yet never doing anything to rid yourself of this condition—you're piling up years of serious health troubles ahead of you!

But there's no excuse why everyone shouldn't possess a strong sturdy stomach — why one shouldn't eat anything he wants without suffering after distress.

A teaspoonful of pleasant-to-take Bisurated Magnesia in a glass of water not only IMMEDIATELY ends gas pains and bloat, but taken faithfully after each meal for a week, so drives out gas and acid and helps keep it from forming — so as thes irritated stomach and intestinal membranes — that your stomach works NATURALLY again.

Make sure you get BISURATED Magnesia, as it's prepared especially, not only to RELIEVE but to actually CORRECT the cause of most stomach ailments. Inexpensive but mighty effective in working wonders for digestion sufferers. Druggists everywhere.

You want what's best for your upset glass stomach — so ask for and GET Bisurated Magnesia.

EIGHT STATES HEAD TO POLLS

Little Campaigning Been Done —Candidates Holding Fire for Finals Nov. 8.

BATTLE IN ARIZONA.

(By the Canadian Press).

Eight states held state-wide primary elections to-day.

Heavy registrations were noted in all of them. In some states, especially Vermont and New Hampshire, there has been little campaigning, the candidates holding their fire for the finals of November 8. In others contests have been brisk, and local affairs were drawing large numbers to the polling places.

States holding state-wide primaries to-day were: Arizona, Colorado, Louisiana, Michigan, New Hampshire, Vermont, Washington and South Carolina. In addition there were run-off primaries in several districts of Mississippi.

Michigan, with a long record for Republicanism, like Maine—where Democrats showed a strength in yesterday's election that exceeded even the estimates of National leaders of their own party—was concerned chiefly with affairs of State and local interest, but politicians were watching the vote closely to see what it might portend in November.

Arizona took to-day's primary election with more evidence of interest than any in recent years. Registration was the largest in the State's history, and the number of candidates set a new record. Arizona has generally been Republican in its Presidential choice, but Democratic in State elections.

Hastings

Mr. and Mrs. C. E. Jones were visitors of friends in Gananoque on Sunday.

Mr. and Mrs. F. G. Runnels spent Sunday at the home of the former's sister in Peterborough.

Mr. and Mrs. O. Phillips, of Warkworth, spent Sunday at the home of the latter's parents, Mr. and Mrs. A. M. Brooks.

Mr. and Mrs. T. W. Chaplain, former residents of the village, now of Lakefield, called on old Hastings friends on Sunday.

Mr. and Mrs. G. Mills, of Cleveland, are on their annual vacation with friends in town.

Mr. and Mrs. G. Quackenbush, of Rochester, were Sunday visitors of the latter's father, Mr. John Hawkins.

Mr. W. A. Lavoie was a business visitor to Tweed on Saturday.

Mr. W. J. Abbott spent Sunday with friends in Gananoque.

Mr. G. Kerr is relieving at the C.N.R. station at Tweed.

Mr. Everett Fairman, of Belleville, spent the week-end at the home of his parents, Mr. and Mrs. J. Fairman.

Mr. and Mrs. J. Moon and family, of Havelock, are spending their vacation at the home of Mr. and Mrs. A. J. McKenty.

Mr. C. B. Plant is on a business trip to Montreal.

Mr. J. Hawkins spent the past week with friends in Toronto, attending the Exhibition.

Mrs. T. H. Chapman was a Sunday visitor to friends in Peterborough.

Misses Beryl Hill and Mary Coveney are on a motor trip to the States.

Messrs. L. Scriver, G. Scriver, C. Gillespie and W. J. Boyle were in Cobourg on Saturday playing ball for Roseneath against Cobourg.

Miss K. Gallagher, of Warkworth, was a Sunday visitor at the home of her sister, Mr. and Mrs. A. N. Bailey.

Mrs. G. L. Hay was a Gananoque visitor on Sunday.

Miss Pansy Runnels spent Sunday with relatives in Peterborough.

Mrs. Guthrie and daughter, Miss Gladys, of Peterborough, were Sunday guests at the home of Mr. and Mrs. L. A. Lavoie.

Mr. Lionel Hitchman, of Boston, is a guest at the home of Mr. and Mrs. Aubrey (Dit) Clapper.

SUSPECT FIREBUG.

NEW YORK.—Police suspect a firebug started a tenement house blaze which killed Mrs. Rose LA Baraba, 43, and Charles Da Gavonni, 8, early this morning. Five others were injured. A half-filled gasoline can was found in a hallway of the house.

FARMER FOUND SHOT IN HEAD

Leigh Russell of Medonte Township Takes Own Life.

PISTOL USED.

ORILLIA, Sept. 13.—Shot through the temple apparently with a 22-calibre pistol, which was located afterwards near his body, Leigh Russell, aged about forty years, a farmer, whose property lies along Concession 10, Medonte Township, was found dead yesterday by the driver of a truck.

Dr. Boyd told The Globe that it appeared from his investigations that the man had recently disagreed with members of his family, and that ill-health had also contributed toward rendering him despondent. Russell was a married man, the father of two sons, Jack, aged about 18, and Bill, aged about 16, Dr. Boyd said.

At the time when the tragedy occurred, the two sons and their mother were not at home, the house being occupied only by the man's aged father, Job Russell, an invalid, the Coroner stated.

Dr. Boyd stated that he himself had found the pistol, with one cartridge in it discharged, lying close to the spot where the body lay. He felt sure, Dr. Boyd said, that the fatality was a case of suicide, and that no inquest was necessary.

WATCHING STEAM SHOVEL TOT PLUNGES TO DEATH

NEW YORK, Sept. 13 (C.P.)—Four-year-old Jimmy FitzGibbon had been watching a steam shovel digging an excavation for about an hour. The workmen no longer paid any attention to him.

But in dumping one shovelful into a truck, the operator saw two little legs protruding from the shovel's iron claws. Laborers dug Jimmy out with hand shovels, but he died in the hospital an hour later.

Apparently he had fallen into the excavation just as the shovel was scooping up a load.

WHEAT OF HIGH QUALITY.

WINNIPEG.—Western Canada is successfully harvesting its comparatively large crop which will, in all probability, be of even higher quality than last year's crop, E. B. Ramsay, chief commissioner of the Board of Grain Commissioners told the Canadian Press here to-day.

New Ontario Judge

Mr. Justice Kingstone, new supreme court judge who was sworn in by Mr. Justice Kelly recently. Here he is shown preparing for his first day on the bench.

Dies In Police Cell After Trying Suicide

LONDON, Ont., Sept. 13 (C.P.) Joseph L. Volk, 55, died in police cell to-day after having been found at his home suffering from the effects of illuminating gas. Police say Volk committed suicide by fitting a piece of rubber tubing to the gas jet and inhaling the gas.

Occupants of the house, smelling gas, notified a physician, who called the police. Volk was placed under the care of the jail physician. His condition was not considered serious at first.

ONTARIO GRAIN.

TORONTO, Sept. 13.— Approximate prices track shipping point—Wheat, 44c to 46c; oats, 23c to 25c; barley, 38c to 40c; corn, 46c to 48c; rye, 35c to 38c; buckwheat, 32c to 35c.

Sweet clover should be cut for ensilage when the majority of the plants are in bloom.

Calgary Threatens; Jobless Harvesting

CALGARY, Sept. 13. — Calgary unemployed are responding to the call of Alberta farmers for harvest workers. Nearly 200 married and single men, it is announced, have gone to the harvest fields.

Last week the city threatened to jail all single unemployed on vagrancy charges if they refused harvest jobs. All married men with no children or one child were threatened with being cut off relief unless they joined the trek to the fields.

Besses-o'-Th'-Barn Give Fine Concert

(Continued from Page 1.)

cornet duet "Humming Birds" (Sutton) by Bandsmen E. Jackson and G. Taylor, and the xylophone solo "Beppo" (Byre) played by W. Parkinson, scintillant numbers that displayed the abilities of the soloists and the general virtuosity of the band. They were enthusiastically encored and Mr. Parkinson's xylophonic expert performance won him a second recall.

The Miserere from Il Trovatore (Verdi) was another reminder of Mr. Royle's art of program building, this operatic classic presenting Mr. Jackson, cornet soloist and Mr. G. Riley, trombonist, together with chimes effect, contributing a dramatic overtone to the little surprises of variety in the program.

The lyric music was invoked in some of the passages from the Faust selections, and on also in the excepts from "The Gonoliers" and "Chu Chin Chow."

A distinctive quality of the Besses-o'-th'-Barn" apart from its musicianship in the striking resources of its brass, the unfailing precision of attack and the nuances of shading in response to the suave baton of the conductor was a charming blandness of tone especially in the instruments of middle register that gleamed at times, as in parts of "Remington" and "Zampa," to mention two recollections. Perhaps it was a personal discovery in the tonal texture of the "Besses" but it was there a golden quality between the bass and tenor sections that was a special reward to the attentvive sense of harmony of such brass refinement as only exceptional bands can achieve.

OFFER TO BUY RAILWAY.

VICTORIA.—A definite offer by British and United States interests to purchase the Pacific Great Eastern, province owned and operated railway, has been received and is under consideration by the British Columbia Government, it was learned here.

MAINE CARRIED BY DEMOCRATS

Hold Narrow Majority for Gubernatorial and Two of Three Congressional Candidates.

FIRST TIME IN 18 YEARS,

PORTLAND, Me., Sept. 13 C.P.). —For the first time in 18 years Democrats blasted their way through Republican strength in the Maine election yesterday and to-day had narrow but apparently safe majorities for their gubernatorial and two of the three congressional candidates.

The unofficial returns with less than 40 scattered precints unreported, showed Louis J. Brann, Democrat, of Lewiston, with an advantage of 700 over Burleigh Martin, of Augusta, for the Governorship. E. Card Moran, Jr., of Rockland, and John G. Utterback, of Bangor, in the second and third congressional districts, had leads of 2,546 and 1,156 respectively over their Republican opponents, Congressman John E. Nelson and former Governor Ralph O. Brewster.

Congressman Carroll L. Beedy was the only Republican to win in the top-of-the-ticket contests. He defeated Joseph E. P. Connolly.

London Jobless Sell 12,000 Fair Tickets

LONDON, Ont., Sept. 13 (C.P.).— London's unemployed sold nearly 12,000 tickets to the Western Ontario Exhibition before the opening yesterday, it was revealed today.

Directors of the Exhibition this year cancelled arrangements for the usual advance sale of tickets through stores and turned it over to the unemployed, paying them a commission. Total attendance on the opening day yesterday was 21,952, an all-time record.

MANCHURIA ABOLISHES EXTRATERRITORIALITY.

CHANGCHUN, Manchuria, Sept. 13. — (AP) — The government announced yesterday that it will abolish extraterritoriality in Manchuria after Japan, Soviet Russia and other countries recognize the new state of Manchuku.

Extraterritoriality grants a foreign nation the right to try its own nationals in its own courts set up on foreign soil, and similar privileges.

INSULATION

Insulate Your HOME and Avoid BIG Fuel Bills

The most beautifully decorated or finished home is small comfort if you cannot maintain satisfactory temperature in all weather.

Insulation is part of the hidden construction of a home—a part you cannot see—but as the years roll by it will give you as much satisfaction as beautiful floors, a perfectly proportioned stairway, or any other architectural detail of your home which gives you daily satisfaction.

Donnacona insulation in walls and roof will help to control indoor temperature both in Summer and Winter. The insulated house costs 25 per cent less to heat and requires a smaller heating plant. Donnacona will stop the penetration of the sun's rays and keep your upstairs rooms comfortable on the hottest days.

Donnacona can be applied to homes both old and new. In new homes it become part of the building operation and can be installed without adding to the cost. In old homes it can be applied on the underside of roof rafters with important fuel savings. The exclusive rough cast surface of Donnacona Board lends itself to a wide variety of attractive finishes. This feature of Donnacona is particularly desirable where walls are to be left unplastered. Donnacona is one of the many quality products sold by Peterborough Lumber Co. which help to make homes more attractive and livable. Write us for complete information.

Mr. D. A. Robertson of Uxbridge, formerly of Peterborough, is visiting in the city during Fair Week.

• • •

Among the prize-winners in the contest recently conducted by the Philco Radio Company, were Miss Hazel Dunn of Peterborough, Miss Agnes Condon of Douro and Mr. Harold B. Wilson of Hastings. Each received a cash award of thirty dollars.

• • •

Mrs. Harold Dawson has returned from Toronto, where she acted as accompanist for Miss Jessie Pattison, who was successful in winning the silver medal in the Contralto section of the Musical Competitions at the Canadian National Exhibition.

• • •

Form any years past, members of an American family have been summering at Young's Point. For thirty-five years, without a break, Mr. H. B. McKay of Rochester, N.Y., former manager of the Curtis Canning Factory in that city, has been coming to the point for the summer season, and he has endeared himself to old and young alike by his kindliness, especially to the sick and the little children. His daughter, the late Mrs. W. Patterson, also came for many years, and her two sons, Mack and Sandy, as they were affectionately known to the people of the village, formed the third generation. Now, the fourth generation has its flowering in the person of little Alison Patterson, three-year-old son of Professor Mack Patterson, who has completed recently a long course of study in American and foreign universities and is a professor of Romance languages. The family now occupy Mr. Reid's cottage at Young's Point, with Mr. and Mrs. H. B. McKay, Mr. Sandy Patterson, Mr. and Mrs. Mack Patterson and their little son Alison, but for many years they were summer residents at the Lakeview House, and Professor Patterson has written the following charming little article about Young's Point: "Many people in the old days knew the warm hospitality of the Lakeview House at Young's Point. Gaily festooned carriages and shining horses travelled the main road, fishermen with a lucky talisman in their pockets held their long strings of bass before the admiring gaze of the villagers and the other guests, and through it all was the cheering greeting of Mr. and Mrs. Kearney. It was more than thirty-five years ago that the first generation of our family came to the Lakeview. Those were happy days, the first summer in the Kawartha Lakes. The great pines were everywhere and bears were not unusual as near as Apsley in the summer, nearer in the winter. There was a little group of fishermen who day after day met for shore dinners and told of their catch while the potatoes boiled and the bacon and fish sizzled in the pans. The guides filled in any lapses in conversation by anecdotes of lumbering days, of the great drives of logs that came down Clear Lake and through the narrows at the point. It was a rugged, happy life for everyone.

"Five years later the first generation became the third to visit at the Kearneys. Still all the older ones came, now quite familiar with the shoals and the weed-beds, able to beat the guides at stories of marvellous luck (it must have been in '98 that there was the great season of 'lunge fishing).

"The years have hurried since then. The second generation has passed away and the fourth has come, yet still the first of the family return to enjoy the memories that crowd around all the old residents of the district. Mrs. Kearney still loves to hear about the catch while her daughter recalls the bye-gone times. And the fourth generation is slowly learning, although so very young, all the happy hours that have wound themselves about the hearts of each member of the family and bound them with strong cords of love to the region and that make it seem like a vague impossibility that such a glorious tradition should ever pass away.

"The Lakeview House has changed hands and Mr. H. S. Simmons now has charge there, while Mrs. Kearney and her daughter are running "The Kearney" at the end of the bridge and still taking care of their friends. Automobiles have replaced the carriages and concrete roads are talked of. Electricity has supplanted the old oil lamps in some of the houses, but Young's Point must always be the same to the four generations of our family, to the Kearneys and to all those who dearly love the past because by cherishing memories the hopes of the future may ever seem brighter."

• • •

Mr. and Mrs. George Bonner, Millbrook, Ont., announce the engagement of their daughter, Ruby Elisa, to Mr. Mervin A. Sutton, son of Mr. and Mrs. Albert Sutton, Janetville, Ont.; the wedding to take place the latter part of September.

SIMPLY WORN OUT?

Take Lydia E. Pinkham's Vegetable Compound

Can anything be more wearing for women than the constant round of household duties? You have no time to be sick . . . you try stead . . . adding . . . yet cannot stop. There comes a time when something snaps and you find yourself simply worn out.

SPEED is such a desired element in all the affairs of life that it is not surprising that it affects the kitchen decidedly.

• • • • • • •

It is true that there is no virtue in slowness, when it comes to work. That is to say, if efficiency is not sacrificed.

• • • • • • •

It does not mean the elimination of some marvellous and delicious dishes which one could wish might be put back again on menus. The housewife, however, would not consider the intricate preparations which are necessitated.

• • • • • • •

On the other hand, there are other dishes which cannot be hurried, yet which do not require over-long to make ready for the oven. It is the slowness of cooking which consumes time, but so long as this time does not detract from the homemaker's quantity, such dishes can still be looked upon with favor.

• • • • • • •

Green corn pudding is one of the dishes which is too good to be omitted from menus. It must be cooked slowly. Such preparation as it takes will be found to be time well spent.

• • • • • • •

For a large pudding, use two dozen ears of ripe corn. Score the kernels on each ear in turn through the centre of the kernels, and scrape the pulp out by running the back of a knife down each cob.

• • • • • • •

The hulls of the corn should remain on the cob, but all the pulp and juice should be extracted.

• • • • • • •

To this pulp add one and a half quarts of whole milk, six eggs, half a cup of butter, or three-quarters of a cup for a rich pudding, one level teaspoon salt, and one tablespoon sugar.

• • • • • • •

Beat the eggs slightly before entering ...

Edyth Hopkins, Field Sec- ... so ... ictary from Toronto, who was as- ... sisting with the judging in the building, spoke briefly urging that the children do all the work in connection with their exhibits, "though parents and fond uncles and aunts may help with advice all they will", and Mr. Summers followed with the suggestion that only the teachers and boys and girls be allowed in the tent or building while the exhibits were being placed—an idea that will probably be carried out another year. "Today I saw them from five to sixty-five arranging the various things brought in for the fair."

Recitation Contests

The recitation contestants were placed: 1, Betty Carveth; 2, Leatha Rowland; 3, Tom Belch. Colonel Odell's promise that teaching of vocal music in the school of East Durham is assured, and that "next year at this fair we shall exhibit some real choral singing as a result of much labor and planning to bring this achievement to pass," called forth warm applause.

The quality of exhibits at the South Cavan fair is all right, but in several classes quantity is lacking, the first and second prize winners being:

Grain: Wheat, 1 quart, Nettie Elgar, Lynton Bristow. Sheaf, Dorothy Armstrong, Allan Earle. Oats, 1 quart, Fred Brown, L. Bristow. Sheaf, John Elgar, Barley, 1 quart, Tom Belch. Sheaf, Fred Brown.

Vegetables—Ensilage corn, Allan Earle, Norman Hubbeard. Sweet corn, Gerald Armstrong, Mary Larmer. Mangels, Warren Olan, Betty Carveth. Turnips, Fred Brown, Ross Armstrong. Beets, Wilfrid Gillis, Gordon Jones. Carrots, W. Olan, Elsie Theobald. Pumpkin, Gerald Armstrong, Audrey Keen.

Flowers—Asters, Dorothy Smith, Jack Greer. Phlox, Warren Olan, Dorothy Armstrong. Zinnias, Lenora Davis, Ralph Greer. Gladiolus, Hugh Williams, Earle Hubbeard. Marigolds, Ruth Lewis, Gerald Armstrong. Calendulas, Eileen Fair, Norman Hubbeard. Petunias, Kenneth Kidd, Betty Carveth.

Poultry — Cockerel, Barrel Plymouth Rock, Beatrice McDowell, Audrey Keen. Pullet, B. McDowell, A. Keen. Cockerel, White Leghorn, Teddy McDowell, Bobby Peers. Pullet, Teddy McDowell, Dorothy Armstrong.

Live Stock—Colt draft, Margaret Armstrong, Nettie Elgar. Beef calf, Isabel McCamus, John Elgar. Dairy calf, Fred Brown.

Fruit and Miscellaneous Vegetables—Snow apples, Helen Challice, Opal Challice. McIntosh Red. H. Challice, Allan Earle; Spy, H. Challice, Jean Challice. Tomatoes, B. Carveth, Wilma Armstrong. Plums, Audrey Garside, Opal Challice.

CULBERTSON on CONTRACT

by Ely Culbertson

World's Champion Player and Greatest Card Analyst

286

A BIDDING DEFENSE

It cannot be too strongly emphasized that, while bidding should be based upon values held, often, with comparatively weak hands, the only effective defense against opponents' march to the game contract, which may be made, is a defense in the bidding. Consciously, or subconsciously, almost all players are affected by the bids made by their opponents, and nuisance bids, injected even with minimum strength, frequently make difficult the bidding of hands in which one side has sufficient strength to produce game, but so divided that the issue appears doubtful.

In the recent Eastern Contract pair championship, one of the hands dealt was the following:

South—Dealer.

East and West vulnerable.

At the table where Mrs. Culbertson played and held the North hand, the bidding was as follows:

The Bidding:

(Figures after bids in table refer to numbered explanatory paragraphs.)

South	West	North	East
Pass	1♡	1NT(1)	Pass
Pass	Pass		

1—This proved an impassable barrier to the East and West players.

In the play of the hand, through rather faulty defense, although the players were ranked among the world's experts, Mrs. Culbertson made 6 tricks and was thus defeated 1 trick on her contract to make 7.

"I guess you overbid a little," remarked her distinguished opponent.

Let us see!

At another table, where the North player did not appreciate the advantages of a bidding defense, the bidding proceeded as follows:

(Figures after bids in table refer to numbered explanatory paragraphs.)

South	West	North	East
Pass	1♡	Pass(1)	1◇(2)
Pass	2NT(3)	Pass	3NT(4)
Pass	Pass	Pass	

1—Hoping vulnerable opponents will bid too much.

2—A bad bid. A much sounder bid is two notrump. The hand contains 2½ honor-tricks and with partner's Opening bid, the contract should be made.

3—West rightly shows his Rebid values.

4—East now corrects his own bid.

In the play, North, faced with a difficult choice of leads, elected to open the club 9, and West easily made three notrump, winning three clubs, two hearts, two spades and two diamonds, thus scoring—as the game was Duplicate — a total of 605 points — 105 points for the tricks and 500 for the vulnerable game.

We thus have a pertinent answer to the remark of the player at the first table:

"Mrs. Culbertson, although defeated, did not overbid."

TODAY'S POINTER

Many hands present no possibilities of a playing defense at the Contract table, but do have the possibilities of a bidding defense through the use of "nuisance bids."

Itching Skin

Stop it instantly.

The minute you apply Peterson's Ointment to that burning, inflamed, eczema tortured skin—its mighty healing power brings blessed relief. After a few applications, the itching is all gone and your skin is clear and free from eruptions or roughness. It's the one great skin remedy that every druggist is glad to recommend.

Get a large box for only 50 cents at any drug store—and money back if it isn't the best you ever used. Always keep Peterson's Ointment in the house. Fine for burns, scalds, bruises, sunburn, chafing and aching inflamed feet. There is nothing better for itching eczema and piles.

COL. J. W. ODELL PRAISES SCHOOL CHILDREN IN EXHIBITION PARADE

Pupils From Eight Schools in South Cavan District Take Part in Showing.

HELD AT MILLBROOK

(Examiner Correspondence)

MILLBROOK, Sept. 13.—Addressing the pupils of the eight schools of the South Cavan district at the Rural School Fair, held at the agricultural park, Millbrook, on Friday beginning at 1 p.m., Colonel J. W. Odell, P. S. I. declared he had not seen a better exhibition of physical culture drill at any of the school fairs than had been put on before the grandstand that afternoon. B. B. Dawson, principal of the Millbrook Public School, gave the directions for the drill which was in mass formation, the ringing commands being carried out with remarkable precision of movement considering that each school had drilled separately under its own teacher, the 'get together' being accomplished only on the day of the fair.

The fine weather brought out a good attendance, other out of doors' evenis that kept the well-filled grandstand interested for more than two hours including the parade of all the schools, banners and costumes being appropriate and attractive; the judging of live stock, the boys and girls bringing their colts and calves into the ring where E. A. Summer, Agricultural Representative, placed them giving reasons therefore; the impromptu speaking and recitation contests which had eleven entrants in all, pupils making their choice of subjects given out on the morning of the fair; and the mouth organ competition with Allen Browne, of Fairview school, and Lawrence Hawkin, of Millbrook senior room, competing, Colonel Odell allowing the audience to be ... according to the ... and placing them in the ... order.

Burned Loot

HAMILTON, Sept. 13. (CP)—Yesterday a new tenant in a house on Hunter street west began digging up his back yard and struck treasure. Large numbers of knives, forks and spoons were brought to light by his shovel. Hastily he took them to the house and scrubbed away the tarn'sh only to see the names of a local hotel and a restaurant appear. The silverware was restored to its rightful owners.

RECEPTION IS GIVEN IN APSLEY HALL

Mr. and Mrs. Stewart Brown Honored by Friends in Apsley District.

APSLEY, Sept. 13. — (Examiner Correspondence.) — A reception in honor of Mr. and Mrs. Stewart Brown who returned from their honeymoon last week, was given in the parish hall on Friday evening and was attended by about two hundred people. The hall was prettily decorated with white streamers and Japanese lanterns, the young couple receiving the guests on the stage, which was filled with wedding presents, evidence of their popularity. Music for dancing was furnished by Tuck Lang and his Ace High orchestra. Refreshments were served about midnight and the happy event was brought to a close after further dancing had been enjoyed. A number of guests from outside points attended the reception.

That Body of Yours

By James W. Barton, M.D

INFORMATION ABOUT GOITRE

You have likely noticed from time to time a number of people with an enlarged lump in front of the neck. You know that it is called goiter, but cannot understand why one of your friends with a small goiter must undergo an operation for removal of part of it, while another friend with a larger goiter is not compelled to undergo any treatment whatever.

Goitre or goiter is an enlargement of the thyroid gland which is shaped like the letter U. It is an organ that is necessary to life itself as it manufactures and passes into the blood a substance that is necessary for the growth and development of mind and body. For example if this substance is not present in sufficient quantities in the very young, the bones fail to develop, are short and easily broken, and never harden properly.

In adults where there is not enough thyroid substance being manufactured there is a dullness of intellect, indifference to surroundings and events, lack of resolution, and lack of memory. People suffering with this condition—myxoedema as it is called—desire only to sit still and be left alone.

If, however, too much of this substance is manufactured by the thyroid gland there is palpitation and increased action of the heart, tremor of the body, nervousness and digestive disorders.

And the important material in this substance is iodine.

It has been shown that foods rich in iodine greatly increase the store of iodine in the gland. It is also known that the amount of iodine is least in goitrous and greatest normal thryroid glands.

Fortunately the great majority of goiters are not serious and consist of a simple enlargement of the gland.

That taking iodine into the system would prevent goiter was known to the Chinese fifteen centuries B.C., as well as to the Greeks and Romans.

While iodine is helpful in preventing goiter and in curing some cases of simple goiter, it cannot or should not be used in the severe or toxic form of goiter where it may produce serious effects.

Persons who believe they are suffering from goiter should consult their own doctor and be guided entirely by his advice in the matter of treatment.

The above information regarding goiter is from the Department of Pensions and National Health, Ottawa.

CHAMBER OF COMMERCE IN SESSION AT HALIFAX

HALIFAX, Sept. 13. (CP)— A clearing house of business opinion of national economic questions, the Canadian Chamber of Commerce was in session here to-day.

The president, Col. W. L. McGregor of Windsor, opened the seventh annual convention this morning, when more than 100 delegates, representing the leading cities of Canada's nine provinces, were welcomed to this historic commercial centre by Lieutenant-Governor W. H. Covert, Premier Gordon S. Harrington and Mayor A. A. Thompson.

Hall's Bridge

Dr. H. M. Yelland and Mrs. Yelland were visitors to Curve Lake on the occasion of the regatta, held on Monday last. Other visitors included Dr. Ed. E. Willis, Mrs. Willis, Miss Iris Willis and Miss Helen Frost.

Mr. and Mrs. Hy. Shearer and family, Mr. William Fath (of Toronto), Mr. and Mrs. John Jones, and many others from Hall's Bridge.

Mr. John Elliott of Lindsay visited her sister, Mrs. Shaw, over the week-end.

Mrs. Gillespie of Lindsay is visiting friends in the village.

On Friday, Mr. and Mrs. Frank LaPlante left their home in Hall's Bridge and went to Toronto for the winter. They were driven to Toronto by Mr. William LaPlante, who returned home again on Saturday.

Visitors to the village recently included Dr. and Mrs. H. M. Yelland of Peterborough, and the Rev. E. C. Moore of Young's Point.

On Dreamy 'Tonabee

The Otonabee river is extolled in music in a recently published popular number called "On the Dreamy 'Tonabee." Miss Marguerite Weatherhead, a Peterborough girl, composed the music to the song dedicated to this vicinity, while the words were written by Ben Smith, Bracebridge poet. Miss Weatherhead is a member of the teaching staff of the Sacred Heart school, and has taught music for several years.

The waltz ballad, in printed form, bears the picture of Don Romanelli, famous leader of the Royal York Hotel Orchestra, who will broadcast the piece over the air within the next few weeks.

Another popular band leader to take up the local number is Al Jenkins, and he and his Palais Royal Orchestra will include it in their broadcast over Buffalo's radio station, WGR, some evening this week, probably Wednesday at 5.30, especially dedicating it to Miss Weatherhead. Al Jenkins has also stated he would take this number to play in Cleveland later in the month when he goes to replace Ted Weems.

"On the Dreamy 'Tonabee" was published by Herb Jones, considered one of America's youngest song writers. He has had a number of "hits" in the past few years, and has stated that the Otonabee song should be a great favorite.

Bandmaster Peryer of the Peterbrough Rangers' intends arranging the music of this piece for his band to be given at the Exhibition Friday night before the grandstand with a vocalist singing it.

NEIGHBORLY NOTES

Please phone items to 1000 or 1001

Mr. and Mrs. Vincent McIntyre, Water street, have returned from a visit in St. Catharines.

• • •

Mr. and Mrs. Harvey Lindsay of Kapuskasing have returned home after visiting their aunt and uncle, Mr. and Mrs. Fred Cox of the Lift Lock Farm.

• • •

To-day, Mr. William F. Green, the popular secretary of the Oddfellows' Triple Link Club, celebrates his seventy-second birthday in splendid health and spirits.

• • •

Mr. and Mrs. J. C. Smith of Charlotte street have returned home after a vacation spent at Hall's Bridge.

• • •

Mr. Ted Marks and his eleven-piece orchestra, under direction of Mr. George Sims, who have been playing at the Pavilion Royale, Lakefield during the summer months, have secured a winter engagement at the "Chez Maurice" in Montreal, commencing on Monday next, September 19th. They will play at Lakefield for the next four days, with Friday as their concluding program, starring Mr. Red Ginzler.

• • •

Miss Geraldine Cavanagh of Indian River is spending a week with her sister, Mrs. Quinlan, Crescent street.

• • •

Master Gordon Chase, Elm street, has his third birthday to-day.

• • •

Mrs. Charles Cheu received the sad news yesterday of the death of her father, Mr. Charles Corrigan, of Tottenham, England.

• • •

The staff of the Switch Gear Department of the Canadian General Electric Company met last evening to wish success to Mr. Bert Hayter in his new sphere of work in the Planing Department of the factory. His fellow employees showed their appreciation of his services by presenting him with a new razor and shaving outfit, while Mrs. Hayter was the recipient of a box of chocolates.

• • •

Mr. Jack Primeau celebrated a birthday on Sunday.

• • •

Miss Annie Gow of Lakefield has returned to her home after a pleasant visit in Toronto with Mr. and Mrs. Wesley Everett Stark. Miss Gow has been featured in the press recently for her airplane trip over Toronto. She is ninety-one years of age.

• • •

The Misses Hall of Reid street and Miss Mary Clementi of Stewart street have returned home after a delightful vacation spent at Hall's Bridge.

• • •

The marriage was solemnized by the Rev. Charles D. Draper in Hart House, on Saturday, of Miss Maude Ethel Byles, daughter of Mr. and Mrs. Albert J. Byles, to Mr. William F. Auld of Peterborough, son of Mr. and Mr. and Mrs. Charles Auld of Beamsville. Attendants were Miss Florence Byles and Mr. James Auld.

• • •

Mr. D. A. Robertson of Uxbridge, formerly of Peterborough, is visiting in the city during Fair Week.

• • •

Among the prize-winners in the contest recently conducted by the Philco Radio Company, were Miss Hazel Dunn of Peterborough, Miss Agnes Condon of Douro and Mr. Harold B. Wilson of Hastings. Each received a cash award of thirty dollars.

• • •

Mrs. Harold Dawson has returned from Toronto, where she acted as accompanist for Miss Jessie Pattison, who was successful in winning the silver medal in the Contralto section of the Musical Competitions at the Canadian National Exhibition.

• • •

Form any years past, members of an American family have been summering at Young's Point. For thirty-five years, without a break, Mr. H. B. McKay of Rochester, N.Y., former manager of the Curtis Canning Factory in that city, has been coming to the point for the summer season, and he has endeared himself to old and young alike by his kindliness, especially to the sick and the little children. His daughter, the late Mrs. W. Patterson, also came for many years, and her two sons, Mack and Sandy, as they were affectionately known to the people of the village, formed the third generation. Now, the fourth generation has its flowering in the person of little Alison Patterson, three-year-old son of Professor Mack Patterson, who has completed recently a long course of study in American and foreign universities and is a professor of Romance languages. The family now occupy Mr. Reid's cottage at Young's Point, with Mr. and Mrs. H. B. McKay, Mr. Sandy Patterson, Mr. and Mrs. Mack Patterson and their little son Alison, but for many years they were summer residents at the Lakeview House, and Professor Patterson has written the following charming little article about Young's Point: "Many people in the old days knew the warm hospitality of the Lakeview House at Young's Point. Gaily festooned carriages and shining horses travelled the main road, fishermen with a lucky talisman in their pockets held their long strings of bass before the admiring gaze of the villagers and the other guests, and through it all was the cheering greeting of Mr. and Mrs. Kearney. It was more than thirty-five years ago that the first generation of our family came to the Lakeview. Those were happy days, the first summer in the Kawartha Lakes. The great pines were everywhere and bears were not unusual as near as Apsley in the summer, nearer in the winter. There was a little group of fishermen who day after day met for shore dinners and told of their catch while the potatoes boiled and the bacon and fish sizzled in the pans. The guides filled in any lapses in conversation by anecdotes of lumbering days, of the great drives of logs that came down Clear Lake and through the narrows at the point. It was a rugged, happy life for everyone.

"Five years later the first generation became the third to visit at the Kearneys. Still all the older ones came, now quite familiar with the shoals and the weed-beds, able to beat the guides at stories of marvellous luck (it must have been in '98 that there was the great season of 'lunge fishing').

"The years have hurried since then. The second generation has passed away and the fourth has come, yet still the first of the family return to enjoy the memories that crowd around all the old residents of the district. Mrs. Kearney still loves to hear about the catch while her daughter recalls the bye-gone times. And the fourth generation is slowly learning, although so very young, all the happy hours that have wound themselves about the hearts of each member of the family and bound them with strong cords of love to the region and that make it seem like a vague impossibility that such a glorious tradition should ever pass away.

"The Lakeview House has changed hands and Mr. H. S. Simmons now has charge there, while Mrs. Kearney and her daughter are running "The Kearney" at the end of the bridge and still taking care of their friends. Automobiles have replaced the carriages and concrete roads are talked of. Electricity has supplanted the old oil lamps in some of the houses, but Young's Point mut always be the same to the four generations of our family, to the Kearneys and to all those who dearly love the past because by cherishing memories the hopes of the future may ever seem brighter."

• • •

Mr. and Mrs. George Bonner, Millbrook, Ont., announce the engagement of their daughter, Ruby Eliza, to Mr. Mervin A. Sutton, son of Mr. and Mrs. Albert Sutton, Janetville, Ont.; the wedding to take place the latter part of September.

SIMPLY WORN OUT?

Take Lydia E. Pinkham's Vegetable Compound

Can anything be more wearing for women than the ceaseless round of household duties? You have no time to be sick . . . you are tired . . . ailing . . . yet cannot stop. There comes a time when something snaps and you find yourself simply worn out.

Lydia E. Pinkham's Vegetable Compound will help you. Its tonic action will give you renewed strength, and will make your daily tasks seem easier to you.

98 out of every 100 women who report to us say that they are benefited by this medicine. Buy a bottle from your druggist today . . . and watch the results.

FASHION SERVICE

You can't find anything easier or quicker to fashion than this charming new apron and deep sleeve protectors.

The apron covers both the front and the back of the dress. Its becoming V-neckline at the front and pointed hemline, tends to make the figure appear tall and slender.

Practically all you're to do is to cut it out and bind all the edges. The sleave protectors have elastic inserted at the upper edge. It holds them securely in place.

You can make this attractive set for a nominal sum of fast colored fabrics that will tub and tub.

Style No. 3120 is designed for sizes small, medium and large.

Medium size requires 2¾ yards 32 or 35-inch, with 9¼ yards binding.

Fall Fashion Magazine is ready. Contains selection of new patterns for women and children, also embroidery, patchwork quilts and a three-lesson Beauty Course.

Price 15 cents a copy.

JUST BETWEEN—Tuesday ¾ .. ¾. ..¾. ..¾... ¾... ¾... ¾.....

SPEED is such a desired element in all the affairs of life that it is not surprising that it affects the kitchen decidedly.

• • • • • • •

It is true that there is no virtue in slowness, when it comes to work. That is to say, if efficiency is not sacrificed.

• • • • • • •

It does not mean the elimination of some marvellous and delicious dishes which one could wish might be put back again on menus. The housewife, however, would not consider the intricate preparations which are necessitated.

• • • • • • •

On the other hand, there are other dishes which cannot be hurried, yet which do not require over-long to make ready for the oven. It is the slowness of cooking which consumes time, but so long as this time does not detract from the homemaker's quantity, such dishes can still be looked upon with favor.

• • • • • • •

Green corn pudding is one of the dishes which is too good to be omitted from menus. It must be cooked slowly. Such preparation as it takes will be found to be time well spent.

• • • • • • •

For a large pudding, use two dozen ears of ripe corn. Score the kernels on each ear in turn through the centre of the kernels, and scrape the pulp out by running the back of a knife down each cob.

• • • • • • •

The hulls of the corn should remain on the cob, but all the pulp and juice should be extracted.

• • • • • • •

To this pulp add one and a half quarts of whole milk, six eggs, half a cup of butter, or three-quarters of a cup for a rich pudding, one level teaspoon salt, and one tablespoon sugar.

• • • • • • •

Beat the eggs slightly as for a custard. Mix all well together. Pour into a buttered baking dish and cook in a very slow oven for three hours.

• • • • • • •

For a small family, half this quantity is sufficient. Use part of the butter to dot the top of the pudding; the rest should be cut into bits and mixed with the other ingredients.

• • • • • • •

Rice pudding is another type which depends upon time in cooking, if it is made as follows, and many persons declare this to be the finest kind. It is they who know how to cook it.

• • • • • • •

To two quarts of cold milk add three heaping tablespoons well washed rice, one scant teaspoon salt, and three tablespoons sugar. Put in a slow oven and bake two hours. During the first half-hour stir frequently, pushing down any skin which may form.

• • • • • • •

Half a cup of seedless raisins may be added and one teaspoon of vanilla shou'd be added. Put these in after the pudding has been baking three-quarters of an hour, and stir all well together.

• • • • • • •

After this stir occasionally, lifting the skin carefully so that it does not break. In hot weather chill the pudding before serving, but on cold days, serve it hot.

• • • • • • •

It is delicious both ways.

CULBERTSON on CONTRACT

by Ely Culbertson

World's Champion Player and Greatest Card Analyst

206

A BIDDING DEFENSE

It cannot be too strongly emphasized that, while bidding should be based upon values held, often, with comparatively weak hands, the only effective defense against opponents' march to the game contract, which may be made, is a defense in the bidding. Consciously, or subconsciously, almost all players are affected by the bids made by their opponents, and nuisance bids, injected even with minimum strength, frequently make difficult the bidding of hands in which one side has sufficient strength to produce game, but so divided that the issue appears doubtful.

In the recent Eastern Contract pair championship, one of the hands dealt was the following:

South—Dealer.
East and West vulnerable.

At the table where Mrs. Culbertson played and held the North hand, the bidding was as follows:

The Bidding:

(Figures after bids in table refer to numbered explanatory paragraphs.)

South	West	North	East
Pass	1♡	1NT(1)	Pass
Pass	Pass		

1—This proved an impassable barrier to the East and West players.

In the play of the hand, through rather faulty defense, although the players were ranked among the world's experts, Mrs. Culbertson made 6 tricks and was thus defeated 1 trick on her contract to make 7.

"I guess you overbid a little," remarked her distinguished opponent.

Let us see!

At another table, where the North player did not appreciate the advantages of a bidding defense, the bidding proceeded as follows:

(Figures after bids in table refer to numbered explanatory paragraphs.)

South	West	North	East
Pass	1♡	Pass(1)	2◇(2)
Pass	2NT(3)	Pass	3NT(4)
Pass	Pass	Pass	

1—Hoping vulnerable opponents will bid too much.
2—A bad bid. A much sounder bid is two notrump. The hand contains 2½ honor-tricks and with partner's Opening bid, the contract should be made.
3—West rightly shows his Rebid values.
4—East now corrects his own bid.

In the play, North, faced with a difficult choice of leads, elected to open the club 9, and West easily made three notrump, winning three clubs, two hearts, two spades and two diamonds, thus scoring—as the game was Duplicate — a total of 605 points — 105 points for the tricks and 500 for the vulnerable game.

We thus have a pertinent answer to the remark of the player at the first table:

"Mrs. Culbertson, although defeated, did not overbid."

TODAY'S POINTER

Many hands present no possibilities of a playing defense at the Contract table, but do have the possibilities of a bidding defense through the use of "nuisance bids."

CULTURAL REVOLUTION

LENINGRAD, U.S.S.R.—A cultural revolution was hailed by speakers to-day as a four-day jubilee commemorating the 100th anniversary of the Alexandrinsky Theatre opened. About 50 playwrights, critics and actors from foreign countries attended the festivities.

COL. J. W. ODELL PRAISES SCHOOL CHILDREN IN EXHIBITION PARADE

Pupils From Eight Schools in South Cavan District Take Part in Showing.

HELD AT MILLBROOK

(Examiner Correspondence)

MILLBROOK, Sept. 13.—Addressing the pupils of the eight schools of the South Cavan district at the Rural School Fair, held at the agricultural park, Millbrook, on Friday beginning at 1 p.m., Colonel J. W. Odell, P. S. I. declared he had not seen a better exhibition of physical culture drill at any of the school fairs than had been put on before the grandstand that afternoon. B. B. Dawson, principal of the Millbrook Public School, gave the directions for the drill which was in mass formation, the ringing commands being carried out with remarkable precision of movement considering that each school had drilled separately under its own teacher, the 'get together' being accomplished only on the day of the fair.

The fine weather brought out a good attendance, other out of doors' events that kept the well-filled grandstand interested for more than two hours including the parade of all the schools, banners and costumes being appropriate and attractive; the judging of live stock, the boys and girls bringing their colts and calves into the ring where E. A. Summer, Agricultural Representative, placed them giving reasons therefore; the impromptu speaking and recitation contests which had eleven entrants in all, pupils making their choice of subjects given out on the morning of the fair; and the mouth organ competition with Allen Browne, of Fairview school, and Lawrence Hawkin, of Millbrook senior room, competing, Colonel Odell allowing the audience to be judges, and placing them in the order mentioned according to the volume of applause when the names were mentioned.

First Speaker

Gordon Jones, Millbrook senior room, was first in the impromptu speaking, his subject being "The Woodchuck", Jack Arundel second, and Marian Belch of S.S. No. 10, third, both choosing the topic, "When our car broke down". Commenting on Gordon's speech, Mr. Summers announced that at next year's fair he would offer prizes for the largest number of woodchuck tails brought in, each to be labelled with the date and manner of the killing—"Thus seeing how many of these destructive animals we can get rid of in Durham county."

Miss Edyth Hopkins, Field Secretary from Toronto, who was assisting with the judging in the building, spoke briefly urging that the children do all the work in connection with their exhibits, "though parents and fond uncles and aunts may help with advice all they will", and Mr. Summers followed with the suggestion that only the teachers and boys and girls be allowed in the tent or building while the exhibits were being placed—an idea that will probably be carried out another year. "Today I saw them from five to sixty-five arranging the various things brought in for the fair."

Recitation Contests

The recitation contestants were placed: 1, Betty Carveth; 2, Leatha Rowland; 3, Tom Belch. Colonel Odell's promise that teaching of vocal music in the school of East Durham is assured, and that "next year at this fair we shall exhibit some real choral singing as a result of much labor and planning to bring this achievement to pass," called forth warm applause.

The quality of exhibits at the South Cavan fair is all right, but in several classes quantity is lacking, the first and second prize winners being:

Grain: Wheat, 1 quart, Nettie Elgar, Lynton Bristow. Sheaf, Dorothy Armstrong, Allan Earle. Oats, 1 quart, Fred Brown, L. Bristow. Sheaf, John Elgar. Barley, 1 quart, Tom Belch. Sheaf, Fred Brown.

Vegetables—Ensilage corn, Allan Earle, Norman Hubbeard. Sweet corn, Gerald Armstrong, Mary Larmer. Mangels, Warren Olan, Betty Carveth. Turnips, Fred Brown, Ross Armstrong. Beets, Wilfrid Gillis, Gordon Jones. Carrots, W. Olan, Elsie Theobald. Pumpkin, Gerald Armstrong, Audrey Keen.

Flowers—Asters, Dorothy Smith, Jack Greer. Phlox, Warren Olan, Dorothy Armstrong. Zinnias, Lenora Davis, Ralph Greer. Gladiolus, Hugh Williams, Earle Hubbeard. Marigolds, Ruth Lewis, Gerald Armstrong. Calendulas, Eileen Fair, Norman Hubbeard. Petunias, Kenneth Kidd, Betty Carveth.

Poultry — Cockerel, Barrel Plymouth Rock, Beatrice McDowell, Audrey Keen. Pullet, B. McDowell, A. Keen. Cockerel, White Leghorn, Teddy McDowell, Bobby Peers. Pullet, Teddy McDowell, Dorothy Armstrong.

Live Stock—Colt draft, Margaret Armstrong, Nettie Elgar. Beef calf, Isabel McCamus, John Elgar. Dairy calf, Fred Brown.

Fruit and Miscellaneous Vegetables—Snow apples, Helen Challice, Opal Challice. McIntosh Red, H. Challice, Allan Earle; Spy, H. Challice, Jean Challice. Tomatoes, B. Carveth, Wilma Armstrong. Plums, Audrey Garside, Opal Challice.

Potatoes—Dooleys, Robert Bothwell, Elwood Fallis. Irish Cobblers, Charlie Sanders, Clayton Thexton. Farm and Home Mechanics, Irish Cobbler Potato in plasticine (primer pupil): Teddie McDowel, David Hatherly. Milk stool, Ralph Greer, Lawrence Hawkin. Tie rack, F. F. Brown, A. Earle. Wren house, L. Hawkin, Robert Theobald.

Cooking—Tea biscuit, Mary Fair. Plate of sandwiches, Wilma Armstrong. Date loaf, Marie Douglas, Isabel McCamus. Apple pie, Marie Douglas, Ruth Lunn. Divinity fudge, Donald Pritchard, Marie Douglas.

Sewing—Quilt block, Mary Fair. Hemmed dish towel, Wilma Armstrong, Betty Carveth. Clothes pin apron, Helen Challice Dorothy Armstrong. Shoe pockets Isabel McCamus, Marie Douglas, Marble bag, Tom Belch, Fred Brown.

Nature collections — Leguminous plants, Dorothy Hoad. Weed naming contest, Helen Challice, Marian Belch. Special Women's Institute prizes for best collection flowers, Fairview, S. S. No. 14; Millbrook. Senior Room, No. 11; best collection vegetables, Millbrook Senior room, Fairview.

Writing: "White Sheep (primer) Eugene Mitchel, David Hatherly; "The Dandelion" (1st class) Walter Coyte, Linda Murney; "A Gentleman of Ten" (2nd class) Mary Smith, Earl Carveth; "The Frost' (3rd class) Beatrice Fallis, Beatrice McDowell; "Crossing the Bar" (4th class) Audrey Garside, Marie Douglas. Drawing: Tulip (primer) Gene Mitchell, Lorna Riley. Quart measure (1st class) Bobby Peers, Wanda Bristow; Union Jack (2nd class) Mary Fair, Ray Fallis; the name "Durham School Fairs" (3rd class) Ada Peers, Mary Eakins; lemonade set, Alan Brown, Audrey Keen.

A good program of sports completed the afternoon's events, ribbons being given as prizes, the school fair staff this season, in addition to Mr. Summers, including Miss Amber Morton, secretary, and Clarence Allen, who are permanent members, volunteer assistants in the way of junior farmers who help at local points George McKnight, Gordon Ashton, and Harry McCamus having served so far, while in the judging were Mrs. Gray, Mrs. Summers, and Mrs. Morton, of Port Hope.

School and teachers of South Cavan taking part on Friday were: Whitfield's S. S. No. 8, Miss Francis Jones; Fallis Line, S. S. No. 10, Miss Jean Burnham; Millbrook Junior and Senior, S. S. No. 11, B. B. Dawson, Miss Orchard and Miss Montgomery; Cedar Valley, No. 12, Miss Gwen Hutchison; Zion, No. 13, Miss Mary Wood; Fairview, No. 14, Miss Dorothy Hall; Cork, No. 15, Miss Ruth Staples; Carmel, No. 19, Miss E. Prout.

Burned Loot

HAMILTON, Sept. 13. (CP)—Yesterday a new tenant in a house on Hunter street west began digging up his back yard and struck treasure. Large numbers of knives, forks and spoons were brought to light by his shovel. Hastily he took them to the house and scrubbed away the tarnish only to see the names of a local hotel and a restaurant appear.

The silverware was restored to its rightful owners.

RECEPTION IS GIVEN IN APSLEY HALL

Mr. and Mrs. Stewart Brown Honored by Friends in Apsley District.

APSLEY, Sept. 13. — (Examiner Correspondence.) — A reception in honor of Mr. and Mrs. Stewart Brown who returned from their honeymoon last week, was given in the parish hall on Friday evening and was attended by about two hundred people. The hall was prettily decorated with white streamers and Japanese lanterns, the young couple receiving the guests on the stage, which was filled with wedding presents, evidence of their popularity. Music for dancing was furnished by Tuck Lang and his Ace High orchestra. Refreshments were served about midnight and the happy event was brought to a close after further dancing had been enjoyed. A number of guests from outside points attended the reception.

Itching Skin

Stop it instantly.

The minute you apply Peterson's Ointment to that burning, inflamed, eczema tortured skin—its mighty healing power brings blessed relief.

After a few applications, the itching is all gone and your skin is clear and free from eruptions or roughness. It's the one great skin remedy that every druggist is glad to recommend.

Get a large box for only 50 cents at any drug store—and money back if it isn't the best you ever used. Always keep Peterson's Ointment in the house. Fine for burns, scalds, bruises, sunburn, chafing and aching inflamed feet. There is nothing better for itching eczema and piles.

That Body of Yours

By James W. Barton, M.D

INFORMATION ABOUT GOITRE

You have likely noticed from time to time a number of people with an enlarged lump in front of the neck. You know that it is called goiter, but cannot understand why one of your friends with a small goiter must undergo an operation for removal of part of it, while another friend with a larger goiter is not compelled to undergo any treatment whatever.

Goitre or goiter is an enlargement of the thyroid gland which is shaped like the letter U. It is an organ that is necessary to life itself as it manufactures and passes into the blood a substance that is necessary for the growth and development of mind and body. For example if this substance is not present in sufficient quantities in the very young, the bones fail to develop, are short and easily broken, and never harden properly.

In adults where there is not enough thyroid substance being manufactured there is a dullness of intellect, indifference to surroundings and events, lack of resolution, and lack of memory. People suffering with this condition—myxoedema as it is called—desire only to sit still and be left alone.

If, however, too much of this substance is manufactured by the thyroid gland there is palpitation and increased action of the heart, tremor of the body, nervousness and digestive disorders.

And the important material in this substance is iodine.

It has been shown that foods rich in iodine greatly increase the store of iodine in the gland. It is also known that the amount of iodine is least in goitrous and greatest normal thryroid glands.

Fortunately the great majority of goiters are not serious and consist of a simple enlargement of the gland.

That taking iodine into the system would prevent goiter was known to the Chinese fifteen centuries B.C., as well as to the Greeks and Romans.

While iodine is helpful in preventing goiter and in curing some cases of simple goiter, it cannot or should not be used in the severe or toxic form of goiter where it may produce serious effects.

Persons who believe they are suffering from goiter should consult their own doctor and be guided entirely by his advice in the matter of treatment.

The above information regarding goiter is from the Department of Pensions and National Health, Ottawa.

CHAMBER OF COMMERCE IN SESSION AT HALIFAX

HALIFAX, Sept. 13. (CP)— A clearing house of business opinion of national economic questions, the Canadian Chamber of Commerce was in session here to-day.

The president, Col. W. L. McGregor of Windsor, opened the seventh annual convention this morning, when more than 100 delegates, representing the leading cities of Canada's nine provinces, were welcomed to this historic commercial centre by Lieutenant-Governor W. H. Covert, Premier Gordon S. Harrington and Mayor A. A. Thompson.

Hall's Bridge

Dr. H. M. Yelland and Mrs. Yelland were visitors to Curve Lake on the occasion of the regatta, held on Monday last. Other visitors included Dr. Ed. E. Willis, Mrs. Willis, Miss Iris Willis and Miss Helen Frost.

Mr. and Mrs. Hy. Shearer and family, Mr. William Fath (of Toronto), Mr. and Mrs. John Jones, and many others from Hall's Bridge.

Mr. John Elliott of Lindsay visited her sister, Mrs. Shaw, over the week-end.

Mrs. Gillespie of Lindsay is visiting friends in the village.

On Friday, Mr. and Mrs. Frank LaPlante left their home in Hall's Bridge and went to Toronto for the winter. They were driven to Toronto by Mr. William LaPlante, who returned home again on Saturday.

Visitors to the village recently included Dr. and Mrs. H. M. Yelland of Peterborough, and the Rev. E. C. Moore of Young's Point.

On Dreamy 'Tonabee

The Otonabee river is extolled in music in a recently published popular number called "On the Dreamy 'Tonabee." Miss Marguerite Weatherhead, a Peterborough girl, composed the music to the song dedicated to this vicinity, while the words were written by Ben Smith, Bracebridge poet. Miss Weatherhead is a member of the teaching staff of the Sacred Heart school, and has taught music for several years.

The waltz ballad, in printed form, bears the picture of Don Romanelli, famous leader of the Royal York Hotel Orchestra, who will broadcast the piece over the air within the next few weeks.

Another popular band leader to take up the local number is Al Jenkins, and he and his Palais Royal Orchestra will include it in their broadcast over Buffalo's radio station, WGR, some evening this week, probably Wednesday at 5.30, especially dedicating it to Miss Weatherhead. Al Jenkins has also stated he would take this number to play in Cleveland later in the month when he goes to replace Ted Weems.

"On the Dreamy 'Tonabee" was published by Herb Jones, considered one of America's youngest song writers. He has had a number of "hits" in the past few years, and has stated that the Otonabee song should be a great favorite.

Bandmaster Peryer of the Peterbrough Rangers' intends arranging the music of this piece for his band to be given at the Exhibition Friday night before the grandstand with a vocalist singing it.

TUESDAY, SEPTEMBER 13, 1932

A WONDERFUL BAND.

The Besses-o'-th'-Barn Band in its initial program at the Peterborough Industrial Exhibition last night fully lived up to its enthusiastic advance notices, and the quality of its playing confirmed the opinion that the Exhibition Board in providing for the local appearance of such a magnificent organization had made a valuable contribution to the musical culture of this district.

This British all-brass ensemble, under the gifted leadership of Mr. Fred. Royle, plays with a smoothness and a sureness that make its every number a delight, and when the occasion calls for it, there is a volume that is surprising from such a comparatively small number of musicians.

Nothing finer than some of the selections played last night—and we still have pleasant memories of the artistry displayed by St. Hilda's Band a year ago—has been heard here, and there is only one feature of the Besses' visit that causes regret: that is that it is necessarily brief and will terminate with to-night's concert.

Those who have not yet heard this delightful organization are advised not to miss this opportunity of listening to band music that is not only a treat but an education, showing as it does what can be done by a band numerically small but endowed with genius and strength.

BETTER BE THROWN OVERBOARD.

Premier Henry's ears must be burning these days at the adverse comment his wonderful new hotel policy has aroused.

It is not likely that the Premier will persist in trying to put his plan into action, for the ridicule it has already drawn should convince him that he has committed a major political faux pas that had better be covered up as soon as possible.

In dealing with the hotelkeepers' requests the head of the Government had two logical courses: the first to flatfootedly refuse to authorize either the sale or the consumption of alcoholic beverages in hotel dining-rooms, and the second to relax the existing regulations and permit licensed hotels to sell wine and beer.

The first of these would have earned the widest measure of public opinion; the second would have been greeted with strong opposition from temperance advocates and from a large section of the public which could not so be described, but at least the proposal would have been accepted as a definite attempt to do something.

When the Premier passed over both these plans and brought forward a weak-kneed substitute for the second one he accomplished nothing but the revelation of himself as a leader without back-bone enough to lead.

Nobody wants such a policy, and Mr. Henry had better toss the suggestion overboard as quickly as the feat can be performed.

THE GREEN PLAN.

According to a statement issued by President William Green, the American Federation of Labor has as its immediate objective compulsory unemployment insurance, non-contributory, however, so far as labor is concerned.

Mr. Green adds in explanation that industry would have to pay the insurance, while the cost of administration would have to be met by the respective State governments.

The American Federation of Labor has usually been so successful in avoiding serious errors of judgment that it is surprising to find the organization favoring a plan that is obviously unsound and impracticable.

It is a nice idea that unemployment insurance should be provided for everybody who finds himself out of a job, and that the worker himself should not contribute a cent toward the fund for this purpose!

But industry and the State governments have no magic treasury from which to secure the vast sums necessary to carry out the Green plan, and, as the Border Cities Star puts it, Mr. Green has apparently neglected to explain who pays industry and the States.

UP TO THE PUBLIC.

Everything at the Exhibition Grounds confirms the predictions that this year's Peterborough Industrial Exhibition in the extent of its exhibits, the merit of its attractions and its all-round excellence would prove a record-breaker.

The only thing necessary for the complete success of the Exhibition is out of the hands of the directors; it rests with the people of this city and district, who alone can supply the attendance that is essential.

Having provided perhaps the finest show in their history, the directors now pass the responsibility for success or failure directly to the public, and The Examiner is satisfied that the answer will be large and enthusiastic patronage throughout the week.

To-night the Besses-o'-th'-Barn Band will complete its local engagement with a concert that should be greeted with a capacity audience.

To-morrow is children's day, with the schools closed in the afternoon and special rates for children at the gate, grandstand and along the midway. It should be a gala day at the big Exhibition with a full program, including a musical ride by the Royal Canadian Dragoons.

The Examiner hopes that there will be attendances to-night and to-morrow that will send the Exhibition off to a flying start in its drive for a new record.

If it has done nothing else the depression has done much to cut down the hostility to work.—Ohio State Journal.

THEY NEVER EXPLAIN IT.

The Ontario Municipal Association went on record as favoring a reduction in the exemption for municipal income taxation. The result is that those who are subject to the tax would pay more.

None of the members took the trouble to explain why a municipality should levy income taxation on a salary which is also taxed by the Dominion Government.

When an individual pays his taxes to the municipality he has handed over every last cent which he owes for any and every service which he receives from the corporation. The municipality itself assesses his property, it makes out the bill and sends it to him, so it cannot be charged he is not paying all he owes. When he pays his taxes he owes the municipality nothing at all.

But the municipality comes back once more and asks for another levy in the way of income tax. Why? No one seems to know. We have never seen it explained, nor have we seen it stated what the individual gets in return.

We do know that there are scores of places where the tax is not collected at all, and non-collection of it is quite an inducement for the individual to locate in some such place.—Stratford Beacon-Herald.

TO-DAY'S TREND.

The suggestion of Magistrate Watt, of Guelph, for a consolidation of all municipal, urban and rural police in Ontario under provincial control, has attracted a good deal of attention at the meeting of the Ontario Police Magistrates' Association in Hamilton.

Magistrate Watt, pleading for a united police force, emphasizes that with the present division of authority, jealousy sometimes exists and efficiency is hampered.

Hardly anyone will attempt to deny this. There are altogether too many police forces. And this situation is costing the taxpayers a great deal of money that might be saved.

* * * *

Attorney-General Price, addressing the association, predicted the disappearance of county police forces within the next 15 or 20 years, these to be supplanted by the Provincial Police. There can be no question as to the soundness of this forecast. In these days of quick communication and fast transportation, policemen can get around in a great hurry and this renders unnecessary the maintenance of many small local forces.

We believe, too, that the time may come when Magistrate Watt's idea will be carried out completely—the merging of all police departments, urban and rural, into one great provincial force. For such a system many strong arguments can be advanced and we know of no apparent disadvantages.

* * * *

At this time in the world's history the people are seriously concerned by the problem of taxation. They appreciate now, as they have not done in years, that the cost of government, including the administration of justice, is out of all proportion. They are beginning to see that millions are being wasted here, there and everywhere in the maintenance of employees who could be dispensed with, in the carrying on of services that are not essential and, mainly, in a tremendous duplication of effort and expense. The result is that the taxpayers are demanding reform.

It is obvious, of course, that if really substantial results are to be secured, the necessary movement must be detached from ordinary political considerations. Out in British Columbia, as an example of the trend, we see Premier Tolmie, Conservative, advancing a suggestion for the formation of a coalition, non-partisan administration in order to rescue the Province from the difficulties in which it now finds itself. And from Winnipeg comes an interview with the Hon. J.T.M. Anderson, Premier of Saskatchewan, heartily endorsing Mr. Tolmie's move and suggesting that other Provinces might well follow suit.

"In normal times," Premier Anderson says, "there may be serious differences of policy in dealing with matters provincial, but at a time such as this there should be one policy and only one for all political parties. The welfare of the Province and the country is more important than the welfare of any party. We must be Canadians before we are Conservatives, Liberals or anything else. If we could have, for the next five years, a union of all parties in each Province with a view to directing the best brains available to the critical situation now facing all governments, we would be making the very strongest contribution possible towards ending depressions within the boundaries of Canada."

* * * *

It is gratifying to see both Mr. Tolmie and Mr. Anderson turning toward the union idea. It seems to us, also, that if it is desirable for the Provinces, it is equally desirable for the nation as a whole. Long ago, in view of the business crisis, we suggested that party battling be ended at Ottawa through the formation of a coalition or national ministry, similar to the one that is now functioning in Britain. The suggestion met with no favorable response from either side, but it may yet be necessary to put it into practice.

The people to-day are demanding efficiency. They are more interested in cutting down public expenses and reducing taxes than they are in listening to old-fashioned political arguments that mean little or nothing even in the best of times. That is why they are favorable to suggestions for mergers of police forces, formation of national ministries and every other reasonable move that may be made toward the desired end of lightening the load that now rests upon the shoulders of the taxpayer.—Border Cities Star.

EDITORIAL NOTES AND COMMENT.

This week's job is to put the Peterborough Industrial Exhibition over the top. The big show deserves a big patronage.

Canada could stand a good many visits from such wonderful British musical organizations as the Besses-o'-th'-Barn Band.

The Royal Canadian Dragoons arrived in the city yesterday, and will supply a welcome touch of color to Peterborough's Industrial Exhibition during the rest of the week.

Mr. Ferguson used to boast of a liquor policy that would please everybody. His successor has managed to hit upon one that will please nobody.

Once again Premier Henry has demonstrated that he lacks some of the iron that should enter into the make-up of a political leader.

The Moderation League might do worse than engage Jack Benny to put over that by-the-glass policy.

THE MINUTE THAT SEEMS A YEAR

By GLUYAS WILLIAMS

ON YOUR RETURN FROM GETTING JUNIOR FROM THE BEACH IN ORDER TO GET HIM READY FOR DEPARTURE, YOU FIND THAT YOUR HUSBAND HAS SENT OFF THE TRUNK, AFTER CAREFULLY PUTTING IN JUNIOR'S TRAVELING CLOTHES, WHICH HAD BEEN LAID OUT ON TOP

9-13 (Copyright, 1932, by The Bell Syndicate, Inc.) GLUYAS WILLIAMS

IN DAYS GONE BY

Items Taken From Old Fyles of The Examiner.

SEPTEMBER 13, 1922

The Executive Council of the Chamber of Commerce convened last night, fuel, housing, immigration, etc. being discussed in regard to Peterborough....Three firemen with 600 feet of hose and hand chemicals will be stationed daily at the Ex. opening here to-morrow.

SEPTEMBER 13, 1912

E. A. Peck, M.P.P., gave the address yesterday as the 1912 Peterborough Exhibition was formally opened .... Twelve-year-old Alice Cunningham prevented a railway collision here last night between a passenger and a freight train at the G.T.R. Lock street crossing by running out on the tracks and flagging the incoming passenger train with her hair ribbons.

SEPTEMBER 13, 1902

The Opera House was filled last night as Perry, Odell and Dee's comedians put on a fine show.... The Central Fair closed yesterday after a poor attendance throughout, the late harvest and the dates conflicting with the Toronto Exhibition being blamed.

In Lighter Vein

So Goes the Song

In a kindergarten class, flags were shown, and in answer to a question a little girl gave the response that was expected of her "This is the flag of my country."

"And what is the name of your country?" was the next question.

"'Tis of thee," was the prompt reply.—Pullman News.

The Warning Unheeded.

"What's happened, George?" she asked her husband, who had got out of the car to investigate.

"Puncture," she said briefly.

"You ought to have been on the lookout for this," was the helpful remark. "You remember the guide warned you there was a fork in the road."—Tit-Bits.

A Cinch!

Pat (to tourist: "We have great athletes in Ireland."

Tourist: "Why, our champion ran 18 miles and then jumped a nine-bar gate."

Pat: "Oh, that's nothing when you think of the run he had at it."—Boston Globe.

DIES OF INJURIES.

CHATHAM.—Lottie Cornellie, 9, died in hospital here to-day from injuries suffered last night when she was struck by an automobile driven by Victor McRitchie, Windsor.

Police said the child ran in front of the car and held McRitchie was not to blame for the accident.

Quotations For To-Day

Is it a fact—or have I dreamt it—that by means of electricity, the world of matter has become a great nerve, vibrating thousands of miles in a breathless point of time? Rather, the round globe is a vast head, a brain, instinct with intelligence; or shall we say it is itself a thought, nothing but thought, and no longer the substance which we dreamed it.—Nathaniel Hawthorne.

GRAIN AND PRODUCE REVIEWS

TORONTO PRODUCE.

TORONTO, Sept. 13. — Though trading in butter on the local market was not extensive yesterday, there was a good, steady undertone and prices were generally ¼c higher than quoted at the week-end. Receipts were not burdensome and brokers were able to secure 21¾c to 22c for No. 1 creamery solids and 20¾c to 21c for No. 2. Western butter was offered delivered Toronto, but as the prices ranged from 22¼c to 22½c there were few buyers interested.

Cream.

Prices on churning cream were steady, with these quoted at the week-end. Toronto buyers offered 20c for special, 19c for No. 1 and 16c for No. 2 f.o.b. country points, and, with the butter prices holding firm on an upward trend, prospects were good for cream sellers.

Cheese.

There was a demand for new cheese and brokers and wholesalers were asking more money. On the local market new makes were quoted at 10¾c to 11c for large, 11c to 11¼c for twins and 11¼c to 11½c for triplets. Wholesalers offered the trade new cheese at 12c for large, 12¼c for twins, 12½c for triplets and 14½c for stiltons.

Eggs.

Receipts of eggs were slightly heavier and brokers found some difficulty in clearing supplies. Prices for graded lots were generally 25c for extras, 19c to 20c for firsts and 13c for seconds, in free cases. Country shippers were quoted steady, prices at 22c to 23c for extras, 17c to 18c for firsts and 11c to 12c for seconds, delivered, ungraded, cases returned. Retailers were quoted fresh supplies at 29c to 30c for extras in cartons, 26c to 29c for extras loose, 22c to 23c for firsts loose and 15c to 16c for seconds loose.

CHICAGO GRAIN

CHICAGO, Sept. 13.—Shaken by breaks, both in securities and cotton, grains suffered sharp setbacks yesterday, with corn and oats outdoing the season's previous bottom price record.

Enlarged estimates of 1932 wheat production in Europe especially France, tended to accelerate price downturns. A fresh increase of the United States wheat visible supply gave point also to assertions that despite virtual failure of the domestic winter crop, North America had a better wheat yield than in 1931, with prospects of feeding 100,000,000 bushels less.

Close Is Unsteady

Wheat closed unsteady at the day's lowest level, 1¾ to 2 cents under Saturday's finish, corn, 1¾ to 1¾ down, oats unchanged to ¾ off and provisions at 12 to 27 cents decline.

MONTREAL PRODUCE.

MONTREAL, Sept. 13.—The Montreal wholesale market opened the week's trading quietly yesterday as far as butter and eggs were concerned. Dealers were waiting for the announcement by the Dominion Bureau of Statistics of stocks in Canada before entering the market actively.

The butter market held steady at 22c per lb. for current make No. 1 in car lots or l.c.l. lots. Receipts were only 23 boxes; same day year ago, 236. Small lots to retailers were quoted by jobing houses at 24c for solids and 25c for prints.

Egg Receipts Light.

The egg market held unchanged from last week's close. Receipts were also light, being 340 cases; year ago, 620.

On the cheese market prices were steady to slightly firmer. On the basis of strong week-end country boards some were inclined to ask more, while others felt the market could not stand it. Quotations ranged from 10¾c to 11c for Ontarios and 10½c to 10¾c for Quebecs. Receipts, 1,717 boxes; year ago, 1,528 boxes.

New Montreal potatoes were quoted at 30c to 40c per 80-pound bag (unchanged).

WINNIPEG GRAIN.

WINNIPEG, September 13.—Purchases of wheat for export failed to keep pace with rural marketing of new crop wheat and grain prices hit new seasonal low ground yesterday. Prices at the close revealed losses of 1¾c to 1⅞.

Downturns in stocks and cotton also contributed to the decline. Export trade worked over the week-end and during the session amounted to 50,000. Support was moderately good on the decline, and good sales were made at both Atlantic and Pacific ports.

Liverpool Prices Drop.

Liverpool prices were easier on bearish statistics on the French crop, which indicated a record yield. Cables reported some pressure on Canadian wheat. Statistics for the last week showed less than 7,000,000 bushels of wheat shipped from all countries. Of this amount, North American contributed 3,400,000 bushels.

Supplies on ocean passage decreased about 3,750,000 bushels, and now total slightly over 20,000,000 bushels, as compared with 45000,000 bushels at this time a year ago.

Demand for cash wheat was dull. No. 3 Northern was the weakest and showed a loss of 1c. Shipping demand appeared to have fallen off. Coarse grains in light trade were lower in sympathy with wheat.

Voice of the People

Letters to be printed in the Voice of the People column must be received at The Examiner Office by 5 p.m on the day before insertion. All letters must be signed by the writer although a pen name may be used when inserting non-controversial subject matter

THE RIGHT IDEA

To The Editor of The Examiner,

Sir,—The Mail and Empire surely has the right idea when it advises governments to consider vacant or empty lands in Ontario before sending people off to Northern Ontario. Young men and older ones who would undoubtedly be satisfied to begin as their pioneer forefathers did, should be given a chance here.

J. H. Burnham.

CHEESE PRICES.

MONTREAL, September 12 (C.P.). — Cheese prices held firm here to-day, but the market was dull, with no sales reported. Nominal prices were 10¾ up 11 cents a for Westerns, and 10½ to 10⅝ cents for Easterns.

WINNIPEG GRAIN EXCHANGE.

WINNIPEG, Man., September 12 (C.P.). — Influenced by hedging pressure sales and weakness in outside markets, wheat sagged to lower levels here early to-day. At the end of the first hour values rested about one cent lower than Saturday's finish.

A fair export trade was worked on the break from both Atlantic and Pacific Coast ports.

Weekly statistics were disappointing, less than 3,500 000 bushels were shipped from North America last week. The total world movement was estimated at under 7,000,000 bushels.

Liverpool closed ⅞d to 1⅛d lower per 100 pounds, while Buenos Aires wheat opened fractionally lower.

EXCHANGE RATE.

(By Canadian Press.)

Exchange rates at noon to-day were as follows:

Pound sterling in Montreal — 3 84½.

U.S. dollar in Montreal—1.10¼.

Pound sterling in New York — 3 48¾.

Canadian dollar in New York — 90⅝.

STATION L-O-V-E

BY CRAIG CARROLL

(Continued from yesterday.)

INSTALMENT 14

It took Judy a long while to go to sleep that night. She said to Elsie: "But I can't let Dick do whatever he intends to do. He shouldn't. It isn't right." She got no further. Elsie would not listen.

"He's doing what he wants to do. He's got a good job and a lot of people like him. Like him a lot better than they like Elton Day, I'll bet. And if he can do something for you, then let him. And go to sleep, will you?"

So, when her eyes would not stay open, when her mouth would form no more objections, Judy slept. And then Elsie pulled the covers up around Judy's small, round face and left the room very quietly.

And if, in her own room, she stared at Dick Mason's picture for a long time, and if she brushed her eyes, once, with a large, strong hand, Judy never knew, nor did Dick.

And then it was morning. And it rained.

The first thing Judy saw was the rain slanting down outside her window. The rain had come in. The carpet was soaked. And the little blue shoes, forgotten, cast aside, were bedraggled, crumpled, ruined forever.

A bad way to start a day. So much so that she closed her eyes, she jerked the covers up over her head, she said again, "I'm not going to do it. I'll not go down there again. I don't want to see Elton Day. I don't want the job. I want to go home."

Home? The word made her sit up. Home? Never!

* * *

She was almost dressed, no more than five minutes later, when there was a booming rap on the door.

"Come in," Judy said.

!hRa she-iddpq-Tdh3-daA it! eeLw

Elsie's head appeared around the corner of the door.

"Read? Step on it, sister. We're going places, we are."

"But shouldnt you be at work?"

Elsie grinned.

"I'm the kind of girl nobody misses, Judy. I could be gone a month and the only thing anybody'd say would be, 'Where's that homely girl who used to be around here?' I gives ya m' word, lady. It's th' truth!"

Judy laughed.

"And if you were gone more than a day the office would stop running and they'd be sending a police squad to make you come back," she said. "They couldn't get along without you, Elsie, and you know it."

"That's right. And so what? So I could eat an elephant on toast. So let's see if they have any elephants at the corner restaurant."

* * *

There were no elephants. But there was coffee, not very good, and toast, not very warm, and bacon, not very crisp, and eggs, not very new. Yet none of that mattered. Somehow, listening to Elsie, Judy had forgotten all about the rain. Somehow, remembering Dick Mason's confident smile, she had forgotten to worry about Elton Day, and about Lona Burdette, who always made trouble.

Judy felt her chin stiffen. She'd never had to fight with anybody before, but she could. She could fight just as hard as Lona Burdette. And harder. She was sure.

She reached for the checks.

"Uh-uh," Elsie said. Swallowing a last lusty bite of toast, she repeated firmly, "Uh-uh." And come on, Judy. Let's go where we ought to be."

They rode in a taxicab, and as the car stopped, jerked forward, stopped again, Judy knew her heart was pounding, knew she was afraid, knew she wanted to be anywhere else in the world but back at WAOA, where she would be in a moment.

* * *

She said suddenly, "I'm sorry, Elsie. I can't do it."

"Why not?"

"It's too much."

"Oh?" Elsie stared at her. "Listen, Judy, I thought you wanted to stay in Chicago. I thought you didn't want to go home and give up."

"I do. That is, I don't. I mean —"

Elsie laughed. "You mean you're going to walk right into that broadcasting place as if you owned it. And you're going to get that job before you come out. You hear me, Judy Allison?".

Judy heard. But panic rose again when, getting out of the cab in front of the building, she discovered that Elsie had no intention of joining her.

"Uh-uh," said Elsie. "I brought you here, but I'll be no help to you from now on. I'm going on down to the office. And you phone me when you're all fixed up for that job. Here's the number." She scribbled it on a bit of paper. "And —better take this, too, Judy. Lunch money." She handed Judy a creased, hoarded dollar bill.

That was the touch that did the work. Perhaps Elsie knew it would. Charity! It was almost like that, Judy knew. People having to help her, people having to take care of her, having to make her stand up for herself. She didn't need help and Judy Allison didn't take charity or dollar bills from any one, not even from Elsie.

"No," she said. "Thanks, Elsie. I've enough. And I'll see you when I get the job." Then, because there was a lump in her throat and she knew Elsie would hate to be thanked, "Go on away, will you? Can't a girl be left alone at all?"

* * *

Elsie chuckled, and the taxicab moved away. And now, going in through the tall doors, Judy saw what she had seen before—saw girls hurrying, shoving for places in the elevator; saw an enormous man with a bass fiddle trying to wedge himself and the fiddle into a corner far too small; saw two small boys—the boys, Dick had told her, who did "Skippy" on the air. More and more people jammed into the car.

All these people trying to get on the air. Some of them must be on the air, of course. Judy tried turning to see if she knew any of the faces. No. There was a man with a double chin and a mustache who might be—who was Paul Whiteman. But he wouldn't remember her now, even if he been so gracious last night. She remembered the first Whiteman record she bought, when she was a freshman in high school. A long time ago, she thought. A long time ago, when she was at home and never thought about Chicago, and thought it was enough just going to parties once in a while and practicing eight hours some days, four hours every day. And now—

The car stopped, the people streamed out, and Judy, tossed this way, that way, stepped back hurriedly to escape a scowling woman who apparently was about to sing a high C, and stepped squarely into some one else, and turned.

"Oh," said Elton Day. "Hello, Miss Allison. Visiting us again?"

She gasped. She stammered. She managed an uncertain "Hello" and immediately was sorry for even that; she turned away.

* * *

"Wait!" heard Elton Day, call after her. She did not stop. Again he called, "Wait! Judy! Just a minute!"

"I wish to see Mr. Mason," she told the girl at the desk.

"Have you an appointment?"

"Yes. I'm Miss Allison."

"He's announcing, but he'll be through in a moment. Won't you sit down? Over there?"

Judy started across the lobby. And again Elton Day stood before her. She stepped a little to one side, and he bowed elegantly. "Won't you sit down?" he murmured.

"No. Not if you're going to be anywhere near me," Judy said.

"But I am. I'm going to be right here on the very same bench. And Dick's program lasts at least ten minutes longer, so you might just as well sit down, too. So—" Comfortably ensconced on the bench, he looked up at her, smiling. "Please. I've a couple of things I'd like to tell you about."

"I'm afraid I haven't time to listen."

"Oh, but you have. Because you can't possibly get an audition until they clear Studio B. And that will be quite a while."

"I'm not here for an audition."

"But you ought to be. A girl with a voice as lovely as—"

* * *

People were close; people might listen. She couldn't shout, she couldn't make a scene.

So she sat down beside him, she looked at him, she began in a very quiet voice, "I don't want you to say another word to me. Now or ever. Can't you understand that?"

He smiled. Carefully, Judy thought, like a man studying his best smile in his shaving mirror.

"Of course, I can understand it," he agreed amiably.

"Then—"

She was at a loss. She hated him for his ability to admit without excuses, to make her anger seem pointless and almost childish.

"She began again. "Then you think what you did was all right?"

"No. But it was the only thing to do."

"Oh. I see."

"You don't see at all."

"I think I do," she said.

"But you don't. Because if you did you wouldn't be wondering why you're not angrier at me than you are."

She stared. He meant just that. He could not believe that she was really furious. He could not believe it. And—it wasn't so. No use lying to yourself, Judy Allison. But what's happened to you to make you so weak? What's wrong with your pride?

"Don't say any of it," he urged "not until I've explained. Wait. I'll show you instead. "He handed her an envelope. "Read the letter."

"I don't think I'd care to."

"But please do. If youre fair at all."

Fair? She was proud of always being fair. She wouldnt let him make fun of her this way.

She took the letter out and opened it. She read:

"I am not satisfied with the results of the audition yesterday. I will hear the voices myself to-day at 10. My selection will be final."

The signature meant nothing. Her gestures said so, and he answered quickly, "He's nothing but the man who's going to spend a hundred thousand dollars or so to put the Beauty Builders on the air. So it is final, I guess."

(To Be Continued)

The most important manufacturing industry in Canada is that of pulp and paper.

WINNIPEG GRAIN EXCHANGE

WINNIPEG, Sept. 13. —(CP)— Substantial purchases of wheat for export today came to the support of a market burdened with hedging sales. Rallies at the end of the initial hour minimized one cent losses at the opening.

Export trade was reported worked out of Vancouver. One continental house bought substantial amounts of October wheat around 52c.

Weakness in stocks and at Liverpool were chiefly responsible for the opening decline while pressure from elevator companies and some stop-loss selling was furnished the pit with heavy offerings.

Liverpool wheat closed 1¼d to 1⅝d lower per 100 pounds and cables reported a lull in milling demand.

CHICAGO GRAIN MARKET

CHICAGO, Ills. Sept. 13. — All around setbacks here in grain values early today followed weakness of securities and cotton, as well as sharp downturns in wheat quotations at Liverpool. Reports from Liverpool said price breaks there resulted from pressure to sell Canadian wheat. Opening ⅝-1⅝ lower, Chicago wheat futures held near to the initial range. Corn started ⅛-1 down and continued weak, September and December established a new low price record for the season.

FAST WORK

WINDSOR—Windsor police today arrested Edgar Mailloux, 19, and hailed him into court where he pleaded guilty to rifling a store cash register.

The owner of the store had not reported the robbery, so police went and told him about it.

WEAKNESS FELT IN COMMODITIES

Unfavorable Developments in Overnight News Starts Selling at Opening.

LEADERS DOWN POINT.

TORONTO, Sept. 13 (C.P.)—Enguifed by a wave of selling, prices dipped sharply lower in forenoon trading on the Toronto Stock Exchange to-day. General weakness in international security and commodity markets and unfavorable developments in the overnight news started selling at the opening that only showed signs of abating in the third hour and after prices had dipped from a point to as much as 8 and 9 points for individual issues.

Consolidated Smelters and Page Hersey Tubes suffered the extreme losses. Smelters was not only affected by the weakness in the list as a whole but by a drop in base metal prices as well and lost 8 points. Page Hersey had the announcement of the reduction in dividend and dipped 9 points.

Leaders such as C.P.R., Ford of Canada, and International Nickel were down a point or more.

TRANSIENTS ARE GIVEN FREEDOM

Four Held for Questioning Plead Guilty in Police Court.

ONE STILL HELD.

Held for questioning in connection with the murder of Harry Thomas in a boathouse here a week ago Saturday night, four of the five "jungle" transients to-day pleaded guilty to a charge of vagrancy and were permitted to leave the city. One, Albert Lessard, of Montreal, was remanded again until Friday for the preliminary hearing of the trial of Harry Reid on a charge of murder.

Chief Newhall told the Magistrate that only Lessard's evidence would be of any value at the trial. "The other four know nothing," he stated.

The four freed were: Daniel O'Reilly, St. Thomas; Richard Barrington, Ottawa; Patrick Kelly, Toronto, and Thomas Richards, Toronto.

Harry Gassien, charged with keeping liquor for sale, was again remanded for a week for trial. He pleaded not guilty to-day, but said he was quite willing to be remanded for another week.

NICKEL SELLS HEAVY TO-DAY

Price Declines $1.50 to $9.50 —Noranda Off $1 at $20 When Taken at Midday.

GOLDS RELATIVELY QUIET.

TORONTO, Sept. 13.—(CP)— Reflecting a drastic break in London metal prices values showed big recessions on the Standard Stock and Mining Exchange market today. Volume reached the highest mark for any forenoon this year, a total of 329,000 shares changing hands in the first two hours.

International Nickel met the heaviest pressure, price declining $1.50 to $9.50. Noranda was off $1 at $20 when taken at noon and Hundson Bay lost 75 to $3.50. Lindsleys were weak.

Golds were relatively quiet but moved in sympathy. Lake Shore easing 20 to $28.30, Teck-Hughes 10 to $3.25 and Wright-Hargreaves 5 to $2.95.

Oil and Great Bear section softened, Pen Pete reacting 3 to 14, Vacuum and Merland a cent or so each, Eldorado 5 to $1.40 and Algoma, in heavy turnover, 3 to 9.

Toronto Dividends

TORONTO, Sept. 13 (C.P.)—Dividends posted on the Toronto Stock Exchange to-day:

Building Products "A" and "B," 25 cents; payable Oct. 1 to shareholders of record Sept. 19.

International Nickel Preferred, 1¾ per cent; payable Nov. 1 to shareholders of record Oct. 3.

Consumers Gas, 2½ per cent; payable Oct. 1 to shareholders of record Sept. 15.

Page Hersey Preferred, 1¾ per cent; payable Oct. 1 to shareholders of record Sept. 20.

Page Hersey Common, 75 cents; payable Oct. 1 to shareholders of record Sept. 26.

Canadian Car, 43 cents; payable Oct. 8 to shareholders of record Sept. 15.

Eastern Steel Prod, Preferred, $1.75; payable Oct. 1 to shareholders of record Sept. 15.

Canada Bud Breweries, 25 cents; payable Oct. 15 to shareholders of record Sept. 30.

Thorncliffe Results

FIRST RACE.

Purse 800, The Canada Du Uord, 3 year olds and up, 6 furlongs:
Devout 109, Curran 3.00, 2.90, 2.70.
Sunella 105, Dougherty 4.30, 4.05.
Satin Eagle 111, Aimers 5.55.
Time: 1:14. Vallance, x-Jean Gaffney, x-Sand Ridge, Forecastle, Que Toi Denya, Silver Tail, Raysel, x-Phil Ruth, also ran. x-Field.

SECOND RACE.

$800, the Lord Kitchener claiming, 3 year olds and up, foaled in Canada, 1 1-6 miles;
Roche D'Or 112, Mattioli 5.85, 3.15, 2.45.
Mr. Gaiety 112, Foden 3.80, 3.20.
Refiner 115, Munden 3.00.
Time: 1.47 4-5. Kitling, Thunder Light, Marie Gaiety, Duchess of York, Dan McCrimmon, Manotac also ran.

THIRD RACE.

Purse $800, the Cambrai, claiming, 3 year olds and up, 7 furlongs.
Stephanus 113, Abel, 495, 3.35, 2.65.
Hobnob 110, Paradise 4.85, 3.75.
Abduction 113, Riley 2.70.
Time: 1.26 3-5.
x-Tabson, x-Black Vim, Gilded Casino, Sir Rogers, Rustic Flirt, Enavant, Freethinker, also ran.

'Yank' Is Believed In Secret Hiding

Somewhere, in some secret hiding place, the "Yank," gentleman hobo, much wanted here as a material witness in the trial for murder of Harry Reid, has "holed up." This was the opinion expressed to-day by Chief Newhall.

It is ten days since the "Yank" fled away in the darkness of night from the boathouse in which Harry Thomas, victim of fierce knife-stab, lay dying, yet no word of his movements have reached police here though officers throughout the province are on the lookout for the good-looking youth.

Ferry Blast Toll Mounts To Fifty-Six

NEW YORK, Sept. 13. — Ten bodies came to the surface of the East River to-day in the vicinity where the labor ferry "Observation" sank last Friday morning after her boiler exploded.

These brought the total known dead in the disaster to 56, of whom three still were unidentified.

Of the original list of those believed to have been on the boat and reported missing, nine remained unaccounted for to-day. Twenty-eight injured were still in hospitals.

FOREIGN EXCHANGE.

NEW YORK, Sept. 13 (C.P.) — Prime commercial paper, 2 per cent; foreign exchange steady; demand rates (Great Britain in dollars; others in cents):—

Great Britain, 3.46; France 3.91 11-16; Italy, 5.12¼; Germany, 23.77½; Canadian dollar, 9⅛ per cent discount.

Market Closing On All Exchanges

TORONTO EXCHANGE

TORONTO, Sept. 13 (C.P.)—Hit by a wave of selling in the forenoon to-day that carried prices down for losses of from fractions to 10 points, stocks on the local market displayed considerable vitality in the afternoon to wipe out a large portion of the early decline.

Selling poured into the market to start the day and it was only after two hours of hectic trading that the pressure was lifted.

The list steadied down around midday, started to retrace ground in the early afternoon, and closed with prices approximtaely the best of the day. Losses were reduced in the afternoon rally.

MONTREAL, Sept. 13 (C.P.)— The Montreal Stock Market closed fractionally lower to-day after a day of heavy fluctuations. The opening was weak and values continued to drop till after mid-day, when the market on an average was off a point and several leaders were down over two points. Selling then ebbed and a substantial recovery set in following a similar movement in Wall Street. Values again sold off just before the close, but the market closed well above the worst levels of the day.

Brazilian, after being down over a point, recovered to close at 11¾, off ⅝. Canadian Pacific, in active trading, was ¾ lower at 17¾, Montreal Power was ½ lower at 36¾, and International Nickel was off ½ at 10½. Shawinigan Power, after being down about a point, recovered to close unchanged at 18½.

Massey Harris at 4⅞ and McColl-Frontenac at 10, both recover to close unchanged.

WALL STREET

NEW YORK, Sept. 13.—A sweeping decline in the Stock Market was checked in the middle of to-day's session, and sharp recovery accomplished in the late trading, amounting to some two-thirds of the extreme declines. Losses of about 6 points in Santa Fe, Case and Consolidated Gas were reduced to about 2. A similar drop in North American was cut in half. Losses of 6 in Coca Cola and Union Pacific were virtually recovered. U. S. Steel dropped more than 4, then recovered 3. The late tone was steady. The turnover was about 5,300,000 shares, the second largest of the year.

STANDARD EXCHANGE.

TORONTO, Sept. 13.— A strong afternoon rally materially reduced forenoon losses on the standard stock and mining exchange market to-day and in many cases stocks which displayed big recessions on the early decline finished at or just below last night's finals.

Base metal shares were the centre of liquidation, reflecting a bad break in London metal prices. Buying supoprt and short covering carried values upward from the third hour, however, with net losses in Nickel, Noranda, Hudson Bay confined to a 50-cent range on end. Lindsleys also strengthened.

Golds moved sympathetically lower but showed resistance to the downward trend McIntyre was off 25.

Among the miscelaneous stocks Eldorado lost 5 and Algoma Mining in heavy turnover slumped 4.

ASK MEMBERS TO RECONSIDER

Two on Stratford Board Education Quit in Split on Teachers' Salary.

NEXT MOVE UNCERTAIN.

STRATFORD, Ont., Sept. 13. —(C.P.)—Two members of the Board of Education who verbally tendered their resignations last night and walked out of a meeting to-day were asked to reconsider their action.

The members, W. C. Sealy and R. J. Easson, declared they would not be a party to reduction of teachers' salaries after the Board had secured from the teachers a gentlemen's agreement that they turn over five per cent. of their salaries to the civic relief fund.

The Board to-day expressed itself as unwilling to lose the services of the two men.

The attitude of the two members could not be learned.

WILFRED CROSSLEY TAKES GOLF LEAD

Havard Freshman Shoots a 72 for a 36-hole Two Day Total of 145.

FIVE FARMS COURSE, Baltimore Country Club, Sept. 13.—(CP) —Wilfred Crossley, 19 year old Boston star and Harvard freshman, shot out in front of the qualifying field in the United States amateur golf championship today by shooting a 72 for a 36-hole two-day total of 145.

Two youthful contenders, Maurice J. McCarthy, Jr., of New York and William Lawson Little Jr., of San Francisco, shot sensational golf over the last nine to clinch qualifying places after being in some danger. McCarthy, back in a sub-par 34, carded 73 for a 35 hole of 150. Little added a fine 72 to his first round 78 for the same total.

Jack Westland of Chicago, although slipping on the inward nine, carded a 75 for his round and 36-hole total of 146.

ROYAL DRAGOONS ARRIVE IN CITY FOR EXHIBITION

Royal Canadian Dragoons Will Appear Before Grandstand.

STARTING WEDNESDAY.

Musical Ride Will Be Presented Twice Daily by Squadron.

Chance to witness the thrilling and colorful spectacle of one of the finest Cavalry units in the Canadian Army, is afforded at Peterborough Industrial Exhabition this week, in the musical ride to be presented by B. Squadron Royal Canadian Dragoons under command of Major W. Baty.

With their O.C. and Warrant Officer Squadron Sergeant Major Copeland, D.C.M., the unit thirty-five strong, and with thirty-four horses arrived in the city yesterday and have now established themselves at the grounds all ready to "strut their stuff" at the word "Go."

According to present arrangements the Cavalrymen, resplendent in pre-war Review Dress will give their initial bow in front of the grand stand on Wednesday afternoon, and from then on will present a musical ride at each subsequent grand stand performance until the Exhibition winds up on Saturday night.

Two Weeks at Toronto

To most people the glamor of a real military display is irresistible. The Musical Ride of the Royal Canadian Dragoons has proved itself to be so. The unit come here fresh from a two weeks' engagement at the Canadian National Exhibition, where for years past they have appeared annually and have now come to be regarded as an institution.

The full dress of the regiment, which will be that worn by the men in their appearances before the grand stand consists of scarlet tunics, white cloth belts, blue breeches with yellow stripes and brass helmets mounted with black waving plumes.

Major Baty, a typical British officer, interviewed by The Examiner in his room at the Empress Hotel, was very reticent about his own accomplishments as a soldier, but the ribbons on his breast could not conceal the fact that he bears a long record of service and that he was in the South African campaign and also the World War.

It was simple enough to get the Major talking about his men and about the horses, and it was quite evident that they are both a great source of pride to him.

The inference might be drawn from what Major Baty had to say that Peterborough is very fortunate in having the opportunity to see the Royal Canadian Dragoons display right at their own door, because it is some years since the unit has ever given an exhibition of its general smartness and accomplished horsemanship outside of the Royal Winter Fair and the C.N.E. at Toronto in which city the unit is stationed at Stanley Barracks.

While the musical ride is of course entertainment of a high-class order, it is not primarily considered by the Cavalrymen themselves in that category. It is merely a part of the Cavalry training as laid down in the training manuals of the British Army.

"One of the chief lessons which the musical ride will teach to the spectators," the Major thought, "is the amazing degree of perfection to which the horses are schooled."

He discussed the training of Cavalry horses, and mentioned something of the difficulties under which that training is often accomplished. For instance, he explained that during the Royal Winter Fair when the Dragoons are giving their musical ride there is usually a Royal School in progress at Stanley Barracks, which meant that during the day the horses were ridden by men of the non-permanent Active Militia who were undergoing training. At night time those same horses had to be ridden and put through many exacting manoeuvres by their regular riders.

Then again, he said, horses are much like human beings. They are of varying temperaments and each requires different handling and training. Special instructors, men who show marked ability in the handling of horses, are maintained to take over the remounts, and that training is under progress at the Barracks the year round.

"I hope the people of Peterborough will like our display," said the Major, who also wished to voice his appreciation of the courtesy which had been extended to himself and his men by Lieut.-Colonel Claire H. Stuart and other officers of the local Squadron of the 3rd Prince of Wales Canadian Dragoons.

Two Squadrons.

Speaking of the present constitution of his regiment, Major Baty stated that its peace time strength consisted of two squadrons: A Squadron stationed at St. John's, Quebec, and B Squadron at Stanley Barracks, Toronto. The O.C. of the regiment, he said, was Lieut.-Colonel R. S. Timmins, D.S.O.

Referring to the regiment's participation in the Great War, the Major explained that the Royal Canadian Dragoons and the Strathcona Horse—the two Canadian permanent force cavalry units—went overseas as a part of the First Division C.E.F. They both volunteered for dismounted service and were in action in the trenches on the Western front, until the end of 1915. After that time the two regiments, along with the Port Garry Horse (a Canadian militia regiment) formed the First Canadian Cavalry Brigade.

Again mounted, they served as a Cavalry Brigade for the remainder of the war period attached to a British Cavalry Division. They had very distinguished service, not generally appreciated owing to the fact that they were not then serving as a part of the Canadian Corps. The Dragoons have fourteen battle honors.

Livestock-Produce Quotations

MONTREAL PRODUCE

MONTREAL, Sept. 13. —(CP)— Prices reported on the Montreal produce market today were as follows:

Butter: No. 1 pasteurized, 22 cents a pound. No. 2 pasteurized 21⅝ to 21¾ cents a pound.

Eggs: Extras, 26 to 30 cents a doz. Firsts, 18 to 20 cents a doz. Seconds, 13 to 14 cents a doz.

Cheese: Ontario, 10 7-8 cents a pound. Quebec, 10½ to 10 5-8 cents a pound.

TORONTO PRODUCE

TORONTO, Sept. 13.—(CP)—The following quotations on produce, delivered at Toronto, as supplied by the United Farmers Co-operative Co. Eggs, extras, doz. 23c; eggs firsts doz. 18c; Eggs, seconds, doz (cracked) 12c; cream, No. 1 lb. (off truck) 18c; cream, No. 1 lb. (f.o.b.) 18c; butter, No. 1, solids, lb. 22c. New potatoes, per bag 55c; export beef cattle are not selling.

CHEESE PRICES

MONTREAL, Sept. 13—(CP)—The cheese market continued to hold firm here today. Trading was quiet, however, and little business was reported. Westerns were quoted at 10 7-8 cents a pound and easterns at 10½ to 10 5-8 cents a pound.

TORONTO LIVESTOCK

TORONTO, Sept. 15 (C.P.) — Trading in the Toronto Livestock Market was dull at the opening, with light offerings in most classes. Cattle trade opened dull; calves firm; hogs firm; sheep and lambs unsettled.

Receipts were: Cattle, 490; calves 180; hogs, 580; sheep and lambs, 840.

Left-overs were 2,000 head. A few choice butcher cattle sold steady at $5.25 to $5.50. Fed calves brought $6.25 to $8.25. Best butcher cows were around $3. Medium stokers brought $3.25 to $3.75.

Choice calves brought $7 to $7.75 with common downward to $4. Grass calves brought $2.25 to $3.25. Hogs unchanged at $4.75 f.o.b. for bacon at $5 off truck and $5.25 off cars.

No lamb sales were made up to 11.00 a.m., with salesmen holding for $6 for good ewes and wethers. Sheep brought $1 to $2 according to quality.

Quotations:

Steers up to 1,050 lbs.—Good and choice $5 to $5.50; medium, $4.50 to $5; common, $3.50 to $4.25.

Steers over 1,050 lbs.—Good and choice, $5.50 to $5.75; medium, $5 to $5.25; common, $4 to $5.

Heifers.—Good and choice, $5 to $5.50; medium, $4.50 to $5; common $3.50 to $4.50. Fed calves.—Good and choice, $7.75 to $8.25; medium, $6.25 to $7.50. Cows.—Good, $2.75 to $3; medium, $3.50 to $3.75; common, $2 to $3.25; canners and cutters, 75c to $1.50.

Bulls.—Good, $2.25 to $2.75; common, $1.50 to $2; stocker and feeder steers.—Good, $4 to $4.25; common, $2.50 to $3.75. Milkers and springers, $20 to $45.

Veal.—Good and choice, $7 to $7.75; common and medium, $4 to $6.50; grassers, $2.50 to $3.50.

Off car basis.—Select bacon, $1 premium; Bacon, $5.25; butchers, $1 discount; heavies, $2.50 discount; sows, $3.25.

Light sheep.—Good, $2 to $2.50; heavies $1.50; culls, $1.

CLAIM WORKERS ARE EXPLOITED

(Continued from Page 1.)

to stay n the shop until further work was brought to her. y.

As a result, Miss McNab continued, some girls were staying in the shops for more than 60 hours a week, with weekly salary amounting only to $2.50 or $3.00.

Vicious Conditions

The conditions are positively vicious, she declared.

Miss McNab spoke in support of a resolution sponsored by the Toronto District Labor Council which urges the provincial executives of the congress to vigorously press for a 40 hour week for all employees coming under such legislation. There was no action taken on the resolution.

The convention defeated a resolution which was introduced by North Bay Lodge No. 413, machinists who urged the congress to use its influence with the Federal Government with a view of opening trade relations with the Federal Government with a view of opening trade relations with Russia in such commodition as would work to the mutual benefit of both countries.

Exchange Rates

(By the Canadian Press)

Exchange rates at noon today were as follows: Pound sterling in Montreal 3.84¾; U. S. dollar in Montreal 1:10 9-16; pound sterling in New York 3.48¾; Canadian dollar in New York 90⅜.

Officer's Prank Boon to Flies

ST. THOMAS, Ont., Sept. 13. (CP)—Somebody drew the poison out of the fly sprayer at the city police quarters, and substituted water Sergt. Bill Ketchabaw sprayed lustily the greater part of the evening, but the flies seemed to enjoy it. Eventually the sergeant got wise and when Sam McKeown reported for duty at 11 o'clock the sergeant had the fly sprayer working with real poison. Needless to say McKeown beat a hasty retreat.

NEW TUG MAKES ITS TRIAL RUN

Boat Built in Trent Canal Shipyards Makes Maiden Voyage.

NOTHING STYLISH.

A new craft—the pride of the Trent Canal ship yards here—skimmed the waters of Little Lake on her maiden voyage to-day. The crew of the Bessie Butler, flagship of the Trent fleet, was in charge of the snub-nosed craft on her trial run.

Workers at the yards followed the boat's course with straining eyes. They were keen to see how their latest creation performed. She plowed the waters like a slow-footed duck, strength and purpose in her every line.

She was a new cart horse of the Trent. A trim tug that will drag many heavy scows to and fro over the far reaches of the canal before old-age overtakes her.

There was nothing stylish about her, but her builders were confident that she would prove of great worth in her toll of maintenance.

Fifty-two feet long she is with a beam of 14 feet and drawing four feet of water. Her stout timbers will stand much straining and wear.

ROBBERY COSTS TRIO 3 YEARS

Youths Caught Tourists Asleep, Drove Into Country and Abandoned Them.

SENT TO PORTSMOUTH.

NIAGARA FALLS, Ont., September 13 (C.P.). — Three youths who held up and robbed a party of Washington, D.C., tourists here on September 4, were sentenced to-day to three years each at hard labor in Portsmouth Penitentiary.

The young men, Albert O'Neil 21 Arthur Brooks, 21 and Douglas Roberts, 18, were captured when one was found in possession of a badly twisted tube of tooth paste owned by one of the tourists.

The tourists were held up and robbed when the youths caught them asleep in their car. They were bundled into the rumble seat of the car, driven into Niagara Township, and abandoned.

Kreuger No Genius, Bluffed Way Through

STOCKHOLM, Sept. 13.—(A.P.) —Ivar Kreuger, Swedish match king who committed suicide in Paris last spring, was not a man of business, but a criminal, is the opinion expressed in the preliminary report of the administrators of the Kreuger & Toll bankruptcy proceedings, published in the newspaper Dagens Nyheter to-day.

Analyzing what they called Kreuger's gigantic frauds, the administrators reached the conclusion that Kreuger was not the great business man he made himself out to be.

From the time when he became able to maintain the pretense he started "to bluff" with reports of vast, but fictitious profits, they said, in an effort to maintain the impression that he was a great financial genius.

Twickenham Goes To Polls On Friday

LONDON, Sept. 13.— (Canadian Press Cable.)— Polling takes place Friday in the Twickenham by-election necessitated by the death of the Conservative member, Sir John Ferguson, Hylton Murray-Philipson, National Government candidate, and he is opposed by Percy Holman, who contested the seat in the Labor interests last year.

Twickenham will be the first English riding to render a verdict on the results achieved at the Imperial Economic Conference at Ottawa. Murray-Philipson finds the majority of 21,986 obtained by Sir John Ferguson last year something of an embarrassment.

SEEKS INSANE FIREBUG

HAMILTON.—Police searched today for an incendiarist, thought to be insane, whom they blame for four attempts in as many weeks to set fire to buildings by throwing lighted newspaper through windows.

REAL GOOD SHOW IS THE MIDWAY AT EXHIBITION

Conklin's All-Canadian Shows Open Up in Exhibition Park.

TEN SIDESHOWS.

Shows Provide Good Clean Entertainment Throughout.

Entertainment and thrills to suit every taste. That, in a word, was what the advance guard of the Exhibition crowds found in Conklin's all-Canadian midway at the Exhibition Grounds last night.

Ten outstanding sideshows and six rides are to be found along the Great White Way which occupies, as in other years, the large rectangular area east of the main entrance. Blazing lights, streaming banners, shouting ballyhoo men and the scream and clank of mechanical rides lend all the old atmosphere and glamour to the section. The sights offered in the sideshows vary in nature from the beheading of a beautiful girl on the guillotine to the amazing antics of a group of highly trained monkeys in the monkey show. The mechanical rides include all the old stand-bys such as the ferris wheel and the caterpillar —without which a midway would just not be a midway—and some new ones such as the Lindy Loop —something entirely new in Canada in the thrill business.

First night visitors to the Conklin midway went with a few small doubts in the backs of their minds. They wondered whether or not an all-Canadian show could meet the standard of the American importations which have been brought to Peterborough by the Exhibition in former years. A short inspection assured them that the all-Canadian midway is not only equal but in many ways superior to those which have operated here in other years.

Operated By Canadians

The Conklin Shows provide good clean entertainment throughout. The shows are operated by Canadians and with Canadian capital. Of local interest is the fact that William C. Fleming, an old Peterborough boy, who left this city some years ago to serve in the show world, is the general agent and traffic manager for the company.

Perhaps the most spectacular of the sideshows is The Guillotine. In this tent the spectator is presented with the pleasant sight of a guillotine built on the exact specifications of the famous instrument used to decapitate the victims of the French revolution. To the spectator's horror, the showman is not content to exhibit the death-dealing machine but also demonstrates it. A charming girl is placed under the great knife and shorn of her head before the eyes of the audience. However, it all ends right for the showman resorts cleverly to the black arts and restores the head to the decapitated girl and she appears little disturbed by the experience.

In the circus sideshow, the two-bodied child which gained nation-wide publicity at its birth in Winnipeg on June 7, 1931, is a feature. The boy has four arms, four legs and two trunks, but only one head. It is alive and healthy and exhibits abnormal intelligence for a child of its age. Then there is Professor Salvail who is widely recognized as the king of card manipulators and Madame Muriel, the woman with the thousand eyes. In this same tent one can not help but gaze with awe at the amazing versatility of Bluey-Bluey, who eats fire, performs many astounding tricks of magic and conjuring and demonstrates breath-taking ability with a rope among many other things.

Timid souls want to steer clear of the Palace of Illusions. There they will see before their eyes a charming woman butchered before their eyes. First the head is removed. Then the feet are amputated—as painlessly as possible, of course—then the final cut is made through the middle of the body. The audience is permitted an inspection after each cut.

In another section of this same show on the same admission ticket the spectators may see a woman sawed in two, and, if they have not had enough, they may witness, in addition, the cremation of a live human.

An educational feature which has attracted wide comment is the butterfly and insect display on the midway. Containing 10,000 specimens, the claim of its owner, J. F. May, former forest ranger at Eden, Manitoba, that it is the most complete collection in the world cannot be far wrong. The exhibit is truly fascinating. A feature is the specimen of the East African praying mantis stick insect, the only member of this species ever captured.

An athletic show is provided under the direction of Cyclone Mitchell, holder of the light-heavyweight belt, in the athletic tent to the south of the midway section. In Cyclone Mitchell's crew are four wrestlers: Bull Montana, Jack Fisher and Pete Sturgis. Two boxers are Kayo Kelly and Battling Dewey. A boxing and wrestling challenge to all comers stands at this tent. A dollar for every minute they can stay in the ring will be paid the challengers.

ADVERTISE IN THE EXAMINER

HAPPY, EFFICIENT, INDUSTRIOUS CITIZENS NEEDED IN CANADA

J. J. Duffus of Peterborough Addresses Campbellford Rotary Club on "Building Canadian Citizenship.

PRESS EXTOLED.

(By Examiner Staff Correspondent)

CAMPBELLFORD, Sept. 13. — "Canada should not become a harbourage for degenerate refugees, and should advertise in other countries to this effect, stating the kind of people desired for Canadian citizenship," declared J. J. Duffus of Peterborough, speaking to the Campbellford Rotary club yesterday on the subject of "Building citizenship in Canada."

For building, three things were required the speaker stated, bricks, mortar and the plan. And in the building of citizenship the same principles were applied. In the building of a nation the individual citizen was the brick, and upon the quality of this brick was the whole structure of the house of the nation dependent.

Education was a main factor in producing the right quality of citizen, Mr. Duffus declared. The teaching of art, literature, music, the love of books. Also religion in some form or other as a guarantee of moral sanction, and the law, which makes for respect and the adherence to the wish of the majority. "In Canada two problems were foremost," he said. The improvement of its citizens and the control of immigration. The first to some extent was being dealt with but he thought that more care should be taken in the selection of those coming into Canada to settle, and that certain standards should be required. Clean living, physical soundness, some qualified occupation and above all willingness to be absorbed into the life and ways of the country. "Team play is the only kind of value for this country," said Mr. Duffus, declaring that unless immigrants were willing to fit into the life of Canada they only became disgruntled and useless citizens.

And Canada itself must also absorb from the incoming citizen, some of the fine traits and ideals of race that are brought into this country and which are the new Canadians contribution to Canadian life.

Absorbtion had not yet appeared on the cards the speaker said, although infusion of new stock was an important factor in the present Canadian problem.

Another Important Factor

Mortar, that binds citizens together was the most important thing in citizenship he said. The day had gone by when men live unto themselves. Today men had relationships one with the other, they had the herd instinct, with the result that social contacts were all important and formed the basis of citizenship. Each of us, Mr. Duffus said were the centres of different circles. The home, business, community, county, province, Dominion, empire and the world. This bond of citizenship binds us all into a system, which in times of stress is felt perhaps more than in normal periods, although this should not be.

As a business man the speaker declared that trade was something more than the mere buying and selling of goods. Something takes place between man and man during this transaction, a social contact, the exercise of personality and the touch of fellow feeling. "Business is never good business unless these feelings are experienced." he declared.

Trade was something more than a material thing. There was a moral education of trade, business, commerce, which showed that it did not consist only of the material but created bonds between individuals and groups of individuals that not only helped them but the communities at large. "He is a business man of very poor quality who thinks he is dealing only in dollars and cents," said Mr. Duffus, pointing out that the word "goods" itself means something that is good for all.

Press Extoled

And the press also played an important part in the building of citizenship, as leaders of public opinion and in their ability to mould that opinion, which in itself is one of the strongest weapons in the hands of the citizens. Although papers, and Canadian papers were among the best in the world, were closely allied to trades, there was still the need of a more deliberate alliance between the trades and the press, the speaker said. And the small town paper was unique in its loyalty; and could, without profanity, be called the citizens' bible, for it was a bulletin of the rights, privileges and interests of the community.

The two great aspects of the situation, Mr. Duffus said, were: "What I give the country, and what the country gives me." Service before self was the noblest badge a citizen could wear, he pointed out; and this ensured that a citizen was a noble brick in the structure of Canada. And Canada gives the citizen in return, education, culture and happiness. And enlarging on this theme, he stated that Canada itself could not live unto itself. The whole world needed her and her contribution as much as Canada needed the rest of the world, which brought citizenship on a world basis. As citizens of the world we served the world by serving our country. The wealth of nations consisted of land, labor and capital. Of these labor was the most important, and to fill this need we required efficient, happy and industrious citizens.

Of the third necessity for the erection of a building, the plan, Mr. Duffus said that the question, "What kind of a Canada are we going to build?" was a matter left to the statesmen of the country, quoting the difference between statesmen and politicians as those who look forward to Canada's status in the next thousand years, and those yho only look toward the next election.

President Elie Brunelle occupied the chair, introducing the guest speaker; G. A. Kingston moving a vote of thanks at the conclusion of the address.

BARGAIN FARE TRIP TO

ROCHESTER, N.Y.

FRIDAY, Sept. 16th

(STANDARD TIME)

Obituary

MRS. RAYMOND PETTY.

CAMPBELLFORD, Sept. 13 (By Examiner Staff Correspondent). — After only a few hours' illness, Mrs. Raymond Pettyt died at her home in Percy Township late Sunday evening. Taken ill early Sunday morning, after having visited in Warkworth the previous evening, medical aid and nurses were immediately engaged, but all the skill engaged failed to save her life Surviving are her husband, two sons, Billie and Bob, and her parents, Mr. and Mrs. Riely of Guelph, and a sister in Toronto. Funeral arrangements are not yet complete.

Hastings Youngster Has Narrow Escape

HASTINGS, Sept. 13 (Examiner Correspondence). — George Scott, son of Mr. and Mrs. Victor Scott, had a miraculous escape from drowning on Monday afternoon.

George was playing with his little sister, Dorrain, and Irene and Joie Chapman, along the shore of the race that runs behind the main street. In some way he fell into the water. His sister ran to the street calling for help. Stanley Stevenson ran out of his store and jumped in with all his clothes on and grabbed the struggling youngster. The little chap kept his hands and feet going which kept him up until Mr. Stevenson reached him. Mr. F. G. Runnels also went to the assistance. Both these men deserve great praise, as Mr. Stevenson has been in bed for the past week, and Mr. Runnels has not been swimming for twenty-five years. Dr. W. H. Campbell gave medical assistance, and George was none the worse, only for shock. Today is the little fellow's third birthday.

TORONTO LIVESTOCK.

TORONTO, Sept. 12 (C.P.). — Trading on the Toronto livestock market was very dull at the opening with not enough sales to establish prices. Cattle trade opened dull; calves firm; hogs unsettled; sheep and lambs slow.

Receipts: Cattle, 4,550; calves, 480; hogs, 530; sheep and lambs, 1,880.

The run included 1,100 Western cattle. A few medium to good butcher heifers brought $4.25 to $5. Fed calves ranged from $6 to $8.

Calves were 25c to 50c higher at $7 to $7.50 for choice with common vealers downward to $4. Grass calves sold mostly at $2.25 to $3.

Bids on hogs were $4.50 f.o.b. for bacon or $5 off car with salesmen holding for higher prices.

No sheep or lamb sales were made up to noon.

Quotations:

Steers up to 1,050 lbs., good and choice, $5 to $5.50; medium, $4.50 to $5; common, $3.50 to $4.25.

Steers, over 1,050 lbs., good and choice, $5.50 to $5.75; medium, $5 to $5.50; common, $4 to $5.

Heifers, good and choice, $5 to $5.50; medium, $4.50 to $5; common, $3.50 to $4.25.

Fed calves, good and choice, $7.50 to $8; medium, $6 to $7.25.

Cows, good, $3 to $3.25; medium, $2.50 to $2.75; common, $2 to $2.25; canners and cutters, 75c to $1.75.

Bulls, good, $2.50 to $3; common, $1.50 to $2.25.

Stocker and feeder steers, good, $4 to $4.50; common, $2.50 to $3.75.

Milkers and springers, $20 to $45.

Veal, good and choice, $6.50 to $7.50; common and medium, $4 to $6.25; grassers, $2.25 to $3.

Hogs, no quotations.

Sheep, no quotations.

Hi Ho Come to The Fair

Forget Old Depression, forget all your ills,
Forget all your worries—it's worry that kills;
Buzz off to the Ex. and get ten thousand thrills—
Hi, ho, come to the Fair.

Come in your dozens, come by the score,
Come in your thousands as never before;
If it's good things you're after you'll get them galore—
Hi, ho, come to the Fair.

There's mystery, history, fancies and freaks,
Creations, sensations, and music that speaks—
Music superb, you'll recall it for weeks—
Hi, ho, come to the Fair.

Slacken the tight wad, and dip for the dough;
Set things a-humming! O boy, don't be slow;
Prosperity's waiting, just raring to go—
Hi, ho, come to the Fair.

—H.U.

COBOCONK MAN IN POLICE COURT

Charged With the Illegal Possession of Spirits in Lindsay Court.

LET BRIDGE CONTRACT

LINDSAY, Sept. 13. — (Examiner Correspondence). — Dick Pearce, a resident of Coboconk, was arrested by Constable Woods, R.C.M.P., after a ten-hour vigil in a swamp near the village, and faces the charge of illegal posession of spirits. Pearce, it is charged, had a gallon jar of moonshine which he dug from a cache in the swamp when he was arrested Sunday night. He was remanded yesterday by Magistrate Jordan.

Thieves visited the village of Burnt River Sunday night, and after knocking the lock off a gasoline pump, helped themselves to gas. They left two beer bottles on the proprietor's doorstep.

Frank Robertson, hotelkeeper at Haliburton, was sentenced to two months in jail by Police Magistrate Jordan on the charge of keeping liquor for sale. The magistrate said he could not believe Robertson's story that he was giving away 240 quarts of beer because of business received.

John and James Dilliman, of Tory Hill, were sentenced to fifteen days in jail for stealing a quantity of barbed wire from a fox farm near that hamlet.

William Downer, C.N.R. foreman, of Haliburton, was charged with the theft of certain C.N.R. property. Sentence was suspended by the court as it was Downer's first offence. There was a further charge of having liquor illegally, but this was set over for a week.

John Stephenson, of Minden, was acquitted on the charge of assaulting his wife on August 31. Both the husband and wife told the court that they had no desire to continue living together.

The contract has been let for the construction of a new bridge on No. 7 highway over Pigeon River in the village of Omemee. The work, it is understood, will be started this fall.

A Stratford firm has secured the contract for the stretch of the provincial highway from Cameron to Fenelon Falls. The work is now under way.

SIR GILBERT PARKER ONCE WORKED IN CAMPBELLFORD

CAMPBELLFORD, Sept. 13 (By Examiner Staff Correspondent). — With the death of the Canadian author, Sir Gilbert Parker, it has been brought to the minds of some of the older residents of Campbellford that that distinguished Canadian was at one time a resident of this town. Many years ago, before he entered the teaching profession and taught in Hastings County, Sir Gilbert Parker worked for a few months in a Campbellford grocery store, which was located where the present drug store, now owned by J. Ernest Birks, is located. The store was then operated by Wm. McKay. Sir Gilbert Parker left Campbellford to enter college.

MRS. JOHN CRUICKSHANKS BREAKS ANKLE ON MONDAY

HASTINGS, Sept. 13 (Examiner Correspondence). — Mrs. John Cruickshanks had the misfortune to break an ankle yesterday morning, while at her household duties. She had been standing on a chair arranging goods on a shelf, and in stepping backwards off the chair, stumbled and broke a small bone in her ankle. The large bone is also possibly splintered. The extent of her injuries cannot be accurately ascertained without the use of X-ray photographs.

Mrs. Cruickshanks has been most unfortunate in that this is the third fractured bone she has sustained within two years.

Forest Monarch

LINDSAY, Ont., Sept. 13. — (C.P.)—The crew of the Haliburton train of the Canadian National Railways to-day reported having seen an enormous bull moose feeding on the tracks.

The men said the animal weighed at least half a ton, had a spread of antlers wider than the tracks and higher than the level of the small engine headlight.

At the approach of the train the moose jumped the fence along the right of way, they said, and continued to feed without paying further attention to it.

Moose are rarely found so far south.

WOULD QUERY EACH CANDIDATE

Rev. F. C. Ward Whate Would Get Attitude Toward School Language Question.

WANTS ENGLISH ONLY.

TORONTO, Sept. 13 (C.P.) — Orangemen of Ontario considered to-day a proposal to query every candidate in the next provincial election on his attitude toward the school language question.

Rev. F. C. Ward Whate, vicar of St. Alban's Cathedral here and county chaplain of the Orange Order, told the Scarlet Council of the Loyal Orange Association Sunday that the only way to assert the teaching of English in Ontario is to present every candidate at the next general election with a questionnaire to determine his attitude.

If we want to keep this country strictly English-speaking, he said, we must have only English taught in our primary schools, and by English teachers.

Commenting on the unemployment situation, the vicar declared that if he had the power he would conscript individual wealth in Canada to alleviate unemployment, particularly among war veterans.

If Canada could spend $1,000,000 a day, as it did during the Great War, it can just as well spend $1,000,000 yesterday to aid those men who fought and suffered for their country.

Lock 10 Still Hands Out a Cold Embrace

CAMPBELLFORD, September 13 (Examiner Staff Correspondence). — Lock 10 at Campbellford seems to be noted for its good fishing, and also for its capacity of giving visitors wet receptions For the second time in the past few weeks, and under the same circumstances, a visitor to this section of the Trent Waterway has been coldly embraced by the waters of the lock. After spending a pleasant afternoon last Saturday with a party of friends fishing from a boat and viewing the beautiful scenery, Mrs. W. McDonald was stepping form the boat on to the shore at the lock, when, looking backward, she overbalanced and received both a wet and a cold reception. Mrs. McDonald is visiting in the district.

FIRE WIPES OUT BARN

STRATFORD — William Roadhouse, farmer living near St. Mary's yesterday had lost his entire season's crop in fire which destroyed his barn and driving shed Sunday. Damage was estimated at about $5,000.

You love to watch him EAT!

It gives you a real thrill, to see your youngster dip lustily into the cereal bowl. You know he's doing his part toward building growth and health.

So give him a bowl of Kellogg's Rice Krispies and milk. Breakfast, lunch or supper—watch him eat! Rice Krispies fascinate children. Delicious, toasted rice bubbles that actually crackle in milk or cream.

Nourishing Rice Krispies are so easy to digest, they don't overtax. So much better than many heavy dishes —particularly at supper.

Always oven-fresh. Made by Kellogg in London, Ontario. *Quality guaranteed.*

CAMPBELLFORD

BRIEF AND INTEFESTING NEWS ITEMS FROM THE TRENT TOWN.

Mr. P. J. Locke, local tobacconist and pool room operator of Front Street, has installed a new pool table in his establishment, which will add greatly to the convenience of his customers.

Mr. and Mrs. Chas. Root and family have moved from their Grand Road home and will in future reside on Front Street.

Mr. J. V. Bedford is on an extended visit to England.

Dr. Harold Horkins is visiting his parents, Mr. and Mrs T. J. Horkins. Mrs. Horkins returned with her son from Detroit, where she had been visiting with him.

Mr. and Mrs. Phil Houlihan, of St. Paul, Minn., are visiting Mr. and Mrs. Ernest Birks for a few days.

Miss Florence Thomas, Mr. C. B. Williams and Mr. S. A. Maguire were visitors to Toronto over the week-end.

Miss M. Hicks, of Peterborough, spent Sunday the guest of Reeve and Mrs. C. H. Davidson.

Mr. Purdy Petty, of Toronto, was a week-end visitor to town.

Master David Pierce, Miss Georgie Davidson, both of Peterborough, and Mr. Howard Davidson, of Oshawa, were the guests over the week-end of Mr. and Mrs. C. H. Davidson.

Mr. and Mrs. George Webber have returned from a week's holiday spent in Toronto and Picton. At the latter place, they were the guests of Mrs. Webber's son, Mr. Ray Turner, and Mrs. Turner.

Weddings

CRAWFORD—DOYLE.

MARMORA, Sept. 13. — The Church of the Sacred Heart was the scene of a pretty and popular wedding on Monday, when Mary Frances, daughter of Mrs. Patrick Doyle, of Marmora Township, was united in marriage to Charles Vincent, son of Mr. and Mrs. John Crawford, also of Marmora Township. The ceremony was performed by Rev. Father J. J. Keeley, parish priest, in the presence of a large number of relatives and friends.

The bride, who was given in marriage by her brother, Mr. Leo Doyle, was daintily gowned in royal blue georgette and lace and wore a grey hat with shoes and gloves to match. She carried a bouquet of pink roses, lily of the valley and baby's breath, and was attended by her sister, Miss Kathleen Doyle, who was becomingly attired in pink georgette and wore a black hat and silver shoes. Her bouquet was also of pink roses. The duties of best man were carried out by the groom's brother, Mr. Eugene Crawford, of Niagara Falls, N.Y.

During the ceremony, two beautiful solos were rendered. Miss Genevieve Shannon sang the 'Ave Maria,' and Mr. Harold Auger also selected appropriately, 'On this day, O beautiful mother.'

The wedding breakfast was served at the home of the bride's mother, to an attendance of twenty three relatives and close friends.

The happy couple later left for Sudbury, where the honeymoon is being spent, and upon their return will reside in Marmora. The bride for the past twelve years has been a member of the local Bell Telephone staff, and her genial and courteous nature has won for her a host of friends.

The groom also enjoys much popularity in this district, he having almost completed three years as driver of the Belleville bus.

Heartiest congratulations and best wishes for a long and happy wedded life are being showered upon them.

Thresh 636 Bushels Wheat From 11 Acres

BELLEVILLE, Ont., Sept. 13 (C.P.)—A record of some sort is thought to have been established, when a Mr. Lake and Mr. Faulkner, of Foxboro, threshed 636 bushels of wheat from 11 acres in 3 hours and 15 minutes The sound of the thresher, country correspondents have been remarking of late is heard throughout the land, but if an attempt is made to beat the record of this pair is attempted to be beaten by many threshing outfits, this particular hum of agricultural activity will soon cease to be audible in the Bay of Quinte district for the present season.

Missionary Society Meets at Westwood

WESTWOOD, Sept. 13.—(Examiner Correspondence).—A very interesting meeting of the Women's Missionary Society of St. Andrew's United Church was held on Wednesday afternoon at the home of Mrs. Ross Lobb, the president, Miss Jessie Davidson presiding.

Final arrangements were made for the entertainment of visiting societies to the sectional rally to be held here on Wednesday, September 14.

Special readings were given by Mrs R. C. Brackenridge and Mrs. M. Scott. The topic was taken from the annual report of the W. M. S. work in Canada and foreign countries and was both interesting and instructive.

At the close of the meeting refreshments were served by the hostess on the lawn and a social time spent.

Miss Gertrude Dutton tells why she makes her

Devil's Food Layer Cake

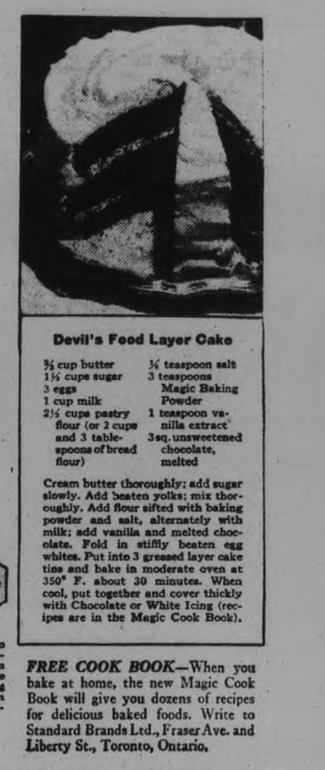
with Magic Baking Powder

"I know from experience," says the cookery expert of Western Home Monthly, "that Magic makes most baked dishes look and taste better. Its uniform leavening quality gives *dependable* baking results."

And Miss Dutton's praise of Magic is seconded by the majority of dietitians and cookery experts throughout the Dominion. They use Magic *exclusively* because they know it is pure, and always uniform.

Canadian housewives, too, prefer Magic. In fact, Magic outsells all other baking powders combined.

For luscious layer cakes, light, tender biscuits, delicious pastry—follow Miss Dutton's advice. Use Magic Baking Powder.



"Contains no alum." This statement on every tin is your guarantee that Magic Baking Powder is free from alum or any harmful ingredient.

Made in Canada

Devil's Food Layer Cake

¾ cup butter	¾ teaspoon salt
1½ cups sugar	3 teaspoons Magic Baking Powder
3 eggs	1 teaspoon vanilla extract
1 cup milk	3 sq. unsweetened chocolate, melted
2½ cups pastry flour (or 2 cups and 3 tablespoons of bread flour)	

Cream butter thoroughly; add sugar slowly. Add beaten yolks; mix thoroughly. Add flour sifted with baking powder and salt, alternately with milk; add vanilla and melted chocolate. Fold in stiffly beaten egg whites. Put into 3 greased layer cake tins and bake in moderate oven at 350° F. about 30 minutes. When cool, put together and cover thickly with Chocolate or White Icing (recipes are in the Magic Cook Book).

FREE COOK BOOK—When you bake at home, the new Magic Cook Book will give you dozens of recipes for delicious baked foods. Write to Standard Brands Ltd., Fraser Ave. and Liberty St., Toronto, Ontario.

New Rates Are Set For Hastings Users

HASTINGS, Sept. 13.—(Examiner Correspondence). — Mr. Walter M. Fowlds, chairman of the local Hydro Commission, was in Toronto on Friday where he took the matter of rates up with the Hydro Commission. The rates for domestic users in Hastings will now be 31 kilowatt hours at $2.20, less 10 per cent. if paid before the twentieth of the month, which will make the minimum bill $2. The last bills were $2.50 minimum for the first 50 kilowatt hours. Over the 31 the rate will be 6c a k. hour. Under the old rate it was 6c for 60 hours. After the 50 hours it will be 2c for the balance. In this way the big user saves 4c an hour on 10 kilowatt hours. The small users save 50c a month. Mr. Fowlds states that 60 per cent. of the domestic users in Hastings do not burn over the minimum bill, so this will mean a big saving to the village. The extra $5 that the Hydro are charging the local ommission will not effect the kilowatt hour rate whatever.

The minimum cottage rate has also been reduced from $22.50 to $18.

Considering that this is only a little over a year for Hydro power in the village, the commission are doing wonderful work and have a good surplus on hand, which should mean another reduction next year.

TOBACCO KILN BURNS.

PORT BURWELL. — Sydney Bratti to-day had lost a tobacco kiln and about one ton of partially cured tobacco, as a result of a fire of unknown origin which broke out on his farm, three miles east of Port Burwell, Sunday.

MARTIN CHENHALL IS NEW SUPERVISOR

Supervise Teaching of Vocal Music in the Schools of Cavan Township.

MILLBROOK, Sept. 13.—(Examiner Correspondence.)—Applications for the position of supervisor of the teaching of vocal music in the schools of Cavan township were considered at a special meeting held on Friday evening, Colonel J. W. Odell, P.S.I., announcing that the choice, out of a large list of tenders received, went to Martin Chenhall, of Toronto, son of M. B. Chenhall, A.R.C.O., organist of St. Paul's church, Peterborough.

It is expected that the supervisor will begin his duties immediately, probably on Tuesday of this week, eleven schools being already pledged to the placing of this new, and important, study, on their curriculum, with a twelfth probably assured, and all likelihood of the others of the township coming in once the teaching of choral singing is well under way.

One hour each week for instruction is given each school in the group, three days a week being required for the schools already on the list. The teachers of the individual schools carry on with the instruction, fifteen minutes or so each day, until the weekly visit of the supervisor. The innovation for Cavan rural schools comes as the result of much labor and careful planning, and is confidently expected to be a decided boon to the cultural development of the pupils.

England has 3,000,000 bachelors between the ages of 20 and 50.

WHAT PIE *does your Husband like?*

IT doesn't take time or trouble to make your husband's favourite pies and cakes especially appetizing when you use Baker's Coconut. Just choose, from the three styles, the kind you like best. Each is ready to use, made from selected cocoanuts, always enticingly fresh.

Try a cake or pie, today, made with Baker's Coconut. See the smile on your family's faces when you serve it.

Your grocer sells Baker's. It's made from fresh coconuts in Canada.

Three Styles:

BAKER'S SOUTHERN STYLE—moist—packed in tins—slightly sweetened—delicately fresh.

BAKER'S PREMIUM SHRED—in the familiar triple-sealed, stay-fresh cartons.

BY THE POUND—the same fresh, full-flavoured cocoanut in bulk.

A9-32

BAKER'S COCONUT

DISTRICT NOTES

From Villages and Towns in District

BY CORRESPONDENTS OF THE EXAMINER

YOUNG'S POINT.

Mr. and Mrs. Charles Kennedy and daughter, Doris, of Peterborough, visited Mr. and Mrs. Percy Stenner in the village on Sunday.

Mr. Andrew Wilson attended the cheese-grading at Lindsay on Friday, and also attended a cheese factory patrons' meeting at Bobcaygeon, also on Friday.

Mr. J. Monroe, of Sterling, called on friends in the village on Friday.

Rev. Walter Creswick and son, Maurice, of Toronto, also Mr. Creswick's brother, of New Jersey, called on old friends in the village recently.

Mr. and Mrs. George Jackman and family, of Lakefield, visited relatives in the village on Friday evening last.

Mr. and Mrs. Valmer Raham, of Toronto, visited at the home of Mr. and Mrs. Dave Darling recently.

Mr. and Mrs. Percy Stenner and son, Douglas, who have spent the past two months camping on Wilson's Point, have returned to their home in Peterborough.

The local school has again reopened, with Viola Redpath in charge of the junior room and Mr. Frank Carroll as principal.

For the past week "Sandy's Overseas Fund Show" has been presented every evening at the Annex of the Lakeview Hotel in the village. This little show is entirely made up of three people, but is also well worth seeing.

Mrs. Andrew Allan, of Toronto, called on old friends in the village on Sunday evening, and also attended the evening service held in St. Aidan's Church, where she was a member for many years while she lived in this community.

Mr. Lloyd Crapp, of Selwyn, passed through the village on Sunday en route to Fraserville.

The many friends of Miss Thelma Duggan will be sorry to learn of the misfortune which befell her recently when she fell down the complete flight of stairs at the home of Mrs. Fleming. She is now slowly recovering from her fall and is at present at the home of Mr. and Mrs. Clarence Foster in Lakefield.

Messrs. Gerald and Raymond Young, also Misses Dorothy and Rita Young, who have spent the summer vacation at South Beach Hotel, have now returned to their home in Peterborough.

Mr. John Burnell, of Selwyn, passed through the village on Sunday en route to Fraserville.

Mr. Max Wilson, of Hall's Bridge, called on relatives in the village on Sunday.

Miss Genevieve Armstrong, of the "Sixteenth," called on friends in the village on Sunday.

Bailieboro

Mr. and Mrs. Robert Harper and children Lois and Shirley of Brighton were visitors to the village on Saturday and attended the ball game between Colborne and Bailieboro.

Mr. and Mrs. W. Dawson and family of Otonabee were visitors on Sunday at the home of Mr. and Mrs. W. Dawson.

Mrs. J. W. Dawson who has for the past summer been the guest of her daughter at Ottawa has returned to her home.

Mr. N. McIntosh of Coldsprings attended the local ball game on Saturday.

Mr. Keith Barnard of Toronto spent the week-end the guest of his parents.

Mr. John Green was a business visitor to Toronto on Monday.

Mr. and Mrs. C. Lang and daughter of Oshawa were guests over the week-end of Mr. and Mrs. J. Lang.

Mr. Gerald Lang of Oshawa visited his parents over the week-end.

Mr. Roy Barnard of Port Hope was the guest of his parents on Sunday.

The Ladies' Aid of the United Church held their monthly meeting in the form of a quilting bee, at the home of Mrs. W. Thompson's on Thursday p.m.

A fairly good turnout of members was present and two beautiful quilts were quilted.

At the conclusion of the quilting, a bountiful luncheon was catered. The quilts will be sold at the fall bazaar.

Among those present were: Mrs. W. Thompson, Mrs. N. Thompson, Mrs. F. C. Jewison, Mrs. B. Dawson, Mrs. W. H. Barnard, Mrs. A. Dawson, Mrs. J. W. White, Mrs. J. Lang, Mrs. E. Dawson, Mrs. W. Bateman, Miss P. Thompson, Mrs. T. E. Dawson and others.

Marmora

Mr. and Mrs. F. R. Wells are holidaying at Baltimore.

Mr. and Mrs. C. H. Buskard and family spent the week-end with relatives at Verona.

Mr. and Mrs. W. T. Linton and two children, of Peterborough, spent the week-end with Mrs. Linton's parents, Mr. and Mrs. J. Wilkes.

Mr. and Mrs. F. Leblanc and Miss L. Leblanc, of Montreal, were visitors here on Friday.

Mr. W. Gowling and Miss Jean Reynolds, of Ottawa, visited the latter's parents, Mr. and Mrs. W. R. Reynolds, at Deloro over the week-end. Mrs. W. Gowling, who has been spending two weeks with her parents, returned to Ottawa with them.

Warsaw

Mr. and Mrs. Parlough, from Windsor, are visiting Mr. and Mrs. Thomas Cooper and will visit other relatives in the district before they return home. Mrs. Parlough is a daughter of Mr. John Bulloch, now living in Windsor.

Mrs. Hagerman, Peterborough, is guest of Mrs. R. W. Payne.

Mr. and Mrs. Wesley Stark, Toronto, spent the week-end and holiday with Mrs. Stark's parents, Mrs. R. W. Payne and Miss Gow accompanied them on their return to Toronto. Miss Gow is remaining for the week. Mrs. Payne returned on Thursday.

Miss Edith Tucker, who spent her girlhood days in Warsaw, trained in Nicholls Hospital, after graduation secured a position in the Knickerbocker Hospital, New York, and is now in a responsible position in a doctor's office, spent her month's vacation this summer on a trip to Europe, visiting England, Paris, several places in Germany and Switzerland.

Mrs. Frank Crigland is visiting old friends in Warsaw.

Mr. and Mrs. Wilmot Bell, formerly Mary Tucker, and Mr. and Mrs. Bailey, from Leamington, are guests of Mrs. John Tucker.

Miss Della Tucker is spending this week at Stoney Lake.

Miss Dickson comes to Warsaw from Westwood every Saturday, giving music lessons.

Cavan

Mr. and Mrs. Will Tinney visited Mr. and Mrs. A. Staples, of Manvers, last week.

Mr. and Mrs. J. D. Hunter are spending a few days in Toronto.

Mrs. Harry Tinney, who underwent an operation in Nicholls Hospital, Peterborough, has recovered sufficiently to return home.

Miss Helen Swain has returned to Peterborough after spending the past few days with her parents here.

Mr. W. Card attended a meeting of the O.R.T. held in the Royal York, Toronto, on Saturday evening.

Mr. and Mrs. R. Carr, of Detroit, spent Sunday with Mr. and Mrs. W. Card.

Mr. and Mrs. H. Snider and Eldred have returned from a motor trip to the West.

Mr. and Mrs. Fred. Bailey and family, of Oshawa, spent Sunday with Mr. and Mrs. W. Card.

Fred. Hunter attended Toronto Exhibition last week.

Mrs. Melville Carr and Merrel have returned home after a week spent in Toronto.

Mrs. I. Wood is visiting friends in Toronto.

Mr. and Mrs. Wilbert Werry, of Blackstock, spent Sunday with the latter's parents, Mr. and Mrs. T. Harkness.

Rush Point

The second vice-president, Miss Marjorie Newton, was leader for the Thursday evening Young People's League meeting. The Scripture lesson was read by Miss Mabel Petherick, and the topic by Mr. H. Hoard.

The program was as follows:

Reading by Reginald McQuigge; reading by Miss Mae Seeney; reading by Mrs. Hoard; selection on accordion by Gavin Buchanan; reading by Carl Barton; selection on violin by Helen Buchanan. In the riddle contest, in charge of Miss Newton, the khaki and blue sides tied for first place, and the red and white for second place.

After the completion of the program the seventy some members present were served a very appropriate lunch, consisting of oobs of corn with individual cheesecloth sacks of butter, and sandwiches and tea. All acclaimed the evening to have been a most enjoyable one.

Miss Janet Taite will take the vice-presidency vacated by Miss Verna Buchanan.

The Misses Verna and Helen Buchanan leave for Peterborough this week where they will attend Normal School for the coming year.

Messrs. H. Spinks and M. Barton visited the moss camps in the North Country on Saturday of this week.

The local school is busily preparing to take part in the School Fair to be held in Havelock the latter part of September.

PRESBYTERIAN SOCIETY HOLDS PARLOR SOCIAL

WARSAW, Sept. 13.—(Examiner Correspondence).—The parlor social given by the ladies of the Presbyterian W.M.S. on Friday evening, for which Miss Margaret and Mr. W. J. Miller opened their home, was very gratifying. The house was well filled and all seemed to enjoy themselves. After some social intercourse, Dr. Munro called the gathering to order and a delightful program was given.

Dr. Munro, Jean Munro and Mr. Stephen Miller, Jr., gave a musical selection; Milo Payne recited, "Grandpa's Talk"; then some community singing; Miss Cullen sang, "The Rain is on the River"; Dr. Munro, Jean and Mr. Miller gave another selection; there was an interesting contest on household articles provided by Mrs. Borland; Miss Cullen sang, "My Ain Wee Hoose"; a spelling match, led by Mr. Higgens, in which the ladies won; another musical trio; more community singing, led by Miss Cullen and Dr. Munro.

Then the ladies served refreshments and a happy gathering broke up after singing "Auld Lang Syne" and the National Anthem.

Ladies' Guild.

The regular meeting of the Anglican Ladies' Guild was held at the home of Mrs. George Parsons on Wednesday afternoon with a full attendance, including four new members.

Plans were laid for fall work, including making of a quilt and preparing articles for a sale of work.

Some help had been given to Rev. J. T. O'Conor Fenton because of his long illness.

There was service in the Anglican Church on Sunday morning, the first since early summer.

President Paul Von Hindenburg

CONFOUNDS NAZI'S PLAN

One of the latest portraits to be made of President Paul von Hindenburg of Germany, whose dictatorial hand squelched an attempt by Adolf Hitler's Nazis to turn the presidential palace into a forum for discussion of Hitler's Fascist aims.

Obituary

MRS. JAMES GRAHAM

KEENE, Sept. 13—Mrs. James Graham passed away at her home near Villiers Corners, Otonabee Township recently following a lingering illness. She leaves to mourn her loss her husband, two sons, James of Colborne, William at home also one daughter, Mrs. Adams of Otonabee, one brother, James Dickson and a sister, Mrs. A. Harris both of Otonabee.

The funeral was largely attended. Those attending from a distance were: Mrs. L. W. Springstead, Mrs. R. S. Shaw, both from Toronto; Mr. G. A. Gillespie, Mr. Scott, Mrs. C. Wright, Mrs. E. Toms, Miss A. Swanson, Miss Catherine Gourley, Mr. and Mrs. A. McAdam, Mr. Fair, Mr. M. Swanson, Mrs. Mitchell all of Peterborough; Mrs. H. Wright, of Keene; Mrs. O'Brien, of Vancouver, B.C.; Miss Lillian Dickson, R.N., of Oshawa; Mrs. H. Thomas, of Millbrook; Mr. and Mrs. W. Dickson, of Hastings; Mr. G. Renwick, of Westwood; Mr. and Mrs. Stewart, of Campbellford; Mr. and Mrs. Hope, of Belleville; Mr. and Mrs. P. Davidson, of Indian River; Mr. and Mrs. Morton, of Roden; Mr. Fred Irwin, Clifford Irwin, Earl Erwin, of Colborne; Mrs. H. Whitney, of Havelock.

The pall-bearers were Roy Mather, James Robertson, Frank Elmhirst, John McAdam, William Francis, Milton Eason.

MRS. PATRICK O'LEARY.

DOWNEYVILLE, Sept. 13.—(Examiner Correspondence).—The funeral of the late Mrs. Patrick O'Leary was held from her late residence, Lindsay, to St. Mary's Church where requiem high mass was celebrated and interment was made in St. Mary's Cemetery.

The late Mrs. O'Leary, whose maiden name was Mary Gilliece, was born in Emily 74 years ago, was of a kind disposition and was beloved by all who knew her. After her marriage 52 years ago, she resided in Downeyville until a few years ago, when they moved to Lindsay.

Her husband predeceased her 30 years ago. She was a member of the Catholic Women's League, Altar Society and Sacred Heart League in both Lindsay and Downeyville.

She leaves to mourn her loss three daughters—Mrs. L. Winter and Jean, of Jackson, Mich., and Gertrude, at home—and three sons—Wilfred, of Sudbury; James, of Lindsay, and Ambrose, of Oshawa—and one brother, Harry Gilliece, of Bobcaygeon.

MISS VERNA ARMSTRONG.

WARSAW, Sept. 13.—(Examiner Correspondence). — The Baptist Church, Warsaw, was filled and many were outside at the funeral of the late Verna Armstrong on Friday afternoon. A large number had gathered at the house where Rev. Mr. Walker, Baptist pastor of Lakefield and Warsaw, held a short service. At the church Pastor Walker, assisted by Rev. J. W. Wilkinson, conducted the service. The hymns sung were "Safe in the Arms of Jesus" and 'Abide With Me."

In his address Pastor Walker spoke of the life the young girl had led and her faith and trust in her Saviour. She had waited upon the Lord and He did give her strength. He spoke of her faithful attendance at church services. Even at prayer meeting she was always in her place.

Mrs. Curtain, of Lakefield, sang "There's a Home in That Beautiful Land."

Members of Mons Lodge, L. O. B. A., Hastings, and of Northern Lights Lodge, Lakefield, as well as of the Warsaw lodge, attended the funeral in a body, and at the cemetery the Hastings and Lakefield lodges held their services, as well as Mr. Walker and Mr. Wilkinson.

The bearers were Messrs. Hilliard Rae, Harold Rae, Clarence Tedford, Thomas Hampton, Russel Tedford and Maitland Forsythe.

MRS. WILLIAM TROTTER.

QUEENSBORO, Sept. 13. — (Examiner Correspondence).—The funeral of the late Mrs. William Trotter, who passed away at the home of her son-in-law, George Love, early Friday morning, was held on Saturday from Mr. Love's and was conducted by her pastor, the Rev. P. Gatley Reynolds, of Madoc. The deceased, who was seventy-six years of age, had been in failing health for several years. She had been a widow for the past forty-one years, the last twenty of which were spent with Mr. and Mrs. Love.

Mrs. Trotter was of Irish descent, and with her husband farmed in Elziver Township. She was a member of the Anglican Church and was well and favorably known, having lived in the vicinity of Queensboro for many years. The funeral was largely attended, showing the high esteem with which the deceased was regarded. The Rev. J. F. Everson of the United Church was present and took part in the service.

Left to mourn are three sons and one daughter—Isaac, of British Columbia; Harry, of Sudbury; Daniel, of Belleville, and Mrs. George Love, of Madoc Township. The bearers were John Moore, Robert Thompson, Allan Love, Harry Love, Elliott Trotter and Philo Harris.

Interment was made beside her husband in the family plot in Hasard's Corners Cemetery.

70 Persons Attend Marmora Corn Roast

MARMORA, Sept. 13.—(Examiner Correspondence).—A corn roast, attended by approximately seventy persons, was held on Friday evening in one of Mr. W. J. Pack's meadows in Marmora Township. A most enjoyable time was spent and good seating accommodation was provided for the elder folk near to the blazing pine logs. A silver collection was taken in aid of the funds of the Ladies' Aid of St. Andrew's United Church.

Cherries were shipped in carload lots from Nelson, British Columbia, for the first time this year, some twenty full carloads being sent out up to mid-August.

Keene Retains Girl's Softball League Trophy

RURAL MAIDENS SQUEEZE OUT 13–12 VICTORY OVER LEAFS IN FOURTH BATTLE

To Capture Bond Trophy, Emblematic of Girls' Softball League Championship.

SEE-SAW STRUGGLE.

Both Pitchers Are Hit Hard While Their Fielding Support is Indifferent.

Squeezing out a 13-12 win over Maple Leafs at the Bowl last night in the fourth game of the playoff series, Keene captured the Bond Trophy, emblematic of the Girls' Softball League championship, for the second straight year. It was a close see-saw contest all the way, with the huge crowd being kept in a continual uproar toward the finish as they battled it out to the very end. The Leafs had the tying and winning runs on the bases in the ninth at the final out.

Neither pitcher, G. Mann and M. McCarthy, proved any mystery and both were hit hard. Their support was indifferent, the whole game being marked by bad throws and scratch hits. But the high note of excitement was maintained throughout by the closeness of the score. A homer, four triples andfour doubles kept the gardeners on their ponies.

Keene Scores in First.

A single, M. McCarthy's triple and an out gave Keene two in the first frame, an they added four more in the second on two miscues, three singles and Dot Gainor's three-baser. The Leafs came through with four in their half on a walk, fielder's choice, error, passed ball and K. Rowland's triple. Neither side countered then until the sixth.

A single and doubles by M. McCarthy and D. Gainor pushed two runs across for the out-of-town maidens, but Leafs galloped five over the platter on two singles, two misplays. M. Ballantyne's double and Elsie Gates' three-base clout. Keene tied it, 9-9, in the next spasm, an error, steal and passed ball handing them a run. But again the Canucks pulled to the fore in their part of the frame, a walk, an error and two clean bingles sending in two.

Even the Count.

The visitors fought back and balanced the reading once again, getting two big ones in the eighth on two singles and I. Short's double. They pulled out two runs ahead in the first of the ninth on a walk, single and bad error. In the Leafs' half, M. Ballantyne started it off with a hard homer to deep centre. H. Mann singled, went to second on a wild pitch and third on K. Rowland's safety, after two were thrown out. But the last batter flied out to right to end the hectic fray and send the title back to Keene.

Besides their two classy doubleplays, Keene players who went good in the field were the three outfielders, with the play around second of M. Brown and H. Nelson also being smart. Dot Gainor grabbed a nifty foul catch with one hand. H. Mann in left for the losers was the fielding star of the game, grabbing off seven, some of which were not easy.

Leads Keene Hitters.

H. Nelson, with three in six trips, led the Keene hitters, while G. McCarthy, M. McCarthy, J. Nelson and D. Gainor, all came through with two safe blows. The battery-mates were the heavy clouters, each having a double and a tripie. I. Short also had a two-bagger. For the Leafs, K. Rowland and H. Mann led the procession with three safe hits each, the former having a triple. Elsie Gates also conked out a three-bagger, but M. Ballantyne was the real distance-getter with a homer and a double in only twice at bat, walking three times.

The box score:

Keene:	AB	R	H	PO	A	E
M. Brown, 2b	4	1	1	1	4	1
G McCarthy, cf	5	1	2	3	0	3
M. McCarthy, p	6	3	2	0	1	0
H. Nelson, ss	6	2	3	2	2	1
I. Short, 1b	6	1	1	12	1	1
J. Nelson, 3b	6	2	2	1	1	0
D. Gainor, c	5	1	2	2	0	1
L. McCarthy, lf	5	1	1	3	0	0
R. Gainor, rf	5	1	2	3	1	1
Totals	48	13	16	27	10	8

Maple Leafs:	AB	R	H	PO	A	E
K. Rowland, 2b	6	1	3	2	1	1
E. Gates, 3b	6	1	1	3	0	1

FIGHTS LAST NIGHT

Pittsburgh. — Jimmy Thomas, of Pittsburgh, outpointed Art Giroux, Montreal (10); Johnny Datto, of Cleveland, outpointed Jimmy Dean, Erie, Pa. (10).

Chicago. — Young Stuhley, Kewanee, Ill., outpointed Ray Tramblie, Rockford, Ill. (10).

New York.—Benny Leonard, New York, outpointed Mike Sarko, New York (6).

Philadelphia. — Benny Bass, of Philadelphia, outpointed Tony Falco Philadelphia (10); Eddie Coo, Tacony, Pa., outpointed Joey Costa, New York (8).

YESTERDAY'S STARS

Ben Chapman and Bill Dickey, Yankees— Former clouted triple, latter a homer to give Yanks five runs against Indians in the 12th.

Paul Waner, Pirates — His homer with one on helped beat Phillies.

Bob Grove, Athletics— Stopped Tigers 7-1, with nine scattered hits.

Joe Kuhel, Senators — Accounted for four runs against White Sox with double, single and long fly.

Johnny Frederick, Dodgers— His pinch homer with one on in ninth beat Cubs.

Chicago's National Loop Lead Reduced

Hardening Up For Maxie

Preparing for his forthcoming bout with Max Schmeling, former world's champion, Mickey Walker, better known as the "Toy Bulldog," is shown in a hard workout at his training camp in Summit, N.J. Mickey seems to be satisfied to take one on the chin in order to get in close to his sparring partner. His bout with Schmeling will take place September 19 at the Garden Bowl, Long Island City, and charity will benefit.

JOHNNY FISCHER OF CINCINNATI LEADS U.S. AMATEUR GOLF FIELD

20 Year Old Champ Two Shots in Front With a 69, One Under Par.

JACK WESTLAND SECOND.

BALTIMORE, Md., Sept. 13 (CP) —The United States amateur golf championship to-day appeared even more a youngster's show than it was a year ago, with eight newcomers, paced by Johnny Fischer of Cincinnati, among the first dozen leaders as the big event moved into the second 18-hold qualifying round.

Fischer, the 20-year-old United States' intercollegiate champion, was two shots in front with a 69, one under par, as the 154 starters opened their final drive over Five Farms' course for the 32 qualifying positions in Wednesday's match play.

Westland is Second

Close behind came Jack Westland of Chicago, runner-up in the 1931 tournament, with a 71, while five players had 72's—Bill Blaney of West Newton, Mass.; the veteran George Voigt of New York; D. W. Armstrong of Lancaster, Pa.; Johnny Goodman of Omaha, and 19-year-old Charles Yates of Atlanta. A number of players making their debut in the tourney were grouped among those with 73's, including the former Canadian champion, Ross Somerville, of London, Ont.

Nichol Thompson Jr. of Toronto, the only other Canadian in the field, toured the layout in 79.

With 47 players having scores of 76 or better, there was the prospect of a two or three-way tie for the medal, as was the case last year, and that 152 of 153 might be the border line score for participation in the match play.

In Precarious Positions

Many of the well-advertised stars, including champion Francis Ouimet of Boston, who had 78; half of the United States and virtually all of the British Walker Cup members, as well as four of the seven former champions entered, were in precarious positions.

The failure of the British stars about exploded the threat from abroad, although Cyril Tolley of England was up close with a 74; John DeForest, the British champion, was back with 78, while Tony Torrance had 80.

Babe's Record

Babe Ruth of the Yankees is getting ready for his ninth world series. Here is his batting record in previous series:

	AB	R.	H.	Ave.
1915—Boston	1	0	0	.000
1916—Boston	5	0	0	.000
1918—Boston	5	0	1	.200
1921—New York	16	3	5	.313
1922—New York	17	1	2	.118
1923—New York	19	8	7	.368
1926—New York	20	6	6	.300
1927—New York	15	4	6	.400
1928—New York	16	9	10	.625
Totals	114	31	37	.325

Rudolph Nadbath of Cleveland is climbing up in pugilistic circles—last year he returned with the featherweight championship of Camp Knox, this year with the lightweight title.

Our Boarding House - - - - - - - - - - - - - By Ahern

DODGERS BEAT LEADERS 4 TO 3 NATIONAL RACE

While Pirates Trim Phillies 4-2 in League's Only Other Game.

YANKS ALSO WIN.

Victory To-day For New Yorkers Will Give Them American League Pennant.

(By Gayle Talbot, A.P. Sports Writer.)

The opposition willing, to-day promised to bring the end of the long, dusty trail Manager Joe McCarthy and his Yankees have trod on the way to Pennantville.

A victory over the Cleveland Indians to-day and the Yanks are "in," regardless of what their closest rivals, Philadelphia and Washington, do in their respective tussles with Detroit and Chicago.

Or, failing in that course, the Ruppert Rifles can lost and still sew up the American League flag, providing the Athletics and Senators also are taken for a couple of falls in the West. In other words, it's about over in the junior circuit, and from here on the fans can give the race in the National League their undivided attention.

The Yanks assured themselves at least a tie by yesterday's 12-inning triumph over Cleveland, 8 to 3. They scored five times after two were out in the last inning. Ben Chapman registering a triple with the bases filled and Bill Dickey coming right behind with a home run into the distant right field pavilion.

Dickey's smash was the first hit by a visiting player into the stands of the new Cleveland park, just another record credited to McCarthy's gang of sluggers.

If the Yankees do close the books to-day, incidentally, they will present their manager with a record as his very own. He will become the first man to pilot a pennant winner in each major league. His previous success was with the Chicago Cubs, whom he now stands a good chance of meeting in the world series.

Washington scored its ninth straight victory, defeating Chicago, 9 to 3, as General Alvin Crowder pitched shutout ball until the ninth inning.

23rd Win for Grove

With Lefty Grove in fine fettle, the Athletics had little difficulty thumping Detroit, 7 to 1. It was the 23rd victory for the great southpaw.

The Brooklyn Dodgers gave no aid and comfort to the Cubs' cause in the National League when they beat the leaders, 4 to 3. The setback reduced Chicago's lead to five games over the Pittsburgh Pirates, who were trimming the Phillies, 4 to 2, in the league's only other engagement.

Johnny Frederick, who retired from strenuous competition to sit on the bench and every now and then hit a home run when Manager Max Carey asked him to, beat the Cubs all by himself in the ninth inning. Glenn Wright was on base, the Cubs were a run ahead, so he smacked one of Burleigh Grimes' offerings against the right field screen to settle the argument. It was Frederick's sixth home run as a pinch hitter this season, beating the old record by three.

Paul Waner's home run in the first inning with his brother, Lloyd, on base, helped the Pirates make a clean sweep of their three-game series with the Phillies. Bill Swift went the route for the Bucs.

Cold Shoulder For Cleveland Battler

Sharkey and Schmeling Look the Other Way When Risko Bobs in Sight.

Danny Dunn, manager of Johnny Risko, was right when he said, "No matter whether Risko beats the entire bunch of heavies they will not give him a chance against Max Schmeling nor Jack Sharkey."

Risko went down the line beating the best of the promising heavies, including Mickey Walker, but the announcement comes just the same that Mickey has been matched with Schmeling at Madison Square Garden bowl, New York, for September 19th, the winner with Sharkey later for a title battle. The distance will be the marathon route of fifteen rounds.

Just why the moguls pass up Risko when he has shown such splendid form is hard to explain, unless it is that all of them have the greatest respect for the fighting ability of the "Baker Boy." There was no doubt about Risko winning over Walker recently after he had also beaten Tuffy Griffiths, but Doc Kearns played his cards to perfection and landed the match that Risko was so anxious to get.

Primo Carnera, the Italian giant, had figured as having a look in at the title himself, but his recent defeats in the east have not helped his cause, although in the case of Stanley Poreda, the Jersey Polish heavy, the boxing commission took a hand and reprimanded the referee for what they termed a very bad verdict. Carnera is still a young man and has been learning a lot of boxing the past year. He may yet fool some of the wise ones by coming along for better things in the heavy division.

Buffalo Bisons Awarded $1,000 Prize As "Best Hustling" Team In The Loop

NEW YORK, Sept. 13.—(C.P.) The Buffalo Bisons have earned official recognition as the International League's "best hustling" team this year. With the honor goes a cash award of $1,000 which will be presented to the Bisons later this week.

The award was authorized last spring by the league directors who decided that an annual award to the club showing the most hustle might go far toward making the league's games more attractive from a spectator's viewpoint.

This year's balloting developed only three contenders for the honor. Secretary William Manley announced Buffalo, the champion Newark Bears and the Albany Senators. Of the 16 votes cast by the eight club presidents and the official scorers in each of the eight league cities. Buffalo received eight Newark and Albany split the other eight votes evenly.

The balloting was based on five major points: First, general all-around hustle of team; second, appearance of team; third, hustle and "pepper" shown by coaches; fourth, speed of the players in changing positions between innings; and fifth, general attitude of managers in not delaying the game and in changing pitchers and other players.

NEWCOMERS, OLD-TIMERS VIE FOR HONORS IN WORLD SERIES

Cubs' Pitcher Has Never Even Seen a Series Final — But "Babe" Ruth for Yanks Has Played in Nine.

NO ROOM FOR ANY ALIBIS

(By John Landis, Special to The Examiner.)

NEW YORK, Sept. 13. — This year's world series gives promise of being somewhat like a reunion of old-timers, so far as the principals are concerned. Almost all of the players involved have been in one or more of the big autumn baseball classics of the past. One thing is certain: sports writers won't be able to resort to the old alibi about one team or another being nervous over the importance of the affair.

Notwithstanding, the impending event will probably develop into a fight of youths to whom it is all new stuff. Take it for granted that the Cubs and Yanks are involved, for instance. Just take a look at them. Lon Warneke, the Cub pitcher, is past the 20 mark in victories. Yet he has never witnessed a world series, let alone playing in one. Then there's Vernon Gomez, the Yanks' sharpshooting portsider, who is also in the 20 class as a winner. He is equally a novice in post-season activities. So is Johnny Allen. But he's liable to make a name for himself before the series closes.

The daddy of the crowd in series play is still Herman Babe Ruth, the Yanks' right fielder. He has been in so many of them that it's doubtful whether even he can name the number of years.

Ninth for Babe Ruth

Babe got the world series habit back in 1915 at Boston. He still had it in 1916 and 1918. He wasn't much of a hitter. When he went to the Yanks in 1920 he continued the habit. In 1921 he participated in three in a row. Another series of three came in 1926, 1927 and 1928. Now he faces his ninth appearance.

While Ruth is notable for his persistency in world series events, his consistency is no less remarkable. As a pitcher in the October event he was a winner, and as a hitter he was stopped in only one of the six. That was in 1922 when the Giant pitchers hung him up to dry with a .118 average. He played as an outfielder in the other five, and never fell beloiw the .300 mark.

Cub's Team Changes

There's quiet a representative list of survivors of the Cubs' team, though it has changed considerably since it met the Athletics in 1929. Riggs Stephenson and Kiki Cuyler are still there. Hack Wilson, whose famous muff of a fly ball in the ten-run inning of the fourth game, will long be remembered, is now replaced by Johnny Moore.

Half of the 1929 infield remains—Manager Grimm at first base and English at third, although he played short in the series. Rogers Hornsby and Norman McMillan, third basemen, have left. Billy Herman, now at second, hasn't played in series events. Although Mark Koenig has never played for the Cubs, series play is old stuff for him. He was with the Yanks in 1926, 1927 and 1928.

Sewell is an Old-Timer

Joie Sewell, now regular third baseman for the Yanks, has seen activities before, but quite a while back. He was hastily summoned to Cleveland from New Orleans in 1920 when Ray Chapman, the Indians' short-stop, was killed by one of Carl Mays' pitches. Lou Gehrig and Tony Lazzeri are old-timers, having played in the 1926, 1927 and 1928 events. Earl Combs, who was centre in those days is still there. Ben Chapman has taken the place of Bob Meusel. But world series freshmen include Lary and Croseti, the two Yank shortstops.

Herb Pennock may get into action again. If he does, it will be just another world series for him. He's been in five already—four with the Yanks and one with the Athletics back in 1914. George Pipgras, who will likely line up this year, was active in 1927 and 1928. Charley Ruffing, who may appear for New York, and Bill Dickey, Yanks' catcher, have still to be initiated into world series mysteries.

Mark's Mark

Here is the major league batting record of Mark Koenig, now starring with the Cubs after his rescue from the minors:

	AB.	R.	H.	Avg.
1925—New York*	110	14	23	.206
1926—New York	617	93	167	.271
1927—New York	526	99	150	.285
1928—New York	533	89	170	.319
1929—New York	373	44	109	.292
1930—New York-Detroit	341	46	81	.238
1931—Detroit	364	33	92	.253
	2864	418	792	.278

World Series

	AB.	R.	H.	Avg.
1926—New York	32	2	4	.125
1927—New York	18	5	9	.500
1928—New York	19	1	3	.158
Totals	69	8	16	.232

Three Toronto Rinks Lead L.B.A. Tourney

TORONTO, Sept. 13 (C.P.).—With another set of games carded for today, preliminary rounds of the Ontario Lawn Bowling Association's second annual "Carnival Week" show a trio of Toronto rinks and an Ottawa rink as the leaders. After the first day's competition, Glebe Manor, St. Matthew's and Moore Park, all of Toronto, and an Ottawa rink are credited with two straight wins apiece.

Two sets of games, each of 21 ends, were run off yesterday, with four groupings of four rinks each, seeing action. From this tourney will emerge the winners of the Premier George S. Henry trophy and several sets of individual rink prizes.

BISONS GAIN SECOND PLACE FROM ORIOLES

Herd Scores 7-3 Win Over Toronto While Baltimore Falls to Bears.

AL MAMAUX HONORED.

(By The Associated Press)

The Buffalo Bisons have displaced Baltimore from the second rung in the International League standings, and Ray Schalk's boys are playing the kind of ball that may keep them there right up until the season ends on Sunday.

The Bisons' climb into second position last night came as a result of their fifth successive victory, over Toronto, 7—3, and Baltimore's defeat at the hands of the champion Newark Bears, 11-4. The two second place contenders have lost the same number of games, 72, but Buffalo, with 89 victories, has won one more game than the Orioles.

They decided their contest with the hapless Maple Leafs of Toronto by scoring six runs in the sixth inning. Coasting along behind that lead, Joe Bartulis had few uneasy moments, although he staggered a bit in the ninth when the Leafs counted twice.

Bartulis gave only six hits, three of which came in the ninth.

Newark Honors Mamaux

Seven thousand five hundred fans turned out at Newark to pay honor to Manager Al Mamaux who guided the Bears into their first International League pennant since 1913. And as though determined that nothing should mar the occasion, the Bears hammered Foreman and Smythe for 16 *hits and an easy victory. Mamaux himself started on the mound for Newark. He allowed the Orioles only two singles in the first two frames, but retired in the seventh after two errors and three hits had given Baltimore four runs. Jim Weaver finished the game. Bob Rolfe collected four of Newark's hits, a double and three singles.

Royals Fall 11—2

Montreal lost an excellent chance to move closer to third place by dropping an 11-2 decision to the Rochester Red Wings. The Royals hold fourth place, 2½ games behind third place Baltimore. Leo Mangum, Montreal ace, had pitched nine successive complete games until he ran into the Red Wings yesterday. They battered him out of the box with a five-run attack in the first inning. Parham drove in four runs with a home run, triple and single.

Albany pounded Jersey City pitching for 11 hits and won an 11-4 decision.

Two former Texans, now both St. Louis Cardinals—Bill Hallahan and Dizzy Dean—have been fighting for the National League strikeout lead this summer.

Wendell A. Culver, who has been signed by the Chicago Cardinals of the National pro football league, was a quarterback at Doane (Neb.) College, though 6 feet 2½ inches tall and weighing 200 pounds.

SCREEN ODDITIES

by Captain Roscoe Fawcett

When Harold Lloyd reached the age of eighteen, during the time he was on the stage before entering pictures, he was at the point where he was too old to continue playing child roles and too young for juvenile characterizations. To bridge this gap he became a character actor, portraying aged men in a variety of characterizations.

• • • • • • •

Starring contracts invariably include "morality clauses," inserted by the studio and intended to regulate the behavior of players in their private lives. Loss of time and financial loss which may result through players falling into disrepute after scandal-creating behavior caused the custom to be started many years ago. Few stars have successfully refused to sign contracts containing the clauses, Constance Bennett being a notable exception.

• • • • • • •

Ruth Chatterton, when in Hollywood, usually lives in her bungalow on the studio lot even between pictures. The studio bungalows in which stars dress, apply their makeup, dine and rest between scenes, are elaborate affairs offering every comfort and convenience of a home. It has long been Miss Chatterton's practice to live at the studio while filming a picture, but for some time she has continued living there after the film was completed.

Another Twin Bill In Indoor League

Daily Stars and Red and White Stores meet in the men's softball game at 7.15 in the Brock to-night, followed by Maple Leafs and Westclox of the girls' section at 8.45. Both Stars and Red and Whites who were bitter rivals in the City League this year, have showed from the start of the indoor loop that they will make a strong bid for the title, and to-night's contest will give fans an idea of the approximate chances of these outfits.

Fresh from a tough play-off series with Keene, the Leaf girls will be slight favorites to trim Wesclox, but it is anybody's game between these evenly-matched teams, and each has a good following. With the low admission charged and the class of softball dished up by these four teams, men's and girls', the fans will likely be out in goodly numbers this evening.

CADD'S MARKER UNDER DISPUTE

Brintons Claim Marksman Stepped Inside Crease and Hit Goalie on Arm.

FINAL SCORE 6-5.

Brintons and Orde's, of the City Lacrosse League, met last night in the Brock and battled it out to a disputed 6-all draw. According to the Brinton team, the score should have been 6-5 for them. The disputed point was Cadd's carrying the ball in close to shoot. The pellet lodged between Goalie LeBarr's arm. Cadd, according to the Brintons then stopped inside the crease and hit the goalie's arm and the ball dropped into the goal.

The goal umpire would not raise his hand, because of the goal crease rule, but the referee ruled the goal scored was legal. Considerable arguing occurred at this point. It wast a fast, close game all the way, both sides giving all they had and keeping the pace up. The Brinton goals were counted by Hatton 2, R. Creighton 1, E. Creighton 1, Reynolds 1, and Rothwell 1, Cadd, who starred for Orde's, accounted for three goals, Ellis, Mein, and Gardner getting one each. The teams:

Brintons—Goal, LeBarr; defence, Reynolds and Creighton; rover, Staunt; centre, E. Creighton; wings Hatton and Rothwell; subs., Miller, Howarth and Collins.

Orde's — Goal, Meyette; defence, Hutchison and Howe; rover, Mein; centre, McLeish; wings, Cadd and Gardner; subs., Dallin and Ellis.

The referee, managers, and some of the league executive got together this morning and discussed the point in doubt, and ended by awarding the contest to Brintons, 6 to 5, to everyone's satisfaction.!

SOCCER MATCHES FOR SATURDAY

Deloro Plays Packers in City Next Saturday, While Scots Go to Port Hope.

A special meeting of the Peterborough and District Football Association was held last night in the Chamber of Commerce Rooms. General business was transacted, and the games scheduled for Saturday as follows:

Deloro will play Packers in a league game on King Edward Park Kick-off at three o'clock. Referee, Jack Clark.

Caledonians go to Port Hope to play the Lakeshore eleven in league match. They are on daylight saving time, and the Scots will have to arrange the kick-off accordingly.

The final of the Peck Cup will be played the following Saturday when the C.G.E. and Packers meet. Official will be chosen next week.

THEATRES

AT THE CAPITOL

"BRING 'EM BACK ALIVE."

This is one of the most sensational and graphic of the many wild animal pictures that have come into prominence of late years, in the moving picture world. It has a quality of stark reality about it that makes it quite outstanding.

Frank Buck, the man who brings 'em back alive, and never uses a gun except in self-defence, does a little explaining as the picture unrolls itself, and it has also that irritating background, in several of the major episodes, of music that tends to lend an artificial touch to what must have been thrilling and death-defying exploits on the part of the camera men. Movie magazines explain that much of this camera work is safe, as it is done from a distance, but it looks quite unnerving enough, to the casual spectator.

The fights in which the tiger figures are among the most spectacular of the scenes. The big striped cat with the slit eyes shows courage when he goes back again to battle with the huge python, and it looks as if the cat has the worst of it, for long minutes while the snake winds its thick folds about the tiger's body.

Then the tiger and the black leopard, with their coughing snarls, fight to a draw; the leopard and the python mix it up quite startlingly, and the water buffalo, that animal that is said to be able to vanquish any tiger, defends its herd, in another thrilling episode.

The comedy relief to these startling scenes, filmed in the Malaysian jungle, is afforded by the cunning little honey bear that comes off best, strangely enough, in an encounter with a snake; the baby elephant that gets lost and is captured by the hunters, and the silver griffon, Percy, that does a cute tight-rope act every time the men bring back a new specimen.

Running for three days at the Capitol, "Bring 'Em Back Alive" is a thrilling and educational picture that brings that strange jungle life to our very doors.

—Jeanette.

Getting Set For "Bulldog"

Training assiduously for his forthcoming bout with Mickey Walker, Max Schmeling, former heavyweight champion of the world, is shown in a spirited workout with one of his sparring partners at Speculator, N.Y. The German Schlager, who was toppled from the heavyweight throne by Jack Sharkey, is confident he can whip the "Toy Bulldog" as the first step toward regaining his lost crown. The bout is scheduled to take place at Long Island City, September 19.

SPORTS Day by Day

Baseball — Softball — Lacrosse
Boxing — Wrestling — Acquatic

(BY C. J. P.)

Two indoor softball games are billed for to-night at the Brock. Red and Whites and the Daily Stars meet in the men's fixture at 7.15, followed at 8.45 by the gals' teams, Westclox and Maple Leafs. These teams are well-matched and quite strong, having the best softball players in the city on their lineups, so to-night's two tussles should be good.

• • • • • • •

The Keene damsels waltzed off with their second title in two years last night, winning the fourth game of the Girls' Softball League play-offs from Maple Leafs. They won three and tied the other contest, so certainly deserve the championship and the Bond Trophy. The league has just been operating two seasons, with the same outfit copping the duke both times. They have a smart team and are worthy champs. Here's "how" to you, Manager Fletcher and players!

• • • • • • •

Maple Leafs certainly battled hard last night and had tough luck losing out, 13-12, in the ninth inning. While the game about two and a half miles from being a softball classic, some terribly sloppy fielding being dished up, yet it was close and plenty exciting. A big crowd took it in and went home talking in whispers, or close to it.

• • • • • • •

There are practically no difference shown in the play of both squads of girls last night. And at no time did either side, no matter how they were trailing, show the slightest sign of curling up. No, sir, they kept hammering away till the very end, and what an end! The tying and winning runs were on the runways for Maple Leafs after Keene had eased ahead in their half of the ninth. But Roberta Gainor, Keene right fielder, squeezed that million-dollar ball popped out to her, and that was that.

• • • • • • •

While the outfielders on both teams roped in a flock of nifty catches, they were very careless of their throws and let in several runs that way. And each side got a bunch of cheap hits of the scratchest variety. Still it was a great tussle, and both sides gave their opponents a rah-rah-rah at the end.

• • • • • • •

Children's Day at the Ex. here will see a number of racing events for the youngsters from eight years to eighteen, with good prizes up. Each race draws a first, second and third prize, while individual team prizes go to the first and second teams in the relay runs. The bicycle race for racers up to eighteen years, is over a mile course, with three good prizes, and this ought to draw a big entry list.

• • • • • • •

The harness horse races open at the Exhibition on Thursday, and continue Friday and Saturday afternoons. The first day will see the 2.26 and 2.18 hosses doing their stuff, with the 2.25 and 2.16 class performing the following day, and Saturday bringing out the 2.22 and 2.14 trotters and pacers. A good entry list from all over the district is expected, with nice purses being offered.

• • • • • • •

This town was represented in the annual Ontario Caddie Championship held last Saturday on the Royal York Golf Course, Toronto. More than fifty boys, all sixteen or under, participated. They had an 18-hole match in the a.m., the two boys turning in the lowest scores to have a match play in the afternoon. Jack O'Donoghue, of Peterborough tied with Andy Dudley of Brantford with a score of 82. Dudley won out in the afternoon, and the local lad took second prize, a thirty-dollar set of Bobby Jones' clubs.

• • • • • • •

It seems that the ball game we spoke of as the final one lately between Alderville and Curve Lake, which Curve Lake won 10-9, was just the fourth of a five-game series. Both teams have now taken two contests, and a fifth one will be played shortly. The Alderville outfit captured the first and second tussles, but dropped the last two.

• • • • • • •

Another dispute marked the local lacrosse game last night which first ended 6-6 between Brintons and Orde's. The Brinton management claimed the deciding goal was dropped into the net when the opposing player stepped inside the goal-crease to bat it away from the goalie. It was threshed out today and settled as a 6-5 victory for Brintons. We didn't see the game, so cannot say anything on the matter. At anyrate, it must have been quite a game.

• • • • • • •

The Central Ontario bowling tournament opens here at 1.30 tomorrow afternoon, with the best bowlers in this part of the province competing in three events, rings, doubles and singles. The local representatives are: Rink—Herb Martin, Geo. Coleman, Sr., Geo. Gimblett and Skip Jack Mayneord; doubles—Ernie Wall and Stan Lowe; single—Joe Bennett.

ADVERTISE IN THE DAILY EXAMINER

Bowling Notes

Joe Bennett won the singles for the Central Ontario club competitions on the local greens last night, and will represent Peterborough in this play in the big annual tournament opening here to-morrow. He defeated Harold Coleman, the runner-up, and has played a consistently fine game throughout the eliminations for this event.

The doubles to represent Peterborough in the Central Ontario tourney are Stan Lowe and Ernie Wall; while the local rink consists of Herb. Martin, George Coleman, Sr., George Gimblett and Skip Jack Mayenord. Club representatives, seven in each, from all over this part of the province will compete in the three competitions here to-morrow afternoon and evening, starting at 1.30 p.m.

The club doubles, postponed from Aug. 25th, will be held this evening at 7.30 and must be played as follows, or defaulted:

H. Martin vs. Chesler on 15; Seymour vs. E. Taylor on 16; Nichols vs. R. F. Downey on 17; Hutchinson vs. Ross on 18; Freeman vs. Barton on 14; Ringer vs. Dr. Fulford on 11; F. Brown vs. Tully on 2; R. Coleman vs. J. E. Smith on 3; D. Smith vs. Howden on 4; Mayneord vs. Gillies on 5; Chenhall vs. J. T. Braund on 6; S. Lowe vs. Sedgewick on 7; L. Loftus vs. H. Clegg on 8.

Eighteen rinks took part in the Lindsay annual doubles tournament yesterday, the two Peterborough rinks winning two of the three prizes. George Gimblett and C. Williamson captured first prize with three wins and a plus of 36. A Lindsay rink was second, and Walter Oke and Herb. Martin won third place with two games and a plus of 4. The play was close and classy throughout.

Lalonde To Coach Canadiens' Squad

MONTREAL, Sept. 13. — E. C. "Newsy" Lalonde will be coach of the Flying Frenchmen. Rumors to that effect had been in circulation for some weeks, but definite word was not forthcoming until Leo Dandurand, managing director of the Canadiens Hockey Club, made the announcement yesterday. Within the next few days Dandurand leaves for St. Louis to look after his racing interests at Fairmount Park, and for the next month Lalonde will have sole charge of preparations for the coming season.

Lalonde is himself a former Canadian star, and is one of the most popular figures in hockey. He was coach last year of the Providence Reds who won the Canadien-American League championship. Previously he was coach of the Ottawa Senators.

TERRY TO LEAD GIANTS IN 1933

Given Two Year Contract and Will Reorganize Team for Next Year.

YOUNGEST MANAGER.

NEW YORK, Sept. 13.—"Memphis" Bill Terry, who succeeded John J. McGraw as manager of the New York Giants in June, was signed yesterday to continue as player-pilot of the Bronx outfit for two more years.

In announcing Terry's re-appointment, Club-President Charles A. Stoneham confirmed the United Press statement of Aug. 25 that the slugging first baseman would be re-signed.

Stoneham made no mention of Terry's salary, but it is understood to be about $25,000, with a bonus at the end of 1933 and an increase in 1934 if the Giants finish well up in first division next season.

Will Reorganize Team

Terry said he would reorganize the team next year into a "much more formidable organization." He said he colud not announce definite plans at this time because the season was not finished.

However, it is understood in baseball circles that Bill will shake up the whole team. There is the possibility that only two members of the present line-up will remain in 1933—Mell Ott and Pitcher Jim Mooney. Terry was particularly disappointed in the failure of his pitching staff this season, and the slump of many of the club's most dependable players.

While reliable sources had understood for some time that Terry would continue as pilot, the rumormongers had been broaching everyone from the Mahatma Gandhi down to Frankie Frisch and Freddy Lindstrom as probably successors to Terry.

Stoneham's announcement, at least, brings to an end this pleasant pastime.

Young Manager

Terry, 33, is one of the youngest managers in major league baseball. He shares that honor with Charley Grimm, player-manager of the Chicago Cubs, who is the same age.

In 1930, Bill won the National League batting championship with an average of .401, but in 1931, Chick Hafey nosed him out for the title by the narrow margin of .3489 to .3486. This year Terry has fallen off somewhat in hitting with a mark of .333.

Terry is not only a good ball player. He is a shrewd and successful business man. During the Winter he lends personal supervision to his thriving oil business in Memphis and his friends admit that Mr. Terry is amassing a comfortable fortune for himself through baseball and oil.

Australian pines—19,000 of them—form a fence around the Hialeah Park race track at Miami, Fla.

Maritime Tennis Star Not In 1932 Finals

The Maritime tennis fans were disappointed when John D. Babbitt, returned this summer to his home in Fredericton, N.B., after graduating with first class honors in Physics from Oxford University, which he attended as Rhodes Scholar for New Brunswick for 1929 and announced he would not be in the tennis finals this year. Babbitt rose to the top of the Maritime Tennis stars by winning the men's singles' title of the three provinces by the sea in 1930, at Rothesay, N. B., when he defeated LeRoi Rennie, of Toronto, who had just won the Nova Scotia title, by the scores of 6-2, 6-3, 3-6, 5-7, 6-1. At that time the Fredericton man was home after completing his first year at Oxford, and since he was not present to defend his title at the Provincial or Maritime meet last year, may be regarded as an undefeated champion. Although winning high scholastic honors at Oxford, he has kept his hand in during the past two years by playing considerable tennis both in England and on Continental courts.

Jack's distinctions are not confined to the one form of athletics. English Rugby, the leading football game of the Maritimes, baseball, and basketball, he took a leading part in all three during his years at Fredericton High School and the University of New Brunswick. Misfortune came his way in the shape of wrenched knees. He kept playing. In his sophomore year at the University, he was carried off the field during an exhibition gameof rugger, and was out of sports for the season. Next year he was on the playing field again, a steel brace supporting one knee; a tight bandage the other. Appearing only in the important games, he climaxed the year by winning the final game for the MacTier Trophy at Montreal in 1927 against the Vickers XV with a forty-five drop-kick in the closing minutes of play. Still sustained by bandages and braces, he henceforth concentrated on the sports of rugger and tennis, although he did take time off at Oxford to figure prominently as a forward on the hockey team.

COBOURG, Sept. 13.—Castleton girls' softball team by winning from Warkworth in the second game of the play-offs have captured the trophy presented by W. A. Fraser, M.P., in East Northumberland League.

COMING

HUGE

ANIMATED MODEL

WHAT YOU SEE

The largest panorama model in the world. Covers floor space of 1,767 square feet, over 700 animated statues performing the great drama of the Saviour's life on earth. Beautiful illumination, glorious music. It is simply a creation of arresting interest, a combination of art, history and mechanism.

TOO WONDERFUL FOR WORDS

GANCI BROS.

THE LAND OF PALESTINE

AT YOUR OWN DOORS

SEE IT BEFORE IT GOES TO WASHINGTON MUSEUM

Tour through Palestine, see the places where the Great Master labored and died. Nothing like it has ever been seen here before—and probably never will be again.

Starts FRIDAY SEPTEMBER . 16

At CURLING RINK CHARLOTTE ST.

BURGESS BEDTIME STORIES

PETER AND SHORT-TAIL BECOME FRIENDS

Who speaks a gentle, kindly word
And does it in a pleasant way
Will find ill-temper vanishing.
Like mist when comes a sunny day.

Now, when Peter Rabbit was so polite, and spoke in such a pleasant way, and said he hoped they might become acquainted, what could Short-Tail the Shrew do but say he hoped so too? He didn't say it very pleasantly, for he had not quite got over being a bit angry at being taken for a member of the Mole family. You know, any one with any pride at all dislikes to be taken for anybody but himself. And if the truth is to be told, Short-Tail the Shrew felt that his own family was just a wee bit above the family of Miner the Mole. So, Short-Tail the Shrew had resented being taken for a Mole.

But no one could be angry with Peter Rabbit for very long. Besides he had looked so funny when he had discovered his mistake that Short-Tail had wanted to laugh in spite of his resentment.

"There isn't any reason that I know of why we shouldn't become acquainted," said Short-Tail, in his high, sharp squeaky voice. "As I told you before, I am pretty well acquainted with you already. If you want to get acquainted with me, and learn a little that you don't know come around and see me once in a while."

"I'll come," declared Peter. "I'll come often. Where did you say your home is?"

"I didn't say," grinned Short-Tail. "What is more, I don't intend to say. Some folks may feel so safe in their homes where they are, but the fewer know where my home is the better pleased I'll be."

Peter looked as he felt—disappointed. "But if you won't tell me where you live, how am I going to find you?" he protested.

"Oh, you'll find me around if you use your eyes," replied Short-Tail. "Speaking of eyes, I don't like so much light, so you'll have to excuse me if I get back under that old log."

Saying this, Short-Tail darted back under the log. "Will I find you under this log when I call tomorrow?" asked Peter.

"Don't know. Can't say. Maybe. Maybe not. Never know where I am going to be another day. May be in Hooty the Owl's stomach. Ha, ha, ha!" All this was said jerkily, and in that funny squeaky voice.

"Don't joke like that, because it might come true, and that would be dreadful," said Peter. "If you are not here where may I look for you?"

"Oh, you'll find me around if you use your eyes," replied Short-Tail.

"Look where you please. Ha, ha, look where you please," retorted the funny little fellow under the log. Then as Peter looked hurt, he hastened to add, "if you use your eyes, Peter Rabbit, you'll see my private little paths, and if you follow these, very likely we'll meet somewhere. Now, please excuse me because I am half starved. I haven't had a mouthful since we began to talk, and it certainly does make a fellow hungry to go without food so long."

Peter caught a glimpse of a little form disappearing among the leaves. He looked up at Happy Jack Squirrel with a puzzled look on his face. "He spoke as if he meant that he was half starved, yet it is only a few minutes since we met," said he. "How could anyone get hungry in such a few minutes?"

"You don't know the Shrew family, Peter," replied Happy Jack. "I never have seen such eaters as they are."

DEATH SHIP'S BOILER LEAKED

NEW YORK—Victor R. Michaelson, former fireman on the steam boat Observation, which exploded in the East River Friday with a loss of 43 lives, stated to the Boat Inspection Service that the Observation's boiler had been leaking for several months, sometimes so badly that it spilled over the ashpan into the firercom.

Practically all trade has ceased in some outlying areas of Manchuria.

Return To Canada For Honeymoon

BRITISH PEER HERE WITH CANADIAN BRIDE

Lord and Lady Waleran, shown ABOVE, are visiting Canada on a deferred honeymoon, having been married last November. Her ladyship is Canadian-born, formerly Miss Mackadder of Montreal.

What To-Day Means To You

"VIRGO"

If September 13th is your birthday, the best hours for you on this date are from 7.15 a.m. to 9.30 a.m., from 2.10 p.m. to 4.05 p.m., and from 8 p.m. to 9.45 p.m. The danger periods are from 10 a.m. to noon, and from 5 p.m. to 6.15 p.m.

September 13th does not threaten any untoward features, in spite of the bad luck attributed to the thirteenth. On the contrary, the Stars foretell a day exceptionally full of agreeable surprises. Influences will be at work which will engender a spirit of optimism, and a will to bend circumstances and conditions to your personal advantage.

Children born on this September 13th will be bright, attractive youngsters and will develop, as the years go by, into clean-cut men and women. The future holds no spectacular rewards in store for them. They are assured, however, successful careers, and useful ones, and their resiliency will enable them to withstand the disappointments that life always brings in its wake.

Born on September 13th, you have no reason to complain of the cards dealt you, and failure will be your portion only if you fail to play them intelligently. You are endowed with a degree of intelligence far above the average; you possess a strong and an attractive personality; your disposition is tolerant and kind. These gifts of nature, rightly used, spell success as well as happiness. If you have not secured either the one or the others, the reason lies in the fact that you trade on, and do not exploit, your talents.

You are disposed to be indolent, and too careless of detail; you forget that "many mickles make a muckle;" you leave too much to others, and do too little yourself. On the other hand, it cannot be gainsaid that, once you are faced with a knotty problem, you never leave it until the solution is found. Your efforts are spasdomic and not continuous. Thought persistency is evident; persistency in action is frequently lacking.

You are quite emotional, and although you endeavor to suppress display, the efforts you make are not successful; any one of your intimates can tell what and how you feel. As a marriage-partner, you will be in every sense of the word, desirable, as the intimacy of the connubial state will soon reveal to your partner the charm of your character, and the capacity of your love.

Norwood

Mr. Eric Kempster set sail for England where he will remain for a couple of months.

Mr. and Mrs. Patterson, of Peterborough, were the guests of Mr. and Mrs. F. Pearce.

Misses Gena McNeely, Georgina Beavis, Marguerite Webster and Mr. Dewart McNeely, ex-students of the Norwood High School, left yesterday to attend the Peterborough Normal School. Their many fellow-students and friends wish them every success.

Mr. A. G. McDermitt, who has been manager of the Canadian Bank of Commerce here for a number of years, left Thursday to take charge of the bank's branch at Port Credit. The best wishes of a host of friends go with Mr. and Mrs. McDermitt to their new home.

The morning service of St. Andrew's Presbyterian Church, which has been held at ten o'clock for the past six weeks, will change to the regular hour, ten-thirty, beginning Sunday, September 18. At the close of this service sacrament will be dispensed.

The Sunday School, which has been meeting after the morning service during the holidays, will also change to the regular hour, 2.30 p.m.

VETERANS TO AID VON HINDENBURG

Demand President Quit Talking And Act In Reichstag Crisis.

HITLER READY.

BERLIN, Sept. 13 (C.P.)—The support of Germany's organized war veterans, through the executive committee of the Stahlhelm (steel helmet) was offered to President Von Hindenburg yesterday as the government girded for its battle with Adolf Hitler and his allies in the Reichstag, which was scheduled to meet at 3 p.m.

The past 14 years have proved that an independent, responsible government cannot be obtained by elections, the veterans' statement to the president said. Therefore, away with effete parliamentarianism! We demand that this government march forward and act, not talk. In this way it will gain the confidence of the whole nation.

While Chancellor Von Papen planned to lay before the Reichstag his complete programme, including the far-reaching plan for economic rehabilitation and re-employment of millions of jobless, Hitler, his chief opponent, was leaving no stone upturned to bolster his strength for the expected battle.

Seizing upon the situation created by Germany's demand for arms equality and France's recent reply referring the matter to the League of Nations, Hitler announced he had created a special defense department and department of colonies in his Nazi organization. There have also been recent German demands for a return of some of the colonies lost through the World War.

Trent River

Messrs. George Armstrong left Monday for Peterborough to attend Normal School. His mother, Mrs. John Armstrong, of 'Hillview Farm' accompanied her son to Peterborough and spent the day.

Messrs. Stewart Jones and Grant Meiklejohn of Campbellford left on Monday to attend Peterborough Normal and will share an apartment in the city with George Armstrong.

The Misses Ruby Dunham of West Seymour and Joy Riendeau of Campbellford have gone to Peterborough to attend Normal.

The Misses Betty Armiston, Iva and Madge Hubble, Fern Longmuir, Alexander Brown and Lyle Lewis are attending High School at Havelock.

Miss Leatha Davidson, Messrs. Bud and Jim Inkster are attending Campbellford High School.

Mr. J. Hendren of Norwood has gone to Detroit, Mich., to spend the winter, accompanying his daughter (Myrtle), Mrs. James Cousins, home to Detroit, who with her husband, Mr. James Cousins and daughter, Patty Lou, recently visited the former's sister, Mrs. Thos. J. Brown and family.

Miss Marguerite Garneau has returned to Campbellford after spending her holidays at the parental home.

Mr. and Mrs. Cuttle, Mr. and Mrs. Cherry have returned to Toronto after spending the week-end at "Glendower," guests at Cook Cottage.

Mr. and Mrs. Ross McLaren, Miss Peggy Dawson and Mrs. Jas. Dickson are remaining at 'Bonnie Bank' for some time in September.

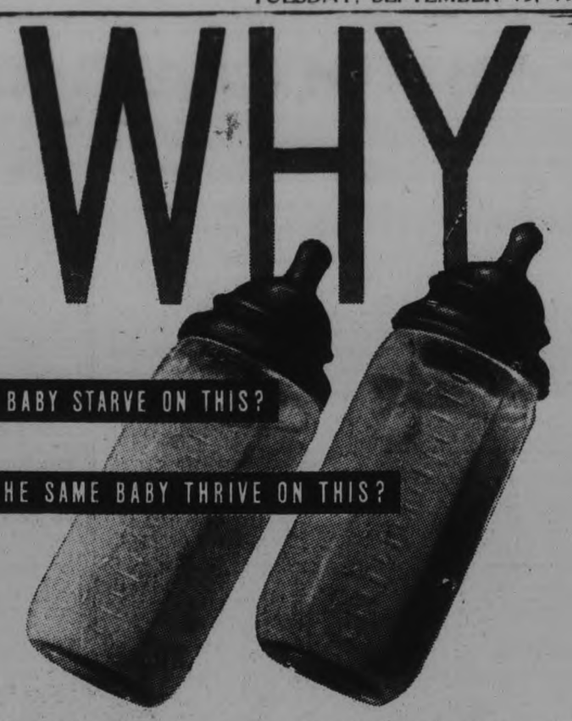
Mr. Gerald Buchanan has gone to Peterborough to attend Normal School.

The engagement is announced of Sarah Beaven Helen, only daughter of Mr. and Mrs. Willie G. Scott, to Harold Frederick Van Volkenburg, second son of Mr. and Mrs. George Van Volkenburg, of Seymour West. The marriage takes place Wednesday, September 21, at "Maple Valley" Farm, Seymour.

Mr. and Mrs. Louis Leclair, who have spent the summer at their cottage, Belmont Lake, have returned to their home at Peterborough.

Mr. and Mrs. Maurice Runions of Campbellford were Sunday visitors at the home of the latter's parents, Mr. and Mrs. Robert Carnrite.

Holland bought all the salt shipped in a recent month from Russia.



CHEMICALLY, two baby foods can be exactly alike. The same percentage of carbohydrate, fat, protein, mineral salts. The same vitamins.

Yet on one, a baby may lose weight, grow thin and weak. And on the other, that same baby can flourish and gain and take on new life. What's the reason? . . .

Digestibility.

Digestibility all-important

Doctors know that a baby can starve on what is apparently the most perfectly "balanced" formula if his body cannot use the food elements it contains. Only a food which is easily and completely assimilated can give your baby all the building materials his little body needs.

Countless doctors and mothers have found this out through actual experience. And that is why Eagle Brand, over a period of 75 years, has won a marvelous reputation as an infant food. For Eagle Brand, next to mother's milk, is the easiest form of milk in all the world to digest. In baby's stomach, Eagle Brand forms soft, fine curds, like those formed by mother's milk. Every drop is quickly assimilated, goes quickly into the making of bones and teeth, muscle and tissue, energy and strength. But now you ask—does this wonderfully digestible milk, properly supplemented,* contain *all* that baby needs for health and growth?

50 babies proved this

You'll find the answer in a scientific test which two specialists in baby diet recently made with 50 average babies in a famous clinic. For months, Eagle Brand was the only milk fed these babies. Except for the supplementary foods* now given with all milk—including breast milk—it was their sole diet. For months, these babies were studied. X-ray pictures of bones were taken, tooth development watched, weight and height noted, blood tests made.

After months, came the verdict. In every phase of baby health and growth, these babies had proved themselves splendidly nourished.

This simple diet—Eagle Brand, with the usual supplementary foods—had proved equal to the building of a 100% baby.*

What overwhelming proof that the mother whose own milk fails can put her baby on Eagle Brand with perfect confidence!

Try Eagle Brand. See simple instructions on label. And send for new booklet "Baby's Welfare." Gives feeding schedules and full directions for baby's care, also pictures, life stories of Eagle Brand babies. Let us send your doctor a report of the scientific test.

*The usual supplementary foods, of course, are orange or tomato juice, and cod-liver oil or other source of the anti-rachitic vitamin D.

FREE! COMPLETE BOOKLET ON BABY CARE!

CANADIAN FISH BEST.

QUEBEC.—Canadian fish is the best in the world, and only needs to be advertised more to have that fact realized, A. H. Brittain, of Montreal, president of the Canadian Fisheries Association, told delegates to its 17th annual convention which opened here to-day. The meeting will last for three days.

You will find many things in the Classified Ads. of The Examiner.

Pimples Itched So Could Not Sleep. Healed by Cuticura.

"Tiny pimples formed under my skin, later breaking out and turning red. My forehead, chin and back were affected. Later the pimples became hard and large, and itched and burned sometimes so that I could not sleep. I had them for over a year.

"I tried four different remedies which only seemed to make the pimples worse. I sent for free samples of Cuticura Soap and Ointment and they helped me. I purchased more and after using two cakes of Cuticura Soap and one and a half boxes of Cuticura Ointment I was healed." (Signed) Miss Susie Wurts, Hythe, Alta., Aug. 12, 1931.

Soap 25c. Ointment 25 and 50c. Talcum 25c. Sold everywhere. Sample each free. Address Canadian Depot: Lymans Agencies, Limited, 286 St. Paul St., W., Montreal.

New Date Arranged For Schmeling Bout

NEW YORK, Sept. 13 (C.P.). — Friday, Sept. 23, was set yesterday as the definite date for the Max Schmeling-Mickey Walker 15-round fight at the Madison Square Garden bowl. In case of rain, the bout will be held the following night.

The bout originally was set for September 19, but Jack Kearns, manager of Walker, asked for a later date because of a boil on Mickey's elbow, which has slowed up the training of the former middleweight champion. Joe Jacobs, Schmeling's manager, at first held out for Sept. 22, but finally agreed on Sept. 23.

NORTH BAY MILL RAZED BY FIRE

Extra Firemen Rushed in Save Season's Cut of Lumber.

NORTH BAY, Ont., Sept. 13 (C.P.).—The lumber mill of the Temagami Timber Comapny was levelled by fire yesterday and loss was estimated at $65,000.

The season's out of lumber was saved by hard fighting on thhe part of firemen aided by Ontario forestry branch equipment rushed from Latchford and Temagami.

Early in theh summer the firm lost 12,000,000 feet of lumber in another fire.

The fire started before men went to work and assumed such proportions within half an hour that it appeared obvious nothing could be done to save the mill.

Firemen concentrated their efforts on saving the summer's cut of timber and succeeded in confining the blaze to the mill itself which was levelled to the ground with all machinery inside ruined.

Cause of the fire was unknown.

Evelyn Hall To Run In Hamilton Sprints

HAMILTON, Sept. 13 (C.P.). — Officials of the Hamilton Olympic Club announced to-day Evelyn Hall, petite Chicago sprinter, who flashed to a hairline victory over Big Babe Didrickson of Texas in the women's 80-yard hurdles at the Los Angeles Olympics will run here Saturday.

The club expected to have Miss Hall run against Alda Wilson, Toronto, who defeated her in a close finish at the Canadian National Exhibition, and Betty Taylor, Hamilton star.

FIRE DESTROYED FARMER'S BARN

Two Barns Were Destroyed By Fire Tuesday Afternoon.

THRESHING IN ONE.

HASTINGS, Sept. 13 (Examiner Correspondence).—Fire this afternoon destroyed the barn of John Doherty on the Gravel Road. The barn was situated on what was known as the old Albert Tyler farm. The cause of the fire is not known. Mr. Doherty's entire season's crop was lost, along with most of his implements. The barn was fifty by fifty, and men were at work today shingling it. The loss is partly covered by insurance.

McCONKEY BARN BURNED.

BRIDGENORTH, Sept. 13 (Examiner Correspondence). — When threshing was in operation at the farm of Reg. McConkey, who resides near Selwyn, fire broke out in the barn this afternoon, completely destroying the barn and contents.

This is the third fire to occur in the community within three weeks. The origin of the fire is unknown.

NO BAN ON SUNDAY FISHING

TORONTO. — Deputy Minister D. McDonald of the Ontario Department of Game and Fisheries, to-day said a Hamilton fisherman caught by Game Warden Bert Seymour lifting his nets on Sunday was within his rights under the terms of the Ontario Fisheries Act.

The Act, Mr. McDonald added, made no reference to Sundays.

TARZAN AT THE EARTH'S CORE No. 8

(Metropolitan Newspaper Service, Inc.) By Edgar Rice Burroughs

Tarzan filled his lungs with the free air of Pellucidar, leaped into a nearby tree and swung away through the forest. For the moment, his only thought was the joyousness of exultant vitality and life. On he sped through the primeval forest of the inner world. He gave no thought to the passage of time. Thus far he had not discovered that in Pellucidar, its noonday sun hung perpetually at zenith. Hence, there was no night, no moon nor stars to guide him, as in his own friendly jungle upon the outer crust of the world.

Strange birds startled by his swift and silent passage, flew screaming from his path. Strange beasts slunk to cover beneath him. After awhile Tarzan's mood changed and he reduced his speed, dropping to the ground upon a well marked game trail. His eyes took in the new wonders all about him. Everywhere he saw great age marked by the enormous size of the trees and the hoary stems of massive vines that clung to them—suggestions of antiquity that made his own jungle seem modern.

Never had the ape-man beheld such gorgeous flowers as bloomed all about, splashing the forest with brilliant color. Nor did he recall ever having seen their species. Tarzan strolled slowly along, spell-bound by the prodigal beauty of Pellucidar. This mood proved his undoing. For suddenly something gripped him about the body and snapped him high into the air. Occupied with the wonders of this new world, his mind had relaxed that wariness that distinguishes creatures of the wild. Tarzan of the Apes was trapped!

On the instant that it happened, the ape-man realized what had befallen him. And a rueful smile touched his lips, tinged with anger with himself for his carelessness. For Tarzan of the Apes had been caught in as primitive a snare as was ever laid for wild beasts. A raw-hide noose attached to the downbent limb of an overhanging tree had been buried in the trail along which he was passing and he had struck the trigger. But worst of all he could but guess at the sequel—the noose had pinioned his arms to his sides as it closed about him.

MAIN STREET TOPICS

Up by an Examiner Reporter.

12½ OUNCE PEAR

When bigger pears are grown, Wes Williamson, of Cavan township, will likely grow them. Today Mr. Williamson was exhibiting a pear grown on his farm that was a Primo Canera among pears. It weighed 12½ ounces, was 10½ inches in girth, measured 12½ inches around its length.

NOT HAROLD CASSAN

In The Examiner of Friday, August 26th, a report was given of a Police Court case in which Harold A. Casson, Haggart street pleaded guilty to operating a still. As there is a similarity in the names of the accused and Harold Cassan of Cassan & Hutchinson, we wish to point out that the latter gentlemen is not the one referred to.

KEEN COMPETITION IS DISPLAYED GARDEN HILL RURAL SCHOOL FAIR

Eight Schools Take Part In Physical Cultural Exercises —Equal Awards.

JUDGES KEPT BUSY.

MILLBROOK, Sept. 13. (Examiner Correspondence). — Fine weather and a fair attendance featured the rural school fair held at Garden Hill on Thursday afternoon. Exhibits with the exception of poultry and live stock, being shown in the basement of the former Methodist church now used as a community hall, classes being well filled as in former years, with quality in many cases of an exceptionally high standard.

E. A. Summers, agricultural representative, and Col. J. W. Odell, P.S.I., had charge of the school parade, held on the community athletic grounds, with seven schools of the district participating, under the direction of their respective teachers, the costumes, marching, singing and school yells calling forth applause from the onlookers repeatedly.

The whole body of scholars were massed for the physical culture exercises, Mr. A. Carruthers giving the commands, the schools taking part including: Oak Hill, S.S. No. 18, Mis Waddell, teacher; Pine Hill, S.S. No. 17, Mrs. Carruthers; Pine Grove, S.S. No. 16, Mr. A. Carruthers; Beech Hill, S.S. No. 15, Miss A. Retallick; Elizabethville, S.S. No. 14, Miss M. Cooper; Perrytown, S.S. No. 12, Miss Clarkson; Woodvale, S.S. No. 11, Miss E. Bannister; Osaca, S.S. No. 10, Miss I. Williams.

The practise of awarding prizes for the parade and drill has been abandoned in East Durham, but each school is given a fine set of colored pictures illustrating the birds of eastern Ontario, ten to a set, and this will be continued until the individual rural schools possesses a complete complement of these records of bird life.

Speaking

Out of doors events that held the attention closely were the impromptu public speaking, the winners being: Mary Dunbar of No. 15 and Jean Varcoe, No. 12. The recitation class, open to pupils (two from each school) under eleven years, won by Noreen Prouse, No. 10, and Mary Robinson, No. 13, the mouth organ contest, which had three entrants, prises going to Orin Ogden, No. 10; and Herbert Gray, of No. 11. There was also a weed naming contest, open to two pupils from each school, the winners including: Patrick O'Hara and E. Walker, both of No. 17; and a live stock judging contest, heading the list being Mary Dunbar and Bruce Wright, of No. 16.

Grain Classes

Grain classes were well filled the first and second places with oat sheaf going to Mary Dunbar of No. 15 and Gloria Gray of No. 12; barley sheaf, Alice and Patrick O'Hara of No. 12; wheat sheaf, Levern Wood, No. 13, and Clifford Reid No. 18. One quart sealer of oats, Noreen Prouse and Geraldine Morton (15); of barley, Patrick O'Hara; of wheat, Leta Prouse (10), Edward O'Hara (12).

Root Classes

Tables round two sides of the tent were needed for the display of potatoes roots, and vegetables, first and second places going to Dooley potatoes, Gloria Gray, Gladys Horner, No. 11; Irish Cobblers, Mary Seymour, Sayles No. 12 and Lois Nelson, also of 12; Ensilage corn Mary Dunbar and Keith Campbell; sweet corn, Donald Morton, 15, and Emmerson Walker, 17; mangles, Edward and Patrick O'Hara; turnips, Leta Powell No. 13, Fred Lowery No. 12; beets, Lloyd McGahey, No. 13, Mary Robinson, No. 13; carrots, Elwin Quantrill, No. 1 and Keith Nelson, No. 12; pie pumpkin, Margaret Powell, Mary Dunbar.

Live Stock

Live stock aroused keen interest, first and second prizes for beef calf going to George Retallick, No. 12 and James Gardiner, No. 15 for dairy calf to Inez Beattie, and Jack Beattie, of No. 13; for market lamb to Fred Lowery and Bruce Lindsay, of No. 15; and for showmanship to F. Lowery and Jack Beattie.

Flowers

Flowers made an especially good showing, the finest asters being shown by Bill Halligan and Wilbert Gray both of No. 11; phlox by Margaret Worr of No. 16, and Lois Nelson of 12; zinnias by Ona Gardiner, of 15 and Milton Nelson of 12; gladiolus by Mary Dunbar and Bruce Lindsay, both of 15; marigolds by Roy Challice of 16 and Nada Duke of 16; calendulas by Wilma Caldwell and Helen Wilson, both of 12.

Cooking Results

Cooking has an appeal all of its own, the judges awarding first and second places, though six prizes are given in each class, to: plate of sandwiches, Nancy Gordon 13, and Margaret Worr 16; tea biscuits, Aileen Wilson 17, and Wilma Caldwell 12; date loaf, Gladys Horner 11 and Margaret Dean 15; apple pie, Gladys Horner and Margaret Worr; divinity fudge, Isabel Nelson 12, and Margaret Dean 15. Sewing was also an exhibit of much interest: quilt block, Mary Robinson and Wilma Caldwell; hemmed tea towel, Alice O'Hara, Gloria Gray; clothes' pin apron, Marian Cooper Dunbar; shoe pocket, Helen Wilson, Mary Dunbar; marble bag, George Retallick, Keith Campbell.

Fruits

Fruit and miscellaneous vegetables brought out a fine showing, the winners being: snowapples, Mary Dunbar, Leta Prouse; spy apples, Mary Dunbar and Leta Prouse; McIntosh; Leta Prouse and Mary Dunbar; tomatoes, Gloria Gray, Mary Dunbar; plate of assorted fruit, G. Gray and Mary Dunbar; plums, G. Gray, Donald Morton.

The farm and home mechanics' exhibits showed initiative and skill, the Irish Cobbler potato in plasticine for primer and first class boys and girls being quite true to type, Geraldine Morton, Billy Burgess; bread board, Orin Ogden, Donald Morton; Wren house, K. Campbell, Lloyd McGahey; milk stool, Levern Wood; tie rack, George Retallick, Fred Lowery.

Nature Collections

Nature collections are most instructive and were tastefully arranged: collection twelve insects, named, Patrick OHara; collection leguminous plants, Gloria Gray, K. Campbell. The writing was arrang- according to school standing: (White Sheep) Betty Burgess and Nada Duke; (The Dandelion), Willard Beatty, Jack Cain; (A Gentleman of Ten) Lillian Vasiloff and Katie Stechyshyn; (The Frost), Audrey Hanna, Doris Broomfield; (Crossing the Bar), Eleanor Retallick, Helen Wilson; (Horatius), Melville Bell, Jean Varcoe. The drawing was also keenly contested: Tulip, by primer class, Gerald Morton, George Wilson; quart measure, first class, F. Allin, W. Beatty; the name, "Dunham School Fairs", Ona Gardiner, Stella Crosmaz; lemonade set, fourth class, Myrtel Varcoe, Marian Cooper; poster, (protect the birds), E. Walker, M. C. Bell; Union Jack, Katie Stechyshyn, Mary Robinson.

Poultry

Poultry is always an interesting section of school fairs: Barred Plymouth Rock, cockerel, Edward and Patrick O'Hara, the same two winning in the pullet of this class; White Leghorn, cockerel, Beatrice Kennedy, Howard Quantrill; pullet, Beatrice Kennedy, Leta Powell.

The T. Eaton Company is again giving a handsome trophy to the pupil at each fair having the highest number of points, with books as second and third awards, but these prizes wait until the secretary has time to total points with absolute correctness.

BIG RACE CARD FOR EXHIBITION

String of Harness Horses Coming From Oshawa on Thursday.

AN EARLY REMINDER.

One department of the Exhibition that was never more promising, according to Stan Lowe's report, is the track races for Thursday, Friday and Saturday afternoons.

There are two races on each day's card, and the entry list will include the string of horses that are coming here on Thursday following the close of the Oshawa Fair on Wednesday.

The local stables will all be represented, and among the incoming speeders is the good Hastings mare "Bertha Patchen" from Brampton, and "Lou Ganot," owned by Percy Morgan of Campbellford a favorite of the last few years that is already well away for an exceptionally good season.

"May E. Grattan" will be entered from Ottawa, also Charlie Pogue's "Slippery Jim," from Colborne, and "Bud Winger," the consistent performer owned by Dick Walsh of Hastings.

These are just a few of the starters for this week's races that are specially mentioned as indicating the territory from which the harness horses are coming, and also as a reminder to all the racing fans of the city and district that they should see some fast and exciting heats before the prize money has been distributed.

The Land of Palestine Will Be Exhibited

Unique Show Opens at Curling Rink Friday; Great Educational Value.

The Peterborough public will have the opportunity of viewing what is reputed to be one of the greatest masterpieces of detail ever conceived and completed when the Ganci Brothers' Animated Model of the Holy Land will be displayed at the Curling Rink this week, commencing on Friday, September 16. This clever animated exhibit is considered to be one of the finest educational models in the realm of entertainment.

The exhibit depicts the Land of Palestine as it was at the time of the Master. Characters and beautiful scenes of Biblical history are absolutely unique, unrivalled anywhere both from the interest of the sacred subject and in mechanical perfection of every working part. Historians and experts agree in praising the meticulous attention and exact duplication of scenes, geographically correct, and the real streams and miniature mountains are genuine triumphs of engineering art.

The construction of this great model took 11 years and over 60,000,000 pieces are used in the work, which weighs several tons, and it takes 7 days to set up an extraordinary exhibit.

Sir Owen Cox, a member of the New South Wales Legislative Council for 10 years, has died at Monte Carlo.

Final Tribute Paid Sir Gilbert Parker

LONDON, Sept. 13 (C.P. Cable)—May Canadians and others prominent in literary and theatrical circles were present at the funeral service for Sir Gilbert Parker, celebrated Canadian born novelist who died September 6, held at St. Martin's in the fields, Trafalgar Square yesterday.

No relatives were present and on the coffin were only three wreaths. Among those attending were Lieut.-Col. G. P. Vanier, representing Hon. G. H. Ferguson, Canadian High Commissioner in London. Lord Greenwood, Lord Beaverbrook, Lord Burnham, Sir Harry Brittain, Sir Frank Benson, Sir Arthur Pinero, and Rt. Hon. L. S. Amery, former secretary for the dominions.

Sir Gilbert, who was born in Camden East, a small town north of Napanee, will be buried in Belleville, Ont., cemetery beside his wife who died in 1925.

KINSMEN VISIT KINGSTON CLUB

Delightful Gathering is Held at Summer Home of W. P. Peters.

WELL ORGANIZED CLUB.

As guests of Kingston Kinsmen Club—the youngest service organization in the Limestone City—ten representatives of Peterborough Kinsmen Club, including District Governor Alex. L. Elliott, yesterday undertook an eventful inter-club visit.

Recently organized, the Kingston Club was referred to in a brief speech by the District Governor as one of the most progressive unit's of the organization. "In the history of the organization," he said, "no club has made such progress as the Kingston Club."

The visitors to Kingston were met at LaSalle Hotel, after which they were conducted to a most pleasantly situated summer resort on Loughborough Lake, sixteen miles north of the city. Here they were the guests not only of the Kinsmen Club of Kingston, but also of W. F. Peters, who had kindly placed his summer home at the disposal of the entire group of men to the number of over fifty.

An enjoyable buffet lunch was served, after which the two clubs fought for supremacy on the ball diamond—the score resulting, so it was said, in a tie.

Returning indoors, President Doug. Slater voiced a hearty welcome to the visitors, and also introduced to the gathering District Governor Elliott, Mayor George C. Wright, Sheriff Bert Vair and others, including representatives of Kingston Rotary and Kiwanis Clubs.

Then followed a regular rollicking sing-song to the accompaniment of a piano accordian played by Reid McLeod. C. E. McPherson, the Club's genial secretary, also rendered a harmonica solo.

Under the chairmanship of Charles St. Germain, the Entertainment Committee spared no effort to make the visit of the Peterborough Clubmen a success—and it was the general opinion that they succeeded well in doing so.

Peterborough Kinsmen Club was represented by District Governor Alex. L. Elliott, Immediate Past President Dr. Ralph Honey, Dr. E M. Orough, Dr. S. Y. Walsh, Dr. Jack Renton, Pete Heenan, J. K. Sheehy, Ed. Riley, Leslie Freemantle and H. Robson.

Weddings

AULD—BYLES

The marriage took place in Hart House, Toronto, Saturday of Maude Ethel, daughter of Mr. and Mrs. Albert J. Byles, and William F. Auld of Peterborough, son of Mr. and Mrs. Charles Auld of Beamsville. The attendants were Miss Florence Byles and Mr. James Auld. Rev. Charles D. Draper officiated.

BIRTH

GOULD.— On Monday, September 12th, at St. Joseph's Hospital, to Mr. and Mrs. Leonard J. Gould (nee Neva Gagnon), a son.

SHAUGHNESSY—To Mr. and Mrs. Norman Shaughnessy, 173 Morrow street at St. Joseph's hospital on Saturday, September 10th, a daughter. 1d-62-5014

HALL — At Nicholls' hospital on Monday, September 12, 1932 to Mr. and Mrs. D. M. Hall, a son.

IN MEMORIAM

HAIG—In loving memory of our dear daughter, Marjorie, who passed away on Sept. 11, 1931.

Gone, dear Marjorie, gone to rest;
Rest those hands which did their best;
To the beautiful life that came to an end,
You died as you lived—everyone's friend.

How often there comes before us
Your face, so kind and dear,
Loved, remembered, thought of always,
Often wishing you were here.

We have only your memory, dear Marjorie,
As we journey our whole life through;
But that memory will last forever
As we treasure it always of you.

Calm and peaceful she is sleeping—
Sweetest rest that follows pain;
We who loved you sadly miss you,
But Trust in God to meet again.

—Sadly missed by father, mother and brothers.

BOY PRESENTED WITH CHEQUE AT EXHIBITION

Wiliam Donaldson Won First in Old Chum Picture Contest.

POSED FOR PICTURE.

Presentation Made By Mayor Denne in Front of Grandstand.

Fourteen-year-old William Donaldson faced the crowded grandstand at Peterborough Industrial Exhibition this afternoon—probably the proudest and happiest youngster in the entire city.

He was the centre of a unique little ceremony, when he received a cheque for one hundred dollars from the hands of His Worship Mayor Roland Denne, president of the Exhibition Board, who made the presentation on behalf of Imperial Tobacco Sales Company of Canada, Limited.

The cheque represented first prize in the eighth Old Chum Picture Contest, conducted by the Imperial Tobacco Company, and it was won by the youthful competitor with the caption, "Pal o' Mine," from among thousands of other entries.

William, who was accompanied by his proud mother, had obtained special leave of absence this afternoon from his studies at Prince of Wales' School, where he is in the fourth book. He smilingly explained that inspiration of the three little words that netted him the handsome return of one hundred dollars, had come to him while out on a fishing excursion at Little Lake. He had previously pondered over the Imperial Tobacco Company's contest and when he saw a boat bearing the name "Pal o' Mine," out on the lake he decided then and there to submit that as the title for the Old Chum tobacco picture.

A son of Mr. and Mrs. J. F. Donaldson of 174 Stewart Street, this city, the boy received first notification of his success on Saturday last through the columns of The Examiner. On Monday he was visited by W. M. Blanchard, advertising representative from the Toronto office of the Imperial Tobacco Company.

The latter was present this afternoon along with A. Douglas, the company's salesman for Peterborough district. The little ceremony concluded with the boy and his mother and Mayor Denne and the company's officials all posing for a photograph which was taken by Roy Studios.

FLOWER SHOW'S NEW FEATURES

A Department of the Exhibition That Presents Improvements This Week.

RECORD ENTRY LIST.

If you like flowers—and who doesn't?—and you appreciate the work of men who take an empty tent and transform it into a week's beauty spot, don't pass by the flower tent at this year's Exhibition.

To use that trite phrase once more "it is far better than ever" with decorative improvements that have never been included before. The entry list sets up a new record according to the statement of W. H. Young, chairman of the committee, who was hard at work this morning with Dave Jordan, W. J. Kennedy, Norman Crowe and others helping to arrange the flood of flowers in time for this afternoon's judging. Groups of school children with their exhibits arrived around eleven o'clock, and all the tables blooming, especially with the late flowers of the summer, not only from the gardens but also from the meadows, including large sprays of brown-eyed Susans, the yellow daisies.

Special exhibits are shown by the Kingsway and Brookdale nurseries of Bowmanville, and a brilliant display of dahlias in the main building bears the name of the Scarboro Gardens Co. Ltd., of Scarboro.

KIWANIS TO HOLD BIG MEET AT SOO

Peterborough Club, it is Expected, Will be Well Represented.

Peterborough Kiwanis Club will be well represented in Sault Ste. Marie next week when the Soo Kiwanis Club pays host to the other 45 clubs of Eastern Canada on September 18, 19 and 20. The occasion will be the annual convention of the Ontario-Quebec-Maritime district of International, and District Governor Charles A. Fowler of Halifax, Nova Scotia, will preside.

Next Sunday evening will witness the opening of the convention with a religious musicale. The general sessions on Monday and Tuesday, together with the group conferences will review in detail the achievements of the past year and will lay plans for continued effort and extension of the work.

But busy Kiwanians require relaxation from arduous toil and this they will discover in a fine program of entertainment prepared for the ladies and themselves, which will reach fullest expression in the Governor's banquet and ball on Monday evening.

With every section of Eastern Canada represented at the Soo, the results of the convention are expected to be widespread.

FEAR PARALYSIS GAINING GROUND

Fifteen Deaths Have Occurred in Quebec City in Past 6 Weeks.

100 CASES SINCE AUGUST.

QUEBEC, September 13 (C.P.)—Infantile paralysis, which has caused 15 deaths in this city during the past six weeks, to-day showed signs of spreading to the parishes bordering the St. Lawrence below Quebec. Cases were reported from Riviere du Loup and Kamouraska on the north shore of the St. Lawrence and along the Beaupre coast on the south shore.

Two further cases were reported in Quebec City to-day. Health authorities announced the official total of cases reported since August 1 at 100.

No deaths have been reported since Sunday, and health officials believe the epidemic has lost much of its severity.

DIED

NURSE—On Tuesday at his residence in South Monaghan Township, Richard Nurse the beloved husband of Janey Wood, in his 81st year. Funeral service from the family residence, lot 8, concession 2, S. Monaghan township on Thursday at 2.30 p.m. Interment Bailleboro cemetery.

HEAVY STORM TOLL

ST. JOHN'S, Nfld.—Two schooners were wrecked, 16 fishing smacks were lost and scores of small craft were swept away by the week-end storms according to belated reports reaching this city to-day.

HOPES TO ATTEND DINNER

TORONTO — Hon. G. Howard Ferguson, Canadian High Commissioner to Great Britain, told the Canadian Press today he hoped to be able to attend a special dinner in his honor planned by the Saskatoon Board of Trade.

PRINCE GUEST OF ALFONSO

FONTAINEBLEAU, France—The Prince of Wales, stopping here on the way back to London from the Mediterranean, had luncheon today with the former king and queen of Spain and afterward played golf with Alfonso.

NOTED CONDUCTOR DIES.

LONDON.—Percy Fletcher, 53, noted British orchestra conductor and composer, who wrote the music for 'Mecca' in 1920 and arranged the orchestra score for the operetta 'Chu Chin Chow,' which ran for five years more than a decade ago, died yesterday at his home in Farnborough, Hampshire.

TICKET OFFICE ROBBED.

BOSTON, Mass.—The main ticket office of the Boston terminal company, the Boston terminus of the New York, New Haven and Hartford and the Boston and Albany railroads, was robbed of $19,000 in cash during the temporary absence of the cashier this morning.

FACES TWO CHARGES

WINDSOR — William Bethell, pensions adjustment officer and past president of the Allied War Veterans' Association to-day was charged with two separate violations of the Canadian war Pensions Act. He is to appear in Windsor police court on Friday.

FLAMING PLANE FALLS WITH TWO

Montreal Club Instructor Perishes With Pupil He Was Teaching.

HEAT FOILS RESCUE.

MONTREAL, Sept. 14 (C.P.) — Captain Blaise Leboeuf, native of Windsor, Ont., and C. W. Chambers, were burned alive when their airplane burst into flames and crashed in a field near St. Hubert Airport last night. Captain Leboeuf was chief instructor of the Montreal Light Airplane Club, and Chambers a student pilot.

The instructor learned to fly in his native city. He was regarded as one of the best flying instructors in Canada. Besides his widow, who came recently to Montreal, Leboeuf is survived by his father, a brother, and two sisters in Windsor.

Something went wrong with the machine about 1,000 feet in the air. Flames spurted from the engine and engulfed the men. No efforts were made at rescue owing to the heat.

Spanks His Niece To Ease Nerves; Gets Same Dose

HAMILTON, Sept. 14.—When Oliver Sherry, an Indian, no address, decided to spank his niece, Margaret Wakeford, to quiet her nerves, as he put it, he earned for himself a little of his own punishment. To-day Magistrate Burbridge in police court, sentenced him to three months in jail, and five strikes of the cat o' nine tails.

The girl told the court on Monday that her uncle had taken her to a party at which there was much drinking. During the festivities a purse containing $37 disappeared. She was accused of stealing it and beaten by the accused, she said, when she denied all knowledge of the whereabouts of the article.

Sherry advised the she had become hysterical when questioned and that he had spanked her in an effort to quiet her.

JUNIOR FARMERS OF 7 COUNTIES COMPETE AT 'EX'

Ninety-nine Boys and Fifty-five Girls Entered in Contests.

COMPETITION IS STRONG.

Boys' and Girls' Sections Are Both Busy Judging Exhibits.

Today is the first of two days set apart at Peterborough Industrial Exhibition, when the Junior Farmer's Division conducted under the supervision of the Provincial Department of Agriculture, demonstrate the results of months of intensive training and preparation.

In the boys section livestock judging was in full swing at an early hour giving ample proof of the impetus which has been given to stock breeding in this and surrounding counties in recent years, by the various activities of this enthusiastic group of young farmers.

A feature of Peterborough Exhibition for a number of years, the Junior Farmer's competitions now open to seven counties has shown such rapid and healthy growth that this year for the first time two days have been devoted to this important phase of agricultural education.

The Junior Farmer Division this year boasts an entry list of 99 boys and 55 girls, all carefully selected from among the best young farmers in the Counties of Peterborough, Ontario, Durham, Victoria, Northumberland, and Prince Edward.

In the Livestock Judging Competitions which are under the direction of J. E. Whitelock, assistant of Provincial Agricultural Representatives, competition is exceedingly keen. Commencing at 9.30 a.m. beef and dairy cattle first occupied the ring, to be followed throughout the day by heavy horses, sheep and swine and a showmanship competition late this afternoon. Tomorrow the boys Holstein Heifer Club and the Swine Club will feature their programs.

Great credit for the success of the Livestock Judging Competition must go to the agricultural representatives of the seven counties participating, with special mention of J. B. Nelson the agricultural representative for this county. The painstaking efforts of each of these Provincial agriculturists, are too well recognized to need further remark.

Judges working under the direction of Mr. Whitelock in connection with the Junior Farmers activities, include the following: Dairy Cattle, Harry Seymour, Ida and J. Y. Kellough of Port Hope. Beef cattle, John Baker of Hampton and A. H. Martin of the Crops Branch Provincial Department of Agriculture. Horses: R. J. Rogers and Elton Armitage of Newmarket. Sheep: R. H. Graham of Provincial Livestock Branch and J. G. LeFebvre of Dominion Livestock Branch. Hogs: H. L. Ford, Dominion Hog Grader, Pe-

Bathers Bothered by 16-Foot Shark; Mounties Take Him Into Custody

VANCOUVER, B.C., September 14 (Special to The Examiner). —Members of the Royal Canadian Mounted Police know how to get their fish as well as their men. This was demonstrated here a few days ago when Constables M. H. Brine and D. McDonald, stationed at Esquimalt, harpooned a sixteen-foot shark off Esquimalt Harbor.

Waterfront residents reported that the shark was thrashing about in shallow water in one of the many rock-bound bays of the district.

The shark was terrorizing bathers and fishermen, according to the report.

Brine and McDonald, equipped with a harpoon, set out in a launch. They located the shark, speared it, and after a terrific fight during which their craft was nearly wrecked, succeeded in subduing the big fish.

A dockyard derrick was required to haul the shark from the water to land.

Is Bennett To Be Wed?

Little Bird of Rumor Chirps Canada's Premier is to Marry.

MARKED CHANGE IN MAN.

(Special to The Vancouver Sun.)

CALGARY, Sept. 9.—Premier Bennett, Canada's wealthy bachelor, moved around during his visit here to the faint sound of wedding bells.

The little bird of rumor has been noisily chirping that at last he is to be married. Even the lady's name has been mentioned.

The scent of orange blossom seemed to cling to Mr. Bennett. Those who know him intimately declare there is marked change in him. The man of political ambitions, it is said, is already beginning to sprout the embryo wings of married saintliness.

R. B. Bennett

There has been distince evidence of a change of heart in his attitude towards the taxation which falls on married men. A leaning towards an even more apparent immaculateness has been shown. A softening of heart, a gentleness, is supposed to have been visible.

"Young men in love . . ." the ladies of Calgary have whispered.

The arrows of Cupid pointed Mr. Bennett to the dentist.

There, occurred a filing, a filling, and a furbishing which Mr. Bennett endured in the sacred cause of love. Alas, one of the sharp molars which Mr. Bennett has used when "getting his teeth stuck into" the many problems facing a Premier, fell beneath the drill of the dentist. There was a sharp renhing of enamel. An un-Premier-like howl of ordinary

(Turn to Page 5)

Thursday's Program

Grand Stand

Here's a big afternoon, one of the most attractive programs of entertainment the Exhibition has ever offered.

Seven vaudeville acts.

Musical rides, evolutions, tent-pegging etc. by the Royal Canadian Dragoons.

And the first two races of the week with the prospect of a row of heats before the money is decided.

Junior Farmers

10 a.m.—Judging Holsteins, market cattle and beef specials. Sheep—Leicesters, Cotswolds, Lincoins, and specials.

1.30—Clydesdale horses.

2 p.m.—Carriage and roadster classes. Light delivery horses.

2 p.m.—Dairy produce.

3 p.m.—Heavy draft, non-registered horses.

Evening Program

8 p.m.—Lengthy vaudeville program with musical rides and other features by the Royal Canadian Dragoons.

GORGULOFF DIES ON GUILLOTINE

Slayer of President Doumer Denies to Last He is Communist.

"DIES FOR HIS IDEA."

PARIS, Sept. 14 (A.P.)—France exacted the supreme penalty to-day for the slaying of her venerable President, Paul Doumer, by executing on the guillotine Dr. Paul Gorguloff, Russian physician who shot him May 6.

Gorguloff was executed at 5.52 a.m. as he muttered almost uncomprehensible references to his "idea."

He was accompanied to the scaffold by Father Gillet, a priest of the Greek Church, who was his spiritual adviser. The priest kissed him just before the guards fastened him on the block under the knife.

Dawn was just breaking. The procedure moved swiftly. Only 40 seconds after Gorguloff stepped down from the prison van, his head rolled into the basket.

"I am neither a Royalist nor a Communist," he said. "I die for my idea. I hope my child (which is still unborn) will be a boy and I hope he won't be a Communist. I ask pardon of everybody."

Dr. Charles M. Scott To Address Kinsmen

Dr. Charles M. Scott, who recently came to this city to succeed to the medical and surgical practice vacated by Dr. E. H. Wood, now of Ottawa, is to be guest speaker at Thursday evening's meeting of Peterborough Kinsmen Club at Empress Hotel.

The dinner meeting signalizes the opening of the Club's activity for the coming season, and in obtaining Dr. Scott to address them the members have made a happy selection. Dr. Scott, who has spent sixteen years of his life as a medical missionary in Central India, already has a reputation here as an interesting and entertaining after dinner speaker.

Japanese of Osaka are selling radios in China.

ALGOMA TOWN IS WIPED OUT $1,000,000 FIRE

Twenty Residences, Hotel, School, General Store Lie in Ruins.

EFFECTS PUT ON TRAIN.

Home of Lumber Company's Head Burns—10,000 Feet Lumber Lost.

SPRAGGE STATION, Ont., September 14 (C.P.). — Fire to-day had completely destroyed this Algoma village after sweeping through the yards of the J. J. McFadden Lumber Company.

Flames were roaring towards the few remaining houses in the town after consuming the rest. Ten million feet of lumber had been burned and damage was tentatively estimated at $500,000.

Seven million feet of lumber remained, but there seemed lit le likelihood worn fire fighters would be able to save it.

The saw mill still stood, but appeared likely to fall a prey to the flames at any moment. Firemen strove desperately to save it, but were forced gradually back as the strong wind drove clouds of smoke in their faces.

The fire started from an undetermined source in a lumber yard containing about 3,000,000 feet of wood and spread rapidly towards the village.

Rush To Save Belongings.

Inhabitants watched, and as the day wore on realised their homes were doomed. They rushed to get out their belongings and load them aboard a Canadian Pacific Railways freight train passing through from Sault Ste. Marie.

Efforts to save additional lumber in another yard of the company failed as flames jumped a 300-foot gap between and destroyed an additional 1 0,000 feet.

Buildings lost by mid-afternoon included more than 20 residences, a hotel, schoolhouse, general store and the home of J. J. McFadden, president of the lumber company.

It was the third serious fire in lumber yards of this part of Ontario within a week.

15 Hoselines Laid

Fifteen hoselines were laid to the lumber mill and firemen kept it deluged with water.

The outbreak was discovered by small boy who dashed into the company office and shouted "Fire" to Edward Smith, accountant. He disappeared without identifying himself.

Mrs. Smith removed furnishings from their home. It was the second time she had been forced to vacate by fire. She was in Haileybury when the town was destroyed ten years ago, with the loss of many lives.

The whole population of nearly 600 persons was rendered homeless as the flames swept away all dwellings. Roads leading from the town were clogged by inhabitants and animals seeking refuge in neighboring communities as flames still

(Turn to Page 5)

Wanted Banker Slips Through The Police

ST. CATHARINES, Ont., Sept. 14. (CP)—Scandenberg Vangieri, Newark, N.J. banker, recently arrested near here on warrants charging embezzlement of $50,000, was again being sought by United States authorities to-day.

Following his arrest extradition proceedings were taken and to-day Detective Martin Roth of Newark and Walter C. Briggs of the American Express Company appeared before Judge Cowan S. Campbell, seeking extradition papers for Vangieri. There was no prima facie evidence, Judge Campbell declared and discharged Vangieri.

The former banker left the building but was taken back to the court room by the United States men after he reached the street. Before a warrant to allow re-arrest could be secured, however, he left again and accompanied by his counsel drove away.

Detective Roth is once more searching for Vangieri.

Thorough Checkup Is Made Following Manitoba Scandal

Continuous Audit Of Public Funds Been Carried Out Under Government Policy For Some Time, Attorney-General Price Announces.

FUNDS TOTAL SEVERAL HUNDRED MILLION WITH PRINCIPAL AND YEARLY TURN OVER.

TORONTO, September 14 (C.P.). — All trust funds of the Ontario Government and moneys of commissions under Government are intact and in good financial condition, Hon. W. H. Price, Acting Premier and Attorney-General, announced to-day after completion of a thorough check-up of audits instituted following the recent disclosures in Manitoba. The funds so involved would amount to several hundred millions of dollars, in principal and yearly turnover.

The policy carried out by by the Government has been to have continuous audits of public funds, declared Col. Price. The Government is placed in the position in all departments to ask for information at all times. While some inquiries have been made, the public can be satisfied that all our trust funds, under the statutes and various commissioners of the Government are intact and in good shape.

Col. Price pointed out that this procedure of continuous audits has been in operation since he occupied the position of provincial treasurer. These audits have been carried on often by the provincial auditor, and in some cases by firms of accountants, in the Liquor Control Board, the accountants' office at Osgoode Hall, where large sums are handled, the Workmen's Compensation Board, the public trustee's office, the Official Guardian, the Hydro-Electric Power Commission where special audits are made continuously.

Treasury Department.

There is also the Treasury Department, which controls the inspectors' and teachers' superannuation fund, the civil servants' superannuation fund which have an actuary in constant touch, as well as the Ontario Government savings offices which are subject to special audits.

ROBBERS LOOT TICKET OFFICE

Work Lock, Cut Iron Grilled Cage in Half Minute Cashier is Absent.

$25,000 HAUL.

BOSTON, Mass., Sept. 14. (CP) About 25,000 in Boston and Albany Railroad funds was stolen from the main ticket office of the Boston terminal company in the South Railroad Station this morning. The thieves worked the lock on a door and cut an iron-grilled cage during the temporary absence of the cashier.

Police compared the theft with a similar crime at the Statler Hotel several months ago in which thieves took several thousands of dollars.

The robbery was executed in about 30 seconds, according to Captain Jeremiah Galvin of the Lagrange street station, one of the investigators.

Claim Japs Plotting To Form New State

SHANGHAI, Sept. 14 (A.P.) — Chinese press dispatches said to-day a Japanese plot had been uncovered to establish an independent North China Republic as a sister state to Manchukuo.

The dispatches said the Japanese were organizing a separatist movement in the vicinity of Peiping and Tientsin.

The Chinese reports were that the Japanese planned to inaugurate the movement by organizing a rebellion of bandits and political malcontents, using Peiping and Tientsin as bases.

PLAXTON JOINS MAROONS.

MONTREAL, September 14 (C. P.). — Hugh Plaxton, flash centre of the Varsity Grads hockey team, Toronto, Olympic champions of 1928, signed up to-day with the Montreal Maroons of the National Hockey League, it was learned here. Plaxton has not done much playing since the days of the Grads' triumph at the Olympics of 1928.

CONSULS URGE EXTRA GUARDS IN MANCHURIA

U. S. Official Would Have Chinese Punished for Raid on Golf Course.

MORE POLICE NEEDED.

Jouranlist's Son Describes Train Wreck and Hold-up By Brigands.

(By James A. Mills).

HARBIN, Manchuria, Sept. 14. — (C.P.).—A demand of foreign Consults in Manchuria for increased protection against brigandage was presented to the Manchukuo Government to-day by United States Consul-General George Hanson as half-naked victims of the recent train wrecks told of harrowing experiences.

Hanson, in the name of the other Consuls, called upon the Pu-Yi Government to increase the number of police in Harbin and vicinity and to arrest and punish the Chinese responsible for last Sunday's attack on him and other Consuls on a golf course here.

Train Wreck, Robbery.

Henry Villard, son of Oswald Garrison Villard, New York journalist, described one of four weekend wrecks.

"It was a terrifying experience," he said, "not an ordinary train wreck, but one accompanied by a fierce armed attack in the dead of night, with bandits intent on kidnapping, plunder and murder. When I recovered from the terrific impact of the wreck itself, I crouched on the floor of the coach, using suitcases as barriers and expecting every minute to be shot. Suddenly all the lights went out: we were plunged into utter darkness and bullets whizzed all around.

"The bandits then boarded the train, ordering everybody out at revolvers' points. We were lined up like criminals, and while one group pressed the muzzles of pistols to our heads and another squad held us covered from behind, a third stripped and robbed us. The night was bitter cold and we suffered acutely without clothing. We all expected to be kidnapped, but apparently our clothes and baggage were worth more to the brigands than our bodies."

Appears On Trial For Slaying Brother

KINGSTON, Ont., Sept. 14 (C.P.) — Frederick McIquham charged with murder of his brother, William McIquham, on May 11 last, appeared in Supreme Court to-day and pleaded not guilty.

Dr. W. J. Morrison told of going to the McIquham house and finding the body of William McIquham. There were two wounds n the head and three body wounds. He did not know what caused the head wound but said it might have been caused by a blunt instrument. It did not cause death.

Dr. W. D. Hay, pathologist, who performed a post-mortem on the body, said he believed a wound in the right hip caused death.

Archibald Cameron, resident in the McIquham house, said he obtained a revolver from Frederick McIquham after the shooting. He said the brothers had an altercation while he was upstairs.

The case is continuing.

COAST CENTRES KEEPING WATCH FOR FLYING TRIO

Plane "American Nurse" Sighted Last Night 1,000 Miles East Boston.

BOUND FOR ROME.

Craft Expected to Reach European Shore Line Sometime This Morning.

LONDON, Sept. 14.—(A.P.)— A sharp lookout was maintained in coast towns in the British Isles early to-day for the airplane "American Nurse," en route from New York to Rome, following reports late last night that the plane was sighted over the ocean 1,000 miles east of Boston.

The ship, piloted by William Ulbrich and carrying two passengers, Miss Edna Newcomer, undergraduate nurse, and Dr. Leon M. Pisculli, New York physician, was expected to reach the European Atlantic coast line during the forenoon if it maintained its ordinary speed.

The steamship Winnebago reported it ahd sighted the plane at 10.50 p.m., Greenwich meantime last night (5.50 p.m., E.S.T.) at latitude 41.54 north and longitude 52.56 west. This position is on the southern steamship line to Europe, about 1,000 miles due east of Boston.

PONTA DELGADA, Azores, Sept. 14. (AP)—The steamship Ashburton reported to-day that it had sighted an aeroplane bound east about 450 miles northwest of the Azores at 4.30 a.m. (11.30 p.m. Eastern Standard Time Tuesday).

Spotted Off Ireland

VALENTIA, Ireland, Sept. 14. — (AP). The wireless station here reported to-day that the steamship France had wirelessed sighting an aeroplane bound east at 49.36 North Latitude, 17.38 West Longitude.

This was at 4:50 p.m. Greenwich Time, or 11:50 A.M. Eastern Standard Time.

The master of the France said the ship was a monoplane with an aluminum hull and a yellow wing. Presumably it was the "American Nurse on a non-stop flight from New York to Rome.

The position given is a little more than 400 miles southwest of Cape Fastnet, Ireland.

LONDON HANDED AN ULTIMATUM

Price States Action Will Be Taken Unless Juvenile Court Salaries Paid.

GIVEN UNTIL SEPT. 20.

LONDON, Ont., Sept. 14—Notice was served on the city to-day that unless salaries and expenses in connection with the local Juvenile Court are paid by September 20, court action will be taken against the city. This action by court officials is in conformity with the advice of Attorney-General W. H. Price, who advises that the city has not a leg to stand on in refusing to meet court expenses and pay court salaries.

The council voted, nine to four, not only to ignore the order-in-council directing that court salaries and expenses be paid, but also to disregard the advice of City Solicitor T. G. Meredith, K.C., who advised the aldermen and mayor to comply with the order-in-council.

The notice received by city to-day was from a legal firm. It was on behalf of A. G. N. Bradshaw, Juvenile court probation officer; Miss Mabel Black, court stenographer, and Canon Quintin Warner, Judge of the court. The former two demand that their salaries be paid as from April 1st, since which time they have worked without being paid, while the latter demands that court expenses be paid.

Airman Plans To Return To Hiawatha

H. H. Green, who flew over to Hiawatha for a few days' fishing, left for home taking with him a very fine catch of fish.

Mr. Green reported to Henry Cowie that with very little work the field that he landed on could be made a very wonderful landing place. He also said he intended flying over from Bradford, U.S.A., his home, often. Mr. Green is vice-president of a big refining company in Bradford, U.S.A., which has a fleet of planes.

LABOR'S REASONABLE ATTITUDE IN DEPRESSION DRAWS PRAISE

Unemployment Figures Show Britain With 2,811,782 and U.S., 11,000,000.

FIGURES INCREASING.

(By Jack Hambleton, C. P. Staff Writer.

HAMILTON, Sept. 14. — Commending Labor for its reasonable attitude during the present depression and predicting a bright future for Canada and for organized labor, Hon. C. J. Arcand, Minister of Labor for Quebec, to-day shared honors with fraternal delegates at the convention of the Trades and Labor Congress of Canada here.

To young members of the Congress, Mr. Arcand spoke briefly of the difficulties which had been successfully faced by the pioneers of the Labor Government, and warned them not to follow the Socialistic idea of having the State control everything.

Keep your individuality and your initiative, he said, and let the State serve you. Don't attempt to control the State.

The work of labor in combatting

His Conscience Pricked

PEORIA, Ill., Sept. 14.—How's this for honesty?

Two weeks ago an unidentified man ate a cookie left by a customer at a soda fountain in a drug store. Later the druggist received from Eureka, Ill., a letter with 10 one cent stamps and the following explanation:

"Shortly after eating the otherman's cookie I prayed to the Lord for forgiveness which was granted. These inclosed stamps will pay for my sin tenfold."

BOOSTING LUMBER TRADE

HALIFAX.—The hopeful side of the present lumber situation is the fact the British importer is now alive to the condition in which the Canadian lumber industry finds itself, and he is doing everything possible to res-establish the market between Canada and the United Kingdom.

ARMY COMMANDER-IN-CHIEF LEFT IN TEMPORARY CONTROL AFTER BLOODLESS REBELLION

Davila Resigns When Air Force Declares Readiness to Wreck Palace.

COUNTRY QUIET.

Successor Leans to Socialist Program—Seeks New Cabinet.

SANTIAGO, Chile, September 14. — A Chilean air force threat to bomb the Presidential Palace yesterday overthrew President Carlos Davila. The movement was carried out without bloodshed.

Last night a revolutionary group, headed by the chief of the air force, Colonel Arturo Merino Benitez, set up a temporary Government with General Bartolome Blanche, Commander-in-Chief of the Army, as Acting President.

Both Backers of Exile.

(Both Colonel Merino and General Blanche have in the past been supporters of former President-Dictator Carlos Ibanez, who now is in exile in Argentina. General Blanche was Ibanez's Secretary of War at on time.)

President Davila resigned in mid-afternoon, a few hours after he had realigned his Cabinet in an effort to avoid another of the several crises that have harassed his regime.

In that alignment General Blanche had accepted the portfolio of the Interior, one of the strategic positions in any Chilean Government, and the President evidently had hoped to avoid further difficulties.

Adheres To Socialism.

General Blanche to-night said he was undecided as to his plans, except to carry on for the present the Socialist program which the armed forces of the nation charged Davila had dropped for his personal welfare.

The General proceeded to interview men considered as possible timber for a Cabinet. It was understood the Merino committee had selected General Blanche because he had been outside of cliques or groups for a year and a half, and had been friendly to both sides in the present dispute.

The city and country were quiet, and the people apparently apathetic to the critical Governmental situation, that had obtained during the day.

Dog Locked in Car Starves to Death

BELLEVILLE, Ont., Sept. 14. (CP) — Robert Chadwick sadly buried the emaciated body of Sparks, his fox terrier to-day.

Sparks had been missing for two months and was thought stolen. The dog was found however, dead on the back seat of an automobile belonging to Mrs. Charles Lyall, next door neighbor.

The car had been laid up in a garage far away from houses. Sparks was left inside by accident. His howls were not heard. He had torn the upholstery to shreds trying to get out.

EARLY MORNING THIEF ARRESTED

Stewart Stillman Confesses to Breaking Into Anderson Hardware Store.

AT CAMPBELLFORD.

CAMPBELLFORD, Sept. 14 (By Examiner Staff Correspondent). — Caught early Tuesday morning by Chief G. C. Bromley and Constable G. Hardy, a 22-year-old Campbellford man, Stewart Stillman confessed to breaking into the hardware store of J. C. Anderson on Queen street, at midnight last Sunday and stealing from the cash register the sum of $8.60 in silver. The money was later found hidden in a milk bottle under a tree near Stillman's home. Entrance to the store was made through a back window, the exit being by the back door.

Arraigned before Magistrate J. M. Bygott yesterday afternoon on a charge of breaking, entering, and stealing, Stillman pleaded guilty and was remanded until Tuesday, September 20, when Col. F. D. Boggs, K.C., will be present to represent the Crown. Bail was allowed at $2,000.

This is not the first occasion on which the Anderson hardware store has been broken into and sums of money stolen, and the police have for some weeks past been trying to get a line on the perpetrator of these offences. In nearly every case back windows have been broken and entrance made in that way.

HITLER OPENS HIS CAMPAIGN

Goering, Nazi Richstag Head, Demands Withdrawal of Dissolution Decree.

"VON PAPEN MUST QUIT."

BERLIN, Sept. 14.—(AP)—Adolf Hitler, leader of Germany's National Socialists, opened his campaign today for Germany's fifth major election this year by warning the opposition parties his Nazis will meet all opponents in the way they deserve and must expect.

Attack is the best means of defense, Hitler warned, following a meeting of the Nazi leaders. Any suppressive measures against us will be a weapon that will turn upon the oppressor.

Meantime, Hermann Goering, Nazi president of the Reichstag, told President von Hindenburg in a letter that the Reichstag expects the immediate withdrawal of the dissolution decree and the resignation of the Von Papen government.

Buy safety with the nickels that slip away

THE nickels you allow to slip through your fingers for trifles can buy comfort and security for your old age.

Costly Bark

OMAHA, Neb., Sept. 14 (C.P.) —A dog's bark may cost John T. Novak his home. Novak's dog did the barking back in 1928. Mrs. Lilliam G. Netusil charged she fainted when she heard the bark and suffered a brain lesion that resulted in partial paralysis. She got a court judgment of $4,500.

Novak's home was to be sold to-day to satisfy the judgment.

SEES DOMINION ON THRESHOLD UPWARD SWING

President McGregor Gives Keynote of Optimism to Chamber Commerce Rally.

READJUSTMENT HELPFUL.

Warns Business Men to Face Facts and Voice Candid Opinions.

HALIFAX, Sept. 13.—(CP)—Declaring that Canada is on the threshold of the upswing, President W. L. McGregor of Windsor, Ont., gave a keynote of optimism to the seventh annual convention of the Canadian chamber of commerce, which opened here today.

"I am glad to be able to state that it is not only my opinion but the opinion of many leaders that we are on the threshold of the upswing, he said. My own reason for so thinking is that readjustments are beginning to be evident in many spheres and in others are being considered for immediate implementation.

Encouraging Readjustment

"It is this evidence of readjustment which is so encouraging in the world today and which is in almost striking contrast with the situation a year or so ago, when comparatively few had come to a realization that many far-reaching revisions were essential predecessors to any hoped-for recovery."

But Colonel McGregor wished to make it clear he was not suggesting the advent of recovery. He injected the warning counsel that business men were better advised to face the facts and voice candid opinions rather than to veer away deliberately from those "ghouls" of the night we prefer not to see.

14,000,000 Jobless

How could anybody seribusly forward the idea of the advent of recovery with 14,000,000 unemployed on this continent alone? he asked, with many fundamental industries working at production ratios which approached standstill and others but slightly better off, with railroads hardly earning anything to resemble a decent dividend, with price-cutting below costs of production still very evident, with agriculture faced with continued low prices and moratoria being declared on farm mortgages and other mortgages too, and with our overseas trade so below normal that I would rather not refer it.

Col. McGregor spoke at a luncheon tendered by the city of Halifax and presided over by Mayor A. A. Thompson.

The president based his optimism on broad readjustments in agriculture, transportation, and the major industries of the country. He found a better atmosphere, too, in significant readjustment in international policy.

BARN BURNED IN SMITH TWP.

Threshing Machine Ignites Straw in Mow of Bert McConkey.

THIRD BAD FIRE.

(Examiner Correspondence)

BRIDGENORTH, Sept. 13.—Issuing from the blower of a threshing outfit, while in operation, a large ball of fire ignited the straw in the mow of a barn on the farm of Bert McConkey here on Tuesday afternoon. The resulting blaze spread so rapidly that the safety of threshermen at work in the barn was at one time jeopardized.

The barn and its contents including the entire season's crop along with the threshing mill and a number of pigs was totally destroyed, and only the united efforts of a large group of neighbours prevented the fire from spreading to the farmhouse and adjoining buildings. The net loss is heavy, but it is learned that it is covered by insurance.

The fire at Mr. McConkey's farm situated near Selwyn is the third bad blaze in Smith Township in a period of three weeks.

Harbin, Manchuria, now has 100 American residents.

This is the way to beat **HAY FEVER** or Summer Asthma. Buy yourself a $1 box of RAZ-MAH CAPSULES from your druggist and start taking them for a time before your attack is due. VISITORS BUY LOCAL CATTLE

Ten Head of Ayrshires From F. M. Rutherford's Herd Go to New York.

SOME AT EXHIBITION.

Among Tuesday's visitors to the Exhibition were three dairymen from New York State, Cyer Morris and his son Leslie Morris of Cedarville and Romain Cool of Dolgeville, who were accompanied by Leslie O. Warren of Mallorytown, Ontario. They crossed the border on a buying tour, and bought ten head of Ayrshire cattle from F. M. Rutherford of Carrisbrooke Farm, Bonarlaw.

Some of these cattle are included in Mr. Rutherford's exhibits of Ayrshires, and the others are at home in his main herd. This group of ten purebreds were purchased by Mr. Cool, a dairyman of Dolgeville, New York, through Mr. Warren, a commission agent, who is well known throughout the province. Mr. Warren was recently in this district, and bought twelve head of Ayrshires from Peoples Brothers of Belmont Township and from Alexander Hume & Son of Seymour. He intends returning to this district to call on Holstein breeders within the next two weeks.

Speaking to The Examiner on Tuesday afternoon Leslie Morris said that the Toronto Exhibition seemed to be in a class by itself in the United States and Canada. He was impressed by the quality of the live stock shown in Peterborough, and by the splendid plant of the Peterborough Exhibition.

BULL SCATTERS 4 PICNICKERS

Drives Them Off Island Near Campbellford on Sunday.

FIND SAFETY IN BOAT.

CAMPBELLFORD, Sept. 14 (By Examiner Staff Correspondent). — After being driven off twice, a fierce bull eventually won the day and forced a party of four local residents to abandon their intended picnic on an island below No. 8 power house at Campbellford on Sunday afternoon and forced them to flee to their boat and the water for safety. Settling down nicely to enjoy a delightful open-air supper in the cool of the evening, they had no sooner started to enjoy the feed when the bull made his appearance, and with head down came toward the party in happy expectation. They managed to drive him off, however, and thinking the coast was clear continued to feed. But the uninvited guest would simply not be put off, and with a determined rush scattered the prospective picnickers, who thought that the boat and a few miles of water the safest way out of a difficult situation.

Ranger's Goalkeeper Roach Is Fined $10

OSHAWA, Ont., Sept. 14.—John Ross Roach, goalkeeper for the New York Rangers of the National Hockey league, today was fined $10 and costs when he pleaded guilty to a charge of reckless driving. His driver's permit was suspended for 30 days.

Charges against Roach arose from an accident about a month ago when he drove his automobile into another parked on the side of the road. Roach was cut about the head and was confined to hospital for about two weeks.

Prospector Drowns Companions Saved

PRINCE GEORGE, B.C., Sept. 14 (C.P.)—F. Fallbacher, prospector, lost his life when a canoe in which he was proceeding down the Peace River capsized in the rapids. Fallbacher was accompanied by two unidentified companions who saved themselves by clinging to the upturned canoe and were rescued by Provincial Police Constable Victor Williams and Del Miller, who were making their way up stream.

SKIPPER TELLS HOW HE SAVED FLYING FAMILY

Red Flare Winking Out Code Signal Enabled Ship to Find Party.

PLANE TOTAL WRECK.

All Taken Aboard and Transferred to Angmagsalik—Weak From Exposure.

By Captain Thomas Watson, Master of the trawler, Lord Talbot

TRAWLER LORD TALBOT, Sept. 14. —(By radio, A. P.)— The red light of a flare, winking out a message in morse code over a Greenland ice field, led me yesterday to the spot where the flying family of George R. Hutchinson was stranded, and made possible their rescue.

My ship arrived at Angmagsalik, Greenland, last Sunday afternoon on the way to the fishing grounds at Cape Dan.

Almost immediately we picked up the SOS from the plane, the City of Richmond. The signals gave us the plane's position as about 25 miles off the coast. I gave orders to steam there immediately under full pressure. Shortly after 6 p.m., we reached the spot but could find no trace of the plane.

We continued our search after dark but the icebergs made night navigation difficult and we were compelled to steam at dead slow. We sent up rockets at intervals, but received no reply.

Flare Sighted

Shortly after nightfall Monday night we sighted a flare ahead. I again ordered full speed ahead and we kept right on, working our searchlight continually.

We entered Ikersuak Fjord, south of Angmagsalik, at 1 a.m., and noticed that the flares were coming from the lower end of the fjord. We sent out light signals in morse code, which were answered by the Hutchinsons. The mate landed and talked with Hutchinson, who told him everybody was well.

At 2:15 the boat returned to the trawler and the mate said Hutchinson and himself had decided the swell was too heavy to permit an embarkation attempt during the darkness. The airplane, he said, was a total wreck.

At 7 a.m., soon after dawn, we sent out the boat again and began bringing the Hutchinsons and their crew aboard. It took three hours. We then proceeded to Finisbu where we put them ashore at 3 p.m. They all seemed to have stood up well under the exposure.

Safe and Sound

ANGMAGSALIK, Greenland, Sept. 14.—(AP)—The George R. Hutchinsons, no longer a flying family, were safe and sound here today after their rescue yesterday by the trawler, Lord Talbot and they faced the problem of getting away from Greenland before the long Arctic winter closes in.

They had a good night's sleep last night and were feeling fine this morning.

The Lord Talbot, which rescued them yesterday from the spot near the Eskimo village of Eker where their plane was forced down and wrecked by a sleet blizzard Sunday, brought them all here at 3:30 yesterday afternoon.

When they arrived they were rather weak after more than 24 hours exposure on the grim Greenland coast without proper winter clothing. They were taken immediately to the home of Colony Manager Rassow where they went to bed.

The Danish government began negotiations with the Lord Talbot to bring the family and crew of the plane to Aberdeen, Scotland or Reykjavik, Iceland. Although the owners of the trawler at Abderdeen instructed its captain to continue on his fishing expedition they let it be known that if the Hutchinsons wish eventually to be taken any place the ship will be available to take them.

Second Trial Opens For Two Unemployed

HAMILTON, Sept. 14 (C.P.). — Charged with being members of an unlawful assembly, James Walker and James Southgate went on trial before Judge Thomson in County Criminal Court to-day. Walker and Southgate were arrested last May during the unemployed outing at Woodlands Park, when police were forced to draw their batons to disperse a crowd and firemen later sprinkled the gathering with hoses.

The two men were tried last spring and the jury disagreed, necessitating a second hearing. It is expected that to-day's session will consist in a rehearing of evidence previously given.

Manion Will Open S. Huron Campaign

EXETER, Ont., Sept. 14. (CP)— Dr. R. J. Manion, Minister of Railways and Canals, will fire the opening shot in the South Huron federal by-election campaing, when he speakes here Thursday in behalf of Louis H. Rader, Conservative candidate. The by-election is necessitated by the death of Thomas McMillan, former Liberal member.

William Cooper of Kippen, Independent and William Golding, Seaforth, Liberal, are other candidates for the seat.

Nomination day is Monday, Sept. 26 and election day, one week later, on Oct. 3.

The first shipment of Canadian-grown tobacco to be made to the British colony of Sierra Leone left Montreal recently consigned to Freetown in West Africa

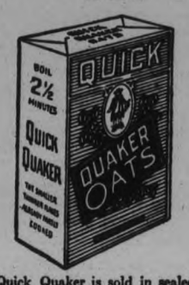
EXCLUSIVE FEATURES

Choicest of Oats—We use only the best 10 lbs. in a bushel of the finest grain.

Ten Roastings—to give richer flavour, to cook deliciously in 2½ minutes.

And Now . . . the precious Sun Vitamin D. No other oats contain Vitamin D.★

Rich, appetizing nourishment for less than a cent a dish



Quick Quaker is sold in sealed packages only, NEVER LOOSE in BAGS. Packages of all Quaker cereals contain coupon with which valuable personal and household articles can be secured.

YOU can cut breakfast food costs! Yet serve richer, more flavoury meals. And build up strong, energetic little bodies, by using Quaker Oats regularly.

For Quaker Oats is rich in body building protein, like milk, meat and eggs. It provides minerals for pure, rich blood. It is full of the concentrated energy usually found in expensive foods. And now made better by the addition of Vitamin D. No other oat contains the sun vitamin. Yet it costs less than a cent a dish.

Only Quaker Oats has this richer flavour

Quaker Oats has an nut-like flavour, because of the exclusive Quaker roasting process. Do not expect to find this flavour in any other oats.

Only the best ten pounds in any bushel of oats are good enough for Quaker Oats. Quaker roasts these plump whole kernels through ten different ovens. Roasts the flavour so it cannot cook out.

QUICK QUAKER OATS

★NOTE! All Quaker Oats and Quick Quaker now at your dealer's contain sunshine Vitamin D, whether so stated on the package or not. 3388

CYCLIST BADLY HURT

BRANTFORD — Gales Suddaby lay in hospital with critical injuries suffered last night when his motorcycle was in collision with an automobile driven by Mrs. Lloyd Pearce.

He has a broken arm, concussion of the brain and a possibly fractured skull.

NEWLYWEDS INJURED

SIMCOE.—A. R. Emslie and his bride of four days were confined to their home here to-day suffering from painful injuries resulting from an automobile accident last night when their car sideswiped a truck and left the road.

Neither was seriously hurt, but both were cut by flying glass.

Prince Adopts Flaming Colors

BIARRITZ, Sept. 14 (C.P.)— Flaming colors are the "style hint" society men got from the Prince of Wales' recent sojourn here. His favorite costume was a bright red sports shirt with zipper fastening. With it he wore gray knickers, red socks and white brogues.

STEAMER SINKS, CREW SAVED.

DOUARNENEZ, France, Sept. 14. —(A.P.)—The Greek steamer Chloe which ran on the Ushant reefs in a fog last night, sank to-day after its boilers exploded.

Fourteen men were still aboard when the ship went down but they were rescued by a lifeboat.

ONTARIO GRAIN

TORONTO, Sept. 11.—Approximate prices track shipping point—Wheat, 44c to 46c; oats, 23c to 25c; barley, 38c to 40c; corn, 46c to 43c; rye, 35c to 33c; buckwheat, 32c to 35c.

This McClary will burn every pound of it . . .

Is yours a temperamental furnace that burns only a certain grade of coal! Then this *is* news. The McClary Sunshine *will burn any kind of coal you buy for it.* And will continue to do so through a lifetime—through good years and bad. The Venti-Blast Ring, responsible for this remarkable performance, is but one of many important features. Others—low operating costs, healthy heat, cleanliness, sturdy construction—even automatic humidification if you wish. Let your McClary dealer show you how the Venti-Blast Ring literally feeds fire to fire—and saves you on fuel costs.

Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

RECENTLY AT A WAYSIDE eating place, which was not commercial as a lunch stand, nor so smart as a tea room one woman at an adjoining table was heard to say to another:

• • • • • • •

"A woman certainly appreciates a woman's touch. Look at these plate doylies. Anyone would know a woman ran this place. I've never been here before, but I just guess the food will be good home-made cooking."

• • • • • • •

Apparently they were waiting with that expectancy which motorists feel when they seek good food at a place by the road.

• • • • • • •

The doylies were circles of linen with very easy crocheted edges, little more than chainstitch loops, each loop beginning and ending in the centre of two adjoining loops in the preceding row. There were four rows of such loops, with picot stitches in each loop positioned to come between the stitches joining loops together.

• • • • • • •

The one who served was apparently the woman who ran the place, because when it was pointed out to her that the homelike touch to the table was appreciated, she said:

• • • • • • •

"I thought at first that I'd have table oil cloth mats, but concluded I would make these instead. They seemed a little daintier. I'm glad you like them."

• • • • • • •

There is undeniably a touch which a woman gives things about a home, or any place which deserves a homelike atmosphere, which cannot be duplicated.

• • • • • • •

It is a tribute to her ability that this is so. She has a natural instinct for homemaking, which is one of her gifts. It can be spurned or it can be cultivated, like any other gift.

• • • • • • •

But it is only those women who cultivate this beautiful gift who impart to a home the necessary cosy and attractive appearance. Without this a house is just a dwelling-place.

• • • • • • •

With it(the rooms take on a welcoming and lovely character.

CULBERTSON on CONTRACT

by Ely Culbertson

World's Champion Player and Greatest Card Analyst

RESPONSES TO A TAKEOUT DOUBLE

Lesson No. 20

Whenever a defending player doubles an Opening bid of not more than one notrump or not more than two in a suit, his partner is forced to take out the Double (if partner has not yet bid), unless the opponent on the Doubler's left bids and takes out the Double. The partner of the Doubler must respond no matter how weak his hand may be. Likewise, partner must respond if the Opening bidder doubles after his partner has failed to support his Opening bid, or if the defending Doubler, having failed to get a response because of an intervening bid, doubles again.

If the partner of the Doubler holds 1½ honor-tricks or less, he must make a simple (non-Jump) Takeout—a minimum response—no matter how weak his hand, unless he is released by an intervening bid by an opponent. With about 2 honor-tricks, he should make a Jump Takeout on even a rather weak major suit (even as low at Q J 3 2) or on a stronger suit with less strength in side suits. This is a strength response. With more than 2 honor-tricks, the response should be a double Jump Takeout with a good trump suit containing about 4 trump tricks.

With two four-card suits, one a major and the other a minor, the major should be bid even if the minor suit is stronger. With a four-card major suit and a minor suit of more than four cards, the major should be bid in preference to the five-card minor even if the major is headed only by a Knave. A six-card minor suit, however, should be bid in preference to an average four-card major.

With two four-card major suits, bid the higher (spades) even if the hearts are stronger.

If the only four-card suit you have is the oponents' suit (that is, the doubled suit), and you have no stopper in it, bid the lowest three-card minor suit you have. If you have a similar holding with a stopper in the opponents' doubled suit, bid no-trump if you also have at least 1 honor-trick in your hand. If you have a stopper in the opponents' suit, but also four-card major suit, prefer the major suit, generally speaking. But if holding a four-card minor suit and also a stopper in the opponents' suit, bid no-trump, if you also have at least 1 honor-trick in your hand. But if you lack at least 1 honor-trick, bid the minor four-card suit.

Any non-Jump response to a Takeout Double is a minimum response, showing 1½ honor-tricks or less (or at least 1 honor-trick and a stopper in the opponents' suit if notrump is bid), and the Doubler must regard it as such, since he forced his partner to make some response. If the partner of the Doubler is released from bidding by an intervening adverse bid, he may make a "free" (unforced) response if he holds sufficient strength for a Jump Takeout of the Double (as above) supposing that the intervening opponent had passed. The free response should not be jumped, however, since it shows strength over the adverse bid, unless the hand is sufficiently strong to jump.

In general, the Doubler's partner should bear in mind that the Takeout Double, if made defensively, promises at least 3 honor-tricks or more ,he knows that the combined hands have 5 honor-tricks or more. Any partnership holding 5 or more honor-tricks promises some worthwhile contract if the proper bid can be found. If the Doubler's partner holds 2½ honor-tricks or more, it is quite possible that game can be bid even if the response has to be in a weak four-card major is the only instance in Contract in which a player is justified in making a Jump bid on a non-biddable suit. He should remember that the Doubler is ready to stand behind any response he makes, even to the extent of taking out in another suit, if necessary.

Notice, particularly, that a no-trump response to a Takeout Double shows strength. It must not be confused with a "negative" minimum notrump response to an Opening bid by the Opening bidder's partner. A notrump response to a Takeout Double promises at least 7 honor-trick, making 4 or more honor-tricks in the combined hands, and a stopper in the opponents' suit. There is certainly nothing "negative" about such a response!

TO-DAY'S POINTER

The Takeout Double, wisely used, is one of the most effective bidding weapons at the disposal of a Bridge player after his opponents have opened the bidding.

ANSWERS TO QUESTIONS

Lead Through Declared Strength

Question: East, Dealer, opened with one notrump, South passed, West bid two notrump, North three clubs, East passed, South passed, West three notrump, and all passed. East-West were vulnerable. What is the correct lead by South with this hand?

Spades 7 5 4 3
Hearts A 10 9 5 4
Diamonds K 7
Clubs 6 2

Answer: The correct lead with this hand is the highest club. South will thus be leading through the declared stoppers in that suit up to whatever strength his partner may have. His own long suit of hearts does not lend itself to ready establishment, and it is much better for him, under these conditions, to use the initial lead in an attempt to establish winning cards in his partner's hand rather than to embark on the doubtful venture of attempting to establish his own long suit.

Urges War Spirit In Times Of Peace

VANCOUVER, Sept. 14.—(C.P.)—If the spirit of the Great War were injected into peace, then peace might be more successful, Rev. Sidney Lambert, padre of Christie Street Hospital, Toronto, and president of the Amputations Association of Canada, said yesterday in an address to ministers and laymen of the Vancouver Presbytery of the United Church of Canada.

If socks were knitted for the destitute as they were knitted for the soldiers, and if parcels were sent to those without food as they were sent overseas, I wonder if we wouldn't be on the mountain tops to-day instead of in the valley, he said.

With one accord the audience rose to their feet as Mr. Lambert limped to the platform folowing Rev. George O. Fallis, president of the British Columbia Conference of the United Church.

NEW FOOD PRODUCT INTRODUCED IN MANUFACTURER'S BUILDING

Some Outstanding Exhibits in Building at Exhibition This Year.

TOMATO JUICE COCKTAIL.

One of the newest food products to be manufactured in this city is making its debut in the Manufacturer's Building at Peterborough Industrial Exhibition.

It is Victory brand tomato juice cocktail, which the Canada Packers Limited started to manufacture in their local plant on Monday of this week, and for which they have recently installed costly new equipment.

Made from fresh, ripe tomatoes grown right in this district, the Victory Tomatoe Juice Cocktail makes a pleasing display and is fully indicative of the enterprise that is generally displayed by Peterborough's manufacturers in creating and meeting public demands.

Canada Packers Limited are also introducing Maple Leaf Brand bacon, which is in future to become one of the standard brands of this progressive packing concern. In an introductory offer the Company is presenting each purchaser of Maple Leaf bacon with a unique bacon and egg frying skillet.

Situated just inside the main doorway of the building, Canada Packers booth is but one of many that are occupied with the exhibits of local manufacturers. It would be difficult to find a more splendid array of manufactured articles grouped together under one roof; the standard this year is probably higher than in any previous display of recent years, and is proof that the local manufacturers are right abreast of the times.

Among the outstanding exhibits are those of the Quaker Oats Limited who are displaying a complete line of cereals manufactured here as well as pancake flour. The centrepiece of the exhibit is an array of silverware premium goods.

Then there is that booth occupied by the DeLaval Company with a complete line of milking machines and cream separators, tastefully set off with a black and silver background. A notice displayed at the booth indicates that a practical demonstration of milking is given each day of the Ex at five o'clock in the cow barn. The demonstration of milking is made with a herd of pure bred Ayreshire cows the property of G A. Mann a satisfied user of DeLaval milkers for nearby fourteen years.

Needless to state the Canadian General Electric Company products which include electric washers, refrigerators and stoves occupy a prominent place. The display is made by Grant and Thorpe the Company's local agents.

Western Clock Display

Then of course the Western Clock Company Limited again has a great display of timepieces ranging from the pocket watch to alarm clocks and the ultra modern Big Ben Electric Alarm. The booth attracted a great deal of admiring comment last evening showing as it does that the Westclox is right to time with the latest developments in the wach and clock making industry.

It would not be a complete exhibit of locally manufactured products if the Canadian Canoe Company were not included, and as usual they have a commanding position with an equally commanding array of articles for which they are famed the world over. There is a smart, speedy-looking outboard boat as the centre piece, and surrounding it are neatly grouped skiis, toboggans, aqua planes, and paddles etc.

Making their first appearance at the local Ex, Purity Bakeries Limited of Peterborough and Lindsay have a truly fine display of products direct from their ovens and representative of the skillof high class bakers. At the stand is featured the new Butter-Milk Loaf and also Roman Meal Health Food for which this firm has the exclusive agency.

Almost opposite this booth is a fine mechanical display of the Dominion Department of Agriculture in charge of M. R. Mitchell of Ottawa. Valuable information is available here for the farmer and rural dweller, while free booklets are also being distributed entitled "Beef and How to Choose It". The booklets contain about one hundred recipes for cooking beef, and may be obtained by anyone merely for the asking.

A pre-view display of ladies and men's fall outwear is featured in the exhibit of the Canadian Department Stores Limited, which is shown to advantage against a maroon colored background.

Attractive in the extreme the display of spool Axminster carpets manufactured by the Brinton Carpet Company Limited of this city is holding the interest of every visitor to the building. The booth is in chargeof A. H. Cocks.

Birthday and wedding cakes, and dainty tasty-looking pastries are featured by Stocks Bread Limited, while prominence is also given at this booth to Vitos Bread. It is a smart, cleanly looking exhibit fully in keeping with the dignity and prominence of this old-established bakery.

Rice Lake Hudson Seal skins neatly arrayed against a background of fur-coated models, comprises the catching exhibit of Barries Limited.

Men's suits and overcoats are displayed near the main door by Grafton's Limited, while nearby is the exhibit of Gyproc fireproof wallboard and Dry Insulex roofing material.

Silverwood's Peterborough Dairy, where one may pause for a refreshing and healthful drink of milk or Ovaltine; and the displays of J. J. Turner and Sons, tent and awning manufacturers and W. J. Hamilton Furs about exhausts the exhibitors housed within the Manufacturers Building. That is with the exception of Roy Studios who have been continuously exhibiting at Peterborough Ex for thirty-four years.

Roy Studios' Exhibit

This year the display of the Roy Studios is larger and more artistic than ever, and outstanding among the photographs on display is one of Mayor Roland Denne, president of the Fair Board. Typically characteristic of the Mayor, the picture was taken unknown to him on the exhibition grounds two years ago.

Another picture that is attracting admiring attention is one recently photographed by Mr. Roy in the early morning at Eagle Lake. He has entitled the picture "Morning Mists". In the foreground standing out in bold relief is a huge mass of granite and on the placid waters of the lake is silhouetted the figure of a man in a canoe. The dim outline of the pine trees fringing the borders of the lake can be barely picked out through the curtain of mist that is just about to lift with the dawn of another day.

The beauty of the scene, which Mr. Roy was able to catch with his camera also gave him inspiration to pen the following verses which underline the picture:

"Mists of the morning rising,
Over a lake of grey,
Mystery of night dissolving
Into the glory of day."

"A gentle breeze bestirring
The sleeping pines from their rest,
The eternal rocks still lying
Calm on the waters breast".

"A drop of dew on the surface
Travels in rings around,
The call of a loon in the distance
An eerie feeling sound".

"This is dawn in the north-land
This is the song of light,
Sunrise dispersing shadow,
As day takes the place of night."

—F. L. Roy.

BOTNICK STORE READY TO OPEN DOORS FRIDAY

Something Entirely Different to be Found in Store in Cressman Building.

TWO STORES IN ONE.

Full Range of Men's and Ladies' Ready-to-wear Will Be Carried.

Distinctively novel is the new store of A. Botnick, situated in the Cressman building, which first opens its doors to Peterborough's buying public on Friday.

The store embodies features that are entirely different and unique in its merchandising facilities. It solves the buying problem of both men and women in its splendid furnishings.

It is two stores in one—a woman's store and a man's store. Yet each is strictly private from the other. However, there are connecting arches that make it easy for the woman to go from the ladies' store to the men's where she may find everything needed in a gentleman's wardrobe. Similarly the husband can easily gain entry to the women's store. Husband and wife can do their shopping together in the Botnick store, since the store combines—although in distinctly private departments—the full clothing needs of both.

The store is a creation of Mr. Botnick's own brain and is an outgrowth of his many years of merchandising experience. For fourteen years Mr. Botnick has been a George street merchant, but in his new store he has something entirely different.

In both the men and women's stores the furnishings are the latest. No expense has been spared in its fixtures that will make shopping a delightful experience in the Botnick store.

Well-lighted so that the true colors of all materials will show forth, the store has many little nooks equipped with large mirrors in which the shopper can judge her appearance in new frocks, dresses, coats and hats. The same is true in the men's store. In the ladies' store are several changing compartments, which assure the utmost in privacy, that are equipped with many mirrors.

The Botnick store will have a full range of ladies' and men's ready-to-wear, each in its own private store. The men's store is entered from the south door, the ladies' store from the north door. Also there will be a full line of millinery and men's haberdashary.

Quality goods at fair prices will be the motto of the Botnick store. In the wide range of garments there will be many to suit every purse and every need.

Shoppers of both sexes may expect a thrill when they first visit the new store. Its distinctive features will be appreciated better after a visit. The new store should gain many friends because of the wide service it offers to the buying public.

Forty-Fourth Year Clerk Of Hastings

HASTINGS, Sept. 14. (Examiner Correspondence).—Recent press dispatches from Ingersoll, Ontario, claiming the honor of having the oldest clerk in the province, as for the number of years served.

Alex Wilson of Hastings is now on his forty-fourth year as clerk of Hastings and over fifty years holding an office in connection with the affairs of the village. Mr. Wilson's first office in Hastings was tax collector fifty-one years ago. He was only nineteen years old at the time and got a salary of $15 for collecting the taxes which amounted to a little over $1,200 for all purposes. The population at that time was over 1,300 while this year the taxes are over $13,000 and the population is 750. Hastings suffered a number of big fires since then that have wiped out what big factories they had and the majority of these were not rebuilt, making it necessary for the citizens to move elsewhere.

At the present time there are only three people living in the village who paid taxes at the time Mr. Wilson started.

Trinity Auxiliary Plans Season's Work

The first of the fall meetings of the Young Women's Auxiliary of Trinity United Church was held on Monday evening at the home of Mrs. H. B. Hanna, Elias Avenue, with a good attendance. After a short program, plans for the season's work were discussed and arrangements made for the rally of Young Women's Auxiliaries and Mission Circles to be held in Reid Street Hall on September 23.

Refreshments were served at the close of the meeting.

AIRMEN DEMAND DAVILA RESIGN

Chilean Group Threaten to Bomb Presidential Palace to Gain Objective.

CABINET RESHUFFLED.

SANTIAGO, Chile, Sept. 13.—(A.P.)—The army air force rose in revolt to-day against the administration of Provisional President Carlos Davila, threatening to bomb the Presidential palace or attack it with troops if he refused to resign.

The revolt was led by Colonel Arturo Merino Benetez, frequently a storm centre of the air force, and its nucleus was at El Boasque airport on the outskirts of Santiago.

The movement started a few hours after the entire cabinet resigned and President Davila succeeded in reshuffling the ministries and forming a new government.

KIWANIS PLAN BIG CARNIVAL

New Idea in Advertising in This District Sponsored by Club.

ON SEPTEMBER 22

The new idea in advertising in this district is being sponsored by the Peterborough Kiwanis Club. The club, which is operating a street carnival on September 22 at the corner of Aylmer and Charlotte streets is also conducting a treasure chest hunt in a "different" way.

With the co-operation of about seventy-five merchants, the Kiwanis Club is distributing fifty thousand keys, some of which are master keys which will open the lock on the treasure chest.

These keys are being given free to patrons of the co-operating merchants, on any purchase amounting to 50 cents or more. The key which is attached to a card entitles the bearer to free admission to the carnival.

The chest will contain $50 in cash and the person who gets to the carnival first with a key that will unlock the lock on the treasure chest will secure the $50.

In order to avoid congestion the carnival committee has made arrangements to have a duplicate lock at each booth. In this way the crowd will be better divided and give more people a chance to try their keys in the locks.

This feature of the carnival will start promptly at 7 p.m. and the committee advises all treasure chest hunters to be on hand promptly at that time.

Incidentally it might be said that the Kiwanis Club did not go out of town for any of its supplies. The keys were made in Peterborough by the Lock Works.

MOORE'S DEATH STILL MYSTERY

Former Hockey Star of Saskatchewan is Laid to Rest by Team-mates.

BROODED OVER ACCIDENT.

REGINA, Sept. 14. (CP) — Six former teammates carried the body of Percy Moore, one of the smartest hockey players Saskatchewan has produced in years, to the grave today while an element of mystery still hung about his death at Prince Albert Monday.

Moore's body was recovered from underneath a pile of bran in a bin at the ficur mill where he was employed in the northern city. A coroner's jury said death was due to suffocation and took note of evidence indicating he was in a more or less despondent mood. Officials of the mill at the inquest doubted his death was accidental as they said it was difficult for a man to get into the bin and the weight of the bran coming down the chute ought not to have been sufficient to overpower a man of normal strength.

Other evidence indicated Moore frequently brooded over the death of a girl in an automobile accident, for which he had served a term in prison. Miss Winnifred Bonshor said his conscience frequently troubled him and the memory of the accident haunted him. He had told her he frequently awoke in the night screaming after dreaming about the fatality.

WEDNESDAY, SEPTEMBER 14, 1932

THREE BIG DAYS.

Three big days remain of the Peterborough Industrial Exhibition with crowded afternoon and night programs, and they should be enough, with the assistance of good weather, to establish new attendance records and place the financial success of the big fair on a par with its general merit.

With horse racing, vaudeville of unusual excellence and the spectacular exhibition by the famous Royal Canadian Dragoons of Toronto, the entertainment program leaves nothing to be desired, while the extensive midway provides many interesting features for those who believe that an exhibition without a good midway is not an exhibition at all.

So much for the entertainment end of the Peterborough Industrial, but it would be a serious mistake to judge the Exhibition merely by that department; the exhibits of livestock and flowers and the displays by local and outside manufacturers are a whole show in themselves, and those who do not give themselves time to see all these and the many other exhibits will be depriving themselves of the benefit of one of the strong features of this year's fair.

There should be three great days at the Peterborough Industrial, to-morrow, Friday and Saturday, with a patronage that will put the complete success of this year's fair well out of the doubtful column.

THAT RACE-TRACK KILLING.

A Toronto morning paper featured yesterday a story of an unemployed Queen City machinist who wagered $2 at a race-track and won $3,100.75.

The human interest angle to this incident perhaps justified the prominence given the story; everybody is interested in hearing about fortunes being developed out of the thin air, and the public can be depended upon to eat up every word of a newspaper article that deals with such a fairy tale happening.

There will be just a little doubt in some people's minds, however, as to whether such publicity for a race-track coup is after all in the public interest.

Race-track betting once in a while produces a big winner, and much less often that winner may be like the Toronto man or person to whom a thousand dollars or so means a whole lot of money.

But it should not be forgotten that for everybody who pays in $2 and takes out $3,100 there are thousands every day who pay in $2 and take out nothing.

The good luck of this fortunate out-of-work machinist should not lead a lot of other folks to imagine that they can go out to-day and accomplish a similar killing, because if it should happen to have that effect a good many $2 bills that are badly needed for food and shelter are going to be tossed away.

Once in a blue moon somebody apparently gets a lot of money for nothing, but in the long run it will be found that race-track gambling opens no royal road to wealth; on the contrary, it represents a sink-hole into which a host of people are pouring money that can ill be spared.

Remember, it's only the occasional winner that gets into the front page headlines, and it is because big killings are rare enough to be real news that the large type is used.

DANGEROUS ADVICE.

Many of the things said by Miss Agnes MacPhail, M.P.—and she says a lot in a year—can be dismissed without comment as harmless or helpful as the case may be.

When, however, Canada's only woman member of Parliament starts going round the country telling the farmers that they shouldn't pay their taxes, Miss Mac-Phail is on dangerous ground and is adding to the seriousness of the situation rather than doing anything to assist agriculture out of its difficulties.

Tax bills, of course, are a heavy drag upon the farmers of Canada, as they are upon other people who are not farmers, but they represent the responsibilities of citizenship and their payment is necessary if the machinery of government is to be carried on.

It is an easy thing to tell a farmer audience not to pay their taxes just as it is an easy matter for any fool to throw a match into a barrel of gasoline, but patriotic citizens who regard their duty to the state as a solemn obligation would not be guilty of anything so deadly as to advocate a general disregard of civic responsibility such as would be involved in refusal to pay tax levies.

For a member of Parliament to give such dangerous advice is an especially flagrant violation of the principles of good citizenship, and should be enough to condemn the offending party in the eyes of all who realize that duty to the state should come first.

EDUCATING FARMERS.

In addressing the Rotary Club here the other day, Hon. Duncan Marshall declared that there was a very great need of better facilities for farm education in this country—in fact, the former Minister of Agriculture for Alberta remarked that this was what Canadian agriculture most required at this time.

With that view The Examiner is in accord, although sometimes we are inclined to think that before more public money is spent upon providing the facilities mentioned by Hon. Mr. Marshall that a more receptive attitude on the part of Canadian farmers to the machinery for education already available should be indicated.

Governments may not have done all that they might have done in the way of furnishing more scientific education in agriculture for country boys and girls, but they have invested a lot of public money toward that end, and it must be admitted that a good many farmers have taken no advantage of these facilities and have been inclined to ridicule those neighbors who visualized the opportunity and embraced.

Only a day or so ago Miss Agnes MacPhail did a lot of sneering in a speech at Kincardine about the experts who attended the recent farm conference in Toronto. Farmers, she intimated, didn't need any expert advice; they knew all about production and required no help from the experts.

We are inclined to believe that the heads of agricultural colleges and other authorities are capable of giving much useful advice that the average farmer could use to advantage. Miss MacPhail notwithstanding, and the fact that men like Herman Trelle, who knew nothing about farming, could develop into the world's champion wheat grower and the late Hon. John S. Martin, who knew nothing about chicken-raising, could become the Wynadotte king of the world and earn a fortune, in both cases depending largely upon Government advice and publication as their guide, goes to show that the experts often know just what they are talking about.

TWO MEN.

(London Sunday Times)

The British delegates have returned from Ottawa, and no men ever deserved a holiday more. For it has been a strenuous business, very unlike former Imperial Conferences, which were largely a matter of eloquent generalities. This has been an affair of close argument and hard facts, the proper type of conference for an Empire whose future lies in a business partnership. That it has so largely succeeded is an immense tribute to the industry and tact of all the delegates, and to the leadership of two men, Mr. Bennett and Mr. Baldwin.

The Canadian Prime Minister emerges with a reputation enormously enhanced. He was a magnificent chairman and kept the conference from stagnation. Nor should it be forgotten that he had a most delicate task, for he was also the national mouthpiece of Canada and had to keep a sharp eye on Canadian interests without losing his breadth of vision. In this difficult position he revealed powers which must have surprised even his closest friends.

As for Mr. Baldwin, he was the great peacemaker. His role at the conference, as it has long been his role in British politics, was to lessen the margin of difference between disputants and enlarge the common ground. He began with the supreme advantage that everybody trusted and liked him. Only those who have worked with him know his patience and ingenuity as a reconciler, and he has also the gift of speaking at the right moment the right word which makes the right atmosphere. But it must have been a colossal labor, coming at the end of a year of heavy toil, and it is small wonder that at the close he looked fagged and white. I remember the same kind of look on his face during the general strike. He has great powers of physical endurance, and he soon recovers, but he can get very weary. I hope that the fates will decree him a long and peaceful holiday.

TOYING WITH IT.

While Premier Henry made no promise and gave utterance to no new policy as such in regard to the Liquor Control Act, his intimation that a law might be worked out whereby dining-room hotel guests could serve themselves with their own Government-bought beer or wine, has been given the interpretation that the Premier is at least toying with the idea of changing the act. Newspapers which have been friendly to the Ontario Government will no doubt be equally frank in condemning any experiment in greater latitude in the sumptuary law. This paper on Saturday pointed to the weakness bound to result where dining-rooms might, by force of circumstances, have to be invaded by the minions of the law and an examination of permits made on the spot.

The Globe goes one better along the same line. It visualizes conditions:

Imagine the hotel dining-room of Mr. Henry's to-morrow! A parade of thirsty guests from the Government liquor vendor's emporium to the tables, each hauling his bottle—or bottles—or cartons—or, possibly, in the case of larger convivial parties, kegs—of beer, all of it quite legal under the new Henry dispensation and quite beyond the interference or control of the hotel proprietor or his staff. A few of the gayer guests may bring along champagnes and imported wines to add zest and sparkle to the festivities. As the dinner advances and the revelry increases there may, of course, be "accidents." Glasses may be broken. Linen may be ruined. Untoward and unfortunate happenings may occur. Too bad. It can't be helped. The hotel must attend to that, and deal with its guests. The Government liquor stores supplied the beverages—and the Government liquor stores have collected the price. Mr. Henry's revenue is looked after—and the hotelman must look after himself.

The best advice which can be tendered to the Government is to leave well enough alone. The present system, where vendors are conscientious, does make an effort toward greater moderation. This comment applies right in this city. And it does effect considerable control. Hardly any change can be contemplated which will not loosen the administration, and that is not desirable at all.—St. Catharines Standard.

EDITORIAL NOTES AND COMMENT.

Let us hope the flying Hutchinsons will confine their travelling to steamers and trains henceforth.

The Trades and Labor Congress wants sweepstakes legalized and sale of beer by the glass permitted. Neither of these proposals would seem to be likely developments of the immediate future.

Three big days of Peterborough's Industrial Exhibition are left. Make every day a record-breaker.

Hon. Duncan Marshall's advice to view the livestock exhibits at the big fair should be remembered. Some of the finest livestock to be found in Canada is on exhibition here.

Mahatma Gandhi has got back on the front page, this time with a threat to starve himself to death. Another problem for the British Government.

The termination of the Imperial Conference this week is merely technical. The delegates have still to go home and square themselves with the voters.

The busy bee has no time for sorrow.—Chicago Daily News.

The best tribute to Beck's memory is loyalty to Beck principles.—Toronto Globe.

Most of the cases that go to the hospital after a motoring week-end can be lumped under the general diagnosis of hardening of the arteries of traffic.

(Copyright, 1932, by The Bell Syndicate, Inc.)

IN DAYS GONE BY

Items Taken From Old Fyles of The Examiner.

SEPTEMBER 14, 1932

Mrs. Adjt. Hood, of the Salvation Army and daughter of Mrs. C. A. Burtch, Peterborough, died recently while doing mission work in India .... The largest entry list on record marked the opening of the four-day Exhibition here yesterday.

SEPTEMBER 14, 1912

F. C. Webber, Toronto, has purchased the drug business of Mr. George Reilly, corner of King and Bethune streets.... A large throng at yesterday's Exhibition saw the lady balloonist make a very successful ascent, coming down safely in her parachute.

SEPTEMBER 14, 1902

Six new telephones have been installed around town, and the names and numbers should be pasted in telephone directories, the owners being: W. J. Doughty, Houedry and Son, A. P. McDonald, LeGros, Cigar Store, Little Lake Cemetery and E. M. Poussett, broker.

In Lighter Vein

The Retort Courteous.

John Van Buren, old-time Maine lawyer, had just won a close decision in the Superior Court.

"I would like to know, Mr. Van Buren, if there is any cause so despicable that you would not be ready to advocate it for money!" his antagonist's client exclaimed, as all walked out of the court room.

"I don't know," Van Buren drawled, "what have you been doing now?"—Boston Globe.

Sent Home.

James came to a word he could not pronounce.

"Barque," prompted the teacher.

James snickered.

"Barque!" exclaimed the teacher, harshly.

James (obediently)— 'Bow-wow,"—The Recorder.

Sr-h!

"Their engagement is still a secret."

"So everybody is saying."—Ghendai Mangwa (Tokyo).

STEALS EMPLOYER'S CAR GETS SENTENCE FRIDAY

HAMILTON, Sept. 14. (CP) — William Sheppard, Chatham, Ont., will be sentenced Friday for theft of an automobile from his employer, Edward Wales.

Sheppard took the car and drove to London on September 9. He stayed at a hotel where fellow workers lodge and during a night session of fairly heavy drinking found someone had located a roll of bills, $79 behind the radiator in his room when it should have been in another room. He was charged with stealing the money, but the charge was dismissed.

He said he thought he was entitled to borrow the automobile from his employer.

Swedish truck manufacturers are busy and have advance orders.

Quotations For To-Day

The equal right of all men to the use of land is as clear as their equal right to breathe the air—it is a right proclaimed by the fact of their existence. For we cannot suppose that some men have a right to be in this world, and others no right.

—Henry George.

GRAIN AND PRODUCE REVIEWS

TORONTO PRODUCE

TORONTO, April 14. —The local butter market continued to show a steady undertone yesterday and a slight increase for prices on creamery solids. Brokers found trading fairly quiet, but receipts were not too heavy and the storage holdings report indicated a decrease of 9½ million pounds for Canada on Sept. 1 this year in comparison with Sept. 1 last year. Ontario solids were quoted at 23c to 22¼c for No. 1 and 21c to 21¼c for No. 2, while Western makes were offered at 22½c. Buyers seemed to be well supplied, but trade was not draggy. Local wholesalers quoted the trade creamery prints at the steady prices of 25c for No. 1 and 24c for No. 2.

Toronto buyers of butterfat quoted firm levels at 20c for special, 19c for No. 1 and 16c for No. 2, f.o.b., country points.

Cheese

The demand for new makes of cheese continued and prices were steady on this market at 10¾c to 11c for large, 11c to 11¼c for twins and 11¼c to 11½c for triplets. Prices to retailers for new makes were steady with the recent increases at 12c for large, 12½c for twins, 12½c for triplets and 14½c for stiltons.

Eggs

Though the Dominion storage holdings report showed a decrease in eggs on hand of around 3 million dozen, prices for graded supplies on this market yesterday were slightly easier. Brokers quoted graded eggs in free cases at 24c to 25c for extras, 20c for firsts and 13c for seconds, and reported receipts ample for the demand and trade slow. Prices to country shippers were unchanged at 23c to 23c for extras, 17c to 18c for firsts and 11c to 12c for seconds, delivered, ungraded, cases returned. Retailers were offered fresh supplies at 29c to 30c for extras in cartons, 28c to 29c for extras loose, 22c to 23c for firsts loose and 15c to 16c for seconds loose.

CHICAGO GRAIN

CHICAGO, Sept. 14.—Wheat regained poise late yesterday, and helped by rallies in stocks and cotton recovered in full from sharp early downturns.

Reports that an European cartel was negotiating for the purchase of 50,000,000 bushels of wheat from the United States Farm Board were a late bullish factor. There was a noticeable increase of buying toward the last on the part of houses with connections east.

Wheat closed unsettled at the same as Monday's finish to ¼c higher; corn unchanged to ¼ down; oats ½ off to ½c advance and provisions varying from 12c decline to a rise of 10c.

MONTREAL PRODUCE.

MONTREAL, Sept. 14.—Potatoes advanced in price yesterday on the Montreal market, becoming mostly 50c for 80-lb. bags, with some of the best quality stock quoted at 60c. This is for new Montreal-grown potatoes. Maritime stock has not arrived on the local market as yet. Prices represented an advance of 20c. per bag from last week's levels. Prospects of a smaller crop are believed responsible for the advancing market.

The regular weekly auction of butter and cheese will be held tomorrow, when offerings will be 800 to 900 boxes of Quebec cheese and 600 boxes of butter. Prices for both these lines generally held unchanged. Butter was quoted at 22c per lb. in carlots for current make. Cheese was 10¾c to 11c for Ontarios, and 10¼c to 10¾c for Quebecs. Butter receipts, 54 boxes; week ago, 27; year ago, 811. Cheese receipts, 4,519 boxes; week ago, 2,303; year ago, 3,792.

The egg market was inclined to be draggy. Ontario fresh eggs in cariots or L.c.l. lots were quoted 27c to 28c for extras, 19c to 20c for firsts, and 14c for seconds. Prairies were 26c for extras, 18½c to 19c for firsts, and 13c to 13¼c for seconds. Receipts, 2,185 cases; week ago, 1,054; year ago, 1,567.

WINNIPEG GRAIN.

WINNIPEG September 14. — Substantial purchases of Canadian wheat overseas continued to provide stout resistance to hedging sales of new-crop wheat. Pressed down for losses of more than one cent shortly after the opening, wheat came back, to close practically unchanged. Closing prices were ¼c lower to unchanged from Monday.

October closed at 52½c, December at 54¼c to 54¾c, and May at 59c to 59¼c.

Weakness in outside markets and pressure of heavy receipts and country marketings caused a sag shortly after the opening, but resistance in the form of export demand soon made its appearance, and checked a swift decline.

Farm Deliveries.

Deliveries from farms in the West totalled 6,351,000 bushels on Monday, compared with 2,925,000 bushels on the same date last year.

Canadian wheat continued to offer at prices cheaper than competitive wheats, and at very substantial discounts under Australian wheats.

No improvement was noted in cash wheat and coarse grains Prices were firm to slightly lower.

BIGGER AND BETTER

STATION L-O-V-E

BY CRAIG CARROLL

(Continued from yesterday.)

INSTALMENT 15

Judy listened to Elton Day's explanation.

"I said yesterday I was running the show," Day said. "I was wrong. No writer ever runs anything. The client cuts in whenever he feels like it. And this particular client—well, things were said."

"Things were said? What things?" Judy asked.

"I can't tell you."

"And then?"

"Then the client said he liked another voice."

"So Lona gets the job?"

"Lona— Why—" Day turned away nervously, tapped the chair arm with his thin fingers. He took out a cigarette, studied it, dropped it, rubbed it into the carpet with a slender foot.

"So your message was final?" she asked finally, knowing what he would say, wishing she had not spoken.

"Far as the Beauty Builders job is concerned, yes."

"I see."

She got up, and he caught her hand, but she drew away. "Please don't, Mr. Day."

"Mister! Why—"

"Or isn't that your real name?" she asked, wishing she could think of something truly devastating. "Anyhow—"

"Hello, Judy," Dick said, coming past the pillar. "Oh you have company. Hello, Day."

Elton Day did not answer. He turned neatly, like an automaton, and hurried down the corridor, not looking back. Judy realized that Dick was about to follow him.

• • •

"No, Dick," she said quietly. "No."

"Oh." He grinned ruefully. "Almost forgot. Mustn't muss up the handsome author. Not while he's around the shop, anyhow. Come along to the studio, Judy."

"But there's no use, is there?"

"Why not?"

"Elton—Mr. Day—just said the client had ordered another girl into the part. And there wouldn't be any use in my trying for the job."

"Never mind. We'll talk about it in a minute. But not out here. Too many people listening. Here, let's go into the studio."

He opened a heavy door. Judy saw a narrow, tall room. At one end, band instruments and music racks, ranged around two enormous grand pianos. Along one wall, a few things which she knew were microphones. Under one of these, a table, about waist high.

"Won't you sit down?" Dick asked. "Here. Nobody will bother us for a few minutes, anyhow. Day told you part of the truth, but not all of it. Here's what happened, Judy. The client called up and ordered a new audition on the whole business to-day. And I think I know why."

"Why?" Judy asked, dutifully.

"Because Lona Burdette did her usual dirty work. Went to see the client. Made a fuss about the audition. Said that—that—"

"That what?"

"Well—" he moved uneasily. "You've got to get used to funny things in this business. People seem to be meaner when they're after a job like this than if it were—well, an office. Or—"

• • •

Judy began to understand.

"You mean Lona told the client that Elton arranged it so only I had a chance for the job? Is that it?" she demanded.

"I guess so, Judy."

"But it's not so. I don't even know him until after the show, when he came to our table."

"Of course you didn't, Judy. But suppose Lona threatened to make trouble for Elton on some of his other programs. She could. She knows too much about him, I guess. Suppose she did? It would be easy enough for Day to get out of giving you the job on the audition itself. Then he could tell you not to report. And I think that's how it works."

"But he couldn't. 'I don't know, Judy. Don't know at all. Only—you are here. And I've already talked to the client. And there'll be a half dozen others here, too. So we'll put on a new audition, straight through. And if he likes your voice better than the others—"

"I'd better not. I'd better go now," Judy said quickly, frightened, puzzled. "It's only $40 a week. That isn't enough money to do so much plotting about. Is it, Dick?"

"No. But the job is. Because if a girl can say she's a success on one of the first-string programs she can get other good jobs. Why, I know a woman who's working on eight different shows at different stations. Making $500 a week, somebody said."

Five hundred dollars a week! Judy caught her breath. It couldn't be possible. Nobody could earn that much. Except artists. People who get $1,000 a night in concert, perhaps; as she had hoped she might. But just for talking! New vistas opened at once. If she could earn a lot of money, if she could go home just for a visit, saying casually, "I have five different radio jobs," or, "I'll have to pay a big income tax this year."

Judy knew her father. Success had only one test with him and that was how much money you got for it and how much you could put in the bank. Even when she was giving little recitals he wanted to know why she would not charge admission.

• • •

"Oh," said Dick. "There's Billy." And, louder, "Bill! Come here a minute, will you?"

Billy had a shock of hair, a grin which showed several gold teeth, smudges across his nose and down one cheek and a pair of overalls.

"Hello," he said. "Been working on a loud-speaker. Got a lot of dirt on me, I guess. I——Ohhhh! He stared open-mouthed at Judy.

"Judy this is Billy Denton. Billy, this is Miss Allison."

"Glad to know you." Billy said, proving it with an even wider grin. "You professional?"

"Why—" Judy began but Dick interrupted with, "Miss Allison has been doing a lot of radio work in the east. She's just come here and she's auditioning for the Beauty Builders this morning."

"Well, hope you get it." said Billy. Then, softly, "Only why a pretty girl should want to be a radio actress—"

"Billy, would you help me a minute?" Dick asked.

"Sure, Dick. What with?"

"Will you cut in this microphone? I want to put Miss Allison through a time rehearsal. Watch your mixer. Make it good, Billy."

"Sure. Dick. Whenever you're ready."

He grinned again at Judy, ducked his head, hurried into the room with the glass wall—the room into which Judy had stared the first time she faced the microphone.

• • •

"Got your script?" Dick asked now, suddenly terse, business-like, watching the big clock high on the wall.

"Yes."

"All right. Stand here. Put the pages on the table. Turn them one at a time. To the side. Be very sure you turn them smoothly, so they won't rattle. And, look, Judy!" He spread one hand, then dropped it quickly. "That means 'start.' And if I do this—" He tightened his finger into his palms, quickly, again and again— "that means tighten it up."

"Tighten?" Judy asked.

"Yes. That is—" he laughed. "Sorry. That means speed up. Time's short. And if I do this—" he spread his palms, moved them to the sides slowly.

"I see," said Judy. "That means go slower."

"Right. Now stand up straight. Don't let your breathing be heard. Space the words so they don't run over. And don't let your voice drop away at the end of the sentence. And don't talk loudly. You don't need to. The first time people go on the air they think they have to shout. But just talk quietly and slowly. And feel what you're saying, Judy. I know it's terrible stuff you have to read, but never mind. Make yourself think it's the finest stuff you ever read in your life. Get excited, even."

Suddenly, just back of Judy's head, a terrific voice roared "Seven!" She stifled an in voluntary scream, jumped sidewise, stared, her hand to her mouth. And behind her again the terrible voice roared "Eleven!" And then, quickly, from all around her came the same voice, shouting gibberish, chanting, yelling, singing.

Dick, laughing, waving his hand toward the glass-walled room. Now she saw the gold-toothed radio man, apparently shouting at her.

"Testing the channels on the microphones," Dick explained, still laughing. "There's a dramatic program right after us, and they use four microphones. He's just seeing if they're all O.K. And I guess they are. So get ready. And I'll give you the signal. And—" Suddenly his voice softened. "Judy, I'm doing all I can in there when the audition goes on. I mean, you won't be able to see me, because I'll be with the client. But I'm counting on you. Try, won't you?"

She felt very warm, for the first time in many hours.

"I'll try my best," she promised. Then, "Dick. You're—you're the nicest man I've ever known. Thank you, Dick."

He might step forward, he might put his arms around her, he might say the things he had come so near to saying last night, he might—He did not. He stood staring, a strange tight line around his mouth. Then, without a word, he walked out of the studio, closed the door, and Judy saw him behind the glass in the control room, standing alongside Billy. She stared at the glass, at Dick. He did not seem to see her at all.

Then she realized that he was ordering her to begin. She picked up the script, dropped it back on the table, turned slightly, looked up, faced the metal thing that somehow, by some magic quite beyond her understanding, could send a voice as small as hers clear across America. Then slowly, very carefully, breathing as she learned to breathe when she studied singing, she began.

"Good morning. This is the Beauty Builder. Every morning at this same hour. I bring you the newest—"

(To Be Continued)

Medical and government officials in England are aroused overd a report showing that drugs used under the National Health Insurance plan of the government cost an average of 25 cents a head more in England than in Scotland, though there is the same proportion of illness in both countries.

$125,934,321 Owing U.S. During December

WASHINGTON, Sept. 14. (AP)—Nations desiring to postpone principle payments due December 15 on their war debts should advise the United States of this intention by to-morrow night.

This 90-day notice in writing was specified in the war debt agreements. The sum of $33,084,485 is scheduled for December payment on debt principles, while $91,849,936 in interest charges must be met at the same time.

Of the amounts due in December Great Britain owes the largest, the interest and principal amounting to $95,000,000.

WINNIPEG GRAIN EXCHANGE

WINNIPEG, Sept. 14. — (CP) — Encouraged by substantial purchases aboard and higher quotations at Liverpool, wheat moved steadily to higher levels today. Despite liberal selling by elevator interests, gain of ½c were marked up at the end of the first hour. The tone was firm.

A large trade was reported to have been worked for export on Tuesday from the Pacific Coast. Sales included four cargoes of wheat to the Orient. No figures were available for the overnight acceptances.

Liverpool closed firm, ⅜d to ½d higher per 100 pounds, while Buenos Aires was ⅜ to ¼c a bushel higher.

A Good Turn

LONDON, Ont., Sept. 14. — (CP). Authorities believe Constable Emmett of the Canadian National Railways police did Clifford Patterson, 5½, of Sarnia, a good service by arresting. Patterson who told police he got drunk in Toronto several days ago had been drunk ever since, was sitting on the tracks apparently having an enjoyable time, when the officer was attracted by the man's shouts. Police say had Patterson remained on the line he would probably have met with serious injury.

SEEK TRENDS IN PRIMARIES

Political Leaders Ponder Democratic Victory in Maine Election.

VETERANS RENAMED.

WASHINGTON, Sept. 14 (C.P.).—Eager for signs of November trends, political leaders scanned results of eight state primaries today, watched Georgia Democrats go to the polls, and pondered Monday's Democratic victory in Maine's off-season election.

In the absence of inter-party clashes, prohibition's influence as an issue was receiving attention from party chieftains in checking yesterday's primary ballots. In other sections they saw veteran office holders fighting to hold their jobs.

In the east, Senator George H. Moses of New Hampshire, and Senator Proter Dale of Vermont were renamed by Republicans for Senate. Senator Ellison D. Smith, four-term veteran, again was named by Democrats in South Carolina over former Senator Coe I. Blease.

Michigan's incomplete returns indicated the renomination of all present incumbents in the House of Representatives.

ALGOMA TOWN IS WIPED OUT

(Continued from Page 1)

blazed among the ruins of the town.

Million Dollar Loss

A hasty estimate placed damage at more than $1,000,000.

Confusion was increased as a gasoline tank on the main street exploded, demolishing a garage and several adjoining buildings. No one was reported injured.

A special Canadian Pacific Railway freight train was awaiting word to pull out of the town with furniture and other effects of those who were able to dismantle their homes before the flames reached them.

Outside the village inhabitants treked miserably away from their vanished homes. Dense smoke drifted overhead on a stiff wind, and cries of fear from domestic animals being driven away filled the air.

ATTEMPT TO END CHURCH STRIFE

Congregation Would Get Westdale Back Into Presbyterian Fold.

HAMILTON, Sept. 14 (C.P.). — Efforts are now being made to restore St. James' Church, Westdale, formerly Westdale Presbyterian Church, to the fold of the Presbyterian Conference here. Yesterday the congregation which had undergone many tribulations in the past six months, applied for readmission to the Presbyterian Church and a committee was named to go into the matter.

With signs of peace now evident, it would appear that the long dispute which resulted in the church being offered for sale under the auctioneer's hammer, would soon draw to an end. At the present time a group of Westdale congregation is holding services in the church building, having secured use of the structure from the holders of the mortgage. The building has been renamed St. James' Church by this group. In the meantime, the former minister, Rev. W. A. Jason Graham, and some of the original congregation have been holding services in the George R. Allan School nearby.

Mr. Graham to-day would make no comment upon the recent efforts of the Presbytery to restore harmony in the congregation.

WELLAND, Ont. — Emery Gross, of Crowland, will leave here tomorrow with an automobile tire, which he plans to roll around the world.

He will be specially dressed to attract attention.

Market Closing On All Exchanges

TORONTO EXCHANGE

TORONTO, Sept. 14. (CP) — Prices dipped sharply in the afternoon on the Toronto Stock Exchange to-day, following a forenoon rally that carried the list back over a portion of the ground lost in the previous session.

The break came with the drop in commodities particularly wheat, and at the close the advance of the forenoon was wiped out to close the important issues lower.

Closing prices were slightly above the lows for the session, but well below peaks reached in early trading. The final few minutes saw a rally that managed to give advances a slight margin over losses.

Consolidated Smelters gained nearly 5 points and then lost 11 to close with a net loss of 5½. Page Hersey Tubes got at 55 and back to 54, up 2. C.P.R. displayed considerable strength and activity in the forenoon to reach 19 and then dipped to 17.

WALL STREET.

NEW YORK, September 14 (C.P.) —A backwash of selling swept through the stock market in the afternoon to-day, erasing a morning close of 1 to 2 points, and sending leaders from fractions to 2 points under yesterday's final prices. The late tone was heavy. Transfers were only about 2,600,000 shares, or about half of yesterday's turnover. U.S. Steel lost about 1 point, and miscellaneous issues off 1 to 2 included American Telephone, American Can., Consolidated Gas, North American, Union Pacific, Southern Pacific, Dupont, Santa Fe, International Harvester, and others. Case dropped nearly 4, influenced by a drop in wheat.

STANDARD EXCHANGE

TORONTO, Sept. 14.—(CP)—Influenced by a late slump in wheat and industrial shares, standard stock and mining exchange listings turned downward in the last hour today, losing most of the forenoon gains and in some cases closing below last night's finals.

Base metal issues, reflecting a rally in London metal prices, led the market upward in the morning but encountered selling late in the day. Pend Oreille and Amulet managed to retain minor gains but both Nickel and Noranda finished fractionally lower.

Golds were mixed, Dome selling up in renewed demand. Teck-Hughes gaining 5, while Lake Shore and San Antonio recorded small recessions.

In the miscellaneous group Mining Corporation recovered 5. Among the oils Home Oil fell 7.

MONTREAL EXCHANGE

MONTREAL, Sept. 14. —(CP)— The Montreal Stock Market again closed lower today. After a firmer trend had been inevidence during the morning hours and had carried leaders fractionally to a point higher, selling began in the afternoon. Losses were mainly fractional, but the tone of the market had suffered a decided change for the worse.

Consolidated Smelters advanced to 86 in the early trading, and then dropped ten points to 76 for a net loss of 7 points on the day.

Among other leaders Montreal Power was the heaviest loser, dropping a full point to 35¾. International Nickel lost 7-8 to 9¾ and Canadian Pacific was ½ lower at 17½.

U.S. Tire Makers Raise Price 11 P.C.

AKRON, O., Sept. 14. — Rubber tire manufacturers, led by Goodyear Tire and Rubber Co., to-day announced an 11 per cent. increase in the prices of automobile tires.

Leaders of the industry sought to establish the increase on June 21, but disagreement postponed action.

The announcement of Goodyear was quickly followed by similar statements issued by Firestone, O. B. Kemmerer, manager here of Sears, Roebuck, and others.

Prices of tire tubes were increased 15 per cent.

It looks as if tires and tubes had seen the lowest selling prices for some time to come. There is still to be had from distributors in the city some tires and tubes at the reduced prices but they will no doubt be readily picked in view of

LABOR'S ATTITUDE DRAWING PRAISE

(Continued from Page 1)

the grave employment situation in the United Kingdom and the United States, was outlined to the convention by Stanley Hirst, fraternal delegate from the British Trades Union Congress and by Frank Powers, Chicago, delegate from the American Federation of Labor.

Unemployment Mounting

Unemployment, according to Mr. Hirst, had increased. On July 25, he said, there were 2,811,782 unemployed registered in the United Kingdom. This was an increase of 98,432 over the previous year. In addition, it had been estimated there were 165,000 who were not registered.

Even graver conditions existed in the United States, according to Mr. Powers, who declared 11,000,000 men were out of work there. There were 10,000,000 more who were employed from only one to three days per week.

The congress adjourned shortly after noon until tomorrow. Delegates are being entertained by members of the Hamilton Trades and Labor council this afternoon.

SOMERVILLE IS ROUND WINNER

Canadian Defeats John F. Brawer, Jr., of San Francisco 5 and 3.

HOLDS COMMANDING LEAD.

BALTIMORE, Md., Sept. 14. — Ross Sandy Somerville, only Canadian competitor in the United States Amateur Golf Championship, decisively beat John F. Brawner Jr. of San Francisco in his first round match to-day 5 and 3. The former Dominion amateur champion from London, Ont., held a commanding lead all the way.

With a record-smashing exhibition of golf, in which he shot the outgoing nine in 30 and covered 13 holes in six under par, Francis Ouimet, of Boston, the defending champion, to-day defeated George J. Voigt, New York favorite, 6 and 5, in the first round.

There were no major upsets in the 16 first round matches as the field squared off for the second 18-hole round.

Francis Ouimet, of Boston, defending his title, gave the most brilliant display of to-day's survivors. He hammered nto the dust the difficult five farms layout, and in doing so overwhelmed George J Voigt, of New York by a 6 and 5 margin.

Breaks Jones' Mark.

Ouimet's outgoing 30, five under par, broke Bobby Jones' former mark of 31, made in the 1927 finals. The Bostonian had six birdies and narrowly missed three others as he wielded a magic putter or laid iron shots dead to the pin.

Voigt himself was only one stroke over par, but couldn't match the sizzling pace of the old mater.

Somerville had no trouble disposing of Brawner as the Canadian shot the last six holes in one under par, aided by birdies on the 13th and 15th holes.

Somerville won tthe last three holes after Brawner had staged a brief rally.

The cards:

Somervillle, out—553, 445, 444—38.
Brawner, out—564, 346, 455—42.
Somerville, in—544, 253—xx.
Brawner, in—443, 365—xr.
(Somerville won 5 and 3).

SEES LIBERALS ABOUT FACING

Will Quit National Government Result of Ottawa Agreements.

HOSTILITY GROWS.

LONDON, Sept. 14 (C.P. Cable).—Announcement that Parliament will re-assemble on October 18 instead of October 27, as originally planned, has brought about revival of assertions in Liberal quarters of impending resignations of Liberal Ministers in the National Government as a result of the agreements entered into by the United Kingdom delegation at the Ottawa Imperial Economic Conference.

The News Chronicle declares Liberal opinion inside as well as outside the Government has hardened into definite hostility. Whereas a week ago the chances were three to two against the early resignation of Liberal Ministers they are now three to two in favor, the newspaper says.

On September 21 the Liberal Federation Committee meets and the attitude of the party is expected to be decided.

The Times editorially declares it is unbelievable Liberal Ministers will be affected by the revival of the incantation resisted at the last general election and again at the introduction of the import duties bill. The Ottawa agreements would constitute no new argument for resignation, the newspaper says. The very worst they could demand would be the extension of the agreement to differ.

Sir Herbert Samuel, Home Secretary, and Sir Archibald Sinclair, Secretary for Scotland, are the chief Liberal Free Traders in the National Government.

Council Turns Down Railwaymen's Plea

Lindsay Town Council turned down the request of the local unemployed railwaymen's request for a resolution to support their move to cut the working railroaders and give some of the work to the unemployed. The Council felt that the request should be settled by the railroads and the Brotherhood.

W. Drain, a Peterborough County man, who is charged with the theft o fan outboard motor at Fenelon Falls, was further remanded in the Police Court yesterday until September 23.

Train Is Wrecked 50 Legionaires Die

ORAN, Algeria, Sept. 14 (A.P.)—A train loaded with members of the French Foreign Legion fell into a ravine to-day. The Havas News Agency reported 50 of the Legionaires were killed and 80 injured.

The wreck was believed to have been caused by the sinking of the roadbed after heavy rains.

The train was transporting 500 officers and Legionaires from Sidi del Abbes to Oujda. The accident occurred between Zelboun and Turenne, near Tlemcen.

Livestock-Produce Quotations

TORONTO LIVESTOCK

TORONTO, Sept. 14. (CP)- — Trading on the Toronto Livestock Market was slow with prices steady at the week's decline. Cattle trade opened slow, calves firm; hogs unsettled; sheep, lambs unsettled.

Receipts were: Cattle 310; calves 250; hogs 730; sheep and lambs 770.

Leftovers were 1200 head. A few good heavy steers brought $5.

Receipts were: Cattle 310; calves 250; hogs 730; sheep and lambs 770.

Leftovers were 1200 head. A few good heavy steers brought $5.00 per cwt. Butcher cattle ranged from $3.00 to $5.25 with some boners as low as $2.50. Fed calves sold at $6.25 to $8.25. There were few sales on butcher cows or bulls. Store cattle trade was quiet on a plain quality supply.

Veal calves brought $7.00 to $7.50 for choice with a few tops at $8.00 Common vealers sold downward to $4.00.

Bids on hogs were $4.75 f.o.b. for bacon with no sales being made as higher prices were asked.

No sales were made on lambs with salesmen holding for $5.75 for good ewes and wethers. Sheep sold mostly at $1.00 to $2.00 per cwt.

Quotations:

Steers up to 1050 lbs, good and choice, $5 to $5.25; medium, $4.25 to $5; common, $3 to $4.25; steers, over 1050 lbs., good and choice $5 to $5.50; medium, $4.50 to $5; common, $4 to $4.50; heifers, good and choice, $5 to $5.25; medium, $4.25 to $4.75; common, $3 to $4; fed calves, good and choice, $7.75 to $8.25; medium, $6.25 to $7.50; cows good, $2.75 to $3; medium, $2.50 to $2.75; common, $2 to $2.25; canners and cutters, 75c to $1.75; bulls good, $2.25 to $2.50 common $1.50 to $2; feeder and stocker steers, good, $4 to $4.26; common, $2.50 to $3.75; milkers and springers $20 to $65; veal, good and choice, $7 to $8; common and medium, $4 to $6.75; grassers, $2.50 to $3.50; hogs, no quotations; ewe and wether lambs, good, $5.50 to $5.75; medium, $5 to $5.25; bucks, $4 to $4.75; culls, $4 to $4.75; light sheep, good, $2 to $2.25; heavies, $1.50 to 1.75; culls, $1.

BUFFALO LIVESTOCK.

EAST BUFFALO, N.Y., Sept. 14. —(C.P.)—Hogs 1,000; fairly active; steady to five higher; bulk desirable 130-250 lbs. $5.00 to $5.10; one load 246 lbs. $5.15.

Cattle 200; grass steers and heifers slow; weak; plain kinds $4.00 to $4.85; better lots held above $6.25; cows and bulls active; fully steady; cutter cows $1.75 to $2.75; medium bulls $3.00 to $3.25.

Calves 150; vealers mostly steady; $8.00 down.

Sheep 800; lambs firm; good to choice $6.60 to mostly $6.75; common and medium $4.75 to $5.75 with bucks near outside price; sheep unchanged.

FRUITS AND VEGETABLES.

TORONTO, Sept. 14. — (By the Canadian Press.) — The following wholesale prices on fruits and vegtables were reported by White and Co., to-day: Thimbleberries, per pint 60 to 7c; Wolf River apples per bushel 75c to $1.25; blueberries 11 qt. basket 75c to $1.25; Leono peaches, No. 1, 6 qt. basket, 35c to 45c.; peaches, No. 1, 11 qt. basket 75c to 90c; Leona peaches, No. 2, 6 qt. basket, 25c to 30c.; Leona peaches No. 2. 11 qt. basket, 50c to 60c; new beets, per doz. 10c to 15c; green onions, per doz. 15c to 20c; carrots, per doz. 10c; radishes, per doz. 15c to 20c; new cabbage, per doz. 25c to 30c; wax beans 6 qt. basket, 10c to 15c.; wax beans, 11 qt. basket, 25c to 30c.; green beans, 11 qt. basket, 25c to 30c; tomatoes, 6 qt. basket. 10c to 12c; toamtoes, 11 qt. basket, 12½c to 20c; canteloupe, 20 qt. basket, 35c to 40c.

TORONTO PRODUCE.

TORONTO, Sept. 14. — (By the Canadian Press.) — The following quotations on produce, delivered at Toronto, as supplied by the Farmers' Cooperative Co., to-day: Eggs extras, doz. 23c.; eggs firsts, doz. 18c.; eggs seconds, doz. (cracked) 12c.; cream No. 1 lb. (off truck) 18c.; cream, No. 1 (f.o.b.) lb. 18c.; butter, No. 1 solids, lb. 22c.; new potatoes per bag 55c. Export beef cattle were not selling.

MONTREAL CHEESE.

MONTREAL, Sept. 14.—(By the Canadian Press.) — As usual on Wednesdays the Montreal cheese market held very quiet to-day in expectation of the weekly produce auction. No business was reported, while exporters were still asking 10 7-8 cents a pound for westerns and 10½ to 10 5-8 cents a pound for easterns.

CHICAGO GRAIN.

CHICAGO, Sept. 14.— (C.P.) — Grain prices tended upward early to-day, influenced by cable reports of bargains for 50,000,000 bushels of United States' Farm Board wheat by European capital. Upturns in Liverpool wheat quotations were an additional stimulating factor. Opening unchanged to 3-8 higher, wheat afterward rose all around. Corn started ⅛-⅜ up and subsequently advanced further.

FOREIGN EXCHANGE.

NEW YORK, Sept. 14 (C.P.). — Prime commercial paper 2 per cent. Foreign exchanged steady. Demand rates (Great Britain in dollars, others in cents): Great Britain, 3.46 1-16; France, 3.91 13-16; Italy, 5.12 3-8; Germany, 23.79; Canadian dollar, 9 13-16 per cent. discount.

Commodity prices in Austria are steadily increasing.

Small cars are ousting motorcycles in France this year.

Once Millionaire

ORILLIA, Ont., Sept. 14.—(CP). Martin J. Insull, former president of Middle West Utilities and brother of Samuel Insull, sat in a $20-a-week boarding house here to-day and confessed himself a man without a future.

Insull, rated recently as a millionaire many times over, said payment of his and his wife's board bill was about all he could "comfortably manage."

"It isn't all I've been used to," he told newspapermen, "but it isn't bad. I get three square meals a day, and they're pretty good meals, too."

TRIO ALDERMEN FACING CHARGES

Case Arises After Bootlegger Admits Buying Liquor for City Fathers.

IN NORTH BATTLEFORD.

NORTH BATTLEFORD, Sask., Sept. 14 (C.P.)—Charged with abetting the commission of an offense contrary to the Saskatchewan Liquor Act, three aldermen of this city, all of them members of the Police Commission, are on trial today before Magistrate J. E. Lussier, of Prince Albert.

Those involved are Ald. W. C. Rowland, Ald. A. E. Blower and Ald. R. J. Jones.

The case arose out of the conviction about a month ago of Francis McCormick on charges of illegally purchasing liquor. McCormick alleged he had bought liquor at the instigation of the three aldermen, and had purchased it with money provided by them.

Highlight of yesterday's hearing was a clear-cut admission by Ald. Rowland that he gave McCormick money and received back what he thought was liquor. He told the court he believed he was acting in the interests of the community when he received reports that bootlegging was prevalent in the city.

Undated Dividends

The following dividends are posted for tomorrow:

Standard Steel preferred 75 cents a share. Bank of Nova Scotia 3½ per cent. Canadian General Electric $1. Canadian General Electric preferred 1¾ per cent. Canada Permanent 3 per cent. Porto Rico preferred 1¾ per cent. Landed Bank 2 per cent. Goodyear Tire $1.25. Goodyear Tire preferred 1¾ per cent. Fanny Farmer preferred 60c. Canadian Canners, 1st preferred 1½ per cent. Riverside Silk 25c. Consumer Gas 2½ per cent. Eastern Steel Produce preferred $1.75. F. N. Burt, 60c. F. N. Burt, preferred $1.75. National Breweries 40c. Canada Wirebound Box 25c.

JUNIOR FARMERS COMPETE AT 'EX'

(Continued from Page 1.)

terborough and L. W. Pearsall, chief of hog graders Federal Department of Agriculture.

The Junior Farmer's Competitions will wind up on Thursday night with a banquet to the Club members at Empress Hotel tendered by Gordon S. Matthews of Canada Packer's Limited. The banquet inaugrated in recent years by Mr. Matthews is now coming to be regarded as an annual institution.

Bacon Hog Competition

Launched in the year 1929 as a joint activity of the Canadian Packing Company (now Canada Packers Limited), the Exhibition Board and the Provincial and Federal Departments of Agriculture, the inter-county Bacon Hog Competition is still thriving. It was largely through the initiative of D. A. McKinnon at the time he was Dominion Hog Grader at Peterborough that the Bacon Hog Competition was first started. He made the suggestion which received the whole-hearted co-operation of Mr. Matthews and officials of the Agricultural Departments.

Although Mr. McKinnon has since been transferred to Toronto Stock Yards he was present at the Exhibition Grounds this morning renewing old friendships and happy in the thought that the Swine Club which he was so instrumental in starting was still actively functioning.

This year there are 21 pairs of hogs entered in the Inter-County Bacon Hog Competition all Yorkshires with the exception of a pair of Tamworths.

It will be recalled that early in May of this year the boy members of the Club took into their care a pair of hogs each, which they undertook to feed and exhibit in competition at this fair. Following the fair, the boys will return home with their hogs, which will be bred and the progeny exhibited under similar rules at next year's exhibition.

The Committee in charge of the Junior Farmer's Division is headed by William R. Shields, one of the prime organizers of junior farmer activities in connection with the fair, and one of the most consistent and hard-working enthusiasts.

It is expected that results of to-day's competitions will be announced in front of the Grand Stand at this evening's performances.

CANADA'S GREATEST NEED IS REDUCTION IN TAXATION

United States and France Lost Millions by Their Policies.

PRICE CUTTING

HALIFAX, Sept. 14 (By The Canadian Press) — What Canada needs at the present time is a reduction in taxation — Dominion, Provincial and Municipal—according to A. O. Dawson, chairman of the executive of the Canadian Chamber of Commerce who addressed that body at its annual convention yesterday.

Mr. Dawson, who is president of Canadian Cottons' Limited, and a director of the Bank of Montreal, claimed that the present unemployment situation would be much alleviated by lessening the burden of taxation now thrown upon the shoulders of industry. Business men, he said, are finding it increasingly difficult to operate at a profit and in many cases, after taxes have been provided for, "nothing is left for renewals, depreciation, or for the justified extension of enterprise."

The speaker also expressed the opinion a slow but steady improvement in business conditions could now be expected. He pointed out, however, that it is largely up to the business leaders of the country to seek an improvement. He scored the arbitrary cut-throat competition which has tended to develop in some quarters.

"We are now beginning," said the speaker, "to realize that if our competitor fails that we too suffer from his failure. By the United States refusing to take from England anything but gold for the payment of her debts to the United States, and by France refusing to take goods in exchange for the goods that England purchases from her, that England was forced off the gold standard. The result has been that these countries have lost millions of dollars in funds that they happened to have in England at the time she went off the gold standard. These funds could not be got out of England except at a huge sacrifice. Also, these countries lost to England a large share of their export business because of England's ability to sell more advantageously her products on a depreciated currency. We seem to learn very slowly that in serving others we ourselves find prosperity.

The results of this competition have been price-cutting, sale of shoddy merchandize and misleading advertising. The only hope of rectifying this situation lies, in the opinion of Mr. Dawson, in the fostering of a higher standard of ethics among business men.

Mr. Dawson also stressed the responsibility of employers to their employees. Employers should seek to give their employees permanency and pay them a living wage for their services. He also advocated tightening up of labor laws in some provinces. The loss of life and limb in industry on account of inadequate protection is appalling, he said.

In conclusion, Mr. Dawson pointed to the responsibility of the members to the Chamber of Commerce and said that they could only get out of it what they themselves put into it.

Thorncliffe Entries

FOR THURSDAY, SEPT. 15

FIRST RACT.—$800. The Vimy Ridge, claiming, two year olds, 5½ furlongs (18).—Swagger Stick, 111; Die Cast, 99; Brookhattan, 106; Fortune Bay 106; Meany 113; x-Espinetta 107; Baldy Tinker 106; Semele 106; War General 106; Sun Fabrics 110; Mynah 115; Fair Mole 110. Also—Gain Gold 106; Hot Spring 106; Spring Violet 108; Absinthe 106; Animation 110; Dianthus 106.

AMBULANCE CORPS PROVIDES VOLUNTARY SERVICE AT "EX"

Numerous Cases Already Treated by Member of Local Division.

TENT WELL SITUATED.

The local division of St. John's Ambulance Brigade under Superintendent J. Barnes is again performing valuable voluntary service at the Exhibition Grounds, where in the brief period that has elapsed since the Fair commenced, first aid has been rendered in a number of minor accident cases.

Chief among the cases in which first aid has so far been rendered on the grounds, were those of a young man suffering from burns on his hands caused in an early morning explosion of a hot dog cooking plate, which might easily have caused a fire in the booth but for his presence of mind in flinging it from him; and a case of blood poisoning, the sufferer in the latter instance being a soldier of the Royal Canadian Dragoons.

Other cases treated have included the dressing of split fingers and severe bruises which seem to be the inevitable lot of the showmen in the hasty erection of all the attractions of the fair.

Probably one of the most unique patients who arrived at the Ambulance tent for treatment was Jerry Ball who is billed as one of the midway attractions. Jerry, who allows a heavy boulder to be placed across her chest and then extends an invitation for someone to come along and break the boulder with a sledge hammer, had a couple of sore spots on each of her cheeks. They were caused by flying fragments of stone, it is stated.

Removed from the location which they have occupied for the past two years or so, the St. John Ambulance tent is now ideally situated on the main driveway handy both in cases of accidents on the midway or grandstand and ring.

To-day is children's day and parents who might chance to lose their kiddies in the crowds, are invited by the members of the Brigade to seek them at the Ambulance tent. Stray children who have become lost will be taken care of, this year as in years past, by the members of the Brigade.

Members who have done duty so far this week at the tent have included the following: Nurses, Superintendent Miss E. Simmons; Mrs. R. Blair, Mrs. A. Barnes, Miss Ivy Watkins.

Sergeant L. Tompkins; Corporal R. Blair and Private Frank Smart, H. Buckley, C. Penner, G. Johnson, J. Maxwell, A. Barnes, Dick Howarth and R. Clyde.

CAMPBELLFORD

BRIEF AND INTERESTING NEWS ITEMS FROM THE TRENT TOWN.

Employers of the Water and Light Commission Board are removing the clock from the west side of the river that regulates the street lighting and will connect up this service with the pump house, where all the street lighting control will in future be.

Win Two Out of Three Games in Championship Softball Playoffs.

AT CAMPBELLFORD.

CAMPBELLFORD, September 14 (Examiner Staff Correspondence). Playing tight softball, the Clerks won their second game in the championship play-offs last evening when they took a 2-1 win from the Saints after seven innings of beautiful play.

This makes the third game to be played in the finals of the Campbellford Town Softball League, the score by games being 2- lin favor of the Clerks. The next clash will be on Friday when the Saints stand a good chance of taking the play and ensuring themselves a chance of gaining the league championship. The finals call for the best three out of five games.

The game last evening was watched by a large crowd of fans. Playing tight ball from start to finish the result either way rested wholly with the pitchers who both played almost airtight ball.

The Clerks started the counting in the first by bringing home two runs, these going to Hendy and McArthur. From then on the play was even with but few bases being made by either team until the first of the last, when the Saints gathered in one count, Whitton doing the trick. Both hurlers, McComb and L. Holmes, registered four strikeouts apiece.

The teams:

Clerks — Bush, 2b; Hendy, rf; MacArthur, c; Denike, 1b; Spicer, lf; Reynolds, ss; D. Holmes, 3b; L. Holmes, p; Poulton, cf.

Saints — T. Owens, c; Meyers, 1b; Cowell, 2b; DeCarrol, 3b; Whitton, ss; Little, lf; Peeling, rf; Gamble cf; McComb, p; Runnions, rf from the fifth innings.

Umpires—Piste, Donald; bases, H. Tinney, G. H. Free.

The score by innings:

Clerks ..... 200000x—2
Saints ..... 0000001—1

DR. BANNISTER TO BE CAMPBELLFORD SPEAKER

CAMPBELLFORD, September 14 (Examiner Staff Correspondence). —Opening the fall season after vacation days, the Men's Club of St. John's United Church, Campbellford, will feature its first meeting on Thursday, September 15, with a banquet, at which the guest speaker will be Dr. J. A. Bannister, principal of Peterborough Normal School, and one time teacher in the Campbellford Schools. Dr. Bannister will speak on Northern Ontario, a subject wiht which he is familiar, having spent part of his life in that port of the province. A program of musical numbers will also be included in the evening's entertainment. President E. H. Greig will occupy the chair for the evening.

HEADACHE

Here's Quick Relief

A lot of things can cause a headache or other pain, but there is one thing that will always give you relief! Just take a tablet or two of Aspirin. Your suffering ceases. Relief comes instantly, regardless of what may have been making your head throb with pain. Aspirin is harmless—cannot depress the heart. So there's no use waiting for a headache to "wear off." It is useless to endure pain of any kind when you can get Aspirin. It is a blessing to women who suffer regular systemic pain; to men who must work on, in spite of eye-strain, fatigue or neuralgia.

MONKEY TRICKS REALLY HUMAN SAYS TRAINER

In Monkey Business Forty Years is a Long Time.

HAVE LOVE AFFAIRS.

A bit of monkey business now and then may be all right, but forty years of it is apt to be a different matter. However, George Weeks has been in the monkey business for forty years and still seems to thrive on it.

George Weeks is the proprietor of the Monkey Circus in Conklin's Midway at the Exhibition this week. He is the trainer and keeper of those strange little animals which are nightly winning squeals of delight and rounds of applause from fascinated audiences with their human-like antics. What he doesn't know about monkeys isn't worth mentioning.

George has some interesting things to tell about the monkey business. Anyone who has handled monkeys during the greater part of a showman's career half as long as George's naturally would. He will tell you just how intelligent monkeys can be. He will tell you just how human they are. And he has lots of incidents to relate which will prove just how mischievous they can be.

Monkey Love Affair.

For instance, few of the Exhibition visitors who are attending the Monkey Circus this week will guess that Jenny and Goofy, the two little Resus monkeys who daily drive the furious auto races against each other for the amusement of the audiences, have violent crushes on each other. This is not just showman's ballyhoo —it's a fact. Jenny and Goofy are absolutely inseparable. They hug each other, scratch each other, rub noses and make love in many other ways which are really not very different from those of humans. One day recently Goofy was separated from Jenny for a whel, but Jenny took it so hard that they had to bring Goofy back to her to prevent her pining to death.

But George will also tell you that monkeys can hate each other. For example, the little fellow whose task in the show is to ride a bicycle can not be kept anywhere within reach of the furry chap who rolls on the top of a rubber ball for a living. At every chance they will fly at each other's throats.

Love Triangle.

Exactly what caused the ill feeling, nobody knows. Indeed, up until recent weeks they were featured at each performance in a friendly boxing match and they got along like two pals should. But now a boxing match between them would only turn into a vicious grudge fight. Mr. Weeks believes that one must have stolen the other's girl and that the trouble is based on jealousy. Perhaps even a minor prank such as the snitching of some food belonging to the other, was the cause, he suggests. Without a doubt they are very human.

Yes, monkeys will steal and George will hasten to tell you that. They will steal the shirt off your back just for the fun of stealing. The stealing propensities of his little monkeys are at the bottom of some of Mr. Week's most serious worries.

Just the other day one of the chaps who works around the show had laid his coat and vest carelessly within reach of one of the little fellows. With one eye on the owner, the playful animal frisked through the pockets, removed a watch, a wallet and several other trinkets and scampered to the top of a high pole with his booty. There he sat and thumbed his nose at the exasperated workman. The keepers have to guard closely the locks on the cages. Monkeys naturally dislike being locked up each night so they will steal the padlocks from the doors at every opportunity. What do they do with the stuff they steal? They just scamper away and hide it in some inaccesible place and then forget about it.

Do the little monkeys ever run away from their jobs? Occasionally —when they get a chance, George says. Once in a while one will get loose and disappears for a few hours, but he soon gets his fill of the wide, cold world outside the circus and returns tired and hungry. Recently, while the Shows were playing in Prince Albert, Saskatchewan, one of the monkeys ran away and was given up for good when he failed to return before darkness fell. However, Mr. Weeks offered a reward and some Indians located him in a wood about a mile outside the city the following day. He was glad to get home.

In the course of his business Mr. Weeks has bought many of his monkeys from the famous animal collector, Frank Buck. Frank Buck is a good friend of his. The monkeys which he has bought from Buck were taken from the Malayan and Sumatra jungles.

Douro Draw Results

DOURO, Sept. 14 (Examiner Correspondence).—The grand drawing of prizes in connection with the recent social, was held on the Douro Church grounds on Monday evening at 8 o'clock, when the prize-winners were as follows:

$10 in gold — Won by Kervin Leahy, of Douro, with ticket No. 152.

$6 in gold—Mrs. W. J. McManus, R.R. 10, Peterborough, No. 1091.

$5 in gold—George Heffernan, 493 Bonacord Street, Peterborough, ticket No. 132.

$5 in gold—John Cavanagh, Indian River, ticket No. 1390.

$5 in gold—Thomas J. Fitzgerald, R.R. 2, Indian River, No. 1627.

$5 in gold—Mrs. William Leahy, 556 Wolfe Street, Peterborough, ticket No. 1143.

$5 in gold—Mary Ellen Crowe, 359 Roger Street, Peterborough, ticket No. 508.

1 cwt. flour—James Sweeney, R.R. 1, Douro, ticket No. 1787.

1 cwt, flour—Rev. C. Begley, of Peterborough, ticket No. 794.

$5 in gold—Dr. I. R. Moore, Lakefield, ticket No. 167.

Four-hundred-day clock—Cecelia McManus, R.R. 4, Lakefield, ticket No. 618.

Holstein calf—Mrs. E. Guerin, 2 Park Street, Peterborough, ticket No. 1719.

The following also won prizes:

Oldest married couple on grounds —Mr. and Mrs. John R. Allen, of Douro.

Largest family on grounds—Mr. and Mrs. William Garvey, of Douro, with thirteen members present.

Second largest family on grounds —Patrick Healey, of Peterborough, with twelve members.

Third largest family—William P. Doherty, of Otonabee, with ten members.

Oldest person on grounds—John O'Leary, of Downeyville. Mr. O'Leary is hale and hearty and is as smart as a man of sixty, although he was born in Douro 92 years ago on the lot adjoining the grove where the social was held.

HOLD TO FAITH URGES DR. BRYCE

Sees No Chance of Prosperity Until Farmers Get Fair Price for Produce.

LAUDS AIDING WEST.

TRENTON, ONT., September 14 (C.P.). — A steadfastness in Christian faith in times of adversity, is the plea of Rev. Dr. Peter Bryce, D.D., Secretary of the Missionary and Maintenance Fund of the United Church of Canada, to the Bay of Quinte Conference now in two-day session here.

"I know the difficulties facing the people in the country and city districts to-day," declared Dr. Bryce, at a banquet to Conference delegates last night, "but prosperity cannot come to Canada unless the farmer gets a fair price for his produce."

"We who believe in God must show that we can lift up our heads in the face of adversity," the speaker continued. "We must be true to our Christian faith in all our affairs."

He extolled the help and work of the people of Ontario in aiding the stricken people of the West, but maintained that those people of the Western Provinces would never forget this aid. Mr. Bryce also prophesied the building up of a new nationalism of a more secure foundation than ever.

Obituary

CHARLES WYNNE

LAKEFIELD, Sept. 14 (Examiner Correspondence).—Word was received by Mr. F. H. Richardson of the death of his uncles, Charles Wynne, who died in Carmangay, Alta., on August 27, at the age of 87 years. He formerly resided in Lakefield and in Peterborough and was well known in the district. Mr. Wynne was a contractor and was in the charge of the building of the double-lock at Burleigh Falls, the Fenelon Falls locks and the dam at Lakefield, which was superceded by the present cement dam, builit about eleven years ago.

For the past year Mr. Wynne has been blind and made his home with his son, Alfred, where he died after an illness of three weeks. He is survived by three sons, Alfred, Marshall and Harry, and one daughter, Lilian.

HASTINGS

Mr. and Mrs. C. Lynch spent Sunday with relatives in Toronto.

Mr. F. Gould of the R.A.F., Trenton, called on old Hastings friends on Monday.

Mr. H. M. Fowlds spent Sunday with friends in Toronto.

JACKS PERFORM HIGHEST AERIAL ACT IN WORLD

Two Ladders Rising 115 Feet in Air Used in Vaudeville Act.

FINE LIST OF ACTS.

Rising 116 feet in the air two slender ladders, swaying in the gentliest wind despite strong wire guy ropes, will be the setting for one of the feature grand stand acts of the Peterborough Industrial Exhibition. It is upon a wire stretching between the tops of these ladders and upon a flag-pole higher than the ladders again that the Four Jacks will thrill the grandstand audiences. The Four Jacks do headstands on the dizzy heights of the flagpole and do other breathtaking gymnastics on the thread of wire.

It was from such similar wire at no less a height that Irene Berger, aged 24, famous aerialist and former member of the Four Jacks' troupe, crashed to her death at Atlantic City this summer. Miss Berger was with the Four Jacks in their aerial act for four years. Last fall she left them to join another troupe which had copied their dangerous feature act.

The knowledgeof Miss Berger's death has sobered the Four Jacks. It touched them closely and suggested that one of them may be the next to slip from the swaying wire and fall screaming to the ground.

The Four Jacks do the highest aerial act of any troupe in the world. They have performed throughout the North American continent and on December 22 open their performance at the Olympic Auditorium. All four members of the troup are Americans and they have been together doing aerial work since childhood. The members of the troupe are: Peaches O'Neil, Lawrence Vess, Fred Vass, Reggie Marion and their dog, Foxey. All four are in their early twenties.

While the Four Jacks' act on the dizzy wire may appear the most dangerous on the program there are other acts on the exhibition program no less skilful.

The Four Melinos gave several acts that have been head-lined throughout the world. They are famed as tumblers extraordinary.

Then also there is the versatile Diamond trio, greatest roller skating act in the world. Plenty of comedy and laughs will be included on the program, which is one of the finest ever to come to this city.

Bound to be an outstanding feature of the brandstand program is the musical ride of B. Squadron of the Royal Canadian Dragoons. Nothing matching the cavalrymen in colour, skill and timing has ever been seen here.

LIVE STOCK BRANCH HAS FINE EXHIBIT

Federal Government Sends Display to Industrial Exhibition.

An exhibit from the Live Stock Branch of the Dominion Government of Agriculture, Ottawa, is among the educational features of Peterborough Industrial Exhibition housed in the Manufacturers Building.

The various policies of the Dominion Live Stock Branch are closely allied with the various forms of livestock activity throughout Ontario, and the exhibit will therefore, be of widespread interest.

Four divisions of the Live Stock Branch activities are featured in the exhibit. These are the federal Brood Sow policy and boys' and girl's sheep and swine club work, beef grading, horse breeding and poultry grading.

The exhibit, a very attractive one is in charge of M. R. Mitchell of Ottawa.

Weddings

WALSH—McNULTY

MADOC, Sept. 14 (Examiner Correspondence). — On Sept. 12th, at the Sacred Heart of Mary's Church here, the marriage took place of Margaret, daughter of Mrs. and the late James McNulty, of County Tyrone, Ireland, to James Leo, son of Mrs. and the late David Walsh, Read. Rev. J. V. Meagher officiated.

The wedding took place from the home of the bride's aunt, Mrs. P. Bradley. Miss Mray Bradley, cousin, was bridesmaid, while Mr. Joseph Freeman, cousin of the groom acted as groomsman. Dinner was served at the bride's aunt's home, and afterwards the happy couple left for a trip to Ottawa and other points east. On their return they will reside at Read.

DAHLIAS PROVE BIG ATTRACTION IN MAIN BUILDING

Gorgeous Exhibit on Display at Exhibition by Scarboro Gardens.

SEWING BACKWARDS.

All Displays in Building Rise to a Higher Standard This Year.

Dahlias that are a quarter of a yard wide set the keynote of ornamental color for the exhibits in the Main Building at the Exhibition, this year. They came all the way from the Scarboro Gardens, with drops of water glistening on their petals.

They are gorgeous blooms, eight and nine inches in diameter, and they feature the world's greatest dahlia, that beautiful tangerine flower named Jane Cowl, after the celebrated actress. There is the well-named King Midas, with its yellow magnificence; the regal white Duchess, and the shaggy crimson Jersey Beacon.

They form a wall of superb color and bloom at the north end of the Main Building, their lovely hues showing forth against a backing of dull black.

All the displays in the Main Building rise to a higher standard than usual, this season, and all are extremely interesting.

At the left of the main entrance is the utilitarian and domestic note in the exhibit of goods from the Beatty Washer Store. A color scheme of lemon yellow and warm cocoa brown is used here as a decorative effect. There is a demonstration of clothes washing in the convenient washer that lifts the goods up and keeps the hot water from hurting the housewife's hands. Then the garments are placed on the drying rack and later, they are ironed. The other section of booth shows a wax spreader for the floor and a vacuum cleaner, all in use to demonstrate their various excellences.

The Heintzman Hall has a double exhibit. Radios of the Philco, Rogers, Victor and DeForest Crosley makes are displayed in one, against a checked background of yellow and light green, while a striking corner section done in black and white shows Connor washing machines in ivory, grey, pale green and buff finishes that are sure to harmonize with the color scheme of the prettiest kitchen. They are ornamental-looking machines, and they are companioned here by Westinghouse and Majestic refrigerators of the latest type.

Sewing Backward

Time was when a lady who tried to stitch backward on her sewing machine, was in danger of breaking the machine, destroying the garment and ruining her temper. In the center floor booth where the Singer Sewing Machine products are exhibited is an electrically-run machine that does this very thing without any danger to the housewife's nerves or goods. The use of a tiny lever at the side allows the needle to run back as well as forward, for a darning or repairing stitch.

The Singer people have also a sewing-machine demonstration of mat making.

In the same section Cain Brothers' furniture store shows several examples of fine house furnishings, in beds, mattresses and tabourets, with a beautifully-ornamented and carved cedar chest that should delight the soul of the romantic maiden.

A silent glow oil range burner that shows something very interesting is the contribution to the Exhibition of the Robert Simpson Company, with Nicholls and Sharpe as the local agents. A large booth where radios are also on view makes a feature of this new type of burner, which is shown in use in an ordinary kitchen range, with a high degree of heat. A contraption resembling a pair of perforated drums is introduced to the fire box of the range, with a tiny metal tube conducting crude oil as the heat-maker, from a glass jar placed near the stove.—

The Radio Sales and Service store, its sign appearing in silver letters on a black and white background, has a wall exhibit of radios of DeForest Crosley make, with radio clocks, a Frigidaire, and a very novel type of electric stove built on stream lines that catch the eye immediately. Of white enamel, on a crotched standard that is also a new idea, it is a very attractive bit of kitchen furniture, with its rounded oven and the elements shaped like automobile headlights.

The Vacu-Draft is another modern idea in doing away with coal gas fumes, making for economy of fuel consumption, and controlling heat output. It is displayed to advantage in a booth near the door, with Miller and Powell as the local agents. It demonstrates an automatic burner for a furnace and consumes soft coal. Westinghouse radios are also on view in this black and crimson corner.

The Scott Coal Company has a very useful exhibit of much interest to builders. Here are samples of flooring and asphalt roofing, of brick and tile and of gypsum plaster in ivory hydrated finishing lime, with a very workmanlike attendant to demonstrate their uses and advantages.

NO POLITICS

LONDON.—A statement, issued to-day from the Prime Minister's office said a meeting between United States Ambassador Mellon, United States Senator Reed, and Prime Minister Ramsay MacDonald yesterday was purely of personal character and entirely without political significance.

Palermo, Italy, is to have a new waterworks costing $1,429,000.

Kellogg's

ARE TRULY

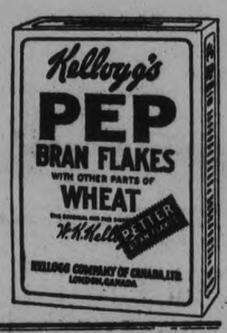
BETTER BRAN FLAKES

IT WILL pay you to insist on *Kellogg's* PEP Bran Flakes. They have a more tempting taste—the famous flavor of *Pep*. The goodness of wholesome whole wheat. Nourishing. Energy giving. And with enough bran to be mildly laxative.

Kellogg's PEP is always crisper, *fresher*. Protected by the inside WAXTITE bag. Sealed top and bottom—a patented feature.

And *still* ten full ounces of these *better bran flakes* to every package! That's another *value* you get with Kellogg's PEP Bran Flakes.

Buy PEP Bran Flakes from your grocer. Try them. Delicious with milk or cream. Add fruit or honey for variety. Popular with the whole family. Breakfast. Lunch. Supper. Or as a bite at bedtime. Made by Kellogg in London, Canada.



Net Receipts Rotary Street Fair $370.37

CAMPBELLFORD, Sept. 14 (By Examiner Staff Correspondent). — The result, financially, of the street fair staged by the Campbellford Rotary Club two weeks ago shows that a total of $370.37 was the net receipts. Total receipts amounted to $721.97, while the expenditures were $351.60. There will be another small expenditure out of these receipts, however, as the club, through their president, Elie Brunelle, will make a small contribution to the members of the Northumberland Regimental Band, which, under its leader, W. Pearson, has played for several years' running for the annual street fairs.

Look to the Name!

"NAMELESS" lamps *cost* you money in early burnouts and higher electric light bills. EDISON MAZDA Lamps *save* you money by giving more light—better light—and longer service. Insist on lamps that bear this name.

THE CANADIAN DEPARTMENT STORES LIMITED

GOOD QUALITY EXHIBITS SEEN AT MARMORA RURAL SCHOOL FAIR

First Year This Fair Has Been Held Separately From Regular Fall Exhibition.

GOOD FIELD PROGRAM

MARMORA, Sept. 14 (Examiner Correspondence).— Marmora rural school fair was held on the grounds of Marmora Agricultural Society on Saturday afternoon in beautful weather and proved to be highly successful. It was the first year for this fair to be held separately from the regular fall fair and to the surprise of the great majority, exhibits exceeded those of previous years for quantity and quality and the attendance was large.

The fair was held under the direction of Joseph Wilson, agricultural representative at Stirling. The exhibits brought in the morning were judged from 12.30 to 3 p.m. A parade of the children was formed on the grounds and judging of the best on parade resulted as follows: 1, Deloro Separate School; 2, S.S. No. 5; 3, Marmora Separate School; 4, S.S. No. 1; 5, S.S. No. 2.

In the choruses, schools finished in the following order: 1, Marmora Public School; 3, Deloro Separate School; 4, Deloro Public School.

Stratheona excercises results: 1, Marmora Separate School; 2, Marmora Public School; 3, S.S. No. 5; 4, Deloro Public School; 5, Deloro Separate School.

In the public speaking contest there were only three entrants and these were scholars of S.S. No. 5 whose teacher is Miss Mabel McCarthy. The winner was Agnes Sheridan who chose "The Musk Ox" and handled her subject splendidly. Marion Vincent who came second also did well with another original subject "The origin of the apple" and Pearl Johnson who finished third spoke on "The teaching profession". Miss Sheridan is thus eligible to compete in the county rural school fair contest.

A program of foot races, three legged races and novelty races was also held in one of which as many as 26 entered. The event all round proved to be an unexpected success. During the afternoon, the Marmora Women's Institute operated a refreshment booth.

White whales from Churchill, Hudson Bay, have been on exhibition in Winnipeg and Toronto recently.

Thursday, Friday and Saturday

Special Offer, Suit **$19**

EXTRA TROUSERS, PAIR 5.50

Note These Outstanding Features

Majority of woollens imported
Some yarns woven in Peterborough
All collars felled by hand
Celanese body and sleeve lining
Hymo and linen front and lapel

Perhaps these things may not mean anything to you—but ask any tailor what they mean! A hymo front for example, gives a soft roll to the lapel and front of the coat that stays there the life of the garment. Celanese body linings, usually a feature of higher-priced suits, give a new feeling of ease and comfort which you'll realize the moment you slip into Celanese-lined coat.

Dozens of Patterns

Almost every effect you can think of. ALL-WOOL NAVY BLUE SERGE! SMART NEW TWEEDS IN GREY AND BROWN! Worsteds in practically every coloring — blues, oxford greys, browns, blue-greys and dozens more!

A Special Representative from the Factory will take all measurements.

CENSURE HOOVER FOR USING TROOPS AGAINST BONUS ARMY

Secretary of War Hurley Clashes With Floyd Gibbons Over Remarks.

LEGION CONVENTION.

PORTLAND, Ore., Sept. 14 — A proposed resolution censuring President Hoover for the use of troops to drive the bonus army from Washington, and others on the bonus and prohibition kept American Legion convention committees busy today while the rank and filed formed for the Legion parade.

The presence of Secretary of War Patrick J. Hurley, who was cheered and booed in an appearance the opening day of the national convention, and who took exception to remarks of Floyd Gibbons, writer and public speaker, over the bonus army evictions, heightened interest in controversial questions.

Hurley clashed with Gibbons during a dinner given by Henry L. Stevens, Jr., national commander of the legion last night.

Gibbons criticized the methods used in ejecting the bonus expeditionary force from Washington, D. C. He blamed the army for starting the fires which destroyed bonus camps and said the men had been orderly when the troops were called in.

Hurley's Response

Hurley responded to the challenge:

"I have never failed to take it on the chin when I had anything coming," he said. "If you have anything to say to me, say it! I never thought the government was in danger. I have always believed the people of the nation have a peaceable way for settlement of their disputes and that they will use those peaceful methods."

"But when there are riots, peace must be restored."

He denied that the soldiers set fire to the humble homes of the marchers. The fires, he said had been set by the men themselves.

WARSAW

Mr. and Mrs. David W. Payne, Mr. Sherwood Payne, Walter Payne and Miss Annie Gow spent Sunday the guests of Mr. and Mrs. Wesley E. Stark at their summer cottage in Bewdley.

$25,561,641 Estate Left By Eastman

ROCHESTER, N.Y., Sept. 14.—An estate of $25,561,641, or approximately $5,000,000 more than the estimates at the time of his death, was left by George Eastman, the kodak magnate, according to the transfer tax affidavit filed to-day. Of the total estate $8,319,563 was in cash, the affidavit showed. Eastman committed suicide by shooting himself at his home here last March 14. He was 77.

The value of exempt requests is $20,790,581. The University of Rochester is the residuary legates and benefits from Mr. Eastman's will in the sum of $19,783,143. The second largest beneficiary is the Rochester dental dispensary which receives $1,028,438.

ONE-MAN BAND.

NEW YORK, Sept. 14 (C.P.). — The song says, "Listen to the music of the one-man band," but it is old stuff to Mrs. Elizabeth Baumann. That was her answer to-day to her husband's suit for divorce. She said he had two pianos, two radios, an accordion, a xylophone and a banjo, and that he conceived the gay idea of playing them all simultaneously.

Urges Formation Student Loan Body

LONDON, Ont., Sept. 14 (C.P.).—Dr. K. P. Neville, registrar of Western Ontario University, to-day urged formation of a student loan body to enable financially embarrassed students to complete their university courses.

Advance registration at Western, he said, was below that of last year. He attributed the decline to economic conditions which had brought many students to the end of their financial tether.

Arrangement of loans to students, Dr. Neville said, would be preferable to the present system of free scholarships.

CONVICTED OF CRUELTY UPON HOMING PIGEON

LONDON, Ont., Sept. 14 (C.P.)—William Hughes, Appin, Ont., was convicted yesterday of cruelty to a homing pigeon and was allowed to go on suspended sentence.

Magistrate C. W. Hawkshaw allowed Hughes to go after paying court costs when he heard the eight-year-old son of the accused tell how he had held the bird while another child clipped its wing. Hughes said he was not present when the children clipped the bird's wing.

The complainant was Percy Smith, owner of the pigeon which he valued at $75. He said the bird overshot the city flying from Paris, Ont., in a storm and landed at Hughes' farm. He learned of its whereabouts and wrote Hughes two letters, he claimed, without getting the pigeon returned.

A new grain record for the Port of Montreal was made by the S.S. Anglo African, which loaded 382,-000 bushels of wheat in 7 hours 16 minutes.

Yankees' 100th Victory Gives Them American Pennant

CHICAGO CUBS ARE HAILED AS LIKELY OPPONENTS FOR YANKS IN OCTOBER BASEBALL CLASSIC

Bruins Increase Lead to Five and Half Games by Dividing Double With Giants.

Pirates Given Whitewash.

Joe McCarthy's Outfit Scores 9 to 3 Victory Over Cleveland Indians.

(By Gayle Talbot, Associated Press Sports Writer.)

Having salted away the American League pennant, the Yankees could sit back to-day and watch the progress of the race in the National and figure out what to buy with their share of the World Series receipts.

Joseph McCarthy's young men assured their participation in the well-known October classic with yesterday's 9 to 3 victory over the Cleveland Indians. They can lose all their remaining 11 games if they feel so disposed, and still finish a lap ahead of the Philadelphia Athletics.

While there still is some semblance of a fight for the National League diadem, the Yankees' secret service can feel pretty safe in centering its activities on the Chicago Cubs. Unless all signs fail, the Cubs will be in there battling them when the Series opens at the Stadium on September 28.

Divide With Giants.

By dividing a double with the New York Giants yesterday while Pittsburgh was being whitewashed by Ed. Brandt of Boston, the Cubs increased their lead to five and a half games, with 12 to play.

A little rapid calculation reveals that they need to win only seven to assure themselves a tie with the Pirates and eight to make Chicago's north side supremely happy. However, they probably will get by with fewer victories than that as the Pirates are not exactly ablaze right now.

George Pipgras, veteran retainer, accepted the honor of pitching yesterday's climatic game for the Yanks. He held the Indians to eight hits and was never in serious trouble, while his mates piled up 16 blows off Clint Brown and George Connally.

Macks Are Idle.

The Athletics, who at this time a year ago were preparing for their third straight World Series, sat idle as the Yanks sewed it up. The third place Washington Senators were taking a 4 to 1 trimming from the lowly Chicago White Sox, Milt Gaston holding them scoreless until the ninth. The St. Louis Browns improved the day by whipping Boston's Red Sox, 9 to 4, behind Bump Hadley's five-hit pitching.

The Cubs and Giants had a pair of grand tussles at Polo Grounds, the Chicagos taking the first, 2 to 1, behind Charley Root's four-hit pitching, but dropping the nightcap, 3 to 2, as Hal Schumacher kept their 12 hits widely scattered for 11 innings. Successive blows by Gilbert English and Johnny Vergez finally beat Lon Warneke in the second game.

Homers Are Feature.

Home runs by Wally Berger and Bill Urbanski featured the Braves' 3 to 0 win over Pittsburgh. Branot allowed the Pirates only six hits.

The Brooklyn Dodgers, still clinging to a mathematical chance at the pennant, downed St. Louis twice 6 to 5 in 11 innings and 3 to 1. Hollis Thurston outpitched Dizzy Dean in the second.

Chuck Klein hit his 36th home run, a double and a single to help the Phillies crush Cincinnati 7 to 1.

YESTERDAY'S STARS

Chuck Klein, Phillies — Hit 36th homer, double and single against Reds.

Al Lopez and Hollis Thurston, Dodgers—Former's bunt in 10th scored winning run in first game; latter stopped Cardinals with eight hits in nightcap.

Ed Brandt, Braves—Blanked Pirates with six hits.

Charley Root, Cubs, and Johnny Vergez, Giants—Former won opener, allowing four hits; latter's double in 11th scored winning run in nightcap.

Irving Hadley, Browns—Held Red Sox to five hits.

Milton Gaston, White Sox—His effective pitching tamed Senators.

George Pipgras, Yankees—Halted Indians with eight scattered hits.

HARQUART HOLDERS WIN

LAKEFIELD, Sept. 14 (Examiner Correspondence). — The Harquart Holders won a victory over Spence's Athletes in a very close game of baseball on Saturday.

The following is the line-up:—

Spence's Athletes.—G. O'Neill, c; W. Spence, p; R. Chittick, 1b; R. Pearson, 3b; P. Payne, 3b; H. Skelcher, ss; J. Crowe, rf; J. Woodhouse, lf; W. Garbutt, cf.

Harquart Holders.—J. Blewett, c; H. Jewell, p; M. Hamblin, 1b; D. Yale, 2b; W. Morin, 3b; T. Junkin, ss; R. Lennox, rf; O. Pearson, lf.

Score by innings:—

Harquart Hold. 1 10 3 4 2 3 0—23
Spence's Athe.. 1 2 0 4 0 10 5—22

CROWE LAKE COTTAGE INVADED BY SKUNKS

MARMORA, Sept. 14 (Examiner Correspondence).—Jimmy Skunk's family of late seem to have acquired a special fondness for cottages of Deloro folk at Crowe Lake. Last week-end a young lady returning to a cottage in the vicinity of Booster Park found one of the family perched at the back door, and had to forgo admission until someone drove it away.

On Tuesday a cottager not far removed was facing the problem of dislodging a trio from beneath his artistic dwelling, and is anticipating a good supply of fun in the near future.

New York—Dick Shikat, 218, Philadelphia, threw Steve Znoski, 217, Poland, 18.26.

ROYALS ARE VICTORS OVER WINGS IN PRIVATE QUARREL

Clarence Fisher Makes Good in Rescue Role for Montreal Club.

SENATORS BEATEN.

(By the Associated Press)

The Montreal Royals may not go any higher than fourth place in the International League standing but they can boast at least that they have earned the decision over the Rochester Red Wings, 1931 champions, in their private battle for that position.

Ever since they have been carrying on that scrap, the Royals have made the big gains by turning back their rivals regularly. Twice in the past two weeks they have come up against Rochester when the Red Birds were close behind them and both times Montreal came out with the decision, winning a series at Rochester three games to two and the final one at Montreal 3 to 1. Altogether Montreal has won 14 out of their 24 games this season.

Increase Margin

The Royals increased their margin to three games yesterday by winning the last of the fourth-place battles 6 to 5 and just about made sure that they will hold the post through the last five days of the season.

It was a slugging match from start to finish with the Red Wings getting a 15-12 edge in the hits but the Royals loosed a few scoring bats in the middle of the game against Wetherell and Eckert and got enough runs to win even though Gowell Claset, however, lasted long enough to score his 22nd victory of the season.

Orioles Tighten

Baltimore's Orioles knotted up the second place struggle closer than ever by turning back the champion Newark Bears, 7 to 3, to divide their series and tie Buffalo. The Bisons' night clash with Toronto was rained out.

Merritt "Sugar" Cain, young Oriole mound ace, gave the Bears only seven hits while his mates pounded Holsclaw for as many blows, including homers by Linton, Regan and Sand, in the first five innings.

Strengthen Hold

Jersey City strengthened its hold on sixth place by turning back its rival, Albany, 6 to 4, in the series final to gain a 3-1 decision in games. The Skeeters got only seven hits off Campbell and Newsom but bunched them effectively while Len Koenecke hit his third homer in three days.

Major League Leaders

(Including yesterday's games)

NATIONAL LEAGUE

Batting—O'Doul, Dodgers, .374; Klein, Phillies .347.

Runs—Klein, Phillies 146; O'Doul, Dodgers 116.

Pitching—Allen, Yankees 16-3; Gomez, Yankees 24-6.

Former Havelock Swimmer Makes Good

HAVELOCK, Sept. 14 (Examiner Correspondence). — William Post, who recently moved to Kingston from Havelock, distinguished himself during the summer by his accomplishments as a swimmer. On July 20th he carried off the silver medal in a race at Macdonald Park, using the back stroke. On August 31st he came in third place in a three-mile swim. On Labor Day, Monday, Sept. 5, in a swimming competition for seniors, a distance of 2½ miles, he came in second and received a prize of a silver cup. This was the trophy donated by Tip Top Tailors for the Y.M.C.A. harbor swim. Willie may some day be a candidate for the Canadian National Exhibition swimming race, as he is a strong, steady swimmer, and takes to the water like a fish. While living in Havelock he made daily trips to Trent River during the summer months, and swam two and three miles without leaving the water.

OUTSTANDING PACERS HERE FOR EX RACES

Two Events Will Be Held Each Thursday, Friday and Saturday Afternoons.

$1,500 IN PRIZES.

Some of the outstanding harness horse races of the province are already here for the Peterborough Exhibition races the last three days of this week, and others are expected to-night and to-morrow. With the Oshawa Fair fininshing to-night, the local stables will likely be taxed to take care of all. Two races each will be held the afternoons of Thursday, Friday and Saturday, with two-hundred-dollar purses for each race and added money from the entry fees. The Exhibition Board is putting up $1,500 for prizes.

Thursday, the 2.28 and 2.18 classes perform, among whom will be seen Jimmy the Tramp, Todd Grattan, Chipmunk — all local horses—Nellie Dear of Ennismore, Belle McClure of Lindsay, all in the .28 race; while in the .18 will be Minnie Patchen, Furie Mildred, from here; Limber Jim of Port Colborne, Murray Direct of Lakefield, and others.

Star From Hull.

On Friday, the 2.25 and 2.16 pacers will run, and among the former will be Mabel Lee Grattan of Hull, Quebec, which started recently both at Ottawa and in Toronto, stepping the mile in Toronto in 2.09¼, which would break the track record here. Frisco Direct of Oshawa will be here, and Midget, Dr. Kane's Hastings' horse, is here now as is Mabel Lee Grattan. Some of the .16 racers will be Bud Wenger and Bucko of Hastings, Lou Ganot of Campbellford, possibly McDougall, "Ace" McIntosh's classy stepper from Western Ontario, and Bertha Patch of Toronto. This last horse has not been headed in fifteen starts this season, and did the mile at the Toronto Ex. in 2.08¼.

The 2.22 and 2.14 classes run on Saturday afetrnoon to wind up the program. In the former class will be, with others not here yet, Mary Private, owned by Fanning of Lindsay, Herman Grattan, and most likely horses owned by Lou Bennett of Port Hope, and a string of "Chappy" Chapman's from Toronto. In the .14 bunch will be Bertha Patch, Bud Wenger and Bucko, Ray Peters of Oshawa, and Parker Boy, Ingram's Lindsay horses which won the 2.10 at the Toronto Exhibition driven by James Sutherland of this city, going six heats.

More Arrive To-Day.

It is impossible to name the complete list of racers in each class before about noon Thursday. More horses will arrive to-day and to-morrow. Every class should have an unusually big entry this year, with great races resulting. The local track is being rolled and speeded up; the horses were never in better running condition and followers of the harness horse events are promised one of the best meets ever held in Peterborough, the last three afternoons of the local Exhibition.

KAYE DON KNOWS OF NO PERSON TO FILL LORD WAKEFIELD'S PLACE

Racer States He Has No Plans, But Will Look Around on Return to England.

COSTLY GAME

NEW YORK, Sept. 13. — Kaye Don, British speedboat driver and holder of the world record with Lord Wakefield's Miss England III, said today he knew of no one in England who might take his former backer's place as sponsor of speed boat racing.

Lord Wakefield withdrew his support of Don yesterday and said he planned to withdraw entirely from further speedboat centres.

"I know of no one in England," Don said as he continued preparations for his departure Friday on the Olympic, "who might take Lord Wakefield's place, no, I have no plans. I shall go back to England and may have something to announce after I have looked around there."

Lord Wakefield is said to have spent at least £1,000,000 in the last few years promoting automobile, speedboat and aeroplane speed ventures.

Don set the current speed boat record with Miss England III at 119.81 miles an hour on Loch Lomond, Scotland, shortly before he brought the boat to the United States to compete against Gar Wood in the Harmsworth Trophy races. He had engine trouble in both heats of the Harmsworth races and did not even finish the second heat.

FOLLOW HARNESS RACES AT LOCAL EXHIBITION

Vic Fowler, an old Peterborough boy is here again with his race programs for the Exhibition. If you are backing a particular horse get his number from the program and follow that same number which this year will be on the bridle of the horse and not on the arm of the driver. This is the system on all the big tracks.

SANDY SOMERVILLE QUALIFIES IN U. S. NATIONAL GOLF PLAY

Fourth Time in Five Starts, Londoner Has Survived Qualifying 36 Holes.

AN EASY WINNER.

BALTIMORE, Md., Sept. 14.—(C P)—One of Canada's leading golfers, C. R. Somerville, of London, treks out on the Five Farms course to tee off in the first round of match play in the United States Amateur Golf championship.

It will mark the fourth time in five starts Somerville has survived the qualifying 36-holes in the United States National Amateur, something no other Canadian has accomplished in the last decade or more.

Sandy first aimed at the United States title in 1928 when he qualified with rounds of 72-78 for a 150 total. He defeated Frank Dolp, two and one, in the first round of match play, but lost in the second to John B. Beck on the final hole.

He missed out in 1929 but came right back in 1930 to play some of his greatest competitive golf, qualifying with round of 75 and 80 only to have the misfortune of drawing the peerless Bobby Jones in the first round of match play. Somerville battled the five time holder of the United States amateur crown for nine holes but then faded and lost, five and four. Jones went on to win the championship for the fifth time.

Last year the Londoner turned in two consistent rounds of 77 to qualify easily. He defeated Eugene V. Homans, two and one, in the first round of the match play losing on the next round to Fay Coleman, four and three.

His opponent for today's round will not be decided until the play-off for the last qualifying position.

GLEBES QUALIFY FOR THE FINALS

Third Games Are Played To-day to Decide Final Elimination Rinks.

FOR HENRY TROPHY.

PARKDALE CANOE CLUB, TORONTO, Sept. 14 (C.P.)—The third and last games of 21 ends each in the four groupings for the Premier George S. Henry Trophy in connection with the second annual Carnival Week of the Ontario Lawn Bowling Association, were decided yesterday to determine the four rinks that would qualify for the final elimination play.

In Group 1, Glebemanor, Toronto, were defeated by Parkdale Canoe Club, but by virtue of having higher plus points than Lawrence Park, with the same number of wins and losses, Glebes qualified. Other winners in the remaining groups were: St. Matthew's, Toronto; Ottawa Rowing Club, and Moore Park, Toronto.

Glebe Manor, Toronto, opposed to Moore Park, Toronto, while Ottawa and St. Matthew's, Toronto, clashed in the semi-finals yesterday afternoon.

Winners will meet in the final for the Henry Trophy Thursday at the same time as the Association rink, double and single championships are taking place.

Third Round

Group 1

Parkdale Canoe, Toronto.—Geo. Winters, 22. Glebe Manor, Toronto—E. Warman, 19.

Lawrence Park, Toronto.—J. H. Cumming, 20. Fernleigh, Hamilton.—J. P. Morton, 16.

Group 2

London R.C.—Richard Sheldon, 22. Toronto Trinity.—C. Linford, 16.

St. Matthew's, Toronto.—W. W. Hilts, 18. Toronto Thistles.—J. T. McKinley, 16.

Group 3

Brampton.—C. W. Charles, 27. Toronto, Victoria.—Dr. Morrow, 18.

Ottawa.—R. Shaw, 25. Newmarket.—W. L. Boswell, 23.

Group 4

Moore Park, Toronto.—Tom Duffus, 21. Riverdale, Toronto.—Dave MacDougall, 20.

High Park, Toronto.—W. B. Cowan, 28. Port Credit.—E. C. Munro, 14.

FIGHTS LAST NIGHT

Boston.—Unknown Winston, Waterbury, Conn., knocked out Walter Cobb, Baltimore (2).

Winnipeg, Man.—Frankie Battaglia, Winnipeg, knocked out Tiger Roy Williams, Chicago (3).

TURRET HANDWRITING CONTEST

$100.00 in Cash

EVERY DAY - EVERY WEEK!

Up to Midnight, September 30th

With the summer gone and the most popular season for motoring drawing to a close, Turret Cigarette smokers are showing marked enthusiasm for the $100-a-day prizes which, as announced a week ago, replace the car-a-week prize given earlier in this contest.

Winter is only around the corner, clothing and fuel are needed and then Christmas is coming, with presents to be bought.

$100 a Day — $600 a Week!

You have six chances to win each week . . . a new contest every day! Think of it . . . a $100 cash prize to be awarded by the judges daily, for each day's entries are judged separately. Enter as many of these daily contests as you like—you can't tell which day will be your lucky day. Entries received after midnight will be automatically entered in the contest for the following day.

NOTE

The only condition of entry in this contest is that you write the following on the backs of 4 front panels from empty Turret Cigarette (20's) packages with portion of excise stamp attached:—on the back of one panel, your name; on the back of another, your occupation; on a third, your street and town; and on the fourth, your province. Fasten the four panels together and mail to

Turret Cigarette $100-A-Day Contest,
P.O. BOX 2500
Montreal, P.Q.

Each day's contest closes at midnight . . . the judges awarding $100 in cash for the most interesting handwriting submitted during the preceding 24 hours. A $100 cheque will be mailed to daily winners as the awards are made. There's a new contest every day except Sunday . . . send in as many entries as you like. These one hundred dollar a day contests end September thirtieth, at midnight.

The daily prizes are awarded, *not for good writing, but for writing which reveals unique or unusual features.*

The committee of judges is headed by Mr. Frederic D. Jacob, for 15 years Dominion Government Graphologist, who gives 100 character readings each week to other selected contestants.

WINNER OF THE 15th TURRET CIGARETTE CAR-A-WEEK CONTEST
WHICH CLOSED AUGUST 31, 1932
William Potts, Senior Postal Clerk,
903 Colborne Street, London, Ontario

NEW ATTENDANCE RECORD LIKELY IN 1932 WORLD'S BALL CLASSIC

Yankee Stadium Will Produce Maximum Gate of $234,000 Under Scale of Prices Prevailing for the Series—Wrigley Field Will Get $200,000.

TOTAL RECEIPTS OF $1,500,000 FOR SERIES WITH AN AGGREGATE ATTENDANCE OF 435,000

NEW YORK, Sep. 14.—(C.P.)—Baseball looks to the 1932 world series to break all records for attendance and receipts in the event that the New York Yankees and the Chicago Cubs represent the American and National Leagues, respectively.

The Yankee stadium, with its seating capacity of 69,946, will produce a maximum gate of $234,000 under the scale of prices prevailing for the series. A sell-out would break the single game record for attendance, set at 63,600 by the Yankees in 1923, and for receipts, set at $224,130, set at the same park in 1928.

With the addition of 9,000 bleacher seats to be erected for the series, Wrigley Field, home of the Cubs, will seat 51,000 and produce a maximum gate of slightly more than $200,000.

Thus if the series should go the full limit of seven games, there would be the possibility of an aggregate attendance of more than 435,000 and total receipts of more than $1,500,000. Both there figures would eclipse records, set by the Yankees and the St. Louis Cardinals in 1926. A total of 328,051 persons paid $1,207,864 to see the seven-games of that series.

Opens Sept. 28th.

In the event the series is between the Yankees and Cubs the first game will be played in New York Sept. 28 and the second Sept. 29. The next three will be played Oct. 1-2-3 at Chicago, if the Cubs win, or Sept. 30, Oct. 1 and 3, if the Pirates are the winners. The sixth and seventh games, if necessary, would be played at New York Oct. 5-6, against the Cubs, or Oct. 4-5 against the Pirates. Should Brooklyn win the National League pennant, the series would start Sept. 27 at the Yankee stadium and continue daily.

LEAFS SWAMPED BY THE BIG BENS FOR 30-5 COUNT

Mann and Gates Unable to Stop Tide of Base Hits in Opening Fixture.

Walks, Errors Prominent.

Red and Whites Turn in Fine Fielding Game Against Cowan's Newsboys.

Close and one-sided softball marked the mixed double-header in the Indoor League at the Brock last night. Red and White Stores and the Daily Stars, of the men's section, battled to a fine 9—9 tie in a seven-inning game; while the girl's contest between Maple Leafs and Westclox ended in a 30 to 5 count for the latter.

G. Mann and E. Gates, on the mound for the Leafs were unable to stem the tide of Westclox base-hits in the opening fixture, the Ashburnham maidens stepping out and piling up the runs in nearly every frame. Hard, clean hits, walks and errors all figured in the Clockers' tallies. They got four in the first inning, two in the third, no less than twelve in the fourth, five each in the sixth, and two more in the eighth.

Twenty-six hits off the combined hurling of the two Leaf pitchers, and ten errors by the losers, was the cause. M. Mortimer for Westclox allowed the Leafs eleven safe hits, while she fanned five. She had good support all the way. The Maple Leafs scored one run each in the first, third and fourth innings, and got their final two in the sixth. The teams:

Maple Leafs.—M. McFarlane, c; B. Goldie, 1b; G. Mann, p, 3b; E. Gates, 3b, p; M. Ballantyne, ss; H. Mann, lf; D. Chapman 2b; D. Ferguson, ss; L. Simmons, rf; E. Foster, cf.

Westclox.—G. Mortimer, 1b; M. Ferguson, ss; D. Webb, c; M. Mortimer, p; A. Crary, lf; D. Merrett, rf; H. Joyce, 3b; G. Hawks, 2b; L. Chartren, cf; B. Blade, cf.

Score by innings:— R. H. E.
Leafs .....101 102 000— 5 11 10
Westclox ....402 1206 32x—30 26 2

Fine Fielding Game

Red and Whites turned in a fine fielding game against Daily Stars, the score being 9-all at the finish, with both teams battling on even terms throughout. It was something of a pitcher's battle between Bucher and Curry, the former having fifteen strikeouts, allowing five hits and walking thirteen; while Curry fanned twelve, gave six walks and eight hits. The defensive play of both teams was excellent.

Stars started the scoring, getting one run in the first, two in the second, two in the third and moved ahead in the fifth, getting two more. They then pushed one more across in the sixth and their final three in the seventh inning. Stars went to work to get three in the sixth and made it a 9—9 tie in the seventh by squeezing two runs over. The teams:—

Red and Whites.—Dorrington, 3b; McCarrol, ss; Crary, 2b; Russell, lf; Ellis, 1b; Dundas, cf; Gillespie, rf; Curry, p; Mahood, c; Dobson, rf.

Daily Stars.—Westbrooke, 3b; Wright, 1f; C. Clark, 1b; Gainey, 2b; Gilmore, c; Miller, cf; Cowan, rf; Butcher, p; R. Clark ss; Wyllie, lf.

Score by innings:
R. H. E.
Red and Whites.012 021 3— 9 5 0
Daily Stars ...121 003 2— 9 8 3
Umpires—Batley and Johnston.

CROSSLEY WINS $500.00 AWARD

English Cyclist Defeats Torchy Peden in Special Two One-mile Sprints.

EXHIBITION SERIES.

VANCOUVER, Sept. 14 (C.P.) — Flashing around the track at dazzling speed, Al Crossley, England, won two one-mile sprints to capture a special match race with Torchy Peden, Victoria, and carry off a $500 wager from the Victoria rider.

The race, outcome of rivalry which developed between the two riders during the international six-day bicycle race which concluded here Saturday night, was one of a series of exhibition matches last night between riders who participated in the event last week.

Severe Van Slambrouck, of Belgium, who teamed with Frank Elliott, North Vancouver, to win last week's race, outspeeded Reggie Fielding, Toronto, to make two straight heats in another mile match.

Horace Horder, Australia, and Polly Perrett, Victoria, captured the special two-hour race which closed the night's racing program. The Canadian-Australian pair took command of the race at the half-way mark and were never headed. They covered 52 miles and three laps during the two hours.

Newark Bears Set Attendance Record

NEW YORK, Sept. 14.—For the second successive year, the Newark Bears have broken all attendance records for paid admissions in the International League.

The new league champions played to 345,001 cash customers at their home games, the last of which was played with Baltimore yesterday, according to William J. Manley, secretary of the International League. The record tops Newark's mark of 331,000 made last year.

Previous to Newark's record-breaking years the league record was held by the Rochester Red Wings, who played before 329,000 fans in 1930.

The Bears will meet Minneapolis of the American Association in the Junior World Series, starting at Newark September 27.

Officials Hope To Set Edwards Race

HAMILTON, Ont., Sept. 14.—(By the Canadian Press.)—Officials of the Hamilton Olympic Club to-day were attempting to arrange a special three-quarter mile race for Saturday's track meet in which they hoped to pace Phil Edwards, lanky negro, to a new world record.

The sensational British Guiana man who brought points to Canada at the Los Angeles Oympics, had not decided to-day whether or not he would run.

Jim Bottomley and Bill Hallahan are the only regulars on the St. Louis Cardinal squad who are bachelors.

SPORTS Day by Day

Baseball — Softball — Lacrosse
Boxing — Wrestling — Aequatic

(BY C. J. P.)

The C.G.E. lacrossers are scheduled to play in Millbrook this evening, with no more games in the Brock until next Monday when Millbrook is up here to meet Brintons. According to our figures, Orde's is out in front now with seventeen points, Brintons are second with fifteen, Millbrook has twelve and C.G.E. eleven. So to-night's game is important between these two outfits.

* * * * * * *

Nothing further has been heard of when the intermediate lacrosse team will play again or against what team. Because both the locals and the Oakwood Grads had drawn a bye, their play-down series was arranged early by the O.A.L.A., resulting in the Petes winning rather handily. Their next opponent may not be named for another week or so.

* * * * * * *

The harness horse races at the Ex. start to-morrow afternoon, and continue Friday and Saturday. A fine entry list is expected from various parts of the province, and many of the horses are here now. The Exhibition Board puts up $1,500 for prizes, and each race will have a prize of $200 with added money from the entry list, a ten-dollar fee being charged this year to keep out the "dogs."

* * * * * * *

Maple Leaf Juveniles are working out this week in preparation for their crucial semi-final O.B.A.A. game here Saturday against Toronto St. Andrew's. They dropped the first game in Toronto last week, but figure on winning the home contest and making a third one necessary. The local Kiwanis Bantams play in Victoria Park, Hamilton, at three o'clock (Daylight Saving Time) this Saturday, and will try to make it two straight for the O.B.A.A. title.

* * * * * * *

With the finish of the Girls' Softball League for the year, many fans will be thrown out of their evening's entertainment. Regular family parties used to attend religiously every girls' game at the Bowl. Some will follow the indoor gals' game, but others will be content to call it a season.

* * * * * * *

There was a pretty good crowd at the Brock last night to see Maple Leafs take a bad licking from Westclox in the gals' indoor game, while Daily Stars and Red and Whites, of the men's section, put up a fine 9-9 battle. Errors and ineffective twirling by the Leafs gave Westclox their openings, and the Alarm gals took advantage. Of course, the Leafs are a bit stale from their series with Keene, and will go much better in another week or so.

* * * * * * *

Chuck Butcher and Ross Curry, ace twirlers of Stars and the Harrison team, hooked up in a nice hurling contest last night, with honors even. Chuck fanned fifteen, and gave thirteen walks and five hits. Curry struck out twelve, allowed six walks and eight hits. Both teams batted hard and evenly, with smart fielding being shown.

* * * * * * *

Brintons and Maple Leaf girls play the first indoor game up there to-morrow eve at 7.15 again, while the men's game will be between C.N.R. and Sugar Bowl at 8.45. There will be no game this Saturday night, and perhaps not on any Saturday as a number of the good men and girl players are working in stores on that night.

* * * * * * *

Four Canuck boxers have been taken to England for a tour by Playfair Brown, and this is what the Star says about one who is well known here: "Of the quartette, Jack Dane, the Peterborough heavy, has probably attracted the most attention, and the English papers are giving him a great play. He is called a 'romantic figure,' and stories of his alleged prowess in the lumber camps are given much publicity. Dane will probably be matched with young Arthur Holgrove, the Birkenhead sensation, shortly."

* * * * * * *

The P. C. I. gridders will be out for practice at Stevenson Park this Thursday, we understand. The Lindsay players are working out, and the Oshawa squad will be starting one of these days. hopes to get into the O. R. F. U. intermediate division again, too, and have all last year's players except Jack Bond. Peterborough might do something in this line.

* * * * * * *

Football in the States is an unusually rough game, and reached its height last year when forty-nine players died and 1,346 were injured. The Rules Committee has made six major changes in the rules to tear the talons out of the game this season: 1. Prohibition of the free use of hands by defending linemen; 2. Elimination of the flying tackle and the flying block; 3. The "dead ball rule" which eliminates piling on; 4. Revision of the old method of substitution; 5. Alteration of kick-off rule which curtails the "flying wedge"; 6. Mandate for equipment to be covered with soft substance.

* * * * * * *

These should make for a decided improvement in the game across the line. Rugby as played in Canada is not unduly rough, and very seldom is a player seriously injured. P.C.I. teams have had marked success for years through their speed and tricky playing, rather than the old ploughing through method where brawn is the all-important factor. The same style of play will undoubtedly prevail here this year.

REFUSES TO BE YES MAN, SAYS ROGERS HORNSBY

Former Chicago Cubs Pilot Explains His Side Of Argument Which Cost Job.

ROWED WITH TIERNEY.

ST. LOUIS, Mo. (A.P.)—Rogers Hornsby, the great right-handed hitter who slugged his way up to a $40,000 a year job, was removed as manager of the Chicago Cubs because he wouldnt be a "yes man."

That's his story, and he sticks to it.

"A 'yes man,'" he told an interviewer, "is all the club owners will stand for, and if you don't 'yes' them they get rid of you.

"But they'll never make a 'yes man' out of me."

So far, they haven't. The outspoken star whose shifts from one National League club to another have been as sudden as they were mysterious has a mind of his own, and his own way of saying what he thinks.

Rowed With Tierney.

Hornsby, who asserts he has never yet 'gone looking' for a job in baseball, admitted a disagreement with Secretary Jim Tierney might have led to his departure from the Giants. He has a logical explanation, however, for his next jump — away from the Boston Braves.

"I engineered my transfer to Chicago myself," he said, "to help out a man I admired—Judge Emil Fuchs, owner of the club. He was paying me a pretty big salary, the club was going anywhere and Fuchs was in a bad way for finances.

"To make it possible for Fuchs to get hold of some money and some new players, I suggested the deal with Chicago."

The reported price paid for Hornsby in the trade was five players and $200,000.

Wrigley Dealings "Swell."

As manager of the Cubs, Hornsby confided all his dealings with the late owner of the club, William Wrigley, Jr., were swell.

"If he hadn't died," the Rajah opined, "I think I would still be managing the Cubs."

A hint of Hornsby's strong aversion to interference by club officials in the management of a team may be seen in his admiration for John McGraw, former manager of the Giants, for whom Roger played at one time.

At Chicago Hornsby is said to have attempted to imitate many of McGraw's methods, including the detailed direction of every player's activities at bat and in the field.

"A manager," Hornsby said, "should have full charge of the club because he's the man who loses his job if the team doesn't win."

Sometimes, however, he loses it even if the team does win.

The St. Louis Cardinals of 1926, under Hornsby's leadership, won the world's championship. Yet before Christmas the Rajah was on his way, some said because of salary disagreement with the club owners, others said because he had given President Sam Breadon the choice of getting along without either Hornsby or Vice-President Branch Rickey.

Bowling Notes

Notice is hereby given to bowlers that the last games in the scheduled club doubles must be played by this Thursday night, or defaulted.

Only a few bowlers—the Die-hards—were out last night, the Exhibition apparently keeping the rest away. At 10.30, Chief Gimblett was trying hard to take a game from John Penrose, but without success. J. J. Howden eventually beat out D. Smith, while rain saved Herb Martin, who appeared to be taking it on the chin from Benny Chesler.

Instead of the regular Friday night tournament this week, Bob Hendry is putting on something entirely new in local bowling circles. It is to take the form of a mixed masquerade tourney, and we understand that anyone wishing to enter must come in masquerade. At the present time, we have not the exact details, but understand that already quite a few entries have been handed in to the chairman.

Some of the list seen revealed the following disguises: President Fitzpatrick as "Charlie Chaplin," Alderman McNabb as "Fire, Water and Light," George Sorenson as "Little Lord Fauntleroy," Jack Sedgewick as "Old Chum," George Cairns as "The Home Edition," the Colemans as "The Four Marx Brothers," Mark Bradin as "Napoleon," and Mr. and Mrs. Bob Hendry as "The Gold Dust Twins."

Besides these, there are many more, but the chairman did not wish to give the whole show away. However, everyone interested should be on hand Friday night and in costume, and a big time is promised. Four sets of new and outstanding prizes are offered.

A new political party has just been formed in Scotland.

More used cars are being sold in France than in many years.

PONTON UNCOVERS NEW PUNTING ACE

TORONTO, Sept. 14 (CP)—When Toronto Balmy Beaches step out against the dominion championship Winged Wheeler squad in an exhibition game at Montreal Saturday they will uncover a punting ace they hope will make fans forget there ever was an Ab Box.

When Box, their star, shifted to Argonauts, Coach Alex Ponton looked no further than his wing line for a successor, picking another Zeb, People, who held down an inside wing post last season. Outhoofing teammates in competition for the job, Pople showed Ponton he can boot the pigskin far and accurately. He will be used at inside on defensive plays and shifted to the backfield for punting duty.

In addition to Pople, the Ontario Rugby Football Union team has Young Roy Abbott, a recruit from Argo Juniors, also a high class punter. Gil Elliott, a Chicago youngster who has played the United States game, is another Beach newcomer of whom much is expected. Ponton has been using him at quarter in practice and has forward passing experience which is proving valuable.

COMING

HUGE ANIMATED MODEL

WHAT YOU SEE

The largest panorama model in the world. Covers floor space of 1,767 square feet, over 700 animated statues performing the great drama of the Saviour's life on earth. Beautiful illumination, glorious music. It is simply a creation of arresting interest, a combination of art, history and mechanism.

BURGESS BEDTIME STORIES

PETER TRIES TO CALL ON SHORT-TAIL.

When Peter Rabbit returned to the dear Old Briar Patch he could think of nothing but his new acquaintance, Short-Tail the Shrew. This was quite like Peter. Anything new arouses his curiosity so that he can think of nothing else. He would have liked nothing better than to have gossipped with some of his neighbors about Short-Tail, and his affairs, but to do this he would have to admit that he knew little or nothing about Short-Tail, and this he couldn't bring himself to do. You see Peter felt very very foolish every time he thought of how Short-Tail had been one of his neighbors for so long and all the time mistaken by him for a member of the Mole family.

So Peter said nothing to anyone, not even to little Mrs. Peter, but resolved to make up for lost time. The very first chance he got he slipped over to the old log, where he had met Short-Tail. He intended to make a call. Now Peter couldn't see under the log, so he couldn't tell whether Short-Tail was there or not. He called but got no answer. He thumped with his feet. Finally he thumped right on top of the old log itself, and then looked quickly to see if anyone ran out. No one did. It was quite plain that Short-Tail wasn't there.

Then Peter remembered what Short-Tail had said about his private little paths and jumping down from the old log began to look for them. Now it didn't take Peter long to find a little path, for there was one leading right away from one end of the old log. It wasn't much of a path. Of course such a little fellow as Short-Tail wouldn't take much of a path. It was very much like one of the private little paths of Whitefoot the Wood Mouse. In

There was Short-Tail Darting along One of His Little Paths.

fact Peter would have supposed that this was just what it was, had it not been for what Short-Tail had said. It was only about half an inch wide.

"He told me to follow his path and we might meet," said Peter to himself, there being no one else to talk to. So he started to follow the little path. Presently he came to another little path, and where the two little paths joined Peter sat down and scratched his head in a puzzled way. "Now how am I to know which way to go?" he muttered. Finally he decided to stick to the one he started on. Half a dozen jumps brought him to where this little path branched. Peter was stuck again. Finally he chose one of the branches and started on, only to have this branch lose itself in a whole lot of little paths which crossed and recrossed and were seemingly all mixed up. Just looking at them made Peter dizzy.

"I'm not going a step farther," declared Peter. "What is the use? I don't know which path to follow and if I did it would merely lead into another little path and I would not get anywhere." A sudden thought struck Peter and caused him to sit up with a funny look on his face. "I wonder," said he, slowly, "I wonder if Short-Tail was simply planning to have fun with me, when he told me to follow one of his little paths, and perhaps we would meet. Anyway, I've tried to make a call, and that I couldn't is no fault of mine. Now, I think I'll go home. My gracious! What a lot of mixed up paths! Short-Tail must do an awful amount of running about."

"I have to," snapped a sharp, squeaky voice. "I'd starve if I did not."

Peter looked behind. There was Short-Tail, darting along one of his little paths.

"Wait a minute!" cried Peter. But Short-Tail had vanished.

QUEENS HEALTH and LIVER SALT

H. ALLEN & CO. LIMITED, TORONTO, Distributors

What To-Day Means To You

If September 14th is your birthday, the best hours for you on this date are from 9 a.m., to 10.45 a.m., from 2 p.m. to 4 p.m., and from 8 p.m. to 10 p.m. The danger periods are from 11 a.m. to 12.30 p.m. and from 4.45 p.m. to 6.50 p.m.

The stellar configurations of September 14th do not hold much hope of a successful day, although there are no signs of irremediable disaster. Nothing out of the ordinary should be essayed; safety lies in routine. The signs are distinctly unfavorable for speculation: rather do they counsel the cutting of losses. Health conditions need careful watching.

A child born on this September 14th will be more than usually inquisitive and will refuse to be put off with foolish inadequacies. It will always be a seeker after knowledge, and will acquire a vast store of information, which aided by a retentive memory and industrious habits will enable it, later in life, to secure its place in the Sun.

You, if born on September 14th, are guided in both speech and action too much by your emotions, and too little by hard facts and logic. You allow your feelings to run away ahead of your judgment, and, as a natural result, frequently find yourself in a tight corner. Your impulses, however, are good, and though they do your heart credit they cause you many a heartache. Your keen sympathies are easily aroused by any sob story, and your interest is awakened by any hard-luck tale.

Although intelligent and painstaking, you, in your duties, often drop the substance and pursue the shadow. You are the victim of day-dreams, and on many occasions and with an honest desire to better your condition, throw away dirty water before you have an ample supply of clean on hand. You are too fond of change and can never stay "put." You distribute your efforts among a variety of interests, instead of concentrating on one. You generalize whereas you should specialize.

In the home you are always willing to help, in season and out of season. This means that you are imposed upon by those who are not ashamed to take advantage of your unselfishness, and these are in the majority. A selfish life is never a happy one; on the other hand exaggerated kindness and permanent self-sacrificing service breeds in others a spirit of helplessness and dependence. You should seek the happy medium.

The Nova Scotia Fisheries Exhibition held annually at Lunnenburg is the only one of its kind in Canada.

A "solarium" installed by one of the Kirkland Lake gold mines is giving daily ultra-violet light treatments to 800 miners.

CHOLERA INFANTUM
THE FATAL DISEASE OF CHILDREN

SCHOOL FAIR HELD AT IDA BIG SUCCESS

Ideal Weather Conditions Were to be Had—Exhibits Were Good.

SPECIAL PRIZE WINNERS

MILLBROOK, September 14 (Examiner Correspondence). — A fine lesson in showmanship was one of the outstanding features of the North Cavan Rural School Fair held at Ida on Saturday afternoon, the agricultural representative, E. A. Summers, giving the boys and girls who were exhibiting colts and calves instruction and practice in the proper method of showing live stock that will in all probability stand them in good stead at other and larger fairs in the years ahead.

Ideal weather conditions, a gratifying attendance, exhibits notable both for quality and quantity, added to the success of this popular event, which some of the grown-ups find of more interest than the regular fall fair, the costumes, singing, marching, and yells of the various schools participating being worthy of particular mention.

The Ebenezer Ladies' Aid offered a special prize of five dollars this year to encourage singing in the rural schools of North Cavan, the result being most encouraging, four schools giving a fine demonstration of choral work, the judges placing them as follows: Fairmount, Cavan, Beechwood and Mt. Pleasant tied.

A record number of contestants were entered in the impromptu speaking, recitation, and mouth organ competitions, the judges arriving at their decisions in the following order: Impromptu speaking, Mary Bradburn, Millburn Jones, Ernest Brown, Mona Seeney, Vivian Brown, Willis Cunningham; recitations Doris Allan, Marian Whitfield, Beatrice Morton, Rose Hanbidge, Edith Cook, Olive Bradburn; mouth organ playing Willie Vise, Tom Best, George Wilson, Beatrice Morton, Keith Morden, and Cleveland Gallagher.

Archie Matchett was the junior farmer assisting on Saturday the cutting down of the Legislative grant this year making it obligatory that all outside help be of a voluntary character. The Cavan branch of the Women's Institute offered a special prize for successful contestants in a spelling match conducted by Colonel J. W. Odell, P.S.I., who gave out twenty words the winners including: Juan Shields, Billie Allen, Mary Lawrence, of School Sections 2, 3, and 9 respectively. Two pupils from each school were allowed to enter in this competition the school's of the district with their teachers being: Cedar Grove, S.S. No. 1, E. Porter; Mt. Pleasant, No. 2, Cameron Vance; Fairmount, No. 3, G. Staples; Beechwood, No. 4, Miss R. Sharp; Cavan, No. 5, R. I. Sutton; Matchett's No. 7 Miss Vera McKim; Cairo, No. 9, Miss Matchett.

First and second prize-winners in each class, out of the six awards offered, were:

Grain—Wheat, 1 qt., Henry Sharp, Cleveland Gallagher; sheaf, Millburn Jones, Beatrice Morton.

Oats, 1 qt., Neil Stewart, Gordon Finney; sheaf, Billie Allin, Maurice Gallagher.

Barley, 1 qt., Bruce Stewart, Roger Hanbidge; sheaf, Rae Stewart.

Vegetables — Potatoes, Dooleys, Peral Handley, Harold Hooten; Irish Cobblers, George Wilson, Elmer Hogg; ensilage corn, Jimmie Kerr, Gordon Finney; sweet corn, Bruce Stewart, James Cook; mangels, Lloyd Whyte, Clarke Armstrong; turnips, Ethel Moncrief, Lenora Moncrief; beets, Morley Allin, Elias Whyte; carrots, Keith Morden, Margaret Lawson; pumpkin, Ernest Boyles, Jay Hayes.

Flowers — Asters, Austin Oliver, Jean Hanbidge; phlox, Henry Sharpe, Kenneth Sisson; petunias, Bruce Stewart, Rae Stewart; zinnias, L. Whyte, Ken Morden; gladiolus, Frank Braithwaite, Ella Best; marigolds, Noble Rothwell, Shirley Rothwell; calendulas, Alvin Porteous, Lenore Moncrief.

Poultry— Barred Plymouth Rock cockerel, Gordon Finney, Ethel Moncrief; pullet, Lenore Moncrief, Neil Stewart; White Leghorn cockerel, Vernabel Turner, Lenore Handley; pullet, Vernabel Turner, Tom Best.

Live Stock — Colt, Ivan Easton, Eleanor Hogg; beef calf, William Allin, Cleveland Gallagher; dairy heifer, Roger Hanbidge, Alton Medill; lamb, Eddie Vise; best broken colt, calf or lamb, Charlie Turner, Henry Sharpe.

Richards; lemonade set, John Hooban, Gwen Staples; poster Protect the Birds (Fifth Class) M. Lawson; weed naming contest, Stephen Wilson George Wilson; live stock judging contest, William Allin, Jack Fair.

A good program of races completed a fair that was marked by success and a sustained interest in its every feature. The W.A. of St. John's Church served meals in the basement of the Community Hall, the exhibits being placed in the large room upstairs, and a booth was also on the grounds, doing a good business all afternoon.

FENELLA W.I.

Ladies Plan to Purchase Curtains For Community Hall —Fine Program.

FENELLA, Sept. 14.—(Examiner Correspondence). — The regular monthly meeting of the Fenella Women's Institute was held on Thursday afternoon, September 8, at the home of Mrs. John Herrington.

During the business period, it was decided to purchase curtains for the Community Hall, and a volunteer committee of the following ladies will attend to buying, making and hanging of same: Miss Ruby Adams, Mrs. Fred. Tailing, Mrs. George Montgomery, Mrs. John Herrington and Mrs. M. Adams. Regarding purchasing and making favors for Rotary banquet, the Misses Ruby Adams, Louisa Clark Jibb and Muriel Macklin, and Mesdames H. George, F. George and N. C. Leach are a volunteer committee to arrange for this matter. Mrs. F. George and Mrs. Sol. Leach were appointed a program committee for the October meeting, to be held at the home of Mrs. Sol. Leach and Mrs. N. C. Leach.

Decided, on motion, that all bills up to date be paid.

A fine program was rendered, consisting of a paper, "Vacation for Farm Folk," by Mrs. W. Rogers; a reading, "Let's Think and Then Be Glad," by Mrs. W. H. Sandercock; a piano solo, "Geraldine," by Miss Muriel Macklin, and a humorous reading, "The Women Go Away," by Miss Louisa Clark Jibb.

A guessing contest, guessing the number of candy in a gass jar, was won by the president. An interesting "What Kind of a Wife" contest was another feature of the program. The winning group received a prize of candy.

A letter of appreciation was read and a few words of appreciation spoken from a member and by a member for remembrances from the society when both were ill.

Upwards of thirty were in attendance at the meeting, which was presided over by the president, Mrs. N. C. Leach. At the close of the meeting, the hostess, her daughter, Miss Ruby, and several young ladies as tea assistants, served afternoon tea, and a merry hour was spent over the teacups.

The family of Wesley Down are quarantined for diphtheria. Mrs. Down is suffering from the ailment.

NOTICE!

—1932—

County Treasurer's Sale of Lands for Taxes

COUNTY OF PETERBOROUGH

To Wit:

By virtue of a Warrant made under the hand of the Warden and Seal of the County of Peterborough, and to me directed bearing date the 27th day of July, in the year of our Lord, One Thousand Nine Hundred and Thirty-two, I am commanded under the authority of the Statutes in behalf, to levy on the lands hereinafter mentioned and described for the arrears of taxes due thereon, with the costs as hereinafter specified, as directed by the said Act. THEREFORE to give notice that unless the said arrears and costs are sooner paid I will proceed to sell by Public Auction at the Court House in the City of Peterborough on the 8th day of November, 1932, at the hour of ten o'clock in the forenoon, the said lands or so much thereof as may be necessary for the taxes, and all lawful charges incurred in and about such sales, and the collection of the taxes.

Small Entry List In Ladies' Open

TORONTO, Sept. 14 (C.P.)—Smallest entry list in many years, only 44 players, have been included in the pairings for the Canadian Ladies' Open Golf Championship, starting at Montreal, Sept. 19. Post entries will be accepted, however, and many additions to the original list are expected.

The title hunt will get under way at the Kanawaki course Monday next, with an 18-hole qualifying round, the top 32 entering match play Tuesday. The final will be played Saturday.

Headed by Maureen Orcutt, defending champion, six United States players will compete. Margery Kirkham, of Forest Hills, Montreal, runner-up last year, heads Canadian entrants.

With Only Five Cents In Their Pockets Young Couple Had Planned To Get Married

Although they had but five cents between them, Edwin Johnston, Indian youth, and Irene Clyde, his girl friend, who both give Toronto as their home, maintain that they were walking to Peterborough to get married.

Both are in Cobourg jail, held on a vagrancy charge. Meanwhile police are trying to learn their connection with a motor accident which occurred on the southern extremity of Bewdley at 5.45 Monday morning.

A large touring car, racing around the sharp curve, failed to make the turn, swung over past the shoulder of the highway and broke off, like sticks, eight sturdy guard rail posts." The car, a powerful sedan, was little damaged.

The driver of the car was not located following the accident. However, residents of Bewdley saw Johnston and Miss Clyde walking south after the crash. The pair were arrested by Highway Patrol Officer A. E. Hornick and Provincial Constable William Carey, of Cobourg, in a farm house, where they had taken refuge, on Monday afternoon.

Johnston disclaimed any knowledge of the motor crash, stating that he and the girl had hitch-hiked from Toronto. "We are going to get married in Peterborough," he said. Five cents was all that he could produce.

Police have learned that the damaged car is registered with J. Mipdalski, of 914 Wyandotte street, Windsor, as owner. It is thought that the car was stolen.

MAIN STREET TOPICS

Up by an Examiner Reporter.

TROUT FISHING CLOSES.

To-day, September 14, marks the close of the season for brook trout fishing, but local fishermen may still go after lake trout, pickere', lunge, and bass. The closing date for these fish—except pickerel, which may be caught any time except April—is October 15, and this date also marks the final day when it is permissible to fish out of a boat.

OIL PAINTING.

The Examiner's display window contains a specimen of oil painting by a local resident, Mr. A. Schultes of 205 Smith Street.

It is painted on beaver board and is an original and striking conception of the agony of Christ on the cross. The thorn-crowned Head and blood-stained Face are vividly depicted.

There are also some very effective little landscapes in oil and charcoal. They show woodland scenes with brilliantly-colored foliage, and a wayside shrine where the figure of the Saviour looks down from the cross on a scene of natural beauty.

BROTHER SEEKS BROTHER

Inquiries are being made by his brother in Kingston as to the whereabouts of John Solomon Youngs, formerly of Oswego, who is believed to be a resident of this district. Any information concerning Mr. Youngs should be forwarded to the police.

HON. HOWARD FERGUSON STEPS INTO THE BREACH

LONDON, Ont., September 14 (C.P.). — Hon. G. Howard Ferguson, Canadian High Commissioner to Great Britain knows how to step into a breach.

It was at a directors' luncheon at the Western Fair, and the event was a toast to the King.

President J. H. Saunders called on Captain Tom Robinson to lead in singing the National Anthem.

Silence! Captain Robinson was not in the room.

The High Commissioner did not hesitate. He started in on the first strains of "God Save the King" and was immediately joined by the rest.

SHELTER TAG DAY SET FOR OCTOBER 1

Monthly Meeting of Children's Aid Society is Held.

The Board of the Children's Aid Society held their monthly meeting on Tuesday, with the following present: Mesdames Fanning, Newhall, Yeotes and Lynch; Messrs. Stocker, Parsons and Abraham, and the secretary.

The chair was occupied by Mrs. J. S. Fanning in the absence of the president.

The superintendent reported for the months of June, July and August, as follows:

Applications for children 11; children brought to Shelter not wards, 3; children returned from Shelter to parents not wards, 7; children made wards, 0; wards placed out, 6; wards visited, 59; wards returned to Shelter, 3; mileage travelled, 1,535; complaints received, 13; investigations at home of, parents, 14; warnings given, 7; court attendance, 6; foster homes heard from, 14; mail received, 77; mail sent out, 124.

The Purchasing committee presented the following accounts for payment:

Silverwood Dairy, $1.00; W. S. Bogue, 25 cents; J. John, $2.00; H. W. Nigh, $5.18; Richard Hall Ltd., $1.32; F. W. Woolworth, $4.70; A. V. Moore, $3.50; Bell Telephone Co., $10.02; the Kingan Hardware, $15.00; Stock's Bread, $7.05; Robert Fair & Co., $4.45; Grafton & Co., $68.72; Fitzpatrick & Geraghty, $38.74; Campbell's Dairy, $9.18; Peterborough Hardware, $6.05; Darcy Foster, $9.10; John Edgar, $2.69.

A letter was received from the Public Trustee advising of a bequest from the late Christena Spence of $100.00.

The secretary was requested to purchase 10 signs bearing the words, "Remember the Children's Aid Society in your Will." These are to be placed in places where wills are drawn up.

At the end of June there were 16 children in the Shelter and at the end of August 10.

Tag Day is the first of October, the convenor is Mrs. Newhall and the public are respectfully asked to remmeber the children on that day and make the day a huge success, better than ever.

The Society is doing everything possible to keep the attendance at the Shelter as low as possible and thereby keep down the overhead expenses.

There are several fine boys at the Shelter who would like a home. Have you a place for one of them?

Products Displayed In Examiner Window

Crosse and Blackwell products are displayed this week to great advantage in the north window of The Examiner. There is a wide variety in the goods manufactured by this firm, and the exhibit is at once appealing and interesting.

Wild bramble jelly, with its intriguing name, strawberry and black currant jam are in dainty little glass jars; larger glass containers are filled with sugarless apricot, black currant, raspberry and marmalade; tall bottles wrapped in cool-looking cellophane paper are labelled as fruitcup, orangecup and lemoncup; there is Little Chip marmalade with its toothsome excellence; business-like bottles of vinegar in the dark malt and light-colored distilled spirit liquid; the Scotch plaid label of Keiller's marmalade, and the new sandwich relish that is companioned by the very efficient-appearing Dutch ovens of steel and self-basting properties. One of these handy little ovens goes with a bottle of the sandwich relish at a much reduced price for the two articles.

Yellow and red solar rays of paper make the backing for a very attractive display.

WARKWORTH.

Mr. and Mrs. W. Hill and family, of Peterborough, were week-end guests of Mr. and Mrs. C. T. Maycock.

Mr. and Mrs. A. E. Blue, Sr., Mr. and Mrs. A. E. Blue, Jr., Mrs. T. L. Carter and daughters, Margaret and Doreen, and son, Leslie, of Welland, were recent guests of Mr. and Mrs. Bob Millar, Norham.

Mr. and Mrs. W. B Hawkey spent Sunday in Bowmanville.

Mr. and Mrs. Elgin Edgar visited relatives in Stirling on Sunday.

GOOD HEALTH AND SAVINGS

The Open Door to These Assets is Seen in Heintzman & Co.'s Exhibit at the Exhibition.

At the Peterborough Exhibition, Ye Olde Firme Heintzman & Co., are exhibiting in the Main Building this year. They are using two sections—one for Radios, the other for Connor Washers and Westinghouse Electric Refrigerators.

The Radio Exhibit consists of two Rogers, two Philcos, one Victor and one DeForest Crosley machines—all monarchs of the air, giving the very utmost in tone and faithful transmission of the "real" program to one's own fireside. In engineering they are the newest; in cabinet construction, any one is fit to grace the most elegantly furnished room.

The Westinghouse Electric Refrigerators shown are the newest models, and mark another important forward step in perefect refrigeration. They are guaranteed to operate efficiently in "Dog Days" anywhere; to start and stop automatically when unusual conditions interrupt operation; they are also good looking, and fuel and operation cost saving. Their 20 points of perfection, as demonstrated at the Exhibition, are attracting a lively degree of interest.

In Connor Washers, Heintzman & Co. are exhibiting "Play Day Model 21" and Model 40-E, with each of which goes a twelve-year conditional guarantee. They wash by forceful water action alone, and every fibre is continually attacked by hot rushing suds until thoroughly cleansed. The process is safe for the sheerest articles and amazingly fast; the specially-built motor is one-quarter horse power. The Extractor shows many new features. For instance: the one-piece frame construction is rigid; there are no bolts or rivets to work loose; oversized resilient rolls remove more soap and water and are kind to buttons and fasteners; large or small articles are dried equally well without adjusting pressure screws; the self-adjusting drain plate sends never a drop of water on to the floor. Heitzman & Co. recommend the Connor for its high quality standard, a washer one can select with every confidence of getting the utmost satisfaction. This company's Peterborough business house is known as "Heintzman Hall, Royal Bank Building, corner George and Hunter streets.

THE WORLD'S GREATEST NEED

How to Court "Beauty Rest" is Seen in Cain Bros.' Exhibit at Exhibition.

An exhibit in the main building at the Peterborough Exhibition which arrests and holds the interest of home lovers is that of Cain Bros., successors to M. McFadden & Son, 178 Hunter street. Here one sees a generous display of Simmons' mattresses, springs and beds. The mattresses are "Beautyrest", "Deepsleep" and the "New Ostermoor" all products renowned the world-over for producing that ideal rest in which frayed nerves relax—a restful, revitalizing sleep, resulting in renewed vigor and energy. The "Slumber King" spring in construction conforms scientifically with the weight of the body and is a companion comfort to the Deep-sleep mattress. Then beauty and charm is seen in the Simmons "Laurel" bed, which together with either of their mattresses and springs combine in bedroom furnishing fit to grace the finest home. Prices of this sleep well merchandise are lower than ever before. Incidentally one learns that in the "Beautyrest" mattress there are 837 tiny coils of finely tempered steel—each one individually pocketed.

With odd pieces of fine Canadian made furniture, Cain Bros. are also showing a very exquisitely carved walnut cedar lined moth-proof chest, which is a picture of refined elegance. A card suggests that this would make a splendid Christmas present; unfortunately however it was sold the first day, but others may be had at the store.

Cain Brothers of Lindsay, located here a little over a year ago, taking over the furniture and undertaking business formerly conducted by M. McFadden & Son. Mr. Frank Cain, in charge of this Peterborough end of their business, reports that they have no reason to regret the investment, for their clientage is increasing month by month and they are exceedingly optimistic of the future.

INQUIRY BOARD PROBE LOSSES OF UNIVERSITY

Government Action as Announced by Premier Bracken After Cabinet Meet.

GIVES FEW DETAILS.

Claims Statements Will Be Published as Information is Brought to Light.

WINNIPEG Sept. 14 (C.P.)—Appointment of a board of inquiry with full power to make the most searching, complete and comprehensive investigation in all matters affecting the University of Manitoba will be made by the Manitoba Government, Premier John Bracken announced to-day.

In a statement issued after two lengthy Cabinet meetings devoted to the situation arising out of the defalcations of John A. Machray, K.C., bursar and chairman of the Board of Governors of the University, Mr. Bracken declined to give any detailed information on the extent or manner of the defalcations. Machray is to appear in court Thursday, charged with theft of more than $900,000. It is possible court proceedings may be short and after they are over more complete disclosures will be made.

Premier's Statement

Mr. Bracken's statement follows, in part:

"I can fully appreciate the desire on the part of the public to obtain the fullest possible information at the disposal of the Government in respect to the University Trust Funds and the alleged defalcations, and I may say that as pertinent facts are obtained they will be made available from time to time. The public, however, will realize that anything in the nature of a detailed statement cannot be issued until the auditors have completed their investigation.

I may, however, assure the people of the Province that it is the Government's intention to appoint a representative board of inquiry, which will be given full power to make the most searching, complete and comprehensive investigation into all matters affecting the university.

Police Court

Much good coin of the realm jingled into police court coffers today as Magistrate Langlay tried nearly a dozen traffic cases.

William Sharpe, Hastings, paid a fine of $10 and $3.75 costs because he drove on No. 7 Highway with inadequate brakes. Going at 20 miles an hour his car travelled 125 feet before coming to a halt when the brakes were applied.

Because he entered upon a highway without stopping, Albert Poolman was fined $2.00 and costs of $3.75.

Alfred Coyte, of Millbrook, for driving with in adequate brakes was fined $10 and costs of $5.75. Albert Bowles, of North Monaghan, was found guilty on two counts, driving without a permit and driving with inadequate brakes. His fines totalled $20 and $5.15 costs. He stated that he had secured a driver's permit in 1928 and did not know it should be renewed each year.

Victor Dinsdale, Haggart street, pleaded guilty to driving without a permit and was fined $10 and costs. William Driver and Darol Rose pleaded not guilty to charges of not stopping before entering a highway and to speeding across an intersection. Their cases were adjourned for a week.

WHY THE SPINE?

BECAUSE it is the great central switchboard of the nervous system.
BECAUSE interference with nerve transmission is a major cause of disease.
BECAUSE interference is most likely to exist where nerves make their exit from the spinal column.
BECAUSE spinal segments may become slightly deranged.
BECAUSE Chiropractic has definitely established that correction of these derangements brings health to many sufferers.

MACHRAY GETS SECOND REMAND OF WEEK

MANY FARMERS STORING WHEAT FOR PRICE RISE

Albertans Selling Only When Cash is Required to Debts.

NOT A STRIKE.

Hold Out For Return That Will Cover Production Cost and Fair Profit.

CALGARY, Sept. 15 (C.P.).—Dissatisfied with the present price of wheat, Alberta farmers are holding their product off the market, selling only when money is required to pay debts. This was definitely announced by the Alberta Wheat Pool to-day.

It was declared by the Pool this move was not in the nature of a strike, but started by the farmers in an effort to obtain what they consider a fair price for their product. At present they receive an average price of 32 cents per bushel, number one Northern.

It was unknown at what figure the farmers would start marketing all their wheat, but they do refuse to sell until they can obtain a price that will cover the cost of production and assure a fair profit.

160 Million Bushels.

Alberta's wheat crop this year is expected to be around 160,000,000 bushels. The farmers will be unable to hold any great amount of wheat due to lack of insufficient funds to pay their debts.

There is a general movement over the whole province, however, to use all possible storage space for holding wheat until a rise in price. The wheat is being sold only when the farmer requires money to cover expenditures. In some sections it is feared congestion of storage facilities may result because of the holdings.

Coarse grains will not be affected by the farmers' decision, the Pool points out.

BURNED VILLAGE TO BE REBUILT

Hon. J. M. Robb Heads for Spragge to Investigate Relief for 300 Homeless.

MILL IS UNTOUCHED.

SPRAGGE, Ont., Sept. 15.—(CP)—This lumber town, almost completely destroyed yesterday by fire, will be rebuilt. J. J. McFadden, president of the McFadden Lumber company in which the fire started, told the Canadian Press today.

"Our mill is untouched and it is our plan to resume operations at least next season if not this fall," McFadden said.

Damage in yesterday's fire which rendered 300 persons homeless was estimated at $500,000.

McFadden took personal charge of work to relieve distress among those whose homes were destroyed yesterday.

He was expecting arrival of Hon. J. M. Robb, Ontario Minister of health, from Blind River to take any steps the government may think necessary in the situation.

Authority From Price

Mr. Robb received authority to take charge here from Hon. W. H. Price, Ontario Attorney General and acting premier. McFadden said the village might have to be rebuilt before his company could continue operations. It was too early, he added, to say what work would be done or when it would be started.

Enough logs were left undamaged by the fire to last the company all winter, McFadden continued. He said no work would be done in this bush during the winter.

Fire was still smouldering in the ruins today but there seemed little likelihood it would break out again.

Twenty-five houses, the hotel, boarding house, school, company store garage and pool room were destroyed with about 8,000,000 feet of lumber company docks and equipment in the yards.

WORRY BRINGS DEATH

LONDON, Ont.—Alexander McCoy, 28, died to-day, less than two months after the deaths of both his parents. His death was attributed to shock and worry.

Blanchard, advertising representative of the Imperial Tobacco Sales Company, Toronto office.

WELL BALANCED EXHIBITION IS THIS YEAR'S FAIR

Children's Day and Almost Perfect Weather Pushes Up Attendance.

300 DOWN.

Free Ticket to Midway Ride For Every Boy or Girl Saturday.

Children's Day and almost perfect weather gave the Exhibition's attendance a substantial forward push yesterday toward figures which highly pleased the directors when returns from the gates were reported this morning by Fred Holmes.

The count at the turnstiles was only three hundred less than on the midweek day last year, and the grand stand's total for the day was only sixty less than on the corresponding day a year ago.

"Splendid," was the general comment of the directors, who agreed that in view of the adverse conditions the support of the public has been decidedly favorable.

If the same combination of great weather and the generous co-operation of the people from the city and district continues for the last half of the week, the financial report when the final balance is drawn should be highly satisfactory.

School children from the city and country took complete possession of the Exhibition yesterday from the grand stand to the last corner of the midway, and most of them stayed until long past the curfew hour. It was announced to-day that Saturday will be another special day for them, and that the management of the Midway will give to every boy and girl coming through the gates a free ticket to one of the rides or shows that are of particular interest to the young people.

They swarmed the booths and stands, and before five o'clock the Devon ice cream booth had emptied its last can after disposing of nearly 5,000 cones. To many of the younger generation the Exhibition was replete with discoveries, the rhythm of the Lancers, the thrills of the vaudeville acts, and the breath-taking fun on the Midway rides.

Well-Balanced Exhibition

Public consensus declares this year's Exhibition to be the best-balanced show the directors have ever provided. The variety and quality of the attractions, the general appeal of the Midway at prices that are reduced to the present financial level, and the quality of all the exhibits have deeply impressed the visitors during the first three days of the week which the Besses o' th' Barn Band started on a high plane.

ANOTEHER SPORT.

NAPLES, Italy. — It was great sport. Cafe waiters, each balancing a tray on which were a bottle of wine and a glass, ran a relay race through the main streets. Ninety-five waiters participated in teams of five, with negligible spillage.

President R. Denne Makes an Appeal To Citizens to Support Exhibition

TO THE PEOPLE OF THE CITY AND DISTRICT:

In your hands rests the opportunity of making new history for the Peterborough Industrial Exhibition.

By according the Fair your patronage during the remainder of the week you will make new attendance records possible and put the seal of your approval on our efforts to build this annual event into one of the finest exhibitions in the Dominion.

The scope and extent of future fairs will depend to a large degree upon the financial returns attained this year.

Never before has the Exhibition Board been the recipients of so many tributes from satisfied patrons as have been paid this week as visitors voiced their appreciation of the all-round excellence of the Exhibition—its exhibits, its grand stand program, its midway, and other features of the 1932 show. It is agreed that this is perhaps the best-balanced Exhibition in our history and we are glad to know that the popular fancy has been captured by what is to be seen and heard at the grounds this week.

Such programs, however, are possible only when they receive the necessary financial support; and we, therefore, urge our good friends of this whole district to continue to accord us their patronage until the final performance on Saturday night.

It is your Exhibition: You can make it the greatest success of all time. Attend to-morrow or Saturday, or better still, attend both days.

On behalf of the Board,

ROLAND DENNE, President.

ORGANIZED LABOR ADVOCATES NATIONAL CONTROL OF BANKING

Criticises Canadian, World Banks For Participating Present Crisis.

WANT 40 HOUR WEEK.

(By Jack Hambleton, C. P. Staff Writer.)

HAMILTON, Ont., Sept. 15.—Criticism of Canadian and world banks for having precipitated the present world crisis featured discussions at the Trades and Labor Congress of Canada convention here to-day, with the Congress finally going on record as supporting the principle of national control of the banking system.

The Congress also discussed a resolution introduced by the Toronto District Labor Council which called for incoming executives to press vigorously for a 40-hour week for all employees coming under the minimum wage law, but returned it to the Resolutions committee to have the committee change the hours to 30 instead of 40.

Want 40 Hour Week.

However, in order to avoid any misunderstanding, Tom Moore, president of the Congress, pointed out the Labor body was still endeavoring to obtain a 40 hour week by legislation, but that the 30 hour week was requested on all government contracts.

Uniform enactment of the minimum wage law was requested by several delegates, who pointed out there were wide discrepancies in the measure by which employers were finding loop holes.

R. C. McCutcheon, Winnipeg, declared that in his native province of Manitoba, girls and boys

Music by the Peterborough Rangers' Band.

STRANGE MALADY.

LONDON, Ont. — John McNeil, former Detroit policeman, originally from Brussels, is in hospital to-day suffering from a sickness, which has not yet been diagnosed definitely. The man, apparently choking to death, was brought to hospital last night, but was revived by use of an inhalator.

SOMERVILLE BREAKS PAR RECORD BY 2

Canuck Golfer Gains Lead on Bill Blaney of Boston at Half Way Mark.

NEW COURSE MARK.

Fischer Holds Defending Champion All Square Through First Round.

FIVE FARMS COURSE, Baltimore Country Club, Sept. 15.—A record-smashing 68, two under par, for the difficult Five Farms course by Ross (Sandy) Somerville, former Canadian champion, from London, Ont., to-day featured the first round of the quuarter-finals in the United States amateur golf championship.

Somerville's finish over the last nine in 33 strokes enabled him to fight off the spirited challenge of Bill Blaney of Boston, just 27 years old to-day, and gain a 2 up lead at the half-way mark of their 36-hole battle.

The Canadian's total clipped a stroke off the former competitive record of 69, which was touched by Johnny Fischer of Cincinnati, the medallist, in the qualifying round.

Fischer, still very much in the title fight among the eight survivors held the veteran defending champion, Francis Ouimet of Boston, all square through their first round.

The other two matches also developed close and interesting contests as big Jesse Guilford of Boston, the 1921 champion, finished the first round 1 up on Chick Evans of Chicago, two-time former champion, and Johnny Goodman of Omaha came back with a rush to be all even with Maurice J. McCarthy Jr., star New York youngster.

SHOT BROTHER IN OWN DEFENSE

McIlquham Tells Court He Fired During Scuffle While Being Choked.

ARGUMENT OVER RADIO.

KINGSTON, Ont., Sept. 15 (C.P.)—Frederick McIlquham, charged with murder of his brother William, took the stand in his own defence to-day and described how he fired the shots which killed William.

McIlquham said he shot his brother during a scuffle when William was choking him. Their quarrel was said to have arisen over the fact William, very drunk, was playing the radio full blast, early in the morning and resisted when Frederick attempted to turn it off.

McIlquham was still on the stand when the court rose at noon.

McIlquham, a thin, sickly looking man, appearing younger than his 37 years, described an illness which he said had partially deprived him of control of his legs.

He said he obtained the pistol with which he shot his brother at Niagara Falls.

Gandhi To Starve In Private House

LONDON, Sept. 15 (C.P.).—The British Government has decided, it was disclosed to-day, that as soon as Mahatma Gandhi begins a hunger strike which he has said he will start on September 20, he will be removed from the Yeroda Jail at Poona to a place of private residence.

The announcement by the India Office said it is hoped that it will not be necessary to impose any further restrictions on Mr. Gandhi but that this will depend on whether the liberty accorded him lends itself to the promotion of civil disobedience or of any similar agitation prejudicial to the maintenance of law and order.

Feathered "Fish"

Mr. Cook was trolling off Tenmile Point. He felt a strike and imagined it was a dogfish. He started to reel in.

Instead of a dog-fish he was surprised to see the catch take flight. It was a loon.

The bird mistook the spoon for a small fish and made a

Feeble Ex-Bursar Not Asked to Plead Charges Piling Up

Critically Ill With Cancer, Former Chairman Board Of Governors Of Manitoba University Is Accompanied Into Court By Physician And His Daughter.

$50,000 BAIL IS RENEWED WHEN COUNSEL ASKS TIME TO PROBE $500,000 INVESTMENT.

WINNIPEG, Sept. 15.—(CP)—An aged and feeble little man whose great legal and investment business has collapsed on his head, appeared in police court here today and was remanded for one week on a charge of stealing $901,175.30.

John A. Machray, K.C. former chancellor of the Church of England diocese of Rupert's Land, former bursar and chairman of the Board of Governors of the University of Manitoba, was not asked to plead to the charge which relates to University endowment funds. Another charge involving also a large sum in connection with a private trust may be laid soon and charges also may be laid in connection with losses of about $1,000,000 sustained by the endowment funds of the Church of England.

Critically ill with cancer, Machray was accompanied to court by his daughter and his physician. He walked into the court room unaided and took a seat at the lawyers' table while a dozen or more petty charges of illegal sale of liquor and violation of traffic laws were disposed of.

$500,000 Item.

When his case was called, his counsel, A. E. Hoskin, K.C., asked for a week's remand. The Crown, he said, had furnished him with details of the charge. One item was $500,000 in cheques issued for University future investments for which securities had not been produced in the case of which the investments had not been completed. The defence required time to check over this and other items. John Allane, deputy Attorney-General for the Crown, consented. Machray's bail of $50,000 was renewed

Cripple Awaits Eviction For $300 Arrears in Taxes

LONDON, Ont., Sept. 15 (C.P.)—Mrs. Ellen Garside, 87, crippled and blind, to-day sat awaiting decision of County Judge A. A. Ingram whether or not she must move from her home under terms of her dead husband's will.

The houuse was left her on condition she paid taxes. She paid them for many years. Her son helped when she became blind. Later he was taken to the Ontario Hospital for the Insane and the aged woman was left with an Old Age Pension to shift for herself.

Executors of the estate have sought to have her evicted on the ground $300 is owing on taxes.

Judge Ingram urged a settlement out of court, but said he would have to render judgment if the settlement could not be reached.

A lioness has given birth to triplets in London.

URGE FARMERS TO WATCH PIGS

British Expert States Care Needed if English Market is to be Gained.

QUALITY MUST BE GOOD.

WINNIPEG, Sept. 15. —(CP)—Canadian farmers will have to watch their pigs if they want to obtain full advantage of the preference accorded Canadian bacon and other pig products in the British market by the agreement signed at the Imperial Economic Conference.

This is the opinion of Sir Douglas Newton, M. P. for Cambridge, agricultural adviser to the British delegation at the Conference. He is spending a few days in Winnipeg on his way back to London after a tour of the west.

To gain and hold the large British market, Sir Douglas said, Canadian pork must be of good, uniform quality and supplies must be continuous.

Two Hapsburg Archdukes Pay Visit To Rumania

BUCHAREST, Rumania, Sept. 15 (A.P.)—Two Hapsburg archdukes, father and son, speeded into Rumania to-day from Austria only two days after a sensational newspaper attack on the recent christening of the son on Austrian soil.

The sudden arrival of the Infant Archduke Stephan, son of Princess Ileana, and his father was generally regarded as a move to discredit the newspaper Patria's statement that the christening was handled in a way "to suggest that a Hapsburg might one day have a hand in ruling Rumania."

The child, born at Moedling, Austria, came here by train with his mother and grandmother, Dowager Queen Marie. The father, Archduke Anton, roared into King Carol's domain by airplane.

The library brought by Marc Lescarbot to Port Royal, now Annapolis Royal, in 1606, is the first known in Canada.

NOTABLE PROGRAM PRESENTED BEFORE GRAND STAND AUDIENCE

Royal Canadian Dragoons Given a Big Hand by the Crowd.

THREE GOOD ACTS.

Shades of knights in armor, of crusaders riding down dusty English lanes for a joust in the tilting field, memories of old story book tales of cavalry riders and the charge of the Light Brigade, might well have been evoked for those who sat and watched the Royal Canadian Dragoons perform last night in front of the grand stand.

They had plenty of competition, of course.—The petite little lady who is one of the most sensational of the Four Sensational Devils, took the breath of the crowd last night, when she swung from her dainty little white-clad toes from a far-away harness that seemed to anchor her all too loosely to the very tip of a pole that rose one hundred and twelve feet in the air. The local Fair has seen many a skilful and daring act in seasons past, but perhaps none more daring than this quartette of Sensational Devils present all this week. Clambering quickly up the ladder-like side of that slender pole, they cavort without any appearance of fear and also

Snake is Trapped In Spider's Web

ST. CHARLES, Ill., Sept. 15 (C.P.)—Science is predicting a victory for the common black spider in its long fight with the ten-inch garter snake around which it spun its web twenty-four days ago.

Suspended in the air, with its head enmeshed in a strong silken rope, the snake began its twenty-fifth day of struggle to disengage itself, but, in the opinion of Walter Necker of the Field Museum of Natural History, there is no chance to escape.

Under a magnifiying glass the reptile was seen to be as securely bound as though it were held in chains of iron.

TRANSPORT OR HUTCHINSONS

LONDON, Sept. 15. (CP)— The Daily Herald says the trawler Lord Talbot has been instructed to call at Angmagsalik, Greenland, during the next five days for the flying family of George R. Hutchinson and bring them to Aberdeen, Scot-

FLIERS OVERDUE WATCHERS FEAR OCEAN TRAGEDY

Italian Government Starts Every Searching Agency in Its Control Moving.

DUE ROME. MIDNIGHT.

Trio in "American Nurse" Last Reported Off Ireland —Fuel Must Be Gone.

ROME, Sept. 15 (A.P.)—Every searching agency under the control of the Italian Government was set to work to-day to find the missing monoplane "American Nurse," which had disappeared on a non-stop flight from New York to Rome.

She was due here last midnight with her crew of two men and a woman, but there was no report of the plane after 11.50 a.m. yesterday, when a steamer reported sighting it 400 miles off the southern coast of Ireland.

As soon as he was certain that the fuel must be exhausted even if there had been no accident, General Italo Balbo, the Minister for Air, ordered all pilots, military and civil, on land and sea, to search for signs of the plane or for wreckage. Forestry workers, lighthouse keepers, warships and merchantmen, as well as the entire national police force were instructed to be vigilant.

Doing All Possible

Aviation authorities doubted that the plane had reached Italy, but the Government notified the American military attache that everything possible was being done.

The flyers are William Ulbrich, pilot, of Mineala, N.Y.; Miss Edna Newcomer, 28-year-old undergraduate nurse of Williamsport, Pa., and Dr. Leon M. Piesulli of Yonkers, N.Y., the commander of the expedition.

The chief anxiety was that the plane's gasoline supply might have given out over the Mediterranean area. Reports of ships which sighted her yesterday over the Atlantic indicated the plane was steering a reasonably true but northerly course.

Search Proves Futile

ROME, Sept. 15. (AP)—An all day search through western Italy by land and sea and air disclosed no trace of the aeroplane American Nurse, missing on a flight from New York with a woman, two men and a woodchuck mascot.

Commercial airlines joined with military planes in searching over the Italian peninsula and Sardinia, especially over thew ooded areas. Aviation authorities thought the flyers could not have reached the continent, for if they had they would have flown low to get their bearings and the plane would have been recognized.

They expressed the hope that it might still be picked up somewhere at sea, but nevertheless they prepared to resume their search at day break to-morrow.

HOT CAMPAIGN FOR S. HURON

Manion Opens Drive For Tories—King on Liberal Line-up.

INDEPENDENTS ACTIVE.

LONDON, Ont., Sept. 15—Campaigning in the first by-election since the Imperial Conference will be launched to-night, when Dr. R. J. Manion will speak at Exeter on behalf of Louis H. Rader, Conservative candidate for South Huron Dominion riding.

Tuesday night, Hon. H. H. Stevens, Minister of Trade and Commerce, will speak at Seaforth, the home town of William H. Golding, Liberal candidate. The Liberal program, according to F. G. Sanderson, M.P., is being rapidly rounded into shape. In addition to several former Ministers, Rt. Hon. W. L. Mackenzie King, will speak.

The speaking of Willaim W. Cooper, Kippin farmer, Independent, and the other candidate in the potential three-cornered fight, is not expected to be extensive.

Anticipating a fight centered about the results of the Imperial Conference, the electors of South Huron are manifesting deep interest.

Belief that the Conference will play a big part in the campaign is fostered by the appearances in the riding of Dr. Manion, press liason officer at the Conference, and the announcement that the Minister of Trade and Commerce will speak. Empire trade will be discussed by Dr. Manion.

HASTINGS TEAM WINS 1ST PLACE AT EXHIBITION

Northumberland County is Second in Table Setting Contest.

PETERBOROUGH THIRD.

R. J. Goring Donates Cup to the Winning Team of Girls.

When R. J. Goring of the Robert Fair Store presented an entirely new award this year in the Judging Competitions for the Young Farmers and Farmerettes, he did it, as he explained yesterday in the big tent at the Exhibition devoted to these contests, for the purpose of idenifying himself intimately with the local Fall Fair, and also for the purpose of interesting the young women on the farm in a distinctly worth while cross section of their daily life.

Mr. Goring presented a silver cup, the ownership of which falls to the team capturing it twice in annual competition, to the winners in a contest for setting the table for a supper on the farm in the month of September.

The large crowd that thronged to the tent yesterday while this contest was in progress, demonstrated the interest taken by men and women alike, in an interesting and well-contested item in the judging program of the week.

The winners of this, the first year with six teams taking part in an inter-county contest, were a team from Hastings County: Miss Nellie Webb of Bonarlaw and Miss Kathleen McComb of Bonarlaw. They received the silver trophy, also a cash award of $15. The second prize of $10 in cash (all cash awards were made by the Peterborough Exhibition), went to Northumberland County, a team composed of Miss Georgina Hamilton and Miss Marion Tompkins, both of Brighton.

The third prize of $6 was won by Peterborough County, represented by Miss Eleanor Garvey of Indian River and Miss Elsie Girven of Norwood.

Prince Edward County won the fourth prize of $5 represented by Miss Mary Ellen Black of R.R. No. 7, Belleville and Miss Kathleen Giles of Amelíasburg. The fifth prize of $4 was tied between Durham and Victoria Counties, the former represented by Miss Viola Gray of Pontypool and Miss Isabel Sisson of Bethany, and the latter by Miss Ann Davidson and Miss Isabel Perrin, both of Oakwood.

Interest in Contest

The contest, open to young women of the counties, was most interesting and evoked strict attention from a large audience. The teams explained their methods in a graphic manner. They placed their dainty china and silverware on equally daintily clothed tables, decorated with low bowls of flowers, in matching color schemes, and their trim appearance in pure white Hoover aprons or prettily colored yellow frocks, the color chosen by the first team, added much to the interest of their demonstration.

They essayed to serve a meal with an eye to all possible details, such as service, method, food values, placing of table appurtenances, conversation at the table, and table manners. It was enlightening and entertaining.

The demonstration was in charge of Miss E. Hopkins of Lindsay, under auspices of J. B. Nelson and the Department of Agriculture and William Knox of the fair board. Judges for the table-setting contest were Miss G. Gray of Toronto and Miss B. Bambridge of Dutton, the same ladies who assisted the other two judges, Miss Helen Garbutt of Peterborough and Miss E. Collins of Toronto, in judging the Household Science contest.

Mr. Goring, presenting the trophy, spoke briefly and to the point, enlarging on the educational value of the competition and thanking Mayor Denne and the Board of Directors and those taking part, for their co-operation and interest.

Mayor Denne also spoke briefly, speaking of the necessity for full co-operation between city and country and also expressing gratitude to those in charge especially to Miss Hopkins, supervior of the competitions.

J. B. Nelson was the third brief

The water area of Canada is 180,-035 square miles, or almost 5 per cent of the total area of the country.

Plans are being made for dyking and reclaiming 10,000 acres of rich silt lands on Kootenay Flats, near Creston, B.C.

Children Sustain Fractured Elbows

CAMPBELLFORD, Sept. 15 (By Examiner Staff Correspondent).—Two minor accidents have occurred in Campbellford this week, both of the same nature, when two children each sustained a fractured elbow: Harold, 10-year-old son of Mr. and Mrs. Ed. Outingdyke fell from his bicycle while riding it on the street and sustained the injury. Six-year-old Rose Beaudoin, daughter of Mr. and Mrs. F. Beaudoin, received her injury when she fell off the steps of the Campbellford Public Library.

PLANE CRASHES THREE PERISH

Two Lads Being Given Free Rides For Passing Handbills Are Victims.

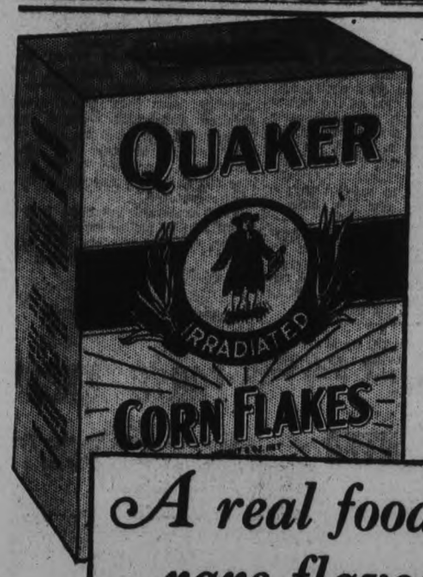
FATAL TAIL SPIN.

GLENWOOD, Minn., Sept. 15.—(CP). Two youths receiving free rides for passing out handbills and the pilot were killed when an aeroplane went into a tail spin two miles west of Glenwood.

The dead: Ray Dibble, 35, Gracqville, aviator.

Lawrence Austin, 18, son of Mr. and Mrs. John Austin, Glenwood.

Sidney Thompson, 17, son of Mr. and Mrs. Henry Thompson of Lake Pelican, near Glenwood.



Quaker Corn Flakes are made better by the addition of Vitamin D. No other Corn Flakes contain the precious sunshine vitamin.

A real food ...rare flavour!

IN one delicious dish, Quaker Corn Flakes give you REAL food and *rare* flavour. All the energy of sun-ripened corn, combined with the nourishment of milk and cream, and the flavour of higher quality ingredients. Special malt, pure CANE sugar and salt of crystal purity.

JAPAN OFFICIALLY RECOGNIZES COMMONWEALTH OF MANCHUKUO

Treaty Signed To-day Calls For Defensive Alliance Between Two States.

BRIEF CEREMONY.

CHANGCHUN, Sept. 15 (A.P.)—The state of Manchukuo, youngest of the world's commonwealths and born of the successful military campaign of the Japanese army in Manchuria, last fall, was officially recognized by Japan to-day.

At a drab and listless ceremony in the old Salt Administration Building here, in the presence of Manchukuo officials and their corps of Japanese advisors, Cheng Hsiao-Hsu, Premier of Manchukuo, and General Nobuyoshi Muto, special envoy of the Japanese Mikado, affixed their names, using a tiny brush instead of a pen.

The treaty calls for a defensive alliance between the two states, and marks the first recognition of the new nation by a foreign power. The recognition was hastened by Japan so it would be announced before the League of Nations publishes its decision on the Japanese military campaign in Manchuria, following the report of the League's inquiry commission, which is now on file in Geneva.

10-Minute Ceremony.

The signing occupied less than 10 minutes. General Muto signed first,

CLAIMS LABOR OFFERED NO AID

MacDonald Sticks to Guns in Placing Community Against Class Consciousness.

ISSUES LETTER.

LONDON, Sept. 15 (C.P. Cable)—"During the work of last session the Labor Opposition contributed nothing which would help us to put one man in employment or to keep up wages." This statement is made by Prime Minister Ramsay MacDonald in a lengthy article in the fortnightly letter issued by the National Labor group.

"It is the poorest of games to make people believe they can get money for nothing and call it Socialism," the article continues. "Some recent displays of Labor spitefulness have been the equal of anything in the history of capitalist victimization and intimidation. It is now a good many years since I put community consciousness up against class consciousness. I still stand there and will there remain."

Storm Sets Fires In Ottawa Section

OTTAWA, Sept. 15.—(CP)—Farm buildings, valued at more than $14,000, were destroyed by fire; crops damaged and minor destruction caused in the city as a result of electrical storms which swept the Ottawa district last night.

The heaviest damage was suffered by James Adams, of Russell, whose $5,000 barn was struck by lightning and quickly destroyed by fire. Heavy damage was also caused on the farm of E. Fennell, at Kars, and August Buradt, at Blackburn, where outbuildings were destroyed after being struck by lightning.

For a time several buildings and the Presbyterian church were threatened by the fire at the Adams barn in Russell, but flying embers were quickly extinguished and only slight damage resulted to the church.

Judgment Reserved In Aldermen's Case

NORTH BATTLEFORD, Sask. Sept. 15.—(CP)—Judgment is reserved today in the cases of Alderman W. C. Rowland and R. Jones, both members of the North Battleford police commission, charged with abetting an offense under the Saskatchewan Liquor Act.

A similar charge against Ald. A. E. Blower, another member of the police body, was dismissed, without defense evidence being called. Complete vindication of Ald. Blower's stand was voiced by the bench.

Frank admission by Alderman Rowland and Jones, that they had given money to a man to purchase liquor in order to ascertain if complaints to the prevalence of bootlegging in the city were well founded, featured the trial here yesterday.

Admiral Anderson Chief, Newfoundland

LONDON, September 15 (C.P. Cable). — Admiral Sir David Murray Anderson after many years of distinguished service in the Royal Navy in various parts of the world has been appointed Governor and Commander-in-Chief of Newfoundland, succeeding Sir John Middleton. Announcement of the King's approval of the appointment was made yesterday.

The new Governor rose from a midshipman to high ranks in the Navy, and after serving as Commander-in-Chief of the Africa station, he was selected in 1929 as Admiralty representative on the League of Nations Permanent Advisory Commission. He held this post from 1929 until last year.

Jungle Reptiles "Tangle"

LONDON, Ont., Sept. 15. — (CP)—A battle royal by a reputed 192-year-old python and a much younger reptile caused much commo'ion on the midway of the Western Fair. The uproar occurred early yesterday while employees of the shows, of which the reptiles are a feature were slumbering. When Major Welliver, the snakes' owner arrived on the scene, he found Goliath, the ancient python and another of the big reptiles fastened firmly around one another and their tails were lashing furiously at everything in sight.

With great difficulty Major Welliver disengaged the bat lers and they are now housed in separate compartments.

TINY BALLOON IS SENT ALOFT

Meteorological Experts Seek Information of Conditions in Stratosphere.

AT CALGARY.

CALGARY, Sept. 15 (C.P.)—Soaring skyward, a balloon, linked with international Polar year experiments and tests, is to-day in the air testing pressure and temperature conditions in the stratosphere of Western Canada. It was released at the airport here last night and within two minutes it was lost in the dark sky.

The balloon, four feet six inches in diameter, was released by D. C. Archibald, Winnipeg, Western Superintendent of the Meteorological Service of Canada, and C. H. Bromley, Calgary representative of the service. Calgary was selected as the only place in Western Canada where the balloons will be released, Mr. Archibald stated, saying others will be sent aloft next month.

Because of declining pressure as altitude is gained, the balloon will expand and its diameter extend to about six feet six inches when it will burst and drop earthward. It is hoped a height of approximately eight miles will be gained before bursting.

Instruments attached to the balloon will register the changes in temperature and pressure as it ascends. The changes are registered by a delicate needle on a glass-like metal. The temperature when the balloon was released was 56.2 degrees, while the rising barometer recorded 29.97 inches, indicating good prospects for the flight.

CHILEAN FLIERS GO INTO HIDING

Troops Seek Airmen After Revolt Backfires and Political Situation Changes.

DAVILA MAY RETURN.

SANTIAGO, Chile, Sept. 15. — (C.P.)—The Chilean air service was "hiding out" to-day, sought by troops of the regular army, when a revolt in which the aviators participated Tuesday apparently had back-fired.

After several quick shifts in the political situation yesterday, General Bartolome Blanche, Commander-in-Chief of the Army, was still at the head of the Government, although there were reports that Carlos G. Davila, who stepped out Tuesday would resume the Presidency.

General Arthuro Moreno Benitez, chief of the air service, who threatened to bomb the President's palace if Davila did not resign, fled with his pilots when General Blanche, who had resigned for a few hours yesterday, went back into office and announced he would retain the Presidency with the support of the army.

Scandinavian Tour For Prince Of Wales

LONDON, Sept. 15 (C.P. Cable).—The Prince of Wales goes to Balmoral to-morrow to visit the King and Queen for a few days before his Scandinavian tour. Accompanied by Prince George, he will leave for Copenhagen next week, opening the British Industrial Exhibition there on September 22. Later he will visit Stockholm.

The Daily Express declares the Prince of Wales has been badly advised in regard to opening the exhibition at Copenhagen, arguing that Denmark sells to the United Kingdom five times as much as she buys. The newspaper adds that the Argentine Exhibition which the Prince opened did nothing for British trade.

HELD FOR VIOLATING

WINDSOR, Ont., Sept. 15.—(CP)—Charged with double violation of the Canadian War Pensions Act, William Bethell, past president of the Allied War Veterans association and now a pensions adjuster, awaits court hearing here Friday. It is understood at least one of the charges involves alleged levelling of fees on veterans for handling their pension appeals or adjustments.

Finn Woman Plays Role of Cop

COBALT, Ont., Sept. 15.—(CP)—A Finnish mother's ability in quelling riots and distributing "shiners" is brought to light by a report of Provincial Constable R. O. Stromberg. The officer was summoned to Girous Lake to quell a rumpus, which had developed from a party. On arrival he found the woman of the house had distributed "shiners" so freely and effectively, his services were not required. The woman's husband had two black eyes, another man was similarly decorated about theoptics and her son had one discolored eye to show for his mother's prowess and all were more or less in a state of tranquility.

Hit-Run Motorist Kills 2 Patrolmen

ERIE, Pa, Sept. 15. (AP)—Two motorcycle patrolmen were killed on the Park Drive here late last night by a hit-run motorist who escaped.

The dead are: William Paradine, 25 years old and George Kruth, 30 years old, this city.

BUS SIDESWIPES TRUCK WOMAN KILLED, 15 HURT

DELAWARE, N.J., Sept. 15.—An unidentified woman was killed and 15 people injured when a New York to Scranton passenger buss sideswiped a standing truck early today on a road between here and Bridgeville.

One side of the bus was sliced off and no one in it escaped injury, police said. The woman, about 40 years old, was killed instantly. A. B. Toronton, 56, of Buffalo, and an unidentified youth were not expected to live. They suffered skull fractures.

BARN IS RAZED AT ACTINOLITE

T. Klewetuber Loses Season's Crop—Aged Man Barely Saved.

CELLAR ROBBED.

TWEED, Sept. 15 (Examiner Correspondence).—While threshing at the farm of Theodore Klewetuber, Actinolite, on Monday, the barn caught fire, completely destroying the season's crops, machinery and threshing outfit. It was with great difficulty an aged man was got out of the building alive.

Robbery.

On going to the cellar of her home, Mrs. Beach was surprised to find someone else had been there and removed a quantity of preserves, also empty sealers. Hearing a conversation between two small boys, Constable W. Moon quickly rounded up Albert Bradey and Francis Donahue, who admitted entering the cellar by removing the screen and taking the missing articles.

ACCIDENTAL DEATH.

MONTREAL. — Verdicts of accidental death were returned at the inquest here to-day into the deaths of Captain Blaise A. Leboeuf, chief instructor of the Montreal Light Airplane Club, and his pupil, C. W. Chambers, killed in a plane crash near St. Hubert Airport last night.

ONTARIO GRAIN.

TORONTO, Sept. 15.—Approximate prices track shipping point—Wheat, 44c to 46c; oats, 23c to 25c; barley, 38c to 41; corn, 45c to 47c; rye, 35c to 36c; buckwheat, 35c to 37c.

"SALADA" TEA

"Fresh from the Gardens"

LOSES HIS LEG

LONDON, Ont.—Robert Downing Toronto, to-day had lost his left leg, which surgeons found necessary to amputate. Downing, a helper at the Model Shows of America, was seriously injured Tuesday at the Western Fair grounds. His condition after the operation last night, was reported serious. Downing was under the "waltzer" on the midway oiling it, when an operator, unaware that he was under one of the machines, set it in motion.

ESCAPES THEN PERISHES.

SACRAMENTO, Cal.—Carl Reese, convict, escaped from Folsom Prison, but lost his life doing it. He had a makeshift diving suit and apparently hoped to walk away under water. The suit, however, was deficient. Guards found his body.

HARVEY COUNCIL WILL INSURE ROADS WITH CONSOLIDATED FIRM

W. Northey Appointed Tax Collector for 1932—Will Pay Auditor.

ACCOUNTS PASSED

HALL'S BRIDGE, Sept. 15 (Examiner Correspondence).—The Harvey Township Council met at Lakehurst recently with all the members present and the Reeve in the chair when, on motion of Mr. Bennett and Mr. Ingram, the Clerk was instructed to notify the Brandon Insurance Company that the township will not reinsure the roads with the company this year.

Moved by Mr. Bennett and seconded by Mr. Ingram, that the township insure the roads with A. R. Croft of the Consolidated Insurance Company for 1932 and 1933.

Moved by Mr. Bennett, seconded by Mr. Ingram that Peter Graham's pay sheet be passed and the balance of grant paid.

Moved by Mr. Shearer and seconded by Mr. Windover that the pay sheet of the late Thomas Armstrong be passed and the balance of grant be paid; Robert Irwin to be paid $23.95 on this pay sheet for work done and the balance of 58c be paid into the estate of the late Thomas Armstrong.

Moved by Mr. Shearer and seconded by Mr. Shearer, that the McKinty be allowed to do his statute labor this fall and spend $10 on his road.

Moved by Mr. Windover and seconded by Mr. Shearer, that the auditors' report of the collector's roll be accepted.

Moved by Mr. Bennett and seconded by Mr. Ingram, that the auditors be paid for auditing 1931 books.

A bylaw was introduced and duly passed, appointing W. Northey collector for 1932.

Moved by Mr. Bennett and seconded by Mr. Windover, that Peter Graham get $10 to be spent on the road leading to R. Thurston's ranch providing said Rollie Thurston spends a like amount.

Moved by Mr. Bennett and seconded by Mr. Windover, that the Reeve be authorized to order three culverts 24 feet by 10 inches, and one 24 x 10.

On motion the following accounts were ordered paid: A. R. Croft, insurance on roads, $127.95; Bobcaygeon Independent, $64.50; W. J. Stockdale, gravel, 83 cents; John Coons, gravel, $10.72; W. D. Coulter, wire fence, $7.50; A. E. Battum and Sons, powder, fuse and caps, $2.36; Examiner account, $2; Phil Aldred, gravel, $11.04; Peter Graham, gravel, $4; Robert Irwin, work on road, $22.65; Thomas Armstrong estate, 58 cents; Walter Mooney, grant on road, $10; Joseph Stevenson, gravel, $8.80; Alex. gravel, $5.28; Sam Wood, repairs, $10.45; Fred Calvert, 29 loads of stone, $1.45; Perry Brock, 149 loads of gravel, and 33 loads of stone, $13.57; Hartman Brock, $8; G. Windover, cartage of culvert, $1.25; Harvey Telephone Company, balance of collections for 1931, $15.99; Gale Elliott, auditing account for 1931, $5.40; Hugh Allan, auditing account for 1931, $5.20; Q. Fawcett, putting in culvert and grading, $10; S. Graham, work on road, $8; Thomas Fulton, work on road, $3; Bruce Hall, work on road, $3; D. Hall work on road, $12.

On motion the council adjourned to meet at Hall's Bridge on Saturday, October 8.

SAFETY GROUP

MARMORA, September 14 (Examiner Correspondence). — The regular monthly meeting of the Deloro Safety Committee took place at the Deloro Hall on Monday evening, J. H Hemphill presiding in the unavoidable absence of the chairman, R. A. Elliott. E. H. Buskard read a report of an accident occurring at Cornwall this spring, in which the escape of chlorine gas figured. H. Rennie for the Suggestions Committee, reported the receipt of twenty-four suggestions during August. Sixteen of these were acted upon and completed, one is in progress and seven were deemed unnecessary.

C. T. Nicholson for the Competitive Committee announced four awards as having been given, and mentioned that the Star is retained by the Silver Plant. He also made th einteresting statement that the whole plant had operated for the past nine months without any accident and for eleven months without a compensation accident.

W. L. Rigg gave a resume of the work covered by the Inspection Committee, and J. O'Neill was appointed floating member for September. For the Publicity Committee, W. R. Reynolds outlined the routine of the month. A. Kennedy described the holding of prone method practices in the Silver Plant, and E. Hewitt was appointed to hold similar practices at the Metals Plant during the current month. C. H. Buskard gave the monthly statement of the Benevolent Relief Funds.

Under general business, the committee went on record as complimenting Jack McCrodan for his promptness and presence of mind displayed at the rescue of a Havelock youth from drowning at Crowe Lake a few weeks ago.

Lakefield

Mr. and Mrs. Ernest Bickell and daughter of Los Angeles, Cal., are visiting friends in the village.

Master Donald Elliott, of Selwyn, is visiting his grandfather, Mr. E. J. Sanderson.

Mr. and Mrs. N. S. Osborne, who have been spending their vacation in the village and in Owen Sound, leave this week for Port Colborne.

Mrs. A. B. Burrows and children, Bernard, June and Douglas, spent the week-end with the former's mother in Lindsay.

Mrs. J. M. Twist and daughters, Elizabeth and Marion, and son, John, have returned from Muskoka where they spent the summer.

Mrs. A. E. Dawson and children, who spent the summer in the village, have returned to Toronto.

Mr. George Douglas, of Stratford, was the guest of Mr. and Mrs. E. W. Bailey last week.

Mr. Paul Wynne, of Urbana, Ohio, was the guest of his cousins, Mr. and Mrs. F. H. Richardson, last week.

Mr. Roy Charlton is on a ten days' motor trip to Montreal and other Eastern points.

Mrs. W. A. Simpson has returned from a visit to her daughters in Dundas and Toronto.

Wood Buffalo Park, Alberta and Northwest Territories, has an area of 17,300 square miles, and is the largest animal park and reserve in Canada.

SHE FOUND THE WAY

REGULARLY—once a month—many a girl decides to do something about it. Surely there must be something to help such pain, such weakness . . . some way to get relief.

Then the period passes. She forgets. But next month she suffers again.

Now—today—is the time to do something. Buy a bottle of this Vegetable Compound. Keep it ready. It has been a godsend to thousands. 98 out of 100 women who try it report benefit. Through its tonic action it built them up and relieved the pain. They depend on it. You can depend on it too.

Lydia E. Pinkham's VEGETABLE COMPOUND

NOTE—OUR OLD STORE REMAINS OPEN UNTIL BALANCE OF STOCK IS SOLD OUT

BOTNICK'S ANNOUNCE the Opening OF THEIR NEW STORE

385 George St.

To-Morrow, Sept 16th

Your Inspection Cordially Invited

A feature of this new store is the modern note emphasized in the combining of two different lines of merchandise and yet leaving each exclusive of the other. Ladies may shop without knowing there is a gent's store under the same roof. Likewise the gents without coming in contact with the ladies' dept. and yet when shopping together, how convenient to pass from one store to the other you will realize when you visit us. We want to show you this unique arrangement that cuts overhead, thereby helping us to keep down prices.

FUR-TRIMMED

COATS 19.50

You will find this group of splendid quality coats. Truly remarkable value at this special low price. Now is the time to come shopping folks. Stocks are complete and all prices marked for opening days. All sizes in this group of the season's newest cloth coats trimmed richly with the most fashionable furs. Your inspection invited.

VISIT THIS NEW STORE FOLKS

It's different! Also you will find the season's smartest, most up-to-date lines of ladies' ready-to-wear. To get which we spent days looking over the styles shown by leading coat and dress makers. We are proud of the selection we have gathered for your approval. Another fact of supreme importance is that prices are not high, even now at the start of the season.

A SMALL **DEPOSIT** WILL HOLD YOUR SELECTION

Keep this in mind when you come to see this new store. It will assure your having your choice when you want it most.

LUXURIOUS FUR TRIMMED

COATS 29.50

THURSDAY, SEPTEMBER 15, 1932

MAKE IT A STRONG FINISH.

For the first half of the week Peterborough's Industrial Exhibition has been given an encouraging patronage that should be amplified during the second half of the big fair, for two days crammed full of attractive features still remain.

With well filled cards of good horse racing added to all the other program events, the afternoon bill each day offers something for everybody, while the Royal Canadian Dragoons and the splendid vaudeville acts provide a grandstand performance of rare merit for the evening crowd. The exhibits and the midway are, of course, full of interest at all times, and with so much to be seen and enjoyed many people are making daily visits to the Exhibition grounds and finding each visit decidedly worth while.

With every feature in full swing on Friday and Saturday the attendance record for these two days should be sufficient to give this year's Exhibition a surplus in spite of the heavy expenditures that have been courageously made to keep the big fair moving forward in the face of a general tendency in a time of financial stress to cut down.

The Exhibition Board has refused to fly any distress signals; instead they have crowded on sail, and with the loyal help of the people of the city and district they expect to sail their craft triumphantly into success harbor by Saturday night.

A SPLENDID MOVEMENT.

So far as the Peterborough Industrial Exhibition is concerned, the education of young farmers, stressed by Hon. Duncan Marshall, as essential to the success of agriculture is not being neglected.

This is evidenced by the fact that two days of the present Exhibition have been given over to the junior farmers' division, conducted under the supervision of the Ontario Department of Agriculture, thus expanding and amplifying the work inaugurated some years ago and successfully carried on at each local Exhibition since.

With an entry list of 99 boys and 55 girls, the pick of the best young farmers of the seven counties of this immediate district, the value of this ambitious program as a means of educating rural boys and girls to know more about farming in its various branches and to take a greater pride in their occupation as Canada's basic industry cannot be over-estimated.

If the Peterborough Industrial Exhibition did nothing more each year for agriculture than it does in this junior farmers' division it would have earned the enthusiastic support of the whole district, and every cent of government assistance it receives.

And this splendid movement is not only good for those who participate in it and for agriculture in general, but it is a potent factor in developing goodwill for the Exhibition itself and in building up a strong array of friends and supporters.

CHANGING TRADE.

The changing trend in Canada's trade is shown by the fact that for the first eight months of the present calendar year imports of British anthracite into this country exceeded last year's total for the same period by 50 per cent., while at the same time importations of American fuel decreased by 27 per cent.

For the eight-month period the importation of British anthracite amounted to 834,111 tons, as against 543,589 for the similar period in 1931, while the total of American anthracite dropped from 1,475,775 in 1931 to 1,089,113 in the period to the end of August this year.

This development of greater trade in coal with the Mother Country is only one of a number of similar changes that have been marked recently.

Just a few days ago it was announced that a new market for Canadian tobacco had been found in Sierra Leone, West Africa, to which a shipment of 8,400 pounds has just been made.

South African wine is finding a market in Canada, and six of the eight Provinces in which a Government control system exists are now importing wine from that part of the British Empire, which has also received large orders from Canada for corn.

Another striking development is that the Canadian raisin market, just a short while ago practically monopolized by California, has now been captured by Australia.

UNDER FIRE ALL ROUND.

Premier Henry's new "beer and wine in hotel dining-rooms for bona fide guests who have purchased their alcoholic beverages from Government vendors" has come under fire from two quarters directly opposed to each other.

R. Home Smith of the Moderation League rakes the Premier's idea fore and aft, denouncing his suggestion as fatuous and as indicative of lack of leadership, while on the other hand the Ontario Prohibition Union, pointing out that the plan would provide no revenue for hotelkeepers and would entail additional expense and responsibility, urges that there should be no relaxation of existing liquor regulations.

Mr. Henry has not yet publicly disowned the policy he mentioned a few days ago; his political friends should get him into a corner and tell him that unless he promptly declares that he had merely thrown out the suggestion to test public opinion and that he has no intention of putting the policy into effect, his stock is certain to touch a new low level.

Most people respect an administration that takes a firm stand, even if they do not agree with the action adopted, but the leader who tries to please everybody with a weak apology for a policy usually succeeds in satisfying no one.

Mr. Henry's attempt at a home run has produced nothing but a pop foul—and a few more such efforts will send him back to the bench.

NOT TO BE SNEEZED AT.

Toronto Globe.

It may be facetious to say that hay fever now is in its finest flower; but that is the fact. This is a red bloom, and may be observed about the eyes and nose of the individual whom it selects for decoration. Nurtured by tears, its growth is rapid, and its roots spread through the entire human system Strangely enough, the victim, while not proud of his distinction, makes known by nasal trumpeting that he is among those whom hay fever marks as its own This is an impulse that cannot be overcome; and tearfully the sufferer admits his helplessness.

Despite his misery, the victim of hay fever receives little sympathy. By those who have not contracted this annually recurring malady it is regarded as a cold in the head; with this difference no one has a certain remedy. Hay fever laughs at all the old standard cures for a cold. It is the aristocrat of head afflictions, and will not submit to common treatment by which common people are cured of common sneeze-producers. Some day there may be a scandalous revelation that this haughty nuisance is bound up in some profitable way with the handkerchief industry; but that is anticipating.

Despite all this, the hay-fever victim should be pitied. No matter how excellent his general health, he must contemplate the certainty that some time during the Summer the master's hand will be laid upon him, and that for weeks he will not be fit company for his fellows, and no company for himself. The tragedy is that little can be done about it. In certain climates there is said to be relief, but man cannot control the climatic conditions in which he is obliged to live. And even when he tries new scenes, hay fever is prepared to wait until his return; and if he dodges his nemesis one year it will waylay him the next. Hay fever never forgets. In this case it seems that what can't be cured must be endured. Another handkerchief, please.

BAYONETS SELL NO GOODS.

Japan has a population of sixty million people which, like that of Great Britain, could not maintain itself were it not for its ability to supply its needs by manufacturing goods and selling them abroad.

Japan's natural customer and its greatest customer is China. Without Chinese trade Japan must be steadily impoverished to the point where its unhappy people will be confronted with famine.

Yet Japan has suffered its military party to bring about such a state of antagonism in China to everything Japanese that its commerce with that country has been reduced almost to nothing.

Last year China stoically and impassively observed the Japanese operations in Manchuria. True, they made the Japanese unpopular among the Chinese and sporadic boycotting occurred. Nevertheless the Chinese government maintained a perfectly correct attitude and even took steps to suppress the boycott.

This was the situation last January when, the efforts of the Nanking authorities in this latter direction having been only very partially successful, Japan landed a naval force at Shanghai.

Instantly China flared up in a passionate and dogged resistance, one feature of which was the intensification of the boycott of Japanese goods. The numerous anti-Japanese societies co-ordinated their activities and spread themselves from the coast to the borders of Tibet.

The object of these bodies was not only to make the boycott as complete as possible, but also to make life difficult for the Japanese resident in China. This was accomplished so effectively in Shanghai that a number of Japanese carrying on business there were literally driven insane.

It is war and it is not war. China will not declare war, but on the military front has instituted a policy of "prolonged resistance," while in Manchuria she encourages and aids by underground methods the independent forces that are operating against the Japanese. Moreover, the boycott has become a recognized weapon, which is now employed to the utmost with the tacit consent of the government.

To this pretty pass have come the relations of Japan with a country, the friendship of which is vital to her. China, of course, will suffer, but China is accustomed to suffering, and she can continue suffering for a long time without danger of disintegration.

It is otherwise with Japan. If it is to be a game of endurance, China will win. There appears to be no method of combating this new method of warfare, a typical Chinese invention. Japan, in the long run, must come to terms with her neighbor.

And the longer the attainment of friendly relations is delayed, the longer Japan postpones realization of the great future on the Pacific to which she aspires. For in the future her commerce with China must play the largest part, must, in fact, be the underpinning of her position.

Japan is fond of comparing her maritime position in the Orient with that of Britain in the Occident. Britain, however, did not achieve her world-wide trade by means of the bayonet. She accomplished it by peaceful penetration and persuasion, not by coercion.

If Japan is to become, as she fondly hopes to become, the Britain of the Pacific, she will have to study British methods.—Vancouver Sun.

EDITORIAL NOTES AND COMMENT.

Two more days left of the Peterborough Industrial Exhibition. Make them two of the biggest in the history of the event.

Another for the 1932 list of similes: As unpopular as Premier Henry's new liquor policy.

When it comes to band music it is evident that Britishers are not satisfied to just "muddle through."

Young Peterborough captured the Exhibition grounds yesterday, and how those youngsters liked the whole program!

South Huron is to have a three-cornered fight in its by-election next month—a condition that should favor the Government candidate.

W. J. Henry, assessor, who attended the meeting of the Ontario Municipal Association, draws attention to an error in the editorial reproduced last evening in The Examiner from the Stratford Beacon-Herald in which it stated that the association went on record as favoring a reduction in the exemption for municipal income taxation. Mr. Henry states the meeting did not record itself in any way, and the matter was left for consideration for another year.

Those new-type houses which can be erected in four days may be a novelty, but what this country needs is houses which can be paid for in somewhat less than a lifetime.—Ohio State Journal.

SUBURBAN HEIGHTS—THE HOOK

By GLUYAS WILLIAMS

(Copyright, 1932, by The Bell Syndicate, Inc.)

IN DAYS GONE BY

Items Taken From Old Fyles of The Examiner.

SEPTEMBER 15, 1922.

Hon. W. R. Motherwell, Minister of Agriculture who is here for the Exhibition, was guest of the city at a noon luncheon in the Empress today....About 4,500 children attended the local fair yesterday, the afternoon being given over to the school boys and girls.

SEPTEMBER 15, 1912

Charles Bell, who escaped from the Kingston asylum, was arrested here at the Snowden House last night....An estimated crowd of 20,000 attended the Exhibition yesterday, it being the biggest in history of the local fair.

SEPTEMBER 15, 1902

Miss Margaret Coleman, of the N.Y. City Hospital, has been appointed Lady Superintendent of Nicholls Hospital....Fred McGrath won the Schneider Challenge Cup for sprinters from George Taylor at Driving Park yesterday, beating him two straight 100-yard heats in 10 3-5 and 10 1-2 seconds.

In Lighter Vein

Courteous

Mrs. Mannerly (to her little daughter, who has just returned from tea with friends): "I hope you said 'No, thank you,' oftener than 'Yes, thank you'."

Mabel: "Yes, I did. I hadn't been eating more'n half an hour before they began saying, 'Don't you think you've eaten enough?' And I said, 'No, thank you'."—Unidentified clipping.

Afternoon Callers

"I'll only stop a minute,"
She says when it is three,
But keeps right on a-talking
Until it's time for tea.

"I really must be going,"
She cries when dust sets in;
But she remains for dinner
To exercise her chin.
—Pathfinder.

Ho-Hum!

Talleyrand was driving one day with a very boresome young diplomat who insisted on talking too much. In another carriage Talleyrand saw someone indulging in a big yawn.

He immediately caught the bore by the arm. "Hush!" he cautioned, "you are overheard."— Christian Science Monitor.

MARMORA.

Marmora Council No. 279, C.O.C.F., met on Tuesday evening at the home of friends, Mr. and Mrs. W. Gray. After business had been transacted, cards were enjoyed and a delicious lunch served before the gathering dispersed.

Mr. A. Holman of Toronto spent Monday evening in town.

Mr. Gillespie, representative of the Upper Canada Bible Society, is spending a few days in this district.

Miss Rita Steenburg, Reg. N., was the guest of Mr. and Mrs. Floyd Gray at Deloro recently.

Quotations For To-Day

Dewdrops, Nature's tears, which she
Sheds in her own breast for the fair which die,
The sun insists on gladness; but at night,
When he is gone, poor Nature loves to weep.
—Bailey.

PETERBOROUGH MARKET QUOTATIONS

RETAIL.

Fruits.

Dairy Produce.

Butter fat, for No. 1 cream, 18c lb.; delivered at the plant, 19c; creamery butter, 24c lb.

GRAIN AND PRODUCE REVIEWS

TORONTO PRODUCE.

TORONTO, Sept. 15.—Receipts of butter on the local market yesterday were about normal for this season of the year, but, though the quality offered by brokers was extremley high, buyers were not inclined to commit themselves for large lots. The market held the healthy tone of previous days, however, and prices were steady on both creamery solids and prints. Local brokers quoted Ontario solids at 22c to 22¼c for No. 1 one 21c to 21¼c for No. 2 and Western makes at 22½c, delivered Toronto.

Cheese.

Prices on new makes of cheese were slightly higher, the quotations by brokers being steady with the top of the previous spread. They offered large at 11c, twins at 11¼c and triplets at 11½c. Wholesalers sold at the unchanged levels of 12c for new large, 12¼c for new twins, 12½c for new triplets and 14½c for new stiltons, but their prices on old makes were changed to 16¼c for large, 16¾c for twins and 17c for triplets. Trade in cheese was quiet in comparison with the demand of previous days.

Eggs.

Receipts of eggs from Ontario points were fairly heavy and did not clear well, though brokers' prices on extras were lower. Brokers offered graded eggs in tree cases at 24c for extras, 20c for firsts and 13c for seconds, and wholesalers offered the trade supplies at 29c to 30c for extras in cartons, 28c to 29c for extras loose, 23c for firsts and 15c to 16c for seconds. Prices to country shippers were steady at 22c to 23c for extras, 17c to 18c for firsts and 11c to 12c for seconds, delivered, ungraded, cases returned.

MONTREAL GRAIN.

MONTREAL, Sept. 15.—Butter advanced a little further on the Montreal wholesale market yesterday. No. 1 grade selling at the noon auction at 22 1-8c per lb., a total of 535 boxes were sold at that price. Some No. 2 butter sold at 21 5-8c per lb. The butter market was described as quiet, but firm. Small lots to retailers are quoted by jobbers at 24c for solids and 25c for prints. Only one box was received, compared with 667 boxes on the same day last week, and 100 boxes on the corresponding day last year.

Cheese eased 1-8c down from maximum levels of the previous day, being generally quoted in the afternoon at 10¾c to 10 7-8c for Ontarios, and 10½c to 10 5-8c for Quebecs, these prices being for current arrivals, held stock being available slightly cheaper. Receipts, 2,662 boxes; week ago, 5,280; year ago, 662. Only a moderate business was being done.

Eggs continued dull and extras were being shaded 1 cent per dozen in a wholesale way. Ontario fresh stock arriving, or prairies, were quoted in carlots or L.C.L. lots at 26c per dozen for extras, while firsts were around 19c per dozen and seconds at 13c per dozen. The wide spreads between the grades were still prevailing, being the widest ever known by veteran traders here. Seconds have been lowered to retailers to obtain greater movement. Receipts, 1,022 cases; week ago, 2,008; year ago, 548.

The potato market ruled mostly 50c per 80-lb. bag for new Montreal stock, with first quality quoted up to 60c per bag.

CHICAGO GRAIN.

CHICAGO, Sept. 15.—Plunging downward 3c a bushel from an early high point, wheat yesterday made a ragged finish at almost the bottom level reached.

Attention of traders during the late dealings became focused on uncertainties regarding an address delivered by Governor Franklin D. Roosevelt of New York, Democratic Presidential nominee, yesterday afternoon, touching the agricultural situation. The contents of the address were not known until after grain trading had ended, and, with many stop-loss selling orders dislodged, the pit was almost bare of buying orders toward the last.

Close Is Unsteady.

Wheat closed unsteady, 1 7-8c to 2¼c under Tuesday's finish; corn, ¼c to 1c down; oats, unchanged to 1-8c to ¼c off, and provisions varying from 3c decline to a rise of 7c.

WINNIPEG GRAIN.

WINNIPEG, September 15. — Heavy selling, traced to Chicago interests in the closing minutes of trading, took the edge off early-session gains and wheat suffered sharp downturns in all three futures, values closed at levels 1⅝c to 1¼c lower than Tuesday's finish.

October closed at 51¼c and December at 52⅝c for losses of 1⅝c, May declined 1¼c to close at 57⅞c.

Heavy unwinding of spreads between Winnipeg and Chicago brought about losses of 2 cents in the latter market. The movement involved large sales in the local pit. The pressure immediately ran the October future down to 50¾c, or 1 cent below the previous low level. At this point support was sufficient to rally prices fractionally.

Sales to Shanghai on Tuesday were estimated at 1,000,000 bushels. This was said to have been taken for October-November shipment.

Offers were received from Russia and the United States, but in each case the price asked was considerably more than the current quotations for Canadian c.i.f. offers.

Demand for cash wheat and for coarse grains showed no improvement.

STATION L-O-V-E

BY CRAIG CARROLL

(Continued from yesterday.)

INSTALMENT 16

Dick came into the studio hurriedly. He turned Judy's head a little. "Talk across the microphone more," he said.

"But I thought you had to talk straight into it," Judy said.

"Not always," Dick said curtly. "Depends on your voice. Your voice deepens too much when you talk directly into the mike. You know, that's how Amos 'n' Andy work all those extra voices. They do them all themselves. But it's a question of just how they stand, how far from the mike, how they turn their heads, whether they talk across or straight into or on an angle—all that."

He disappeared through the open door again, he reappeared back of the glass, he signalled for her to begin. And Judy, her mind whirling, began. But as she read the words Elton Day had written she kept wondering about Dick Mason. Why he had drawn away from her so suddenly, so utterly. Why there was always a line of worry about his deep eyes, and a tight, hard line around his mouth.

"—I do much of my own sewing," she heard her voice saying. Judy Allison, who worked six weeks on a pair of bloomers in sewing class at school, and then was told by her instructor that she had sewed them inside out! Judy Allison giving advice on sewing! Funny! Too funny!

"I recommend that you try this experiment for yourself." What experiment? Suddenly, for the first time, Judy was conscious of what she was reading. And she was conscious, too, of a faint and growing admiration for Elton Day.

He knew the tricks, as he had said. He made this sound like an honest, heart-to-heart talk which was what it was called. He made every sentence sound as though the speaker had thought of it only that moment. No wonder he could get radio-writing jobs. No wonder it went so easily from her tongue. As long as she went straight ahead, stopping and starting as his writing indicated, she couldn't go wrong, she couldn't fail to sound convincing.

It wasn't hard after all. It was rather fun, making yourself believe you really meant what somebody else had written. And thinking all this, Judy's voice quickened, she forgot the microphone, she realized only that her voice sounded oddly small in the high room until she heard Dick calling from the door.

* * *

"Yes, Dick?"

"You're going a lot too fast. I've been signalling you to slow down."

"Oh. I'm sorry."

He grinned.

"I know, Judy. You got so interested in talking. People always do, first time on the mike. Well, we've got two minutes. Try three things; Breath more quietly. I could hear your breath. And break oftener."

"Break?"

"Like this." He took the script. Now, standing in front of the microphone, he seemed to change in a moment. His shoulders were held back, his chest seemed to force the words straight into the microphone, he read slowly, easily and somehow he forced a small, intimate chuckle into his voice. Judy understood now why women, listening miles away, were so sure he was talking to them and to them only.

She tried it, achieving a grotesque parody of his deep voice.

"Like this?" she asked, and tried again, carefully.

"Right," he said. And again Judy wished the hard line would not show so quickly at the corner of why his eyes seemed so worried, Dick's mouth; wished she knew sometimes, for a second only. But she said nothing.

Dick was pointing at the lock.

"They're ten minutes late now," he said, chuckling. "Ought to be along soon. So I'm leaving you. I'm not supposed to have anything to do with your being here, you see. The client and I will be upstairs, with the salesman—because I'm to announce the program and he wants my advice on the voices. But—"

"But that's hardly right, Dick. Because—"

He chuckled again. "Because I'll vote for you? Oh, but I won't. The minute I get up there I don't even know you. And if some other voice is really better than your's, Judy, then all I can do is—"

"Is say so. Of course," Judy agreed, smiling. But a small jealous voice in her heart insisted that there are moments when too much honesty is hardly kind.

"Then—try hard."

"I will."

* * *

He was gone. She could see him talking for a moment with the gold-toothed radio man. Then a third man appeared, a thin, dark man she never had seen before. This man took the place the gold-tooth man had occupied. Some one turned on the lights. The studio glared now, and Judy felt the intense heat of the big clusters of lights overhead.

The big door of the studio opened. A girl appeared. A new girl. Not a girl. A woman. Fifty, at least. Wearing too much rouge. With the reminder of a young beauty that had gone a long time ago. With—Judy saw now—with run-over heels and a long run in one stocking, carefully mended. And a coat grown shiny in its desperate effort to go on being smart.

"Oh," the woman said. "I'm not first after all, then?"

She talked like a woman in a play, putting each word by itself. She made a sort of ritual of opening her coat, of sitting down beside Judy. Then she coughed genteely.

"I'm Alicia Renavent. It's French," she said, all in a breath.

"Oh. I'm Judy Allison."

"Charmed." The shabby lady extended a languid hand. Evidently she expected it to be shaken. Judy obliged, finding the hand oddly cold.

"I'm here by special request of the client," the lady said now.

"Im here by special request of the client," the lady said now.

"Indeed?"

"Yes. He had heard about my work. And so he sent for me. And—"

* * *

Suddenly, she reeled slightly. She steadied herself with one hand. Then her eyes closed. Her face was stark white.

Judy jumped up, looked around the studio. Water, of course. Water. In the hall she saw a water cooler. She ran into the hall, breathless, soaked her handkerchief in the icy water, ran back, dabbed hurriedly at the woman's face. She did not move. Now Judy waved frantically at the dark man in the control room. He did not seem to see her. She shook the woman, slightly, then harder. The woman's hands fell down at her sides limp and frightening.

"Trouble?" she heard a girl's voice ask.

"This woman! I don't know what's happened!"

"Wait! I'll get somebody!"

Now people appeared. The girl—it had been the blond girl of yesterday's audition. And two young boys, pages, ushers, messengers by turn. And a man who stared at the unconscious woman, muttered something, suddenly was beside her, ordering the boys to get a doctor, to help him carry the woman to a room where she could lie down, to bring water.

"Better get her over across the hall into that client's room," the blond girl cut in, practical and unflurried "She's just fainted, that's all. Done it myself a couple of times. Here, son. You're a good strong boy. Help the lady."

* * *

The man and the boys struggled across the hall with the woman. Judy followed, terrified. But the blond girl stopped her.

"No use," she said. "You can't do anything for her. Neither can I. Wait!" One of the page boys reappeared. "What's the story, son?"

"Been living for four months on thirty cents a day, she says. Money ran out a couple of days ago. Got a bad cold. Maybe pnuemonia, she thinks. I'm getting a doctor."

Judy fumbled in her purse.

"No," the blond girl said. "She'll be taken care of—now somebody knows she's starving. But it's tough, before you finally have to tell 'em. Yep."

"You mean you—"

"Me?" The girl laughed. "I got pretty hungry trouping, so I came home. I live with the folks now. That makes it all right on the food. But before I got wise to myself and came home—"

Before I got wise to myself! Suppose she, Judy Allison, were that woman across the hall, being taken off to a charity hospital, being fed by the city? Suppose it happened some day? It could.

Girls moved past Judy going into the studio. Some of the same girls she had seen the first time. Some new girls. All of them intent, each of them keeping up her own pretense of success. Girls who came up from this little town or that to be successful in Chicago. Girls who might be hungry to-morrow; who might be living on thirty cents a day right now.

And all of them with the same desperate, yearning look in their eyes. A look that said, "I've got to stay, whether you go home or not. I've got to live, even if you starve."

A look that might be in Judy Allison's eyes to-morrow or in a month or a year. As it was in the blond girl's eyes even now.

"You're trying out again, too?" the blond girl asked.

"Yes."

"Oh."

The blond girl moved away. The moment of companionship, of pity, was over Judy was her rival, she was Judy's enemy, nothing mattered but the job and who would get it.

Judy almost turned away from the studio, from the scene that would be repeated in a moment, from the microphone waiting for all these voices, to be thrown out into the air and lost forever.

(To Be Continued)

Italy has appropriated $5,000,000 for construction of a highway connecting Genoa, Milan and Turin, which will be used exclusively by high-speed trucks in delivering goods landed by vessels at Genoa.

CHIEF AN ARTIST.

ST. CATHARINES. — Chief of Police Thomas Shelton of Thorold is more than a champion of law and order. Yesterday he captured first place awards in oil paintings and hand painted china at the Thorold Fair.

CHICAGO GRAIN

CHICAGO, Ill., Sept. 15 (A.P.)— Influenced by relative strength of wheat quotations at Liverpool, grain values here averaged higher early to-day. Cables from Liverpool said millers were large buyers of Canadian wheat, and that almost nothing else was offered. Opening ⅝ to ⅞ up, Chicago wheat futures subsequently reacted somewhat. Corn started unchanged to ⅛ higher and held near the initial limits.

Livestock-Produce Quotations

TORONTO LIVESTOCK

TORONTO, Sept. 15 (C.P.)—Trading on the Toronto Livestock Market was slow, with very light offerings in all classes. Cattle trade opened slow; calves firm; hogs steady; sheep and lambs steady.

Receipts were: Cattle 5; Calves none; hogs, 50; sheep and lambs 250.

Left-overs were 400 head. Good, heavy steers brought $5 per cwt. Butcher cattle ranged from $3 to $5.25. Fed calves sold at $6.25 to $8.25. Cows and bulls were very draggy.

Veal calves brought $7 to $7.50 for choice with common vealers downward to $4.

Truck hogs brought $5 to $5.10 per cwt. for bacons.

Lambs brought $5.75 for good ewes and wethers, and at $4 to $4.50 for culls and bucks. Sheep sold mostly at $1 to $2 per cwt.

Quotations

Steers up to 1,050 lb.—Good and choice, $5 to $5.25; medium, $4.25 to $5; common, $3 to $4.25.

Steers over 1,050 lb.—Good and choice, $5 to $5.50; medium $4.50 to $5; common, $4 to $4.50.

Heifers.—Good and choice, $5 to $5.25; medium, $4.25 to $4.75; common, $3 to $4. Fed calves. — Good and choice, $7.75 to $8.25; medium, $6.25 to $7.50.

Cows.—Good, $2.75 to $3; medium, $2.50 to $2.75; common, $2 to $2.25. Canners and cutters.—75c to $1.75. Bulls.—Good, $2.25 to $2.50; common, $1.50 to $2. eFeder and stocker steers.—Good, $4 to $4.25; common, $1.50 to $2. eFeder and stock-Springers, $20 to $45.

Veal.—Good and choice, $7 to $8; common and medium, $4 to $6.75; grassers, $2.50 to $3.50.

Hogs.—No quotations.

Ewe and wether lambs.—Good, $5 to $5.75; medium, $5 to $5.25; bucks, $4 to $4.75; culls, $4 to $4.75. Light sheep.—Good, $2 to $2.25; heavies, $1.50 to $1.75; culls, $1.

FRUITS AND VEGETABLES

TORONTO, Sept. 15 (C.P.)—The following wholesale prices on fruits and vegetables were reported by White and Co. to-day:—

Thimbleberries, paint, 6c to 7c; Wolfe River apples, bushel, 75c to $1; blueberries, 11 qt. basket, 75c to $1.25. Leno peaches, .o. 1, 6-qt. basket, 35c to 40c; 11-qt. basket, 75c to 85c; No. 2, 6-qt. basket, 25c to 30c; 11-qt. basket, 45c to 50c. New beets, dozen, 10c to 12½c. Green onions, dozen, 15c. carrots, dozen, 10c to 12½c. Radishes, dozen 15c. New Cabbage dozen, 25c to 30c. Wax beans, 6 qt. basket, 10c to 12c½; 11-qt. basket, 20c to 25c. Green beans, 11 qt. basket, 20c to 25c. Tomatoes, 6 qt. basket, 8c to 10c; 11-qt. basket, 12½c to 15c. Canteloupes, 20-qt. basket, 35c to 40c.

TORONTO PRODUCE

TORONTO, Sept. 15 (C.P.)—The following quotations on produce, delivered at Toronto as supplied by the Farmers' Co-operative Co., today:—

Eggs, extras, dozen, 23c; firsts, 18c; seconds, (cracked), 12c. Cream, No. 1, lb (off truck) 18; (f.o.b.), 18c. Butter, No. 1 solids, lb, 22c. New potatoes, bag, 55c.

MONTREAL CHEESE

MONTREAL, Sept. 15 (C.P.)— The cheese market continued to be very quiet here to-day with a slightly easier tone in evidnce. Exporters reported little demand from overseas. Westerns were quoted at 10¾ to 10¾c à pound and Easterns at 10¾c to 10½c a pound.

BUFFALO LIVESTOCK

EAST BUFFALO, N.Y., Sept. 15 (C.P.)—Hogs, 1,400; few early sales desirable 180-200 lbs. steady to weak at $5; now bidding unevenly lower; weights above 230 lbs. indicating maximum downturn.

Cattle, 200. Grass steers and heifers slow; barely steady; plain kinds, $4.10 to $5.20; extremes downward to $3.75; fat cows, slow $3.50 to $4; cutter grades active $1.75 to $2.75.

Calves 150. Vealers steady; bulk better lots, $8; few selections, $8.50.

Sheep 1,500; lamb market not fully developed; scattered sales steady to 15c lower; most bids at maximum downturn; good to choice $6 to $6.75; mostly $6; common and medium, $4.75 to $5.60.

Advertise in The Examiner

TORONTO LIST IS IRREGULAR

Market Swept By Waves of Buying and Selling During Morning Session.

INTERLISTEDS HIGHER.

TORONTO, Sept. 15 (C.P.). — Price movements were far from decisive in forenoon trading on the Toronto Stock Exchange to-day with the list subjected to waves of buying and selling in the afternoon that changed trends rapidly. The list was irregular at noon, with activity showing improvement of that of the previous day.

International Nickel and other interlisted issues were fractionally higher. C.P.R. was helped by forecasts of suggestions to be contained in the Duff report and gained ½. Ford of Canada was unchanged and Brazilian Traction off a fraction.

Consolidated Smelters dipped at the opening and came back to show a gain of a point at midday. Canadian Wineries and Page-Hersey were up a point apiece and other advances were of a fractional nature.

Market Closing On All Exchanges

MINING EXCHANGE.

TORONTO, Sept. 15 (C.P.). — Prices recovered from their irregularity in the last hour on the Standard Stock and Mining Exchange Market to-day, and while changes on end showed a mixture of losses and gains, closing tone was fairly strong. Volume was light most of the day.

International Nickel and Noranda came ahead late in the session, the former finishing above $10 and the latter around $20 for small gains over last night's finals. Pend Oreille was off at 90 but Hudson Bay held slightly above its previous close from the opening.

WALL STREET.

NEW YORK, Sept. 15 (C.P.).— The Stock Market backed and filled rather nervously to-day, but in the main, managed to make fair recovery. After intermittent setbacks, the list came up in the last hour, and the late tone was firm. Transfers aggregated 3,200,000 shares. Issues oup 2 to 3 points in the late trading included U.S. Steel, Case, International Harvester, Union Pacific, New York Central, and United Aircraft, while gains of a point or more were numerous.

MONTREAL EXCHANGE.

MONTREAL, Sept. 15 (C.P.).—A late rally reduced losses in a number of issues to-day on the Montreal Stock Exchange, and left a couple of leaders with gains for the day. After early weakness the market turned irregular around the noon hour. The list registered a majority of losses at the close, however, despite the improved trend. Volume was moderate.

Consolidated Smelters, Canadian Pacific and International Nickel displayed the best response to the rallying trend. Smelters, after touching a low of 75, rose to close at 80, up four points. C.P.R. was ¾ higher at 18 and Nickel advanced ½ to 10¼.

Other closing prices included: Abitibi, at 1¼, off ¼; Canadian Car off ½ at 6, and Canada Cement at 17-8 off.

TORONTO EXCHANGE

TORONTO, Sept. 15.—Buyers and sellers vied with each other on the Toronto Stock Exchange today to intermittingly drive the price trend back and forth. Buyers had a little the best of the argument, for although the close presented a mixture of price changes there was a rally in progress at the close and prices for the leaders were approximately the best for the day.

Volume was almost the same as, in the previous session, with interlisted issues contributing the bulk of the activity.

C. P. R. was outstanding, closing with a gain of more than a point and never dipping more than a half-point below Wednesday's close. Consolidated Smelters finished up 3 points.

International Nickel and Ford recovered early losses to close fractionally higher.

Churchill Theatre Is Forced To Close

CHURCHILL, Man. Sept. 15. — (CP)—The only theatre in this most northern Canadian port was dark as a polar night today.

After struggling for a year to keep going it folded up like an accordian. More than 500 men camped here on construction jobs failed to thrill at movie stars. Silent pictures were a flop. Amateur night's didn't draw them either. Talkies failed dismally.

Even the sign genta 50 cents, ladies free did no good. There were only 15 women in town, all wives of officials.

What's the good of going to a show if you can't take your girl, the men said, and stayed away.

MYSTERIOUSLY HURT.

WELLAND.—Gregorio Moscato, 12, was in hospital here to-day, suffering from head laceration.

The lad was picked up on the street last night by N. H. Voisard, Port Colborne.

It was not kr--- how he was injured.

The Rector Of Stiffkey Gets Barrelled

Crowds of curious flo.k about the barrel containing the Rev. Mr. Davidson to get a glimpse of the white-haired rector of Stiffkey during his fast. Rev. Mr. Davidson hit upon his barrel stunt as a method of raising money to finance his appeal from the decision of an ecclesiastical court which had found him guilty of immoral conduct. Alongside him in another barrel was Barbara Cockayne, whose reason for fasting for ten days and ten nights was given as "for love of my sister." The stunt came to an end when Rev. Mr. Davidson was taken to court for creating a public nuisance. The complaint was withdrawn when he agreed to halt his stunt.

1,200 Barrels of Imported Whiskey May Be Dumped in the Scugog River

LINDSAY, September 15 (Special to The Examiner). — There is a big liquor problem here that is yet far from solution. There are 1,200 barrels of imported whisky lying in the warehouse of the Lindsay Distilleries, Limited, that apparently no one knows what to do with. The whisky has been offered at auction, but there were no bidders.

The liquor up for sale consists of the 1,200 barrels of choice whisky which was brought here for blending purposes when the local plant was operating. Distilleries and the Liquor Control Board, outside of the original owners in the Old Country, are the only parties that can purchase the whisky.

It may be that the liquor will be dumped into the river if no other solution can be found soon. In that event the waters of the muddy Scugog may take on the qualities of the famed "Green River" as the 1,200 barrels of choice stock are poured into it.

The hope is being expressed here that the liquor may be dump- at the White Bridge, which is just above the intake pipe of the town's water supply, since then it is deemed that the town's water would be much "improved."

FIRE SUFFERERS ARE CARED FOR

Food Rushed to Spragge—Forestry Department Supplies Tents.

ROBB PAY SVISIT.

BLIND RIVER, Ont., Sept. 15 (C.P.)—Hon. J. M. Robb, Ontario Minister of Health, to-day completed arrangements for special relief for sufferers in fire which yesterday wiped out most of the village of Spragge, 15 miles west of here.

Dr. Robb returned after a visit to the scene of the blaze and said he had completed arrangements under which the Ontario Government would assist the McFadden Lumber Company, in whose yards the fire started, to care for those left homeless.

In a telephone conversation, J. J. McFadden, President of the Lumber Company, said conditions at the village were well in hand.

Visitors from the village to-day said food reached there last night, and 250 homeless persons were fed. Women and children were accommodated in 25 houses which still stood, while the men slept in tents sent from Sault Ste. Marie by the Ontario Forestry Branch, or in box cars.

Thorncliffe Results

FIRST RACE

$800, The Vimy Ridge, claiming, 2-year-olds, 5½ furlongs:—

1st—Espinetta, 107, Parker, $7.30, $4.35, $3.70.

2nd—x-Hop Spring, 106, Madeley, $6.55, $3.95.

3rd—Fair Mole, 110, Hooper, $5.35.

Time 1.08 2-5.

Swagger Stick, Brookhatten, Meany, Baldy Tinker, xSemele, Ar Generall, Mynah, Gain Gold, x-Spring Violet, also ran.

SECOND RACE

$800, The Marne, claiming, maiden 2-year-olds, foaled in Canada 5½ furlongs.

Mish Mash, 111, (Aimers) $6.60, $3.70, $2.45. Tannia, 111, (Mattioti) $4.15, $2.65. a-Cosrinaz, 114, (Legere) $2.60.

Time: 1.09 1-5. Be Cautious, Lady Hilda, x-Rockville Rose, Radiate, x-Romaric, Abeckie O., Whitby Lad, Mestallup, Lost Spirit also ran.

x-Field. a-Ridgeood Farm and R. H. New entry.

THIRD RACE.

$800, The Jutland, claiming 3-year-olds and up, 6 furlongs:

Rose Twig, 109, Dougherty, 12.10, 5.60, 3.70.

Atlsheb, 118, Norvath, 6.00, 3.90.

In a Rage, 109, Munden, 3.05.

x—Poet's Dream, Kutaman, S'anata, xTroy Maid, Nancy Crest, Robot, xHelen Green, Clifton's Lass, Hidden Thoughts also ran.

x—Field.

$20,000 STILL SEIZED.

MONTREAL. — A still valued at $20,000 was seized, two men were arrested, and 8,000 gallons of mash and 700 gallons of alcohol confiscated by officers of the Royal Canadian Mounted Police in a barn at Rougemount, near here, last night.

POWER USERS ORGANIZE

MIDLAND.—Delegates from Ontario Hydro-Electric power using municipalities along Georgian Bay gathere here to-day for a convention to organize a Georgian Bay Municipal Electric Association launched in Collingwood earlier in the Summer.

NICKEL HOLDS 15 POINT LEAD

Noranda Falls 20 to $19.75 While Pend Oreille is Off 6 at 90.

GOLDS ARE INACTIVE.

TORONTO, Sept. 15.—(C.P.) — Mixed movements marked action on the Standard Stock and Mining Exchange in the forenoon to-day, list recovering from opening weakness only to turn irregularly lower in the second hour. Volume was light, 160,000 shares changing hands in the first two hours.

International Nickel managed to retain a lead of 15 at $9.90 and Hudson Bay was up 5 at $3.60. Noranda fell 20 to $19.75, however, and Pend Oreille was off 6 at 90.

Golds were relatively inactive. Dome met better demand and sold up 20 at $12.90 and Siscoe firmed a cent to 88. Teck-Hughes was off 5 to 3.30 and Macassa, Kirkland Lake Gold, Big Missouri and Brownlee displayed small recessions.

ORGANIZED LABOR

(Continued from Page 1.)

were being laid off at present because men could be obtained for work at less wages than the minimum wage law required for girl employees.

The discussion on banking became warm at times, as various speakers placed the blame for many of the world's evils at the door of its banks. Controller James Simpson, Toronto, a vice-president of the convention, declared the question of banking was vital to the interests of all classes. The Bank of England, he claimed, had made profit on practically every important change in the world's economic situation.

Raps Bennett.

He attacked Premier R. B. Bennett for having refused to call representative Labor men in an advisory capacity during the recent Imperial Economic Conference.

The findings of the Kidd committee which investigated conditions in British Columbia were attacked by Percy Bengough, Vancouver, a vice-president of the congress, who sought and obtained permission to introduce a late resolution condemning the findings of the commission, which had recommended reduction of expenditures in social service and other matters pertaining to the workers of the province.

The convention is expected to swing into its most important discussion, unemployment and unemployment insurance, late to-day.

GUILFORD LEADS EVANS ONE UP

Two Former Champions Wage Close Battle in Quarter-final Match.

FOR U.S. AMATEUR TITLE.

FIVE FARMS COURSE, Baltimore Country Club, Sept. 15.—(CP) —Jesse Guilford, living up to his long-hitting reputation as the Boston "siege gun, led Chick Evans of Chicago 1 up, in a close battle between two former champions, after 18 holes of their 36-hole quarter-final match in the United States Amateur Golf championship today.

Ross Somerville, former Canadian champion, gained a 2 up lead over Bill Blaney of Boston in a sensational match featured by sub-par golf. Somerville shot a 35-33—68, two under par, while Blaney posted 36-35—71.

Francis Ouimet of Boston, the defending champion, making an uphill fight after being 3 down at the tenth, finished the morning 18 holes all square with Johnny Fischer of Cincinnati, the youthful medalist.

30 NEW LAWYERS

TORONTO — Thirty young lawyers, one a woman, were introduced to the responsibilities of their profession by W. N. Tilley, K. C. treasurer of the Law Society at Osgoode Hall today.

SUGGEST TWO-MINUTE SILENCE NO HOLIDAY' REMEMBRANCE DAY

Method of Introduction Resolutions Stirs Friction at Chamber Commerce Meet.

OBJECT TO "RAILROADING."

HALIFAX, Sept. 15. (CP) — Vigorous protest against the procecedure of introducing resolutions interrupted the smooth trend of the Canadian Chamber of Commerce to-day.

Col. J. H. Cooper of Toronto, sprang a mild sensation when he declared that the practice of having resolutions introduced by the resolutions committee before the general convention had an opportunity of seeing and discussing them was undemocratic and unconstitutional.

S. B. Gundy of Toronto, the first president of the Chamber, explained that the procedure had been established seven years before, when it was felt that 12 men could settle and decide matters much more quickly than 300 could. There was no attempt to railroad resolutions through, he said.

Discussion closed? asked R. P. Jellett, president of the Montreal Board of Trade and chairman of the committee.

No. I am not accustomed to being squelched like that, Col. Cooper retorted. Let us be pleasant and not try to railroad things through. I didnt come here to be entertained. I can do that at home at considerably less cost. I came here to discuss matters of interest to business men. For a few selected members to retire into a room and discuss things is not democratic and there should be changes in procedure.

Friction Ironed Out.

In a few moments the business of the convention was running smoothly again, and the following resolutions were passed:

1. Apprival of the policy of the Department of Railways and Canals in its effort to establish the feasibility of the Hudson Bay route for the transportation of goods of all classes to and from Western Canada.

2. That the form of observance to be two minutes' silence with suitable ceremonies, rather than a legal public holiday, for Remembrance Day.

3. That all the provinces of the Dominion should have reciprocal agreements whereby double succession duties would be avoided and that the Canadian Chamber of Commerce support all efforts toward this end.

4. That the Canadian Chamber of Commerce reaffirms its previous declarations as the imperative need for the utmost economy in every direction and particularly in non-productive expenditures on the part of all governing bodies and that the appointment of a national committee for this purpose be heartily endorsed

The Ned Officers.

John W. Ross of Montreal, to-day was elected president of the Canadian Chamber of Commerce. He succeeds Col. W. L. McGregor of Windsor, Ontario.

Other officers were elected as follows:

Chairman of the executive—A. C. Dawson, Montreal.

Vice-chairmen — S. B. Donson, Montreal and C. S. MacDonald, Toronto.

Honorary treasurer—J. A. Tory, Toronto.

Vice-presidents—Mayne D. Hamilton, Vancouver; John M. Irmie, Edmonton; C. B. McKee; Regina; Duncan Cameron, Winnipeg; J. Y. Murdoch, Toronto; Victor Chateauvert, Quebec; J. C. Harrison, Saint John; Col. A. N. Jones, Halifax; J. A. Clark, Charlottetown.

Chairman of the advisory counsel —W. W. McGregor, Windsor, Ont.

Chairman of the National Committee on Public Finance—W. L. McGregor, Windsor, Ont.

The Land of Palestine Unusual Exhibition

Working Model of Palestine Will Be Opened at Curling Rink To-morrow.

An actual reproduction of the land of Palestine in miniature forms with its characteristic geographical details and the hundreds of Biblical scenes and figures moving in life-like manner is to be exhibited by its creators, at Curling Rink, the Ganci Brothers, natives of Malta.

Joseph, one of the builders of this work, was at one time with a geologist in Palestine and has represented the vegetation peculiar to each part of the country, while his younger brother Sal. Ganci, supervised mechanical work of this famous animated model, probably the most striking of the exhibit.

More than 730 marvelous electrical moving statues, each of which has been carved by hand, present the early life of the great Master, every gesture being executed in a most natural realistic manner, of human ingenuity and skill to make them. One of the most inspiring scenes is the raising of Lazarus, and another that of Jesus walking on the water, and Peter trying to walk like His Master, but lost his faith.

The model gives special prominence to the cities, villages and country places associated with the life of Jesus. Jerusalem is there, with its oriental buildings behind stout walls and gates; Bethlehem, with its cave and manger; Nazareth and the hills, are shown, Capernaum, Tiberias, Nain and many more. These men gathered all data available and personally studied the country for topographical features and the result is a triumph of human work. The model covering enormous floor space, it is the largest of its kind in the world.

BEAMS OF LIGHT SEEN FOR MILES

Two Large Revolving Beams Thrown Out By Conklin Show.

WHAT ARE THEY FOR?

There is a little sideshow at the Exhibition Grounds which is not really intended as a sideshow but has a constant and apparently fascinated audience. It consists merely of a couple of very powerful search lights operated by an employee of the Conklin Shows.

"What are they for?" the crowd asks.

Curiously enough, their purpose is merely to excite the curiosity which prompts such questions as, "What are they for?" The two brilliant beams of light which they throw miles into the sky can be seen as far as twenty-five miles from the city. They remind the people of the district that there is something doing at Peterborough and entice the curious into the Exhibition Grounds to see what its all about.

The two units gain their light by powerful arcs. The search lights are mounted on a wheel base.

MISSING BANKER BADLY WANTED

Newark Receiver Asks Niagara Police to Get Safe Combination.

EFFORTS REDOUBLED.

NIAGARA FALLS, Ont., Sept. 15 (C.P.)—When Scanderberg Vangieri, sought for extradition to the United States, walked from St. Catharines police court because there was no charge to hold him, he started plenty of trouble.

City police here to-day received a telegram from Frederick Frelinghuysen, Newark, N.J., receiver in bankruptcy for Vangieri, who is wanted on a charge of embezzlement, asking them to forward the combination of a safe he can't open.

The wire said: "If still in custody will you kindly try to get combination of Nutley, N.J., safe and lower compartment of Newark, N.J. safe, to avoid opening them by acetylene which I shall be forced to do if he refuses."

Detectives redoubled their efforts to find Vangieri.

Track Scratches

THORNCLIFFE PARK.

1—Diecast, Fortune Bay, Sun Fabric, Absinthe, Animation.
2—Fitsent, Court Butterfly.
3—Clarry, Candy Pot, Saints' Fancy, Companion, Presea, Black Diamond.
4—No scratches.
5—Live One.
6—Branch, Crescent City, Stronghart, My No.
7—Donya, Oregon Fir, Hieaway, Sam Pass, Bobby Powers.

Clear and fast.

IT PAYS TO ADVERTISE

Producing Radium By The End Of Year

PORT HOPE, Ont. Sept. 15. — (CP). First radium from the Eldorado Mining Company's pitchblends will probably be produced about the end of this year, official of the company here said to-day.

Work on the refinery of the company is proceeding fast and treatment of the ore will probably be started by the middle of October, they added.

CHIEF CHEF IS DEAD.

TORONTO. — Amanual Bonnici, chief chef instructor for the Canadian National Railways, was dead here to-day.

Bonnici's cooking had been praised by the Prince of Wales on his last Canadian tour and by three Governors General who preceded the Earl of Bessborough.

He was born at Robto, Malta.

SOCCER RESULTS

GLASGOW, Scotland, Sept. 15.—(C. P. Cable)—Hibernians defeated Armadale 4-2 in a Scottish Second Division soccer match this evening. The only other scheduled game, Queen of the South — Dumbarton, was postponed.

SHOT FOR MARAUDER

TORONTO.—Franz Vottero, unemployed, lay in hospital to-day wounded by a bullet in the hip. He was said to have been shot by an unidentified Port Credit resident, who took him for a marauder who had stolen goods from doorsteps during the night.

CHILDREN'S DAY AT EXHIBITION ENJOYED BY ALL

Young Peterborough and District Make Merry at Exhibition.

THEY SEE EVERYTHING.

(By Jeanette)

"My mother's fruit cake is better than that one," stoutly declared one of the youngsters who viewed the cooking display at the Fair yesterday. Standing up for mother, he will probably be telling his wife in future years that her pies aren't like the ones mother used to make.

Although the musical ride and the vaudeville acts before the grandstand, and the varied attractions of the Midway, beckoned to young Peterborough yesterday, he and she, nevertheless, appeared to patronize many of the other attractions. Little boys stood and watched the big Percherons being judged, in the horse section; they viewed with much interest the surprised rear section of the little white Yorkshire pig who got a thorough bath from a hose, his attendants going so far as to even wash behind his ears; they speculated over the amount of water that flowed over the model of Denne's Mill of half a century back; they looked admiringly at the models of warlike frigates in the School Exhibit in the Main Building.

They even attended the table-setting competition in the Household Science judging tent. A small boy and his sister sat for two hours watching the tables being set and six imaginary meals being eaten, by a dozen young ladies. They demanded and got a ride on the merry go round as a reward for their excellent behavior.

They mocked the funny gurgle of one of the big roosters in the poultry tent and they tried to stroke the soft fur of a very sleepy white bunny that dreamed drowsily in a cage near the entrance. But the small girl who tried to pat the black rabbit with the ebony eyes desisted in a hurry when a little bantam overhead pecked sharply at her fingers from his cage.

Fancy "Eats"

They ate candy apples and red-hot dogs and fat ice cream sandwiches and salt-water taffy that has achieved a new distinction this year by combining pale yellow with its former hue of pale rose pink.

"Don't you ever get hungry?" asked a harassed lunch counter attendant as he surveyed an unbuying crowd. These purveyors of food advertised their wares to the world. They sang about them and one even yodelled over the merits of his Hamburg steak fritters. They discoursed about hot coffee and cold popsicles and frozen custard and temperate zone sandwiches.

The children bought chances on the 'lucky dip' for a nickel, and drew scribblers and little gadgets that made a rasping sound when waved hurriedly in the air. They learned the ways of the gypper when they assembled about the boothof the two wise gentlemen who took their nickels for numbers that never re-echoed themselves on the spinning wheel. The bought gay little gas bags with Cheshire cat faces and bulging ears and one little lad watched his rose-pink bag float away into the blue ether, up and up, with a great deal of excited interest. It never came down but he didn't seem to mind.

One of them got lost and was pursued up George street by a friendly policeman. He was only a little over two years old and the people in the First Aid tent looked after him until a calm maternal parent appeared to claim him.

A good samaritan followed a tiny chap of two and one half years, for about three good city blocks. He went in and out of the crowd and the watcher thought he was lost. He made his way, however, to one of the buildings, where his unsurprised parents in a refreshment booth claimed him with rather a cold glance for the good samaritan.

They whirled dizzily on the Loop the Loop and the merry go round, they watched in spellbound fascination the clever little monkeys on the Midway, they forbore to patronize High Life, and they gazed open-mouthed at the rubber man and the lady who obliges by letting herself be burned alive.

Little girls gazed longingly at those haughty small dolls with the movie comic faces and silver skirts; little boys with red hair pondered over the merits of long carrots in the vegetable display; a gallant small lad shook lustily at the big African goose with the warty nose that gabbled crossly at an enquiring fair-haired baby, and a little lad of three asked politely where the Baby Show was?

"Come on, let's go and see something else", ordered the small boy whose mother trailed after him through the buildings, sounding the note of interest and excitement that animated little Mr. and Miss Peterborough yesterday, as they thronged the ways at the Fall Fair.

LEGION TO HOLD ITS STREET FAIR

Sept. 29 Set for Annual Appeal of Campbellford Branch for Relief Funds.

(By Examiner Staff Correspondent.)

CAMPBELLFORD, September 15. —The Campbellford Legion street fair, which in years past has proved one of the most successful events of its kind in the district each season, and which is staged annually to raise money to assist with relief, the whole of the proceeds going to this good work, will be repeated this year, and arrangements are under way to hold this event on Front Street, Campbellford, on the evening of Thursday, Sept. 29, the last day of the Seymour Agricultural Fair.

An added attraction this year will be a street dance and free draw, which is always a big drawing card, and provides lots of fun to the younger set as well as a chance to win some good prizes. The articles offered this year are a fine grandfather clock, a cedar chest, and a pair of blankets, all of which are on display in the window of Bennett's furniture store, Front street.

The management of the fair this year is in the capable hands of G. H. Free, who undertook this task last season very successfully. He will be assisted by J. D. McEachern who will handle the buying of the goods and general supervision of the stores. G. C. Bromley will look after the draw, having charge of the ticket selling for the dance, for which excellent music will be provided.

The fair this year will cater to the public with the ever popular bingo, in charge of N. Alex. MacColl, the blanket booth, directed by Major J. M. Bygott, and numerour wheels of fortune, games and refreshment booths, and the children's favorite, the fish pond.

The demand on the Campbellford Branch of the Legion during the past two years in its relief activities, has been heavy and it is hoped that this annual appeal to the public for financial assistance to assist with community relief, will be met with a ready response. During the past winter alone over $500 was spent on the relief of ex-servicemen and their dependents in Campbellford, and it is expected that the coming season will bring even a greater demand for help from the local branch.

Weddings

SMITH—BONTER

MARMORA, Sept. 15 (Examiner Correspondence).—On Friday, Sept. 9, Iladell, second daughter of Mr. and Mrs. Robert Bonter of Marmora Township, was united in holy matrimony to Earl Myron, eldest son of Mr. and Mrs. Raymond Smith of Bath, N.Y The ceremony was performed at Mark Street United Church, Peterborough, by the pastor, Rev. C. D. Daniel after which Mr. and Mrs. Smith left for Bath, where they will reside.

ELLIS—WRIGHT

HAVELOCK, Sept. 15. (Examiner Correspondence).—A wedding of much interest took place on Wednesday, August 31st, at the residence of Rev. M. E. Wilson when Ada Muriel, third daughter of Mr. and Mrs. Saul Wright of Round Lake, Havelock road, became the bride of Mr. Ward Ellis, son of Mr. and Mrs. W. H. Ellis of Havelock.

The youthful bride was daintily attired in wedding gown of pale blue silk in ankle length, and wore white kid shoes and gloves and hat of white soft felt. She carried a large bouquet of gladiolus witn white streamers. Her niece Miss Fern White of Trenton was bridesmaid, attired in cream ensemble with matching accessories and carrying peach gladiolus.

Mr. Ellis of Cordova, a cousin of the groom, acted as best man.

The happy couple left shortly after the ceremony for a short honeymoon, after which they will take up residence in Belmont.

Obituary

MRS. RAY PETTY.

CAMPBELLFORD, Sept. 15 (By Examiner Staff Correspondent).—Mary Rieley, beloved wife of Ray Petty, was laid to rest yesterday in Warkworth Cemetery after funeral service had been conducted at the family residence in the Wilson Settlement, Percy Township, by the Rev. E. Smith, D.D., of the Presbyterian Church, and the Rev. G. Duncan of the Warkworth United Church.

Mrs. Petty, who was born in Guelph 31 years ago, died suddenly on Sunday after only a few hours' illness. Very popular in the community, a large number of friends were present at the funeral to pay their last earthly tribute to one who held a place of esteem and affection in their hearts.

Surviving are her husband, two children, Billie and Bob; the parents, Mr. and Mrs. Rieley of Guelph, and two sisters in Toronto.

MRS. WILLIAM ANDERSON

HAVELOCK, Sept. 15. (Examiner Correspondence)—Mrs. William Anderson, who was seriously injured on Friday, Sept. 9th, when she fell down the back stairs of her home, died Tuesday afternoon at five oclock, the result of her injuries and shock. During the past week she suffered intensely and from the beginning little hope was held out for her recovery. The funeral service will be held dat her late residence this evening (Thursday) and remains will be taken on the noon train Friday for interment at Almonte, beside her husband. She leaves to mourn her loss an only daughter, Miss Katie Anderson who lives at home.

MRS. GEORGE WAREHAM

SPRINGVILLE, Sept. 15. — A pioneer of the community, Mrs. Ellen Wareham who was born in Baltimore, Ontario, 83 years ago and has lived in this district practically all her life, died very suddenly on Monday morning. September 12th at the home of her son-in-law, Harry Clark. The funeral, which was largely attended by old friends and neighbors, was held from the residence of her son-in-law, Mr. Clark, with whom the deceased has made her home for some time. Rev. S H Moyer of Springville United Church conducted the services at the home and also at the family plot in Little Lake Cemetery where the remains were tenderly laid to rest on Tuesday, September 13th.

The pall bearers were Jack Baird, Court Miller, Grant Miller, Grant Clark, Harold Humphrey and Vincent Whittington.

Mrs. Wareham, widow of the late George Wareham, who predeceased her some 39 years ago is survived by one son, W. G. Wareham of Brasil, South America and four daughters, Mrs. Harry Clark of Springville, Mrs. George Baird and Mrs. Fred C. Miller of Peterborough and Mrs. E. A. Wilson of Lethbridge, Alta.

NOTABLE PROGRAM PRESENTED BEFORE GRAND STAND AUDIENCE

(Continued from Page 1.)

without any safety device that the eye can see, at the very top of the contraption.

Fred Vess manages this quartette, while Van Melino is head of the Four Melinos and the Diamond Trio completes the line-up of entertainment.

It is a notable program that features the thirty-four horses and men of B Squadron, Royal Canadian Dragoons, who are here with their Commanding Officer, Major W. Baty, and their Warrant Officer, Squadron Sergeant Major Copeland, D.C.M. Many of them bore on their breasts last night medals which denoted war service.

Lovers of fine horseflesh and of superb horsemanship will hardly be content with one glimpse of these handsome animals and their riders. Under the strong lights last night, they came in from the neighboring dark like phantom riders, so soft is the fall of their mounts' feet. Only the soft clank of their scabbarbs breaks the illusion. Riding with a loose rein and an easy seat, they wear the full dress of their regiment; scarlet tunics with white belts and bandoliers, blue breeches with yellow stripes, high riding boots, brass helmets surmounted by waving black plumes, white gauntlets and white pennons floating in the breeze as they ride full tilt in fours, to spear the white markers in their path, or charge with pounding hoofs in the final ride that marks the period of their program.

"Baby's Sweetheart"

To the jaunty tune of "Baby's Sweetheart," they galloped and loped and cantered, the intelligent animals seeming to go through complicated manoeuvres without guidance, so instant was their response to the touch of the rider. Their dark eyes glistening, their fine heads up, their well-groomed bodies glistening in the light, these superb beasts went through intricate convolutions and formations, in duos and trios and fours and eights, marching daintily through a maze that appeared to be extremely difficult, arching their heads as they wove in circles and straight lines, wheeling and turning and forming again, criss-crossing and passing in single file, in opposite directions.

Dancing through the figures of the pleasant game of "Musical Chairs" (odd man out), which opened the Dragoons' program, the horses seemed to enjoy the fun as much as their riders or their audience.

Announced by Dick Lush, the vaudeville program opened with a stunt by Reggie Douglas, doing the "loop the loop" in spectacular fashion on an aerial swing.

The Four Melinos, who are comedy relief actors in rube suits, came on for a rubber-jointed clowning act, an acrobatic travesty that tickled the crowd immensely and took some clever manipulation to put over. The Continental Four followed, a quartette of gladiators in an artstic posing novelty. Then came the Pearl Diamond Trio, roller-skating experts who did top-like spins and such easy little stunts as that engaged in by the man, who caught one of his lady assistants around the waist, both still on roller skates, and whirled her madly through the air. Then he invited members of the audience to have a hand in the game, and four intrepid small girls were whirled so madly through the air that they subsided dizzily thereafter on the neighboring grass.

Spurred by the spectacle of so much courage in those very young damsels, several youths went through the same experience and fared similarly, so much so that the band played, "I Had a Little Drink an Hour Ago, and It Went Right to My Head," with extreme appropriateness.

Mr. Diamond finished his skilful exhibition of expert roller-skating balancing, by swinging his two lady partners through the air, their arms clasped about his waist.

Comedy Relief

The Three Vans, in a Bump and Fall act, provided some more comedy by a really clever pantomimic exhibition of howling, slapstick comedy that was probably a great deal more difficult to maintain than the pleased audience realized.

The breath-taking stunt of the evening, which was full of thrills and danger from start to finish, was the aerial trapeze performance of the four Jacks, of the Sensational Devils' troupe, swinging dangerously in mid-air at the height of a platform placed high in the air, over a hundred feet above the ground. A writer in a recent issue of the Liberty magazine reviews some of these perilous acts and makes the assertion that the public, as a rule, never realizes to the fullest extent just what dangers surround these daring aerialists, to whom the slightest slip might mean either death of maiming for life.

Standing on that tiny platform, one of the members of the group swung by his toes, holding by his hands a performing aerialist whose wild swings, away from the trapeze, drew the thrilled and fearful attention of his watchers. Then the girl, a slight blonde figure, climbed to the tip of the pole and swung head down. It was a relieved assemblage that saw these daring people make their way to the safe and sure earth.

Playing a series of accompanying musical selections and several snappy opening numbers was the tuneful band of the Peterborough Rangers, smart in their scarlet coats, led by their conductor, Lieut. Peryer.

JAPAN RECOGNIZES

(Continued from Page 1)

then Premier Cheng. Henry Pu-Yi looked on.

The text of the treaty follows:

"Whereas, Japan has recognized the fact that Manchukuo, in accordance with the free will of its inhabitants, has organized and established itself as an independent state, and

"Whereas, Manchukuo has declared its intention of abiding by all the international agreements entered into by China, in so far as they are applicable to Manchukuo;

"Now, the governments of Japan and Manchukuo have, for the purpose of establishing a perpetual relationship of good neighborhood between Japan and Manchukuo, each respecting the territorial rights of the other, and also in order to secure peace in the Far East, decreed as follows:

"1. Manchukuo shall confirm and respect, in so far as no agreement to the contrary shall be made between Japan and Manchukuo in the future, all rights and interests passed by Japan or her subjects within the territory of Manchukuo by virtue of the Sino-Japanese treaties, agreements or other arrangements, or Sino-Japanese contracts, private as well as public;

"2—Japan and Manchukuo, recognising that any threat to the safety of either of the high contracting parties constitutes at the same time a threat to the existence of the other, agree to cooperate in the maintenance of their national security, it being understood that such Japanese forces as may be necessary for this purpose shall be stationed in Manchukuo."

Effective at Once.

"The present protocol shall come into effect from the date of signature. It has been drawn up in Chinese and Japanese, two identical copies being made in each language. Should any difference arise regarding the interpretation between the Japanese and Chinese texts, the Japanese text shall prevail.

"In witness whereof the undersigned duly authorized by their respective governments, have signed the present protocol and affixed their seals.

"Done at Hsinking (Changchun) on the fifteenth day of the ninth month of the seventh year of Shows, corresponding to the fifteenth day of the ninth month of the first year of Tatung.

"Nobuyoshi Muto, Ambassador-Extraordinary and Plenipotentiary of His Majesty the Emperor of Japan.

"Cheng Hsiao-Hsu, Premier of Manchukuo."

China Protests.

NANKING, Sept. 15 (C.P.).—The Chinese Government opened a counter-attack on the signing of the treaty between Manchukuo and Japan to-day in the form of notes of protest to London, Paris, Washington, Rome and Geneva, charging Japan was violating China's territorial and administrative sovereignty by recognising the new State.

The notes demanded immediate international action.

A cablegram also was addressed to the League of Nations, calling its attention to the Chinese claim that Japan's action is incompatible with the spirit of the League covenant and a direct violation of the resolutions of the League Assembly. It urged the League to take immediate steps.

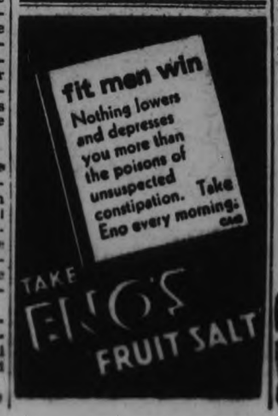
Reviews Her Stand.

TOKYO, Sept. 15 (C.P.).—The Japanese Government officially denied to-day that the signing of the treaty at Changchun, recognising the Pu-Yi regime in Manchukuo was "derogatory of any treaty to which Japan is a party."

The statement, issued shortly after the treaty was signed, reviewed Japan's position in the history of the past year in Manchuria and emphasized that the result had been the establishment of progress there.

It recalled the Manchukuo Government's pledge to observe the principle of the open door.

Pipe smoking in Britain is growing.



Scout News

1ST CAMPBELLFORD TROOP

CAMPBELLFORD, Sept. 15 (By Examiner Staff Correspondent) — On August 20 the 1st Campbellford Troop of Boy Scouts moved into camp at Crowe Lake leaving Campbellford about 8.30 a.m. and arriving at Boosher Park about 10.30. The first day was taken up with getting camp ready and bathing parades.

Scout training was followed from Monday until the break up of the camp on Tuesday, August 30. As a result several boys passed tenderfoot tests. Some passed second class tests. In addition to these tests some fourteen proficiency badges were gained of a type that can only be taken up during the summer months, six camp cooks, three rescuers and five swimmers.

On Sunday, August 28, the troop held a joint church parade with the First Marmora Troop to St. Paul's Anglican Church. At the evening meal the troop entertained the officers and troop leaders of the First Marmora Troop, and the Deloro Scout Troop and Cub Packs. In the twilight an investiture was carried out at which Mrs. William Kerr, Cub Mistress of the Deloro Pack assisted.

Camp fires were the usual events each evening. We had as our guests one evening two American Scoutmasters. On Monday we were joined with the Marmora Scouts in a parade to the fair grounds.

The total cost of the camp this year was $74.69. The cost per boy exclusive of transportation for eleven days amounted to $2.33.

One of the boys made a gallant rescue of a girl in Crowe Lake on the Monday afternoon. Out with a companion in the water, she got into difficulties, and the scout, ever on the alert, went to her rescue and succeeded to bringing her to shore. Her companion was able to save himself.

On Friday evening, September 9, the boys held a corn roast in preparation for the opening of another very successful year of good scouting.

M. H. Sergeant—Scoutmaster.

Doukhobors Taken To Penal Island

Nude Paraders Are Moved in Small Groups to Piers Island.

VANCOUVER, B. C., Sept. 15.—(Special to The Examiner).—Doukhobors arrested for nude parading and locked up in the provincial penitentiary at New Westminster for more than a month are now being transferred in small groups to the newly established penal settlement on Piers Island, where they will serve the remainder of their three-year term of imprisonment.

Preparation of the penal colony has been carried out under the Provincial Government under a cloak of secrecy, and special precautions have been made to prevent "spying." Signs have been erected along the shore warning that no boats are to be allowed within 300 feet of the island on penalty of arrest. Communication between Vancouver Island and Piers Island is being maintained by the Government tender Knockabout, which carries workmen to and from the operations.

Piers Island is thickly wooded, with considerable outcropping of native rock. Most of the clearing has been made at the north end, where Col. James Harvey, lessor of the island, built several houses some years ago.

Maynard Bullied Is Havelock Club Head

(Examiner Correspondence.)

HAVELOCK, Sept. 15. — The annual meeting of the Albion Club took place in the Club Apartments, Standard Block, and the new officers are as follows:

Patrons — T. P. Lancaster, M.L.A., J. H. Moore, Percy Yuill, L. G. Hagerman, John Evans, D. A. Forde, Doug. Brennan and Reeve Lesson.

President — Maynard Bullied.

Vice-President—Frank Voyer.

Secretary—Douglas McColl.

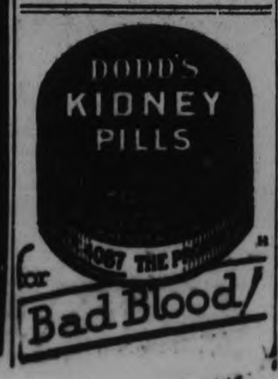
Treasurer—Angus Clarke.

Entertainment Committee — M. Bullied, P. Voyer, Wm. Longmuir, George Aboud and George Kennedy.

Sports Committee — F. McLaughlin, Bert Hagerman, George Kennedy, and George Aboud as secretary-Treasurer of Committee.

The financial report for the past year showed expenditures of a considerable amount, all of which was practically spent locally. The membership of the Club now totals 27.

Club officials are planning for several social events in the near future to augment the funds for next summer's activities, as the summer season draws heavily on the resources of the club. The Albions, by the way, is the only organization in this district to finish the season with a balance on hand, most places going heavily into the "red."



HASTINGS TEAM WINS 1ST PLACE AT EXHIBITION

(Continued from Page 1)

speaker of the afternoon, expressing his appreciation of the widespread interest taken in the contest.

Household Science

In the regular judging competition of the morning, in which Clothing, House Dresses and Patching and Nutrition School Lunches a nd Family Menus, are judged by the young ladies, with a view to extending their education along these lines, and thus increasing their value to the farm home, fifty-six young women took part, from the district and neighboring counties.

Ten prizes are given annually in this contest, in each division, the first being $10, the second $8, the third $6 and the fourth $5, the fifth $4, the sixth $3 and the four following $1 each.

Each division had two sections. Winners in the clothing (house dresses and patching) division of the contests, were as follows: 1st, Miss Sadie Muir of Courtice (Durham County) 186 points; 2nd, Miss Grace Darling of Lakefield (Peterborough County), 185 points; 3rd, Miss Mae Smith of Bethany (Durham), 181 points, tied with Miss Louise Donaldson of R.R. No. 7, Peterborough; 5th, Miss Mildred E. Hoar of Woodville (Victoria County) 177 points; 6th, Miss Kathleen Giles of Ameliasburg (Prince Edward County), 176 points, tied with Miss Elsie Moon of R.R. No. 2, Port Hope (Durham); standing here was won by Miss Audrey Ough of R.R. No. 2, Port Hope, with 174 points 8th Miss Ruth Tulley of R.R. No. 2 Ida (Durham), 172 points; 9th, Miss Nellie Webb of Bonarlaw (Hastings County), 169 points; standing was won by Miss Genevieve Ferguson of Blackstock and Miss Ida Smith of R.R. No. 1, Cavan (both of Durham), also Miss Rosetta Frankish of Lakefield (Peterborough County), with 165 points; 10th, Miss Elsie Girven of Norwood (Peterborough) 165 points.

In the Nutrition divison with School Lunches and Family Menus judged, the first prize went to Mrs. P. Philips of Nestleton (Durham County), with 184 points. Mrs. Philips won the first prize in a similar contest at Toronto Exhibition this year.

Standing here was awarded to Miss Grace Darling of Lakefield (Peterborough County) with 181 points; 2nd prize, Miss Genevieve Ferguson of Blackstock (Durham), 180 points; 3rd, Miss Anne Graham of R.R) No. 2, Ida (Durham) 177 points; 4th, Miss Rosetta Frankish of R.R. No. 3, Lakefield (Peterborough), 176 points; 5th place was tied between Miss Ruth McKessock of R.R. No. 1, Hampton, and Miss Audrey Ough of R.R. No. 2, Port Hope (both of Durham County), with 175 points each; standing was awarded Miss Madie Muir of Courtice (Durham), with 174 points; 7th place was tied between Miss Iva Smith of R.R. No. 1, Cavan (Durham) and Miss Ethel Blakeley of Lakefield (Peterborough, with 174 points each; 9th place went to Miss Mabel McIntyre of R.R. No. 8, Peterborough, with 173 points; and 10th place was tied between four contestants from Peterborough County, with 172 points each: Miss Isabel Davis of R.R. No. 7, Peterborough, Miss Louise Donaldson of R.R. No. 7, Peterborough, Miss Elsie Girven of Norwood and Miss Doris Payne of Lakefield.

Contestants receiving "standing" are those who have received a cash prize in another division, the rules forbidding them to receive more than one such award.

Warsaw

Mr. and Mrs. John Sargent returned on Saturday from their holiday trip to Marmora, Coehill, Bancroft and Thomasburg, which they thoroughly enjoyed. On Sunday they took their niece, Miss Thelma Kilpatrick, home to Madoc.

Mr. and Mrs. Thomas Miller, Jr., Toronto, were Sunday guests of Mrs. Thomas Miller, Sr., and Mr. Melville Miller.

Miss Loretta Booth, Peterborough, is visiting her cousin, Mrs. J. A. Crowe, Warsaw.

Miss Laura Webster, daughter of Mr. and Mrs. Albert Webster, attended the C.N.E. as one of the ninety-nine girls of the county girls' judging teams, and came second, winning the prize of $11.00.

Buckwheat is nearly all cut and binders packed away until the wheat harvest next year. Buckwheat is generally a good crop, with grain well filled.

New Proposals Made At Omemee Meeting

(Examiner Correspondence.)

OMEMEE, Sept. 15. — A meeting of the executive of the Young People's Society was held in the basement of Trinity United Church on Monday evening at 8 o'clock, with the president, Dr. McPhee, in charge. A full attendance was present. The meeting was held for the purpose of discussing a re-organization of the society, and Dr. Reddick, the new pastor, placed a number of proposals before the executive for their consideration. If the executive report favorably on these a social and business meeting will be held on September 26, when these proposals will be endorsed and placed before the whole society.

At this meeting after the business has been transacted a social evening will be held at Green's Landing, in the form of a weiner roast.

A.Y.P.A. Executive.

The executive of the A.Y.P.A. met recently at the home of William Stephenson. A program for the ensuing year was drawn up and several other items of business were discussed.

The young people decided to hold a corn roast at Kenneden Park on Friday.

SOCIETY SETS DATE FOR BALE PACKING

W.M.S. of Trinity United Church at Omemee Holds Regular Meeting.

OMEMEE, Sept. 15 (Examiner Correspondence) — The regular monthly meeting of the Women's Missionary Society of Trinity United Church was held Thursday afternoon in the church basement.

The president, Mrs. Vaughan presided. During the period devoted to minutes and business final arrangements were completed regarding the bale which will be packed on the 21st. Anyone having articles for the bale are asked to leave them at the parsonage on or before this date.

A question drawer, conducted by Mrs. McConnell in the absence of Mrs. Lamb, secretary of Christian stewardship and finance department brought forth a varied number of questions which were answered most interestingly.

The devotional leaflet was read by Mrs. Bradburn. Papers on temperance were given by Mrs. Poast and Mrs. Bushnel, while Mrs. Reddick gave a paper entitled, "Peace and Ourselves."

Mrs. Bushnel was appointed mission speaker in the Sunday School for the first Sunday in October.

Two splendid musical numbers were contributed to the program. A piano solo, "Rock of Ages" in variations by Miss Lily Race and a vocal duet sung by Mrs. Morcombe and Mrs. McConnell.

The hymn "A Better Day is Coming" followed by prayer by Mrs. Brandon brought the meeting to a close.

HAVELOCK W.M.S.

Ladies Arrange for Afternoon Tea and Baking Sale—Interesting Story Told.

HAVELOCK, Sept. 15 (Examiner Correspondence) — The September meeting of the United Church W.M.S. was held at the home of Mrs. Harrison Wing, and was very well attended. In the absence of the president Mrs. Robert Bonney who has not returned from her summer home, the meeting was in charge of the vice-president Mrs. Alex Anderson, who led in the devotional exercise. The leaflet was entitled "The World's Need" and this was dealt with most capably by the acting president assisted by a number of the members. It was decided to hold an afternoon tea and sale of baking on the last Saturday of September, the 24th, on the lawn of Mrs. Hoard's home if the weather be favorable, if not the tea and sale of baking will be held in Mrs. Hoard's house at the corner of George and Oak streets.

The study was on the Missionary Monthly, and was taken by Mesdames Denike, Wilson and Kemp. One particularly appealing story in the Missionary paper was told by Dr Florence Murray in charge of a hospital in Korea She told of a man and his wife who travelled on foot one hundred miles, carrying a child, the woman being in need of medical attention She had taken lye in mistake for medicine, and was suffering acutely when she reached the hospital The treatment given helped her at once, but in order to effect a complete cure it was necessary that she remain for a week or so and take further treatments These people were practically destitute, and unable to pay for their board, but the woman remained, and depended upon the generosity of whoever would give her a meal Despite the privation mother and child did well, and when they left for home, both were in much better condition than when they came For some time the hospital authorities did not hear from the mother, and often wondered if she had gotten home safely. Then one day she walked into the hospital carrying another child, and bringing with her a chicken which she had brought from home, as a token of appreciation for the kindness shown her. Asked if she had not found the trip very long and tiresome, she stated that it had been a pleasure to her to come, she had wanted to come, and she faced the homeward journey quite happily because she had once more seen the friends who had been so kind to her.

Another department of the paper dealt with news from conference branches, another one with Mission Band work.

The convenor on supply work, asked that those having contributions bring them in as soon as possible. The press secretary urged the members to make use of the study book by Dr. Oliver which is now in hand. This is said to be a most interesting volume containing a great deal of information on pioneer work in the west.

The sectional rally of the W.M.S. will be held on Wednesday, Sept. 14 at Westwood United Church, and there will be a morning and afternoon session.

After the business had been disposed of a substantial lunch was served by the hostess and a social half hour was enjoyed. The August meeting took the form of an afternoon tea, and was held at the beautiful summer home of Mr. and Mrs. Herbert Williams at Round Lake.

MILLBROOK W.I.

MILLBROOK, September 13 (Examiner Correspondence). — Mrs. F. J. Smith entertained the local branch of the Women's Institute for its September meeting, over 20 members gathering at her home on King Street on Saturday evening. The first vice-president, Miss E. Grandy, took the chair in the absence of the president, Mrs. J. L. Byam, who was detained through illness in her home.

The roll-call was answered with each member donating a jar of fruit for relief purposes, but as only a limited number apparently understood this arrangement, there will be furthre notice at a later date. The treasurer, Mrs. H. J. Armstrong, made a report on the expenses of the annual picnic outing, amounting to a little over five dollars, and announced that three dollars and fifty cents was paid in fees that day. From the supper served at Wallace Point the day of the regatta, receipts (clear) of $9.10 were received, the rain interfering with the further success of the venture, and from the booth on the grounds the day of the School Fair the sum of seven dollars was cleared.

Mrs. W. McKee Bingham, convenor of the standing committee on education, had charge of the program, giving an instructive outline of the topics coming under the jurisdiction of this particular committee, and as she is moving next week to Gore's Landing to reside, trying to arrange for the work to be taken up adequately by her successor in office, when appointed. A strong recommendation to make a particular study of Canadian writers and their works was made, and selections read from Nina Moore Jamieson's address along this line before the annual W.I. convention at Toronto.

Mrs. Bingham also gave an interesting account of the life of Robert Burns, and read delightfully from a number of his poems. Bernice Smith gave a recitation, "Lochinvar," and was warmly applauded.

Mrs. J. R. Elkins will have charge of the October meeting which will be at Miss Grandy's home, Mrs. Elkins is convenor of the standing committee on historical research, and the program will deal with this subject.

On motion, it was decided to buy one hundred bulbs, through Mrs. C. Thorndyke, to be planted round the Cenotaph this fall, and if there is any surplus they may be for sale to members of the W.I. Mrs. W. E. Armstrong and Mrs. H. A. Earle sponsored the vote of thanks accorded Mrs. Bingham for her instructive address, and the entertaining program provided.

Marmora

Fishing in Crowe Lake by the northern shore over the week-end: Jack Clairmont in company with Joe Shannon landed another fine specimen of a maskinonge which measured 48 inches in length and weighed 19¾ pounds.

Mrs. J. Blewett of Peterborough spent the week-end with Mrs. Hugh Jones.

Mr. and Mrs. Sylvester Phillips of Marmora Township and Mr. and Mrs. W. Simmons and daughter Muriel of Deloro are visiting relatives in Toronto for a few days.

Messrs. J. Dale, R. Phillips, O. Aunger and J. Thomson had a motoring trip to Kaladar on Sunday.

Mrs. A. Milliken has returned to Deloro after an extended holiday.

Mr. and Mrs. Floyd Simmons of Niagara Falls, Ont. attended the Crawford-Doyle wedding on Monday.

Mr. and Mrs. A. B. Lowe of Winnipeg spent Saturday in town.

Inspector Hoag of Toronto visited the Continuation School on Monday

QUALITY IS KEYNOTE IN EXHIBITS DISPLAYED IN WOMEN'S SECTION

Exhibits in Women's Work Overflow at Industrial Exhibition.

TOOTHSOME COOKING.

Hanging on the rack in the Women's Section of the Main Building at the Exhibition is a quilt with a history. Old hands that faded out later to that Far Country where quilts and such things are of no account, fashioned it for the graduation of a grandson. Mrs. Rosborough, in far-away California, took 2,800 pieces of brightly-colored material, and made from them a quilt that is called the "double-wedding ring," and is also known as the "around the world" pattern. She sent it to her grandson, R. C. Rosborough, son of Mr. and Mrs. Wilbert Rosborough of Smith Township, when he graduated last year from the Ontario Agricultural College at Guelph, but the letter acknowledging it never reached her in life. This quilt took first prize at the Show this year.

Quantity is perhaps the keynote of the showing in the Women's Section, with quality a close second. The exhibits overflow in divers ways, so that the crayon bust of one of the early Roman emperors, in the Art Section, looks down more or less scornfully on loaves of very modern white bread, fresh from an Ontario farm kitchen.

There seems to be more art work than ever before and the exhibits are new and delightfully varied. One daring exhibitor has even gone so far as to show two damsels in "the altogether," as the nudists term it. And, moreover, their creator has titled them as "Jewels."

One of the oil pictures stands out by reason of the glowing warmth of its sunset-yellow background. Set high up against a window, it has almost the effect of a transparency.

The subjects portrayed in these artistic efforts in oil, water color, and crayon, show a wide range. The Prophet Samuel holds the infant Christ in his arms; swans float on a quiet pool beneath slender birches; red currants overflow from a wicker basket; a copy of Remington's "Last of the Mohicans" awakens a vibrant note, and there is plenty of animal interest in the pictures of dogs and horses, of cattle and sheep and kittens at play. A pair of timber wolves crouch alertly in the foreground of one piece.

A portrait of Mayor Denne, or someone startlingly like him, is an item of note. It portrays the genial Chief Magistrate in complimentary fashion, with many of his present years erased from his pictured countenance.

Something rather original in still-life bit is a picture of half a dozen lemons, cut and whole, their outlines natural enough to set the teeth on edge.

Toothsome Cooking.

The cooking display is exceptionally attractive. Adults and juniors alike were lost in admiring contemplation of high bread loaves, of sugared buns, of white iced cakes with silver beading, of cookies and tea biscuits and sponge cakes.

A small showing of canned fruits and vegetables and jellies was also worthy of note.

Of especial interest in the fancy work section were the three entries of assorted articles for the Robert Simpson Company's special prizes. These lay cheek by jowl with the plates of cookies in the cooking display, and they were very interesting, on account of the number and variety of the pieces displayed, including pictures, cushions embroideries, Mexican drawn work, baskets, spreads and quilts.

The quilts, as usual, are exceptionally good, as are also the embroidered and crocheted spreads, and the lovely afghans which show new and bewildering arrangements of colors. One afghan worked in swords of brown, orange and yellow is very striking.

A cunning baby doll in a knitted suit, cap and bootees of white wool, occupies a little chintz-covered chair under the pictured bust of a baby in profile, and there is a quantity of delicately-fashioned babies' woollies and small garments.

The embroidered linens and the display of bed and boudoir accessories, of cushions and purses and dresses, are quite outstanding.

School Exhibit.

The children have a display all to themselves, in an exhibit of the work done by the Manual Training and Domestic Science classes in the schools of the city. The Art showing is very interesting, with large placards covered with small pictures in pen, pencil, crayon and water color. There are natural and conventionalized designs, in landscape, flower, and still-life subjects. The orderly child mind that loves a reiteration of symbols is demonstrated in the cards showing grouped objects in numbered sections, commencing with one little house, and progressing through chick and duck and boat figures to nine little spruce trees standing in a row. Borders of repeated numbers embellish this mathematical effect in art.

The Manual Training displays cleverly-turned wooden models of various types; ironing boards, book ends, bird houses, Brer Rabbit in rose pink finish, and a grey wooden kitten with a black tail, on a little green platform, embellished with pink wheels.

There is a cleverly-constructed model of a man o' war, and another of a frigate with stripped masts and spars.

The bird houses are well executed, one model done in rough birch bark, another ingenious device showing the dove that gained renown in Noah's Ark days, perched outside a deep green home for nesting birds.

In charge of the Women's Section are Miss Mary Elliott and Miss Minnie Higgins, with Miss Mamie L. McCarthy and Miss Cameron Edwards judging the Art, and Miss May Needham of Millbrook as the Departmental judge for the other exhibits.

YOUNG PRINCES FIND SPOTLIGHT HARD TO GET IN

Archduke With Three Ailments Hast Better Chance For Front Page.

THRONE PRETENDERS.

LOUVAIN—If you're an archduke and get chicken pox, flu and appendicitis all at the same time, you're sure to make the front pages for a week. If you are just any little college boy throne pretender and don't have anything spectacular happen to you the world press wouldn't care.

That is the sad story of two youngster princes who live and study hard at present in this town of 4,000 students, but who don't get a whit of attention in black print on white paper. They are Prince Louis Napoleon, who some day hopes to be Emperor of France and Prince Gonzalo, who might be King of Spain in the dim future.

Louis Napoleon Shy.

Thus far they have been beaten by at least two lengths by Archduke Otto of Hapsburg, pretender to the throne of Hungary, and may be that of Austria in the bargain. Otto didn't mean to get himself talked about, but who can help getting chicken pox, flu, and appendicitis? Moreover, busy Vienna journalists are getting nineteen-year-old Otto engaged to some princess about twice a month. And that keeps the college boy archduke pretty busy denying things to the public.

Gonzalo and Louis Napoleon just don't seem to be spectacular enough. Prince Louis Napoleon, a handsome boy of eighteen with the fine dark eyes of his great ancestor, Bonaparte, is shy and does not mingle with fellow students. He lives in Brussels with his widowed mother, Princess Clementine, and a pretty younger sister. Every day he attends courses here, coming to the university with his chauffeur and tutor. He may be intelligent or may not be—his professors can't tell yet.

Gonzalo is the fourth son of ex-King Alfonso of Spain. When he arrived here last fall, barely seventeen, to board with a priest, his fellow students paid little attention to him. They still don't think he is much of a throne pretender, but in reality there is but one person between him and the potential throne of Spain, his brother, Juan. His two eldest brothers have been ruled out from the succession to the crown because their father, Alfonso, decided they were too ill to reign.

Gonzalo Studies Farming.

Prince Gonzalo is going in for farming. This is his first year at the "ag" college here. He has not gone in for a specialty as yet, but will decide on it next year. His courses are to last four years and include many stiff scientific studies, with chemistry in the lead.

Louis Napoleon and Archduke Otto have both decided on majoring in political and diplomatic sciences. The young Napoleon entered college only last fall. So he takes the first year's courses. Otto of Hapsburg is in the second year. The two princes, therefore, meet practically never while in school. They are cousins, like all European royal princes, but they don't seem to seek each other's company.

Napoleon studies philosophy, law, modern political history and "notions on contemporary history," also a smattering of psychology, physiology and the fundamental truths of the Catholic religion.

Otto takes more detailed courses, like the diplomatic history of Europe since 1915, social science, farm credit systems, comparative commercial law, the organization of international justice, public finances and a course on The Hague Court of International Justice. The same Hague court may have to decide some day on matters concerning both Hungary and young Otto, just as it decided recently against the "Anschluss" between Germany and Austria.

Ward Off Cameramen.

All three throne pretender college boys are pretty much used to the business of being "future crowned heads." They ward off interviews and photographers with a smile and a jaunty waving of the hat. They receive delegations when necessary, but prefer not to receive them. The one rule in their life here must be not to meddle with politics while guests of hospitable Belgium. If they do not stick to this rule they are liable to being politely kicked out.

The professors here believe that Otto will come out as the most brilliant student of the three. He has a fine brain and is remarkably eager at his studies. Otto is also the choice of his fellow-students rather than Gonzalo or Napoleon. Otto mingles democratically with all others. He does not pick young aristocrats for his friends, like Gonzalo, but rather prefers his most intelligent fellow students.

Where Bandits Derailed Three Trains

The map shows the locality in Manchuria where Chinese brigands derailed three passenger trains over the week-end, killing 24 persons, kidnapping others, and robbing 600 of all they possessed. Japanese troops later slaughtered 200 of the fleeing bandits. The outrages took place on the Chinese Eastern railway, some 40 miles from Harbin.

SPLENDID PRIZE LIST FEATURES SEYMOUR SOCIETY'S FALL FAIR

Campbellford Fall Fair Will Also Feature Vitale- Mitchell Midway.

SPECIAL HORSE CLASSES.

(By Examiner Staff Correspondent)

CAMPBELLFORD, Sept. 15. — Campbellford and Seymour's annual event, the fall fair which is staged in the fair grounds, Campbellford is now drawing near, the date being September 28 and 29 and with the issuing of the prize list, a splendid range of awards is seen covering all classes of exhibits. In all a total of $3,000 is offered in prize money which is evenly distributed and well balanced among all classes of exhibits.

The fair will be officially opened on September 29 at 1.30 p.m. by Mayor H. N. Carr, following a parade of Boy Scouts from the centre of town to the fair grounds headed by the Northumberland Regimental band under the baton of Bandmaster W. Pearson. The parade will form at 1 p.m. at the corner of Front and Bridge streets.

One of the entertainment features of this year's fair will be the engagement of Vitale - Mitchell Midway Shows which will add materially to the enjoyment of both young and old. On the second day of the fair at one o'clock a ladies' softball match will be staged between the girls of East and West Seymour, while two hours ater the star game of the afternoon, a hard ball game will be fought between Warkworth (Northumberland league team) and Campbellford.

Harness Races

Track races this year will also be a feature of the fair with three events scheduled. The races are as follows: Free-for-all purse $100; 2.20 class, purse $75; 2.30 class, purse $50. The money will be divided 50, 30, 20 per cent. with mile heats and C. N. T. A. Rules to govern.

This year, in point of number, the prizes exceed that of last year. This year there has been a decided movement on foot to have on exhibition a larger number of livestock. In the light horse class, a distinction is made between roadsters and carriage horses. For some years past there has been a dearth of carriage horses and it was thought that if they were shown by themselves a larger number would be on exhibition and compete.

In order to encourage breeders of carriage horses to compete a separate class has been made for them at the Fair, which is shown in the prize-list. The horse class include general purpose, agricultural, roadster, carriage and pure-bred draft horses. In addition to these classes the society has taken advantage of the offer of the Department of Agriculture to contribute $25 toward the Boys' Foal Club, providing the boys contribute a similar amount. This amount of $50 is divided into ten prizes. There are also several special prizes for horses which in all make a large list in this class.

Cattle Exhibits.

For cattle, too, ample provision is made. This district rightly boasts of some of the finest pure-bred dairy cattle in the Dominion. This year by reason of the fact that Holstein, Jersey and Ayrshire breeders are contributing the amount of $90 toward the premiums, and the society is giving a similar amount, the list of prizes is greatly increased. In each of these classes there are seventy-two prizes offered, 216 in all by the society, besides a large number of specials.

And so with all classes of exhibits. Besides a larger percentage of regular prizes being offered, there is a distinct increase in the special awards being given, and this is a very encouraging point of view and fortells a special success for this year's Fair, in view of the financial conditions now existing.

All judges for the Fair have been appointed by the Department, and are qualified and capable in the classes in which they work. Special arrangements have been made by the Grounds Committee to handle in a proper and speedy manner the car parking situation, and special police will be on the grounds to ensure the safety of those attending and to assist with the smooth running of the Fair.

Entries for the different classes are already coming in fast, and it is expected that this week will see a very large increase of these over last year. All communications regarding entries should be made to the secretary, G. A. Kingston, or any member of the board of directors.

FRANK M. DOWSETT

Has joined the staff of J. J. Gibbons Limited, advertising agency, in charge of the Radio Department.

Mr. Dowsett was in charge of advertising and sales promotion for Kolster Radio, and later wrote the continuities and played as the "Mercury" entertainer in the Mercury radio programme. He has been associated with many successful broadcasts.

5 cups a day *is not too much!* ..if the coffee is

DATED

The DATE guarantees full fresh flavor

Morning, afternoon or evening, you need no longer deny yourself a sociable extra cup of coffee. When it's Chase & Sanborn's DATED Coffee—it's good for you.

YES—we Canadians think coffee is the greatest drink on earth!

And today—we can drink more of it than ever before.

New scientific findings have done away with that ancient superstition about "too much" coffee:—

It's the rancid oil in *stale* coffee that's harmful. A frequent cause of the headaches, sleeplessness, indigestion, often attributed to coffee itself.

We know now that the average man or woman has a "coffee tolerance" of 5 cups a day of FRESH COFFEE—just the amount a real coffee lover likes to drink!

Because of this, Chase & Sanborn instituted *DATED* coffee.

Coffee rushed from the roasting ovens to your grocer by swift motor trucks. The date of delivery on every tin. No tin allowed to lay on the grocer's shelf more than 10 days.

The *goodness* of that fresh-roasted flavor!

And 5 cups a day is not too much because it's fresh. It's *DATED!* In half-pound and one-pound tins.

SCIENTIFIC AUTHORITY

Present scientific knowledge establishes the fact that the average man or woman has a coffee "tolerance" of fully 5 cups a day. "Tolerance" means the ability of one's body to receive and utilize and enjoy without the slightest bad effect. But—that coffee must be fresh! The regular drinking of *stale* coffee has bad effects on the digestion.

Roasted and packed in Canada

SOCIETY SETS DATE FOR BALE PACKING

W.M.S. of Trinity United Church at Omemee Holds Regular Meeting.

OMEMEE, Sept. 15 (Examiner Correspondence) — The regular monthly meeting of the Women's Missionary Society of Trinity United Church was held Thursday afternoon in the church basement.

The president, Mrs. Vaughan presided. During the period devoted to minutes and business final arrangements were completed regarding the bale which will be packed on the 21st. Anyone having articles for the bale are asked to leave them at the parsonage on or before this date.

A question drawer, conducted by Mrs. McConnell in the absence of Mrs. Lamb, secretary of Christian stewardship and finance department brought forth a varied number of questions which were answered most interestingly.

The devotional leaflet was read by Mrs. Bradburn. Papers on temperance were given by Mrs. Foast and Mrs. Bushnel, while Mrs. Reddick gave a paper entitled, "Peace and Ourselves."

Mrs. Bushnel was appointed mission speaker in the Sunday School for the first Sunday in October.

Two splendid musical numbers were contributed to the program. A piano solo, "Rock of Ages" in variations by Miss Lily Race and a vocal duet sung by Mrs. Morcombe and Mrs. McConnell.

The hymn "A Better Day is Coming" followed by prayer by Mrs. Brandon brought the meeting to a close.

HAVELOCK W.M.S.

Ladies Arrange for Afternoon Tea and Baking Sale—Interesting Story Told.

HAVELOCK, Sept. 15 (Examiner Correspondence) — The September meeting of the United Church W.M.S. was held at the home of Mrs. Harrison Wing, and was very well attended. In the absence of the president Mrs. Robert Bonney who has not returned from her summer home, the meeting was in charge of the vice-president Mrs. Alex Anderson, who led in the devotional exercise. The leaflet was entitled "The World's Need" and this was dealt with most capably by the acting president assisted by a number of the members. It was decided to hold an afternoon tea and sale of baking on the last Saturday of September, the 24th, on the lawn of Mrs. Hoard's home if the weather be favorable, if not the tea and sale of baking will be held in Mrs. Hoard's house at the corner of George and Oak streets.

The study was on the Missionary Monthly, and was taken by Mesdames Denike, Wilson and Kemp. One particularly appealing story in the Missionary paper was told by Dr Florence Murray in charge of a hospital in Korea She told of a man and his wife who travelled on foot one hundred miles, carrying a child, the woman being in need of medical attention She had taken lye in mistake for medicine, and was suffering acutely when she reached the hospital The treatment given helped her at once, but in order to effect a complete cure it was necessary that she remain for a week or so and take further treatments These people were practically destitute, and unable to pay for their board, but the woman remained, and depended upon the generosity of whoever would give her a meal Despite the privation mother and child did well, and when they left for home, both were in much better condition than when they came For some time the hospital authorities did not hear from the mother, and often wondered if she had gotten home safely. Then one day she walked into the hospital carrying another child, and bringing with her a chicken which she had brought from home, as a token of appreciation for the kindness shown her. Asked if she had not found the trip very long and tiresome, she stated that it had been a pleasure to her to come, she had wanted to come, and she faced the homeward journey quite happily because she had once more seen the friends who had been so kind to her.

Another department of the paper dealt with news from conference branches, another one with Mission Band work.

The convenor on supply work, asked that those having contributions bring them in as soon as possible. The press secretary urged the members to make use of the study book by Dr. Oliver which is now in hand. This is said to be a most interesting volume containing a great deal of information on pioneer work in the west.

The sectional rally of the W.M.S. will be held on Wednesday, Sept. 14 at Westwood United Church, and there will be a morning and afternoon session.

After the business had been disposed of a substantial lunch was served by the hostess and a social half hour was enjoyed. The August meeting took the form of an afternoon tea, and was held at the beautiful summer home of Mr. and Mrs. Herbert Williams at Round Lake.

MILLBROOK W.I.

MILLBROOK, September 15 (Examiner Correspondence). — Mrs. F. J. Smith entertained the local branch of the Women's Institute for its September meeting, over 20 members gathering at her home on King Street on Saturday evening. The first vice-president, Miss E. Grandy, took the chair in the absence of the president, Mrs. J. L. Byam, who was detained through illness in her home.

The roll-call was answered with each member donating a jar of fruit for relief purposes, but as only a limited number apparently understood this arrangement, there will be furthre notice at a later date. The treasurer, Mrs. H. J. Armstrong, made a report on the expenses of the annual picnic outing, amounting to a little over five dollars, and announced that three dollars and fifty cents was paid in fees that day. From the supper sedved at Wallace Point the day of the regatta, receipts (clear) of $9.10 were received, the rain interfering with the further success of the venture, and from the booth on the grounds the day of the School Fair the sum of seven dollars was cleared.

Mrs. W. McKee Bingham, convenor of the standing committee on education, had charge of the program, giving an instructive outline of the topics coming under the jurisdiction of this particular committee, and as she is moving next week to Cove's Landing to reside, trying to arrange for the work to be taken up adequately by her successor in office, when appointed. A strong recommendation to make a particular study of Canadian writers and their works was made, and selections read from Nina Moore Jamieson's address along this line before the annual W.I. convention at Toronto.

Mrs. Bingham also gave an interesting account of the life of Robert Burns, and read delightfully from a number of his poems. Bernice Smith gave a recitation, "Lochinvar," and was warmly applauded.

Mrs. J. R. Eakins will have charge of the October meeting which will be at Miss Grandy's home, Mrs. Eakins is convenor of the standing committee on historical research, and the program will deal with this subject.

On motion, it was decided to buy one hundred bulbs, through Mrs. C. Thorndyke, to be planted round the Cenotaph this fall, and if there is any surplus they may be for sale to members of the W.I. Mrs. W. H. Armstrong and Mrs. H. A. Earle sponsored the vote of thanks accorded Mrs. Bingham for her instructive address, and the entertaining program provided.

Marmora

Fishing in Crowe Lake by the northern shore over the week-end: Jack Clairmont in company with Joe Shannon landed another fine specimen of a maskinonge which measured 48 inches in length and weighed 19¾ pounds.

Mrs. J. Blewett of Peterborough spent the week-end with Mrs. Hugh Jones.

Mr. and Mrs. Sylvester Phillips of Marmora Township and Mr. and Mrs. W. Simmons and daughter Muriel of Deloro are visiting relatives in Toronto for a few days.

Messrs. J. Dale, R. Phillips, B. Aunger and J. Thomson had a motoring trip to Kaladar on Sunday.

Mrs. A. Milliken has returned to Deloro after an extended holiday.

Mr. and Mrs. Floyd Simmons of Niagara Falls, Ont. attended the Crawford-Doyle wedding on Monday.

Mr. and Mrs. A. B. Lowe of Winnipeg spent Saturday in town.

Inspector Hoag of Toronto visited the Continuation School on Monday.

NURSE HELPS BLIND BOY FROM BUSH TO EDUCATION

Lad's Ambition Awakened After Term at Brantford Provincial School

NORTH MERCY WORK

The story of how a fourteen-year-old boy, blind for the past seven years, and becoming more and more apathetic and discouraged, had his ambition aroused was told recently by a nurse of the Canadian Red Cross Society in charge of a lonely northern Ontario outpost hospital near which the family's cabin stands. The boy's mother is a deaf mute and can only converse with her son by watching his hands spell out messages.

The nurse was summoned to assist at the birth of the woman's ninth child. The mother had never been in before. Although rather dubious of entering she was at last persuaded to come to the outpost and after her child was born began to take a great interest in the hospital life.

Learns of School

Back in her cabin the mother tried to follow the health suggestions that she learned at the hospital. The nurse paid her frequent visits and coptinued to help her in many ways. A crib was built for the new baby and an improvised screen was constructed to keep the flies and insects away. While there the nurse would "chat" with the woman by means of little written notes.

In this way she told the deaf mute woman about the provincial school for the blind at Brantford and what it could offer her boy. Her fears of the unknown were overcome, new clothing was procured for the boy and he was taken to a specialist of the Canadian National Institute for the blind who examined him and reported that there was no hope of restoring his sight.

Passes Entrance

At home the blind boy had no opportunity of obtaining an education. Now at school all that is changed. He has a new interest in life, and recently this boy passed his entrance examinations and attained the highest marks in the county.

Not only in sickness, but wherever there are problems to be met in the lives of her neighbors and to which her training and wider horizon may enable her to aid with a solution, the Red Cross nurse stands ready to help.

OBAN HOLIDAY CROWD SEES GALLANT RESCUE

Man Fell Off Pier and Native Swam to His Aid

Oban, Scotland.—Crowds of holiday-makers and townsfolk in the vicinity of the North Pier at Oban were the spectators of a thrilling rescue, in which a visitor was saved from drowning by a young local man.

The visitor was Mr. John Francis, a railway employee, who, with his wife, had come from Shettleston to spend the day at Oban. Walking along the edge of the North Pier he lost the balance and fell headlong into the sea.

His fall was seen by many of the people at hand, and there was a rush to the spot. The cries attracted the attention of Mr. J. Robertson who is employed at the nearby yachting stores. Running to the waterside, he immediately plunged in and got hold of the drowning man, who was floating face downwards.

Meantime the incident had also been seen by Captain Leonard and Mr. Lamont, who were in their motor boat at the slip opposite Alexandra Place, about 200 yards away. They immediately started the motor and raced over to the spot, and pulled both rescued and rescuer from the water. By this time Mr. Francis was far gone, and artificial respiration had to be resorted to. After he had been put ashore at the boat slip, however, he was soon out of danger, though suffering from shock and the effects of his immersion.

MURDER OF VERA PAGE MAY YET BE SOLVED

Scotland Yard Has Worked for Months on the Baffling Case

London.—There is a possibility at last that the Vera Page mystery may be solved.

Anonymous letters have been received at Scotland Yard during the past few days volunteering certain information relating to the last movements of the dead girl.

If the information given in the letters can be substantiated, sensational developments may take place within a few days.

Vera Page, the eleven-year-old victim of one of the most baffling murder mysteries of recent years, was found strangled in the front garden of a house in Addison road W., one morning last December.

The child, whose home was in Blenheim crescent, Notting Hill, had the previous afternoon visited an aunt living fifty yards away. She left for home, but never reached there alive.

Scotland Yard detectives worked on the case all through the Christmas holidays and for months afterwards, and questioned 600 persons.

CHIEFTAIN'S ENGAGEMENT

The engagement is announced of Mr. Robert Bruce Stewart, chieftain of the Clan Stewart of Appin, and Miss Nora Peek Ballance. Miss Ballance is the second daughter of the late Mr. and Mrs. Arthur William Ballance, formerly of the Manor House, Herringswell, Suffolk. The chief of Appin is 69.

BARONET'S DAUGHTER HAD NARROW ESCAPE

Tackled English Channel in a Small Boat But Ran Aground

London.—Misfortune overtook Mr. R. C. Cole and Miss Elizabeth May, daughter of Sir George May, Bt., on the final stage of their return journey from Antwerp in Mr. Cole's small speedboat recently.

Their little craft—a 14-ft. dinghy with an outboard motor—ran on the Nore sands at the mouth of the Thames and damaged its rudder.

Waves broke over the little boat, and the two occupants were soon drenched to the skin.

They succeeded in getting off the sand bank, and, after drifting about with their rudder out of action for a while, they sighted a tug, which took them to Gravesend, whence they travelled to Westminster in the motor cruiser Sylvia.

Miss May was attending a party in the Show Boat in the Thames when she heard that Mr. Cole wanted a volunteer to accompany him, and she immediately changed into some overalls and joined him.

HERMIT OF THE RIVER MUST QUIT HIS ISLAND

Old Man Built His Little Home on a Mud Bank

London, Eng.—After living a Robinson Crusoe life for twelve years on a tiny island he made for himself a tragedy has come into the life of a sixty-year-old river hermit at Hampton Court.

King of his little realm, he has been ordered to go.

Everybody living on the river knows the romance of the midstream island on all that it meant to the old man.

He built it up from a mudbank by raking ballast from the stream and collecting driftwood and other debris.

It was a work that took years, but he felt that success was his when he was able to boast a flower garden and vegetable patch.

Now authority has stepped in and ordered him to seek a new home.

The man is Mr. Frank H. Pickford who, after having held a good position in the city and during the war with the foreign correspondence office, decided to live a secluded life in the middle of the river.

His island is in the centre of an extensive backwater and looks across to tree-lined banks and gay house boats.

STAGGERS FROM WOOD COVERED WITH BLOOD

Scotland Yard Withhold Name of Man

Barnet, Eng.—Secrecy is being observed concerning the identity of a man recently admitted to the Wellhouse hospital at Barnet, suffering from throat and wrist wounds.

The man startled a gardener on Lord Strafford's estate, Wrotham Park, near Barnet, by appearing before him in a state of collapse and with his clothing bespattered with blood. He feebly asked for a drink of water.

When water had been given him he said he had entered the park on the previous evening, when the wounds were inflicted, and had been lying in the park ever since.

He declined, when taken to hospital, to give any account of himself except to say that he was forty-two years of age, and had no relatives or friends.

Three male attendants were engaged to keep watch by the man's bedside night and day.

Scotland Yard officials have satisfied themselves regarding his identity, but his name is being kept secret for the sake of the family.

The hospital records describe him simply as "Mr. Smith."

It is understood that he is well connected, and has relatives in the Midlands. Negotiations are proceeding with a firm of solicitors on the question of his future care.

MILTON'S FAMOUS ELM HAS BEEN CUT DOWN

John Milton Used to Sit Under Its Spreading Branches

Amersham, Bucks. — Chalfont's famous elm, reputed to be more than 500 years old, is a thing of the past. Only a stump remains to the memory of John Milton, the blind poet, whose cottage is near by, and who more than 250 years ago, used to sit in its shade on hot days.

The tree would not have survived so long but for the sentimental prestige it possessed. It was for years a centre of controversy among villagers and visitors. It was declared to be a danger owing to its great age.

No one knew that the elm was coming down until workmen arrived with tree-felling implements and started to saw through the trunk. Soon there was a large crowd watching the workmen.

The top portion of the tree fell into the roadway with a crash as the church clock struck mid-day.

Local councillors who were present refrained from offering any opinion on the destruction of the tree. Whether or not a tablet will be erected on the stump has not been decided.

Children of "Brummagem" Schools May Have Holidays Prolonged

Birmingham.—Birmingham children are full of glee at the prospect of their summer holidays being indefinitely prolonged.

Their parents have threatened the Birmingham education authorities that they will declare a general school strike in the city and keep their children away from school unless the education committee withdraw a school reorganization scheme.

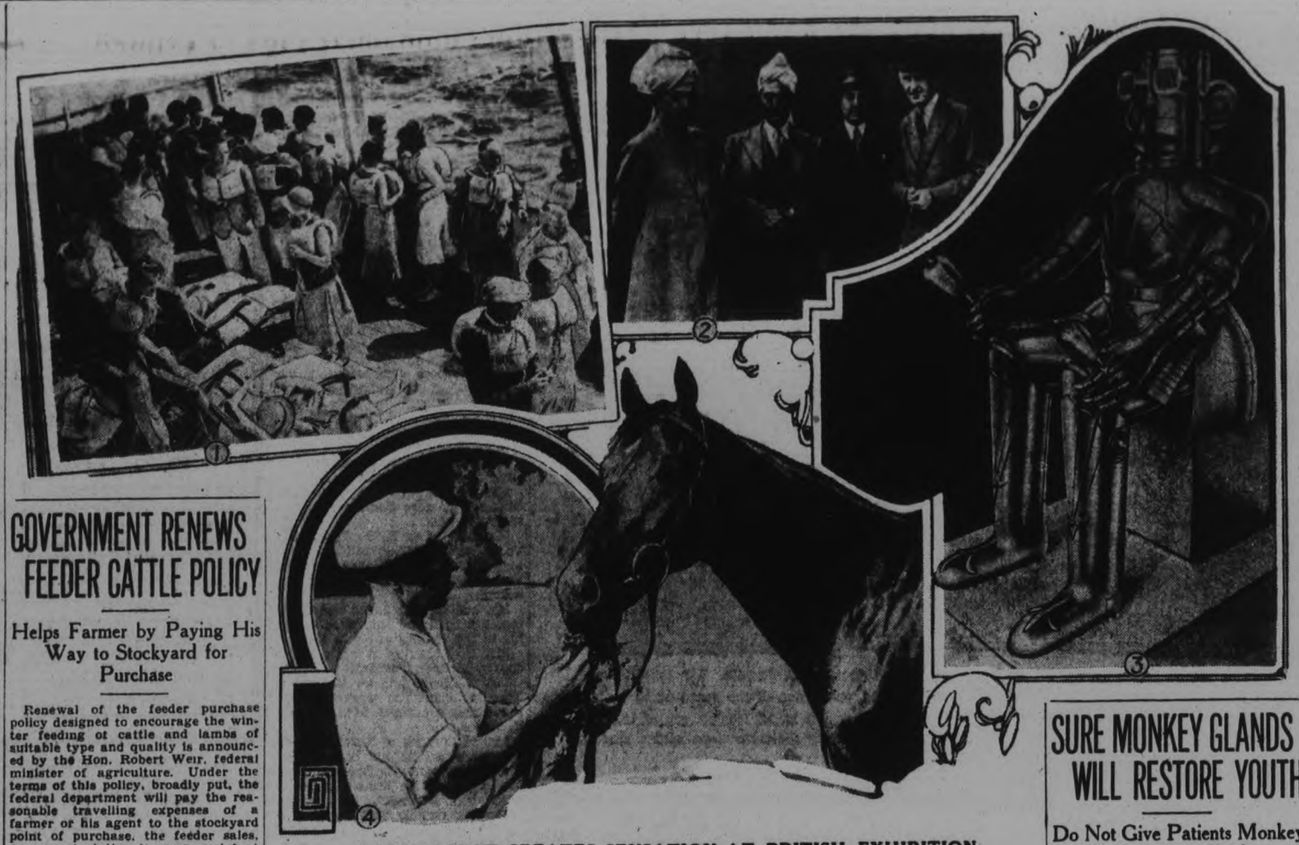
This scheme, the parents assert, would compel some of the school children to walk six miles a day in order to get to school.

The reorganization has been arranged because of the movement of the population from the centre of the city to the newly-erected outlying housing estates.

The districts affected are Greet, Witton, Castle Bromwich, Edgbaston, Hall Green, and Park Hill.

Parents held a mass meeting of protest in the Digbeth Institute, Birmingham, yesterday, at which a resolution was passed unanimously stating, among other things, that unless the reorganization scheme was withdrawn before the children returned to school, they would organize an "all-in-all" general strike involving every child at the affected schools.

Elaborate plans for the conduct of the strike were mentioned, including mass demonstrations, the building up of a fund to meet expenses and any fines, and the organization of mass picket.



RADIO ROBOT CREATES SENSATION AT BRITISH EXHIBITION

Visitors to the Radio Exhibition at Olympia were received by Ronnie, the Radio Robot. He has photo-electric eyes, a loud-speaker mouth, and microphone ears. He can answer questions, read books and talk in foreign languages. The Nawab of Pataudi left India recently to play cricket in Australia. He swings a mean bat. Jim Thomas, England's wonder horse. This two-year-old has won seven successive races of importance in the old country. Passengers aboard a British excursion liner taking part in a life-jacket drill while crossing the Bay of Biscay.

GOVERNMENT RENEWS FEEDER CATTLE POLICY

Helps Farmer by Paying His Way to Stockyard for Purchase

Renewal of the feeder purchase policy designed to encourage the winter feeding of cattle and lambs of suitable type and quality is announced by the Hon. Robert Weir, federal minister of agriculture. Under the terms of this policy, broadly put, the federal department will pay the reasonable travelling expenses of a farmer or his agent to the stockyard point of purchase, the feeder sales, or nearest station to range point at which feeder stock is purchased.

To secure the benefits of the policy at least one car of stock (20 head of cattle or 40 lambs, or a combined car, figured on 2 lambs as the equivalent of one beef animal) must be purchased.

Stock purchased is subject to approval as to type and suitability by the official representative of the Dominion live stock branch serving the point of purchase.

Special provision has been made to extend the benefits of the policy respectively to farmers of eastern Canada, of the Prairie provinces, and of British Columbia.

Complete details and information about the policy and the benefits can be secured by writing the nearest stockyard agent of the Dominion live stock branch, or direct to R. S. Hamer, chief, cattle division, Dominion live stock branch, Ottawa. The policy is operative for a period of five months from and after Aug. 1, 1932.

WOULD END ECONOMIC WAR

Irish Free State Farmers Will Press Dail

Dublin, Sept. 2.—Organized pressure by ratepayers and farmers of the counties of Kildare, Dublin and Meath is being brought to bear upon the Dail to bring the economic war against the United Kingdom to an immediate end.

The action of the protesting agriculturists takes the form of a resolution, requesting every county in the Irish Free State to hold meetings and prepare for a convention to be held September 15 in Dublin. The motion adds that Britain's 20 per cent. tariff on all livestock and agricultural products following the failure of the Free State to pay land annuities, must lead to ruin for the whole farming community of the Free State.

ON THINNING MANGELS

Experiments carried out over a period of eight years by the division of field husbandry of the Dominion Experimental Farm Ottawa, show that the largest crop of mangels is secured when they are thinned to a distance of nine inches apart. The report also observes that the system of blocking plants into small bunches results in the production of many small roots, which are difficult to harvest.

WOMAN DUPED BELGIANS BY CLEVER USE OF GLASS EYE

Female Smuggler Filled Her False Optic with Valuable Diamonds

BORDER VERY BUSY

Brussels.—Never have smugglers been so busy on the Belgian frontiers as they are now. Day and night contraband is being carried in and out of Belgium, Germany, France and Holland.

Only last week 300 smugglers were engaged in a pitched battle with frontier guards near Aix-la-Chapelle.

Belgium recently reinforced her frontier customs posts and connected them up by cyclist gendarme patrols, while German precautions were also intensified, but the evil goes on, the smugglers inventing one smart device after another to outwit the officials.

Tobacco, cigars and cigarettes are considerably cheaper in Belgium than in Germany or France, and when smuggled across the frontier yield splendid profits.

Occasionally a light motor van will rush the frontier posts with a load and for a time touring cars with their upholstery stuffed with tobacco cheated customs officers. When this trick became too well known, spare tires were filled with the contraband.

Not long ago a customs officer was awakened in the dead of night by the sound of galloping horses and reported the matter to headquarters.

It was found that smugglers were loading horses with contraband and, striking them a heavy blow on the haunches with a stick, sending them galloping riderless across the frontier, where they were caught by confederates.

Jewelry and precious stones are also among the illicit "exports" from Belgium. A smartly-dressed woman journeyed across the Belgian frontier so frequently by the same route that she fell under suspicion.

Her passport was in perfect order and, although she was singled out for search many times, nothing was ever found to prove that she was engaged in anything other than legitimate business.

One day, however, an anonymous letter drew the authorities' attention to the fact that she had a glass eye. It was found that this was an ingeniously contrived receptacle for diamonds.

To-day even children are being taught to crawl across the frontier with smuggled goods.

During the first three months of this year German customs officials seized from smugglers 2,000,000 cigarettes, over 40 tons of coffee, 35 tons of cereals and 30 tons of flour.

Smuggled into Belgium are drugs, particularly cocaine and morphine, and liqueurs and spirits. A great proportion of the latter come by sea in strings of containers, which float a foot or two beneath the surface of the water and are towed by innocent-looking motor boats or fishing smacks.

Drugs are smuggled in in a thousand different ways. An aged Belgian peasant who daily drove a donkey cart to a German village to dispose of vegetables was always offered a drink in the local estaminet by a man with whom he had no business at all.

Returning to his own village he was invariably invited to take a drink by another party. Nobody was more surprised than he when he learned from the police that, while he was drinking, drugs had been concealed in and taken from his cart.

OLD LETTER TO SCOTT FORESAW IRISH STEW

Highlander Predicted England, Scotland Would Stand Fast

Edinburgh.—Lovers of Sir Walter Scott will find plenty of material on which to browse in the second and final selection of his letters just published by John Murray, with a foreword by Hugh Walpole, who acquired Scott's original letter-book in 1921. Although few of the novelist's correspondents belonged to the North, one occasionally comes across a letter written to Scott from the North of Scotland. One of these has a strangely prophetic bearing on present-day politics. It was sent to Scott in 1830 by his old friend, Sir George Mackenzie of Coul, Dingwall. This letter ended with these words—"Though Ireland should rebel, and all Europe be in flames, old Scotland and England will stand fast."

"COMBINE" IN GRAIN HARVESTING FEASIBLE

Authority Sees Operation Possible Under East Conditions

Commenting on the general feasibility of the "combine" in harvesting grain in eastern Canada, E. S. Hopkins, Dominion field husbandman, in his annual report for 1931 says:

"From experiments conducted to date the operation of the "combine" under eastern conditions appears quite feasible where the recovery of straw is of no importance. Where straw recovery is necessary the combine, though quite as feasible, appears to be of doubtful economy as operated at present.

"This conclusion might be revised with the development of more economical means of straw recovery and with a higher capacity and lower operating cost. The combine has now been operated in Ottawa for the last four years and complete information on the equipment used, cost of operation and the results of experiments conducted each year, may be found in the annual reports."

SURE MONKEY GLANDS WILL RESTORE YOUTH

Do Not Give Patients Monkey Characteristics, Declares Voronoff

London—Dr. Serge Voronoff, famous "monkey-gland" rejuvenator, made a big claim here when he said that he could prove that in the vast majority of his cases he restored youth and prolonged life.

He explained how he chose his patients at an age when degeneration is beginning. Some of these patients are very old. He said that his rejuvenation process was not a flash in the pan. He said it was youth with the promise of many vigorous years of life.

At the same time he maintained that he was not a magician but a surgeon, and that he could not arrest or eradicate organic diseases.

Answering the charges of going against the laws of God, Dr. Voronoff said:

"The one standing gibe against me is that I give monkey characteristics to men and women. But I have proved that patients of mine since the operation have had children—quite normal children."

FAMOUS IRISH FIRM CLOSES DUBLIN PLANT

Gallahers May Move Their Tobacco Factory to Belfast

Dublin.—The factory of Messrs. Gallaher and Company, Limited, tobacco manufacturers, at East Wall Dublin, was recently closed, and there is little prospect of its being reopened. The firm had given employment to three hundred hands engaged in the manufacture of tobacco, cigarettes and snuff, and had paid remunerative rates of wages, providing a livelihood for about twelve hundred persons. The workers have been knocked off gradually, only a small number being kept on till the close.

It is believed that the plant and machinery will be transferred to Belfast.

COW-TESTING SHOWS HERD IMPROVEMENT

Increased Production, Quality Follow in Wake

One of the most important factors in the improvement of dairy cattle and herd management is cow testing. In Ontario, Saskatchewan and British Columbia this work is done under the supervision of provincial departments of agriculture, while in the other six provinces it is carried out under the supervision of the Dominion live stock branch. Since 1926 the number of associations entered have increased from 85 to 320, the number of herds from 1,195 to 4,061, and the number of cows from 12,142 to 37,772 (for 1931.) During the past six years there has been an increase of 16,928 cows completing records for eight months or more, with an average increase in production of 815 pounds of milk and 55.78 pounds of butter fat per cow.

FROZEN CIDER POPULAR

Perfectly Fresh and Sweet When Thawed For Use

Modern science is always coming to the fore with some new wrinkle which extends the market for farm products. One of the latest evolutions is frozen sweet cider. When it comes from the press, the cider is frozen to zero degrees Fahr. and held at that temperature until thawed for sale or use. When thawed out it is perfectly fresh and sweet. It will keep seven months or more held at zero, and there is every prospect that it may be developed into an important beverag outlet or by-product for orchardists. — Dominion Department of Agriculture.

DE VALERA CHALLENGED BY HIS IRISH ARMY

Dreaded Supporters of President Will Keep Their Powder Dry

Dublin.—A startling ultimatum was delivered recently to Mr. de Valera by the "Irish Republican Army," which was for so long his chief support.

Since he became head of the government Mr. de Valera has allowed this irregular army to flourish unchallenged, in the hope that when the oath of allegiance was finally removed from the Constitution its members would abandon revolutionary methods and support him in a parliamentary bid for republicanism.

That is why the dreaded I.R.A. have thought it well to speak plainly to Mr. de Valera—to let him know that his hope is vain.

The I.R.A. will have nothing to do with his parliament, oath or no oath.

That is the effect of the ultimatum which their official organ delivered to him saying:

"The administration seems to think that once parliamentary representation is afforded to the I.R.A. that organization will no longer have a raison d etre.

"Since that supposition is wrong it is well that the position be made clear once and for all.

"The I.R.A. is not a twenty-six county organization. It is maintained and organized throughout Ireland—and, indeed, wherever Irishmen are to be found. Its aims and objects are to establish and uphold a lawful government in sole and absolute control of the Republic of Ireland.

"The Irish Republican Army cannot lay down its arms until the Irish Republic is a reality based on the proclamation of Easter Week, 1916."

RACING GREYHOUNDS DROP DEAD ON TRACK

Meet at Blackpool Was Called Off at Last Minute

Blackpool, Eng.—After two dogs had died and eleven others had been taken ill, the meeting at Blackpool greyhound racecourse was abandoned the other evening.

Before the racing started it was officially announced that some of the dogs would not be able to run through illness. It was stated that Milwall was withdrawn, that Thrown Over was ill, that Happier Still, which was due to run in the second race, had died, and that Skinner's Hill had been withdrawn through sickness.

Labess, another candidate in the second race, was taken ill just before the race was started, and Merry Bookie dropped while running and died on the track.

It was immediately following this that the abandonment of the meeting was announced.

Afterwards officials made an exhaustive inquiry lasting late into the night. About 350 dogs were examined by veterinary experts.

The company's officials are mystified as to the cause of the illnesses. The only reason they can suggest is that the hot and sultry weather affected the dogs. It was only just before the meeting started that the dogs were found to be ill.

BARMAID OF LINCOLN BECOMES A COUNTESS

Her Husband Inherits the Title and a Castle in Ireland

Scunthorpe, Eng.—The daughter of a Scunthorpe (Lincolnshire) licensee is reported to have become a countess.

She is Mrs. Marjorie Baynton, elder daughter of Mr. and Mrs. Arthur Grayson, of the Oswald hotel, Scunthorpe.

Her husband, Mr. Richard Waldegrave Baynton, is said to have unexpectedly inherited the title of Count Waldegrave Baynton, with the family seat of Corballis Castle, County Wicklow, Ireland.

Miss Grayson was married to Mr. Baynton in 1927. They have one child, a boy of three.

The new count is at present on business in London, but his wife lives with her parents in Scunthorpe and serves in the bar.

A SCOTTISH "REBEL"

Musselburgh, Scotland. — Speaking at a meeting under the auspices of the St. Andrew (Home Rule for Scotland) Society at the Hayweights, Musselburgh, recently, Miss Wendy Wood, Edinburgh, described herself as the leader of the Democratic Scottish Self-Government Association. They were an extreme body, she said. She was known as a rebel. She did not deny that in the least. Their extremeness went so far as this, that they were absolutely determined to get for Scotland as much of political rights as the Isle of Man enjoyed. They were going to have it. There was nothing in the face of this earth that could keep it back. They wanted the Treaty of Union of 1707 annulled.

PIPERS FOR LONDON

Edinburgh.—Pipers in Scotland are to be invited to go to London to engage in a Scottish national piping competition. This is being arranged by the recently formed Scottish Piping Society. Its president, Pipe-Major Lewis Beaton, states that they have 50 members playing one evening a week in rooms of the Royal Scottish Corporation. As a preliminary to a national piping competition for both amateurs and professionals, including military pipers, he is organizing a competition for London pipers.

British Brevities from the Counties and Shires

ENGLAND AND WALES

The Bishop of Worcester (Dr. A. W. T. Perowne) has joined the Worcester section of the Three Choirs Festival chorus as a tenor, following the example of his predecessor, Dr. Pearce, who also sang tenor.

☆ ☆ ☆

Buchan folk and picnic parties in particular will learn with regret that Pitfour House—the erstwhile home of the Fergusons—is now a mass of ruins. It was dismantled several years ago when the estate was put up for sale, and meantime the walls, containing much valuable building material, are being removed.

☆ ☆ ☆

Intimation was received last week by fully 200 men employed in the Hallside works of the Steel Company of Scotland (Ltd.), Cambuslang, to resume work the following day. The news has caused widespread satisfaction in Cambuslang district, as the works have been at a standstill for four months.

☆ ☆ ☆

A thrilling rescue attempt, which was unfortunately not successful in saving a life, took place on Greenock Esplanade recently, when Thomas Bonner, 66 years of age, dived from the promenade to the rescue of a man who had fallen into the water, and had disappeared. The man was eventually brought to the surface, and was taken to the infirmary, but he died soon after admission. Deceased was identified as Duncan O'Hare (60), who lived with his father at 31 Crawford St. He had been unemployed for some time.

Masked Bandits Causing Trouble On the Highways of England

Ramsbury, Eng.—Another instance of the growing menace to motorists from highwaymen occurred near Savernake Forest, Wiltshire, the other evening.

A Great Western omnibus was being driven between Ramsbury and Marlborough about 11 o'clock when a man signalled to the driver, Mr. Leonard Close, to stop.

Mr. Close began to slow down, and then he saw that the man's face was covered with a mask. He swerved to avoid the highwayman, who threw a large stone through the glass panels of the driving cabin.

Mr. Close drove into Marlborough and reported the matter to the police.

The area was searched for hours, but the highwayman was not seen again.

The Southampton police have obtained possession of the automatic pistol believed to have been used in the hold-up of a policeman at Beenham, near Reading, early on Tuesday.

It is stated that when the Southampton steamer Balmoral, on a pleasure trip to Cherbourg, called at Bournemouth recently, two men answering the description of the wanted men boarded the boat. One man got off again, but the other went on to Cherbourg.

He had an automatic pistol which Captain Goldsmith said he would take care of. When the man left the ship at Bournemouth he asked for the return of the weapon. Captain Goldsmith refused to comply without the production of a firearms certificate.

MUNICIPALITIES URGED TO PLAN BUDGET CONTROL

Amount of Deficits and Tax Arrears is Still on Upgrade.

FIVE-YEAR BUDGETS

HALIFAX, Sept. 15 (By The Canadian Press) — Municipal expenditure in Canada is increasing at a rate faster than the growth of population and the only effective remedy is rational budgetary control, according to Horace L. Brittain, director of the Citizens' Research Institute of Canada in Halifax yesterday.

The amount of deficits and tax arrears is still on the upgrade but once the tax has been levied it is of little avail to protest against it, such as has been the case in numerous municipalities in the United States, where recent "tax strikes" against the harsh rule of "King Demos" have been much more violent than the historically famous Boston Tea Party directed against King George, said Mr. Brittain.

"A tax is a fait accompli. To refuse to pay it is to invite additional penalties," he said. Taxes are levied to meet expenditures and when a debt once has been incurred it must be paid. Whether or not people are called upon to pay taxes directly, they pay taxes so long as they purchase goods, employ services or occupy premises. In order to end the present excessive expenditure it is necessary to check increased demands for governmental services at their root.

While business concerns and families have been forced to reduce their budgets, there has been laxity in the control of public disbursements, said Mr. Brittain.

Municipal taxation in Canada went up from $326,231,285 in 1913 to $668,752,371 in 1930, he continued. Estimated expenditure increased during the same period from about $293,000,000 to $946,000,000 almost half the total current expenditure of the country—Dominion, Provincial and Municipal. Mr. Brittain estimated that current outlays of the municipalities in 1932 would probably be more than $1,000,000,000.

If effective budgetary control is to be achieved two fundamental questions must be answered: On what services and how does the municipality spend money? In what amount and how does it raise the money? Government, according to Mr. Brittain, exists primarily "to protect persons and property." The tasks of modern local governments are the administration of justice, policing, fire protection, building and other inspection, maintenance of means of communication, such as roads, streets etc. Moreover, it is the function of the municipal government to provide for schools, public health, and, what has lately come into the foreground, relief. In recent years municipalities have also entered the business field through ownership and administration of public utilities, such as waterworks, power plants, street railways, etc.

The field of administration is a wide one and close scrutiny of disbursements is a sine qua non, if the expenditure shall not get out of hand, said Mr. Brittain. There are now 126,000 persons out of a total population of 10,000,000 employed in policy forming bodies in local governments. This number should, in the opinion of Mr. Brittain, be cut down. He moreover recommends standardizing of accounting systems in all municipalities and centralization of accounting in each unit. He also suggests that the number of municipalities should be reduced as has been done effectively in some western provinces. Capital expenditures should be budgeted for five or ten year periods to avoid planlessness and insufficient consideration of the capacity to pay. Frequent audits by independent bodies should be held, concluded Mr. Brittain.

Dunlap Observatory Corner-Stone Is Laid

With impressive ceremony, the cornerstone of the Dunlap Observatory was laid by D. M. Dunlap at Richmond Hill Saturday. The observatory is in memory of the late D. A. Dunlap, who took a deep interest in astronomy, and is the gift of Mrs. Dunlap to the University of Toronto. (1) Dr. D. Bruce MacDonald, chairman of the board of governors of the university. (2) D. M. Dunlap, son of the late D. A. Dunlap, laying the cornerstone with a silver trowel.

Bonarlaw

On Friday of last week a large crowd of friends and neighbors gathered at the home of Mr. and Mrs. Byron Heath and showered Freddie and his bride with many and beautiful presents. Rev. H. A. Bunt acted as chairman and Mr. George Williams read an address, to which Mr. and Mrs. Heath replied in a few well chosen words, thanking the company for the many useful presents and inviting all to visit them. The presents included a beautiful silver tea service from the groom to the bride and a two hundred dollar cheque from the groom's father. A dainty lunch was provided by the ladies present.

On Monday of this week, the friends and neighbors of Mr. and Mrs. Douglas Brown gathered at their new home just east of Bonarlaw and showered them with many useful and beautiful presents. The house was well filled. Mr. W. J. Barlow read an address to which Mr. Brown gave a splendid reply. Mrs. Brown also thanked the many friends for the gifts and extended a hearty invitation to all to visit them in their new home. The ladies provided an excellent lunch and a social hour or two was enjoyed.

Miss Kathleen McComb and Miss Nellie Webb are attending the Peterborough Exhibition where they are representing Hastings County by virtue of their high standing in the competition at Belleville recently in judging nutrition and clothing and also in table setting demonstration. The nutrition includes, school lunches, menus etc.

The sourthernmost point in Canada is Middle island in Lake Erie.

Trent River

Rev. Mr. Mutton of Foxboro, exchanged pulpits with Rev. S. A. Kemp, at the United church, Sunday.

Mr. and Mrs. Isaac Lawson, accompanied Rev. S. A. Kemp to Foxboro and Halloway, on Sunday.

Mrs. V. C. Chaplin supplied as organist at the United Church Sunday afternoon, in the absence of Mrs. Lawson.

Mr. and Mrs. John Armstrong and Miss Madeline left on Monday for Havelock, after spending the season at "Lazy Lodge."

Mr. and Mrs. Will Christie, and sons, Clarence and Jack, returned Monday to Toronto, from their cottage.

Mr. and Mrs. Will Bryans, Betty and Bob, returned to Toronto Sunday, after holidaying at "Bob Inn."

Mrs. Robert Kennedy, grandson Bruce Kennedy, with his father Mr. Walton Kennedy, and Miss Bessie Kennedy, have returned to Toronto, from "Kendon EEEE."

Miss Eva Inkster of Marmora Continuation Staff of Teachers, spent the week-end at the parental home.

Miss Margaret Ball and Mr. Harold Burgess, of Toronto, are guests at "Cook Cottage Maple Inn."

Mrs. William Archer and little daughter Joy, arrived from Toronto on Saturday to visit her sister-in-law, Mrs. W. C. Inkster and family.

Mr. and Mrs. John Armstrong of "Hillview Farm," accompanied their son George to Peterborough Monday.

Mr. and Mrs. L. E. Hatte, Mr. and Mrs. G. E. Younge, left on Monday for Niagara Falls, Ont., after holidaying at "Riverside Cottage."

Mr. and Mrs. Hatte and Mr. and Mrs. Younge were married on Wednesday, September 7th, and came to Trent River for their honeymoon.

Hastings

Mr. and Mrs. Sid Spooner, and daughter, Betty, have motored to Toronto to spend a few days.

Mr. and Mrs. J. A. Brown spent Tuesday in Cobourg.

Services in the Presbyterian Church next Sunday at 11 will be taken by Mr. Dutton of Peterborough.

Mr. Peter Gillespie of Keene was a visitor in town on Tuesday.

Mr. Fred Richardson of Toronto has returned after spending two weeks' vacation here.

Mrs. Richard Walsh is in St. Joseph's Hospital, in Peterborough.

HAVELOCK JOBLESS RAILROADERS DISCUSS TREK TO SEE PREMIER

Want Union Men to Split Up Work—Take Reduced Mileage.

TORONTO MEN ATTEND.

HAVELOCK, September 15 (Examiner Correspondence). — A meeting of unemployed railwaymen was held in the Council Chamber on Monday evening, when speakers in sympathy with the movement were present from Toronto to talk over the proposed delegation to Premier Bennett, when representatives from the unemployed will ask for legislation to regulate the railway mileage of the various employees in the train service departments.

The Brotherhoods of Railway Trainmen, Order of Railway Conductors and Engineers and Firemen have schedules which they have for many years labored to secure whereby they are allowed to earn a decent living wage under proper working conditions. Some of the men have "hogged" the work to a certain degree, but the majority of them have been content with fair pay in keeping with the work done. It is the purpose of the unemployed to have all the men reduced to 2,600 miles maximum pay, despite the agreement with the company which provides for a minimum of 3,000 miles for mixed trains, 2,800 miles in through freight service.

This effort on the part of a few of the radicals to break the agreement of the company with the men, has incurred the wrath of the union men, who know how long they have had to work for what they have. They say that the unemployed man who is agitating for this breach is cutting off his own head, as he is playing directly into the hands of the company and will not help out the unemployment situation to any extent. One of the leaders stated that he would be satisfied with fifty per month, and this quickly drew forth the retort from one who knows: "You could not pay your way on two hundred per month; how do you figure you are going to do so on fifty. You liked your mileage as much as any of the rest of us." He is said to be one of those who hogged the work when he got the chance. And now he thinks the men who are working are taking the bread out of his mouth, and that everybody should reduce their mileage to give him a break.

Work in Harmony.

Mr. S. S. Joyce was the first speaker, and he stated that he thought the men should get together and work in harmony. There is no use antagonizing the unions, as they will only defeat their own ends. He believed if the men were approached in the proper way they would try to help and voluntarily adjust their work to give as many as possible a little work to help out.

Mr. W. T. Evans, Toronto, stated that Mr. Joyce was misinformed. He stated that it was not the officials who were cutting down, but the men themselves, who were hogging the work among themselves.

Mr. Du Maresque a leader of the movement in Toronto stated that the engine men in Toronto had been approached asking that something be done to divide the work a little more evenly and more men be given work, but no steps had been taken in the matter. He stated that it was not the purpose of the men to ask legislation that would in any way interfere with the men if times picked up, but that the government was going to be asked to try to have the engineers take cognisance of the distress among unemployed railwaymen and regulate their mileage among themselves. This was their purpose in forming the organization. In a letter Mr. Grant Hall, vice president of the C.P.R. stated that if the men's mileage were reduced they would soon ask for a raise to have their wages the same as before the cut.

T. P. Lancaster

Mr. T. P. Lancaster, M.L.A., was present and stated that he had said all he thought the night of the first meeting. He had been criticized for having anything to do with the matter, but he believed it was his duty as a member of the provincial house to look after any families who were in need. He could not imagine what would happen to a number of the men if work was not found for them. Many of them who are married do not know anything but railroading. He suggested that the men approach the brotherhoods and put it up to them and he felt sure they would see light with them.

Ernest Seeney, a member of the village council stated that he was entirely in sympathy with the movement, and hoped the men would get what they were going after.

Mr. Robert Crawford also stated that he was in sympathy with the unemployed men, but had nothing further to say.

Mr. Du Maresque stated that there would be a meeting with the C.N.R. men on Wednesday night, and with Mr. Weldon of Windsor on Thursday night. The meeting arranged with the government officials will probably be sometime around the 22nd of September.

Studies Fatigue On Passengers During Transatlantic Flight

Zooming over the Atlantic's ill-fated "southern route" after a take-off from Floyd Bennett Airport on September 13, is the most unusual party yet to attempt an ocean flight. In addition to an experienced pilot flying a machine in which Herndon and Pangborn flew around the world are Dr. L. Pisculli, Yonkers physician who hopes to study the effects of fatigue on ocean fliers, and Miss Edna Newcomer, a nurse who has been both stage attraction and parachuter. Known in her theatrical days as "the girl with the million dollar legs," Miss Newcomer intends to leap from the machine at Florence, Italy, in honor of Florence Nightingale, pioneer army nurse. "Tail Wind," a fully grown woodchuck, is another valuable passenger. If "Tail Wind" gets sleepier than usual, Dr. Pisculli will suspect lurking carbon-monoxide gas, long feared as the cause of so many Atlantic flight disappearances.

IRISH, TEUTON WARRIORS SOON TO SQUARE OFF

Schmeling Will Enter Ring 2 To 1 Favorite, With 20-Pound Edge in Weight.

WALKER'S BIG CHANCE

Victory For Jersey Battler Would Mean Opportunity of Meeting Sharkey.

NEW YORK. — The small-matter of a large left hook may mean the difference September 19th between a future for Mickey Walker as a full-fledged heavyweight title challenger or a lot more weary touring in the hinterlands, working out the string of a great fighting career.

Max Schmelling, freshly stripped of his championship robes by Jack Sharkey, should enter the ring that night at least two to one over the little bulldog who has upheld in such sparkling fashion the creed of the fighting Irish over a stretch of some fifteen years.

The young Teuton will have every thing in his favor—years of youth, as much power as any heavyweight since Jack Dempsey, courage, stamina and a weighty sock. He will outweigh Walker almost twenty pounds. He has come to be recognized as an extraordinary fighter if not a great one.

Max Loses Caste.

But the wise old ringworms, coming first from the fog of hysteria that surrounded Schmelling after he knocked Johnny Risko out, battered Paulino Uzcudun, stopped Willie Stribling and then dropped a close one, along with his title, to Sharkey, can find flaws in his armament.

The veterans believe now that Schmelling is only a plugging fighter incapable of any great heights, fighting stolidly, steadily, without inspiration. They cannot forget the last five rounds of his last battle with Sharkey, when the Boston gob, with but one working eye left, tired to the point of exhaustion, ready to go, still was able to outspear the German and hold on to win.

Wasted Big Chance.

They argue that a real champion with his title at stake, strong as when he entered the ring ten rounds earlier, unmarked, would have swept to title heights in those last five rounds, discarded his plodding, forward marching that got him nowhere, and annihilated Sharkey with the venom of his attack.

Among the ringworms they consider him one of the most dangerous men in fight history once he has been hurt, even knocked down, and summary defeat hangs over him.

For his 170 pounds he is a corking puncher. He is far and away the better boxes. And he carried with his bulldog courage all the experience of a champion in two divisions, veteran of a hundred stirring victory rallies.

Mickey is a venomous body puncher, and there seems some question whether Schmelling can stand up under a body attack.

Good Gamble.

So the boys who like their long shots, and reason as well as gamble, consider Walker an amazing opportunity. He has everything to win and nothing to lose.

He will get to banging those left hooks into Schmelling's body. Then the smart ones believe Max will begin to wonder why he ever jeopardized a return match with Sharkey by tackling Jersey's happy warrior, one of the gamest, most spectacular fighters in the history of the ring.

MOTHER, DAD AND THE LAD

Find Special Interest in Grafton & Co's Outstanding Exhibit of Clothing.

AT THE EXHIBITION IN MFRS' BUILDING

Men's and boys' high-grade clothing from maker-to-wearer is the keynote of the Grafton & Co.'s exhibit at the Exhibition again this year. As usual it affords them an opportunity of meeting a large number of their friends from Peterborough and the surrounding districts who practically purchase entirely their men and boys apparel year in and year out at Grafton's. Attractively displayed are the latest designed suits, overcoats and topcoats of quality cloths, carefully made and their prices are the lowest in years. While style is stressed for the young man, conservative models for the middle aged or older man get equal attention. All are invited to visit Grafton's Exhibit in the Manufacturer's Building where courteous attendants will gladly explain the showing to Mother, Dad and the lads.

BOLT RAZES BARN

WOODSTOCK.— Charred ruins were all that remained to-day of F. Watson's barn in Bradford township.

The barn was struck by lightning in last nights storm and burned to the ground. Implements and the season's crops were destroyed. Livestock was all saved.

Glasgow is arresting Communists.

VICTOR

Bi-acoustic Radio

Listeners throughout the country are amazed by its startling improvement in

TONE

—richer by two full octaves of music— music that no previous radio ever reproduced!

EVERYWHERE, from coast to coast, it has won the praise of musicians—music lovers—radio fans! Opened the eyes of thousands who thought that radio had reached its peak of perfection!

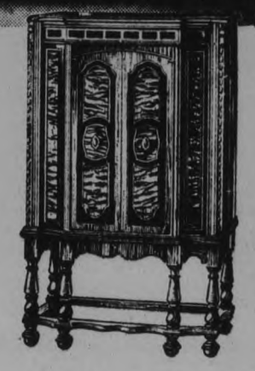
Victor Bi-acoustic Radio actually gets two more octaves of music than ordinary radios. Catches the feeling of the artist as well as the song! Puts a completely new thrill into orchestral pieces—dance bands—vocal programs—mystery dramas—sport broadcasts!

Victor Bi-acoustic Radio is a *completely new* circuit with eight great advances. *"B" amplification* doubles the power without distortion at any volume. *Extended musical range* reproduces all instruments from lowest to highest tones. *Automatic tone compensators* take out "tinniness." *Tone equalizers* remove cabinet "boom."

Dual automatic volume control counteracts fading and ends between-station noises. *Ten new-type tubes* make possible more power, greater fidelity, smoother performance. *New dynamic speaker* handles all frequencies at all volumes. *New cabinets* are acoustically-tuned for finer, truer tone.

All these *extra* features give *twice* the power, *twice* the range, *twice* the tone quality to the most advanced basic circuit known—the famous Victor Super-Heterodyne.

Hear it. Judge it for yourself. Spend only five minutes in front of the new Victor Bi-acoustic Radio and realize how really wonderful radio can be. Victor dealers are now showing the 10-tube model illustrated at only $149.00 complete. Easy terms.



VICTOR *Bi-acoustic* RADIO, Model R-56, *complete with 10 tubes* $149.00

Other Victor models range in price from $69.50 up

8 Great Advances

RICHARD HALL Limited

HAVELOCK COUNCIL MEET RAILWAYMEN

Members Decide Not to Interfere in Plans for Solution of Depression.

HAVELOCK, Sept. 15 (Examiner Correspondence).—What promised to be one of the quietest council meetings on record was livened up by the presence of a delegation from the Unemployed Railwaymen's Association on Monday evening in the council chamber.

At one juncture it looked as if the meeting was for the unemployed men to discuss their grievance, and plans for settling the depression. Some of the bright ones had it all cooked up and are going down to tell Mr. R. B. Bennett how to solve the unemployment situation by cutting a locomotive engineer's mileage to a mixmum of 2,600 miles per month and other trainmen in proportion.

Councillor Howe, a railway pensioner, could not see that the council had any right to interfere in the matter. Spencer moved and Gordon seconded a motion, "That this council take no action in the request of the delegation." Motion carried, all in favor. The use of the hall by the association will be paid for at the usual rate. On motion by Seeney and Gordon they will be given use of the council chamber for a meeting on Tuesday, Sept. 3.

A letter from the Department of Labor outlined the relief program for the coming season. This was dealt with later on in camera. A letter from the Municipal Assessment Board asked for figures for assessment. The clerk had already forwarded these. A letter from the Chamber of Commerce at Kingston in connection with an international bridge across the St. Lawrence at a point near Kingston was laid over until the next meeting.

Bruce Longmuir waited on the council in connection with the changing of the light near the west-end crossing. The light is on the south side and would be more beneficial if it were on the north side. The council as a whole will investigate and make any necessary changes.

On motion of Seeney and Spencer the drain on the east side of Quebec street at the south end will be completed when the Highways Department has built their catch basin. On motion of Seeney and Gordon, Constable C. F. Roberts will purchase a winter overcoat and waterproof cap cover from G. W. Childs. A cheque for $9.60 will be mailed to Nobes and Prentice for the use of their lot at the west end for storing tile. On motion of Seeney and Spencer the council authorized the opening of an account in the Bank of Toronto, Havelock Branch, by the next tax collector, C. F. Roberts. A copy of the resolution will be forwarded to the manager. The council then adjourned to meet Oct. 3 or at the call of the chair.

James Bryant Scriver Celebrates Birthday

HASTINGS, Sept. 15 (Examiner Correspondence).— James Bryant Scriver, Sr., celebrated his eighty-third birthday on Thursday of last week. Mr. Scriver is believed to be the oldest resident of Hastings. Born at Trent River in 1849 a son of the late Mr. and Mrs. Roland Scriver, he came with his parents, when just a baby to reside on the farm now owned by Mr. John Nconan on the gravel road, two miles south of Hastings. He carried on farming for a great many years around Hastings before moving to his present home over thirty years on the Norwood road just on the edge of the village. When speaking to The Examiner Mr. Scriver recalled many of the banner days when Hastings was a much busier village than it is today, also of the methods that were used to transport their products to the markets.

Mr. Scriver was married to Mary Jane Tyler by Rev. Mr. Byam at Trent River on October 27th, 1874. To this union were born nine children, six still living, namely Sherman, David, Lewis and William, all of Hastings; Mrs. James Franks and Mrs. R. Thompson of Toronto. They have also sixteen grandchildren and eight great grandchildren.

At the present time Hastings' pioneer citizen is not enjoying the best of health, but the great army of friends he has made during his long life all wish him a speedy and complete recovery.

Mr. Scriver has been retired for the past eighteen years, his last job being on the construction of the new tannery.

Havelock

Mrs. E. R. Doxsee of Regina, formerly of Belleville spent two weeks recently as guest of her sister, Mrs. (Rev.) M. E. Wilson. Mrs. Doxsee came east to attend the wedding of her son, Mr. Francis A. C. Doxsee who was married in London, Ontario last month. She left last week to visit friends at Belleville and Montreal before returning to her home at Regina.

Local friends of Mrs. James Anderson who was injured when she fell down the back stairs of her home, will regret to hear that she is not responding to medical treatment, and grave fears are entertained for her recovery.

A number of young people from Havelock attended the corn and weiner roast held at the shore of Mr. Christy Steenburg's farm home in Belmont on Thursday evening.

Nova Scotia's apple crop for 1932 is unofficially estimated at 1,000,000 barrels.

THOMAS NEWMAN IS CHOSEN COLLECTOR

Omemee Town Council Approves of Regular Accounts —Hydro Meeting.

OMEMEE, Sept. 15 (Examiner Correspondence)—At the meeting of the Town Council held in the council chambers Wednesday night the following accounts were ordered to be paid: D. Deyell, meat for a family $1.15; street lights for August, $77; lights in Coronation Hall, $3.42; lights in Fire Hall, $2; R. Bradley, meal tickets, $25.17; W. Burgomaster, 12 hours work on street, $2.40; W. Burgomaster, police to date, $17.50; E. Lloyd for cleaning streets, $1.

Moved by Burgess seconded by Moncrief that the clerk order one length galvanized culvert from Best Potts, Toronto for Alma street.

Moved by Moncrief seconded by Parker that the list of old aged pensioners be approved and communication from Kingston chamber of commerce be fyled.

By-law 576 appointing Thomas Newman tax collector for 1932 at the salary of 50 had its several readings, was passed by the council, signed by the reeve and clerk and sealed.

By-law 577 authorizing the levying of 38 mills on the dollar for municipal, educational county and county road purposes for the year 1932 was passed by the council, signed and sealed.

The council adjourned to meet the first Monday in October at 7.30 o'clock.

Commission Meeting

All the members of the Omemee Hydro Commission were present at the council chambers Wednesday evening for their regular monthly meeting.

T. C. Ivory, chairman, presided. A number of accounts were passed and the ordinary routine business was transacted. The meeting was brought to a close at 7.30 to make way for the council meeting.

Bridgenorth

Mr. and Mrs. Margaret Fowler and daughter Doris spent Sunday visiting Mr. and Mrs. Jack White, Omemee.

Mr. A. Young and Miss Frankish of Lakefield spent Sunday at the home of Mr. W. Paul Smith.

Mr. and Mrs. Evans Storey of Emily visited at the home of Mr. and Mrs. J. G. Mann recently.

Mr. and Mrs. A. B. Mann attended the fair at Orillia. Mr. Mann judged the horses.

Messrs. Harry and James Nichols of Smith are staying with their uncle, Mr. Jim Simpson of Lakefield, the boys are attending school.

Mrs. Hamblin, Sr., her two daughters and son of Warsaw were recent guests at the home of Mr. and Mrs. Kidd of Smith.

Mr. and Mrs. Wilbert Franks have returned to the city after spending the summer at Long Point, Chemong Lake.

Mrs. Lewis Fowler and sons Melville spent Sunday visiting friends in Omemee.

Mr. Lewis of Toronto representative of the Dominion Alliance occupied the pulpit of Gilmour Memorial Church on Sunday. He also spoke at Warsaw and Lakefield churches.

Miss Lilian Edmison, R.N., of Cobalt is spending her holidays at the home of her father, Mr. Percy Edmison, Smith.

The annual meeting of the Ladies' Mission Circle of Gilmour Memorial Church was held at the home of Mrs. E. Archer on Tuesday afternoon. There was a large number present. Mrs. T. H. Graham read the scripture lesson. Splendid papers were given on Dr. Grenfel's life and work. Those taking part were Mrs. A. B. Mann, Mrs. Hammond, Mrs. H. Archer and Mrs. A. I. Edmison. A social hour was enjoyed by all at the close of the meeting.

Cordova Mines

A delightful corn roast was held in the grove on the village outskirts on Friday evening last, under the capable management of Mr. Murray Barrons, the occasion being in honor of Mr. Donald Buchanan the new teacher of S.S. number 12 a gesture on the part of the young people to make Mr. Buchanan feel at home in his new surroundings. About fifty were present and enjoyed the evening's entertainment.

Mr. and Mrs. Clinton Ellis and small son, of Pontiac, Michigan were recent visitors with the former's parents, Mr. and Mrs. Martin Ellis.

Miss Beatrice Bowen is visiting her sisters Nellie and Margaret and other friends at Campbellford.

Mr. and Mrs. Ross Barrons and family, and Miss Berniece Kelsh motored to Oshawa and spent the week-end with Mrs. Barrons' parents, Mr. and Mrs. W. L. Wannamaker. Mr. Barrons returned home Sunday evening, but Mrs. Barrons and family are remaining for a week in Oshawa.

Messrs. Alphonse Madden and W. J. Gallaher of Peterborough spent Sunday with friends here.

Mr. and Mrs. Charles Weese and family of Wellington visited local friends over the week-end.

Mr. and Mrs. C. B. Holland and their niece, Miss Thirza Wilson of Toronto were Sunday visitors with Cordova friends.

Mr. and Mrs. Robert Harper and son Bob of Toronto spent Sunday with Mr. and Mrs. T. Fitzpatrick and family.

Mr. Jack Fitzpatrick and Mr. John Pressick were Monday visitors with friends at Marmora.

The Blood Indian Reserve, near LeLthbridge, Alberta, has an area of 520 square miles, and is the largest in Canada.

Bethany

Miss Addie Sommerville of Peterborough, left for her home on Saturday after a pleasant visit with her nephew Mr. Harold Bigelow, Wilson street.

Mr. and Mrs. R. Palmer and family visited friends at Little Britain on Sunday.

Mr. Harvard McMullen of the Bank of Commerce at Sunderland, spent the week-end with his uncle, Mr. Charles McMullen, Front street.

Miss Elizabeth Reynolds of Glengarry Road, had the misfortune to fall on Friday morning, causing her much pain, although no bones were broken, having received a severe shock.

Mr. Victor McCartney, accompanied by his mother, Mrs. William McCartney, Miss May O'Brien and Mrs Sid Armstrong were visitors to the Canadian National Exhibition at Toronto on Friday.

Mrs. Alva Thorndyke has been confined to her home through illness,

Owing to severe illness at his home, Canon Sawyer of Toronto, was unable to officiate at the harvest festival services at St. Paul's Church on Sunday evening. Rev. Mr Holden, the rector, took the service, and based his remarks from the words "Seed Time and Harvest shall not Fail."

C.D.S. Made-in-Peterborough DAYS

FOR FRIDAY AND SATURDAY we are staging an event which we hope will be a memorable one. Not only have we collected an outstanding assemblage of Made-in Peterborough goods, but we have made special buys and special arrangements, so that everyone in Peterborough may share in money savings in goods they want and at the same time do their share to help in the big movement to relieve unemployed in our city.
The C.D.S. is part of Peterborough, and the more Peterborough succeeds the more the C.D.S. succeeds. We want to do all in our power to boost everything that helps our community, and the special offers we have ready for you on Made-in-Peterborough Days, is our way of helping you to help Peterborough, and in that way help ourselves. See the Special Window Displays. You will also profit by reading carefully the list of STORE-WIDE FRIDAY BARGAINS below. Shop early on Friday.

See the Windows!

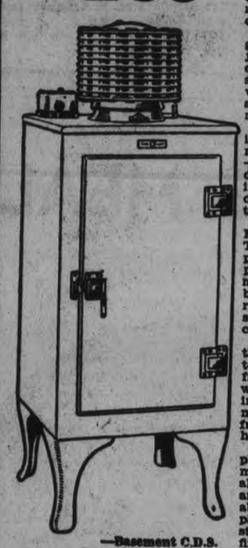
Canadian General Electric
REFRIGERATORS
MODEL 844 AS ILLUSTRATED
$235



1—There is no wood in the durable all-steel cabinet of the General Electric Refrigerator Thick, air-tight doors and unusually efficient insulation keep cold in—lock heat out. The vitreous porcelain interior resists the damaging effects of fruit acids.
2—New sliding shelves that glide easily—rust-proof and adjustable — are an exclusive General Electric development for all-steel models. Pulling shelves forward makes rear shelf space instantly accessible for placing and removal of foods.
3—The porcelain super-freezer is sanitary—easy to clean. Every necessary zone of cold is provided —for quick freezing of ice cubes, desserts, etc — an even dry cabinet temperature always below 50 degrees for proper food preservation.
4—Hermetically sealed like a Mazda lamp, the quiet Monitor Top contains all mechanism—permanently oiled — completely protected against air, dirt, and moisture. Placed on top where it belongs. Heat is withdrawn as it rises—enabling the use of a smaller motor — consuming less current.
5—Within easy reach on top of the cabinet, the General Electric temperature control gives faster freezing of ice cubes and desserts when desired. When guests drop in unexpectedly a dainty delicacy may be slipped into the super freezer—and a touch of the hand hastens the freezing.
6—Beautiful new chromium-plated hardware enhances the modern lines of General Electric all-steel cabinets. Designed primarily for sturdiness and serviceability, this hardware is in complete harmony with the ageless steel cabinet. Doors have new finger-tip latches.

FALL MEET OF PETERBOROUGH PRESBYTERY HELD IN PORT HOPE

Rev. Hanley Palmer's Induction is Feature of Evening Session—Fine Addresses.

REV.G. DUNCAN NEW CLERK

NORWOOD, Sept. 15 (Examiner Correspondence)—The Peterborough Presbytery of the Presbyterian Church in Canada met for the fall meeting Tuesday, September 13 in St. Paul's Church, Port Hope. Three sessions were held presided over by the moderator, Rev. A. C. Reeves of Norwood.

Rev. Gordon Duncan of Warkworth was appointed clerk of the Presbytery succeeding the late Rev. Dr. Thomson of Hastings, who held the office for thirty-two years. Mr. Duncan was appointed interim moderator of St. Andrew's Presbyterian Church, Hastings. It was reported that there were three candidates for the ministry within the bounds of the Presbytery. It was decided to revive the old custom of an annual Presbyterial visitation, accordingly every congregation large and small will be visited sometime this fall by a delegation of two which will be to inquire into the work, especially as carried on by the minister, the elders and the managers. A matter of great regret was the resignation of the Rev. F. C. Harper of the pastoral charge at Cobourg. Mr. Harper has given almost five years of valuable services to the church in Cobourg and to the Presbytery.

Rev. C. G. Graham of Colborne was appointed interim moderator of Cobourg.

Induction Service

The evening session was given over to the induction of Rev. Hanely Palmer, D.D., formerly of Hamilton, into St. Paul's Church, Port Hope. Rev. A. C. Reeve presided.

The Rev. L. Belton of Havelock conducted public worship and preached the sermon. Rev. F. C. Harper, moderator, told of the steps leading up to the calling of Dr. Palmer in succession to the Rev. R. Bertram Nelles who had accepted a call to Madoc.

After induction the new minister was addressed by the Rev. Dr. Barr, and the Rev. Mr. Duncan addressed the congregation.

In addition to the above a great deal of routine business was transacted by the Presbytery. The next regular meeting will be held in St. Paul's Church, Peterborough on the second Tuesday in December at 9 o'clock.

Roseneath

Next Sunday, Rev. R. N. Paton has arranged to hold Communion service at 2.30 o'clock in the afternoon, when Rev. Thomas McNaught, Mrs. McNaught and their family of four sons, of Balderson, will be honored guests for the afternoon. Rev. Mr. McNaught will be the special speaker at the 50th Jubilee service at Bethesda on Sunday next and was also the evening speaker when Roseneath United Church celebrated their 50th anniversary. It will also be the farewell service for Rev. Mr. Paton, until early Spring, as he is leaving for Toronto to attend the Emmanuel College for the Winter term.

The official board meeting of the United Church will be held in Roseneath at 8 o'clock p.m., Monday, Sept. 19.

The Harvest Thanksgiving Service will be held at St. James' Church at 2.30 p.m., Sunday next, Sept. 18, with Rural Dean Bousfield of St. Luke's Anglican Church, Peterborough, as special preacher for the occasion.

Miss Evelyn Turner returned to Toronto after spending her vacation with her mother, Mrs Lily Turner.

Mrs. Clarence Lockhart and little son, Honey, returned home on Sunday, after a visit with relatives at Warkworth.

Mr. Albert Tucker was home from Belleville for over the week-end.

Mr. William Cross, Mr. and Mrs. Ewart Cross, Mr. and Mrs. George Cross of Toronto have been visitors in the neighborhood and guests with Mr. and Mrs. Alfred Sherwin.

Mrs. J. Braithwaite and Mrs. F. Nichol have returned after a pleasant visit with friends at Strathroy, Buffalo and other points.

Mr. and Mrs. Jack Parker and family of Norwood, Mrs. Thomas Parker, Dorothy and Arthur Parker of Hastings were recent visitors with Mr. and Mrs. Gordon Parker and family.

We are pleased to report that Miss Emma Mattress and Mrs. G. T. Linton are slowly improving from their recent serious illness; also Mrs. J. A. Nichol, who is again able to be out among her friends.

Mr. Charles Nicol and daughter, Marion of Rochester, N.Y., have been visitors with Mrs. J. Braithwaite and Mr. and Mrs. Arthur Braithwaite.

Mr. and Mrs. Robert Girven of Norwood were recent visitors with Mr. and Mrs. Percy Parker.

SOCIETY HOLDS WEINER ROAST

Enjoyable Social Event Held by Members of Hastings Dramatic Society.

AUXILIARY MEETING

HASTINGS, September 15. — Ideal Autumn weather, a beautiful moonlight night, good surroundings at the water's edge, on the farm of Mr. Fred Lynch, all helped towards making a most delightful time for the members of the Hastings' Dramatic Society.

Over 50 members took advantage of the good time offered by the committee and enjoyed to the full the games and amusements of the evening.

The occasion which was in the form of a weiner roast, is an annual affair. The weiners were cooked over a camp fire, and were served with rolls, cake and pie.

St. George's Woman's Auxiliary.

The Woman's Auxiliary of St. George's Anglican Church, held their first meeting for the autumn season at the rectory, the home of the President, Mrs. H. F. Battersby.

The opening and devotional exercises were taken by the president, followed by Scripture reading.

Reports were given by the treasurer and secretary.

Correspondence was read by the secretary. A letter from Mrs. Hughes (the deanery officer), announced the deanery meeting which will be held in St. George's church, Peterborough, Wednesday, September 28.

A letter from Mrs. Birch of the Editorial Committee, regarding Christmas cards, which sell at 3 for 10c, was read.

Discussion was given towards giving contributions to the memorial in memory of the late Mrs. Willoughby Cummings, and the late Mrs. Reeves. This was left over until after the Deanery meeting.

One new member was added to the roll.

The rest of the meeting consisted in discussion of materials for the annual bazaar.

Nine members were present.

Dainty refreshments were served, and the meeting adjourned.

FLEETWOOD.

The September meeting of the Fleetwood Women's Association was held at the home of Mrs. James Neals, Lifford Line, on Wednesday afternoon, with a large attendance of members and a few visitors. The president, Mrs. Tisdale, and Mrs. A. Sutton contributed interesting readings to the program and Miss Ida Shea rendered a delightful piano solo. The secretary read a letter of thanks for fruit received during the illness of the treasurer, Mrs. Clare Staples. The major part of the business session was taken up with bazaar discussions. The date for the annual bazaar was set for September 28 and various committees were appointed to take charge of the work in connection with a roast chicken supper, sale of goods and a miscellaneous program. The next meeting is to be held at the home of Mrs. A. Finnie. It was decided that the ladies sponsor a booth at the annual School Fair, which is to be held on the school grounds on Monday, September 19, and that they serve light refreshments as well as candy and ice cream.

Hostesses for the meeting were Mrs. James Neals, Mrs. Gervin Mulligan and Mrs. Charles Staples, who served refreshments at the conclusion of the meeting.

FASHION SERVICE

Here's a charming day dress of sheer voile print, so enticingly cool for warm days.

It approves of a scarf neckline that says "put." It's so soft and pretty. The puffed sleeves play an interesting role this season. They lend much daintiness. And note the smart slimming cut of the skirt.

You can make it at a minimum outlay. And it's the most simple thing to put it together.

Tub silks, batiste prints, chiffon prints and sheer linen prints are chic ideas.

Style No. 2936 is designed for sizes 16, 18 years, 36, 38, 40 and 42 inches bust. Size 16 requires 3¼ yards of 39-inch material with ½ yard of 39-inch contrasting.

Be sure to fill in the size of the pattern.

Send stamps or coin (coin preferred.

Price of pattern 15 cents.

HASTINGS

Harvest Thanksgiving service will be held in St. George's church, Hastings on Sunday next, Sept. 18 at 11 a.m. and 7 p.m. The rector will preach at 11 a.m. and Rural Dean Bousfield of St. Luke's church, Peterborough at 7 p.m.

The Rev. H. Francis Battersby of Hastings, Mrs. Battersby and Miss Margueret were in Lindsay on Monday attending the funeral of Mrs. C. H. Marsh, wife of the rector of St. Paul's church.

HARVEST SERVICES HELD AT NORWOOD

Rev. Mr. Downing Delivers Splendid Addresses at Two Sessions.

(Examiner Correspondence.)

NORWOOD, September 15 —The annual harvest home services of the Norwood Baptist Church was held on Sunday, September 11. The church was beautifully decorated with products of the orchard, garden and field.

These were tastefully arranged, and intermixed with masses of flowers and foliage, suggesting in a very real way God's goodness and Nature's bountiful response to the needs of mankind.

The Rev. Mr. Downing at the morning service spoke on Gratitude. "Thanksgiving," he said, "is old fashioned. The Greeks and Romans at the harvest time worshipped the Goddess of Fertility, the American Indians gave thanks to the Great White Spirit, and the Hebrews held the feast of the harvest. We should at this time remember the Source of all good things—God's mercies, special deliverance, and redemption. We should believe in Thanksgiving, and use our lips and voices in praise, prayer and testimony for all God's goodness."

Mrs. Downing sang a solo "Jesus is a Friend of Mine," and the choir rendered an anthem "Oh, for a Thousand Tongues to Sing."

At the morning service, the minister's subject was "The Horn of Plenty," taken from II Samuel 22 chapter, in which he emphasized David's song of thanksgiving to God for His many blessings and mercies.

A solo "Nothing but Leaves" was given by Mr. Rutter, and the choir sang an anthem "Hallelujah for the Cross," thus concluding a very practical and impressive service.

Madoc

In the early hours of Monday morning, soon after three o'clock a fire alarm was sounded for Madoc's Volunteer Firemen. It was found that a barn belonging to Mr. David Moorcroft was almost completely destroyed by fire of some unknown origin. Efforts of the firemen with the chemical engine prevented the spread of the fire to surrounding residences.

Eddie Armstrong, son of Mr. and Mrs. J. K. Armstrong was operated on for appendicitis, at Belleville General Hospital, on Thursday last. Latest reports are that he is doing splendidly.

At the United Church parsonage, Madoc, on Sept. 3rd, 1932, the marriage was solemnized by Rev. G. W. Rivers, of Miss Helen Doris Bird, of Madoc, to Robert Nelson Sarles, of Madoc Township.

Mrs. Frank Phillips entertained her Sunday School class one day last week. A pleasant time was spent with games, and all enjoyed the dainty lunch at the close of the afternoon.

Trinity W.M.S. held their September meeting at the home of Mrs. George Huffman on Thursday last. After the usual devotional exercises, reports were received from the various committees, and the program was conducted by Mrs. Bailey. The Heralds of the Watchtower presented brief reports from the mission fields.

Arrested

Anna May Wong of New York was arrested at Vienna after she ran over and seriously injured a cyclist while driving an automobile without a license. The car was the property of her companion, Rudolph Trimbel.

That Body of Yours

By James W. Barton, M.D

NEW TREATMENT FOR VARICOSE ULCER

One of the distressing sights, familiar to physicians some years ago, was the large number of cases of varicose ulcer on the leg.

These patients had a very miserable time of it. After remaining in bed for a long period the ulcer would heal, only to break down again a short time after getting on their feet.

Some times an operation gave good results; at other times nothing but complete rest in bed was of any help.

I have spoken before of the excellent results obtained by the use of chloride of lime, (not the commercial kind used as a disinfectant), at St. Michael's Hospital, Toronto. In a series of cases where the chloride of lime, or calcium chloride as it is called, was given to make the blood coagulate more rapidly, those with old varicose ulcers found their ulcers healed or healing. Further use of the lime brought about a complete cure.

Recently what is called the rubber sponge treatment for varicose ulcers has been used in different parts of the world. Dr. L. Biancalana, Italy, reports very favorable results with this new treatment.

The ulcer is first cleaned thoroughly. A slight cauterization (burning or destroying the tissues) is done with a silver nitrate solution. A thin layer of zinc ointment is then applied and the ulcer is covered with gauze. The rubber sponge must be of good quality, rather hard, and must overlap the ulcer by almost an inch. The sponge is held in place by a bandage that has a number of layers of gauze with a semi-elastic band which is wrapped about the whole leg up to the knee.

"That patient with this bandage can continue to follow his occupation; in fact he should walk a great deal, to make the leg muscles work or contract, thus helping the circulation of the blood in the leg. The patient may feel some discomfort, which will disappear on walking about."

This certainly is a great advance over the old methods of treating varicose ulcers.

Dr. Biancalana points out that this treatment is not suitable when the veins are inflamed, or when the patient is confined to bed.

Thomasburg

The Women's Auxiliary met at the home of Miss Emma Porter on Friday evening with a fair attendance present.

Mr. and Mrs. Albert Porter and daughter Dorothy spent Friday and Saturday in Toronto and attended the Exhibition.

Miss Bessie Phillips is spending a week with her parents before going to Toronto to fill a position there.

Miss Audrey Holbert of Kingston spent the week-end with her parents here.

Mr. Ervin Bateman and daughter Evelyn are spending a few days in Toronto at the home of Dr. Russell Bateman. Miss Evelyn will have her tonsils removed before coming home.

Mrs. William Shaw who has spent the past two months in Belleville is at home now.

Rev. Daw of Pavenagh; Rev. Herrington and Mr. James Bateman of Thomasburg; Mr. Harry Foster of Bethel and Dr. H. E. Welsh of Roslin attended a banquet at Trenton on Monday evening.

Mr. and Mrs. Robert Fennell and Mrs. Mary Fennell of Norwood accompanied by Mr. and Mrs. Walter Harrison motored to Glen Ross on Sunday and visited Mr. and Mrs. Robt. Southworth.

Mr. and Mrs. Robert Coulson and Mr. Harold Shedock of Cherry Creek spent a week at the home of Mr. Thomas Coulson.

Miss Mabel Gunning of Lodgeroom returned home on Saturday after visiting Mrs. Murney Geen.

Mr. and Mrs. Damon McCamon accompanied by Mr. and Mrs. John Preston motored to Oshawa and visited at the home of Mrs. E. Kirley over the week-end.

Mrs. W. Harrison spent Monday afternoon with Mrs. G. Burleigh of Roslin.

Eskimos in Canada number 7,103 according to a careful compilation made in 1927.

MILLBROOK CROP GENERALLY GOOD

Fall Wheat Averages 30 Bushels, Oats Average, Hay and Potatoes Heavy.

MILLBROOK, Sept. 15 (Examiner Correspondence)—Crop returns for this immediate district presage a good harvest on the whole, fall wheat which has been threshed so far yielding from twenty-five to thirty-four bushels to the acre, with a probable average of thirty bushels. Spring wheat was not largely sown, and a comparatively poor yield is reported, running not over twelve bushels to the acre.

Barley has apparently not been a favorite in this section, judging by the comparatively small quantity sown, but promises around thirty-five bushels to the acre, while oats, which are a good crop this season, are yielding anywhere from thirty to fifty bushels to the acre. Some farms suffered from the hail storms and the oats were hardly worth harvesting, one load of 'hailed oats' being known to have returned but seven bushels. However the hail affected only a narrow strip, and all grain is a good sample.

Early Peas Poor

Peas have varied all the way from one bushel to the acre to twenty-two bushels; early peas are practically all reported very poor, because of the hot, dry time in June when they were in bloom. Not many fields of early peas would yield over ten bushels to the acre, and one field gave just one bushel —not even a return of seed. Late peas, however, run from twelve to more than twenty bushels.

Hay was a good crop this season, but a large part of the crop is reported spoiled by the wet harvest weather. Alfalfa has had two cuttings, making around four tons to the acre for the season. Red clover returned, generally speaking, two loads to the acre, and at the present time some fields have a great bloom promising seed providing frost does not come too soon.

Corn is an average crop, considerable quantity being laid flat in the recent heavy rain and wind storms; practically none has been cut yet except little patches for immediate use and not to be put in the silo.

Potatoes are a fine yield, the danger of rot being a rather present one. Mangels and turnips are also good but not much of either have been grown this year in this neighborhood.

Millbrook

Ronald Hutchison, manager of one of the Montreal branches of the Bank of Toronto, spent his two weeks' vacation with his parents, Mr. and Mrs. James Hutchison, visiting also other relatives and points during his holidays.

Miss Bertha Lang has been secured as teacher of the school at Selwyn for the current year.

Millbrook Continuation and Public Schools reopened for the Fall term on Thursday, September first, with no changes on either staff from that of last year, and with over sixty pupils enrolled for High School work, a specially large third form being a feature this year. Public school classes are well filled as usual, with a number of new pupils particularly little tots just starting their school career in the primary room, Miss Montgomery teacher. The Continuation School enrollment has also been increased considerably since the opening days, and others are still to be added to the list. The school was thoroughly cleaned, and necessary renovation completed during the holiday weeks.

Ex-Warden W. T. Wood is on his usual trip to the West this season, looking after property round Souris and other points.

Miss C. Morris, Reg.N., of Montreal, was the guest of Miss Gwen Hutchison for a few days last week.

St. Thomas' Anglican Sunday School reverted last Sunday, September 11, to holding its session at 2.30 p.m. for the Fall and Winter months, instead of at 9.30 a.m., and the time of meeting during the summer. Both Grace Presbyterian and St. Andrew's United Sunday Schools are preparing special programs for Rally Sunday, September 25. The Sunday School of the Centreville Presbyterian church will meet with Grace school here for this special occasion at 2.30 in the afternoon. Next Sunday, September 18, there will be a reception service, and the sacrament of the Lord's Supper at morning worship in St. Andrew's Church, the hour being eleven o'clock.

Mr. and Mrs. Offa Williamson are enjoying a delightful motor trip to Owen Sound, Barrie, Wasaga Beach, Midland, and other northern portions, leaving last week-end and expecting to return within a week or ten days.

Lloyd Byam and John Krieger are enjoying their annual camping holiday at Deyell's Landing, Ottawa River, this week.

Mrs. Nichols, of Bridgenorth, and Mr. and Mrs. Judd of Nestleton, were guests of Mrs. Alex Wilson and Mr. McBrian on Sunday, intending to motor to Toronto that evening, and spend a holiday in that city.

Misses Francis Jones and Jean Burnham entertained their Sunday School classes at a weiner roast on Saturday afternoon, a ball game at the agricultural park featuring the opening hour of the happy gathering. Adjournment was later made to the shores of the stream south of the grounds, where a bonfire was built and the 'roast' proceeded with, healthy appetites leading to a thorough enjoyment of the menu which included, besides the weiners pie and pop.

Afterwards more baseball was played, until the gathering dark compelled bringing the pleasant outing to its conclusion. Those present, in addition to the two teachers, were: Muriel Clarke, Prudie Davis, Marjorie McDowell Kathleen Smith, Esther Might, Marie Douglas, Gordon Jones, Jack Arundel, Robert Theobald, Gordon Widdis, Philip Sanders, Lloyd McMahon and Gordon Might.

R. J. McKnight judged heavy horses at the Orillia fair on Saturday.

Visitors to the Canadian National Exhibition from this vicinity included Mrs. J. McKnight and her mother, Mrs. G. Locke; Mrs. F. J. Smith, and daughter, Bernice; J. A. Vance; J. N. McGill; Mr. and Mrs. S. E. Eakins and daughter, Mary; Mr. and Mrs. Thomas Douglas and two daughters, Marie and Hope, and several others.

Miss Olive Elson has returned to Belleville and resumed her position as teacher in one of the public schools of that city.

Mrs. P. Stinson was called to Ham County, was high girl in the open class of the girls' judging competition at the C.N.E. this year and Pauline Ferguson, of Blackstock, fourth. In the Nutrition class Laura Webster, of Warsaw, Peterborough county, held third place with 183 points. Miss Edyth Hopkins, field secretary, was in charge of the coaching classes where the girls were trained.

Mrs. P. Stinson was called to Powassan at the week-end on receiving the sad news of the death of her sister-in-law, Mrs. John Hammond. Mrs. Hammond is survived by her husband and by eight children.

Trent River

While Mr. and Mrs. Herbert Endress of Toronto (guests at "Cook Cottage, Maple Inn") were fishing Friday with Mr. James Cook as guide they were successful in landing seven black bass, the largest one tipped the scales 5 pounds and measured 22 inches in length and 14 inches girth.

Canada's area is 3,690,043 square miles, or more than 27 per cent of the total area of the British Empire.

SIMPSON'S LOCAL OFFICE DRESS SALE

A Variety of Fall and Winter Styles

150 to go at $1.89

In the Season's Popular Materials

All-Wool Jerseys!
Novelty Cotton Knits!
Flecked Cotton Tweeds!

THERE'S nothing a woman appreciates more than a generous price saving on a Fall wardrobe. She will be more than thrilled when she sees the marvellous bargains these Frocks represent, especially now when cool days are beginning to set in. They are all very youthful looking and beautifully tailored. Suitable for all daytime wear. The materials are good looking, practical and in attractive shades.

Illustrated are but three of the many lovely styles that we have selected for you. Of course, there are only a limited few in each style, so come and make your choice early. There are trig looking, two-piece Frocks with charming little collars and cuffs, belted and button trimmed; there are slender line Frocks in two-tone harmonizing shades, intricately cut and sporting ornamental trimming, and many others that we can't begin to describe. This is an opportunity that won't be equalled in a long time.

Junior Misses' Sizes...13 to 19

NEIGHBORLY NOTES

Please phone items to 1600 or 1601

Mrs. Ken Graham of Monaghan Road entertained on Tuesday evening at a kitchen shower given in honor of Miss Margery Lawrence, whose wedding to Mr. Rick Roberts takes place next Monday.

* * *

Mr. Al Harper of 583 George Street celebrated a birthday yesterday.

* * *

Mr. and Mrs. D. H. Charlton have returned to Lakefield from Stoney Lake.

* * *

The Misses Violet and Isobel Davidson, Antrim Street, are absent on a motor trip to Philadelphia, Pa., and Akron, Ohio.

* * *

Mrs. Lloyd Smith motored from Niagara Falls during the week to visit friends in the city.

* * *

Mr. A. Simpson of Wingham, a visitor yesterday to the Exhibition, became ill while looking over the stock exhibits and was removed to the tent maintained by the local division of St. John's Ambulance Brigade.

* * *

Miss May Needham of Millbrook, well-known in the city, acted as judge for the Ontario Department, in the Women's section of the show at the Fall Fair, yesterday.

* * *

Mrs. Howard Fallis will speak at Exeter to-night at a meeting at which the Hon. Dr. R. J. Manion will open the Government campaign in the South Huron by-election. Mrs. Fallis will spend a week in the riding, speaking at a series of meetings.

* * *

Mr. Ray Miller of Niagara Falls was a recent visitor with friends in the city.

* * *

Mr. William Tate of 42 Ware Street has a birthday anniversary to-day.

* * *

In the absence from the city of Miss Cameron Edwards, who, with Miss Mamie L. McCarthy, was asked to judge the Art work at the Exhibition, Mrs. T. Cruikshank, Park Street, acted in her place.

* * *

Mrs. W. Hennessey and Mr. V. Hennessey of Toronto have returned home after spending a week with Mr. and Mrs. Maurice Toomey in Ennismore.

* * *

Mr. Jack Heffernan has returned to Chatham after spending his vacation with his parents in the city.

* * *

The many friends of Dr. A. H. Allen will be glad to know that he has recovered sufficiently after his recent operation in Nicholls Hospital, to resume his office duties.

* * *

Miss June Myers and Miss Marie Webb of 326 Water Street have returned from a vacation spent in Toronto and New York, where they visited friends during the past week.

* * *

Mrs. J. Heffernan entertained her associate members of the Alpha Mission Circle of St. Andrew's United Church, at her summer cottage on Pigeon Lake, in their first meeting for the fall season. After a sumptuous supper, the members gathered around the fire to make plans for fall activities. A short, informal program was presented by a number of the members, and a Chinese girl's diary was read by Mrs. C. V. McLean.

* * *

The final Y.W.C.A. Outdoor Club camp-fire supper of the season, held last Tuesday, proved a jolly event. Appetizing smells of coffee and roasted corn hovered around the camp fire. Laughter and songs arose from the "Burston" farm shore. Fortunes were told to the delight of the girls. Tales of camp were exchanged and wishes expressed that there be a week-end trip to Eagle Mount some time this month or early next month. The coming fall gymnasium classes and "Y" program were discussed and evidently the Peterborough girls are eagerly awaiting the opening of the classes which will be October first, with the senior rally Friday, September 30, and junior rally Saturday, October first. Girls were reminded of the swimming meet Friday evening at the pool. Thanks were expressed by the club to Miss Queenie Hope, Miss M. Jory and Mr. J. K. Hughes for the loan of cars.

For College Girl

This frock of black crinkle crepe is trimmed smartly with white and featuring the puff sleeves of white to which are buttoned long tight sleeves of the crepe. With the frock is worn a small black and white hat, and a coat of black trimmed with double silver fox

Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

WASHABLE KID GLOVES should be laundered so that the fit remains perfect as well as the surface having its pristine cleanliness.

* * * * * * *

By knowing just how to do it, gloves which are too snug can be enlarged enough to fit better, or gloves which are too large can be compressed into a smaller size.

* * * * * * *

There should be the same soft pliability to the kid after washing as before. They should not be stiff. Where wrists are not bound but have raw edges, as is most customary, these edges should be straight and even, not wavering in undulating lines.

* * * * * * *

Wash kid gloves in soapy, warm water. Put the gloves on and proceed as if washing the hands. Then with a nail brush, wet and soapy, scrub the finger tips and other places which are particularly soiled.

* * * * * * *

Rinse in soapy water, not clear water, but very mild suds. Like wool, kid should have a bit of soap remain in it. When wash kid gloves are stiff, it is probably because all the soap has been rinsed out.

* * * * * * *

The gloves can be taken off the hands during the washing or rinsing.

* * * * * * *

Squeeze the water from the gloves so that they do not drip, and put them on, should they have been removed from the hands. It is now that there must be care to ensure seams being straight and a good fit continuing or a poor one manipulated to form a good one.

* * * * * * *

The thumb, finger, and side seams must be kept straight and in their original positions. Wrists must be pulled even and kept snug to the arm by gentle pressure.

* * * * * * *

Force the kid down between the fingers as far as the hand will permit. Be sure not to have finger tips extend beyond fingers. Fasten the gloves, should there be clasps.

* * * * * * *

If the gloves are too small, open and close the hands while the gloves are wet and well fitted to the hands. Stretch backs and palms should these be the portions which are too snug.

* * * * * * *

Bend the fingers back and forth and double the hands into fists. When the gloves are sufficiently loose, turn wrists back over the hands and take the gloves off wrong side out.

* * * * * * *

Do not pull the fingers, but push them gently down on the wrong side until they slip off easily. Turn the gloves right side out with equal deftness, lest they lose the shape which has required so much care to right.

TOMATOES, MUSHMELONS SHOWERED ON AUTOISTS

CHATHAM, Ont., Sept. 15—Tomatoes, corncobs, musk melons and stones were hurled at passing motorists on No. 2 Highway. At a point a few miles west of the city late last night. One driver, struck in the face by a tomato, almost ditched his car.

While police were patrolling the section following the complaints a tomato struck their car. It came from the direction of the corn field in which the offenders eluded capture after a two hours hunt.

Officers found the spot from which the missiles were hurled, and took possession of a quantity of tomatoes and musk melons.

The Straits Settlements has a new workmen's compensation law.

NEW ANCIENT CITY FOUND IN RICH OIL FIELD

Antiquarians Now Turning To Persia For Archaeological Discoveries.

IN KHURZETAN PROVINCE

Teheran—Having excavated large areas of Egypt and Iraq, antiquarians are now turning to Persia, which has a history of about 6,000 years if account is taken of the ancient kindoms of Media and Elam before the Persian empire was founded by Cyrus 2,478 years ago.

While Susa and "The City of One Hundred Gates" are being excavated by Chicago, Philadelphia and Paris museums, a new ancient city has been discovered, some 24 miles from Ramhormoz, in the province of Khurzetan, in southwest Persia, which is a very rich oil field in the concession of the Anglo-Persian Oil Company.

Reported to Government

When irrigating a field for the first time a plot of ground was seen by peasants to sink down. When dry again the surface earth was removed in the hope of finding something valuable for it was obvious that an ancient city was below. But finding it extremely difficult to come to anything in a few days they reported the matter to the government. The building and the workmanship on the stones utilized are reported to be of the type known in the Achmaemian dynasty, which was in the power from 500 B.C. to 330 B.C.

Informed of this, the government wired its German antiquarian, at Susa to proceed to the spot and report. This expert is in the service of the Persian government to watch over the diggings made by foreign museums, and is now occupied with dividing into two parts the finds made last year by the Paris museum at Susa, which was the capital of Persia some centuries before Christ.

As the Persian government is not rich enough for such work no objection is raised to granting such sites to foreigners to excavate, because the Persian museum gets half the finds.

CULBERTSON on CONTRACT

by Ely Culbertson

World's Champion Player and Greatest Card Analyst

283

PLAYING A POOR HAND WELL

Contract Bridge has this in common with life: We cannot always get the things we want; but we can, in Bridge or in life, make the best of even bad situations. The person who gets the most out of life is not always the one most favored with natural advantages. So, too, in Bridge. If Contract were only a game of bidding for games and Slams and then laying down Aces and Kings and witnessing the realization of the predictions you made in bidding, it would become a tremendous bore to those who now find in it mental relaxation and intellectual recreation.

Thus, the bad hands and those which present particular difficulties in the play are the ones that linger in our memories, particularly if we have utilized to the utmost every opportunity of play which the cards offered. The hand below, played in a New York Bridge club in a rubber game recently, gave to the holder of the South cards an opportunity for a number of unusual plays, such as ordinarily would not take place in an entire evening. These plays involved an automatic strip of the cards in one suit from the hand most feared in the leading; second, a throw-in of the same hand; third, an early end-play situation; fourth, another strip, eliminating the second suit from his hand; fifth, the theft of a trick by a deceptive lead, and, last, another end-play.

South—Dealer.

Neither side vulnerable.

	♠ A 4 3 ♡ J 8 3 2 ◇ 4 3 2 ♣ J 4 3	
♠ K Q 8 7 ♡ 10 7 4 ◇ J ♣ K 10 9 8 7	N W E S	♠ 9 ♡ K 9 6 5 ◇ K Q 10 9 8 7 ♣ 6 5
	♠ J 10 6 5 2 ♡ A Q ◇ A 6 5 ♣ A Q 2	

The Bidding:

(Figures after bids in table refer to numbered explanatory paragraphs.)

South	West	North	East
1♠(1)	2♣(2)	Pass	2◇(3)
Dbl.(4)	Pass	2♠(5)	3◇
3♠(6)	Dbl.(7)	Pass	Pass
Pass			

1—A sound Opening bid, containing more than 4 honor-tricks. The choice of the shaded spade suit is better than the bid of notrump.

2—West is willing for South to play the hand in spades, but injects the club bid for the purpose of making the North and South bidding as difficult as possible.

3—East has a sound Overcall.

4—A Takeout Double.

5—North can do nothing but raise partner's bid, in response to the Force.

6—An overbid.

7—Inasmuch as partner had bid and rebid diamonds, West, holding 2 trump tricks and a probable club trick, feels justified in making a Penalty Double.

West opened the singleton diamond, and it was obvious, when the Dummy went down, that East held six diamonds, otherwise he would not have rebid, in view of West's Double, with his probable lack of honor strength. South won with the Ace and then led the Knave of spades. West played the Queen and was permitted to hold the trick, as South felt sure that he could not lead another diamond. The choice of a lead to the third trick was difficult, but West decided to shift to a heart, the Ten. To this trick the 2 was played from Dummy. East played the 6 and South won with the Queen. South now led the heart Ace, West played the 7, North the 3 and East the 5. South's problem was to keep the lead in West's hand, while West was anxious to throw the lead to his partner. Therefore, to Trick 5 South led the 2 of clubs, and West, hoping that his partner might hold the Queen or the Ace, played the 7 of clubs, and the trick was won with the Knave of clubs in Dummy. The 8 of hearts was now led from the Dummy and South trumped with the 2 of spades. This completed the elimination of the second suit from West's hand. South now led the 5 of spades, West played the 7, and the trick was won with the Ace in Dummy. A spade was returned and West won the spade 6 with the 8 and then led the King, taking South's last trump, but he was then compelled to concede two club tricks to the South player, due to the careful elimination of exit cards from the West hand. The contract was defeated one trick, but the defeat would have been much more severe were it not for the careful play by the Declarer.

TODAY'S POINTER

Success in Bridge does not necessarily require the holding of good hands, but it does require the playing of poor hands well.

TOMORROW'S HAND

The bidding and play of the hand printed below will be discussed tomorrow:

East—Dealer.

North and South vulnerable.

	♠ 10 9 8 6 5 4 ♡ 9 4 2 ◇ 8 7 6 ♣ 3	
♠ J 7 ♡ Q J 8 6 ◇ Q J 2 ♣ Q J 7 5	N W E S	♠ 3 2 ♡ A K 10 7 5 ◇ K 10 9 3 ♣ 9 2
	♠ A K Q ♡ 3 ◇ A 5 4 ♣ A K 10 8 6 4	

Study the hand, decide how you would bid and play it and then compare the results you obtain with those shown in tomorrow's article.

Children's Day Attendance At "Ex" Is Only Few Short Of One Year Ago

But three days yet remain at Peterborough Industrial Exhibition, in which it is hoped to shatter previous attendance records. It rests with the public. The Fair directors have done their part. Months of preparation have culminated in one of the finest groups of vaudeville acts and a colorful military display by one of Canada's premier cavalry units and some of the keenest classes in beef and dairy cattle, horses, sheep and pigs, etc.

Yesterday was Children's Day, and Mayor Roland Denne as president of the Fair Board is gratified to announce that grand stand attendance figures fell but 63 short of the corresponding period of last year, while the total paid admissions through the turnstiles at the main gates was but 300 less.

He feels that such a response on the part of the public is noteworthy in view of existing conditions, and in urging continued support for the remainder of the week, he promises that a visit to the Fair will be extremely satisfying and worthwhile.

Saturday, with its great afternoon stock parade and complete grand stand performances is expected to attract an unusually large crowd this year.

FOR THE YOUNG PEOPLE

Bunny Takes A Ride

"NOW, dears," said Mother, "come and sit with me on the front seat so Baby can lie down and take her nap."

Phil and Beth gladly climbed to the front seat and their mother fixed little Jeane for her nap on the back seat. She tucked a soft pillow under her curly head and covered her plump legs with a sweater.

"Take a nice little nap," she said. "It's a hundred miles to Grandma's and when you wake up we'll be there."

Phil sat next to his mother and watched her shift the gears and turn the wheel, because he wanted to be a good driver himself some day. Little Jeane on the back seat closed her eyes while the soft hum of the motor sang her lullaby.

They drove for an hour and came to a nice picnic grove and it was around lunch time. Baby Jeane seemed to be sleeping.

"We'll stop and stretch our legs and eat some sandwiches," said Mother, turning into the grove.

"Shall we wake up Baby?" asked Beth.

"Maybe we'd better let her sleep," decided Mother. "We'll keep some lunch for her."

Mother looked back to see that her baby was all right. There she lay quite peacefully with all the bags, toys and auto robe on the floor beside her. The rest of the family got out, the children racing to the swing which hung from a tall tree and mother carrying their lunch basket to a table nearby where she could keep an eye on the car.

After awhile they were rested and refreshed and climbed back into their car.

"I bet Baby's playing possum," said Phil. "She's got a sort of suspicious look on her face."

"Well, let her rest if she wants to," said Mother, glancing back casually.

Over hill and dale and bridge and through little villages ran the smooth road and the miles rolled away under the car's big fat wheels.

"I see Grandma's house!" shouted Beth.

Sure enough! There stood the old white house and Grandma standing on the lawn to greet her company. Phil turned around to see if his little sister was awake. Gee whiz! He stared speechless for a moment and then he began pulling his mother's sleeve.

"Lookit," he exclaimed. "There's another baby in back."

His mother stopped the car in front of the house and looked back. Yes, sir. Phil was right that time. There were two plump tots sitting side by side on the seat.

Now Mother and Grandma were very sensible and you should have seen how calmly they acted.

"Why, hello, dearie," said Mother, not acting a bit surprised.

"Bunny," Gurgled The Little One

"How are you?"

"Baby go by-by," said the little stranger.

"Where did you find this nice baby, Jeane?" asked Grandma, helping her little grandchild down.

"Booty at googie mooch cum twenie," said Jeane.

"Now we know all about it," grinned Phil.

"Atoot-toot puty cat," said the other young one.

"Puty cat," agreed Jeane, pointing into the car.

Beth looked in and saw a large turtle sitting on the auto robe.

"Ooo!" she cried. "Look what I found? Do you think it snaps?"

"I don't know how I happen to have these new passengers," said Mother.

"Well, did you stop anywhere?" Grandma asked.

"The picnic grove!" cried Phil. "There was another car there. I bet this baby crawled into ours while we were having lunch."

"I don't see how it could," said Beth. "The doors were closed and Jeane was fast asleep."

"You know what I think," said Phil. "I think somebody wanted to get rid of it and put it in. I wouldn't mind keeping it. I think it's a boy and I always wanted a little brother."

He took the little stranger in his arms, and a big plump little fellow it was in a pink checked romper.

"What's your name?" he asked.

"Bunny," gurgled the little one.

"Now would that be a girl's name or a boy's name?" puzzled Phil. "'Cause I got two sisters already and if you're a girl you can go back where you came from."

Jeane was toddling around on the lawn waving her arms and falling down every few steps, and having the time of her life.

"We must find out where this child came from," said Grandma. "Somebody's heart may be breaking."

"I'll drive right back to the picnic grove," said Mother.

"But you must be tired, dear," said Grandma. "You'd better have some tea and rest first."

"No, no," said Mother. "If it were Jeane I'd lost I wouldn't want to be kept in suspense a minute."

"But you might pass the owners on the road," said Phil very sensibly. "The picnic place is about fifty miles away. That would be—twice fifty's a hundred—a hundred miles' round trip. And maybe you won't be able to find out where the baby comes from."

"Oh, dear!" sighed Mother. "The child is right. What shall we do? I wish we'd waited until Saturday then Daddy could have driven us."

"I think we'd better call the police," said Grandma. "Come on in all of you and have a bite to eat."

"Jeane hasn't had her lunch," said Mother anxiously.

But she soon filled her little stomach with delicious food and so did their little visitor. Meanwhile Mother called the sheriff of the county who promised to do all he could.

The sun was making long shadows on the green lawn and the cows were standing close to the meadow gate when a motor-cycle cop came up the driveway and behind him came a light yellow roadster.

The children ran out in great excitement while Bunny and Jeane went on calmly pouring gravel on the turtle's back.

There was a cry from the roadster and a pretty young woman jumped out and rushed towards Bunny.

"My baby!" she cried laughing and sobbing at the same time. "We just turned our backs for a moment," she explained, "and Bunny was gone. He's such a rascal." And she hugged him tight.

"Aw, shucks!" grumbled Phil. "Are you sure you want him, 'cause if you don't I'll take him."

"How did he ever get into our car?" Mother puzzled. "Jeane must have gotten the door open somehow and then shut it again. She's the smartest little mouse. Did you open the door, Baby?"

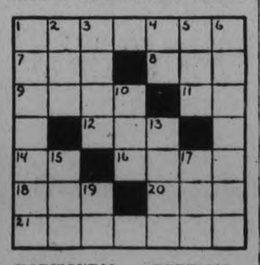
"Putty cat dum cuppy dickle pik," said Jeane laughing heartily.

And that's all they ever found out about how Bunny and the turtle came to be in the back seat of their car.

Puzzle Corner

Tommy is fishing in the little stream near his home. He has just caught a large fellow, which he put in his basket. If you want to see it, cut out the black pieces and put them together in the correct order.

JUNIOR CROSS-WORD PUZZLE



HORIZONTAL

1—A relative
7—Knock
8—Before
9—An entry in an account
11—Because
12—Prefix. Not
14—Preposition
16—Indigent
18—Lick up
20—Place
21—Rubbers

VERTICAL

1—Coarse, stiff hair of a pig
2—A rodent
3—Ajar
4—Pronoun
5—Time period
6—Places of amusement
10—Kitchen implement
13—Part of the face
15—Propeller
17—Over (Poet.)
19—Father

DIVISIONS

1. Divide a flower in two parts and get an article of food and a vessel used for drinking.
2. Divide a vessel which holds nine gallons in two parts and get a tree and people related by birth.
3. Divide a family living together in two parts and get a place of abode and to grasp.
4. Divide an order or command in two parts and get the human race and a fruit.

ZIGZAG PUZZLE

The following are words of three letters each. If written one below another, their zigzag letters, beginning at the upper left-hand corner and ending at the lower left-hand corner, will spell the name of a wild animal.

1. A place where animals are kept.
2. A snare.
3. An open wooden vessel.
4. To mistake.
5. A girl's name.

CORN AND SWEET PEPPERS

Cut from the cob enough corn to make two cupfuls (1 can).

Add four sweet peppers from which the seeds have been removed and which have been cut in strips.

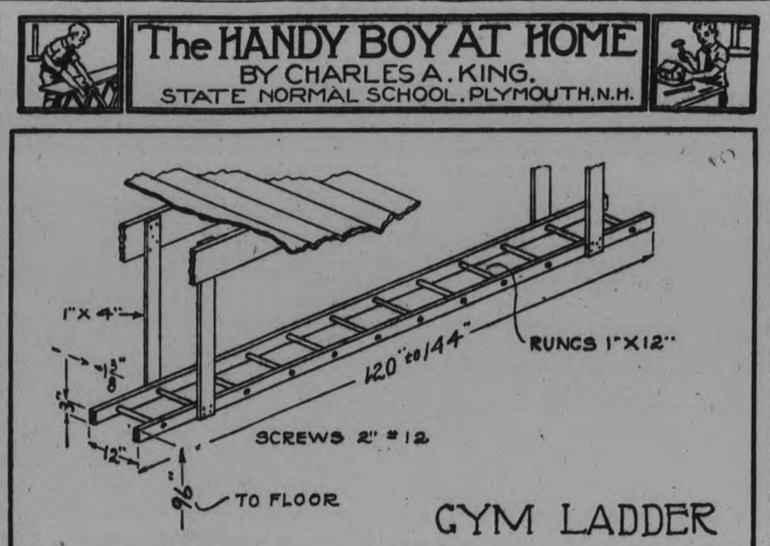
Boil with one-half cupful water very gently till peppers are tender—about 20 minutes.

By this time the water should be practically gone.

Season with two tablespoonfuls butter
One teaspoon salt.
Dash of pepper.
Serve.

The HANDY BOY AT HOME

BY CHARLES A. KING.
STATE NORMAL SCHOOL, PLYMOUTH, N.H.



WE call it a "Gym Ladder," but it may be placed from the side of the house, barn or garage to a convenient tree, or perhaps resting on four posts firmly set in the ground; wherever placed it will be great fun to stretch shoulder and arm muscles, to strengthen the grip and to see who can start at one end and with but one hand on a round at a time count off the greatest number of rounds before his grip fails.

Also it will be interesting to see how many different stunts can be performed by using any or all of the appendanges provided by nature, and using the head most of all, for if not careful a bad fall may happen.

Perhaps our "Handy Boy" may have a ladder around the place that can be used though ordinary half-round sides are not so easy to grasp as the thicker edges of the sides shown. In any case he must be sure each side of the ladder is of straight grained spruce or other strong wood with no weakening defects, for a ladder placed horizontally will not be as strong as if it were leaning against the side of a house.

The rungs may be of white oak, hickory or hard maple, split to obtain the greatest strength, not sawed into billets and later rounded. Bore 1" holes in the center of each side and fit the rungs closely to prevent turning and assemble the ladder. A nail in one end of a rather loose rung will hold it from turning.

If joists of the floor above are placed as usual, 16" between centers, the 1" x 4" oak or other hangers may be nailed to them and fastened to the sides of the ladder with screws.

Our Jersey Cows

They munch their hay and flick their tails,
While straight against the bright tin pails,
There comes a stream of rich, warm milk,
As pure as ivory bridal silk.

And then it's strained and taken down
To catch the train that goes to town —
And off the train toots, rushing mad,
With milk to make the city glad.

AT five o'clock our Jerseys say,
"We's nibbled quite enough today."
Then off across the field they roam,
And down the road that leads them home.

Perhaps today when you got up,
You had a bit in your own cup,
And if you liked it as I do—
I bid "good-morning"—friends to you.

TEACHING SCHOOL!

(To be colored with paints or crayons. Whenever you come to a word spelled in CAPITAL letters use that color)

YELLOW-haired Susie May and BROWN-haired Teddy are playing school. Susie May is the teacher and she is giving YELLOW dog Tray a good lecture on being studious. Teddy is pleading for Tray but Susie May says he will have to wear the tall Dunce cap with RED letters on it, because he wagged his tail so hard it knocked all the other pupils down.

Teddy-Bear is light PURPLE and wears a YELLOW bow tie. He is sitting beside little Red-Riding Hood. Red-Riding Hood has a RED cape, too, and shoes to match with YELLOW buckles. Her hair is BROWN and she is seated on a pile of BLUE books.

The tree trunk is BROWN and there are some GREEN leaves over head. The grass is GREEN. Teddy wears BROWN trousers and a light-GREEN shirt. His belt is YELLOW, so are his shoes. He has a RED tie and his socks are light YELLOW. Tray has a RED leather collar on and his nose is BLACK.

Susie May wears a RED apron and a light-YELLOW frock. Her slippers are BLACK and her socks White.

The sky is BLUE. Both the children and Red-Riding Hood, too, have PINK (use RED lightly) cheeks and RED lips.

The border of this picture can be colored GREEN and the lettering RED.

The Ears That Were Saved

MABEL approached Uncle Tom and climbed on his knee. Little Jim rode on his foot. Uncle Tom laid down his paper and pulled their ears.

"It seems to me you have itching ears," he said.

"Mamma washed mine," was the convincing argument of little Jim.

"Oh," said Uncle Tom. "I thought you wanted a story."

"A 'tory, a 'tory," lisped the little boy.

Uncle Tom was such a master at story-telling that he understood the value of what is known as suspense. He took the children both on his lap, and composed himself comfortably before he began.

"You children ought to have been born in Japan," said Uncle Tom.

"Why?" asked Mabel.

"Oh, because there are so many children there and they treat them so well. On the street corners there are men who are employed to tell them stories, and in the thickly populated country the children gather by the hundreds to hear them. They are sort of Father Ganders as it were."

A Fellow In Curious Clothes With A Lot Of Children Standing Around

"What's that? It was Mabel speaking.

"Father Gander is the husband of Mother Goose. He can say more silly things that please more children in an hour than we in America can think about in a year."

"Tell us about Japan," said Mabel.

"Yes, tell us 'bout 'pan," echoed Little Jim.

Uncle Tom cleared his throat and began:

"It is one of the stories that the men who stand at the street corners tell the children. Imagine—"

"What is 'magine, Uncle Tom? Jim wanted everything made clear as he went.

"Oh, just think. Think about the fellow in curious clothes with a whole lot of children standing around. Most of the little girls have babies strapped to their backs for that is the way they carry the babies there, and the children have to take care of each other. It is a good deal like when an organ grinder and his monkey appear on the streets of some American town. Only there, when the crowd of children has gathered, instead of playing some air on the organ, the man tells a story. This is the way—"

And Uncle Tom proceeded in a squeaky voice which made the children giggle and wiggle in such a way that he knew they were enjoying it.

"Once upon a time—that is the way to begin stories for children in every country in all the world—a peasant—that is, a farmer—died and went to heaven. The first thing he saw was a great pile of human ears. He didn't understand it, and supposed they were there to be sold. So he asked a little Japanese angel who stood by:

"What are these? Are you going to make soup out of them?"

"Didn't he mean souse?" asked Mabel.

"No. They don't have souse in Japan."

"Course not "Jimmy assented and Mabel collapsed before the wisdom of the two. Then Uncle Tom continued:

"The Japanese angel replied: 'No. These ears belonged to people who when they lived on earth liked to hear about good things, but didn't do what they heard. The people themselves couldn't go to heaven, but their ears did. But all they get out of it is the sound of beautiful music.

"The man who had gone to heaven walked on a little farther, and then came upon a great pile of human tongues. He knew that they did eat tongues in Japan, even the tongues of humming birds, as small as they were, and felt sure he would have something good for dinner when he asked another Japanese angel about them."

Mabel interrupted: "Do Japanese people eat each other's tongues?"

"No," replied Uncle Tom. "There are people though, even in America who devour each other with their tongues."

The children were shocked and said, "Oh-h-!" Just like that. Little Jim felt of his tongue to see if it had teeth as Uncle Tom continued:

"No, the Japanese angel explained, 'these tongues belonged to people who when they were on earth liked to hear about good things, and to tell others what they ought to do, but who never did the right thing. Their tongues went to heaven, though they themselves were shut out.' Now isn't that a great story?"

"Is that all?" asked Mabel visibly disappointed.

"That is all."

"It was a good thing for the fellows in the bad place, wasn't it, Uncle Tom?" she asked. "They couldn't holler when they got burned, and didn't have to listen to the people who screamed."

Uncle Tom was startled at what seemed to him preternatural wisdom. But he said nothing. He couldn't because little Jim was tugging at him to tell him about Bamberry Cross and nice stories like that.

The Word Book

It is generally believed that we owe to the Romans the word "book," but such is not the case. We get the word from our Saxon or Danish ancestors. Long, long before this wonderful day, when bundles of ugly-looking rags are turned into beautiful white paper, our worthy ancestors wrote their accounts, calendars, and histories, on wood, bark and parchment. In the north the boc, or beech was the tree generally employed for this purpose as it grew plentifully and had an excellent fibre. They called a bit of writing on this wood "boc," and from it came the word "book."

NEW DEVICE IN USE TO DETECT SWEEP TICKETS

British Post Office Employs Fluorescent Screen to Spot Metal Stiching.

OFFICIALS STOP RACKET.

LONDON. — If there is any falling off in the receipts of the Irish Hospital Trust for the Cesarewitch sweep, it is not due to fears on the part of the English people that the money will not be safe in Ireland.

It is due to the fact that in the eternal battle of wits between the British post office and distributors of tickets, the post office is temporarily on top, and many people know it.

Fluorescent Screen.

After various experiments the post office has adopted an ingenious device known as the flouresecent screen in order to detect the contents of letters from Ireland.

When letters are exposed to the screen it cannot enable their contents to be read. But it can show up any metal, such as the metal stitching that binds together a book of sweep tickets. The appearance of this metal in the right place inside the envelope is a prima facie case for opening the letter.

A counter move is on the way, however; future books of Irish Sweep tickets will not be metal-stitched, but thread sewn, thus defeating the flourescent screen,which can only detect metal.

Money Declared Safe.

Mr. de Valera has described as "preposterous" the story that the Irish Free State may raid the Sweep funds. It is pointed out that the Sweeps provide considerable employment, and the government will not allow them to be interfered with when the Fiana Fail ministers are pledged to find work for the people.

The organization of the Irish Sweepstakes has been raised on the basis of square dealing, a fact which the public has not failed to recognise.

Consequently its popularity is increasing with each Sweep, and its future is secure, no matter what happens to the world.

Anxious to know what the prize-winners were doing with their money so that the curiosity of the public might be allayed, the Hospitals' Trust, Ltd., addressed a circular recently to the winners.

From Yorkshire came the reply that the winner would like to know what fee would be paid for the required information!

The committee of participating hospitals has received a communication from the minister for justice authorizing the immediate distribution to the hospitals of one-third of the moneys due resulting from the last Manchester November handicap.

TRAILING BANKER

ST. CATHARINES—Southern tip of the Niagara peninsula was the concentration point of police search this morning for Scandenberg Vangieri, former banker of Newark, N. J., now wanted in that city to face 10 embezzlement charges involving $50,000. Vangieri drove away under the eyes of United States detectives while they sought unsuccessfully to speed securing here of a warrant for his arrest.

Little Princess Attends Church

Little Princess Elizabeth rides proudly with her Royal grandparents from Crathie Parish Church, Balmoral, Scotland, after attending services on September . The King and Queen pay a visit to Scotland every year.

COOLIDGE, HARDING AND HOOVER ADMINISTRATIONS ALL FAILED TO UNDERSTAND FARM PROBLEM

Governor Roosevelt Makes Charge Opening Campaign in "Farm Belt."

HAS 6-FOLD RELIEF PLAN

Calls for Definite Policy Giving Those Who Have Lost Title Property Back.

(By Walter T. Brown, Associated Press Staff Writer)

TOPEKA, Kas., Sept. 15—Declaring that the Harding, Coolidge and Hoover Republican administrations failed utterly to understand the farm problem as a national whole, or to plan for its relief, Governor Franklin D. Roosevelt, Democratic presidential candidate speaking yesterday in the heart of the "Farm belt" proposed a six-fold relief problem. He called for a definite policy of giving those who have lost title to the farms, now held by the institutions seeking credit from the governmental agencies, the preferential opportunity of getting their property back.

First Speech

Mr. Roosevelt's speech here was the first prepared address of his 8,900-mile swing through the west.

The specifications for Roosevelt's plan were:

First—The plan must provide for the producer of staple surplus commodities, such as wheat, cotton, corn (in the form of hogs), and tobacco, a tariff benefit over world prices which is equivalent to the benefit given by the tariff to industrial products.

Second—The plan must finance itself. Agriculture has at no time sought and does not now seek such access to the public treasury as was provided by the futile and costly attempts at prize stabilization by the federal farm board.

Guard Against Retaliation

Third—It must not make use of any mechanism which would cause our European customers to retaliate on the grounds of dumping.

Fourth—It must make use of existing agencies and so far as possible be centralized in its administration.

Fifth—It must operate as nearly as possible on a co-operative basis and its effect must be to enhance and strengthen the co-operative movement.

Sixth—The plan must be, insofar as possible, voluntary. I like the idea that the plan should not be put into operation unless it has the support of a reasonable proportion of the producers of the exportable commodity to which it is to apply.

Had No Relief Plans

The democratic standard bearer said the present administration and the two previous administrations, in all of which the president was an important member, failed utterly to understand the farm problem as a national whole, or to plan for its relief.

He added they destroyed the foreign markets for our exportable farm surplus, beginning with the Fordney-McCumber tariff, and ending with the Grunds tariff, thus violating the simplest principles of international trade, and forcing the inevitable retaliation of foreign countries.

BOWS AROUND IN SMARTEST FALL FASHION

Last Year's Attire Outmoded By Paris Dinner Plate Hats And Wide Shoulders.

TRICK BEAUTY AIDS.

(By Vera Brown.)

"Hats right!"

"Shoulders back!"

These are fashion's commands for Autumn. And Madam and Miss Canada can walk right down the avenue certain they are correct and smart if they obey these orders.

Regardless of this military sounding send-off, the designers have gone coy on us. We're going to wear lingerie collars, bows up under our chins, puffy sleeves and an appealing expression.

We'll look just a little like Mrs. 1880 going to her first party, but we're going to look grand.

Husbands to Pay

All of which is a way of explaining that Fall fashions are something this season. If you're planning on wearing that last year's coat and that evening dress you bought for the Symphony, get the idea right out of your head. Pack up all of your last year's wardrobe.

Mail it off to Aunt Lizzie up in the country and hope her youngsters can use it. It is bad news for husbands, and good news for the merchants.

Let's begin at the beginning. Hats are simply too swell. They look a little like a Paris dinner plate, practically no crown to speak of, just a shade of a brim and slammed over the right ear in a precarious manner. They have to be seen to be appreciated. Like nothing you've seen before. Some of them are cut out either on the crown or on the band. They are tilted up in back and some of them have bows and furbelows. All entrancing!

Shoulders Are Wide

Frocks center their interest in sleeve, and leg o' mutton variety at that. Just how we're to get them into a winter coat, goodness knows, but they swirl about becomingly, and are built out to make our shoulders look like Mr. Tunney's.

The idea is that hips thus look slimmer. Hope it works. Most frocks are built out over the shoulders with folds and tucks to increase that "broad shouldered" appearance. It is a little startling at first, but nice when you get used to it.

Skirts are straight, a becoming length. Waist lines are still argued about. Miss Canada says natural waist line or shorter.

Paris is flirting with the longer waistline, but the rumor is that Miss Canada "no like." The winner will be announced by Christmas, in time for the New Year's Eve parties.

The area of land under cultivation by Indians in Canada increased from 173,198 acres in 1916 to 237,228 acres last year.

Prize-Winners At Peterboro Exhibition

SHORTHORN CATTLE

Bull, 3 years and over.—1, Amos and Black, Moffat; 2, W. E. Parker and Sons, Watford.

Bull, 2 years.—1 and 3, Amos and Black; 2, Wm. Elmhirst and Son, Indian River.

Bull, yearling.—1 and 3, Amos and Black; 2, H. H. Ball, Millbrook.

Bull calf, senior.—1, W. E. Parker and Sons; 2, Amos and Black; 3, John A. Bent, Omemee.

Bull calf, junior.—1 and 4, Amos and Black; 2 and 3, Wm. Elmhirst and Son.

Cow, 3 years and over, in milk.—1, W. E. Parker and Sons; 2, Amos and Black; 3, W. Elmhirst and Son.

Cow, 3 years and over, not milking.—1, Amos and Black.

Heifer, 2 years.—1, Amos and Black; 2 and 3, W. E. Parker; 4, Wm. Elmhirst.

Heifer, yearling.—1 and 3, W. E. Parker; 2, Amos and Black; 4, John A. Bent.

Heifer calf, senior.—1 and 3, Amos and Black; 2, W. E. Parker and Sons.

Heifer calf, junior.—1, W. E. Parker and Sons; 2 and 4, Amos and Black; 3, Wm. Elmhirst and Son.

Senior herd.—1, Amos and Black; 2, W. E. Parker and Sons.

Junior Herd.—1, W. E. Parker and Sons; 2, Amos and Black;; 3, Wm. Elmhirst and Son; 4, J. A. Bent.

Two animals ,progeny of one dam.—1, W. E. Parker and Sons; 2, Amos and Black; 3, Wm. Elmhirst and Son.

Herd of one male and three females from Peterborough County and the townships of Cavan, Emily and South Monaghan.—1, Wm. Elmhirst and Son; 2, John A. Bent.

Champion male. — Amos and Black.

Champion female.—Amos and Black.

HEREFORDS

James Acton of Sunderland was the only exhibitor of Hereford cattle. At least three herds that were here last year were absent. Col. R. E. Birdsall and Son intended to enter a number of cattle from their herd, but a recent accident to Mrs. Birdsall, Sr., which has confined her to Nicholls Hospital, upset their plans and prevented them bringing in an exhibit. The Rosevear and Linton herds from the Cobourg district also remained at home.

Mr. Acton was awarded fourteen first prizes.

ABERDEEN-ANGUS

Two herds of Aberdeen Angus competed for the prize money in this class. They were shown by Bertram Blackburn of Uxbridge and Parker and Edwards of Watford.

Mr. Blackburn was awarded six firsts, seven seconds, two thirds and one fourth prize; and Parker and Edwards won six firsts and three seconds.

Parker and Edwards showed both the winning male and female cattle. Mr. Blackburn's ribbons included first prize for two-year-old bull; first and second for senior bull calf, and first and second for two-year-old heifers. He also scored on top with a junior heifer calf.

HEAVY HORSES

Percherons, stallion, 3 years and over.—1 and 2, Walter Moncrief, Fraserville.

Mare, 4 years and over.—1 and 2, W. Moncrief; 3, Emery Windram, Omemee; 4, Frank Walsh, Keene.

Brood mare and foal.—1, W. Moncrief.

Foal of 1932.—1, W. Moncrief.

Filly, 1 year.—1, W. Moncrief; 2, E. Windrem.

Filly, 2 years.—1 and 3, Emery Windrem; 2, W. Moncrief.

Filly, 3 years.—1, E. Windrem; 2, J. Morrison, Ida.

ROOTS AND POTATOES

Irish Cobbler Potatoes.—1, James McGowan, Peterborough; 2, Bert Arnott; 3, Thomas McGowan, Lakefield; 4, J. M. Lowes, Peterborough; 5, F. Stinson, R.R. 3, Peterborough.

Rural New Yorker and Dooley group.—1, James McGowan; 2, Thos. McGowan; 3, J. M. Lowes.

Commercial Potatoes.—1, James McGawon; 2, T. McGowan; 3, A. Carl; 4, F. Stinson; 5, J. M. Lowes.

Largest potatoes, named.—1, J. M. Lowes; 2, Bert Arnott; 3, A. Carl.

Swede Turnips (for feed).—1, S. M. Comrie, Otonabee; 2, C. E. Moore and Sons, Smith; 3, Harold Archer; 4, T. McGowan.

Fall Turnips.—1, T. McGowan; 2, J. McGowan; 3, S. M. Comrie; 4, J. M. Lowes.

Long Mangolds.—1, H. Archer; 2, C. L. McNeill; 3, J. McGowan; 4, A. Carl.

Intermediate Mangolds.—1, A. Carl; 2, J. M. Lowes; 3, S. M. Comrie; 4, C. L. McNeil.

Globe Mangolds.—1, A. Carl; 2, H. Archer; 3, Harry Fowler; 4, S. M. Comrie.

Field Carrots.—1, A. Carl; 2, Wesley Brown; 3, Harry Fowler.

Field Squash.—1, A. Carl; 2, Mrs. Pearl Gardner, Norwood; 3, Ormiston Stewart.

Field Pumpkin.—1, O. Stewart; 2, Mrs. J. O'Connell, Peterborough; 3, Ray Moynes, Peterborough.

Collection of Farm Roots.—1, A. Carl.

GRAIN AND SEEDS

Fall Wheat.—1, G. N. Graham, Udora; 2, R. Armstrong, Ida; 3, Harold Archer, R.R. 2, Peterborough; 4, D. H. Smith, Ida.

Spring Wheat.—1, G. N. Graham; 2, Wesley Brown, Millbrook; 3, A. Carl, Fraserville.

Field Peas, large.—1, G. N. Graham; 2, Wesley Brown.

Field Peas, small.—1, Lloyd Sutton, Fraserville; 2, Wesley Brown; 3, G. N. Graham.

Field Peas, fancy.—1, Lloyd Sutton; 2, C. J. Hancock; 3, J. M. Armstrong, Fraserville.

Barley.—1, J. L. Cryderman, Bowmanville; 2, Hope Bros., Keene; 3, R. C. Hanbidge.

Oats, early.—1, G. N. Graham; 2, Wesley Brown; 3, B. Dawson, R.R. 11, Peterborough.

Oats, late.—1, W. Brown; 2, G. N. Graham; 3, Robert Armstrong, Ida; 4, J. Gordon Mann and Son; 5, D. H. Smith, Ida.

Buckwheat.—1, Wesley Brown; 2, G. N. Graham; 3, A. Carl.

Timothy Seed.—1, G. N. Graham; 2, Wesley Brown; 3, J. Gordon Mann and Sons.

Red Clover Seed.—1, Harry Fowler; 2, J. Gordon Mann and Sons; 3, G. N. Graham.

Alsike Clover.—1, Lloyd Sutton; 2, J. Gordon Mann and Sons; 3, G. N. Graham.

Sweet Clover.—1, J. Gordon Mann; 2, G. N. Graham.

Alfalfa.—1, J. Gordon Mann; 2, G. N. Graham.

Field Beans.—1, T. H. Seney, Ida; 2, Wesley Brown; 3, G. N. Graham.

Flax Seed.—1, G. N. Graham; 2, J. Gordon Mann.

Ensilage Corn.—1, C. L. McNeil; 2, Harold Archer; 3, Robert Armstrong.

Sheaf ((Fall Wheat).—1, Thomas McGowan, Lakefield; 2, B. Dawson; 3, R. J. McKnight and Son, Millbrook.

28-POUND MUSK MELONS

TILBURY, Ont.—Working with Burbankian enthusiasm, an anonymous experimenter has been successful in producing a musk-melon weighing close to 20 pounds, 16 to 17 inches long with a practically uniform diameter of six or seven inches and a deliciously sweet flavor. This huge melon is a result of cross-pollenization of corn and musk-melon.

Cleans house Quicker

For quicker housecleaning call in Old Dutch Cleanser. Clean your painted walls and woodwork with O. D. C. It is perfect for floors. Before you polish your hardwood floors, clean them with O. D. C.

In the bathroom, unequalled for modern, colored as well as snow-white porcelain and enamel. Keeps lovely things lovely. It contains no harsh, scratchy grit or sandy abrasives.

In the kitchen, Old Dutch is ideal for the sink. Removes grease and stains from the stove. Keeps refrigerator clean and wholesome. Scours and polishes utensils and cutlery.

Every day more and more Canadian housewives are adopting Old Dutch exclusively because it . . . cleans more things . . . cleans quicker . . . doesn't scratch . . . is kind to their hands . . . goes further; therefore costs less to use.

The only Cleanser you need in your home.

NUDE PICTURE RACKET BRINGS MAN'S ARREST

Ten Girls Charge Photographer Induced Them To Pose On Promise of Employment.

FILMED MOVIES TOO.

CHICAGO, Ill.—Ten girls, one of them sixteen years old, appeared as witnesses against Harvey Raymond Spencer, 31 years old, of the Hyde Park Manor Hotel, 5510 Harper Avenue, when he was arraigned before Judge Thomas A. Green in Morals Court. Spencer is accused of inducing girls to pose in the nude for photographs on his promise to employ them as models.

Bonds totaling $6,400 were set for Spencer by Judge Green after the defendant had demanded a jury trial.

Pleads Not Guilty.

Spencer pleaded not guilty to charges of disorderly conduct, possessing obscene photographs, contributing to the delinquency of a minor and a statutory offense. Arraigned with him on the statutory charge was Constance Selbach, 23 years old, who lived with him in the hotel, police said, and acted as a "front" for him in his alleged racket, providing a semblance of respectability for the venture. She also pleaded not guilty.

Spencer, a short man with red hair, mustache and thick lensed glasses, and Miss Selbach, an alien from Belgium, shielded their faces with their hats throughout the proceedings.

Sergt. Michael P. Naughton, in charge of the police detail, who made the arrests and has been working on the case for three weeks, outlined Spencers operations to the court.

Sergt. Naughton's Story

"Spencer advertised for 'models'," Sergt. Naughton said. "When the girls, a large majority of whom had no experience as models, applied for work he told them he would pay them $1 an hour. He induced them to pose in the nude before him, taking photographs which he said he would give to a Michigan Avenue artist who was to paint a picture, 'The Perfect Girl, for the World's Fair. The painting would have another face than theirs if they were chosen to model for it, he said.

"He took these photographs and they were sold on State Street for 25 cents each. The girls were paid nothing. He also induced some of the girls to pose in the nude before a movie camera he had, saying the films were going to France and Germany and would never be seen here. The photographs were obscene."

Judge Green asked if Spencer had a police record. Sergt. Naughton replied that he had, that he was now on a year's probation for refusing to pay a hotel bill.

Italy is requiring its mills to grind more domestic wheat.

Chinese Bandits Terrorize Manchuria

Five Japanese were killed in the third derailment of Chinese trains committed by Chinese trains within the past few days. Japanese forces are attempting to stamp out the bandit activities which resulted in the derailment and looting of the regular Changchun-Harbin train on Saturday, and two Chinese Eastern railway trains which have since been derailed causing more than a score of deaths and injuries of hundreds. Several hundred passengers have been kidnapped. Types of Chinese bandits are shown in the ABOVE pictures. These armed and mounted men are terrorizing Manchuria in the district about Changchun.

LOST CHILDREN ARE RETURNED

St. John's Ambulance Brigade Treats Many Accident Cases.

WINGHAM MAN OVERCOME.

Probably overcome by the bustle and excitement associated with fairs, A. Simpson, aged Wingham visitor, suffered a slight stroke at the Exhibition Grounds late yesterday afternoon.

He was one of the many minor accident victims treated by the members of the local division of the St. John Ambulance Brigade who are performing voluntary duty on the grounds during fair week, and after careful ministrations by the first aiders, he was sufficiently recovered to leave the grounds.

Yesterday being Children's Day at the Fair, there was the usual group of lost kiddies, who were taken care of at the ambulance tent until they were sought and recovered by anxious parents or nursemaids.

Throughout each day there is a fairly continuous stream of "cases" at the ambulance headquarters, a large proportion of them being midway operators, who sustain various hurts in the course of their business.

Then there was the owner of a game, R. Butcher, who cut his head on a nail. He got all the tough breaks. Small boys—as small boys will—had crawled in under his stall searching for any lost nickels or dimes that might be lying around in the dust. He went in after them and scared them away, but also sustained a small scalp wound when his head contacted the business end of a large nail.

The members of the Brigade are appreciative of the kindness of the A. Wander Limited, who are keeping them supplied with ice-cold Ovaltine for the use of patients, while at the Fair Grounds. The Ovaltine is readily heated as required and is proving its value as a stimulant to persons overcome by exhaustion in its various forms.

Applications from persons desiring to become associated with the St. John Ambulance Brigade are being received daily at the ambulance tent in preparation for the fall classes shortly to re-commence.

Cases treated yesterday included: Jack Oke, knee dressing; Miss Guerin, slight injury received in upset while participating in school races; G. Holtz, torn finger, and David Murray, abscess, both Midway operators; George Fullbrook, cut hand; D. Quail, torn fingers.

One Of The Former War Lords Of Germany

Field-Marshal von Mackensen, who commanded the troops on Germany's Eastern Front during the Great War, is seen in the above picture arriving at the parade of the "Steel Helmets," when 20,000 veterans marched past their old officers.

ICE TRUCK RUNS AWAY.

MONTREAL.—An ice truck careered down a steep hill in the downtown section here to-day, crashing into a street car heavily laden with passengers on their way to work. Miss Ada Moore, 50, was slightly cut by flying glass, and several other street car passengers received light contusions. The front of the street car was heavily damaged but the motorman escaped injuries.

Huge Shipment Of Australian Raisins

A practical instance of the development of intra-Empire trade was reported yesterday by National Grocers Company Limited, wholesale grocers and packers of Gold Medal food products.

The company reports the clearing of one of the largest shipments of seedless raisins and currants ever to come to Canada from Australia. Comprising 28,145 packages, weighing 1,572,940 pounds, equal to a train of 53 cars with a loading of 30,000 pounds per car, the shipment left Melbourne, Australia, on the Canadian National steamship Canadian Constructor on July 11, and docked at Montreal Sept. 7.

This is the fifth shipment received this year by National Grocers and a sixth shipment is reported en route via S. S. Highlander. The company state the quality of the Australian raisins and currants is entirely satisfactory.

Police Nab Suspect In Series Of Thefts

HAMILTON, Ont., Sept. 15 (C.P.)—Police to-day held James Brown on a technical charge of vagrancy while they sought to clear up a series of robberies which have alarmed residents of the south-western section of the city.

Brown was remanded in custody for a week when he appeared in Police Court.

Detectives said the man had been picked up by Motorcycle Officer Howard Morrow after D'Arcy Renous, dairy driver, had told him he had seen a man standing outside a dwelling with a flashlight in his hand.

Brown, Morrow said, fled at his approach, but stopped and surrendered when he fired a shot in the air from his pistol.

Japan Coming To The Fore

The next Olympic games are nearly four years away, but we here predict that the United States will not take as many track and field titles as she won at Los Angeles, and the country that will furish her with the strongest opposition will be Japan. The merry little Japanese are quite likely to win the bulk of the honors at Berlin in 1936. Japan scored her first Olympic swimming victory at Amsterdam four years ago when Yoshiuki Tsuruta won the 200 meters breast-strike, established a new record and caused the "hinomaru" flag to be hoisted to the masthead for the first time in Olympic games competition. The first victory whetted the appetite of Japan. When her Olympic ambassadors returned to the Orient they had thousands of feet of slow-motion film, showing every Olympic swimmer of note in action, giving precise and slow detail of every feature of each individual stroke. These slow-motion pictures, along with hundreds of still photographs, were turned over to engineers and they were instructed to work out blue-prints of a "100 per cent crawl stroke." They were to take the improved form of the Australian crawl that had been produced in the United States and perfect it for Japanese use. More than 100 motion picture cameras, operated by Japanese hands, have laid the foundation for a 1936 triumph. At this moment several hundred Japanese are laying plans to beat the world four years hence and anyone who watched the Japanese in the Olympic swimming stadium will refuse to predict that they will fail. It would be a foolish prediction.

Calgary's Jobless Become Harvesters

CALGARY, Sept. 15 (C.P.).—Seventy-five more jobless men on city relief lists to-day were en route to jobs with harvest gangs on Alberta farms, bringing the total of relief list harvest workers close to the 300 mark. Practically all of the men came under the classifications of married men without children or married men with one child.

City officials hope the number will gradually increase as the work progresses.

Sneak Thieves Busy Raiding Backyards

Sneak thieves are busy again in the south-end of the city. It was reported to police to-day that clothes were stolen from several yards bordering on the C. P. R. tracks. At one home the thieves were seen raiding the clothes line, and later they were observed carrying their spoil back to a box car.

A suit of clothes were stolen from a cleaning company's truck which was parked at its driver's home. The truck was looked, but the thieves pried open the door and made off with the newly cleaned suit.

ODE TO TRENT RIVER.

The following 'Ode to Trent River' was composed by Mr. Ernest Lawson of Toronto, while a recent guest at "Cook Cottage Maple Inn."

She smiled and caught my car,
And beneath the evening star,
We sped along the happiness highway;
She whispered "Whither bent?"
I answered "River Trent,"
She cuddled close and sigher,
"O Happy Day!"
Chorus—
I'm as happy as can be
As you can plainly see,
For you watched me fishing down along the shore,
So with heartfelt real content,
Down at the River Trent,
Our lines are set for aye—yea—evermore!

SCREEN ODDITIES

Nineteen years ago Cecil B. De Mille, looking about for a structure suitable for the production of motion pictures, selected a barn located in an orange grove. Hollywood then was "country," with orange groves abounding in the district now covered by studios and immense buildings of the film metropolis. De Mille was one of the founders of the present Paramount Pictures corporation and his first studio is now on the Paramount lot. Film stars and studio officials use it as as a gymnasium

* * * * * * *

Una Merkel's great grandfather was editor of the celebrated New Orleans Times-Picayune. During the Civil War he established his publishing office on a steamboat anchored in the Mississippi river and there edited this famous newspaper of the South.

* * * * * * *

Lionel Barrymore played an important part in the making of Lawrence Tibbett's first talkie, but he was not seen on the screen. An accomplished pianist, he played the accompaniment to the opera star's songs. The versatile Barrymore, in addition to his great talent as an actor and director, also possesses notable ability as an artist and etcher.

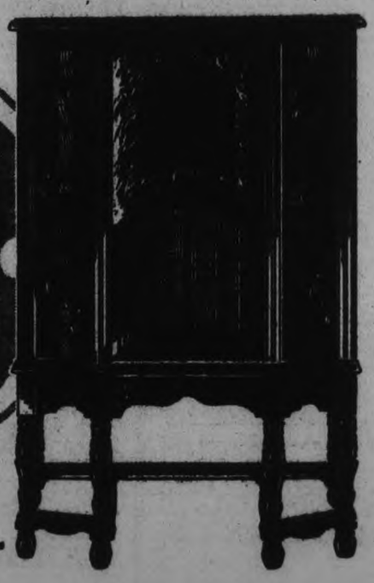
7 MAJOR ENGINEERING ADVANCES



G-E De Luxe Console $189 Complete with 12 New Type G-E Radiotrons

New General Electric Radio beats even the famous Tone-Test Winners!

GENERAL Electric Radio has already earned a continent-wide reputation for realistic tone. During the past twelve months, in a series of unbiased tone-tests with other famous makes, G-E Radios have won again and again.

But now General Electric has bettered its best! A magnificent 12 tube Super-Heterodyne model—the J-125—introduces the amazing new high-power "Twin-Push" Amplification which greatly improves tone at any volume.

This new radio set is re-engineered from end to end. It uses new type tubes, of a higher efficiency than has ever been achieved before.

It has power so boundless that even the "peaks"—the spoken exclamations, the musical crescendos—come through without a trace of distortion.

Read over the radical new features of this great General Electric Radio. Then by all means hear it.

MADE IN CANADA
